Dear Lawson Stockholders:

Lawson is holding a special meeting of the stockholders of Lawson Products, Inc. (“Lawson”) to be held virtually via live webcast on March 15, 2022 at 10:00 a.m., Central time for Lawson stockholders to vote on actions associated with the pending strategic combination of two companies with Lawson. A notice of the Lawson special meeting and the proxy statement follow.

As previously announced, on December 29, 2021 Lawson entered into:

- an Agreement and Plan of Merger, dated as of December 29, 2021 (the “TestEquity Merger Agreement”), by and among LKCM TE Investors, LLC (the “TestEquity Equityholder”), TestEquity Acquisition, LLC (“TestEquity”), Lawson and Tide Sub, LLC, a wholly-owned subsidiary of Lawson (“Merger Sub 1”), pursuant to the terms and subject to the conditions of which Merger Sub 1 will merge with and into TestEquity, with TestEquity surviving the merger as a wholly-owned subsidiary of Lawson (the “TestEquity Merger”); and
- an Agreement and Plan of Merger, dated as of December 29, 2021 (the “Gexpro Services Merger Agreement” and, together with the TestEquity Merger Agreement, the “Merger Agreements”), by and among 301 HW Opus Investors, LLC (the “Gexpro Services Stockholder”), 301 HW Opus Holdings, Inc. (“Gexpro Services”), Lawson and Gulf Sub, Inc., a wholly-owned subsidiary of Lawson (“Merger Sub 2”), pursuant to the terms and subject to the conditions of which Merger Sub 2 will merge with and into Gexpro Services, with Gexpro Services surviving the merger as a wholly-owned subsidiary of Lawson (the “Gexpro Services Merger” and, together with the TestEquity Merger, the “Mergers”).

TestEquity is a distributor of parts and services to the industrial, commercial, institutional and governmental electronics manufacturing and test and measurement market. TestEquity operates through three brands, TestEquity, Jensen Tools and Techni-Tool, focusing primarily in North America with a network of sales representatives throughout the United States, Canada, Mexico and the United Kingdom.

Gexpro Services is a provider of supply chain solutions, specializing in developing and implementing Vendor Managed Inventory (VMI) and kitting programs to high-specification manufacturing customers. Gexpro Services provides critical products and services to customers throughout the lifecycle of highly technical Original Equipment Manufacturer (OEM) products. Gexpro Services is headquartered in Irving, Texas with 22 facilities across the United States, Hungary and China.

In consideration for the Mergers, Lawson has agreed to issue up to an aggregate of 12,000,000 shares of Lawson common stock as follows:

- **TestEquity Merger:** In respect of the TestEquity Merger, 3,300,000 shares of Lawson common stock would be issued to the TestEquity Equityholder upon the closing of the TestEquity Merger, and up to

an additional 700,000 shares of Lawson common stock would potentially be issuable to the TestEquity Equityholder on or after the closing date of the TestEquity Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the TestEquity Merger Agreement and described in the accompanying proxy statement.

- **Gexpro Services Merger:** In respect of the Gexpro Services Merger, 7,000,000 shares of Lawson common stock would be issued to the Gexpro Services Stockholder upon the closing of the Gexpro Services Merger, and up to an additional 1,000,000 shares of Lawson common stock would potentially be issuable to the Gexpro Services Stockholder on or after the closing date of the Gexpro Services Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the Gexpro Services Merger Agreement and described in the accompanying proxy statement.

As of December 28, 2021, the last business day prior to the public announcement of the execution of the Merger Agreements, the closing price of Lawson common stock on The NASDAQ Global Select Market (“NASDAQ”) was \$48.39 per share. On February 9, 2022, the latest practicable date before the date of this proxy statement, the closing price of Lawson common stock on NASDAQ was \$45.49 per share.

Entities affiliated with Luther King Capital Management Corporation (“LKCM”) and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 82% of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of a pre-closing entity reorganization involving TestEquity and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger). Entities affiliated with LKCM and Mr. King, including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 79% of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger). As of January 31, 2022, entities affiliated with LKCM and Mr. King beneficially owned in the aggregate approximately 48% of the outstanding shares of Lawson common stock.

In light of, among other things, such ownership interests of entities affiliated with LKCM and Mr. King, the Lawson board of directors formed a special committee (the “Special Committee”) of independent and disinterested Lawson directors to evaluate and negotiate the Merger Agreements and the transactions on behalf of Lawson. The Special Committee was comprised of the following Lawson directors: Andrew B. Albert, I. Steven Edelson and Lee S. Hillman.

On December 28, 2021, the Special Committee unanimously (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than LKCM, Mr. King and certain entities and persons affiliated with LKCM and Mr. King and the entities or persons in which any of the foregoing have a pecuniary interest or in the name of which the shares of Lawson common stock of any of the foregoing are registered or beneficially held), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby and (3) recommended that the Lawson board of directors approve, and recommend that Lawson’s stockholders approve, the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

Thereafter, on December 28, 2021, the Lawson board of directors (acting on the recommendation of the Special Committee) by unanimous vote of the Lawson directors (except for Mr. King and Mark F. Moon, who recused themselves from the vote) (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties (as defined in the accompanying proxy statement)), (2) approved the execution, delivery and performance of the Merger

[Table of Contents](#)

Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, (3) directed that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers, be submitted to Lawson's stockholders for approval at a stockholders meeting and (4) resolved to recommend that Lawson's stockholders approve those matters at such stockholders meeting.

At the special meeting, Lawson stockholders will be asked to approve:

- A proposal (the "TestEquity Transactions Proposal") to approve the TestEquity Merger Agreement, the related agreements contemplated by the TestEquity Merger Agreement and the transactions contemplated thereby, including the TestEquity Merger and the issuance of shares of Lawson common stock in connection with the TestEquity Merger, as more fully described in the accompanying proxy statement;
- A proposal (the "Gexpro Services Transactions Proposal") to approve the Gexpro Services Merger Agreement, the related agreements contemplated by the Gexpro Services Merger Agreement and the transactions contemplated thereby, including the Gexpro Services Merger and the issuance of shares of Lawson common stock in connection with the Gexpro Services Merger, as more fully described in the accompanying proxy statement;
- A proposal (the "Transaction-Related Compensation Proposal") to approve, by a non-binding advisory vote, the compensation that will or may become payable to Lawson's named executive officers in connection with the Mergers; and
- A proposal (the "Adjournment Proposal") to authorize the adjournment of the Lawson special meeting to a later date or dates if necessary or appropriate (a) to solicit additional proxies if there are insufficient votes, or insufficient shares of Lawson common stock present, at the time of the meeting to approve the TestEquity Transactions Proposal or the Gexpro Services Transactions Proposal or (b) to ensure that any supplement or amendment to the accompanying proxy statement is timely provided to Lawson stockholders.

The Lawson board of directors recommends that you vote "FOR" each of the foregoing proposals.

We urge all Lawson stockholders to read the accompanying proxy statement carefully and in its entirety. **In particular, we urge you to read carefully the matters discussed in the section entitled "Risk Factors" beginning on page 39.**

Your vote is very important, regardless of the number of shares you own. Lawson stockholder approval of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal is a condition to the closing of the Mergers under the terms of the Merger Agreements. Neither the TestEquity Merger nor the Gexpro Services Merger will be completed if either the TestEquity Transactions Proposal or the Gexpro Services Transactions Proposal is not approved by Lawson stockholders. However, the closing of the Mergers is not contingent on Lawson stockholder approval of the Transaction-Related Compensation Proposal or the Adjournment Proposal. Regardless of your plans to virtually attend the Lawson special meeting, please vote by proxy on the Internet, over the telephone or by mail as described in the enclosed proxy materials.

On behalf of the Lawson board of directors, I thank you for your support and appreciate your consideration of these matters.

Very truly yours,

Michael G. DeCata
President and Chief Executive Officer

The accompanying proxy statement is dated February 10, 2022, and the accompanying proxy statement and form of proxy are first being sent to Lawson's stockholders on or about February 11, 2022.

QUESTIONS AND ANSWERS

The following are some of the questions that Lawson stockholders may have and answers to those questions. These questions and answers, as well as the following summary, are not meant to be a substitute for the information contained in the remainder of this proxy statement, and this information is qualified in its entirety by the more detailed descriptions and explanations contained elsewhere in this proxy statement.

Q: Why am I receiving these materials?

A: Lawson, TestEquity and certain of their respective affiliates entered into the TestEquity Merger Agreement pursuant to which TestEquity will merge with a subsidiary of Lawson on the terms and subject to the conditions in the TestEquity Merger Agreement, and Lawson, Gexpro Services and certain of their respective affiliates entered into the Gexpro Services Merger Agreement pursuant to which Gexpro Services will merge with a subsidiary of Lawson on the terms and subject to the conditions in the Gexpro Services Merger Agreement. Lawson is holding a special meeting of its stockholders in order to seek stockholder approval of various matters in connection with the Merger Agreements, as discussed in this proxy statement.

This proxy statement includes important information about the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances), the Lawson special meeting and the proposals being proposed for a vote at the Lawson special meeting. Lawson stockholders should read this proxy statement and its annexes, along with all of the other documents incorporated by reference into this proxy statement, carefully and in their entirety. A copy of the TestEquity Merger Agreement (and its exhibits) is attached as Annex A to this proxy statement, and a copy of the Gexpro Services Merger Agreement (and its exhibits) is attached as Annex B to this proxy statement. The enclosed proxy materials allow Lawson stockholders to vote their shares without attending the Lawson special meeting. **The vote of Lawson stockholders is very important and Lawson encourages its stockholders to vote their proxy as soon as possible. Please follow the instructions set forth on the enclosed proxy card (or on the voting instruction form provided by the record holder if you hold your shares of Lawson common stock in “street name” through a bank, broker or other nominee).**

Q: When and where will the Lawson special meeting take place?

A: The Lawson special meeting will be held virtually via a live webcast on March 15, 2022 at 10:00 a.m. Central time. The Lawson special meeting will be held solely via live webcast and there will not be a physical meeting location. Lawson stockholders will be able to attend the Lawson special meeting online, submit questions and vote their shares electronically during the meeting by visiting <https://meetnow.global/MN9U7VJ>, which we refer to as the “**Lawson special meeting website**.”

If you are a Lawson stockholder of record and choose to attend the Lawson special meeting and vote your shares at the Lawson special meeting, you will need the control number included on your proxy card in order to access the Lawson special meeting website and to vote at the Lawson special meeting.

If you hold your shares through a bank, broker or other nominee in “street name” (instead of as a stockholder of record) and want to attend the Lawson special meeting and vote your shares during the Lawson special meeting via the Lawson special meeting website, you will need to register in advance and provide a “legal proxy” as described more fully in the section entitled “The Lawson Special Meeting—Methods of Voting—Street Name Stockholders” beginning on page 59 of this proxy statement.

However, even if you plan to virtually attend the Lawson special meeting, Lawson encourages you to vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Lawson special meeting.

Q: Who is entitled to vote at the Lawson special meeting?

A: The Lawson board of directors has fixed the close of business on February 8, 2022 as the record date for the Lawson special meeting. Only holders of record of shares of Lawson common stock as of the close of business on the record date are entitled to receive notice of, and to vote at, the Lawson special meeting via the Lawson special meeting website. As of the record date, there were 9,363,093 shares of Lawson common stock outstanding. Attendance at the Lawson special meeting via the Lawson special meeting website is not required to vote. Instructions on how to vote your shares without virtually attending the Lawson special meeting are provided in this proxy statement.

Q: What is Lawson proposing at the Lawson special meeting?

A: The Lawson stockholders are being asked to consider and vote on the following proposals:

- a proposal to approve the TestEquity Merger Agreement, the related agreements contemplated by the TestEquity Merger Agreement and the transactions contemplated thereby, including the TestEquity Merger and the issuance of shares of Lawson common stock in connection with the TestEquity Merger (we refer to this proposal as the “**TestEquity Transactions Proposal**”);
- a proposal to approve the Gexpro Services Merger Agreement, the related agreements contemplated by the Gexpro Services Merger Agreement and the transactions contemplated thereby, including the Gexpro Services Merger and the issuance of shares of Lawson common stock in connection with the Gexpro Services Merger (we refer to this proposal as the “**Gexpro Services Transactions Proposal**”);
- a proposal to approve, by a non-binding advisory vote, the compensation that will or may become payable to Lawson’s named executive officers in connection with the Mergers (we refer to this proposal as the “**Transaction-Related Compensation Proposal**”); and
- a proposal to authorize the adjournment of the Lawson special meeting to a later date or dates if necessary or appropriate (a) to solicit additional proxies if there are insufficient votes, or insufficient shares of Lawson common stock present, at the time of the Lawson special meeting to approve the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal or (b) to ensure that any supplement or amendment to this proxy statement is timely provided to Lawson stockholders (we refer to this proposal as the “**Adjournment Proposal**”).

We refer to the TestEquity Transactions Proposal, the Gexpro Services Transactions Proposal, the Transaction-Related Compensation Proposal and the Adjournment Proposal collectively as the “**Lawson Proposals**”).

Lawson stockholder approval of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal is a condition to the closing of the Mergers under the terms of the Merger Agreements. The closing of the Mergers is not contingent on Lawson stockholder approval of the Transaction-Related Compensation Proposal or the Adjournment Proposal.

Q: What are the Mergers referenced above?

A: On December 29, 2021, Lawson, TestEquity, Gexpro Services and certain of their respective affiliates entered into the Merger Agreements in respect of the proposed combinations of TestEquity and Gexpro Services with Lawson. The Merger Agreements provide for (a) the merger, pursuant to the TestEquity Merger Agreement, of Merger Sub 1 with and into TestEquity, with TestEquity surviving as a wholly-owned subsidiary of Lawson and (b) the merger, pursuant to the Gexpro Services Merger Agreement, of Merger Sub 2 with and into Gexpro Services, with Gexpro Services surviving as a wholly-owned subsidiary of Lawson. Lawson expects that the Mergers, if completed, will be consummated substantially concurrently. Immediately after the Mergers, TestEquity and Gexpro Services will be wholly-owned subsidiaries of Lawson.

[Table of Contents](#)

In consideration for the Mergers, Lawson has agreed to issue up to an aggregate of 12,000,000 shares of Lawson common stock as follows:

- **TestEquity Merger:** In respect of the TestEquity Merger, 3,300,000 shares of Lawson common stock would be issued to the TestEquity Equityholder upon the closing of the TestEquity Merger, and up to an additional 700,000 shares of Lawson common stock would potentially be issuable to the TestEquity Equityholder on or after the closing date of the TestEquity Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the TestEquity Merger Agreement and described in this proxy statement.
- **Gexpro Services Merger:** In respect of the Gexpro Services Merger, 7,000,000 shares of Lawson common stock would be issued to the Gexpro Services Stockholder upon the closing of the Gexpro Services Merger, and up to an additional 1,000,000 shares of Lawson common stock would potentially be issuable to the Gexpro Services Stockholder on or after the closing date of the Gexpro Services Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the Gexpro Services Merger Agreement and described in this proxy statement.

Entities affiliated with LKCM and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 82% of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of the Pre-Closing TestEquity Reorganization (as defined in the section entitled “Summary—Pre-Closing TestEquity Reorganization) and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger). Entities affiliated with LKCM and Mr. King, including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 79% of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger).

Q: Did the Lawson board of directors form a special committee in connection with the Transactions?

A: Yes, the Lawson board of directors formed a special committee (the “**Special Committee**”) of independent and disinterested Lawson directors to evaluate and negotiate the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby on behalf of Lawson. The Special Committee was comprised of the following Lawson directors: Andrew B. Albert, I. Steven Edelson and Lee S. Hillman.

Q: What will Lawson stockholders receive in the Transactions?

A: Lawson stockholders will not receive any consideration in the Transactions. All shares of Lawson common stock issued and outstanding immediately before the Mergers will remain issued and outstanding after consummation of the Mergers and the other Transactions. Immediately after the Mergers and the other Transactions, Lawson stockholders will continue to own shares in Lawson, which will own TestEquity and Gexpro Services.

Q: What are the material U.S. Federal income tax consequences to Lawson and Lawson’s stockholders as a result of the Transactions?

A: Lawson does not expect Lawson or any Lawson stockholder to recognize federal income tax or gain as a result of the Transactions. However, as a result of the Transactions, Lawson’s ability to use its net operating losses and certain other tax attributes generated prior to the Transactions may be subject to limitation.

Q: Are there any conditions to the consummation of the Mergers?

A: Yes. Consummation of the Mergers is subject to a number of conditions, including:

- Expiration or termination of all required waiting periods, and receipt of all necessary clearances, under the HSR Act; and
- Lawson stockholder approval of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal.

If Lawson waives the satisfaction of a material condition to the consummation of the Mergers, Lawson will evaluate the appropriate facts and circumstances at that time and resolicit stockholder approval of the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal if required to do so by law.

This proxy statement describes these conditions in more detail under the sections entitled “The TestEquity Merger Agreement—Conditions to the Closing of the TestEquity Merger” beginning on page 138 of this proxy statement and “The Gexpro Services Merger Agreement—Conditions to the Closing of the Gexpro Services Merger” beginning on page 165 of this proxy statement.

Q: When are the Mergers expected to be completed?

A: Lawson, TestEquity and Gexpro Services are working to complete the Mergers as promptly as practicable. Subject to the satisfaction or waiver of the conditions described in the sections entitled “The TestEquity Merger Agreement—Conditions to the Closing of the TestEquity Merger” beginning on page 138 of this proxy statement and “The Gexpro Services Merger Agreement—Conditions to the Closing of the Gexpro Services Merger” beginning on page 165 of this proxy statement, including the approval of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal by Lawson stockholders at the Lawson special meeting, the Mergers are expected to close in the second quarter of 2022. However, Lawson cannot predict the actual date on which the Mergers would be completed, nor can Lawson assure you that the Mergers will be completed at all. It is possible that factors outside Lawson’s control could cause or lead to the Mergers being completed at a later time or not being completed at all.

Q: Are holders of Lawson common stock entitled to appraisal rights in connection with the Transactions?

A: No. Holders of Lawson common stock are not entitled to appraisal rights under Delaware law in connection with the Transactions, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

Q: Are there any risks that I should consider as a Lawson stockholder in deciding how to vote?

A: Yes. You should read and carefully consider the risk factors set forth in the section entitled “Risk Factors” beginning on page 39 of this proxy statement. You also should read and carefully consider the risk factors of Lawson contained in the documents that are incorporated by reference in this proxy statement.

Q: Will there be any change to the Lawson board of directors or Lawson senior management team after the Mergers?

A: The directors of Lawson serving on the Lawson board of directors immediately before the closing of the Mergers are expected to continue to serve as directors of Lawson immediately following the closing of the Mergers. The executive officers of Lawson immediately before the closing of the Mergers are expected to be the executive officers of Lawson immediately following the closing of the Mergers. The Merger Agreements do not include any provisions providing for any changes to the Lawson board of directors in connection with the closing of the Mergers.

[Table of Contents](#)

Q: Will the Merger Agreements terminate if the Mergers are not completed by a specific date?

A: Subject to specified qualifications and exceptions, either Lawson or TestEquity may terminate the TestEquity Merger Agreement at any time prior to the consummation of the TestEquity Merger if the TestEquity Merger has not been consummated by September 30, 2022, and either Lawson or Gexpro Services may terminate the Gexpro Services Merger Agreement at any time prior to the consummation of the Gexpro Services Merger if the Gexpro Services Merger has not been consummated by September 30, 2022. In addition, if either the TestEquity Merger Agreement or the Gexpro Services Merger Agreement are terminated in accordance with their terms, the other agreement will automatically terminate.

Q: What happens if the Mergers are not completed?

A: Under certain circumstances, upon termination of the Merger Agreements, Lawson may be obligated to pay to the TestEquity Equityholder a termination fee of \$4.0 million and the Gexpro Services Stockholder a termination fee of \$6.0 million. More information can be found in the section entitled “Description of the TestEquity Merger Agreement—Termination Fee” beginning on page 144 of this proxy statement and the section entitled “Description of the Gexpro Services Merger Agreement—Termination Fee” beginning on page 171 of this proxy statement.

Q: Have any Lawson stockholders already agreed to approve any of the proposals?

A: Pursuant to the Voting Agreement, LKCM has agreed, among other things, to vote or cause to be voted all shares of Lawson common stock beneficially owned by it or any other Excluded Company Party in favor of the Transaction Agreements and the Transactions (including the Share Issuances and the Mergers).

Q: How do Lawson’s directors and executive officers intend to vote?

A: Lawson currently expects that all of its directors and executive officers will vote their shares “**FOR**” the TestEquity Transactions Proposal, “**FOR**” the Gexpro Services Transactions Proposal, “**FOR**” the Transaction-Related Compensation Proposal and “**FOR**” the Adjournment Proposal, although none of the Lawson directors or executive officers has entered into any agreement requiring them to do so (except that LKCM has entered into the Voting Agreement with Lawson).

Q: Who will count the votes?

A: The votes at the Lawson special meeting will be counted by an independent inspector of elections appointed by the Lawson board of directors.

Q: How does the Lawson board of directors recommend that I vote?

A: The Lawson board of directors recommends that Lawson stockholders vote:

- “**FOR**” the approval of the TestEquity Transactions Proposal;
- “**FOR**” the approval of the Gexpro Services Transactions Proposal;
- “**FOR**” the approval of the Transaction-Related Compensation Proposal; and
- “**FOR**” the approval of the Adjournment Proposal.

For additional information regarding the recommendation of the Lawson board of directors, see the section entitled “The Transactions—Lawson’s Reasons for the Transactions; Recommendation of the Special Committee and the Lawson Board of Directors” beginning on page 81 of this proxy statement.

Q: Do the Lawson directors and executive officers have any interests in the Mergers, the Share Issuances and the other contemplated transactions different from those of Lawson stockholders generally?

A: Yes. Certain of Lawson's directors and executive officers have interests in the TestEquity Merger, the Gexpro Services Merger, the Share Issuances and the other contemplated transactions that are different from, or in addition to, those of the stockholders of Lawson generally. The Special Committee and the Lawson board of directors were aware of these interests and considered them, among other things, in reaching their decisions, making their determinations and issuing their approvals and recommendations in respect of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances). These interests are described in more detail in the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions" beginning on page 112 of this proxy statement.

Q: Why are Lawson stockholders being asked to vote on executive officer compensation?

A: The SEC has adopted rules that require Lawson to seek a non-binding advisory vote on certain compensation that may be paid or become payable to Lawson's named executive officers that is based on or otherwise relates to the Mergers. Lawson urges its stockholders to read the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions" beginning on page 112 of this proxy statement and "The Transactions—Golden Parachute Compensation" beginning on page 117 of this proxy statement.

Q: What happens if the Transaction-Related Compensation Proposal is not approved?

A: The vote on this proposal is advisory and non-binding, and the Mergers are not conditioned or dependent upon the approval of this advisory proposal. While the Lawson board of directors intends to consider the outcome of the vote, the vote is advisory and therefore not binding on Lawson, the Lawson board of directors or the compensation committee of the Lawson board of directors. Accordingly, Lawson is contractually obligated to pay the compensation, subject to the conditions applicable to such compensation payments, regardless of the outcome of the non-binding advisory vote.

Q: How many votes do I have?

A: Each share of Lawson common stock is entitled to one vote on each proposal.

Q: What constitutes a quorum for the Lawson special meeting?

A: A quorum of Lawson stockholders is necessary to hold a valid meeting. The presence at the Lawson special meeting, in person (including virtually via the Lawson special meeting website) or by proxy, of the holders of a majority of the total voting power of all outstanding shares of Lawson common stock entitled to vote at the Lawson special meeting constitutes a quorum. In the event that a quorum is not present at the Lawson special meeting, we expect that the Lawson special meeting will be postponed or adjourned to solicit additional proxies, and the persons named as proxies may propose and vote for one or more postponements or adjournments of the Lawson special meeting.

Q: What is a proxy?

A: A proxy is a stockholder's legal designation of another person to vote shares owned by such stockholder on their behalf. The document used to designate a proxy to vote your shares of Lawson common stock is referred to as a "proxy card."

Q: How can I vote my shares at the Lawson special meeting via the Lawson special meeting website?

A: Shares of Lawson common stock held directly in your name as the stockholder of record as of the close of business on February 8, 2022, the Lawson record date, may be voted during the Lawson special meeting via

the Lawson special meeting website. If you are a Lawson stockholder of record and choose to attend the Lawson special meeting and vote your shares during the Lawson special meeting, you will need the control number included on your proxy card in order to access the Lawson special meeting website and to vote at the Lawson special meeting.

If you hold your shares through a bank, broker or other nominee in “street name” (instead of as a stockholder of record) and want to attend the Lawson special meeting and vote your shares at the Lawson special meeting via the Lawson special meeting website, you will need to register in advance and provide a “legal proxy” as described more fully in the section entitled “The Lawson Special Meeting—Methods of Voting—Street Name Stockholders” beginning on page 59 of this proxy statement.

Even if you plan to virtually attend the Lawson special meeting, Lawson encourages you to vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Lawson special meeting.

Additional information on attending the Lawson special meeting can be found under the section entitled “The Lawson Special Meeting” beginning on page 56 of this proxy statement.

Q: How can I vote my shares without attending the special meeting?

A: Whether you hold your shares directly as a Lawson stockholder of record or beneficially in “street name,” you may direct your vote by proxy without attending the Lawson special meeting. If you are a stockholder of record, you can vote by proxy over the Internet, or by telephone or by mail by following the instructions provided in the enclosed proxy card. If you hold your shares of Lawson common stock through a bank, broker or other nominee in “street name” instead of as a stockholder of record, you will need to follow the voting instructions on the voting instruction form provided by your bank, broker or other nominee for how to vote in order to vote your shares without attending the Lawson special meeting.

Additional information on voting procedures can be found under the section entitled “The Lawson Special Meeting” beginning on page 56 of this proxy statement.

Q: What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

A: *Stockholders of Record.* If, as of the close of business on the record date, shares of Lawson common stock were registered directly in your name with Lawson’s transfer agent, Computershare, you are considered the stockholder of record with respect to those shares. As the stockholder of record, you have the right to vote by Internet during the meeting or to direct how your shares are to be voted by proxy through the Internet, by telephone, or by filling out and returning the proxy card.

Street Name Stockholders. If, as of the close of business on the record date, shares of Lawson common stock were held on your behalf in a brokerage account or by a bank, broker or other nominee, you are considered to be the beneficial owner of shares that are held in “street name,” and the notice was forwarded to you by your bank, broker or nominee, who is considered the stockholder of record with respect to those shares. As the beneficial owner, you may direct your bank, broker or other nominee as to how to vote your shares if you follow the voting instructions on the voting instruction form provided by your bank, broker or nominee for how to vote your shares.

Q: What is a “broker non-vote”?

A: Under applicable stock exchange rules, banks, brokers and other nominees who hold shares in “street name” on behalf of the beneficial owner of such shares may use their discretion to vote “uninstructed” shares (i.e., shares of record held by banks, brokers or other nominees, but with respect to which the beneficial owner of such shares has not provided instructions on how to vote on a particular proposal) with respect to matters

that are considered to be “routine,” but not with respect to “non-routine” matters. A so-called “broker non-vote” results when a bank, broker or other nominee returns a valid proxy voting on one or more “routine” matters to be voted on at a stockholders meeting but does not vote on a particular “non-routine” matter because the bank, broker or other nominee does not have discretionary authority to vote on such “non-routine” matter without voting instructions from the beneficial owner of the shares and has not received voting instructions on such “non-routine” matter from the beneficial owner of the shares. Because all of the Lawson Proposals are “non-routine” matters under applicable stock exchange rules for which brokers do not have discretionary authority to vote, Lawson does not expect any broker non-votes at the Lawson special meeting.

Q: If my shares are held in “street name” by a bank, broker or other nominee, will such bank, broker or other nominee automatically vote my shares for me?

A: No. Under applicable stock exchange rules, your bank, broker or other nominee may only vote your shares of Lawson common stock on the TestEquity Transactions Proposal, the Gexpro Services Transactions Proposal, the Transaction-Related Compensation Proposal and/or the Adjournment Proposal if you instruct your bank, broker or other nominee regarding how to vote your shares. Under applicable stock exchange rules, banks, brokers and other nominees who hold shares of Lawson common stock in “street name” for their customers have authority to vote on “routine” proposals when they have not received instructions from beneficial owners. However, banks, brokers and other nominees are prohibited from exercising their voting discretion with respect to “non-routine” matters, which include each of the Lawson Proposals. As a result, absent specific instructions from the beneficial owner of such shares, banks, brokers and other nominees may not vote such shares.

Please follow the voting instructions provided by your bank, broker or other nominee as to how to vote your shares. Please also note that you may not vote shares held on your behalf in street name by returning a proxy card directly to Lawson.

Q: What should I do if I receive more than one set of voting materials?

A: You may receive more than one set of voting materials relating to the Lawson special meeting if you hold shares of Lawson common stock in “street name” and also directly in your name as a stockholder of record or otherwise, or if you hold shares of Lawson common stock in more than one brokerage account. Similarly, you may receive more than one set of voting materials if you own shares in multiple registered forms, such as individually, jointly with your spouse, as trustee of a trust or as custodian for a minor, because they are held in a different form of ownership.

Stockholders of record. For shares of Lawson common stock held directly, complete, sign, date and return each proxy card (or cast your vote by phone or the Internet as provided on each proxy card) or otherwise follow the voting instructions provided in this proxy statement in order to ensure that all of your shares of Lawson common stock are voted.

Street Name Stockholders. For shares of Lawson common stock held in “street name” through one or more brokers, banks or other nominees, follow the voting instructions provided by each broker, bank or other nominee as to how to vote your shares.

Q: If a stockholder gives a proxy, how will the shares of Lawson common stock covered by the proxy be voted?

A: If you provide a proxy, regardless of whether you provide that proxy by the Internet, by phone or by completing and returning the enclosed proxy card by mail, the individuals named on the enclosed proxy card will vote your shares of Lawson common stock in the way that you indicate when providing your proxy in respect of the shares of Lawson common stock you hold. When completing the Internet or phone processes or the proxy card, you may specify whether your shares of Lawson common stock should be voted for or against, or abstain from voting on, all, some or none of the specific items of business to come before the Lawson special meeting.

Q: How will my shares of common stock be voted if I return a blank proxy?

A: If you submit a duly executed proxy without an indication as to how the shares of Lawson common stock represented are to be voted with regard to a particular proposal, the underlying shares of Lawson common stock represented by such proxy will be voted on such uninstructed proposal in accordance with the recommendation of the Lawson board of directors on such proposal.

Q: Can I change my vote after I have submitted my proxy?

A: Yes. If you are a Lawson stockholder of record, you can change your vote or revoke your vote at any time before your proxy is exercised at the Lawson special meeting by taking any of the following actions:

- Voting again with respect to the same shares of Lawson common stock via the Internet or by telephone as instructed on your proxy card before the closing of the voting facilities at the Lawson special meeting;
- Delivering to Lawson's Corporate Secretary (at Lawson Products, Inc., 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois 60631) a signed written notice of revocation bearing a later date than the proxy, stating that the proxy is revoked, which notice of revocation must be received by Lawson no later than the close of business on March 14, 2022 (one business day before the Lawson special meeting);
- Submitting a subsequently dated, validly executed proxy card relating to the same shares of Lawson common stock that is received by Lawson no later than the close of business on March 14, 2022 (one business day before the Lawson special meeting); or
- Attending the Lawson special meeting via the Lawson special meeting website and voting during the Lawson special meeting. Simply logging into the Lawson special meeting website will not, by itself, revoke your proxy.

If your shares are held in "street name" and you previously provided voting instructions to your bank, broker or other nominee, you may revoke or change any prior voting instructions by following the instructions provided by your broker, bank or other nominee to revoke or change your voting instructions. If your shares are held in "street name," you may also change your vote by attending the Lawson special meeting and voting your shares at the Lawson special meeting via the Lawson special meeting website. However, if your share are held in "street name" and you want to attend and vote at the Lawson special meeting via the Lawson special meeting website, you will need to register in advance and provide a "legal proxy" from your broker, bank or other nominee as described in the section entitled "The Lawson Special Meeting—Methods of Voting—Street Name Stockholders" beginning on page 59 of this proxy statement.

Q: Where can I find the voting results of the Lawson special meeting?

A: Within four business days following the Lawson special meeting, Lawson intends to file the final voting results of its special meeting with the SEC in a Current Report on Form 8-K. If the final voting results have not been certified within that four-business day period, Lawson intends to report the preliminary voting results on a Current Report on Form 8-K at that time and file an amendment to the Current Report on Form 8-K to report the final voting results within four days after the date that the final results are certified.

Q: What happens if I sell my Lawson common stock before the Lawson special meeting?

A: The record date for Lawson stockholders entitled to vote at the Lawson special meeting is earlier than the date of the Lawson special meeting. If you transfer your shares of Lawson common stock after the record date but before the Lawson special meeting, you will, unless special arrangements are made, retain your right to vote at the Lawson special meeting.

[Table of Contents](#)

Q: Who will solicit and pay the cost of soliciting proxies?

A: Lawson has retained Morrow Sodali LLC to assist in the solicitation process. Lawson estimates that it will pay Morrow Sodali LLC a fee of approximately \$10,000, as well as reasonable and customary documented expenses.

Q: What should I do now?

A: You should read this proxy statement carefully in its entirety, including the annexes hereto and documents incorporated by reference into this proxy statement, and return your completed, signed and dated proxy card by mail in the enclosed postage-paid envelope or submit your voting instructions by telephone or the Internet as soon as possible so that your shares of Lawson common stock will be voted in accordance with your instructions. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Lawson special meeting. Submitting your vote now will not prevent you from later canceling or revoking your proxy and will ensure that your shares are voted if you later find you cannot attend the Lawson special meeting.

Q: Who can answer my questions about the Lawson special meeting or the Mergers and other Transactions?

A: If you have any questions concerning the Lawson special meeting or this proxy statement, if you would like additional copies of this proxy statement or if you have questions about how to vote or direct a vote in respect of your shares of Lawson common stock, please contact Lawson's proxy solicitor:

Overview of the Transactions (page 63)

On December 29, 2021, Lawson, TestEquity, Gexpro Services and certain of their respective affiliates entered into the Merger Agreements in respect of the proposed combinations of TestEquity and Gexpro Services

with Lawson. The Merger Agreements provide for (a) the merger, pursuant to the TestEquity Merger Agreement, of Merger Sub 1 with and into TestEquity, with TestEquity surviving as a wholly-owned subsidiary of Lawson and (b) the merger, pursuant to the Gexpro Services Merger Agreement, of Merger Sub 2 with and into Gexpro Services, with Gexpro Services surviving as a wholly-owned subsidiary of Lawson. Each Merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Lawson expects that the Mergers, if completed, will be consummated substantially concurrently.

In consideration for the Mergers, Lawson has agreed to issue up to an aggregate of 12,000,000 shares of Lawson common stock as follows:

- **TestEquity Merger:** In respect of the TestEquity Merger, 3,300,000 shares of Lawson common stock would be issued to the TestEquity Equityholder upon the closing of the TestEquity Merger, and up to an additional 700,000 shares of Lawson common stock would potentially be issuable to the TestEquity Equityholder on or after the closing date of the TestEquity Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the TestEquity Merger Agreement. For a summary of such earnout mechanisms in the TestEquity Merger Agreement, see the sections entitled “The Transactions—Holdback Shares and Earnout” and “The TestEquity Merger Agreement—Holdback Shares and Earnout.”

For a summary of such earnout mechanisms in the Gexpro Services Merger Agreement, see the sections entitled “The Transactions—Holdback Shares and Earnout” and “The Gexpro Services Merger Agreement—Holdback Shares and Earnout.”

Entities affiliated with LKCM and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 82% of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of the Pre-Closing TestEquity Reorganization and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger). Entities affiliated with LKCM and Mr. King, including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 79% of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger).

The TestEquity Merger Agreement contemplates that various of the parties thereto will enter into and/or deliver in connection with the TestEquity Merger various related agreements, which are attached as exhibits to the TestEquity Merger Agreement and described in greater detail elsewhere in this proxy statement. These related agreements are the Registration Rights Agreement (which will give the TestEquity Equityholder and the Gexpro Services Stockholder certain registration rights with respect to the shares they will receive in the Mergers), the TestEquity Release (pursuant to which TestEquity will release certain liabilities and claims) and the TestEquity Equityholder Release (pursuant to which the TestEquity Equityholder will release certain liabilities and claims).

The Gexpro Services Merger Agreement contemplates that various of the parties thereto will enter into and/or deliver in connection with the Gexpro Services Merger various related agreements, which are attached as exhibits to the Gexpro Services Merger Agreement and described in greater detail elsewhere in this proxy

statement. These related agreements are the Registration Rights Agreement (which will give the TestEquity Equityholder and the Gexpro Services Stockholder certain registration rights with respect to the shares they will receive in the Mergers), the Gexpro Services Release (pursuant to which Gexpro Services will release certain liabilities and claims) and the Gexpro Services Stockholder Release (pursuant to which the Gexpro Services Stockholder will release certain liabilities and claims).

On December 28, 2021, the last business day prior to the public announcement of the execution of the Merger Agreements, the closing price of Lawson common stock on NASDAQ was \$48.39 per share. Based on such share price, the value attributable to the shares of Lawson common stock issuable and potentially issuable in the Mergers would have been as set forth in the following illustrative table:

	Illustrative Value Based on \$48.39 Closing Price on December 28, 2021		
	TestEquity Merger	Gexpro Services Merger	Total for Both Mergers
Based on minimum shares issuable on the closing date			
TestEquity Merger: 3,300,000 shares			
Gexpro Services Merger: 7,000,000 shares	\$ 159,687,000	\$ 338,730,000	\$ 498,417,000
Based on maximum additional earnout shares potentially issuable on or after the closing date

Gexpro Services Merger: 8,000,000 shares	\$ 193,560,000	\$ 387,120,000	\$ 580,680,000

On February 9, 2022, the latest practicable date before the date of this proxy statement, the closing price of Lawson common stock on NASDAQ was \$45.49 per share. Lawson stockholders are advised to obtain current market prices for Lawson common stock. Changes in the market price of Lawson common stock prior to the completion of the Mergers will affect the market value of the shares of Lawson common stock that will be issuable and potentially issuable as consideration in connection with the Mergers.

Pre-Closing TestEquity Reorganization (page 65)

The TestEquity Merger Agreement provides that, prior to the closing of the TestEquity Merger, various entities affiliated with TestEquity will complete a series of reorganization transactions summarized below (we refer to these transactions as the “**Pre-Closing TestEquity Reorganization**”). As of the date of signing of the TestEquity Merger Agreement, the TestEquity Equityholder owned all of the outstanding equity interests of TestEquity Investors, which in turn owned all of the outstanding equity interests of TestEquity Holdings, which in turn owned all of the outstanding equity interests of TestEquity.

Other than the ownership of the equity interests described in the prior paragraph, neither TestEquity Investors nor TestEquity Holdings holds any significant assets. In addition, neither TestEquity Investors nor TestEquity Holdings has any significant liabilities.

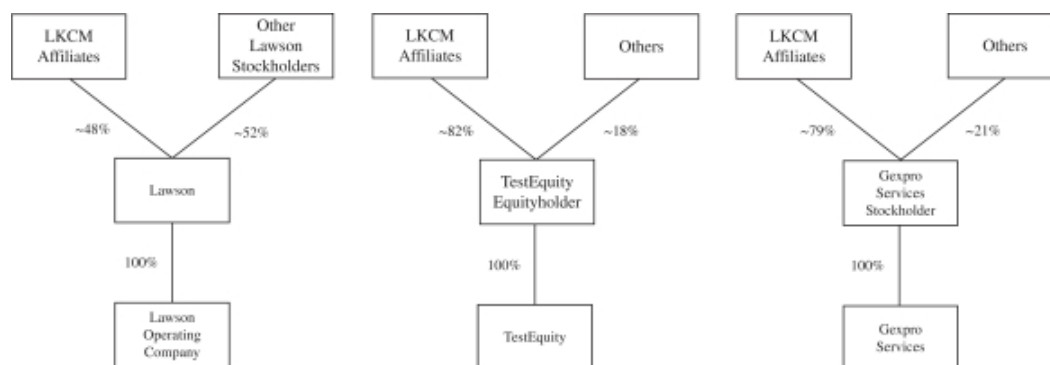

In the Pre-Closing TestEquity Reorganization, among other things (i) TestEquity Holdings will contribute to TestEquity all of TestEquity Holdings' assets and liabilities, and (ii) thereafter, TestEquity Investors will merge with and into TestEquity, with TestEquity surviving as a wholly-owned subsidiary of the TestEquity Equityholder. Upon the completion of the Pre-Closing TestEquity Reorganization, the TestEquity Equityholder will directly own all of the outstanding equity interests of TestEquity, and TestEquity will be the successor by merger to all of the assets and liabilities of TestEquity Investors.

Ownership of Lawson Following the Transactions (page 66)

As of January 31, 2022, entities affiliated with LKCM and Mr. King beneficially owned in the aggregate approximately 48% of the outstanding shares of Lawson common stock. After giving pro forma effect to the issuance of shares of Lawson common stock in connection with the Mergers), entities affiliated with LKCM and Mr. King (including the TestEquity Equityholder and the Gexpro Services Stockholder) will beneficially own in the aggregate (1) approximately 75% of the outstanding shares of Lawson common stock (assuming the issuance of only the minimum aggregate number of shares of Lawson common stock issuable in connection with the Mergers) and (2) approximately 77% of the outstanding shares of Lawson common stock (assuming the issuance of the maximum aggregate number of shares of Lawson common stock issuable in connection with the Mergers, including the full issuance of the maximum earnout shares potentially issuable).

Set forth below are diagrams that graphically illustrate, in simplified form, the existing corporate structure (after giving effect to the Pre-Closing TestEquity Reorganization) and the corporate structure immediately following the completion of the Transactions.

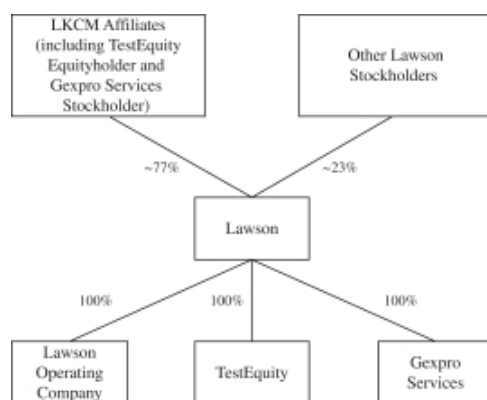

Prior to the Transactions (but after the Pre-Closing TestEquity Reorganization)

After the Transactions
 (assuming issuance of only the minimum number of shares issuable in connection with the Mergers)

After the Transactions
 (assuming issuance of the maximum number of shares issuable in connection with the Mergers)

Risk Factors (page 39)

There are significant risks associated with the Transactions and the business of the Combined Company following the Mergers. You should carefully consider the information about these risks set forth under the section entitled “Risk Factors” beginning on page 39 of this proxy statement, together with the other information included or incorporated by reference in this proxy statement, before deciding how to vote with respect to the proposals to be considered and voted on at the Lawson special meeting.

Lawson’s Reasons for the Transactions; Recommendation of the Special Committee and the Lawson Board of Directors (page 81)

On December 28, 2021, the Special Committee, consisting of independent and disinterested directors of Lawson, unanimously (1) determined that the terms of the Merger Agreements, the related agreements

contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby and (3) recommended that the Lawson board of directors approve, and recommend that Lawson's stockholders approve, the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

Thereafter, on December 28, 2021, the Lawson board of directors (acting on the recommendation of the Special Committee) by unanimous vote of the Lawson directors (except for Mr. King and Mark F. Moon, who recused themselves from the vote) (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, (3) directed that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers, be submitted to Lawson's stockholders for approval at a stockholders meeting and (4) resolved to recommend that Lawson's stockholders approve those matters at such stockholders meeting.

The Lawson board of directors recommends that Lawson stockholders vote:

- “FOR” the approval of the TestEquity Transactions Proposal;
- “FOR” the approval of the Gexpro Services Transactions Proposal;
- “FOR” the approval of the Transaction-Related Compensation Proposal; and
- “FOR” the approval of the Adjournment Proposal.

For the factors considered by the Special Committee and the Lawson board of directors in reaching their decisions and additional information on the recommendation of the Special Committee and the recommendation of the Lawson board of directors, see the section entitled “The Transactions—Lawson's Reasons for the Transactions; Recommendation of the Special Committee and the Lawson Board of Directors” beginning on page 81 of this proxy statement.

Opinions of the Financial Advisor to the Special Committee (page 88)

The Special Committee has engaged Cowen and Company, LLC (“**Cowen**”) as its financial advisor in connection with the TestEquity Merger and the Gexpro Services Merger. In connection with this engagement, Cowen delivered separate written opinions, each dated December 28, 2021, to the Special Committee as to the fairness, from a financial point of view and as of the date of such opinions, to Lawson of (i) the TestEquity Merger Consideration to be paid by Lawson in the TestEquity Merger and (ii) the Gexpro Services Merger Consideration to be paid by Lawson in the Gexpro Services Merger. **The full text of the written opinions of Cowen, each dated December 28, 2021, are attached as [Annex D](#) and [Annex E](#) to this proxy statement and are incorporated herein by reference. The summaries of the written opinions of Cowen set forth herein are qualified in their entirety by reference to the full text of each such opinion. Cowen's analyses and opinions were prepared for and addressed to the Special Committee and are directed only to the fairness, from a financial point of view, to Lawson of the TestEquity Merger Consideration or the Gexpro Services Merger Consideration, as the case may be. Cowen's opinions did not in any way address the proportionate allocation of consideration between TestEquity and Gexpro Services or the relative fairness of the TestEquity Merger Consideration compared to the Gexpro Services Merger Consideration or vice versa,**

nor did Cowen's opinions address the relative merits of the TestEquity Merger or the Gexpro Services Merger, as the case may be, or any related transaction as compared to other business strategies or transactions that might be available to Lawson. The TestEquity Merger Consideration and the Gexpro Services Merger Consideration were determined through negotiations between the Special Committee and TestEquity or Gexpro Services, as the case may be, and Cowen's opinions do not constitute recommendations to the Special Committee, the Lawson board of directors, any securityholder or any other person as to how to vote or act with respect to the proposed TestEquity Merger, the proposed Gexpro Services Merger or otherwise.

Interests of Lawson Directors and Executive Officers in the Transactions (page 112)

When you consider the recommendation of the Lawson board of directors that Lawson stockholders vote to approve each of the Lawson Proposals, you should be aware that certain of Lawson's directors and executive officers have interests in the Mergers, the Share Issuances and the other contemplated transactions that are different from, or in addition to, those of the stockholders of Lawson generally. The members of the Special Committee and the Lawson board of directors were aware of these interests and considered them, among other matters, in making their determinations and issuing their approvals and recommendations in respect of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances).

Debt Financing Commitment Letter (page 206)

On February 7, 2022, Lawson entered into the Debt Financing Commitment Letter with JPMorgan Chase Bank, N.A. Through the Debt Financing Commitment Letter, Lawson has requested that JPMorgan Chase Bank, N.A. agree to arrange and syndicate senior secured credit facilities in an aggregate principal amount of up to \$500 million for Lawson and certain of its affiliates, consisting of a revolving credit facility in an initial aggregate principal amount of \$200 million, an initial term loan facility in an initial aggregate principal amount of \$250 million and a delayed draw term loan facility in an aggregate principal amount of \$50 million. Pursuant to the Debt Financing Commitment Letter, JPMorgan Chase Bank, N.A. agreed to (1) provide up to \$125 million of the facilities and (2) use commercially reasonable efforts to assemble a syndicate of financial institutions identified by JPMorgan Chase Bank, N.A. and agreed to by Lawson, to provide the balance of the necessary commitments for the facilities, in each case upon the terms and subject to the conditions set forth in the Debt Financing Commitment Letter.

The Debt Financing Commitment Letter contemplates that the proceeds of the initial term loan facility and the revolving facility will be used to (1) repay all obligations under and refinance (a) Lawson's Existing Credit Agreement and (b) certain existing indebtedness of TestEquity and Gexpro Services and their respective affiliates in connection with the closing of the Transactions, (2) finance the working capital needs and general corporate purposes of the Combined Company and (3) pay fees and expenses in connection with the Transactions. The Debt Financing Commitment Letter contemplates that the proceeds of the delayed draw term loan facility will be used to (1) finance the potential acquisition of the Potential TestEquity Acquiree (as defined in the section entitled "The Transactions—Certain Lawson, TestEquity and Gexpro Services Unaudited Prospective Financial Information—Certain Unaudited Prospective Financial Information of TestEquity") and other acquisitions permitted under the definitive documentation for the Facilities and (2) pay fees, costs and expenses in connection therewith.

The commitments of JPMorgan Chase Bank, N.A. contemplated by the Debt Financing Commitment Letter are subject to (i) the condition that the portion of the facilities not being provided by JPMorgan Chase Bank, N.A. (which remaining portion is \$325 million) shall be provided by other lenders identified by JPMorgan Chase Bank, N.A. in consultation with Lawson and reasonably acceptable to Lawson and (ii) various other conditions.

A description of the Debt Financing Commitment Letter and the principal terms of the financing arrangements expected to be entered into in connection with the Transactions, as set out in the Debt Financing Commitment Letter, is contained in the section entitled “Debt Financing Commitment Letter” beginning on page 206.

Anticipated Accounting Treatment of the Transactions (page 105)

The Combined Company will account for the Mergers and the other transactions contemplated by the Merger Agreements as a reverse acquisition using the acquisition method of accounting in accordance with generally accepted accounting principles as applied in the United States. Accounting Standards Codification Topic 805, *Business Combinations*, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquiror.

Lawson’s management has determined that the combined entity of Gexpro Services and TestEquity will be the accounting acquiror in the Mergers. Consequently, acquisition accounting will apply to the assets acquired and liabilities assumed of Lawson upon consummation of the Mergers. This means that the assets of Lawson will be recorded, as of the completion of the Mergers, at their fair values and consolidated with those of Gexpro Services and TestEquity. This may result in recording an amount of goodwill, which represents the excess of the purchase price over the fair value of the identifiable net assets of Lawson. TestEquity is deemed the predecessor company, as control of this organization by the common control parties of Gexpro Services and TestEquity occurred well in advance of the control of Gexpro Services. Accordingly, financial statements of the Combined Company issued after the completion of the Mergers will reflect the operations of Gexpro Services’ and Lawson’s businesses as of the date they were under common control and will not be restated retroactively to reflect the historical financial position or results of operations of Gexpro Services and Lawson.

All unaudited pro forma combined financial information contained in this proxy statement was prepared using the acquisition method of accounting for business combinations. The final allocation of the purchase price will be determined after the transactions contemplated by the Merger Agreements are completed and after completion of an analysis to determine the fair value of the assets of Lawson. Accordingly, the final purchase accounting adjustments may be materially different from the unaudited pro forma adjustments. Any decrease in the fair value of the assets of Lawson as compared to the unaudited pro forma combined financial information included in this proxy statement may have the effect of increasing the amount of recorded goodwill. An increase or decrease in the share price of Lawson may have the effect of increasing or decreasing goodwill, as the case may be.

Regulatory Approvals (page 115)

Under the HSR Act and the rules promulgated under the HSR Act by the Federal Trade Commission, the parties to the Transactions must file notification and report forms with the U.S. Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice and observe specified waiting period requirements before consummating the Mergers. Lawson, TestEquity, Gexpro Services and affiliates of LKCM each filed notification and report forms with the Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice on January 21, 2022. As of February 9, 2022, the applicable waiting period under the HSR Act had not yet expired.

Even after expiration of the applicable waiting period under the HSR Act, at any time before or after the completion of the Mergers, any of the Federal Trade Commission, the U.S. Department of Justice or another person or entity could still take action under the antitrust laws as it deems necessary or desirable in the public interest, including without limitation seeking to enjoin the completion of the Mergers or seeking other remedies. Lawson cannot assure you that a challenge to the Mergers will not be made or that, if a challenge is made, it will not be successful.

No Change in Lawson Recommendation (pages 132 and 159)

Each of the TestEquity Merger Agreement and the Gexpro Services Merger Agreement provides that, except as permitted in accordance with the provisions described within this subsection below, neither the Lawson board of directors nor any committee thereof (including the Special Committee) shall:

- fail to include the Lawson Recommendation (as defined in the sections entitled “The TestEquity Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception” and “The Gexpro Services Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception”) in this proxy statement; or
- amend, withdraw, modify or qualify or propose publicly to amend, withdraw, modify or qualify the Lawson Recommendation in any manner.

The taking of any action described in the first or second bullet above is referred to as a “Lawson Recommendation Change” under each of the Merger Agreements.

The TestEquity Merger Agreement provides that, notwithstanding anything to the contrary contained therein, at any time prior to the receipt of the Lawson Stockholder Approvals (as defined in the section entitled “The TestEquity Merger Agreement—Stockholders Meeting; No Change in Lawson Recommendation; Fiduciary Exception—Stockholders Meeting,” which term is used in both Merger Agreements), the Lawson board of directors (acting through the Transaction Directors) or the Special Committee may make a Lawson Recommendation Change in response to a Lawson Intervening TE Event (as defined in the section entitled “The TestEquity Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception”) if, prior to taking such action, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of such Lawson board of directors members or the Special Committee to make such Lawson Recommendation Change would be inconsistent with such Lawson board of directors’ or the Special Committee’s respective fiduciary duties, as applicable, under applicable law, in each case subject to certain notice and other restrictive provisions.

The Gexpro Services Merger Agreement provides that, notwithstanding anything to the contrary contained therein, at any time prior to the receipt of the Lawson Stockholder Approvals, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee may make a Lawson Recommendation Change in response to a Lawson Intervening GS Event (as defined in the section entitled “The Gexpro Services Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception”) if, prior to taking such action, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of such Lawson board of directors members or the Special Committee to make such Lawson Recommendation Change would be inconsistent with such Lawson board of directors’ or the Special Committee’s respective fiduciary duties, as applicable, under applicable law, in each case subject to certain notice and other restrictive provisions.

See the sections entitled “The TestEquity Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception” and “The Gexpro Services Merger Agreement—Stockholders Meeting; No Change in Lawson Board Recommendation; Fiduciary Exception” for more information.

- The TestEquity Equityholder shall have received the Registration Rights Agreement, duly executed by Lawson.

See the section entitled “The TestEquity Merger Agreement—Termination of the TestEquity Merger Agreement” for more information.

The TestEquity Merger Agreement provides that if it is terminated (i) by TestEquity due to a Lawson Recommendation Change or (ii) as a result of the termination of the Gexpro Services Merger Agreement due to a Lawson Recommendation Change, then Lawson will pay TestEquity an amount equal to \$4,000,000. See the section entitled “The TestEquity Merger Agreement—Termination Fee” for more information.

Termination of the Gexpro Services Merger Agreement; Termination Fee (pages 170 and 171)

The Gexpro Services Merger Agreement contains certain termination rights for Lawson and Gexpro Services, including, among other rights, termination rights for Lawson and Gexpro Services if the effective time of the Gexpro Services Merger has not occurred on or before September 30, 2022 (subject to certain limitations) or any of the Lawson Stockholder Approvals have not been obtained at the duly convened stockholders meeting

(unless such stockholders meeting has been adjourned or postponed, in which case at the final adjournment or postponement thereof), termination rights for Gexpro Services if a Lawson Recommendation Change has occurred, and automatic termination immediately upon the termination of the TestEquity Merger Agreement in accordance with its terms. See the section entitled “The Gexpro Services Merger Agreement—Termination of the Gexpro Services Merger Agreement” for more information.

Registration of Shares of Lawson Common Stock Received in the Transactions (pages 116 and 173)

The issuance of shares of Lawson common stock in connection with the Transactions will not be registered under the Securities Act, and such shares will therefore be subject to various restrictions and limitations on transfer under U.S. securities laws. However, Lawson has agreed to grant the TestEquity Equityholder and the Gexpro Services Stockholder, which will receive shares of Lawson common stock in the Transactions, certain registration rights with respect to those shares as further described in the section entitled “Additional Related Agreements—Registration Rights Agreement” beginning on page 173 of this proxy statement.

Stockholder Litigation Relating to the Transactions (page 116)

On January 25, 2022, a lawsuit entitled Shiva Stein v. Lawson Products, Inc. et al., Case No. 1:22-cv-00639, was filed in the United States District Court for the Southern District of New York against Lawson and the members of the Lawson board of directors (the “**Stein Action**”). On January 27, 2022, a lawsuit entitled Matthew Hopkins v. Lawson Products, Inc. et al, Case No. 1:22-cv-00724, was filed in the United States District Court for the Southern District of New York against Lawson and the members of the Lawson board of directors (the “**Hopkins Action**”). On February 7, 2022, a lawsuit entitled Ema Bell v. Lawson Products, Inc. et al, Case No. 1:22-cv-01056, was filed in the United States District Court for the Southern District of New York against Lawson, the members of the Lawson board of directors, the TestEquity Equityholder, TestEquity, Merger Sub 1, the Gexpro Services Stockholder, Gexpro Services and Merger Sub 2 (the “**Bell Action**”). The Stein Action, the Hopkins Action and the Bell Action are collectively referred to as the “**Actions**.” The Actions allege that the defendants violated Sections 14(a) (and Rule 14a-9 promulgated thereunder) and 20(a) of the Exchange Act by, among other things, omitting certain allegedly material information with respect to the Transactions in the preliminary proxy statement filed by Lawson on January 14, 2022. The Bell Action also alleges that the members of the Lawson board of directors breached their fiduciary duties in connection with the Transactions and that Lawson aided and abetted the members of its board of directors in such breach. The Actions seek, among other things, injunctive relief, money damages and the costs of the Actions, including reasonable attorneys’ and experts’ fees.

Lawson and the members of its board of directors disagree with and intend to vigorously defend against the Actions. If the Actions are not resolved favorably on a timely basis, the Actions could delay consummation of the Transactions and result in additional costs to Lawson, including costs associated with the indemnification of directors. Additional plaintiffs may file lawsuits against Lawson and/or its directors and officers in connection with the Transactions.

In addition, on February 2, 2022, a purported Lawson stockholder made a demand pursuant to Section 220 of the DGCL to inspect certain books and records of Lawson (the “**Books and Records Demand**”). One stated purpose of the Books and Records Demand is to investigate questions of director disinterestedness and independence and the possibility of wrongdoing, mismanagement and/or material non-disclosure related to the

Special Committee's and the Lawson board of directors' approval of the Transactions. Lawson and the members of its board of directors disagree with and intend to vigorously defend against any claim, if asserted, arising from the Books and Records Demand.

No Appraisal or Dissenter's Rights (page 117)

Under Delaware law, Lawson stockholders are not entitled to any appraisal or dissenters' rights in connection with the Transactions, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

Special Meeting of Lawson Stockholders (page 56)

Date, Time, Place and Purpose of the Lawson Special Meeting

The Lawson special meeting will be held virtually via live webcast on March 15, 2022 at 10:00 a.m., Central time. The Lawson special meeting will be held solely via live webcast and there will not be a physical meeting location. Lawson stockholders will be able to attend the Lawson special meeting online, submit questions and vote their shares electronically during the meeting by visiting the Lawson special meeting website at <https://meetnow.global/MN9U7VJ>.

If you are a Lawson stockholder of record, you will need the control number included on your proxy card in order to access the Lawson special meeting website, submit questions and vote at the Lawson special meeting. If you hold your shares through a bank, broker or other nominee in "street name" (instead of as a stockholder of record), you will need to register in advance and provide a "legal proxy" as described more fully in the section entitled "The Lawson Special Meeting—Methods of Voting—Street Name Stockholders" in order to attend the Lawson special meeting, submit questions and vote during the Lawson special meeting via the Lawson special meeting website.

The purpose of the Lawson special meeting is to consider and vote on the TestEquity Transactions Proposal, the Gexpro Services Transactions Proposal, the Transaction-Related Compensation Proposal and, if necessary or appropriate, the Adjournment Proposal. Approval of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal is a condition to the obligations of the parties to complete the Transactions. Approval of the Transaction-Related Compensation Proposal and the Adjournment Proposal is not a condition to the obligation of the parties to complete the Mergers.

Record Date and Outstanding Shares of Lawson Common Stock

Only holders of record of issued and outstanding shares of Lawson common stock as of the close of business on February 8, 2022, the record date for the Lawson special meeting, are entitled to notice of, and to vote at, the Lawson special meeting or any adjournment or postponement of the Lawson special meeting.

As of the close of business on the record date, there were 9,363,093 shares of Lawson common stock outstanding and entitled to vote at the Lawson special meeting. Each share of Lawson common stock is entitled to one vote on each proposal.

Quorum; Abstentions and Broker Non-Votes

A quorum of Lawson stockholders is necessary to hold a valid meeting. The presence at the Lawson special meeting, in person (including virtually via the Lawson special meeting website) or by proxy, of the holders of a majority of the total voting power of all outstanding shares of Lawson common stock entitled to vote at the

Lawson special meeting constitutes a quorum. Shares of Lawson common stock represented at the Lawson special meeting by attendance via the Lawson special meeting website or represented by proxy, whether or not such shares are voted (including shares for which a Lawson stockholder directs an “abstention” from voting), will be counted as present for purposes of determining a quorum.

All of the Lawson Proposals are considered “non-routine” matters under applicable stock exchange rules, and therefore banks, brokers or other nominees who hold shares in “street name” on behalf of the beneficial owner will not have discretionary authority to vote on any matter before the Lawson special meeting. As a result, Lawson does not expect any broker non-votes at the Lawson special meeting, and if you hold your shares in “street name” Lawson expects that your shares will not be represented (and thus not counted as present for purposes of determining the existence of a quorum) at the Lawson special meeting and will not be voted unless you instruct your bank, broker or other nominee how to vote your shares in accordance with the voting instructions provided by your bank, broker or other nominee.

Required Vote to Approve the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal

Assuming a quorum is present, approval of each of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal requires (1) the affirmative vote of the holders of a majority of the total votes of shares of Lawson common stock cast on such matter in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), as required by Rule 5635(a) of the Nasdaq Listing Rules, (2) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), in accordance with the Lawson Bylaws, and (3) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), pursuant to the terms of the Merger Agreements.

An abstention will have the same effect as a vote “AGAINST” the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal, as applicable. Assuming that a quorum is present (and assuming the presence in person (including virtually via the Lawson special meeting website) or by proxy of a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties), any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

The TestEquity Transactions Proposal is described in the section entitled “Proposal No. 1: The TestEquity Transactions Proposal” beginning on page 239 of this proxy statement and the Gexpro Services Transactions Proposal is described in the section entitled “Proposal No. 2: The Gexpro Services Transactions Proposal” beginning on page 241 of this proxy statement.

Required Vote to Approve the Transaction-Related Compensation Proposal

Assuming a quorum is present, approval of the Transaction-Related Compensation Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof).

An abstention will have the same effect as a vote “AGAINST” the Transaction-Related Compensation Proposal. Assuming that a quorum is present, any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the Transaction-Related Compensation Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

The Transaction-Related Compensation Proposal is described in the section entitled “Proposal No. 3: The Transaction-Related Compensation Proposal” beginning on page 243 of this proxy statement.

Required Vote to Approve the Adjournment Proposal

If a quorum is present, approval of the Adjournment Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof). If a quorum is not present, approval of the Adjournment Proposal requires the affirmative vote of the majority of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting and entitled to vote on the subject matter.

An abstention will have the same effect as a vote “AGAINST” the Adjournment Proposal. Any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the Adjournment Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

The Adjournment Proposal is described in the section entitled “Proposal No. 4: The Adjournment Proposal” beginning on page 244 of this proxy statement.

Voting by Directors and Executive Officers

As of January 31, 2022, Lawson directors, executive officers, and their respective affiliates, as a group, beneficially held and were entitled to vote 4,690,926 shares of Lawson common stock, representing approximately 51.5% of the voting power of Lawson common stock.

Lawson currently expects that all of its directors and executive officers will vote their shares “**FOR**” the TestEquity Transactions Proposal, “**FOR**” the Gexpro Services Transactions Proposal, “**FOR**” the Transaction-Related Compensation Proposal and “**FOR**” the Adjournment Proposal, although none of the Lawson directors or officers has entered into any agreement requiring them to do so (except that LKCM has entered into the Voting Agreement with Lawson).

Voting Agreement (page 176)

Pursuant to the Voting Agreement, LKCM agreed during the term of the Voting Agreement to vote or cause to be voted (including by each other Excluded Company Party) the Voting Shares (as defined below) at every meeting of the stockholders of Lawson at which such matters are considered and at every adjournment or postponement thereof: (a) in favor of (i) the Transaction Agreements and the Transactions (including the Share Issuances and the Mergers) and (ii) any proposal to adjourn or postpone such meeting of stockholders of Lawson to a later date or dates to solicit additional proxies if there are insufficient votes, or insufficient shares of Lawson common stock present, to approve the Transaction Agreements or the Transactions (including the Share Issuances and the Mergers), or to ensure that any supplement or amendment to this proxy statement is timely provided to Lawson's stockholders; and (b) against any action, proposal, transaction or agreement that would reasonably be expected to impede, interfere with, delay, discourage, adversely affect or inhibit the timely consummation of the Mergers or the fulfillment of Lawson's, Merger Sub 1's or Merger Sub 2's conditions under the Merger Agreements or change in any manner the voting rights of any class of shares of Lawson (including any amendments to the Lawson Charter or the Lawson Bylaws other than in connection with the Mergers). Under the Voting Agreement, "**Voting Shares**" means all securities of Lawson beneficially owned (as such term is defined in Rule 13d-3 under the Exchange Act, but excluding shares of stock underlying unexercised options or warrants) by LKCM or any other Excluded Company Party, including any and all securities of Lawson acquired and held in such capacity subsequent to the date of the Voting Agreement.

Lawson stockholders are advised to obtain current market prices for Lawson common stock. The market price of Lawson common stock will fluctuate between the date of this proxy statement and the date of completion of the Transactions. No assurance can be given concerning the market price of Lawson common stock before or after the effective times of the Mergers. Changes in the market price of Lawson common stock prior to the completion of the Transactions will affect the market value of the shares of Lawson common stock that will be issuable and potentially issuable as consideration in connection with the Mergers.

Dividends

Lawson has no plans to pay dividends on Lawson common stock in the foreseeable future. In addition, dividends are subject to certain restrictions based on the terms of Lawson's current credit facility. Any future determination to pay dividends will be at the discretion of the Lawson board of directors and will depend on Lawson's financial condition, results of operations and capital requirements, restrictions contained in any financing instruments and such other factors as the Lawson board of directors deems relevant.

TestEquity has not paid any dividends since January 1, 2018, and Gexpro Services has not paid any dividends since its formation in November 2019.

RISK FACTORS

You should carefully consider the following risks, together with the other information contained or incorporated by reference in this proxy statement, including without limitation the risk factors and other information on risks that appear in Lawson's Annual Report on Form 10-K for the year ended December 31, 2020 and Lawson's Quarterly Reports on Form 10-Q for the quarterly periods ended March 31, 2021, June 30, 2021 and September 30, 2021, before determining whether or not to vote for the proposals presented in this proxy statement. Additional risks and uncertainties not presently known to Lawson or that Lawson currently deems immaterial may also materially and adversely affect the Combined Company's businesses, financial condition, results of operations and cash flows or the price of Lawson common stock.

Risk Factors Relating to the Transactions

Except as contemplated by the earnout provisions in the Merger Agreement, the number of shares of Lawson common stock to be issued in the Transactions will not be adjusted if there is a change in the value of the businesses or assets of Lawson, TestEquity and/or Gexpro Services before the Transactions are completed.

Except as contemplated by the earnout provisions in the Merger Agreements, the number of shares of Lawson common stock to be issued in the Transactions will not be adjusted if there is a change in the value of the businesses or assets of Lawson, TestEquity and/or Gexpro Services prior to the consummation of the Transactions. Lawson will not be required to consummate the TestEquity Merger if there has been any "TestEquity Material Adverse Effect" (as this term is defined in the section entitled "The TestEquity Merger Agreement—Conditions to the Closing of the TestEquity Merger—Conditions to Obligations of Lawson and Merger Sub 1") with respect to TestEquity, and Lawson will not be required to consummate the Gexpro Services Merger if there has been any "Gexpro Services Material Adverse Effect" (as this term is defined in the section entitled "The Gexpro Services Merger Agreement—Conditions to the Closing of the Gexpro Services Merger—Conditions to Obligations of Lawson and Merger Sub 2") with respect to Gexpro Services. However, Lawson will not be permitted to terminate either of the Merger Agreements or re-solicit the vote of Lawson's stockholders because of any changes in the market price of Lawson common stock, any changes in the value of TestEquity that do not constitute a TestEquity Material Adverse Effect with respect to TestEquity or any changes in the value of Gexpro Services that do not constitute a Gexpro Services Material Adverse Effect with respect to Gexpro Services.

Completion of the Transactions will result in the issuance of a significant number of additional shares of Lawson common stock, which could have a negative effect on the price of Lawson common stock.

The Transactions will result in the issuance of an aggregate of up to 12,000,000 shares of Lawson common stock in connection with the Transactions. The shares of Lawson common stock to be issued in the Transactions will represent (1) an approximately 110% increase from the 9,363,093 shares of Lawson common stock outstanding as of the record date for the Lawson special meeting (assuming the issuance of only the minimum aggregate number of shares of Lawson common stock issuable in the Mergers) and (2) an approximately 128% increase from the 9,363,093 shares of Lawson common stock outstanding as of the record date for the Lawson special meeting (assuming the issuance of the maximum aggregate number of shares of Lawson common stock issuable in the Mergers, including the full issuance of the maximum earnout shares potentially issuable). The issuance of such a significant number of shares of Lawson common stock could have a negative effect on the market price of Lawson common stock. Such downward pressure could also encourage short sales by certain investors, which could place further downward pressure on the market price of Lawson common stock.

In addition, Lawson has agreed to grant the TestEquity Equityholder and the Gexpro Services Stockholder with certain registration rights with respect to the shares of Lawson common stock that Lawson would issue in the Transactions, as further described in the section entitled "Additional Related Agreements—Registration Rights Agreement" below. Any sales of those shares, or the anticipation of the possibility of such sales, could create downward pressure on the market price of Lawson common stock.

As a result of the issuance of Lawson common stock in the Transactions, entities affiliated with LKCM and J. Bryan King (the Chairman of the Lawson board of directors) (including the TestEquity Equityholder and the Gexpro Services Stockholder) will beneficially own a significant majority of the outstanding shares of Lawson common stock.

After giving pro forma effect to the issuance of shares of Lawson common stock in connection with the Transactions, entities affiliated with LKCM and Mr. King (including the TestEquity Equityholder and the Gexpro Services Stockholder) are expected to beneficially own in the aggregate (1) approximately 75% of the outstanding shares of Lawson common stock (assuming the issuance of only the minimum aggregate number of shares of Lawson common stock issuable in connection with the Mergers) and (2) approximately 77% of the outstanding shares of Lawson common stock (assuming the issuance of the maximum aggregate number of shares of Lawson common stock issuable in connection with the Mergers, including the full issuance of the maximum earnout shares potentially issuable). This is up from the approximately 48% of the outstanding shares of Lawson common stock that entities affiliated with LKCM and Mr. King beneficially owned as of January 31, 2022. Thus, entities affiliated with LKCM and Mr. King, as a group, would be able to exercise an even more significant influence over matters requiring a stockholder vote, including the election of directors and the approval of other significant matters, than they are currently able to exercise. The interests of LKCM and such other affiliated entities and persons may not align with the interests of other stockholders. This concentration of ownership could also have the effect of delaying or preventing a change of control or other business combination that might be beneficial to Lawson's stockholders.

In addition, as a result of this issuance, Lawson expects that it will qualify as a "controlled company," as that term is defined by Rule 5615(c) of the NASDAQ Listing Rules and, accordingly, Lawson believes that it will be generally exempt from the requirements of Rule 5615(c) of the NASDAQ Listing Rules that would otherwise require Lawson to have:

- a majority of the Lawson board of directors comprised of independent directors;
- a compensation committee comprised solely of independent directors; and
- director nominees selected, or recommended for the Lawson board of directors' selection, either by (1) independent directors constituting a majority of the Lawson board of directors' independent directors in a vote in which only independent directors participate or (2) a nominating committee comprised solely of independent directors.

As a result of the issuance of Lawson common stock in the Transactions, existing stockholders will experience substantial dilution of their ownership percentage and voting power (except that entities affiliated with LKCM and Mr. King will, on a collective basis, significantly increase their beneficial ownership and voting percentage of outstanding Lawson common stock).

If the Transactions are completed and Lawson issues shares of Lawson common stock in the Transactions, existing stockholders will experience substantial dilution of their ownership percentage and voting power (except that entities affiliated with LKCM and Mr. King will, on a collective basis, significantly increase their beneficial ownership and voting percentage of outstanding Lawson common stock). As of February 8, 2022, the record date for the Lawson special meeting, there were 9,363,093 shares of Lawson common stock outstanding. After giving pro forma effect to the issuance of shares of Lawson common stock in connection with the Transactions, and assuming that no other shares are issued, the shares of Lawson common stock outstanding as of the record date will constitute (1) approximately 47.6% of the outstanding shares of Lawson common stock immediately after the closing of the Transactions (assuming the issuance of only the minimum aggregate number of shares of Lawson common stock issuable in connection with the Mergers) and (2) approximately 43.8% of the outstanding shares of Lawson common stock immediately after the closing of the Transactions (assuming the issuance of the maximum aggregate number of shares of Lawson common stock issuable in connection with the Mergers, including the full issuance of the maximum earnout shares potentially issuable).

There may be difficulties in combining certain operations of TestEquity's and Gexpro Services' respective businesses into Lawson's operations, and the failure to successfully combine those operations within Lawson's expected timetable could adversely affect the Combined Company's future results and the market price of Lawson's common stock.

Both the TestEquity Merger and the Gexpro Services Merger involve the combination of businesses that currently operate as independent businesses. Lawson will be required to devote significant management attention and resources to combining certain business operations of these companies with Lawson's business operations. In addition, the pursuit of the Transactions and the preparation for the completion of the Transactions have placed, and will continue to place, a significant burden on the management and internal resources of Lawson, TestEquity and Gexpro Services. There is a significant degree of difficulty and management distraction inherent in the process of closing the Transactions, which could cause an interruption of, or loss of momentum in, the activities of each company's existing businesses, regardless of whether the Transactions are eventually completed. Both before and after the closing of the Transactions, the management teams of Lawson, TestEquity and Gexpro Services will be required to devote considerable amounts of time to this process, which may decrease the time they will have to manage their respective existing businesses, service existing customers, attract new customers and develop new products, services and strategies. One potential consequence of such distractions could be the failure of management to realize other opportunities that could be beneficial to Lawson, TestEquity or Gexpro Services, respectively.

If Lawson's, TestEquity's or Gexpro Services' management is not able to effectively manage the process leading up to and following the closing of the Transactions, or if any significant business activities are interrupted as a result of the process, the businesses of Lawson, TestEquity and/or Gexpro Services could suffer. Potential difficulties the Combined Company may encounter in the process could include challenges associated with the following:

- successfully combining certain aspects of their respective operations, technologies and services in a manner that permits the Combined Company to achieve the cost savings and operating synergies anticipated to result from the Transactions (the failure of which could result in the anticipated benefits of the Transactions not being realized partly or wholly in the time frame currently anticipated or at all);
- maintaining sales and retaining customers;
- coordinating geographically separated organizations, systems and facilities;
- potential unknown liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the Transactions;
- combining personnel with different business backgrounds and business cultures, while maintaining focus on providing consistent, high-quality services; and
- consolidating and rationalizing information technology platforms and administrative infrastructures as well as accounting systems and related financial reporting activities.

Furthermore, it is possible that the closing process could result in the loss of key employees of Lawson, TestEquity or Gexpro Services. If we are not able to successfully complete the Transactions and fully realize the anticipated savings and synergies in a timely manner, or the cost to achieve these synergies is greater than expected, we may not fully realize the anticipated benefits (or any benefits) of the Transactions, or it may take longer than expected to realize any benefits. The failure to fully or timely realize the anticipated benefits could have a negative effect on the market price of Lawson common stock.

Each of Lawson, TestEquity and Gexpro Services will be subject to business uncertainties and contractual restrictions while the Transactions are pending that could materially and adversely affect each of the companies and their businesses.

Uncertainty about the effect of the Transactions on employees, customers, suppliers and others having business relationships with Lawson, TestEquity and/or Gexpro Services may have a material and adverse effect

[Table of Contents](#)

on Lawson, TestEquity and/or Gexpro Services, regardless of whether the Transactions are eventually completed, and, consequently, on the Combined Company. These uncertainties may impair Lawson's, TestEquity's and/or Gexpro Services' ability to attract, retain and motivate key personnel until the Transactions are completed, or the Merger Agreements are terminated, and for a period of time thereafter. These uncertainties could also cause customers, suppliers and others that deal with Lawson, TestEquity or Gexpro Services to seek to change existing business relationships with Lawson, TestEquity or Gexpro Services. Employee retention and recruitment may be challenging for Lawson, TestEquity and Gexpro Services during the pendency of the Transactions, as employees and prospective employees may experience uncertainty about their future roles with the Combined Company. Furthermore, no assurance can be given that after the Transactions the Combined Company will be able to attract or retain key management personnel or other key employees to the same extent that Lawson, TestEquity and Gexpro Services have been previously able to attract or retain their own employees. For each of Lawson, TestEquity and Gexpro Services, the departure of existing key employees or the failure of potential key employees to accept employment with the Combined Company, despite Lawson's, TestEquity's and Gexpro Services' retention and recruiting efforts, could have a material adverse impact on Lawson's and the Combined Company's business, financial condition and operating results, regardless of whether the Transactions are eventually completed.

In addition, the TestEquity Merger Agreement restricts Lawson and TestEquity from making certain acquisitions and taking other specified actions without the consent of the other until the TestEquity Merger is consummated or the TestEquity Merger Agreement is terminated. Similarly, the Gexpro Services Merger Agreement restricts Lawson and Gexpro Services from making certain acquisitions and taking other specified actions without the consent of the other until the Gexpro Services Merger is consummated or the Gexpro Services Merger Agreement is terminated. These restrictions may prevent Lawson, TestEquity and/or Gexpro Services from pursuing otherwise attractive business opportunities and making other changes to their businesses before completion of the Transactions or termination of the Merger Agreements. For additional information on the restrictive covenants applicable to Lawson, TestEquity and Gexpro Services, see the sections entitled "The TestEquity Merger Agreement—Conduct of TestEquity's and Lawson's Businesses Pending the TestEquity Merger" and "The Gexpro Services Merger Agreement—Conduct of Gexpro Services' and Lawson's Businesses Pending the Gexpro Services Merger."

Lawson may fail to complete the Transactions if certain closing conditions, many of which are outside Lawson's control, are not satisfied.

The completion of the Transactions is subject to multiple closing conditions, including the receipt of the requisite Lawson stockholder approvals under the Merger Agreements and the receipt of all necessary clearances under the HSR Act. Many of these closing conditions are outside of Lawson's control. If any of these conditions is not satisfied or waived, the Transactions may not be completed and Lawson may not realize the anticipated benefits of the Transactions. Lawson can make no assurances that the Transactions will be completed on the terms or timeline currently contemplated, or at all. For additional information on the closing conditions to the Transactions, see the sections entitled "The TestEquity Merger Agreement—Conditions to the Closing of the TestEquity Merger" and "The Gexpro Services Merger Agreement—Conditions to the Closing of the Gexpro Services Merger."

Failure to complete the Transactions could result in material adverse consequences to Lawson's business and operations.

If the conditions to the closing of the Transactions are not met, or if the Transactions are not completed for any other reason, Lawson would be subject to a number of risks, including the following:

- The market price of Lawson common stock may decline;
- Lawson and its stockholders would not realize the anticipated benefits of the Transactions, including any anticipated synergies from combining the businesses of Lawson, TestEquity and Gexpro Services;

[Table of Contents](#)

- Lawson may be required to pay a termination fee of \$4.0 million if the TestEquity Merger Agreement is terminated under certain circumstances as further described in the section entitled “The TestEquity Merger Agreement—Termination Fee;”
- Lawson may be required to pay a termination fee of \$6.0 million if the Gexpro Services Merger Agreement is terminated under certain circumstances as further described in the section entitled “The Gexpro Services Merger Agreement—Termination Fee;” and
- Lawson would remain liable for significant transaction costs that would be payable even if the Transactions are not completed.

Furthermore, any disruptions to Lawson’s business resulting from the announcement and pendency of the Transactions, including any adverse changes in Lawson’s relationships with its employees, customers and suppliers, could continue or accelerate in the event of a failed transaction. For these and other reasons, failure to complete the Transactions could adversely affect Lawson’s business, financial condition, results of operations and stock price.

Lawson has incurred and will continue to incur significant transaction costs in connection with the Transactions.

Lawson has incurred and expects to continue to incur significant, non-recurring costs in connection with consummating the Transactions. Non-recurring transaction costs include, but are not limited to, fees paid to legal, accounting and financial advisors, filing fees and other costs. Additional unanticipated costs may be incurred in the combination process. Some of these costs will be incurred even if Lawson does not complete the Transactions.

The financial condition or results of operations of the Combined Company following the completion of the Transactions may differ significantly from the unaudited pro forma financial data included in this proxy statement.

The unaudited pro forma condensed combined financial statements contained in this proxy statement are presented for illustrative purposes only and may not be an indication of the Combined Company’s financial condition or results of operations following the completion of the Transactions for several reasons. For example, the unaudited pro forma condensed combined financial statements have been derived from the historical financial statements of Lawson, TestEquity and Gexpro Services, and certain adjustments and assumptions have been made regarding the Combined Company after giving effect to the Transactions. The information upon which these adjustments and assumptions have been made is preliminary, and such adjustments and assumptions are difficult to predict.

Moreover, the unaudited pro forma condensed combined financial statements do not reflect all costs that are expected to be incurred by Lawson, TestEquity or Gexpro Services in connection with the Transactions. For example, the impact of any incremental costs incurred in combining the companies is not reflected in the unaudited pro forma condensed combined financial statements. As a result, the actual financial condition and results of operations of the Combined Company following the Transactions may differ materially from those indicated by the unaudited pro forma condensed combined financial statements included in this proxy statement. In addition, the assumptions used in preparing the unaudited pro forma condensed combined financial statements may not be realized, and other factors may affect the Combined Company’s financial condition or results of operations following the completion of the Transactions. See the section of this proxy statement entitled “Unaudited Pro Forma Condensed Combined Financial Information.”

The prospective financial forecasts for Lawson, TestEquity and Gexpro Services included in this proxy statement reflect Lawson, TestEquity and Gexpro Services management estimates and Lawson's, TestEquity's and Gexpro Services' actual performance may differ materially from the prospective financial forecasts included in this proxy statement.

The prospective financial forecasts for Lawson, TestEquity and Gexpro Services included in this proxy statement are based on assumptions of, and information available to, Lawson, TestEquity and Gexpro Services, respectively, at the time such prospective financial forecasts were prepared. Neither Lawson, TestEquity nor Gexpro Services know whether the assumptions made will prove to be reflective of actual future events. Such information can be adversely affected by known or unknown risks and uncertainties, many of which are beyond Lawson's, TestEquity's and Gexpro Services' control. Further, prospective financial forecasts of this type are based on assumptions and estimates that are inherently subjective and uncertain, including in respect of factors such as company performance, industry performance, general business, economic, regulatory, market and financial conditions, as well as changes to the business, financial condition or results of operations of Lawson, TestEquity or Gexpro Services, including the factors described in the section entitled "Risk Factors—Risks Relating to the Business of the Combined Company Following the Mergers" and "Cautionary Note Regarding Forward-Looking Statements," which factors and changes may cause the prospective financial forecasts or the underlying assumptions not to be realized. In addition, the prospective financial forecasts of TestEquity and Gexpro Services include forecasted results of certain potential acquisitions of TestEquity or Gexpro Services, respectively, as more fully described in the section entitled "The Transactions—Certain Lawson, TestEquity and Gexpro Services Unaudited Prospective Financial Information." However, TestEquity or Gexpro Services, as the case may be, did not have a definitive agreement to acquire any of these companies at the time such prospective financial forecasts were prepared. Furthermore, no assurance can be given that any of such acquisitions will occur and, if any of such acquisitions does not occur, actual results may differ materially from those projected in the prospective financial forecasts. As a result of these contingencies, there can be no assurance that the prospective financial forecasts of Lawson, TestEquity or Gexpro Services will be realized or that actual results will not differ materially from those projected. In view of these uncertainties, the inclusion of the prospective financial forecasts of Lawson, TestEquity and Gexpro Services in this proxy statement should not be regarded as an indication that Lawson, the Special Committee, the Lawson board of directors, TestEquity, Gexpro Services, any of their respective affiliates or advisors or any other person considered, or now considers, it to be an assurance of the achievement of future results.

In addition, the prospective financial forecasts have not been updated or revised to reflect information or results after the date the prospective financial forecasts were prepared or as of the date of this proxy statement. For more information see the section entitled "The Transactions—Certain Lawson, TestEquity and Gexpro Services Unaudited Prospective Financial Information."

Lawson's estimates and judgments related to the acquisition accounting models used to record the purchase price allocation may be inaccurate.

Lawson's management will make significant accounting judgments and estimates for the application of acquisition accounting under GAAP and the underlying valuation models. The Combined Company's business, operating results and financial condition could be materially and adversely impacted in future periods if Lawson's accounting judgments and estimates related to these models prove to be inaccurate.

The Combined Company may be required to recognize impairment charges for goodwill and other intangible assets.

As a result of the Transactions, the Combined Company is expected to have an amount of goodwill and other intangible assets on its balance sheet that is approximately \$574 million greater than the amount of goodwill and other intangible assets on Lawson's September 30, 2021 consolidated balance sheet. In accordance with GAAP, Lawson's management periodically assesses Lawson's goodwill and other intangible assets to determine if they are impaired. Significant negative industry or economic trends, disruptions to the Combined

Company's business, an inability to effectively integrate acquired businesses, unexpected significant changes, planned changes in use of the assets, divestitures and market capitalization declines may impair goodwill and other intangible assets. Any charges relating to such impairments could materially and adversely affect the Combined Company's results of operations in the periods recognized, which could result in an adverse effect on the market price of Lawson common stock.

TestEquity's and Gexpro Services' international operations will subject the Combined Company to additional legal and regulatory regimes if the Mergers are completed.

TestEquity currently has business operations and/or sales in a number of foreign countries, including Canada, Mexico and the United Kingdom, and Gexpro Services currently has business operations and/or sales in a number of foreign countries, including Hungary and China. If the Mergers are consummated, Lawson and/or certain subsidiaries within the Combined Company will be subject to a wider array of foreign legal and regulatory regimes (including tax regimes) than those to which Lawson and/or certain of its subsidiaries are currently subject, and the amount of revenue generated outside of the United States by the Combined Company will be significantly more than the revenue generated outside the United States by Lawson currently. Compliance with diverse legal and regulatory requirements, including in connection with the movement or repatriation of cash, may be costly, time-consuming and require significant resources. Violations could result in significant fines or monetary damages, sanctions, prohibitions or restrictions on doing business and damage to the Combined Company's reputation. In addition, operating in additional countries around the world will require the Combined Company to manage the potential conflicts between locally accepted business practices in any given jurisdiction and Lawson's obligations to comply with laws and regulations with respect to such jurisdictions, in addition to the jurisdictions where Lawson currently operates, including anti-corruption laws or regulations applicable to Lawson, such as the U.S. Foreign Corrupt Practices Act (the "FCPA") and the UK Bribery Act 2010 (the "UKBA"). The U.S., U.K. and other foreign agencies and authorities have a broad range of civil and criminal penalties they may seek to impose against companies for violations of export controls, the FCPA, the UKBA, and other laws, rules, sanctions, embargoes and regulations, including those established by the Office of Foreign Assets Control ("OFAC"). Any violation of these legal requirements, even if prohibited by Lawson's policies, procedures and controls, could subject the Combined Company to criminal or civil enforcement actions, penalties for non-compliance or otherwise have an adverse effect on its business and reputation.

Certain of Lawson's directors and executive officers have interests in the Mergers, the Share Issuances and the other contemplated transactions that are different from, or in addition to, those of Lawson's other stockholders generally.

In considering whether to approve each of the Lawson Proposals, Lawson stockholders should recognize that certain of Lawson's directors and executive officers have interests in the Mergers, the Share Issuances and the other contemplated transactions that are different from, or in addition to, those of Lawson's other stockholders generally. For a description of these interests, see the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions."

Litigation relating to the Transactions could prevent or delay the closing of the Transactions and/or result in the payment of damages following the closing of the Transactions.

Lawson and members of the Lawson board of directors are and may in the future be parties, among others, to litigation related to the Merger Agreements and the Transactions. For more information regarding the pending litigation, see the section entitled "The Transactions—Stockholder Litigation Relating to the Transactions." Among other remedies, the stockholders in the pending litigation seek, and other stockholders could seek, damages and/or seek to enjoin the Transactions. The outcome of any legal proceedings are difficult to predict and any such lawsuits could prevent or delay the closing of the Transactions and/or result in substantial costs to Lawson. The existence of litigation relating to the Transactions may also create uncertainty relating to the Transactions and may be costly and distracting to management. Further, the defense or settlement of any lawsuit or claim that remains unresolved at the time the Mergers are completed may adversely affect the Combined Company's business, financial condition, results of operations and cash flows.

[Table of Contents](#)

One condition to closing the Transactions is the absence of any order, judgment, injunction, decree, writ, stipulation, determination, decision, ruling or award by any court or other governmental authority that prohibits the consummation of the Transactions. If any pending or future lawsuit challenging the Transactions is successful in obtaining an injunction preventing the parties to the Merger Agreements from consummating the Transactions, such injunction may delay or prevent the consummation of the Transactions.

As a result of the Transactions, Lawson's ability to use its net operating losses and certain other tax attributes generated prior to the Transactions may be subject to limitation.

As a result of the Transactions, Lawson's ability to use its net operating losses and certain other tax attributes generated prior to the Transactions may be subject to limitation.

Risk Factors Relating to the Business of the Combined Company Following the Mergers

Risks Related to COVID-19 and Other Infectious Diseases

In 2020, a new strain of coronavirus ("COVID-19") created a worldwide pandemic which has continued to affect the businesses of Lawson, TestEquity and Gexpro Services and could have further undetermined material adverse effects on the Combined Company's revenues, operating results and financial condition.

The COVID-19 pandemic has resulted in lost revenue to Lawson, TestEquity and Gexpro Services, limitations on the companies' ability to source high demand product, limitations on the companies' sales forces to perform certain functions due to state or federal stay-at-home orders, a slow-down of customer demand for the companies' products and limitations on the ability of some customers to pay the companies on a timely basis. The impact of the COVID-19 pandemic on the companies' operational and financial performance includes affecting the companies' ability to execute their business strategies and initiatives in the expected time frame. The extent of the effect of the COVID-19 pandemic on the Combined Company will depend on future developments, including the duration and spread of the COVID-19 pandemic and related restrictions on travel, transports and person-to-person contact, all of which are uncertain and cannot be predicted at the present time. On a broader scale, the COVID-19 pandemic has negatively impacted the global economy, disrupted global supply chains and created significant volatility and disruption of financial markets. An extended period of global supply chain and economic disruption could materially affect the Combined Company's sales, workforce, supply chains, results of operations and financial condition.

In the first quarter of 2020, Lawson's business was defined by the state of Illinois as an essential business, allowing Lawson to operate during the pandemic. A change in this status could result in the temporary closure of Lawson's business. Additionally, the COVID-19 pandemic could result in a temporary closure of any or all of the facilities (including distribution facilities and/or branch locations) of the Combined Company, which would negatively impact the Combined Company's operations. Other disruptions to the Combined Company's supply chain such as reduced capacity or temporary shutdowns of freight carriers could also negatively impact the Combined Company's performance.

The Combined Company's sales results may be negatively impacted in the future by any social distancing guidelines and government mandated shelter in place orders that would prevent its sales representatives from visiting customers in person, or that would otherwise reduce customer visits. The reduction of operations and temporary shut down by many of Lawson's, TestEquity's and Gexpro Services' customers in response to COVID-19 has also negatively impacted the companies' sales and ability to collect on existing credit balances, and Lawson expects the Combined Company to be impacted by those reductions and shut downs until the pandemic ends. Further, vendors who are negatively impacted by COVID-19 may temporarily shut down operations or have difficulty obtaining inventory, which could negatively impact the Combined Company's ability to fulfill customer orders. As a result, the Combined Company may be negatively impacted by the COVID-19 pandemic and the various federal, state and local restrictions enacted to combat the pandemic.

Table of Contents

Certain items on Lawson's, TestEquity's and Gexpro Services' balance sheets require, and certain items on the Combined Company's balance sheet will require, judgments on their valuation, including intangible assets and goodwill. These valuations are and will be based on assumptions that take future financial performance into account. COVID-19 may have a negative impact on the Combined Company's future financial performance that would require the Combined Company to revise assumptions about future financial performance and impair the value of its assets. It is reasonably possible that estimates made based on future operating results and cash flows of the Combined Company may be materially and adversely impacted in the near term as a result of the COVID-19 pandemic, including impairment losses related to goodwill.

In addition, the increased number of employees working remotely as a result of COVID-19 can exacerbate the risks mentioned in regards to internal controls and cybersecurity.

Business Risks

A significant portion of the Combined Company's inventory may become obsolete.

The anticipated business strategy of the Combined Company is expected to require the Combined Company to carry a significant amount of inventory in order to meet rapid processing of customer orders. If the Combined Company's inventory forecasting and production planning processes result in inventory levels exceeding the levels demanded by customers or if the Combined Company's customers decrease their orders with the Combined Company, the Combined Company's operating results could be adversely affected due to costs of carrying the inventory and additional inventory write-downs for excess and obsolete inventory.

Work stoppages and other disruptions at transportation centers or shipping ports, along with other supply chain disruptions, may adversely affect the Combined Company's ability to obtain inventory and make deliveries to its customers.

The Combined Company's ability to rapidly process customer orders is expected to be an integral component of the Combined Company's overall business strategy. Interruptions at the Combined Company's operated facilities or disruptions at a major transportation center or shipping port, due to events such as severe weather, labor interruptions, natural disasters, acts of terrorism or other events, could affect Combined Company's ability to maintain core products in inventory, deliver products to its customers on a timely basis or adversely affect demand for its products, which may in turn adversely affect the Combined Company's results of operations. Similarly, other supply chain disruptions have impacted Lawson's, TestEquity's and Gexpro Services' ability to maintain certain core products in inventory and deliver products to customers on a timely basis, and may continue to impact Lawson's TestEquity's, Gexpro Services' and the Combined Company's ability to do so. Such supply chain disruptions may adversely affect the Combined Company's business, financial condition and results of operations.

TestEquity relies on a single supplier for a significant amount of its product inventory, and any disruptions in such supplier's business, operations or financial condition, or TestEquity's relationship with such supplier, could have a material adverse effect on TestEquity's and the Combined Company's businesses, results of operations and financial condition.

TestEquity relies on a single supplier for a significant amount of its product inventory, including electronic test and measurement equipment. During 2020 and the first nine months of 2021, the aggregate dollar amount of TestEquity's purchases from that supplier represented approximately 26% and 30%, respectively, of the aggregate dollar amount of TestEquity's purchases of product inventory from all of TestEquity's suppliers during such periods. Any disruptions in that particular supplier's business, operations or financial condition, or TestEquity's relationship with this significant supplier, could have a material adverse effect on TestEquity's and the Combined Company's businesses, results of operations and financial condition.

Changes in the Combined Company's customers, product mix and pricing strategy could cause its gross margin percentage to decline in the future.

From time to time, Lawson, TestEquity and Gexpro Services have experienced overall changes in the product mix demand of the companies' customers. When customers or product mix changes, there can be no assurance that the Combined Company will be able to maintain its gross profit margins. Changes in the Combined Company's customers, product mix, volume of orders, prices charged, additional freight costs or lower productivity levels, could cause its gross profit margin percentage to decline. The Combined Company's gross margin percentage may also come under pressure in the future if it increases the percentage of national accounts in its customer base, as sales to these customers are generally at lower margins.

Disruptions of the Combined Company's information and communication systems could adversely affect the Combined Company.

The Combined Company will depend on information and communication systems to process orders, purchase and manage inventory, maintain cost-effective operations, sell and ship products, manage accounts receivable collections and serve its customers. Disruptions in the operation of information and communication systems can occur due to a variety of factors including power outages, hardware failure, programming faults and human error. Disruptions in the operation of our information and communication systems, whether over a short or an extended period of time or affecting one or multiple distribution centers, could have a material adverse effect on the Combined Company's business, financial condition and results of operations.

Cyber attacks or other information security incidents could have a material adverse effect on the Combined Company's operating results and financial condition, subject the Combined Company to additional legal costs and damage the Combined Company's reputation in the marketplace.

Lawson, TestEquity and Gexpro Services are increasingly dependent on digital technology to process and record financial and operating data and communicate with their employees and business partners. During the normal course of business Lawson, TestEquity and Gexpro Services receive, retain and transmit certain confidential information that their customers provide to purchase products or services or to otherwise communicate with the companies.

Lawson's, TestEquity's and/or Gexpro Services' technologies, systems and networks (and those of their respective business partners) have been and may in the future be the target of cyber attacks and/or information security incidents that may have resulted in, or may in the future result in, the unauthorized release, misuse, loss or destruction of proprietary, personal and other information, or other disruption of their business operations. In addition, the Combined Company's technologies, systems and networks, and those of the Combined Company's business partners, may become the target of cyber attacks or information security incidents that could result in the unauthorized release, misuse, loss or destruction of proprietary, personal and other information, or other disruption of the Combined Company's business operations. Such attacks or incidents could have a material adverse effect on Lawson's, TestEquity's, Gexpro Services' and/or the Combined Company's operating results and financial condition, subject Lawson, TestEquity, Gexpro Services and/or the Combined Company to additional legal costs and damage their reputation in the marketplace. As cyber threats continue to evolve, the Combined Company may be required to expend additional resources to continue to modify or enhance its protective measures or to investigate and fix any information security vulnerabilities.

The inability to successfully recruit, integrate and retain productive sales representatives could adversely affect the Combined Company's operating results.

Lawson intends that the Combined Company will commit to a plan to increase the size of its sales force. A successful expansion in the sales force will require the Combined Company to identify under-served territories that offer the greatest potential growth opportunity, locate and recruit talented sales representatives, provide them with the proper training, and successfully integrate them into its organization. This expansion will require significant investment in capital and resources. The failure to identify the optimal sales territories, recruit and

[Table of Contents](#)

retain quality sales representatives and provide them with sufficient support could adversely affect the Combined Company's operating results.

It will also be critical for the Combined Company to retain the experienced and productive sales representatives that have historically contributed to successes of Lawson, TestEquity and Gexpro Services. Failure to retain a sufficient number of talented, experienced and productive sales representatives could adversely affect the Combined Company's financial and operating results.

Failure to retain talented employees, managers and executives could negatively impact the Combined Company's operating results.

The success of the Combined Company will depend on, among other things, its ability to attract, develop and retain talented employees, including executives and other key managers. The loss of certain key executives and managers or the failure to attract and develop talented employees could have a material adverse effect on the Combined Company's business.

The inability of management to successfully implement changes in operating processes could lead to disruptions in the Combined Company's operations.

Lawson expects that the Combined Company will strive to improve operational efficiencies throughout its organization and to identify and initiate changes intended to improve its internal operations. The implementation of changes to the Combined Company's operations involve a risk that the changes may not work as intended, may disrupt related processes, may not be properly applied or may not result in accomplishing the intended efficiencies. Failure to successfully manage the implementation of these changes could lead to disruptions in the Combined Company's operations.

The inability to successfully integrate additional acquisitions into the Combined Company's organization could adversely affect the Combined Company's operations and operating results.

Lawson expects that one of the Combined Company's growth strategies will be to actively pursue additional acquisition opportunities which complement its business model. Both TestEquity and Gexpro Services have been pursuing active acquisition pipelines, and the Combined Company may acquire other companies or businesses believed to be a benefit to the Combined Company. However, there are risks associated with pursuing acquisitions, which include the incurrence of significant transaction costs without the guarantee that such transactions will be completed. Further, the Combined Company may fail to successfully identify the right opportunities and/or to successfully integrate the acquired businesses, operations, technologies, systems and/or personnel with those of the Combined Company, which could adversely affect the Combined Company's operations and operating results.

The Combined Company will operate in highly competitive markets.

The marketplaces in which Lawson, TestEquity and Gexpro Services participate are highly competitive. The companies' competitors include large and small companies with similar or greater market presence, name recognition, and financial, marketing, and other resources. Lawson believes the competition will continue to challenge the Combined Company's business with their product selection, financial resources and services.

Changes that affect governmental and other tax-supported entities could negatively impact the Combined Company's sales and earnings.

A portion of the Combined Company's sales are expected to be derived from the United States military and other governmental and tax-supported entities. These entities are largely dependent upon government budgets and require adherence to certain laws and regulations. A decrease in the levels of defense and other governmental spending, or the introduction of more stringent governmental regulations and oversight, could lead to reduced sales or an increase in compliance costs which would adversely affect the Combined Company's financial position and results of operations.

Financial Risks

There can be no assurance that Lawson will be able to obtain the financing it intends to incur in connection with the Transactions to, among other things, refinance Lawson's Existing Credit Agreement and various indebtedness arrangements of TestEquity and Gexpro Services and their respective subsidiaries and finance the working capital needs and general corporate purposes of the Combined Company, and the failure to obtain such financing or alternative financing in connection with the Transactions could result in a material adverse effect on Lawson or the Combined Company.

As discussed in more detail in the section entitled "Debt Financing Commitment Letter," Lawson entered into the Debt Financing Commitment Letter with the Initial Arranger (as defined below), through which Lawson has requested that the Initial Arranger agree to arrange and syndicate various financing arrangements with Lawson in order to (1) repay all obligations under and refinance (a) Lawson's Existing Credit Agreement and (b) certain existing indebtedness of TestEquity and Gexpro Services and their respective affiliates in connection with the closing of the Transactions, (2) finance the working capital needs and general corporate purposes of the Combined Company, (3) finance the potential acquisition of the Potential TestEquity Acquiree and other acquisitions permitted under the definitive documentation for the Facilities and (4) pay fees, costs and expenses in connection with the Transactions and the potential acquisition of the Potential TestEquity Acquiree and other acquisitions permitted under the definitive documentation for the Facilities.

The availability of the debt financing contemplated by the Debt Financing Commitment Letter is, and other financing Lawson might arrange may be, subject to various conditions precedent. In addition, the commitments under the Debt Financing Commitment Letter will terminate if Lawson fails to execute definitive documentation relating to the same that is reasonably satisfactory to Lawson and the Initial Arranger on or before June 30, 2022. The Initial Arranger's commitment is only for an aggregate principal amount of \$125 million of the \$500 million principal amount of revolving and term loan credit facilities that Lawson seeks to raise for the consummation of the Transactions and for the ongoing working capital needs and general corporate purposes of the Combined Company, and the Initial Arranger has only agreed to use commercially reasonable efforts to assemble a syndicate of financial institutions to provide the balance of the necessary commitments for the facilities, in each case upon the terms as subject to the conditions set forth in the Debt Financing Commitment Letter. Therefore, no assurance can be given that the financing contemplated by the Debt Financing Commitment Letter or the total amount of indebtedness requested by Lawson will be available. In the event that the financing contemplated by the Debt Financing Commitment Letter and the other indebtedness required is not available, other financing may not be available on acceptable terms, in a timely manner, or at all.

The Combined Company is expected to have a significant amount of indebtedness, which could adversely affect the Combined Company's business, financial condition, and results of operations following the Transactions.

Lawson expects that the Combined Company will have a significant amount of indebtedness after the completion of the Transactions, which is expected to include new indebtedness under the anticipated arrangements described in the section entitled "Debt Financing Commitment Letter." See the section entitled "Unaudited Pro Forma Condensed Combined Financial Information." In addition, Lawson would have the ability to incur a significant amount of additional indebtedness. After giving effect to the Transactions, the Combined Company's indebtedness could have significant consequences on the Combined Company's future operations, including:

- events of default if the Combined Company fails to comply with the financial and other covenants contained in the agreements governing the Combined Company's debt instruments, which could result in all of the debt becoming immediately due and payable or require the Combined Company to negotiate an amendment to financial or other covenants that could cause the Combined Company to incur additional fees and expenses;
- reducing the availability of the Combined Company's cash flow to fund working capital, capital expenditures, investments, acquisitions and other general corporate purposes, and limiting the Combined Company's ability to obtain additional financing for these purposes;

[Table of Contents](#)

- limiting the Combined Company's flexibility in planning for, or reacting to, and increasing the Combined Company's vulnerability to, changes in its business, the industries in which the Combined Company operates, and the overall economy;
- limiting the Combined Company's ability to buy back common stock or pay dividends;
- placing the Combined Company at a competitive disadvantage compared to any of the Combined Company's competitors that have less debt or are less leveraged; and
- increasing the Combined Company's vulnerability to the impact of adverse economic and industry conditions.

The Combined Company's ability to meet its payment and other obligations under its debt instruments will depend on the Combined Company's ability to generate significant cash flow in the future. This, to some extent, is subject to general economic, financial, competitive, legislative and regulatory factors as well as other factors that are beyond the Combined Company's control. Lawson cannot assure that the Combined Company will generate cash flow from operations, or that future borrowings will be available to the Combined Company, in an amount sufficient to enable the Combined Company to meet its indebtedness obligations and to fund other liquidity needs following the completion of the Transactions.

Failure to adequately fund the Combined Company's operating and working capital needs through cash generated from operations and cash available through the Combined Company's financing arrangements could negatively impact the Combined Company's ability to invest in its business and maintain its capital structure.

The Combined Company's business will require investment in working capital and fixed assets. Lawson expects the Combined Company to fund these investments from cash generated from operations and funds available from the Combined Company's anticipated new financing arrangements. Failure to generate sufficient cash flow from operations or from such anticipated new financing arrangements could cause the Combined Company to have insufficient funds to operate its business. Adequate funds may not be available when needed or may not be available on favorable terms.

Failure to meet the covenant requirements of the Combined Company's financing arrangements could lead to higher financing costs and increased restrictions and reduce or eliminate the Combined Company's ability to borrow funds.

Lawson expects that the Combined Company's anticipated new financing arrangements will contain financial and other restrictive covenants. These covenants could adversely affect the Combined Company by limiting its financial and operating flexibility as well as its ability to plan for and react to market conditions and to meet its capital needs. Failure to meet these covenant requirements could lead to higher financing costs and increased restrictions, reduce or eliminate the Combined Company's ability to borrow funds, or accelerate the payment of the Combined Company's indebtedness. As noted in (i) the report of independent certified public accountants relating to TestEquity's unaudited consolidated financial statements as of and for the nine-month period ended September 30, 2021, (ii) the report of independent certified public accountants relating to TestEquity's audited consolidated financial statements as of and for the fiscal year ended December 31, 2020 and (iii) the report of independent certified public accountants relating to TestEquity's audited consolidated financial statements as of and for the fiscal year ended December 31, 2019, each of which is included elsewhere in this proxy statement, TestEquity was in default of certain debt covenants of its term loan and revolving line of credit agreements. In connection therewith, on September 6, 2019, February 28, 2020, March 27, 2020, October 9, 2020 and June 30, 2021, TestEquity entered into forbearance agreements with its lender. Such term loan and revolving line of credit agreements are expected to be terminated in connection with the closing of the TestEquity Merger.

If the Combined Company requires more liquidity than is expected to be available to it under its financing arrangements, the Combined Company may need to raise additional funds through debt or equity offerings which may not be available when needed or may not be available on terms favorable to the Combined Company. Should funding be insufficient at any time in the future, the Combined Company may be unable to develop or

[Table of Contents](#)

enhance its products or services, take advantage of business opportunities or respond to competitive pressures, any of which could have a material adverse effect on the Combined Company's business, financial condition and results of operations.

Risks Related to Lawson Common Stock

The market price of Lawson's common stock may decline.

The price of Lawson common stock could decrease if the Combined Company's financial performance is inadequate or does not meet investors' expectations, if there is deterioration in the overall market for equities, if large amounts of shares are sold in the market, if there is index trading, or if investors have concerns that the Combined Company's business, financial condition, results of operations and capital requirements are negatively impacted by an economic downturn.

Legal and Regulatory Risks

A violation of federal, state or local environmental protection regulations could lead to significant penalties and fines or other remediation costs.

The Combined Company's product offerings will include a wide variety of industrial chemicals and other products which are subject to a multitude of federal, state and local regulations. These environmental protection laws change frequently and affect the composition, handling, transportation, storage and disposal of these products. Failure to comply with these regulations could lead to severe penalties and fines for each violation.

Additionally, a facility Lawson owns in Decatur, Alabama, was found to contain hazardous substances in the soil and groundwater as a result of historical operations prior to Lawson's ownership. Lawson retained an environmental consulting firm to further investigate the contamination, including measurement and monitoring of the site. Lawson concluded that further remediation was required, and accordingly, has made an accrual for the estimated cost of this environmental matter. A remediation plan was approved by the Alabama Department of Environmental Management and the remediation of the affected area is ongoing. Additional procedures may be required that could negatively impact the Combined Company's operating results.

The Combined Company's results of operations could be affected by changes in taxation.

The Combined Company's results of operations could be affected by changes in tax rates, audits by taxing authorities or changes in laws, regulations and their interpretation. Changes in applicable tax laws and regulations could affect the Combined Company's ability to realize its deferred tax assets, which could adversely affect the Combined Company's results of operations.

TestEquity and Gexpro Services are private companies and may not have in place the financial organization, reporting and internal controls necessary for a public company.

TestEquity and Gexpro Services are private companies and may not have in place the financial organization, reporting and controls which are required for a U.S. public company. The cost of implementing this type of financial organization, reporting and controls in respect of TestEquity and Gexpro Services and integrating their financial reporting processes with those of Lawson may be significant. Furthermore, if the limitations in TestEquity's or Gexpro Services' financial organization, reporting and controls, or any failure to effectively integrated their financial reporting processes with those of Lawson, caused the Combined Company to miss an SEC reporting deadline or otherwise not comply with an applicable law or regulation, the Combined Company might, among other things, have a material weakness in its internal controls or violate its indebtedness covenants.

General Risks

The Combined Company's results of operations may be adversely impacted by a downturn in the economy or in certain sectors of the economy.

Any decline or uncertainty in the strength of the economy may lead to a decrease in customer spending and may cause certain customers to cancel or delay placing orders. In the first quarter of 2020, the economy experienced a significant decline due to the response of businesses and state governments to the onset of the COVID-19 pandemic. Subsequently, the economy partially recovered from the initial downturn. Some customers of the Combined Company may file for bankruptcy protection, preventing the Combined Company from collecting on accounts receivable and may result in the Combined Company stocking excess inventory. Contractions in the credit markets may also cause some of the Combined Company's customers to experience difficulties in obtaining financing, leading to lower sales, delays in the collection of receivables and result in an increase in bad debt expense.

Adverse economic conditions could also affect the Combined Company's key suppliers and contractors. This could lead to the Combined Company incurring additional expenses or result in delays in shipping products to its customers. Economic uncertainty can make it difficult to accurately predict future order activity and affect the Combined Company's ability to effectively manage inventory levels. There are no assurances that the Combined Company would be able to establish alternative financing or obtain financing with terms similar to its then-existing financing arrangements.

Changes in energy costs, tariffs and the cost of raw materials used in the Combined Company's products could impact the Combined Company's cost of goods and distribution and occupancy expenses, which may result in lower operating margins.

Increases in the cost of raw materials used in the Combined Company's products (e.g., steel, brass, copper), tariffs and increases in energy costs will raise the production costs of the Combined Company's vendors. Those vendors have typically looked to pass the higher costs along to Lawson, TestEquity and Gexpro Services through price increases. If the Combined Company is unable to fully pass such increased prices and costs through to its customers or to modify its activities, the impact would have an adverse effect on the Combined Company's operating profit margins. Low oil prices may result in weaker demand from oil and gas customers in the future, resulting in lower net sales. Changes in trade policies could affect the Combined Company's sourcing of product and ability to secure sufficient product and/or impact the cost or price of its products, with potentially negative impacts on the Combined Company's reported gross profits and results of operations.

The Combined Company will be exposed to the risk of foreign currency changes.

Two of Lawson's subsidiaries are located and operate in Canada using the Canadian dollar as its functional currency. TestEquity currently has business operations and/or sales in a number of foreign countries, including Canada, Mexico and the United Kingdom, and Gexpro Services currently has business operations and/or sales in a number of foreign countries, including Hungary and China. Operating results denominated in foreign currencies will be translated into U.S. dollars when consolidated into the Combined Company's financial statements. Therefore, the Combined Company will be exposed to market risk relating to the change in the value of such foreign currencies relative to the U.S. dollar that could adversely affect the Combined Company's financial position and operating results.

Lawson can give no assurance that any goal or plan set forth in forward-looking statements can be achieved and Lawson cautions readers not to place undue reliance on such statements, which speak only as of the date made. Lawson undertakes no obligation to release publicly any revisions to forward-looking statements as a result of new information, future events or otherwise, unless otherwise required by law. Actual results may differ materially from those projected as a result of certain risks and uncertainties. Certain risks associated with Lawson’s business are also discussed from time to time in the reports Lawson files with the SEC, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2020, our Quarterly Reports on Form 10-Q and our Current Reports on Form 8-K. Certain risks associated with the Transactions and the Combined Company’s business after the Mergers are discussed in the section entitled “Risk Factors.” In addition to the other factors and matters contained or incorporated by reference in this proxy statement, the following factors, among others, could cause actual outcomes and results (including actual results of Lawson, TestEquity, Gexpro Services and/or the Combined Company) to differ materially from those discussed in the forward-looking statements:

- the possibility that the Transactions will not be consummated, or will not be consummated on the terms described herein, and the possibility of delays in consummating the Transactions;
- the possibility that the acquisition by TestEquity and Gexpro Services of certain potential acquisition candidates may not occur, and that TestEquity and Gexpro Services may not even be able to reach agreement with counterparties as to the terms of any such potential acquisitions;
- the possibility that (1) the actual financial condition and results of operations of the Combined Company following the Transactions may differ materially from those indicated by the unaudited pro forma condensed combined financial statements included in this proxy statement and (2) the actual results of operations of Lawson, TestEquity and/or Gexpro Services may differ materially from those projected in the prospective financial forecasts included in this proxy statement;
- the possibility that the closing conditions set forth in either of the Merger Agreements will not be satisfied, including among others (1) receipt of the required stockholder approvals and (2) receipt of the necessary regulatory approvals required to permit the Transactions;
- the occurrence of any event, change or other circumstance that could give rise to the termination of the Merger Agreements;
- the amount of the costs, fees, expenses and charges related to the Transactions, including the risks that (1) the TestEquity Merger Agreement may be terminated in certain circumstances that would require Lawson to pay a termination fee of up to \$4.0 million and/or (2) the Gexpro Services Merger Agreement may be terminated in certain circumstances that would require Lawson to pay a termination fee of up to \$6.0 million, the payment of which could cause significant liquidity issues for Lawson;
- adverse effects on the market price of Lawson common stock and on Lawson’s operating results because of a failure to complete the Transactions;
- the fact that, if the Transactions are completed, entities affiliated with LKCM will own a majority of the outstanding shares of Lawson common stock;

[Table of Contents](#)

- negative effects relating to the announcement of the Transactions or any further announcements relating to the Transactions or the pendency or consummation of the Transactions on the market price of Lawson common stock;
- unanticipated difficulties or expenditures relating to the Transactions;
- any problems arising in combining the businesses of Lawson, TestEquity and Gexpro Services, which may result in the Combined Company not operating as effectively and efficiently as expected;
- the risk that shareholder litigation in connection with the Transactions may result in significant costs of defense, indemnification and liability;
- disruptions of current plans and operations caused by the announcement and pendency of the Transactions, including risks related to the Transactions diverting Lawson management's or employees' attention from our ongoing business operations;
- any disruption caused by the announcement of the Transaction Agreements on employees, customers and suppliers or Lawson, TestEquity or Gexpro Services;
- the response of customers, distributors, suppliers and competitors to the announcement of the Transactions;
- the effect of the COVID-19 virus on the overall economy, demand for Lawson's, TestEquity's and/or Gexpro Services' products and Lawson's, TestEquity's and/or Gexpro Services' respective supply chains, employees and operating results;
- the effect of general economic and market conditions;
- the ability to generate sufficient cash to fund Lawson's, TestEquity's and/or Gexpro Services' operating requirements;

As of the close of business on the record date, there were 9,363,093 shares of Lawson common stock outstanding and entitled to vote at the Lawson special meeting. Each share of common stock is entitled to one vote on each proposal.

The list of Lawson stockholders of record entitled to vote at the Lawson special meeting will also be made available for inspection by any Lawson stockholder during the Lawson special meeting via the Lawson special meeting website.

Quorum; Abstentions and Broker Non-Votes

A quorum of Lawson stockholders is necessary to hold a valid meeting. The presence at the Lawson special meeting, in person (including virtually via the Lawson special meeting website) or by proxy, of the holders of a majority of the total voting power of all outstanding shares of Lawson common stock entitled to vote at the Lawson special meeting constitutes a quorum. Shares of Lawson common stock represented at the Lawson special meeting by attendance via the Lawson special meeting website or represented by proxy, whether or not such shares are voted (including shares for which a Lawson stockholder directs an “abstention” from voting), will be counted as present for purposes of determining a quorum.

Under applicable stock exchange rules, banks, brokers or other nominees who hold shares in “street name” on behalf of the beneficial owner of such shares have the authority to vote such shares in their discretion on certain “routine” proposals when they have not received voting instructions from the beneficial owners. However, banks, brokers or other nominees are not allowed to exercise their voting discretion with respect to matters that under applicable stock exchange rules are “non-routine.” A so-called “broker non-vote” results when a bank, broker or other nominee returns a valid proxy voting on one or more “routine” matters to be voted on at a stockholders meeting but does not vote on a particular “non-routine” matter because the bank, broker or other nominee does not have discretionary authority to vote on such “non-routine” matter without voting instructions from the beneficial owner of the shares and has not received voting instructions on such “non-routine” matter from the beneficial owner of the shares. All of the Lawson Proposals are considered “non-routine” matters under applicable stock exchange rules, and therefore banks, brokers or other nominees who hold shares in “street name” on behalf of the beneficial owner will not have discretionary authority to vote on any matter at the Lawson special meeting. As a result, Lawson does not expect any broker non-votes at the Lawson special meeting, and if you hold your shares in “street name” Lawson expects that your shares will not be represented (and thus not counted as present for purposes of determining the existence of a quorum) at the Lawson special meeting and will not be voted unless you instruct your bank, broker or other nominee how to vote your shares in accordance with the voting instructions provided by your bank, broker or other nominee. It is therefore critical that you cast your vote by instructing your bank, broker or other nominee on how to vote.

Required Vote

TestEquity Transactions Proposal and Gexpro Services Transactions Proposal

Assuming a quorum is present, approval of each of the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal requires (1) the affirmative vote of the holders of a majority of the total votes of shares of Lawson common stock cast on such matter in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), as required by Rule 5635(a) of the Nasdaq Listing Rules, (2) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), in accordance with the Lawson Bylaws, and (3) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person (including

virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), pursuant to the terms of the Merger Agreements.

An abstention will have the same effect as a vote “AGAINST” the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal, as applicable. Assuming that a quorum is present (and assuming the presence in person (including virtually via the Lawson special meeting website) or by proxy of a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties), any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

Transaction-Related Compensation Proposal

Assuming a quorum is present, approval of the Transaction-Related Compensation Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof).

An abstention will have the same effect as a vote “AGAINST” the Transaction-Related Compensation Proposal. Assuming that a quorum is present, any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the Transaction-Related Compensation Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

Adjournment Proposal

If a quorum is present, approval of the Adjournment Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof). If a quorum is not present, approval of the Adjournment Proposal requires the affirmative vote of the majority of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting and entitled to vote on the subject matter.

An abstention will have the same effect as a vote “AGAINST” the Adjournment Proposal. Any shares not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (including if such non-presence is due to the failure of a Lawson stockholder who holds shares in “street name” through a bank, broker or other nominee to provide any voting instructions to such bank, broker or other nominee) will have no effect on the outcome of the vote on the Adjournment Proposal. As discussed above, Lawson does not expect any broker non-votes at the Lawson special meeting.

Methods of Voting

Stockholders of Record

If you are a Lawson stockholder of record, you may vote by submitting a proxy through the Internet, by telephone or by mail, or by attending the Lawson special meeting and voting via the Lawson special meeting website, as described below:

- **By Internet:** You may submit your proxy by Internet by visiting the Internet address set forth on your proxy card and following the instructions set forth on your proxy card;
- **By Telephone:** You may submit your proxy by calling the toll-free telephone number located on your proxy card and following the recorded instructions;
- **By Mail:** If you have received a paper copy of the proxy materials by mail, you may submit your proxy by completing, signing, dating and mailing your proxy card in the postage-paid envelope provided to you with your proxy materials; or
- **Via the Lawson Special Meeting Website:** You may vote by Internet during the Lawson special meeting by attending the Lawson special meeting via the Lawson special meeting website and voting during the meeting. Stockholders who plan to attend the Lawson special meeting will need the control number included on their proxy card in order to access the Lawson special meeting website and to attend and vote thereat.

If you are a Lawson stockholder of record, your proxy submitted over the Internet or by telephone must be received before the closing of the voting facilities at the Lawson special meeting in order to be counted, and your proxy submitted by U.S. mail must be received by 5:00 p.m. Eastern time on March 14, 2022 (one business day prior to the Lawson special meeting) in order to be counted.

Unless properly and timely revoked in one of the manners described below in the section entitled “The Lawson Special Meeting—Revocability of Proxies,” all duly executed proxies representing shares of Lawson common stock entitled to vote at the Lawson special meeting will be voted at the Lawson special meeting and, where a choice has been specified on the proxy, will be voted in accordance with such specification. By executing and delivering a proxy in connection with the Lawson special meeting, you designate certain persons identified therein as your proxies at the Lawson special meeting. If you submit a duly executed proxy without an indication as to how the shares of Lawson common stock represented are to be voted with regard to a particular proposal, the underlying shares of Lawson common stock represented by such proxy will be voted on such uninstructed proposal in accordance with the recommendation of the Lawson board of directors on such proposal. Lawson does not expect that any matter other than the Lawson Proposals will be brought before the Lawson special meeting.

Even if you plan to virtually attend the Lawson special meeting, Lawson encourages you to vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Lawson special meeting.

Street Name Stockholders

If you hold your shares of Lawson common stock through a bank, broker or other nominee in “street name” instead of as a stockholder of record, you must follow the voting instructions on the voting instruction form provided by your bank, broker or other nominee for how to vote in order to vote your shares without attending the Lawson special meeting. Your voting instructions must be received by your bank, broker or other nominee prior to the deadline set forth in the instructions from your bank, broker or other nominee on how to submit voting instructions. If you do not provide voting instructions to your bank, broker or other nominee with respect to a proposal, your shares of Lawson common stock will not be voted on that proposal as your bank, broker or other nominee does not have discretionary authority to vote on the TestEquity Transactions Proposal, the Gexpro Services Transactions Proposal, the Transaction-Related Compensation Proposal or the Adjournment Proposal (see the section entitled “The Lawson Special Meeting—Quorum; Abstentions and Broker Non-Votes”).

[Table of Contents](#)

If you hold your shares through a bank, broker or other nominee in “street name” (instead of as a stockholder of record) and want to attend and vote at the Lawson special meeting via the Lawson special meeting website, you will need to register in advance. To register, you must submit proof of your proxy power (legal proxy) reflecting your holdings of Lawson common stock along with your name and email address to Computershare. Requests for registration must be labeled as “Legal Proxy” and be received no later than 5:00 p.m. Eastern time on March 11, 2022 (two business days prior to the Lawson special meeting). You will receive a confirmation email from Computershare of your registration after Computershare receives your registration materials. Requests for registration by “street name” stockholders should be directed to Computershare via email at legalproxy@computershare.com, or via mail to Computershare, Lawson Products, Inc. Legal Proxy, P.O. Box 43001, Providence, Rhode Island 02940-3001.

Even if you plan to virtually attend the Lawson special meeting, Lawson encourages you to vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Lawson special meeting.

Adjournment

If a quorum is not present through attendance in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting, the Lawson stockholders entitled to vote at the Lawson special meeting, present in person (including virtually via the Lawson special meeting website) or by proxy, will have the power to adjourn the Lawson special meeting from time to time, without notice other than announcement at the meeting, until a quorum is present or represented. Furthermore, if a quorum is present at the Lawson special meeting but either (1) there are insufficient votes, or insufficient shares of Lawson common stock present, at the time of the Lawson special meeting to approve the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal or (2) additional time is needed to ensure that any supplement or amendment to this proxy statement is timely provided to Lawson stockholders, then Lawson stockholders may also be asked to vote on the Adjournment Proposal in order to adjourn the meeting. No notice of an adjourned meeting need be given if announcement of the adjourned meeting is made at the meeting at which the adjournment is taken, unless the adjournment is for more than 30 days or unless after the adjournment a new record date is fixed for the adjourned meeting, in which case a notice of the adjourned meeting will be given to each Lawson stockholder of record entitled to vote at the Lawson special meeting. If the Lawson special meeting is adjourned, Lawson stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use. At any subsequent reconvening of the Lawson special meeting, any business may be transacted as might have been transacted at the original meeting and all proxies will be voted in the same manner as the manner in which such proxies would have been voted at the original convening of the Lawson special meeting, except for any proxies that have been validly revoked prior to the time the proxy is voted at the reconvened meeting.

Revocability of Proxies

If you are a Lawson stockholder of record, you can change your vote or revoke your proxy at any time before your proxy is exercised at the Lawson special meeting by taking any of the following actions:

- Voting again with respect to the same shares of Lawson common stock via the Internet or by telephone as instructed on your proxy card before the closing of the voting facilities at the Lawson special meeting;
- Delivering to Lawson’s Corporate Secretary (at Lawson Products, Inc., 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois 60631) a signed written notice of revocation bearing a later date than the proxy, stating that the proxy is revoked, which notice of revocation must be received by Lawson no later than the close of business on March 14, 2022 (one business day before the Lawson special meeting);
- Submitting a subsequently dated, validly executed proxy card relating to the same shares of Lawson common stock that is received by Lawson no later than the close of business on March 14, 2022 (one business day before the Lawson special meeting); or

Table of Contents

- Attending the Lawson special meeting via the Lawson special meeting website and voting during the Lawson special meeting. Simply logging into the Lawson special meeting website will not, by itself, revoke your proxy.

If your shares are held in “street name” and you previously provided voting instructions to your bank, broker or other nominee, you may revoke or change any prior voting instructions by following the instructions provided by your broker, bank or other nominee to revoke or change your voting instructions. If your shares are held in “street name,” you may also change your vote by attending the Lawson special meeting and voting your shares at the Lawson special meeting via the Lawson special meeting website. However, if your shares are held in “street name” and you want to attend and vote at the Lawson special meeting via the Lawson special meeting website, you will need to register in advance and provide a “legal proxy” from your broker, bank or other nominee as described above in the section entitled “—Methods of Voting—Street Name Stockholders.”

Proxy Solicitation Costs

The enclosed proxy card is being solicited by Lawson and the Lawson board of directors. In addition to solicitation by mail, Lawson’s directors, officers and employees may solicit proxies in person, by phone or by electronic means. These persons will not be specifically compensated for conducting such solicitation.

Lawson has retained Morrow Sodali LLC to assist in the solicitation process. Lawson estimates that it will pay Morrow Sodali LLC a fee of approximately \$10,000, as well as reasonable and customary documented expenses.

Lawson will ask banks, brokers and other nominees to forward the proxy solicitation materials to the beneficial owners of shares of Lawson common stock held of record by such nominee holders. Lawson will reimburse these nominee holders for their customary clerical and mailing expenses incurred in forwarding the proxy solicitation materials to the beneficial owners.

Tabulation of Votes

Lawson will appoint an independent inspector of elections to tabulate the votes cast at the Lawson special meeting.

Other Information

The matters to be considered at the Lawson special meeting are of great importance to the Lawson stockholders. Accordingly, you are urged to read and carefully consider the information contained in or incorporated by reference into this proxy statement and submit your proxy over the Internet, by telephone or completing, dating, signing and promptly returning the enclosed proxy card in the enclosed postage-paid envelope. **If you submit your proxy over the Internet or by telephone, you do not need to return the enclosed proxy card by mail.**

Representatives of BDO USA, LLP, Grant Thornton, LLP or RSM US LLP are not expected to be present at the Lawson special meeting, will not have an opportunity to make a statement and will not be available to respond to questions at the Lawson special meeting.

Important Notice Regarding the Availability of Proxy Materials for the Lawson Special Meeting to be Held on March 15, 2022

A copy of this proxy statement is available, without charge, by written request to Lawson (Attention: Corporate Secretary) or the proxy solicitor at the address listed in the section entitled “Where You Can Find More Information,” or from the SEC website at www.sec.gov.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy requirements for proxy statement with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies. Lawson and some brokers may “household” proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from Lawson or your broker that Lawson or your broker will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account, or Lawson if you hold shares directly in your name. Written requests should be made to Lawson Products, Inc., 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois 60631, Attention: Corporate Secretary, and oral requests may be made by calling Lawson’s Corporate Secretary at (773) 304-5050.

Vote of Lawson’s Directors and Executive Officers

As of January 31, 2022, Lawson directors, executive officers, and their respective affiliates, as a group, beneficially held and were entitled to vote 4,690,926 shares of Lawson common stock, representing approximately 51.5% of the voting power of Lawson common stock.

Lawson currently expects that all of its directors and executive officers will vote their shares “**FOR**” the TestEquity Transactions Proposal, “**FOR**” the Gexpro Services Transactions Proposal, “**FOR**” the Transaction-Related Compensation Proposal and “**FOR**” the Adjournment Proposal, although none of the Lawson directors or officers has entered into any agreement to do so (except that LKCM has entered into the Voting Agreement with Lawson).

Results of the Lawson Special Meeting

Within four business days following the Lawson special meeting, Lawson intends to file the final voting results with the SEC on a Current Report on Form 8-K. If the final voting results have not been certified within that four-business day period, Lawson intends to report the preliminary voting results on a Current Report on Form 8-K at that time and file an amendment to the Current Report on Form 8-K to report the final voting results within four days after the date that the final results are certified.

THE TRANSACTIONS

Overview of the Transactions

On December 29, 2021, Lawson, TestEquity, Gexpro Services and certain of their respective affiliates entered into the Merger Agreements in respect of the proposed combinations of TestEquity and Gexpro Services with Lawson. The Merger Agreements provide for (a) the merger, pursuant to the TestEquity Merger Agreement, of Merger Sub 1 with and into TestEquity, with TestEquity surviving as a wholly-owned subsidiary of Lawson and (b) the merger, pursuant to the Gexpro Services Merger Agreement, of Merger Sub 2 with and into Gexpro Services, with Gexpro Services surviving as a wholly-owned subsidiary of Lawson. Each Merger is intended to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code. Lawson expects that the Mergers, if completed, will be consummated substantially concurrently.

In consideration for the Mergers, Lawson has agreed to issue up to an aggregate of 12,000,000 shares of Lawson common stock as follows:

- **TestEquity Merger:** In respect of the TestEquity Merger, 3,300,000 shares of Lawson common stock would be issued to the TestEquity Equityholder upon the closing of the TestEquity Merger, and up to an additional 700,000 shares of Lawson common stock would potentially be issuable to the TestEquity Equityholder on or after the closing date of the TestEquity Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the TestEquity Merger Agreement. For a summary of such earnout mechanisms in the TestEquity Merger Agreement, see the sections entitled “The Transactions—Holdback Shares and Earnout” and “The TestEquity Merger Agreement—Holdback Shares and Earnout.”
- **Gexpro Services Merger:** In respect of the Gexpro Services Merger, 7,000,000 shares of Lawson common stock would be issued to the Gexpro Services Stockholder upon the closing of the Gexpro Services Merger, and up to an additional 1,000,000 shares of Lawson common stock would potentially be issuable to the Gexpro Services Stockholder on or after the closing date of the Gexpro Services Merger upon satisfaction of the conditions of, and in accordance with, two earnout mechanisms contained in the Gexpro Services Merger Agreement. For a summary of such earnout mechanisms in the Gexpro Services Merger Agreement, see the sections entitled “The Transactions—Holdback Shares and Earnout” and “The Gexpro Services Merger Agreement—Holdback Shares and Earnout.”

Entities affiliated with LKCM and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 82% of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of the Pre-Closing TestEquity Reorganization and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger). Entities affiliated with LKCM and Mr. King, including private investment partnerships for which LKCM serves as investment manager, beneficially own approximately 79% of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will be entitled to receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger).

The TestEquity Merger Agreement contemplates that various of the parties thereto will enter into and/or deliver in connection with the TestEquity Merger various related agreements, which are described in greater detail elsewhere in this proxy statement. These related agreements are the Registration Rights Agreement (which will give the TestEquity Equityholder and the Gexpro Services Stockholder certain registration rights with respect to the shares they will receive in the Mergers), the TestEquity Release (pursuant to which TestEquity will release certain liabilities and claims) and the TestEquity Equityholder Release (pursuant to which the TestEquity Equityholder will release certain liabilities and claims).

The Gexpro Services Merger Agreement contemplates that various of the parties thereto will enter into and/or deliver in connection with the Gexpro Services Merger various related agreements, which are described in

greater detail elsewhere in this proxy statement. These related agreements are the Registration Rights Agreement (which will give the TestEquity Equityholder and the Gexpro Services Stockholder certain registration rights with respect to the shares they will receive in the Mergers), the Gexpro Services Release (pursuant to which Gexpro Services will release certain liabilities and claims) and the Gexpro Services Stockholder Release (pursuant to which the Gexpro Services Stockholder will release certain liabilities and claims).

On December 28, 2021, the last business day prior to the public announcement of the execution of the Merger Agreements, the closing price of Lawson common stock on NASDAQ was \$48.39 per share. Based on such share price, the value attributable to the shares of Lawson common stock issuable and potentially issuable in the Mergers would have been as set forth in the following illustrative table:

Lawson stockholders are advised to obtain current market prices for Lawson common stock. Changes in the market price of Lawson common stock prior to the completion of the Mergers will affect the market value of the shares of Lawson common stock that will be issuable and potentially issuable as consideration in the Mergers.

Holdback Shares and Earnout

The TestEquity Merger Agreement provides that the TestEquity Equityholder's right to receive a portion of the TestEquity Merger Consideration equal to the TE Holdback Shares (as defined in the section entitled "The TestEquity Merger Agreement— Holdback Shares and Earnout" and means 700,000 shares of Lawson common stock) shall be subject to the terms and conditions of the earnout provisions of the TestEquity Merger Agreement, which are summarized below. The Gexpro Services Merger Agreement provides that the Gexpro Services Stockholder's right to receive a portion of the Gexpro Services Merger Consideration equal to the GS Holdback Shares (as defined in the section entitled "The Gexpro Services Merger Agreement— Holdback Shares and Earnout" and means 1,000,000 shares of Lawson common stock) shall be subject to the terms and conditions of the earnout provisions of the Gexpro Services Merger Agreement, which are summarized below. The TE Holdback Shares and the GS Holdback Shares shall be held by Lawson until released to the TestEquity Equityholder or Gexpro Services Stockholder, respectively, or forfeited in accordance with the terms of the TestEquity Merger Agreement and the Gexpro Services Merger Agreement, respectively.

The TestEquity Merger Agreement generally provides that the TE Holdback Shares shall first be eligible for release to the TestEquity Equityholder based on a formula dependent in part on the amount of TE Accretion (as defined in the section entitled "The TestEquity Merger Agreement—Holdback Shares and Earnout") attributable to a specified potential TE Acquisition (as defined in the section entitled "The TestEquity Merger Agreement—

[Table of Contents](#)

Holdback Shares and Earnout”) if consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing of the TestEquity Merger. The Gexpro Services Merger Agreement generally provides that the GS Holdback Shares shall first be eligible for release to the Gexpro Services Stockholder based on a formula dependent in part on the amount of GS Accretion (as defined in the section entitled “The Gexpro Services Merger Agreement—Holdback Shares and Earnout”) attributable to one or more of three specified potential GS Acquisitions (as defined in the section entitled “The Gexpro Services Merger Agreement—Holdback Shares and Earnout”) if consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing of the Gexpro Services Merger. Entry into definitive agreements with respect to the TE Acquisition and/or any GS Acquisition shall be subject to approval thereof by a committee of the Lawson board of directors comprised solely of independent directors.

The TestEquity Merger Agreement provides that if, following the final determination of TE Holdback Shares to be released in accordance with the provisions summarized in the foregoing paragraph, there remain any TE Holdback Shares, then the amount of any such remaining TE Holdback Shares to be issued and delivered to the TestEquity Equityholder shall be determined using the TE Earnout Formula, which is generally based on, among other things, the TE EBITDA Delta (which means the increase, if any, in TE EBITDA for TestEquity’s 2022 fiscal year (calendar year 2022) over TE EBITDA for TestEquity’s 2021 fiscal year (calendar year 2021)) and Lawson’s Trading EBITDA Multiple as of December 31, 2022 (in each case, as such terms are defined in the section entitled “The TestEquity Merger Agreement—Holdback Shares and Earnout”). The Gexpro Services Merger Agreement provides that if, following the final determination of GS Holdback Shares to be released in accordance with the provisions summarized in the foregoing paragraph, there remain any GS Holdback Shares, then the amount of any such remaining GS Holdback Shares to be issued and delivered to the Gexpro Services Stockholder shall be determined using the GS Earnout Formula, which is generally based on, among other things, the GS EBITDA Delta (which means the increase, if any, in GS EBITDA for Gexpro Services’ 2022 fiscal year (calendar year 2022) over GS EBITDA for Gexpro Services’ 2021 fiscal year (calendar year 2021)) and Lawson’s Trading EBITDA Multiple as of December 31, 2022 (in each case, as such terms are defined in the section entitled “The Gexpro Services Merger Agreement—Holdback Shares and Earnout”).

Each of the Merger Agreements provides that Lawson and its affiliates (including, after the closing, TestEquity and Gexpro Services) are prohibited from taking actions (subject to certain limited exceptions) the sole intention and purpose of which is reducing the respective amount of TE Holdback Shares or GS Holdback Shares released. The TestEquity Merger Agreement also provides that all of the TE Holdback Shares shall be released to the TestEquity Equityholder upon the occurrence of a TE Transaction Event (as defined in the section entitled “The TestEquity Merger Agreement—Holdback Shares and Earnout”) or certain bankruptcy or insolvency events with respect to Lawson during the earnout period set forth in the TestEquity Merger Agreement. The Gexpro Services Merger Agreement also provides that all of the GS Holdback Shares shall be released to the Gexpro Services Stockholder upon the occurrence of a GS Transaction Event (as defined in the section entitled “The Gexpro Services Merger Agreement—Holdback Shares and Earnout”) or certain bankruptcy, insolvency or similar events with respect to Lawson during the earnout period set forth in the Gexpro Services Merger Agreement.

See the sections entitled “The TestEquity Merger Agreement—Holdback Shares and Earnout” and “The Gexpro Services Merger Agreement—Holdback Shares and Earnout” for more information.

Pre-Closing TestEquity Reorganization

The TestEquity Merger Agreement provides that, prior to the closing of the TestEquity Merger, various entities affiliated with TestEquity will complete the Pre-Closing TestEquity Reorganization. As of the date of signing of the TestEquity Merger Agreement, the TestEquity Equityholder owned all of the outstanding equity interests of TestEquity Investors, which in turn owned all of the outstanding equity interests of TestEquity Holdings, which in turn owned all of the outstanding equity interests of TestEquity.

[Table of Contents](#)

Other than the ownership of the equity interests described in the prior paragraph, neither TestEquity Investors nor TestEquity Holdings holds any significant assets. In addition, neither TestEquity Investors nor TestEquity Holdings has any significant liabilities.

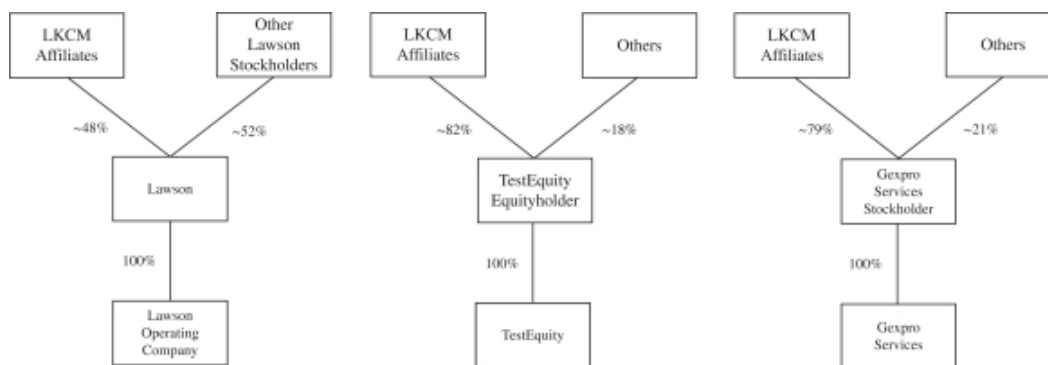

In the Pre-Closing TestEquity Reorganization, among other things (i) TestEquity Holdings will contribute to TestEquity all of TestEquity Holdings' assets and liabilities, and (ii) thereafter, TestEquity Investors will merge with and into TestEquity, with TestEquity surviving as a wholly-owned subsidiary of the TestEquity Equityholder. Upon the completion of the Pre-Closing TestEquity Reorganization, the TestEquity Equityholder will directly own all of the outstanding equity interests of TestEquity, and TestEquity will be the successor by merger to all of the assets and liabilities of TestEquity Investors.

Ownership of Lawson Following the Transactions

As of January 31, 2022, entities affiliated with LKCM and Mr. King beneficially owned in the aggregate approximately 48% of the outstanding shares of Lawson common stock. After giving pro forma effect to the issuance of shares of Lawson common stock in connection with the Mergers, entities affiliated with LKCM and Mr. King (including the TestEquity Equityholder and the Gexpro Services Stockholder) will beneficially own in the aggregate (1) approximately 75% of the outstanding shares of Lawson common stock (assuming the issuance of only the minimum aggregate number of shares of Lawson common stock issuable in connection with the Mergers) and (2) approximately 77% of the outstanding shares of Lawson common stock (assuming the issuance of the maximum aggregate number of shares of Lawson common stock issuable in connection with the Mergers, including the full issuance of the maximum earnout shares potentially issuable).

Set forth below are diagrams that graphically illustrate, in simplified form, the existing corporate structure (after giving effect to the Pre-Closing TestEquity Reorganization) and the corporate structure immediately following the completion of the Transactions.

Prior to the Transactions (but after the Pre-Closing TestEquity Reorganization)

After the Transactions
 (assuming issuance of only the minimum number of shares issuable in connection with the Mergers)

After the Transactions
 (assuming issuance of the maximum number of shares issuable in connection with the Mergers)

Background of the Transactions

The Lawson board of directors, in the ordinary course and consistent with its fiduciary duties and with frequent reports and other input from Lawson management, reviews, evaluates and oversees Lawson’s strategic direction, business and operations with a focus on generating long-term value for Lawson stockholders. In connection with such review, evaluation and oversight, the Lawson board of directors has also reviewed and assessed from time-to-time various potential strategic alternatives available to Lawson, including merger and acquisition transactions.

LKCM and its affiliates have been investors in Lawson for over eight years and hold a significant ownership interest in Lawson as discussed elsewhere in this proxy statement. LKCM principals and management and their affiliates regularly review strategic alternatives available to LKCM, its affiliates and their respective portfolio companies that meet the strategic and financial objectives of LKCM and its affiliates. J. Bryan King, a Principal of LKCM and Managing Partner of LKCM Headwater Investments (“**Headwater**”), the private-equity arm of LKCM, has served on the Lawson board of directors since 2017 and currently serves as Chairman of the Lawson

[Table of Contents](#)

board of directors. From time to time, LKCM and its affiliates have considered whether any of their portfolio companies would be strategic acquisition candidates for Lawson as part of their ongoing investment activities.

On March 10, 2021, the Lawson board of directors established by unanimous written consent the Special Committee, consisting of independent directors Andrew B. Albert, I. Steven Edelson and Lee S. Hillman, each of whom is unaffiliated with LKCM, TestEquity and Gexpro Services. Pursuant to the unanimous written consent, the Special Committee was delegated all of the power and authority of the Lawson board of directors, to the fullest extent permitted by law and the Lawson Bylaws, with respect to any review, consideration, deliberation, examination, investigation, analysis, assessment, evaluation, response and/or negotiation on behalf of Lawson of the acquisition of Gexpro Services and the amount and form of consideration for such acquisition, including related financing with respect thereto and any applicable refinancing of indebtedness of Lawson and Gexpro Services (which are referred to as the “**Delegated Transactions**”). The Special Committee’s power and authority included the power and authority on behalf of Lawson to (i) oversee and manage the process associated with Lawson’s evaluation and consideration of the Delegated Transactions, (ii) approve and make a recommendation to the Lawson board of directors with respect to the Delegated Transactions and (iii) determine any other necessary or advisable action of Lawson in furtherance of any of the foregoing. stockholder of Gexpro Services, based on LKCM's and its affiliates' computations of the relative implied equity values of the three companies based in part on multiples of estimated 2021 EBITDA of 13.17x for Lawson, 12.00x for TestEquity and 13.17x for Gexpro Services. In particular, Mr. Wallace noted that the forecast for Lawson had softened as compared to the forecast from the previous discussion and that Lawson no longer was in discussions to acquire the business that was previously identified.

Thereafter, on December 8, 2021, Mr. Hillman and Mr. Wallace discussed LKCM's and its affiliates' proposal from earlier that day, including the multiples used by LKCM and its affiliates' in their valuation and the fact that LKCM's and its affiliates' estimated 2021 EBITDA of TestEquity included two acquisitions under consideration by TestEquity.

Later in the day on December 8, 2021, Mr. Wallace, on behalf of LKCM and its affiliates, emailed to Mr. Hillman a revised proposal for an allocation of ownership of the combined company of 45.6% by legacy Lawson stockholders, 15.8% by the LKCM affiliate stockholder of TestEquity and 38.6% by the LKCM affiliate stockholder of Gexpro Services, based on LKCM's and its affiliates' computations of the relative implied equity values of the three companies based in part on a multiple of estimated 2021 EBITDA of 13.17x for each of Lawson, TestEquity and Gexpro Services, with such multiple in respect of TestEquity being applied to an estimated 2021 EBITDA for TestEquity that did not include the two acquisitions then under consideration by TestEquity. Mr. Wallace also proposed that, as a compromise for the TestEquity stockholder receiving less share consideration at closing, there would be a post-closing earnout whereby up to 700,000 additional shares of Lawson common stock would be issued to TestEquity's stockholder based on TestEquity's completion of board-approved acquisitions after the signing of a definitive agreement for Lawson's purchase of TestEquity and before the one-year anniversary of the closing of Lawson's business combination with TestEquity. LKCM's and its affiliates' proposed earnout would require, for each completed acquisition, the issuance of a number of additional shares of Lawson common stock based on a formula for the implied valuation of the acquisition as if it had occurred at the time of the closing of Lawson's business combination with TestEquity, with the maximum total earnout shares capped at 700,000.

On December 9, 2021, representatives of LKCM and its affiliates delivered to representatives of Lawson updated financial information for TestEquity.

Also on December 9, 2021, Mr. Hillman and Mr. Wallace discussed LKCM's and its affiliates' proposal from the previous night. Mr. Wallace, on behalf of LKCM and its affiliates, then emailed to Mr. Hillman a revised proposal for an earnout structure in connection with Lawson's potential business combination with TestEquity. LKCM's and its affiliates' revised earnout proposal contemplated that the LKCM affiliate stockholder of TestEquity would have the opportunity to earn up to an aggregate of 700,000 additional shares of Lawson common stock based on any one or more of three formulas—(1) for any board-approved acquisition completed by TestEquity within 120 days following the closing of Lawson's business combination with TestEquity: 13.17x less the EBITDA multiple paid by TestEquity in the acquisition, multiplied by the EBITDA acquired in the acquisition, divided by the moving average price of Lawson common stock over the 30 days prior to the signing of the definitive agreement for Lawson's business combination with TestEquity, (2) for any board-approved acquisition completed by TestEquity after 120 days following the closing of the Lawson's business combination with TestEquity: 13.17x less the EBITDA multiple paid by TestEquity in the acquisition, multiplied by the EBITDA acquired in the acquisition, divided by the moving average price of Lawson common stock over the 30 days prior to the closing of Lawson's business combination with TestEquity, and (3) for any additional EBITDA delivered by the TestEquity platform organically for 2022, a formula based in part on the increase in organic EBITDA for 2022 over 2021.

On December 10, 2021, the Special Committee held a meeting via videoconference. Representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, the Special Committee discussed the current proposal from LKCM and its affiliates and possible responses. The Special Committee adjourned the meeting to allow for a discussion

[Table of Contents](#)

with representatives of LKCM and its affiliates to occur to provide the Special Committee with additional information and clarification.

Later in the day on December 10, 2021, Mr. Hillman communicated to Mr. Wallace the Special Committee's views on LKCM's and its affiliates' latest proposals. Mr. Hillman and Mr. Wallace also discussed potential earnout structures whereby (i) in the case of Gexpro Services, if certain specified acquisitions by Gexpro Services were not completed prior to the closing of the Gexpro Services Merger, a specified number of shares payable as consideration for Lawson's business combination with Gexpro Services would be retained by Lawson until such acquisitions were either completed or not completed within a time frame to be determined, and (ii) in the case of TestEquity, a similar earnout structure would apply if TestEquity had executed letters of intent in respect of certain transactions prior to signing of a definitive agreement for Lawson's business combination with TestEquity, or alternatively, if TestEquity had not executed such letters of intent, an earnout structure tied to the increase in Lawson's organic EBITDA for 2022 over 2021 contributed by TestEquity.

Following this discussion and later in the day on December 10, 2021, the Special Committee reconvened its earlier meeting. At this meeting, the Special Committee members reached a general consensus to further consider and continue discussions with representatives of LKCM and its affiliates regarding a proposal based on the range of ownership by legacy Lawson stockholders of approximately 45% which was discussed at the Special Committee's meeting earlier that day, and including the treatment of identified potential transactions as discussed by Mr. Hillman and Mr. Wallace earlier that day as potentially covered by an earn-out structure.

Following this meeting, and later in the day on December 10, 2021, Mr. Hillman again spoke with Mr. Wallace. During those discussions, Mr. Hillman indicated that the Special Committee would consider the proposal under discussion further.

On December 11, 2021, Mr. Wallace, on behalf of LKCM and its affiliates, emailed to Mr. Hillman a revised purchase price proposal in connection with Lawson's potential business combinations with Gexpro Services and TestEquity. LKCM's and its affiliates' revised purchase price proposal contemplated that in the case of the Gexpro Services transaction: (1) Lawson would issue 8,000,000 shares of Lawson common stock at the closing, (2) if at least \$50 million of accretion via acquisitions was not delivered by Gexpro Services before or within 90 days of the closing of Lawson's business combination with Gexpro Services, Lawson would be able to claw back a number of shares equal to the amount of the accretion under \$50 million divided by the volume weighted average price of Lawson common stock price over the 30 days prior to the signing of the definitive agreement for Lawson's business combination with Gexpro Services, (3) such clawback shares would not exceed 1,000,000 and (4) in the event there were any clawback shares, such shares could be earned back by the LKCM affiliate stockholder of Gexpro Services under a formula based in part on the increase in Gexpro Services EBITDA for 2022 over 2021 contributed to Lawson, after adjusting for the pro forma effect of acquisitions and one-time operating costs associated with Lawson board-approved investments (and less the amount of any purchase price for any such acquisitions). A similar structure was proposed for the TestEquity transaction.

On December 13, 2021, Mr. Hillman and representatives of LKCM and its affiliates, held a teleconference. During this teleconference, the participants discussed the recent proposals communicated between the Special Committee and LKCM and its affiliates over the previous several days. Mr. Hillman, on behalf of the Special Committee, and representatives of LKCM and its affiliates discussed transaction structures in respect of TestEquity and Gexpro Services generally involving the following: (1) a specified number of shares of Lawson common stock would be issued to the LKCM affiliate stockholders of TestEquity and Gexpro Services at closing, (2) a specified number of shares would be held back (and not be issued as consideration) until and only if certain specified acquisitions were completed by TestEquity or Gexpro Services, as applicable, within 90 days after the completion of the business combinations with TestEquity and Gexpro Services and (3) if any of the held-back shares were not issued because of the failure to satisfy the provisions of the preceding clause (2), then the LKCM affiliate stockholders of TestEquity and Gexpro Services, as applicable, would have the ability to earn back such shares under a formula based in part on the increase in TestEquity EBITDA or Gexpro Services EBITDA, as

applicable, for 2022 over 2021 after adjusting for the pro forma effect of acquisitions and one-time operating costs associated with Lawson board-approved investments (less the amount of any purchase price for any acquisition). In particular, the participants discussed that the two Merger Agreements would each have separate provisions relating to the consideration to be issued at the closing of the Merger and with respect to any potential earn-out provisions. The participants also discussed various process and timing matters for the proposed transactions.

On December 17, 2021, the Special Committee held a meeting via videoconference. Representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, the Special Committee discussed the current proposal from LKCM and its affiliates and anticipated timing of the receipt of revised drafts of the Merger Agreements. The Special Committee also discussed an update to the anticipated timing of receiving a commitment letter for the debt financing required for the transactions.

On December 18, 2021, representatives of Mayer delivered revised drafts of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement to representatives of Jenner. The revised drafts of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement contained the new proposed terms of the Gexpro Services Merger and the TestEquity Merger, respectively, with the earnout structures. Representatives of Mayer also delivered a revised draft of the Voting Agreement to representatives of Jenner.

On December 20, 2021, representatives of Jenner discussed the terms of the Merger Agreements with representatives of Mayer and LKCM and its affiliates.

On December 21, 2021, the Special Committee held a meeting via videoconference. Representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, the Special Committee discussed the revised Merger Agreements in detail.

On December 22, 2021, Jenner sent a revised draft of the Gexpro Services Merger Agreement to representatives of Mayer.

On December 22, 2021, the board of directors of Gexpro Services held a meeting to consider and approve the Gexpro Services Merger Agreement and the transactions contemplated thereby. Also on December 22, 2021, the board of directors of TestEquity held a meeting to consider and approve the TestEquity Merger Agreement and the transactions contemplated thereby.

On December 23, 2021, representatives of Jenner sent a revised draft of the Voting Agreement to representatives of Mayer. Later in the day on December 23, 2021, representatives of the Special Committee, LKCM and its affiliates, Jenner and Mayer held a meeting via videoconference to discuss and resolve various open points on the draft Merger Agreements and the draft Voting Agreement, including the terms of the earn-out provisions.

On December 24, 2021, the Special Committee held a meeting via videoconference. Representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, Mr. Hillman and representatives from Jenner provided an update to the Special Committee about the negotiations on the Gexpro Services Merger Agreement and the TestEquity Merger Agreement. At this point, the representatives from Lawson management left the meeting. Cowen then reviewed with the Special Committee Cowen's preliminary financial analysis regarding the TestEquity Merger Consideration and the Gexpro Services Merger Consideration.

Following this meeting, later in the day on December 24, 2021, representatives of Jenner sent a revised draft of the registration rights agreement to representatives of Mayer.

On December 26, 2021, representatives of Mayer sent a revised draft of the Gexpro Services Merger Agreement, a revised draft of the TestEquity Merger Agreement and a revised draft of the Voting Agreement to representatives of Jenner.

Later in the day on December 26, 2021, representatives of Mayer sent further revised drafts of the Merger Agreements to representatives of Jenner.

On December 27, 2021, and continuing into December 28, 2021, representatives of Jenner and Mayer continued to exchange drafts of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement.

On December 28, 2021, the Special Committee held a meeting via videoconference. Representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, representatives from Jenner reviewed with the Special Committee certain legal considerations in connection with the potential transactions and reviewed the Special Committee's fiduciary duties under applicable law in the context of a transaction with a major stockholder. Representatives from Jenner also gave an overview of the terms of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement, as well as the related agreements contemplated thereby, and answered certain questions regarding the same from members of the Special Committee. The Special Committee then continued to discuss the revised Gexpro Services Merger Agreement in detail and the revised TestEquity Merger Agreement in detail, and the changes that had been made over the past several days. A further discussion of the Special Committee's fiduciary duties and the Merger Agreements ensued. Also at this meeting, Cowen reviewed with the Special Committee Cowen's financial analysis of the TestEquity Merger Consideration and the Gexpro Services Merger Consideration, as the case may be, and delivered separate oral opinions, each confirmed by delivery of a written opinion dated December 28, 2021, to the Special Committee to the effect that, based on and subject to the various assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken by Cowen as set forth in such opinions, as of December 28, 2021, (i) the TestEquity Merger Consideration to be paid by Lawson in the TestEquity Merger was fair, from a financial point of view, to Lawson and (ii) the Gexpro Services Merger Consideration to be paid by Lawson in the Gexpro Services Merger was fair, from a financial point of view, to Lawson. The members of the Special Committee also considered, among other matters, the matters described in the section of this proxy statement entitled "The Transactions—Lawson's Reasons for the Transactions; Recommendation of the Special Committee and the Lawson Board of Directors—The Special Committee." Following this discussion, the Special Committee unanimously (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Company Excluded Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby and (3) recommended that the Lawson board of directors approve, and recommend that Lawson's stockholders approve, the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

On December 28, 2021, the Lawson board of directors held a meeting via videoconference. All of the directors of Lawson, representatives from Lawson management, Jenner and Cowen, and the Consultant and the Strategic Advisor to the Special Committee also attended the meeting. At this meeting, representatives from Jenner gave an overview of the background of the discussions and negotiations between members of the Special Committee and its advisors, on the one hand, and LKCM and its affiliates and their advisors, on the other hand. Representatives from Jenner also reviewed with the Lawson board of directors certain legal considerations in connection with the potential transactions and reviewed the Lawson board of directors' fiduciary duties under applicable law in the context of a transaction with a major stockholder. Representatives from Jenner also gave an overview of the terms of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement, as well as the related agreements contemplated thereby, and answered certain questions regarding the same from members of the Lawson board of directors. Following this discussion, the Lawson board of directors (acting on

the recommendation of the Special Committee) by unanimous vote of the Lawson directors (except for Mr. King and Mark F. Moon, who recused themselves from the vote) (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, (3) directed that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers, be submitted to Lawson's stockholders for approval at a stockholders meeting and (4) resolved to recommend that Lawson's stockholders approve those matters at such stockholders meeting (with Messrs. King and Moon recusing themselves from the vote).

Following the approval by the Lawson board of directors, the parties and their representatives worked to finalize the Gexpro Services Merger Agreement and the related disclosure schedules and the TestEquity Merger Agreement and related disclosure schedules. On the morning of December 29, 2021, the Gexpro Services Merger Agreement and the TestEquity Merger Agreement were each executed. Thereafter, Lawson issued a press release publicly announcing the execution of the Gexpro Services Merger Agreement and the TestEquity Merger Agreement and related transactions.

Lawson's Reasons for the Transactions; Recommendation of the Special Committee and the Lawson Board of Directors

The Special Committee

On March 10, 2021, the Lawson board of directors established by unanimous written consent the Special Committee, consisting of independent directors Andrew B. Albert, I. Steven Edelson and Lee S. Hillman, each of whom is unaffiliated with LKCM, TestEquity and Gexpro Services. Pursuant to the unanimous written consent, the Special Committee was delegated all of the power and authority of the Lawson board of directors, to the fullest extent permitted by law and the Lawson Bylaws, with respect to any review, consideration, deliberation, examination, investigation, analysis, assessment, evaluation, response and/or negotiation on behalf of Lawson of the acquisition of Gexpro Services and the amount and form of consideration for such acquisition, including related financing with respect thereto and any applicable refinancing of indebtedness of Lawson and Gexpro Services (which are referred to as the "**Delegated Transactions**"). The Special Committee's power and authority included the power and authority on behalf of Lawson to (i) oversee and manage the process associated with Lawson's evaluation and consideration of the Delegated Transactions, (ii) approve and make a recommendation to the Lawson board of directors with respect to the Delegated Transactions and (iii) determine any other necessary or advisable action of Lawson in furtherance of any of the foregoing. The unanimous written consent also provided that the Delegated Transactions shall not be approved by the Lawson board of directors without the prior approval of the Special Committee, and gave the Special Committee the authority to select, retain and terminate in its sole discretion legal counsel and financial and other advisors as the Special Committee determined to be advisable.

On May 19, 2021, the Lawson board of directors, acting by unanimous written consent, resolved that TestEquity will be included in the Delegated Transactions (as defined above) in addition to Gexpro Services and that, except as so modified, the March 10, 2021 original unanimous written consent of the Lawson board of directors and all delegations to and rights of the Special Committee contained therein were confirmed in all respects.

On December 28, 2021, the Special Committee, consisting of independent and disinterested directors of Lawson, unanimously (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby and (3) recommended that the Lawson board of directors

approve, and recommend that Lawson's stockholders approve, the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

In evaluating the Mergers, the Special Committee, as described above in the section entitled "The Transactions—Background of the Transactions," held a number of meetings and consulted with Lawson's management and the Special Committee's advisors and, in reaching its determination and recommendation, considered a number of factors.

The various factors that the Special Committee considered that weighed positively in favor of its determination and recommendation included, among others and not necessarily in order of relative importance:

- the Special Committee's belief that the Mergers will advance Lawson's strategic objectives of expanding its offerings and services into the large, fragmented Industrial Distribution industry and thereby enhance Lawson's ability to create long-term value for its stockholders, including by:
 - enhancing Lawson's financial performance, including through revenue and earnings growth driven by acquisition opportunities, organic revenue growth opportunities and cost synergies expected to be available to the Combined Company;
 - (1) increasing Lawson's reach into the highly fragmented MRO/OEM distribution markets and broadening its service capabilities, including vendor management inventory, beyond Lawson's existing MRO focus, (2) enabling Lawson to establish a significant presence in the OEM distribution and electronic test and measurement equipment markets and leverage its existing service capabilities to additional end-customer markets and (3) providing Lawson with additional marketing channels, including to customers who prefer to order electronically via the internet versus Lawson's historical marketing channel of on-site sales representatives, with the objective that such expansion will enable Lawson to leverage Lawson's historical ability to generate positive cash flows across a broader array of business channels;
 - broadening Lawson's customer base and enabling the Combined Company to become a one-solution provider of OEM and MRO products across the combined customer base of Lawson, TestEquity and Gexpro Services;
 - utilizing the combined financial resources of Lawson, TestEquity and Gexpro Services to accelerate a Combined Company strategy of pursuing and completing acquisitions of additional attractive businesses; and
 - improving Lawson's product sourcing capabilities and providing Lawson additional combined purchasing power within overlapping suppliers;
- the Special Committee's expectation of cost synergies in connection with the Mergers, including as a result of increased size, economies of scale and elimination of redundancies after the Mergers, and the anticipated generation of additional future cost synergies through alignment of the businesses and operations of Lawson, TestEquity and Gexpro Services on a common infrastructure platform;
- the Special Committee's belief that the businesses and corporate cultures of Lawson, TestEquity and Gexpro Services are complementary and that the combination of the three companies can be completed in a timely and efficient manner with minimal disruption to employees and the experienced management teams in place at TestEquity and Gexpro Services;
- the Special Committee's expectation that, while the Lawson, TestEquity and Gexpro Services businesses are anticipated to operate under a holding company structure, the Combined Company will be able to leverage best practices, back-office resources and technologies across the three companies to help drive efficiencies, while continuing to provide exceptional service to their respective customers;
- the Special Committee's belief that LKCM and its affiliates, which will significantly increase their collective beneficial ownership interest in Lawson upon completion of the Mergers, will utilize their

experience and knowledge of the businesses of Lawson, TestEquity and Gexpro Services to continue to drive to improve the performance, strategic focus and enterprise value of the Combined Company;

- the relative profitability and enterprise values of TestEquity and Gexpro Services as compared to Lawson, and the equity split in the Transactions that would result in the TestEquity Equityholder and the Gexpro Services Stockholder receiving shares of Lawson common stock that will represent (1) approximately 17.0% and 36.1%, respectively, of the Combined Company (assuming issuance of only the minimum number of shares issuable in connection with the Mergers) and (2) approximately 18.9% and 37.9%, respectively, of the Combined Company (assuming issuance of the maximum number of shares issuable in connection with the Mergers);
- the separate opinions of Cowen, each dated December 28, 2021, to the Special Committee as to the fairness, from a financial point of view and as of the date of such opinions, to Lawson of (i) the TestEquity Merger Consideration to be paid by Lawson in the TestEquity Merger and (ii) the Gexpro Services Merger Consideration to be paid by Lawson in the Gexpro Services Merger, which opinions were based on and subject to the various assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken by Cowen set forth in such opinions as more fully described in the section entitled “The Transactions—Opinions of the Financial Advisor to the Special Committee;”
- the fact that the Merger Agreements were the product of extensive negotiations among the Special Committee and its advisors, on the one hand, and LKCM, TestEquity and Gexpro Services and their advisors, on the other hand, and contained terms and conditions that were, in the Special Committee’s view, fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties);
- the risks associated with continuing Lawson’s existing business and operations independent of TestEquity and Gexpro Services, including the competitive landscape of Lawson’s industry, the potential execution risks associated with Lawson’s strategic plan and the achievability of Lawson’s financial projections;
- the terms of the Merger Agreements, including:
 - the fact that the aggregate consideration to be paid by Lawson in the Transactions will be payable in shares of Lawson common stock;
 - the fact that the issuance of a portion of the TestEquity Merger Consideration and the Gexpro Services Merger Consideration is contingent on TestEquity and Gexpro Services, respectively, meeting various requirements under the terms of earnout mechanisms contained in the TestEquity Merger Agreement and the Gexpro Services Merger Agreement, respectively;
 - the non-waivable condition in each Merger Agreement that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers) must be approved by the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person or by proxy at the Lawson special meeting (or any adjournment thereof); and
 - the fact that, under certain circumstances, the Special Committee or the Lawson board of directors may amend, withdraw, modify or qualify its recommendation in response to certain intervening events with respect to Lawson, as more fully described in the section entitled “The TestEquity Merger Agreement—Stockholders Meeting; No Change in Lawson Recommendation; Fiduciary Exception” and “The Gexpro Services Merger Agreement—Stockholders Meeting; No Change in Lawson Recommendation; Fiduciary Exception;”

Table of Contents

- the anticipated ability to refinance the existing indebtedness of Lawson, TestEquity and Gexpro Services;
- the likelihood that the Transactions would be completed in light of, among other things, the closing conditions in the Merger Agreements and the relative likelihood of obtaining required regulatory approvals; and
- the business reputation and capabilities of TestEquity and Gexpro Services and their respective management teams.

The Special Committee also considered various factors relating to the procedural safeguards that it believed would ensure the fairness of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers) and permit the Special Committee to represent effectively the interests of Lawson's unaffiliated stockholders, including among others and not necessarily in order of relative importance:

- the fact that the Special Committee consists of independent and disinterested directors of Lawson who are independent of LKCM and the Excluded Company Parties, are not employees of TestEquity or Gexpro Services or any of its affiliates and have no financial interests in the Transactions different from, or in addition to, the interests of Lawson's unaffiliated stockholders, other than their interests described in the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions;"
- the fact that the Special Committee was advised by independent legal and financial advisors, each an experienced and qualified firm selected by the Special Committee, and the Special Committee's conclusion that each of the advisors were free of material conflicts and could provide impartial advice in connection with the proposed transactions;
- the fact that, as part of its review, the Special Committee considered Lawson's existing business and prospects if it did not combine with TestEquity and Gexpro Services;
- the fact that the Special Committee conducted thorough deliberations through more than 30 formal meetings regarding the Merger Agreements and the Mergers, the Share Issuances and the other contemplated transactions and alternatives thereto;
- the fact that the Special Committee was aware that it had no obligation to recommend any transaction and that the Special Committee had the authority to reject any proposals made by LKCM, TestEquity, Gexpro Services or their affiliates;
- the fact that the Special Committee made its evaluation of the Merger Agreements and the Mergers, the Share Issuances and other contemplated transactions with the full knowledge of the interests of LKCM, Mr. King and their affiliated entities in the Mergers, the Share Issuances and the other contemplated transactions; and
- the non-waivable condition in each Merger Agreement that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers) must be approved by the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person or by proxy at the Lawson special meeting (or any adjournment thereof).

The Special Committee also considered a variety of risks and other potentially negative factors concerning the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions

[Table of Contents](#)

contemplated thereby (including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers). These factors included the following, which are not necessarily listed in order of relative importance:

- the risk that, because the merger consideration involves a share-for-share exchange, the value of the merger consideration will not be determined until the Lawson shares are actually issued;
- the risk that, because the number of shares of Lawson common stock issuable in the Transactions is dependent on whether the terms and conditions of the earnout mechanisms in the Merger Agreements are satisfied, Lawson cannot be certain of the aggregate market value of the merger consideration issuable in connection with the Mergers until completion of the Transactions and determination whether any earnout targets have been achieved;
- the ownership dilution to current Lawson stockholders as a result of the issuance of a significant number of shares of Lawson common stock in connection with the Mergers;
- the possibility that the Transactions may not be completed on the terms or timeline currently contemplated or at all, including for reasons beyond the control of Lawson, TestEquity or Gexpro Services;
- the risk that failure to complete the Transactions could negatively affect the price of Lawson common stock and future business and financial results of Lawson, and could lead to negative perceptions among investors and other stakeholders;
- the potential risk of diverting management focus, employee attention and resources from other strategic opportunities and operational matters while working to complete the Transactions and successfully integrate Lawson, TestEquity and Gexpro Services under a holding company structure;
- the potential for increased employee attrition at Lawson, TestEquity and Gexpro Services during the period prior to and after the completion of the Mergers;
- the possibility that the increased revenues, earnings and efficiencies, and other anticipated benefits, expected to result from the Mergers may not be realized by the Combined Company on the expected timeframe or at all;
- the challenges of combining aspects of Lawson, TestEquity and Gexpro Services following the Mergers, including technical, financial, operational, accounting and other challenges;
- the fact that projections of future results of operations of Lawson, TestEquity and Gexpro Services are estimates based on assumptions, and not guarantees as to future financial performance, and the fact that the TestEquity Management Forecast and the Gexpro Services Management Forecast included projections of certain companies and businesses that were not owned by TestEquity and Gexpro Services, respectively, at the time of their preparation, as more fully described in the section entitled “The Transactions—Certain Lawson, TestEquity and Gexpro Services Unaudited Prospective Financial Information;”
- the risk that new financing arrangements for the Combined Company may not be available to the Combined Company on the terms contemplated or at all;
- the risk that the incurrence of additional indebtedness in connection with the Mergers could have adverse consequences on the Combined Company’s business and financial condition following the Mergers;
- the restrictions in the Merger Agreements on the conduct of Lawson’s business prior to closing of the Mergers;
- the requirements in the Merger Agreements that Lawson call and hold a vote of its stockholders to seek the required stockholder approvals in respect of the Transactions even in circumstances where the Special Committee or the Lawson board of directors has withdrawn or adversely changed its recommendation to the Lawson stockholders;

[Table of Contents](#)

- the fact that there can be no assurance that all of the conditions to the parties' obligations to complete the Mergers will be satisfied;
- the potential payment of termination fees that Lawson would be required to make in certain circumstances under the Merger Agreements;
- the costs to be incurred in connection with the Transactions, including the fees and expenses associated with completing such transactions;
- the risk that the necessary regulatory approvals for the Transactions may be delayed, conditioned or denied; and
- the possibility of litigation by Lawson stockholders in connection with the Transactions, and the potential expense and management distraction that may result from any such litigation.

In considering the determination and recommendation of the Special Committee, Lawson stockholders should be aware that some of Lawson's directors and executive officers have interests in the Mergers, the Share Issuances and the other contemplated transactions that are different from, or in addition to, the interests of Lawson's stockholders generally, as more fully described in the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions." The Special Committee was aware of these interests in making its determination and recommendation.

The Special Committee considered all of these factors, and other factors, as a whole, and, on balance, concluded that the potentially negative factors associated with the Merger Agreements, the Mergers, the Share Issuances and the other contemplated transactions were outweighed by the potential benefits that it expected the Lawson stockholders would achieve as a result of entering into the Merger Agreements and consummating the Transactions.

This discussion of the information and factors considered by the Special Committee is not intended to be exhaustive and may not include all of the factors considered. In view of the wide variety of factors considered in connection with its evaluation of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances), and the complexity of these matters, the Special Committee did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that the Special Committee considered in reaching its determination and recommendation. Rather, the Special Committee viewed its decision as based on the totality of the information presented to it and the factors it considered. In addition, individual members of the Special Committee may have given differing weights to different factors. It should be noted that this explanation of the reasoning of the Special Committee and certain other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements."

The Lawson Board of Directors

On December 28, 2021, the Lawson board of directors (acting on the recommendation of the Special Committee) by unanimous vote of the Lawson directors (except for Mr. King and Mr. Moon, who recused themselves from the vote) (1) determined that the terms of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby are fair to and in the best interests of Lawson and its stockholders (other than the Excluded Company Parties), (2) approved the execution, delivery and performance of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, (3) directed that the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers, be submitted to Lawson's stockholders for approval at a stockholders meeting and (4) resolved to recommend that Lawson's stockholders approve those matters at such stockholders meeting.

[Table of Contents](#)

In reaching its determination and recommendation, the Lawson board of directors took into account the factors described above considered by the Special Committee and the Special Committee's recommendation. In reaching its determination and recommendation, the Lawson board of directors also considered a number of other factors, including the following factors (which are not necessarily in order of relative importance):

- the fact that the consideration and negotiation of the Merger Agreements and the related agreements contemplated thereby was conducted entirely under the control and supervision of the Special Committee, which consists of independent and disinterested directors of Lawson who are independent of LKCM and the Excluded Company Parties, are not employees of TestEquity or Gexpro Services or any of its affiliates and have no financial interests in the Mergers, the Share Issuances and the other contemplated transactions different from, or in addition to, the interests of Lawson's unaffiliated stockholders, other than their interests described in the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions;"
- the independent control of the Special Committee of the transaction process following the Special Committee's formation, and the Special Committee's receipt of advice and assistance from its legal and financial advisors; and
- the process undertaken by the Special Committee, with the assistance of its advisors, in evaluating the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances), as described above in the section entitled "The Transactions—Background of the Transactions."

In considering the determination and recommendation of the Lawson board of directors, Lawson stockholders should be aware that some of Lawson's directors and executive officers have interests in the Mergers, the Share Issuances and the other contemplated transactions that are different from, or in addition to, the interests of Lawson's stockholders generally, as more fully described in the section entitled "The Transactions—Interests of Lawson Directors and Executive Officers in the Transactions." The Lawson board of directors was aware of these interests in making its determination and recommendation.

The Lawson board of directors considered all of these factors, and other factors, as a whole, and, on balance, concluded that the potentially negative factors associated with the Merger Agreements, the Mergers, the Share Issuances and the other contemplated transactions were outweighed by the potential benefits that it expected the Lawson stockholders would achieve as a result of entering into the Merger Agreements and consummating the Transactions.

This discussion of the information and factors considered by the Lawson board of directors is not intended to be exhaustive and may not include all of the factors considered. In view of the wide variety of factors considered in connection with its evaluation of the Merger Agreements, the related agreements contemplated by the Merger Agreements and the transactions contemplated thereby (including the Mergers and the Share Issuances), and the complexity of these matters, the Lawson board of directors did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that the Lawson board of directors considered in reaching its determination and recommendation. Rather, the Lawson board of directors viewed its decision as being based on the totality of the information presented to it and the factors it considered. In addition, individual members of the Lawson board of directors may have given differing weights to different factors. It should be noted that this explanation of the reasoning of the Lawson board of directors and certain other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements."

The Lawson board of directors recommends that Lawson stockholders vote "FOR" each of the Lawson Proposals.

Opinions of the Financial Advisor to the Special Committee

The Special Committee has engaged Cowen as its financial advisor in connection with the TestEquity Merger and the Gexpro Services Merger. In connection with this engagement, the Special Committee requested that Cowen evaluate the fairness, from a financial point of view, to Lawson of (i) the TestEquity Merger Consideration to be paid by Lawson in the TestEquity Merger and (ii) the Gexpro Services Merger Consideration to be paid by Lawson in the Gexpro Services Merger.

At a meeting of the Special Committee held on December 28, 2021, Cowen reviewed with the Special Committee Cowen's financial analysis of the TestEquity Merger Consideration and the Gexpro Services Merger Consideration, as the case may be, and delivered separate oral opinions, each confirmed by delivery of a written opinion dated December 28, 2021, to the Special Committee to the effect that, based on and subject to the various assumptions made, procedures followed, matters considered and limitations and qualifications on the review undertaken by Cowen as set forth in such opinions, as of December 28, 2021 (i) the TestEquity Merger Consideration to be paid by Lawson in the TestEquity Merger was fair, from a financial point of view, to Lawson and (ii) the Gexpro Services Merger Consideration to be paid by Lawson in the Gexpro Services Merger was fair, from a financial point of view, to Lawson. **The full text of the written opinions of Cowen, each dated December 28, 2021, are attached as [Annex D](#) and [Annex E](#) to this proxy statement and are incorporated herein by reference. The summaries of the written opinions of Cowen set forth herein are qualified in their entirety by reference to the full text of each such opinion. Cowen's analyses and opinions were prepared for and addressed to the Special Committee and are directed only to the fairness, from a financial point of view, to Lawson of the TestEquity Merger Consideration or the Gexpro Services Merger Consideration, as the case may be. Cowen's opinions did not in any way address the proportionate allocation of consideration between TestEquity and Gexpro Services or the relative fairness of the TestEquity Merger Consideration compared to the Gexpro Services Merger Consideration or vice versa, nor did Cowen's opinions address the relative merits of the TestEquity Merger or the Gexpro Services Merger, as the case may be, or any related transaction as compared to other business strategies or transactions that might be available to Lawson. The TestEquity Merger Consideration and the Gexpro Services Merger Consideration were determined through negotiations between the Special Committee and TestEquity or Gexpro Services, as the case may be, and Cowen's opinions do not constitute recommendations to the Special Committee, the Lawson board of directors, any securityholder or any other person as to how to vote or act with respect to the proposed TestEquity Merger, the proposed Gexpro Services Merger or otherwise.**

Opinion Regarding the TestEquity Merger Consideration. In connection with its opinion rendered in connection with the TestEquity Merger, Cowen reviewed and considered such financial and other matters as it deemed relevant, including, among other things:

- a draft, dated December 28, 2021, of the TestEquity Merger Agreement;
- certain financial information and operating data relating to TestEquity furnished to Cowen by the management of TestEquity;
- certain publicly available financial and other information for Lawson and certain other relevant financial and operating data furnished to Cowen by the management of Lawson;
- certain internal financial analyses, financial forecasts, reports and other information concerning TestEquity, including with respect to certain pending or planned acquisitions expected to be consummated by TestEquity, prepared by the management of TestEquity as reviewed and approved for Cowen's use and reliance by the Special Committee and the management of Lawson (referred to collectively in this section as the "**TestEquity Forecasts**");
- certain internal financial analyses, financial forecasts, reports and other information concerning Lawson prepared by the management of Lawson (referred to collectively in this section as the "**Lawson Forecasts**"), and the amounts and timing of the cost savings, revenue enhancements and

operational synergies and related expenses expected to result from the TestEquity Merger furnished to Cowen by the management of Lawson (referred to in this section as the “**TestEquity Expected Synergies**”), as reviewed and approved for Cowen’s use and reliance by the Special Committee;

- discussions Cowen had with certain members of the managements of TestEquity and Lawson, as the case may be, concerning the historical and current business operations, financial condition and prospects of TestEquity and Lawson, the TestEquity Expected Synergies and such other matters Cowen deemed relevant;
- certain operating results of TestEquity and Lawson as compared to the operating results of certain publicly traded companies Cowen deemed relevant;
- certain financial information for TestEquity and certain financial and stock market information for Lawson as compared with similar information for certain publicly traded companies Cowen deemed relevant;
- the relative contributions of TestEquity and Lawson to certain financial data of, and the relative implied equity ownership of TestEquity and Lawson in, the pro forma combined company utilizing the TestEquity Forecasts and the Lawson Forecasts; and
- such other information, financial studies, analyses and investigations and such other factors that Cowen deemed relevant for the purposes of its opinion.

In conducting its review and arriving at its opinion, Cowen, with the Special Committee’s consent, assumed and relied, without independent investigation, upon the accuracy and completeness of all financial and other information provided to Cowen by TestEquity and Lawson, respectively, or which was publicly available or was otherwise reviewed by Cowen. Cowen did not undertake any responsibility for the accuracy, completeness or reasonableness of, or independent verification of, such information. Cowen relied upon TestEquity’s and Lawson’s respective representations that all information provided to Cowen by TestEquity and Lawson, as the case may be, was accurate and complete in all material respects and Cowen expressly disclaimed any undertaking or obligation to advise any person of any change in any fact or matter affecting its opinion of which Cowen becomes aware after the date of Cowen’s opinion.

Cowen assumed, with the Special Committee’s consent, that the TestEquity Forecasts, the Lawson Forecasts and the TestEquity Expected Synergies were reasonably prepared by the managements of TestEquity and Lawson, as the case may be, on bases reflecting the best currently available estimates and good faith judgments of such managements as to the future performance of TestEquity, Lawson, the TestEquity Expected Synergies and the other matters covered thereby, and that the TestEquity Forecasts, the Lawson Forecasts and the TestEquity Expected Synergies utilized in Cowen’s analyses provide a reasonable basis for its opinion. Cowen also assumed, with the Special Committee’s consent, that the financial results reflected in the TestEquity Forecasts, the Lawson Forecasts and the TestEquity Expected Synergies would be realized in the amounts and at the times projected, including, without limitation, with respect to TestEquity’s pending and planned acquisitions, which Cowen assumed would be consummated as contemplated. Cowen further assumed that there would be no developments with respect to any such matters, or changes in the assessments of the managements of TestEquity and Lawson as to the existing products and services of, or the viability of and risks associated with the future products and services of, the target companies or businesses that are the subject of such pending and planned acquisitions, TestEquity or Lawson, that would have an adverse effect on TestEquity, Lawson or the TestEquity Merger (including the expected benefits thereof) or that otherwise would be meaningful in any respect to Cowen’s analyses or opinion. Cowen expressed no opinion as to the TestEquity Forecasts, the Lawson Forecasts, the TestEquity Expected Synergies or the assumptions on which they are based.

In addition, Cowen assumed, with the Special Committee’s consent, that there had been no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of TestEquity or Lawson since the dates of the last financial statements made available to Cowen. Cowen did not make or obtain any

independent evaluations, valuations or appraisals of the assets or liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of TestEquity, Lawson or any other entity, nor was Cowen furnished with such materials. Cowen did not conduct nor did Cowen assume any obligation to conduct any physical inspection of the properties or facilities of TestEquity, Lawson or any other entity. Cowen also did not evaluate the solvency or fair value of TestEquity, Lawson or any other entity under any state or federal laws relating to bankruptcy, insolvency or similar matters. Cowen assumed, with the Special Committee's consent, that the TestEquity Merger would qualify for the intended tax treatment contemplated by the TestEquity Merger Agreement. Cowen's opinion did not address any legal, tax, accounting or regulatory matters related to the TestEquity Merger Agreement or the TestEquity Merger, as to which Cowen assumed that Lawson, the Special Committee and the Lawson board of directors received such advice from legal, tax, accounting and regulatory advisors as each determined appropriate.

Cowen's opinion addressed only the fairness of the TestEquity Merger Consideration, from a financial point of view, to Lawson and did not in any way address the proportionate allocation of consideration between TestEquity and Gexpro Services or the relative fairness of the TestEquity Merger Consideration compared to the Gexpro Services Merger Consideration. Cowen expressed no view as to any other aspect or implication of the TestEquity Merger, including, without limitation, any holdback or related earnout arrangements (other than as expressly pertaining to the aggregate number of shares of Lawson common stock issuable as part of the TestEquity Merger Consideration), any reorganization transactions, any voting, registration rights or release agreements, any escrow or indemnification arrangement or any other agreement, arrangement or understanding entered into in connection with the TestEquity Merger or otherwise. Cowen's opinion was necessarily based upon economic and market conditions and other circumstances as they existed and could be evaluated by Cowen on the date of such opinion. It should be understood that although subsequent developments may affect Cowen's opinion, Cowen does not have any obligation to update, revise or reaffirm its opinion and Cowen expressly disclaims any responsibility to do so.

Cowen did not consider any potential legislative or regulatory changes currently being considered or recently enacted by the United States or any foreign government, or any domestic or foreign regulatory body, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the SEC, the Financial Accounting Standards Board, or any similar foreign regulatory body or board.

For purposes of rendering its opinion, with the Special Committee's consent, Cowen assumed in all respects material to its analyses that the representations and warranties of each party contained in the TestEquity Merger Agreement were true and correct, that each party would perform all of the covenants and agreements required to be performed by it under the TestEquity Merger Agreement and that all conditions to the consummation of the TestEquity Merger, including consummation of the Gexpro Services Merger, would be satisfied without waiver thereof. Cowen also assumed, with the Special Committee's consent, that the final form of the TestEquity Merger Agreement would be substantially similar to the draft reviewed by Cowen. Cowen further assumed, with the Special Committee's consent, that all governmental, regulatory and other consents and approvals contemplated by the TestEquity Merger Agreement would be obtained and that in the course of obtaining any of those consents no restrictions would be imposed or waivers made that would have an adverse effect on TestEquity, Lawson or the TestEquity Merger (including the contemplated benefits thereof). In addition, Cowen assumed, with the Special Committee's consent, that the TestEquity Merger would be consummated in a manner that complies with the applicable provisions of the Securities Act, the Exchange Act and all other applicable state or federal statutes, rules and regulations.

It was understood that Cowen's opinion was intended for the benefit and use of the Special Committee (in its capacity as such) in its evaluation of the TestEquity Merger Consideration. Cowen's opinion does not constitute a recommendation to the Special Committee, the Lawson board of directors, any securityholder or any other person as to how to vote or act with respect to the TestEquity Merger or otherwise. Cowen expressed no opinion as to the actual value, price or trading range of shares of Lawson common stock following announcement or consummation of the TestEquity Merger. Cowen was not requested to opine as to, and its opinion did not in

any manner address, Lawson's underlying business decision to effect the TestEquity Merger or any related transaction or the relative merits of the TestEquity Merger or any related transaction as compared to other business strategies or transactions that might be available to Lawson. In addition, Cowen was not requested to opine as to, and its opinion did not in any manner address, (i) the fairness of the amount or nature of the compensation to the officers, directors or employees, or class of such persons, of any parties to the TestEquity Merger relative to the TestEquity Merger Consideration or otherwise, (ii) the fairness of the TestEquity Merger or the TestEquity Merger Consideration to the holders of any class of securities, creditors or other constituencies of TestEquity or Lawson, or (iii) whether Lawson has sufficient cash, available lines of credit or other sources of funds to enable it to make required payments, including, without limitation, with respect to the repayment of TestEquity's indebtedness and payment of transaction expenses, on behalf of TestEquity at the closing of the TestEquity Merger as contemplated by the TestEquity Merger Agreement.

Opinion Regarding the Gexpro Services Merger Consideration. In connection with its opinion rendered in connection with the Gexpro Services Merger, Cowen reviewed and considered such financial and other matters as it deemed relevant, including, among other things:

- a draft, dated December 28, 2021, of the Gexpro Services Merger Agreement;
- certain financial information and operating data relating to Gexpro Services furnished to Cowen by the management of Gexpro Services;
- certain publicly available financial and other information for Lawson and certain other relevant financial and operating data furnished to Cowen by the management of Lawson;
- certain internal financial analyses, financial forecasts, reports and other information concerning Gexpro Services, including with respect to certain pending or planned acquisitions expected to be consummated by Gexpro Services, prepared by the management of Gexpro Services as reviewed and approved for Cowen's use and reliance by the Special Committee and the management of Lawson (referred to collectively in this section as the "**Gexpro Services Forecasts**");
- certain internal financial analyses, financial forecasts, reports and other information concerning Lawson prepared by the management of Lawson (referred to collectively in this section as the "**Lawson Forecasts**"), and the amounts and timing of the cost savings, revenue enhancements and operational synergies and related expenses expected to result from the Gexpro Services Merger furnished to Cowen by the management of Lawson (referred to in this section as the "**Gexpro Services Expected Synergies**"), as reviewed and approved for Cowen's use and reliance by the Special Committee;
- discussions Cowen had with certain members of the managements of Gexpro Services and Lawson, as the case may be, concerning the historical and current business operations, financial condition and prospects of Gexpro Services and Lawson, the Gexpro Services Expected Synergies and such other matters Cowen deemed relevant;
- certain operating results of Gexpro Services and Lawson as compared to the operating results of certain publicly traded companies Cowen deemed relevant;
- certain financial information for Gexpro Services and certain financial and stock market information for Lawson as compared with similar information for certain publicly traded companies Cowen deemed relevant;
- the relative contributions of Gexpro Services and Lawson to certain financial data of, and the relative implied equity ownership of Gexpro Services and Lawson in, the pro forma combined company utilizing the Gexpro Services Forecasts and the Lawson Forecasts; and
- such other information, financial studies, analyses and investigations and such other factors that Cowen deemed relevant for the purposes of its opinion.

In conducting its review and arriving at its opinion, Cowen, with the Special Committee's consent, assumed and relied, without independent investigation, upon the accuracy and completeness of all financial and other

information provided to Cowen by Gexpro Services and Lawson, respectively, or which was publicly available or was otherwise reviewed by Cowen. Cowen did not undertake any responsibility for the accuracy, completeness or reasonableness of, or independent verification of, such information. Cowen relied upon Gexpro Services' and Lawson's respective representations that all information provided to Cowen by Gexpro Services and Lawson, as the case may be, was accurate and complete in all material respects and Cowen expressly disclaimed any undertaking or obligation to advise any person of any change in any fact or matter affecting its opinion of which Cowen becomes aware after the date of Cowen's opinion.

Cowen assumed, with the Special Committee's consent, that the Gexpro Services Forecasts, the Lawson Forecasts and the Gexpro Services Expected Synergies were reasonably prepared by the managements of Gexpro Services and Lawson, as the case may be, on bases reflecting the best currently available estimates and good faith judgments of such managements as to the future performance of Gexpro Services, Lawson, the Gexpro Services Expected Synergies and the other matters covered thereby, and that the Gexpro Services Forecasts, the Lawson Forecasts and the Gexpro Services Expected Synergies utilized in Cowen's analyses provide a reasonable basis for its opinion. Cowen also assumed, with the Special Committee's consent, that the financial results reflected in the Gexpro Services Forecasts, the Lawson Forecasts and the Gexpro Services Expected Synergies would be realized in the amounts and at the times projected, including, without limitation, with respect to Gexpro Services' pending and planned acquisitions, which Cowen assumed would be consummated as contemplated. Cowen further assumed that there would be no developments with respect to any such matters, or changes in the assessments of the managements of Gexpro Services and Lawson as to the existing products and services of, or the viability of and risks associated with the future products and services of, the target companies or businesses that are the subject of such pending and planned acquisitions, Gexpro Services or Lawson, that would have an adverse effect on Gexpro Services, Lawson or the Gexpro Services Merger (including the expected benefits thereof) or that otherwise would be meaningful in any respect to Cowen's analyses or opinion. Cowen expressed no opinion as to the Gexpro Services Forecasts, the Lawson Forecasts, the Gexpro Services Expected Synergies or the assumptions on which they are based.

In addition, Cowen assumed, with the Special Committee's consent, that there had been no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of Gexpro Services or Lawson since the dates of the last financial statements made available to Cowen. Cowen did not make or obtain any independent evaluations, valuations or appraisals of the assets or liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of Gexpro Services, Lawson or any other entity, nor was Cowen furnished with such materials. Cowen did not conduct nor did Cowen assume any obligation to conduct any physical inspection of the properties or facilities of Gexpro Services, Lawson or any other entity. Cowen also did not evaluate the solvency or fair value of Gexpro Services, Lawson or any other entity under any state or federal laws relating to bankruptcy, insolvency or similar matters. Cowen assumed, with the Special Committee's consent, that the Gexpro Services Merger would qualify for the intended tax treatment contemplated by the Gexpro Services Merger Agreement. Cowen's opinion did not address any legal, tax, accounting or regulatory matters related to the Gexpro Services Merger Agreement or the Gexpro Services Merger, as to which Cowen assumed that Lawson, the Special Committee and the Lawson board of directors received such advice from legal, tax, accounting and regulatory advisors as each determined appropriate.

Cowen's opinion addressed only the fairness of the Gexpro Services Merger Consideration, from a financial point of view, to Lawson and did not in any way address the proportionate allocation of consideration between Gexpro Services and TestEquity or the relative fairness of the Gexpro Services Merger Consideration compared to the TestEquity Merger Consideration. Cowen expressed no view as to any other aspect or implication of the Gexpro Services Merger, including, without limitation, any holdback or related earnout arrangements (other than as expressly pertaining to the aggregate number of shares of Lawson common stock issuable as part of the Gexpro Services Merger Consideration), any voting, registration rights or release agreements, any escrow or indemnification arrangement or any other agreement, arrangement or understanding entered into in connection with the Gexpro Services Merger or otherwise. Cowen's opinion was necessarily based upon economic and market conditions and other circumstances as they existed and could be evaluated by Cowen on the date of such

opinion. It should be understood that although subsequent developments may affect Cowen's opinion, Cowen does not have any obligation to update, revise or reaffirm its opinion and Cowen expressly disclaims any responsibility to do so.

Cowen did not consider any potential legislative or regulatory changes currently being considered or recently enacted by the United States or any foreign government, or any domestic or foreign regulatory body, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the SEC, the Financial Accounting Standards Board, or any similar foreign regulatory body or board.

For purposes of rendering its opinion, with the Special Committee's consent, Cowen assumed in all respects material to its analyses that the representations and warranties of each party contained in the Gexpro Services Merger Agreement were true and correct, that each party would perform all of the covenants and agreements required to be performed by it under the Gexpro Services Merger Agreement and that all conditions to the consummation of the Gexpro Services Merger, including consummation of the TestEquity Merger, would be satisfied without waiver thereof. Cowen also assumed, with the Special Committee's consent, that the final form of the Gexpro Services Merger Agreement would be substantially similar to the draft reviewed by Cowen. Cowen further assumed, with the Special Committee's consent, that all governmental, regulatory and other consents and approvals contemplated by the Gexpro Services Merger Agreement would be obtained and that in the course of obtaining any of those consents no restrictions would be imposed or waivers made that would have an adverse effect on Gexpro Services, Lawson or the Gexpro Services Merger (including the contemplated benefits thereof). In addition, Cowen assumed, with the Special Committee's consent, that the Gexpro Services Merger would be consummated in a manner that complies with the applicable provisions of the Securities Act, the Exchange Act and all other applicable state or federal statutes, rules and regulations.

It was understood that Cowen's opinion was intended for the benefit and use of the Special Committee (in its capacity as such) in its evaluation of the Gexpro Services Merger Consideration. Cowen's opinion does not constitute a recommendation to the Special Committee, the Lawson board of directors, any securityholder or any other person as to how to vote or act with respect to the Gexpro Services Merger or otherwise. Cowen expressed no opinion as to the actual value, price or trading range of shares of Lawson common stock following announcement or consummation of the Gexpro Services Merger. Cowen was not requested to opine as to, and its opinion did not in any manner address, Lawson's underlying business decision to effect the Gexpro Services Merger or any related transaction or the relative merits of the Gexpro Services Merger or any related transaction as compared to other business strategies or transactions that might be available to Lawson. In addition, Cowen was not requested to opine as to, and its opinion did not in any manner address, (i) the fairness of the amount or nature of the compensation to the officers, directors or employees, or class of such persons, of any parties to the Gexpro Services Merger relative to the Gexpro Services Merger Consideration or otherwise, (ii) the fairness of the Gexpro Services Merger or the Gexpro Services Merger Consideration to the holders of any class of securities, creditors or other constituencies of Gexpro Services or Lawson, or (iii) whether Lawson has sufficient cash, available lines of credit or other sources of funds to enable it to make required payments, including, without limitation, with respect to the repayment of Gexpro Services' indebtedness and payment of transaction expenses, on behalf of Gexpro Services at the closing of the Gexpro Services Merger as contemplated by the Gexpro Services Merger Agreement.

Financial Analyses

The summary of the principal financial analyses described below under this heading "—Financial Analyses" is a summary of the material financial analyses performed by Cowen to arrive at its opinions. Some of the summaries of Cowen's financial analyses include information presented in tabular format. In order to fully understand the financial analyses, the tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. Considering the data set forth in the tables without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of the financial analyses.

[Table of Contents](#)

Cowen performed certain procedures, including each of the financial analyses described below, and reviewed with the Special Committee the assumptions on which such analyses were based and other factors, including the historical and projected financial results of Lawson and, as applicable, TestEquity and Gexpro Services.

For purposes of the financial analyses described below, the term (i) “EBITDA” refers to net income, plus interest expense, plus income tax, plus depreciation and amortization, (ii) “adjusted EBITDA” refers to EBITDA, plus stock-based compensation, plus non-recurring severance expenses, plus acquisition-related expenses, plus other non-recurring items and (iii) “unlevered free cash flow” refers to net income, plus interest expense, plus depreciation and amortization, plus/minus change in working capital, less capital expenditures. Additionally, for purposes of Cowen’s analyses and opinions, Cowen (i) assumed that the potential acquisition of the Potential TestEquity Acquiree by TestEquity and the potential acquisition of the Potential Gexpro Services Acquirees by Gexpro Services would be consummated as contemplated and that the shares of Lawson common stock to be held back in connection with the TestEquity Merger and the Gexpro Services Merger would be fully issued in connection with the TestEquity Merger and the Gexpro Services Merger, as applicable, and (ii) evaluated the implied value of the TestEquity Merger Consideration and the Gexpro Services Merger Consideration, as the case may be, and the implied equity value of Lawson, in each case utilizing the closing price for shares of Lawson common stock on December 27, 2021 of \$47.49 per share. Cowen’s opinions did not in any way address the proportionate allocation of consideration between TestEquity and Gexpro Services or the relative fairness of the Gexpro Services Merger Consideration compared to the TestEquity Merger Consideration or vice versa.

Selected Publicly Traded Companies Analyses. Cowen performed separate selected publicly traded companies analyses of TestEquity, Gexpro Services and Lawson in which Cowen reviewed certain financial data for TestEquity, Gexpro Services, Lawson and the selected publicly traded companies listed below.

TestEquity. In its selected publicly traded companies analysis of TestEquity, Cowen reviewed selected financial information of TestEquity and selected financial and stock market information of certain other companies the securities of which are publicly traded and that Cowen considered generally relevant for purposes of analysis as industrial distribution companies (collectively, the “**Selected Companies**”). These companies were:

- Applied Industrial Technologies, Inc.
- Fastenal Company
- MSC Industrial Direct Co., Inc.
- W.W. Grainger, Inc.
- Watsco, Inc.
- WESCO International, Inc.

The financial data reviewed included enterprise values, calculated as implied equity values based on closing stock prices on December 27, 2021 plus total debt and less cash and cash equivalents, as a multiple of calendar year 2021 and calendar year 2022 estimated adjusted EBITDA. Financial data of the Selected Companies were based on publicly available Wall Street research analysts’ estimates, public filings and other publicly available information. Financial data of TestEquity was based on the TestEquity Forecasts.

The overall low to high calendar year 2021 estimated adjusted EBITDA multiples observed for the Selected Companies was 9.4x to 26.9x (with mean, median and 25th percentile multiples of 16.3x, 15.4x and 12.5x, respectively) and the overall low to high calendar year 2022 estimated adjusted EBITDA multiples observed for the Selected Companies was 8.6x to 24.6x (with mean, median and 25th percentile multiples of 14.6x, 13.3x and 10.7x, respectively). Cowen then applied selected ranges of calendar year 2021 and calendar year 2022 estimated adjusted EBITDA multiples derived from the Selected Companies of 11.5x to 13.5x and 9.7x to 11.7x,

[Table of Contents](#)

respectively, to the calendar year 2021 and calendar year 2022 estimated EBITDA of TestEquity based on the TestEquity Forecasts.

This analysis indicated the following approximate implied equity value reference ranges for TestEquity, as compared to the implied value of the TestEquity Merger Consideration:

Implied Equity Value Reference Ranges Based On:		Implied Value of TestEquity Merger Consideration
2021E EBITDA	2022E EBITDA	
\$154.5—\$210.7 million	\$157.7—\$225.2 million	\$190.0 million

Although the Selected Companies were used for comparison purposes, none of those companies is directly comparable to TestEquity. Accordingly, an analysis of the results of such a comparison is not purely mathematical, but instead involves complex considerations and judgments concerning differences in historical and projected financial and operating characteristics of the Selected Companies and other factors that could affect the public trading or other values of the Selected Companies or TestEquity.

Gexpro Services. In its selected publicly traded companies analysis of Gexpro Services, Cowen reviewed selected financial information of Gexpro Services and selected financial and stock market information of the Selected Companies. The financial data reviewed included enterprise values, calculated as implied equity values based on closing stock prices on December 27, 2021 plus total debt and less cash and cash equivalents, as a multiple of calendar year 2021 and calendar year 2022 estimated adjusted EBITDA. Financial data of the Selected Companies were based on publicly available Wall Street research analysts' estimates, public filings and other publicly available information. Financial data of Gexpro Services was based on the Gexpro Services Forecasts. Cowen observed the same overall low to high, mean, median and 25th percentile calendar year 2021 and calendar year 2022 estimated adjusted EBITDA multiples for the Selected Companies as described above under the section entitled "—Selected Publicly Traded Companies Analyses—TestEquity." Miscellaneous

The summary set forth above does not purport to be a complete description of all the analyses performed by Cowen. The preparation of a fairness opinion involves various determinations as to the most appropriate and relevant methods of financial analysis and the application of these methods to the particular circumstances and, therefore, such an opinion is not readily susceptible to partial analysis or summary description. Cowen did not attribute any particular weight to any analysis or factor considered by it, but rather made qualitative judgments as to the significance and relevance of each analysis and factor. Accordingly, notwithstanding the separate factors summarized above, Cowen believes that its analyses must be considered as a whole and that selecting portions of its analyses and the factors considered by it, without considering all analyses and factors, could create an incomplete view of the process underlying its opinions. In performing its analyses, Cowen made numerous assumptions with respect to industry performance, business and economic conditions and other matters, many of

which are beyond the control of Lawson, TestEquity and Gexpro Services. The analyses performed by Cowen are not necessarily indicative of actual values or future results, which may be significantly more or less favorable than suggested by such analyses. In addition, analyses relating to the value of businesses do not purport to be appraisals or to reflect the prices at which businesses or securities may actually be sold. Accordingly, such analyses and estimates are inherently subject to uncertainty and are based upon numerous factors or events beyond the control of the parties or their respective advisors. None of Lawson, TestEquity, Gexpro Services, Cowen or any other person assumes responsibility if future results are materially different from those projected. The analyses performed by Cowen and its opinions were only one among many factors taken into consideration by the Special Committee in evaluating the TestEquity Merger Consideration and the Gexpro Services Merger Consideration, as the case may be, and should not be considered as determinative of the Special Committee's or the Lawson board of directors' decision with respect to the TestEquity Merger or the Gexpro Services Merger.

Cowen was selected by the Special Committee to render opinions to the Special Committee in connection with the TestEquity Merger and the Gexpro Services Merger because Cowen is a nationally recognized investment banking firm and because, as part of its investment banking business, Cowen is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes.

Cowen is acting as financial advisor to the Special Committee in connection with the TestEquity Merger and the Gexpro Services Merger, and will receive from Lawson for such services an aggregate fee of \$5.0 million, of which \$3.0 million was previously paid upon and during the course of Cowen's engagement and the remaining \$2.0 million was payable upon delivery of Cowen's opinions in connection with the TestEquity Merger and the Gexpro Services Merger. In addition, Lawson has agreed to reimburse Cowen's expenses, including fees and expenses of counsel, and indemnify Cowen for certain liabilities, including liabilities under federal securities laws, that may arise out of Cowen's engagement.

Although Cowen has not had a material relationship with Lawson, TestEquity or Gexpro Services during the two years preceding the date of Cowen's opinions, Cowen may provide services to Lawson, TestEquity, Gexpro Services and/or their respective affiliates in the future, for which services Cowen would expect to receive compensation. As the Special Committee was aware, certain affiliates of LKCM, an affiliate of significant stockholders of Lawson, TestEquity and Gexpro Services, are sales and trading customers of Cowen, for which services Cowen has received aggregate fees during the approximately two-year period prior to the date of Cowen's opinions of approximately \$35,000 and expects to receive compensation in the future. In addition, in the ordinary course of its business, Cowen and its affiliates may actively trade the securities of Lawson and/or its affiliates for their own account and for the accounts of their customers, and, accordingly, may at any time hold a long or short position in such securities. The issuance of Cowen's opinions was approved by Cowen's fairness opinion review committee.

Such summary is not included in this proxy statement in order to influence the voting decision of any Lawson stockholder on any of the Lawson Proposals to be voted on at the Lawson special meeting or to influence any Lawson stockholder to make any investment decision or otherwise act with respect to the Transactions or any other matter.

The Lawson Management Forecast is based solely upon information available to Lawson’s management at the time of its preparation, is based on estimates and assumptions made by Lawson’s management prior to and/or at the time of its preparation, and speaks only as of that time. Furthermore, the Lawson Management Forecast does not necessarily reflect Lawson’s current estimates, and some or all of the underlying assumptions may have changed since the time of its preparation. The Lawson Management Forecast should be read, if at all, in conjunction with the historical financial statements and other information regarding Lawson contained or incorporated by reference in this proxy statement.

The inclusion of the Lawson Management Forecast in this proxy statement should not be regarded as an indication that Lawson, the Special Committee, the Lawson board of directors, LKCM, TestEquity, Gexpro Services, any of their respective affiliates or advisors or any other person considered, or now considers, this information to be necessarily predictive of actual future results, events or financial performance, and it should not be relied upon as such. There can be no assurance that the prospective results will be realized or that actual results will not be materially different than estimated. Furthermore, because the Lawson Management Forecast covers multiple years, such information by its nature becomes less predictive with each successive year.

The Lawson Management Forecast was not prepared with a view toward (i) public disclosure, (ii) compliance with published guidelines of the SEC (including those regarding prospective financial

information and forward-looking statements), (iii) compliance with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information or (iv) compliance with GAAP. Financial measures such as EBITDA, Adjusted EBITDA and Unlevered Free Cash Flow that are not presented in accordance with GAAP should not be considered in isolation from, or as a substitute for, or be construed as being more important than, financial information presented in accordance with GAAP. Financial measures not presented in accordance with GAAP as used in the Lawson Management Forecast may not be comparable to similarly-titled measures used by other companies.

The Lawson Management Forecast included in this proxy statement has been prepared by Lawson's management. Neither BDO USA, LLP nor any other accounting firm has audited, reviewed, examined, compiled or applied agreed-upon procedures with respect to the Lawson Management Forecast and, accordingly, neither BDO USA, LLP nor any other accounting firm has expressed or expresses an opinion or any other form of assurance with respect thereto. It does not extend to the Lawson Management Forecast and should not be read to do so.

Although presented with numerical specificity, the Lawson Management Forecast reflects numerous assumptions and estimates as to future events made by the management of Lawson (including assumptions and estimates related to (i) existing and new customer relationships along with sales representative productivity and other market factors driving expected revenues, (ii) general business, economic, market, regulatory and financial conditions, (iii) anticipated capital expenditures on distribution center capabilities and technology investments and operating expenses, (iv) future tax rates and (v) additional matters specific to Lawson). Key estimates and assumptions included the following, among others:

- Revenue grows organically through the incremental addition of new sales representatives, pricing actions, initiatives to introduce new products and sales representative productivity improvements;
- North American GDP grows at approximately 3% per year;
- Vendor costs and global supply chain challenges subside by mid-2022;
- Maintenance capital expenditures remain relatively flat with historical run rates with new capital allocated based on additional throughput to the distribution network; and
- An effective tax rate of 21%, which is the current Federal corporate tax rate.

At the time the Lawson Management Forecast was prepared, Lawson's management believed the assumptions and estimates underlying the Lawson Management Forecasts were reasonable. However, such matters are inherently subjective and uncertain, and many of such matters are beyond the control of Lawson. Important factors that may affect actual results and cause the Lawson Management Forecast not to be achieved include, but are not limited to, risks and uncertainties relating to (i) Lawson's business (including its ability to achieve strategic goals, objectives and targets over applicable periods), (ii) industry performance, general business and economic conditions, (iii) changes in laws and regulations (including, but not limited to, tax laws and regulations) and (iv) other factors, including those described in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" and elsewhere in this proxy statement and those described in the SEC filings of Lawson incorporated by reference into this proxy statement.

The Lawson Management Forecast constitutes forward-looking statements and no assurances can be given that the assumptions made in preparing the Lawson Management Forecast will necessarily reflect actual future conditions. As a result, there can be no assurance that the underlying assumptions and estimates or projected results will be realized, and actual results may differ materially from those reflected in the Lawson Management Forecast, whether or not the Transactions are completed.

In light of, among other matters, the foregoing factors and the uncertainties inherent in the Lawson Management Forecast, readers of this proxy statement are cautioned not to place undue, if any, reliance

on the Lawson Management Forecast included in this proxy statement. LAWSON DISCLAIMS, AND, EXCEPT AS MAY BE REQUIRED BY APPLICABLE LAW, DOES NOT UNDERTAKE, ANY OBLIGATION TO UPDATE OR OTHERWISE REVISE OR RECONCILE THE LAWSON MANAGEMENT FORECAST TO REFLECT CIRCUMSTANCES EXISTING AFTER THE DATE WHEN MADE OR TO REFLECT THE OCCURRENCE OF FUTURE EVENTS, EVEN IN THE EVENT THAT ANY OR ALL OF THE ASSUMPTIONS OR ESTIMATES UNDERLYING ALL OR ANY PORTION OF THE LAWSON MANAGEMENT FORECAST ARE SHOWN TO BE IN ERROR OR ARE NO LONGER APPROPRIATE (EVEN IN THE SHORT TERM).

Lawson has included the summary of the TestEquity Management Forecast in this proxy statement solely to provide Lawson stockholders with access to information that was made available to certain participants as noted above in connection with the Transactions. Such summary is not included in this proxy statement in order to influence the voting decision of any Lawson stockholder on any of the Lawson Proposals to be voted on at the Lawson special meeting or to influence any Lawson stockholder to make any investment decision or otherwise act with respect to the Transactions or any other matter.

TestEquity has informed Lawson that the TestEquity Management Forecast is based solely upon information available to TestEquity's management at the time of its preparation, is based on estimates and assumptions made by TestEquity's management prior to and/or at the time of its preparation, and speaks only as of that time. Furthermore, TestEquity has informed Lawson that the TestEquity Management Forecast does not necessarily reflect TestEquity's current estimates, and some or all of the underlying assumptions may have changed since the time of its preparation. The TestEquity Management Forecast should be read, if at all, in conjunction with the historical financial statements and other information regarding TestEquity contained in this proxy statement.

The inclusion of the TestEquity Management Forecast in this proxy statement should not be regarded as an indication that Lawson, the Special Committee, the Lawson board of directors, LKCM, TestEquity, Gexpro Services, any of their respective affiliates or advisors or any other person considered, or now considers, this information to be necessarily predictive of actual future results, events or financial performance, and it should not be relied upon as such. There can be no assurance that the prospective results will be realized or that actual

results will not be materially different than estimated. Furthermore, because the TestEquity Management Forecast covers multiple years, such information by its nature becomes less predictive with each successive year.

The TestEquity Management Forecast was not prepared with a view toward (i) public disclosure, (ii) compliance with published guidelines of the SEC (including those regarding prospective financial information and forward-looking statements), (iii) compliance with the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information or (iv) compliance with GAAP. Financial measures such as EBITDA and Unlevered Free Cash Flow that are not presented in accordance with GAAP should not be considered in isolation from, or as a substitute for, or be construed as being more important than, financial information presented in accordance with GAAP. Financial measures not presented in accordance with GAAP as used in the TestEquity Management Forecast may not be comparable to similarly-titled measures used by other companies.

The TestEquity Management Forecast included in this proxy statement has been prepared by TestEquity's management. TestEquity has informed Lawson that neither Grant Thornton, LLP nor any other accounting firm has audited, reviewed, examined, compiled or applied agreed-upon procedures with respect to the TestEquity Management Forecast and, accordingly, neither Grant Thornton, LLP nor any other accounting firm has expressed or expresses an opinion or any other form of assurance with respect thereto. The Grant Thornton, LLP report contained in this proxy statement relates to TestEquity's previously-issued financial statements. It does not extend to the TestEquity Management Forecast and should not be read to do so.

TestEquity has informed Lawson that, although presented with numerical specificity, the TestEquity Management Forecast reflects numerous assumptions and estimates as to future events made by the management of TestEquity (including assumptions and estimates related to (i) existing and new customer relationships and other market factors driving expected revenues, (ii) general business, economic, market, regulatory and financial conditions, (iii) anticipated capital expenditures on rental equipment and technology investments and operating expenses, (iv) future tax rates and (v) additional matters specific to TestEquity). Key estimates and assumptions included the following, among others:

- Revenue grows organically through the expansion of TestEquity's key vendor relationships within the Test & Measurement business while the demand for chips supporting the Electronic Production Supplies recovers at a higher rate in 2023;
- North American GDP grows at approximately 3% per year;
- Vendor costs and global supply chain challenges subside by late 2022;
- Research and development capital expenditures continue to grow at approximately 3% in 2022 with new capital allocated based on anticipated expansion of the rental program; and
- An effective tax rate of 21%, which is the current Federal corporate tax rate.

TestEquity has informed Lawson that, at the time the TestEquity Management Forecast was prepared, TestEquity's management believed the assumptions and estimates underlying the TestEquity Management Forecasts were reasonable. However, such matters are inherently subjective and uncertain, and many of such matters are beyond the control of TestEquity. Important factors that may affect actual results and cause the TestEquity Management Forecast not to be achieved include, but are not limited to, risks and uncertainties relating to (i) TestEquity's business (including its ability to achieve strategic goals, objectives and targets over applicable periods), (ii) the potential acquisition of the Potential TestEquity Acquiree, its business and the possibility such acquisition may not occur, (iii) industry performance, general business and economic conditions, (iv) changes in laws and regulations (including, but not limited to, tax laws and regulations) and (v) other factors, including those described in the sections entitled "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" and elsewhere in this proxy statement.

Furthermore, as noted above, the TestEquity Management Forecast includes, among other things, forecasted results of the Potential TestEquity Acquiree. TestEquity has informed Lawson that the forecasted results of the

[Table of Contents](#)

Potential TestEquity Acquiree were prepared by TestEquity based on, among other things, certain information provided to TestEquity by or on behalf of such Potential TestEquity Acquiree in connection with TestEquity's due diligence review of the Potential TestEquity Acquiree. **No assurance can be given that TestEquity will acquire the Potential TestEquity Acquiree. The TestEquity Management Forecast does not take into account any potential failure of any such acquisition to occur and, if any of such acquisitions does not occur, actual results may, and likely would, differ materially from those projected.**

The TestEquity Management Forecast constitutes forward-looking statements and no assurances can be given that the assumptions made in preparing the TestEquity Management Forecast will necessarily reflect actual future conditions. As a result, there can be no assurance that the underlying assumptions and estimates or projected results will be realized, and actual results may differ materially from those reflected in the TestEquity Management Forecast, whether or not the Transactions are completed and whether or not the acquisition of the Potential TestEquity Acquiree is completed.

In light of, among other matters, the foregoing factors and the uncertainties inherent in the TestEquity Management Forecast, readers of this proxy statement are cautioned not to place undue, if any, reliance on the TestEquity Management Forecast included in this proxy statement. No representation is made by the Special Committee, the Lawson board of directors, Lawson, TestEquity, Gexpro Services, any of their respective affiliates or advisors or any other person to any Lawson stockholder regarding the ultimate performance of TestEquity or the Combined Company compared to the information included in the TestEquity Management Forecast.

Certain Unaudited Prospective Financial Information of Gexpro Services

Gexpro Services is a privately-held company and as such does not as a matter of course publicly disclose long-term projections as to future performance, revenues, earnings or other results due to, among other reasons, Gexpro Services being a private company and the inherent uncertainty and subjectivity of the underlying assumptions and estimates, especially in respect of projections covering extended periods of time. However, in connection with Lawson's evaluation of the Transactions, Gexpro Services' management prepared and provided to Lawson a set of non-public, internal financial projections regarding Gexpro Services' anticipated future operations as a standalone company separate from Lawson and TestEquity for the fiscal years ending December 31, 2021 through December 31, 2025 (the "**Gexpro Services Management Forecast**"). The Gexpro Services Management Forecast was provided to Lawson management and the Special Committee in connection with their evaluation of the Gexpro Services Merger and to Cowen for its use and reliance in connection with its applicable financial analyses and opinion described in the section entitled "The Transactions—Opinions of the Financial Advisor to the Special Committee." After the signing of the Gexpro Services Merger Agreement, Gexpro Services acquired one of the Potential Gexpro Services Acquirees: State Industrial Supply, Inc.

The Gexpro Services Management Forecast does not give effect to the Transactions.

Certain Estimated Synergies

In connection with Lawson's, TestEquity's and Gexpro Services' respective evaluations of the Transactions, representatives of Lawson, TestEquity and Gexpro Services discussed various potential benefits of the Transactions. Such potential benefits included certain anticipated revenue synergies. In addition, potential prospects of savings on cost of goods sold (primarily in the areas of product purchases and freight shipments) based on the combined purchasing power of the Combined Company were discussed. Furthermore, potential prospects of eliminating redundancy in certain selling, general and administrative functions and associated costs (including in the areas of delivery and packaging, insurance, employee benefits and information technology) once the companies were combined were discussed.

Based on such discussions, Lawson management and the managements of TestEquity and Gexpro Services, as applicable, prepared (1) a set of non-public, internal projections of synergies estimated to be potentially realizable by Lawson and TestEquity in connection with the TestEquity Merger (the “**TestEquity Expected Synergies**”) and (2) a set of non-public, internal projections of synergies estimated to be potentially realizable by Lawson and Gexpro Services in connection with the Gexpro Services Merger (the “**Gexpro Services Expected Synergies**”). In addition, all of Mr. DeCata’s outstanding equity awards, if any, shall immediately vest upon the effective date of termination to the extent not already vested and he shall have until the earlier of (A) one year following the effective date of termination (or such longer exercise period that may be provided in an award agreement evidencing such equity award) and (B) the expiration of the term of such equity award, to exercise any equity award that is subject to being exercised. Pursuant to the 2021-23 LTIP award agreement, (A) all outstanding market stock units (“**MSUs**”) (if any) will be awarded based on the greater number of (i) the target MSU award and (ii) the formula specified in the 2021-2023 LTIP award agreement, and (B) all outstanding Return on Invested Capital Stock Units (“**ROIC Units**”) (if any) will be awarded based on the greater number of (i) the target ROIC Unit award and (ii) the formula specified in the 2021-2023 LTIP award agreement. The Transactions will constitute a Change in Control under Mr. DeCata’s employment agreement. See the section entitled “The Transactions—Golden Parachute Compensation” for further information about such potential payments and benefits, including the value of such unvested equity awards subject to potential vesting in connection with the Transactions.

Payments and Benefits to Mr. Knutson Upon Termination Following Change-in-Control

Lawson is party to an employment agreement, dated as of August 29, 2012, with Ronald J. Knutson, who is the Executive Vice President, Chief Financial Officer and Treasurer of Lawson. Pursuant to that employment agreement, if within 12 months following a “Change in Control” (as defined in the employment agreement) Lawson terminates Mr. Knutson’s employment without “cause” (as defined in the employment agreement), or if he terminates his employment for “good reason” (as defined in the employment agreement), he will be entitled to receive a lump sum payment equal to two times his then current annual base salary and two times the annual bonus paid in the 365-day period prior to his termination, if any. In addition, all previously unvested equity-based compensation awards granted to Mr. Knutson will immediately vest and become fully exercisable as of the date of termination for a period of 90 days. Pursuant to the 2021-23 LTIP award agreement and 2020-2022 LTIP award agreement, upon a change in control, (A) all outstanding MSUs (if any) will be awarded based on the greater number of (i) the target MSU award and (ii) the formula specified in the applicable LTIP award agreement, and (B) all outstanding ROICs (if any) will be awarded based on the greater number of (i) the target ROIC Unit award and (ii) the formula specified in the applicable LTIP award agreement. In addition, Mr. Knutson and his family will be covered under Lawson’s health benefit plans at employee rates for two years following termination, after which he will be eligible for continuation in accordance with COBRA, and Mr. Knutson will be eligible to receive outplacement services not to exceed \$25,000. The Transactions will constitute a Change in Control under Mr. Knutson’s employment agreement. See the section entitled “The Transactions—Golden Parachute Compensation” for further information about such potential payments and benefits, including the value of such unvested equity awards subject to potential vesting in connection with the Transactions.

Payments and Benefits to Mr. Jenkins Upon Separation Following Change-in-Control

Lawson is party to a retirement and consulting agreement, dated as of March 2, 2021, with Neil E. Jenkins, who was the Executive Vice President, General Counsel and Secretary of Lawson until his retirement on March 31, 2021 and who, pursuant to that consulting agreement, provides consulting and advisory services to Lawson. Pursuant to that consulting agreement, upon a “Change in Control” (as defined in that certain employment agreement dated as of August 29, 2012), Mr. Jenkins will no longer be required to provide consulting services and shall be entitled to receive an annualized amount of \$216,000 per year, payable monthly, through March 31, 2026. In addition, all previously unvested outstanding equity awards, if any, granted to Mr. Jenkins will immediately vest and become fully exercisable as of the date of separation for a period of 90 days. Mr. Jenkins shall continue to be covered under Lawson’s group health plan, including any spousal and dependent coverage, at active employee rates, through March 31, 2026, after which he will be eligible for continuation in accordance with COBRA. The Transactions will constitute a Change in Control under Mr. Jenkins’s consulting agreement. See the section entitled “The Transactions—Golden Parachute Compensation” for further information about such potential payments and benefits, including the value of such unvested equity awards subject to potential vesting in connection with the Transactions.

Payments and Benefits to Other Executive Officers Who Are Not Named Executive Officers Upon Termination Following Change-in-Control

Eight other executive officers of Lawson who are not named executive officers have a change in control agreement with Lawson. Pursuant to those agreements, if within 12 months following a “Change in Control” (as defined in such agreements) Lawson terminates the executive’s employment without cause, or if the executive terminates employment for good reason, the executive will be entitled to receive a lump sum payment equal to the executive’s accrued compensation, plus one times the executive’s current annual base salary, and the greater of the executive’s target bonus or the most recent annual bonus. In addition, all previously unvested equity-based compensation awards granted to the executive will immediately vest upon the date of termination, and the executive will have until the earlier of (A) 90 days following the effective date of the executive’s termination (or such longer period as was provided under an award agreement evidencing such award) and (B) the term of such award to exercise any vested award that is subject to being exercised. Pursuant to the 2021-23 LTIP award agreement and 2020-2022 LTIP award agreement, upon a change in control, (A) all outstanding MSUs (if any) will be awarded based on the greater number of (i) the target MSU award and (ii) the formula specified in the applicable LTIP award agreement, and (B) all outstanding ROICs (if any) will be awarded based on the greater number of (i) the target ROIC Unit award and (ii) the formula specified in the applicable LTIP award agreement. In addition, the executive and executive’s family will be covered under Lawson’s health benefit plans at employee rates for one year following termination. The Transactions will constitute a Change in Control under the agreements with these eight other executive officers who are not named executive officers. The estimated aggregate amount of payments and benefits to Lawson’s executive officers who are not named executive officers under the terms of these Change in Control agreements, including the aggregate value of their unvested equity awards subject to potential vesting in connection with the Transactions (which value, for the avoidance of doubt, does not include the aggregate value of their equity awards that have vested as of the date of this proxy statement) would be approximately \$2,648,206, assuming that (i) the Transactions are completed on January 31, 2022 and (ii) each such executive officers’ employment had been terminated immediately after closing with “cause” or by the executive for “good reason.” For purposes of this calculation, such unvested equity awards were valued using a price per share of Lawson common stock equal to \$52.77, which is the average closing price per share of Lawson common stock over the first five business days following the first public announcement of the Transactions.

Material U.S. Federal Income Tax Consequences of the Transactions

Lawson does not expect Lawson or any Lawson stockholder to recognize federal income tax or gain as a result of the Transactions. However, as a result of the Transactions, Lawson’s ability to use its net operating losses and certain other tax attributes generated prior to the Transactions may be subject to limitation.

Anticipated Accounting Treatment of the Transactions

The Combined Company will account for the Mergers and the other transactions contemplated by the Merger Agreements as a reverse acquisition using the acquisition method of accounting in accordance with generally accepted accounting principles as applied in the United States. Accounting Standards Codification Topic 805, *Business Combinations*, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquirer. In a business combination effected through an exchange of equity interests, such as the Mergers, the entity that issues the interests (Lawson in this case) is generally the acquiring entity. However, in identifying the acquiring entity in a combination effected through an exchange of equity interests, all pertinent facts and circumstances must be considered.

Lawson's management has determined that the combined entity of Gexpro Services and TestEquity will be the accounting acquirer in the Mergers. In identifying the combined entity of Gexpro Services and TestEquity as the acquiring entity, Lawson, Gexpro Services and TestEquity reviewed the accounting guidance as provided in Accounting Standards Codification 805, *Business Combinations*, which takes into account (i) the type of consideration, (ii) the structure of the merger and the other transactions contemplated by the applicable merger agreement, (iii) the relative outstanding share ownership and relative voting rights, (iv) the composition of the combined company's board of directors, (v) the designation of certain senior management positions of the combined company (mainly the Chief Executive Officer and the Chief Financial Officer), (vi) the relative size of the merging companies as measured by assets, revenue or earnings as well as (vii) other metrics an investor would use for evaluating the respective company's current and future financial performance. Consequently, acquisition accounting will apply to the assets acquired and liabilities assumed of Lawson upon consummation of the Mergers. This means that the assets of Lawson will be recorded, as of the completion of the Mergers, at their fair values and consolidated with those of Gexpro Services and TestEquity. This may result in recording an amount of goodwill, which represents the excess of the purchase price over the fair value of the identifiable net assets of Lawson. TestEquity is deemed the predecessor company as control of this organization by the common control parties of Gexpro Services and TestEquity occurred well in advance of the control of Gexpro Services. Accordingly, financial statements of the Combined Company issued after the completion of the Mergers will reflect the operations of Gexpro Services' and Lawson businesses after the date they were under common control, and will not be restated retroactively to reflect the historical financial position or results of operations of Gexpro Services and Lawson.

All unaudited pro forma combined financial information contained in this proxy statement was prepared using the acquisition method of accounting for business combinations. The final allocation of the purchase price will be determined after the transactions contemplated by the Merger Agreements are completed and after completion of an analysis to determine the fair value of the assets of Lawson. Accordingly, the final purchase accounting adjustments may be materially different from the unaudited pro forma adjustments. Any decrease in the fair value of the assets of Lawson compared to the unaudited pro forma combined financial information included in this proxy statement may have the effect of increasing the amount of recorded goodwill. An increase or decrease in the share price of Lawson may have the effect of increasing or decreasing goodwill, as the case may be.

Regulatory Approvals

Under the HSR Act and the rules promulgated under the HSR Act by the Federal Trade Commission, the parties to the Transactions must file notification and report forms with the U.S. Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice and observe specified waiting period requirements before consummating the Mergers. Lawson, TestEquity, Gexpro Services and affiliates of LKCM each filed notification and report forms with the Federal Trade Commission and the Antitrust Division of the U.S. Department of Justice on January 21, 2022. As of February 9, 2022, the applicable waiting period under the HSR Act had not yet expired.

[Table of Contents](#)

Even after expiration of the applicable waiting period under the HSR Act, at any time before or after the completion of the Mergers, any of the Federal Trade Commission, the U.S. Department of Justice or another person or entity could still take action under the antitrust laws as it deems necessary or desirable in the public interest, including without limitation seeking to enjoin the completion of the Mergers or seeking other remedies. Lawson cannot assure you that a challenge to the Mergers will not be made or that, if a challenge is made, it will not succeed.

Notifications and/or applications requesting approval may be submitted to various other federal and state regulatory authorities. Lawson is not aware of any material governmental approvals or actions that are required for completion of the Transactions other than those described above. It is presently contemplated that if any such additional governmental approvals or actions are required, those approvals or actions will be sought. There can be no assurance, however, that any additional approvals or actions will be obtained.

Registration of Shares of Lawson Common Stock Received in the Transactions

The issuance of shares of Lawson common stock in connection with the Transactions will not be registered under the Securities Act, and such shares will therefore be subject to various restrictions and limitations on transfer under U.S. securities laws. However, Lawson has agreed to grant the TestEquity Equityholder and the Gexpro Services Stockholder, which will receive shares of Lawson common stock in the Transactions, certain registration rights with respect to those shares as further described in the section entitled “Additional Related Agreements—Registration Rights Agreement” below.

Stockholder Litigation Relating to the Transactions

On January 25, 2022, a lawsuit entitled *Shiva Stein v. Lawson Products, Inc. et al.*, Case No. 1:22-cv-00639, was filed in the United States District Court for the Southern District of New York against Lawson and the members of the Lawson board of directors (the “**Stein Action**”). On January 27, 2022, a lawsuit entitled *Matthew Hopkins v. Lawson Products, Inc. et al.*, Case No. 1:22-cv-00724, was filed in the United States District Court for the Southern District of New York against Lawson and the members of the Lawson board of directors (the “**Hopkins Action**”). On February 7, 2022, a lawsuit entitled *Ema Bell v. Lawson Products, Inc. et al.*, Case No. 1:22-cv-01056, was filed in the United States District Court for the Southern District of New York against Lawson, the members of the Lawson board of directors, the TestEquity Equityholder, TestEquity, Merger Sub 1, the Gexpro Services Stockholder, Gexpro Services and Merger Sub 2 (the “**Bell Action**”). The Stein Action, the Hopkins Action and the Bell Action are collectively referred to as the “**Actions**.” The Actions allege that the defendants violated Sections 14(a) (and Rule 14a-9 promulgated thereunder) and 20(a) of the Exchange Act by, among other things, omitting certain allegedly material information with respect to the Transactions in the preliminary proxy statement filed by Lawson on January 14, 2022. The Bell Action also alleges that the members of the Lawson board of directors breached their fiduciary duties in connection with the Transactions and that Lawson aided and abetted the members of its board of directors in such breach. The Actions seek, among other things, injunctive relief, money damages and the costs of the Actions, including reasonable attorneys’ and experts’ fees.

Lawson and the members of its board of directors disagree with and intend to vigorously defend against the Actions. If the Actions are not resolved favorably on a timely basis, the Actions could delay consummation of the Transactions and result in additional costs to Lawson, including costs associated with the indemnification of directors. Additional plaintiffs may file lawsuits against Lawson and/or its directors and officers in connection with the Transactions.

In addition, on February 2, 2022, a purported Lawson stockholder made a demand pursuant to Section 220 of the DGCL to inspect certain books and records of Lawson (the “**Books and Records Demand**”). One stated purpose of the Books and Records Demand is to investigate questions of director disinterestedness and independence and the possibility of wrongdoing, mismanagement and/or material non-disclosure related to the Special Committee’s and the Lawson board of directors’ approval of the Transactions. Lawson and the members

[Table of Contents](#)

of its board of directors disagree with and intend to vigorously defend against any claim, if asserted, arising from the Books and Records Demand.

No Appraisal or Dissenters' Rights

Under Delaware law, Lawson stockholders are not entitled to any appraisal or dissenters' rights in connection with the Transactions, including the Mergers and the issuance of shares of Lawson common stock in connection with the Mergers.

NASDAQ Listing

Lawson common stock is currently listed on NASDAQ under the symbol "LAWS." After the Transactions, shares of Lawson common stock will continue to trade on NASDAQ under the same symbol "LAWS."

Golden Parachute Compensation

In accordance with Item 402(t) of Regulation S-K, the table below sets forth for each of Lawson's named executive officers estimates of the amounts of certain compensation that are based on or otherwise relate to the Transactions and that will or may become payable to the named executive officer either immediately at closing (i.e., on a "single trigger" basis) or on a qualifying termination of employment following, or prior to and in connection with, the Transactions (i.e., on a "double trigger" basis). These "named executive officers" are the individuals listed as such in Lawson's Definitive Proxy Statement on Schedule 14A for its 2021 annual meeting of stockholders. For additional information regarding the terms of the compensation, payments and benefits described in the table below, see the discussion in the section entitled "—Interests of Lawson Directors and Executive Officers in the Transactions". The amounts shown in the table and in the footnotes below are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including the assumptions described below and in the footnotes to the table, and do not reflect or attempt to forecast any compensation actions (including any additional equity or cash award grants, issuances or forfeitures) that may occur after the date of this proxy statement and before the closing. Accordingly, the ultimate values to be received by a named executive officer in connection with the Transactions may differ materially from the estimates set forth below.

The estimates in the table assume that the Transactions were completed on January 31, 2022 and that (i) in the case of Mr. DeCata and Mr. Knutson, their employment is terminated by Lawson immediately after closing without "cause" or by the executive for "good reason" (in each case as defined in their respective employment agreement) and (ii) in the case of Mr. Jenkins, his obligation to perform services lapses as of closing. The estimates in the table also assume (as required under Item 402(t) of Regulation S-K, because Lawson stockholders will not receive a fixed price per share in respect of their shares of Lawson common stock in connection with the Transactions), for purpose of the calculations, that the relevant price per share of Lawson common stock is \$52.77, which is the average closing price per share of Lawson common stock over the first five business days following the first public announcement of the Transactions.

The estimates in the table below do not include amounts that Lawson's named executive officers were already entitled to receive irrespective of the Transactions or which have vested as of the date of this proxy statement.

	Cash (\$)	Equity (\$)(1)	Pension/ NQDC (\$)	Perquisites/ Benefits (\$)	Tax Reimbursement (\$)	Other (\$)	Total (\$)
Michael G. DeCata	2,240,000(2)	1,059,094	—	25,337(3)	—	—	3,324,431
Ronald J. Knutson	1,054,880(4)	1,081,866	—	53,758(5)	—	—	2,190,504
Neil E. Jenkins(6)	906,600(7)	—	—	28,758(8)	—	—	935,358

- (7) Represents an annualized amount of \$216,000 per year, payable monthly, through March 31, 2026, which is payable upon a change in control.
- (8) Represents the value of continued coverage under Lawson’s group health plan, including any spousal and dependent coverage, at active employee rates, through March 31, 2026, which is payable upon a change in control. See above in the section entitled “—Interests of Lawson Directors and Executives Officers in the Transactions” for further information about such potential payments and benefits.

The TestEquity Merger

Upon the terms and subject to the conditions set forth in the TestEquity Merger Agreement and in accordance with the Delaware Limited Liability Company Act (as amended, the “**DLLCA**”), at the closing of the TestEquity Merger, Merger Sub 1 (a wholly-owned subsidiary of Lawson) will be merged with and into TestEquity, with TestEquity continuing as the surviving company and as a wholly-owned subsidiary of Lawson (TestEquity, as the surviving company in the TestEquity Merger, the “**TestEquity Surviving Company**”). The TestEquity Merger will become effective at the time of the filing of a certificate of merger with the Secretary of State of the State of Delaware in accordance with the DLLCA, or at such later time which the parties to the TestEquity Merger Agreement shall have agreed upon and is specified in the certificate of merger.

Merger Consideration

Under the terms of the TestEquity Merger Agreement, at the effective time of the TestEquity Merger:

- (a) the limited liability company interests of Merger Sub 1 issued and outstanding immediately prior to the effective time of the TestEquity Merger shall be automatically converted into and exchanged for all of the limited liability company interests of the TestEquity Surviving Company; and
- (b) all of the membership interests of TestEquity issued and outstanding immediately prior to the effective time of the TestEquity Merger shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and the holder of the membership interests of TestEquity shall cease to have any rights with respect thereto and shall not be entitled to receive any consideration therefor, except that the TestEquity Equityholder (and only the TestEquity Equityholder), after giving effect to the Pre-Closing TestEquity Reorganization, will have the right to receive the TestEquity Merger Consideration (provided that the TestEquity Equityholder's right to receive a portion of the TestEquity Merger Consideration equal to the number of TE Holdback Shares (as defined below) shall be subject to the terms and conditions of the TestEquity Merger Agreement).

Holdback Shares and Earnout

The TestEquity Merger Agreement provides that, as of the date of the TestEquity Merger Agreement, (x) TestEquity anticipates consummating a certain acquisition of a business that had been previously identified to the Special Committee as a potential acquisition candidate by TestEquity prior to the date of the TestEquity Merger Agreement (the "**TE Acquisition**") and (y) in connection with such TE Acquisition, Lawson shall hold back at the closing of the TestEquity Merger 700,000 shares of Lawson common stock (the "**TE Holdback Shares**"), which TE Holdback Shares shall be held by Lawson until released to the TestEquity Equityholder or forfeited in accordance with the terms of the TestEquity Merger Agreement.

First Earnout

As provided in the TestEquity Merger Agreement, in the event that the TestEquity Equityholder or any of its affiliates proposes to enter into any definitive agreements with respect to the TE Acquisition (or any amendment or waiver with respect thereto), (A) the TestEquity Equityholder shall give Lawson reasonably advance written notice thereof, together with copies of all such definitive agreements (or amendments or waivers with respect thereto); and (B) entry into such definitive agreements shall be subject to approval thereof by any committee of the Lawson board of directors comprised solely of independent directors (a "**TE Earnout Special Committee**"); provided, however, that a TE Earnout Special Committee's determination of whether or not to approve the entry into such definitive agreements must be made no later than 11:59 p.m. Central time on the second business day after the date on which the TestEquity Equityholder provides the written notice contemplated by the foregoing clause (A). Nothing in the TestEquity Merger Agreement shall obligate a TE Earnout Special Committee, Lawson or any of its affiliates (including the TestEquity Surviving Company) to approve of the TE Acquisition if such TE Acquisition is not on terms and conditions that are substantially similar in all material respects to the terms and conditions that had been previously described to the Special Committee by TestEquity prior to the date of the TestEquity Merger Agreement, or if the board of directors or other governing body (or any committee thereof, including a TE Earnout Special Committee) of Lawson or any of its affiliates (including the TestEquity Surviving Company) determines that such TE Acquisition is not in the best interests of such party or its stockholders, or would reasonably be expected to be inconsistent with such directors' or managers' fiduciary duties. With respect to TestEquity's pursuit of new acquisitions (other than the TE Acquisition), all such new acquisitions shall be subject to the other terms and conditions of the TestEquity Merger Agreement.

The amount (if any) of TE Holdback Shares to be issued and delivered to the TestEquity Equityholder in respect of TE Accretion (as defined below) (the "**TE Released Shares**") shall be equal to the TE Holdback Release Formula (as defined below), as finally determined in accordance with the terms of the TestEquity

[Table of Contents](#)

Merger Agreement. For all purposes of the TestEquity Merger Agreement, the calculation of TE Accretion and the components used in calculating TE Accretion, as well as the calculation of the TE Released Shares to be issued and delivered to the TestEquity Equityholder calculated using the TE Holdback Release Formula, shall be based solely upon the TE Acquisition if consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing of the TestEquity Merger, on the terms and subject to the conditions set forth in the TestEquity Merger Agreement. No later than five (5) business days following the date that is ninety (90) days following the closing of the TestEquity Merger, the TestEquity Equityholder shall deliver a statement (a “**TE Accretion Statement**”) to Lawson setting forth its good faith calculation of TE Accretion and the components used in calculating TE Accretion, in each case in reasonable detail, as well as its calculation of the amount of the TE Released Shares to be issued and delivered to the TestEquity Equityholder calculated using the TE Holdback Release Formula. Lawson shall have forty-five (45) days following receipt of the TE Accretion Statement to review the TE Accretion Statement and to notify the TestEquity Equityholder in writing of any dispute regarding any calculations set forth therein (a “**TE Accretion Dispute Notice**”), specifying the reasons for its dispute in reasonable detail. If no TE Accretion Dispute Notice is delivered by Lawson within such forty-five (45) day period or if Lawson delivers a written acceptance of the calculations set forth in the TE Accretion Statement within such forty-five (45) day period, then the calculations set forth in the TE Accretion Statement shall become final and binding on the parties.

The TestEquity Merger Agreement provides that in connection with Lawson’s review of the TE Accretion Statement, the TestEquity Equityholder shall provide Lawson and its representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of the TestEquity Equityholder, work papers, schedules, memoranda and other documents used or prepared by the TestEquity Equityholder in connection with its preparation of the TE Accretion Statement, and other relevant items reasonably requested by Lawson, and the TestEquity Equityholder shall cooperate reasonably with Lawson and its Representatives in connection therewith.

“**EBITDA**” means with respect to the relevant period and without duplication, the net income from operations of the applicable business during such period, before the subtraction of any interest expense, taxes based on income and profits, depreciation or amortization, and (i) adding the amount of one-time non-recurring expenses, cost and expense savings and other documented synergies, and one-time operating costs associated with investments approved by the Special Committee or the Lawson board of directors, and (ii) adjusting for the pro-forma effect of acquisitions, in all cases (i) and (ii), as such adjustments are applied with consistent methodologies and treatment between periods.

“**TE Accretion**” means (a) 13.17 minus the TE Acquisition Multiple, multiplied by (b) the TE Approved EBITDA.

“**TE Acquired Business**” means the Person or business TestEquity directly or indirectly acquires in the TE Acquisition, whether by stock purchase, asset purchase, merger or otherwise, that is consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing date of the TestEquity Merger, as had been previously described to the Special Committee by TestEquity prior to the date of the TestEquity Merger Agreement.

“**TE Acquired Business EBITDA**” means, for the twelve (12) month period ending on the last day of the most recent month prior to the date the acquisition of the TE Acquired Business is consummated, the EBITDA of the TE Acquired Business during such period.

“**TE Acquisition Multiple**” means the aggregate purchase price paid or potentially payable (which shall include, in the case of any contingent consideration potentially payable in connection with the TE Acquisition, the maximum amount of such contingent consideration that is potentially payable) with respect to the TE Acquisition that is consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing date of the TestEquity Merger as contemplated by the definitive agreement relating to

[Table of Contents](#)

the TE Acquisition (including all cash and other consideration paid or delivered at closing, all deferred consideration paid or potentially payable, all post-closing earn-out consideration paid or potentially payable, all consideration placed into escrow or similar arrangements, and all assumed indebtedness for borrowed money and transaction expenses) divided by the TE Approved EBITDA.

“**TE Approved EBITDA**” means the TE Acquired Business EBITDA as of the date on which the TE Acquisition is consummated, as such TE Approved EBITDA shall be agreed to by the parties or as finally determined pursuant to the TestEquity Merger Agreement.

“**TE Holdback Release Formula**” means such amount of shares of Lawson common stock calculated by dividing (a) the amount of TE Accretion (as finally determined pursuant to the TestEquity Merger Agreement) by (b) \$48.0476; provided that the TE Holdback Release Formula shall not be a number of shares of Lawson common stock in excess of the total TE Holdback Shares.

Second Earnout

The TestEquity Merger Agreement provides that if, following the final determination of the TE Accretion and the TE Released Shares in accordance with the terms of the TestEquity Merger Agreement, there remain any TE Holdback Shares, then the amount of any such remaining TE Holdback Shares to be issued and delivered to the TestEquity Equityholder shall be determined using the TE Earnout Formula (as defined below) and in accordance with the terms of the TestEquity Merger Agreement. No later than March 15, 2023, Lawson shall deliver a statement (a “**TE Earnout Statement**”) to the TestEquity Equityholder setting forth its good faith calculation of the amount of remaining TE Holdback Shares (the “**TE Earnout Shares**”) to be issued and delivered to the TestEquity Equityholder using the TE Earnout Formula. The TE Earnout Statement shall also set forth in reasonable detail Lawson’s calculation of the components of the TE Earnout Formula. The TestEquity Equityholder shall have forty-five (45) days following receipt of the TE Earnout Statement to review the TE Earnout Statement and to notify Lawson in writing of any dispute regarding the calculations set forth therein (a “**TE Earnout Dispute Notice**”), specifying the reasons for its dispute in reasonable detail. If no TE Earnout Dispute Notice is delivered by the TestEquity Equityholder within such forty-five (45) day period or if the TestEquity Equityholder delivers a written acceptance of the calculations set forth in the TE Earnout Statement within such forty-five (45) day period, then the calculations set forth in the TE Earnout Statement shall become final and binding on the parties.

The TestEquity Merger Agreement provides that in connection with the TestEquity Equityholder’s review of the TE Earnout Statement, Lawson shall provide the TestEquity Equityholder and its representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of Lawson and the TestEquity Surviving Company, work papers, schedules, memoranda and other documents used or prepared by Lawson or the TestEquity Surviving Company in connection with its preparation of the TE Earnout Statement, and other relevant items reasonably requested by the TestEquity Equityholder, and Lawson and the TestEquity Surviving Company shall cooperate reasonably with the TestEquity Equityholder and its representatives in connection therewith.

Earnout Dispute Resolution

The TestEquity Merger Agreement provides that, in the event that Lawson delivers a TE Accretion Dispute Notice or the TestEquity Equityholder delivers a TE Earnout Dispute Notice (each, a “**TE Dispute Notice**,” and together, the “**TE Dispute Notices**”) in accordance with the terms of the TestEquity Merger Agreement, Lawson and the TestEquity Equityholder shall cooperate in good faith to resolve each dispute set forth in any such TE Dispute Notice as promptly as practicable, and, upon any such resolution, any adjustments to the TE Accretion Statement and/or TE Earnout Statement, as applicable, shall be made as agreed upon by Lawson and the TestEquity Equityholder in writing. If Lawson and the TestEquity Equityholder are unable to resolve any dispute within thirty (30) days (or such longer period as Lawson and the TestEquity Equityholder shall mutually agree in writing) of the delivery of the relevant TE Dispute Notice, such dispute shall be resolved by PricewaterhouseCoopers LLP or, if such firm cannot provide such resolution under the TestEquity Merger Agreement, such other nationally recognized accounting firm mutually selected by Lawson and the TestEquity Equityholder (the “**TE Independent Accounting Firm**”), acting as an expert and not an arbitrator, and such determination by the TE Independent Accounting Firm shall be final and binding on the parties, except that (x) the TE Independent Accounting Firm may consider only those items and amounts (and related items and amounts) as to which Lawson and the TestEquity Equityholder have disagreed within the time periods and on the terms specified above and (y) the TE Independent Accounting Firm’s determination of the amount of TE Accretion, TE Released Shares and/or TE Earnout Shares, as applicable, may not be less than the lower, or more than the higher, of Lawson’s and the TestEquity Equityholder’s respective calculations of the applicable amount. Each of Lawson and the TestEquity Equityholder shall bear fifty percent (50%) of any expenses relating to the engagement of the TE Independent Accounting Firm. The TE Independent Accounting Firm shall be instructed to use reasonable best efforts to make its final determination within thirty (30) days of submission by the parties of the dispute to it and, in any case, as promptly as practicable after such submission. Each of Lawson and the TestEquity Equityholder shall furnish the TE Independent Accounting Firm such work papers and other documents and information relating to the disputed issues as the TE Independent Accounting Firm shall reasonably request.

Pursuant to the terms of the TestEquity Merger Agreement, upon the final and binding determination of the amount of the TE Released Shares, Lawson shall issue and deliver such amount of TE Released Shares to the TestEquity Equityholder within five (5) business days after such final and binding determination, free and clear of all liens (other than liens arising from applicable securities laws) in book-entry form, together with a statement of the transfer agent of Lawson certifying as to the book-entry issuance thereof. Upon the final and binding determination of the amount of the TE Earnout Shares, Lawson shall issue and deliver such amount of TE Earnout Shares to the TestEquity Equityholder within five (5) business days after such final and binding determination, free and clear of all liens (other than liens arising from applicable securities laws) in book-entry form, together with a statement of the transfer agent of Lawson certifying as to the book-entry issuance thereof. For the avoidance of doubt, in no event shall the aggregate of the TE Released Shares and TE Earnout Shares exceed the amount of TE Holdback Shares.

Prohibited Actions During Earnout Period

The TestEquity Merger Agreement provides that from and after the closing of the TestEquity Merger and until such time as the final determination of the TE Released Shares and the TE Earnout Shares, if any, that are to be issued and delivered to the TestEquity Equityholder pursuant to TestEquity Merger Agreement, Lawson shall not, and shall cause each of its affiliates, including the TestEquity Surviving Company, to not, without the written consent of the TestEquity Equityholder (such consent not to be unreasonably withheld, conditioned or delayed) (any of the following, the “**TE Prohibited Actions**”):

- A. take any action the sole intention and purpose of which is reducing the amount of TE Released Shares or TE Earnout Shares to be delivered to the TestEquity Equityholder; or
- B. voluntarily liquidate, dissolve or wind-up the affairs of the TestEquity Surviving Company;

provided, that any action or omission taken by or with the unanimous consent or approval of the Lawson board of directors shall not be deemed to be a TE Prohibited Action, or taken into account for purposes of determining whether an action or omission constitutes a TE Prohibited Action.

Change in Control

The TestEquity Merger Agreement provides that in the event that, following the closing of the TestEquity Merger and prior to the end of the period commencing on the closing date of the TestEquity Merger and ending five (5) business days after the date on which the amount of the TE Released Shares and the TE Earnout Shares is finally determined, (A) there occurs a sale or other disposition of all or substantially all of the assets of Lawson, or a merger, consolidation, recapitalization or other transaction in which any person and its affiliates (other than the TestEquity Equityholder, the Excluded Company Parties or any of their respective affiliates), together with any persons (other than the TestEquity Equityholder, the Excluded Company Parties or any of their respective affiliates) that “roll over” interests in Lawson in connection with and as an integrated step of such transaction, becomes the beneficial owner, directly or indirectly, of one hundred percent (100%) of the combined voting power of all interests in Lawson or any successor of Lawson that beneficially owns TestEquity and its subsidiaries (this clause (A), a “**TE Transaction Event**”) or (B) (1) Lawson makes a general assignment for the benefit of creditors, (2) Lawson institutes any proceeding seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization or (3) any proceeding shall be instituted by any third party against Lawson seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any law relating to bankruptcy, insolvency or reorganization, and an order for relief against Lawson shall have been entered into by a court of competent jurisdiction in such proceeding that remains unstayed and in effect for sixty (60) days, Lawson shall issue and deliver to the TestEquity Equityholder (and, in the case of a TE Transaction Event, such issuance and delivery shall take place immediately prior to the consummation of such TE Transaction Event) all of the remaining TE Holdback Shares, free and clear of all liens (other than liens arising from applicable securities laws) in book-entry form, together with an executed certificate of the transfer agent of Lawson certifying as to the book-entry issuance thereof. Upon issuance and delivery of remaining TE Holdback Shares pursuant to this provision, the obligations of Lawson related to the TE Holdback Shares shall be deemed fully satisfied and be of no further force or effect.

Miscellaneous

The TestEquity Merger Agreement provides that in the event of any change to shares of Lawson common stock (or securities convertible thereto or exchangeable or exercisable therefor) issued and outstanding following the closing of the TestEquity Merger as a result of a reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, exchange or readjustment of shares, issuer tender or exchange offer, or other similar transaction, the TE Released Shares and the TE Earnout Shares shall be equitably adjusted, without duplication, to provide the TestEquity Equityholder the same economic effect contemplated by the TestEquity Merger Agreement prior to such change.

[Table of Contents](#)

The TestEquity Merger Agreement provides that until such time as the TE Released Shares and the TE Earnout Shares are issued and delivered pursuant to the TestEquity Merger Agreement, the TestEquity Equityholder shall have no rights as a record or beneficial owner of such TE Released Shares and TE Earnout Shares, including as to any dividends, distributions and other earnings thereon or the right to vote such TE Released Shares and TE Earnout Shares.

The TestEquity Merger Agreement provides that all calculations with respect to the release of TE Released Shares and the TE Earnout Shares shall exclude the effects of any “reverse acquisition accounting” or similar accounting adjustments resulting from any person other than Lawson (including TestEquity) being the “accounting acquiror” of Lawson for purposes of GAAP as a result of the consummation of the transactions contemplated by the Merger Agreements.

Stockholders Meeting: No Change in Lawson Recommendation; Fiduciary Exception

Stockholders Meeting

Under the TestEquity Merger Agreement, Lawson has agreed to take, in accordance with the DGCL and Lawson’s governing documents, all actions reasonably necessary to mail this proxy statement to its stockholders and to establish a record date, duly call, give notice of, convene and hold a stockholders meeting as soon as reasonably practicable after this definitive proxy statement is filed for the purpose of securing the following:

- the approval of the Share Issuances by the affirmative vote of the holders of a majority of the total votes of shares of Lawson common stock cast on such matter in person or by proxy at the stockholders meeting (or any adjournment thereof), as required by Rule 5635(a) of the Nasdaq Listing Rules (the “**Lawson Nasdaq Stockholder Approval**”),
- the approval of the Transaction Agreements and the transactions contemplated by the Transaction Agreements (including the Mergers and the Share Issuances) by the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person or by proxy at the stockholders meeting (or any adjournment thereof) (the “**Lawson General Stockholder Approval**”), and
- the approval of the Transaction Agreements and the transactions contemplated by the Transaction Agreements (including the Mergers and the Share Issuances) by the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person or by proxy at the stockholders meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person or by proxy at the stockholders meeting (or any adjournment thereof) (the “**Lawson Unaffiliated Stockholder Approval**” and, together with the Lawson Nasdaq Stockholder Approval and the Lawson General Stockholder Approval, the “**Lawson Stockholder Approvals**”).

The TestEquity Merger Agreement provides that, unless a Lawson Recommendation Change (as defined below) is effected in accordance with the provisions described below under the subcaption entitled “—Fiduciary Exception,” Lawson shall use its reasonable best efforts to solicit from its stockholders votes in favor of the Lawson Stockholder Approvals. The TestEquity Merger Agreement also provides that, notwithstanding any Lawson Recommendation Change, Lawson shall be required to duly call, give notice of, convene and hold a

stockholders meeting and submit to a vote of Lawson's stockholders one or more proposals to obtain the Lawson Stockholder Approvals and nothing contained in the TestEquity Merger Agreement shall be deemed to relieve Lawson of any such obligation unless the TestEquity Merger Agreement has been validly terminated pursuant to its terms. The TestEquity Merger Agreement also provides that, notwithstanding the foregoing, if on any date for which the stockholders meeting is scheduled or has been adjourned, Lawson has not received proxies representing a sufficient number of shares of Lawson common stock, or there are insufficient shares of Lawson common stock present, to obtain all of the Lawson Stockholder Approvals, or additional time is needed to ensure that any supplement or amendment to this proxy statement is timely provided to Lawson's stockholders, whether or not a quorum is present, Lawson shall make one or more successive postponements or adjournments of the stockholders meeting, with each such postponement or adjournment being to a date no later than the earlier of (a) 10 business days after the date of the most recently scheduled stockholders meeting and (b) September 30, 2022.

No Change in Lawson Recommendation

"**Lawson Recommendation**" means (i) the Special Committee's recommendation that the Lawson board of directors approve, and recommend that Lawson's stockholders approve, the Transaction Agreements and the transactions contemplated by the Transaction Agreements (including the Mergers and the Share Issuances); and (ii) the recommendation of the Lawson board of directors that Lawson's stockholders approve the Transaction Agreements and the transactions contemplated by the Transaction Agreements (including the Mergers and the Share Issuances).

The TestEquity Merger Agreement provides that, except as permitted in accordance with the provisions described below under the subcaption entitled "—Fiduciary Exception," neither the Lawson board of directors nor any committee thereof (including the Special Committee) shall:

- fail to include the Lawson Recommendation in this proxy statement; or
- amend, withdraw, modify or qualify or propose publicly to amend, withdraw, modify or qualify the Lawson Recommendation in any manner.

The taking of any action described in the first or second bullet above is a "**Lawson Recommendation Change.**"

Fiduciary Exception

The TestEquity Merger Agreement provides that, notwithstanding anything to the contrary contained therein, at any time prior to the receipt of the Lawson Stockholder Approvals, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee may make a Lawson Recommendation Change in response to a Lawson Intervening TE Event (as defined below) if, prior to taking such action, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of the Lawson board of directors or the Special Committee to make such Lawson Recommendation Change would be inconsistent with the Lawson board of directors' or the Special Committee's respective fiduciary duties, as applicable, under applicable law; provided, however, that prior to effecting such Lawson Recommendation Change (i) Lawson shall have given TestEquity and the TestEquity Equityholder at least three (3) business days' prior written notice informing TestEquity and the TestEquity Equityholder that the Lawson board of directors or the Special Committee, as applicable, has determined that a Lawson Intervening TE Event has occurred (which notice will reasonably describe such Lawson Intervening TE Event) and the Lawson board of directors or the Special Committee, as applicable, intends to effect a Lawson Recommendation Change at the end of the notice period (such notice being referred to herein as a "**TestEquity Lawson Recommendation Change Notice**"), (ii) during the three (3)-business day period starting after the date on which such TestEquity Lawson Recommendation Change Notice is received by TestEquity and the TestEquity Equityholder, if requested by TestEquity or the TestEquity Equityholder, Lawson shall, and shall cause its subsidiaries and representatives to, negotiate in good

faith with TestEquity, the TestEquity Equityholder and their representatives, to revise the terms and conditions of the TestEquity Merger Agreement such that a failure of the Lawson board of directors or the Special Committee to effect such a Lawson Recommendation Change in response to such Lawson Intervening TE Event would not be inconsistent with the Lawson board of directors' or the Special Committee's respective fiduciary duties, as applicable, under applicable law and (iii) following such three (3)-business day period, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee after taking into account in good faith any changes to the terms of the TestEquity Merger Agreement proposed by TestEquity and the TestEquity Equityholder and, after consultation with its outside legal counsel, shall have reasonably determined in good faith that the failure to effect such a Lawson Recommendation Change would be inconsistent with the Lawson board of directors' or the Special Committee's respective fiduciary duties, as applicable, under applicable law. The TestEquity Merger Agreement provides that, for the avoidance of doubt, nothing in the immediately preceding sentence will permit the Lawson board of directors or the Special Committee to make a Lawson Recommendation Change with respect to a portion or subset of the transactions contemplated by the Transaction Agreements.

“Lawson Intervening TE Event” means any event that (a) is material to Lawson or its subsidiaries, taken as a whole, and (b) did not result from any breach of the TestEquity Merger Agreement and was not known or reasonably foreseeable by the Transaction Directors or the Special Committee as of the date of the TestEquity Merger Agreement, which event becomes known (or the unforeseen magnitude or material consequences thereof become known) to or by the Transaction Directors or the Special Committee prior to obtaining any of the Lawson Stockholder Approvals; provided, however, that no event to the extent arising out of or resulting from any of the following shall constitute, or be taken into account in determining the existence of, a Lawson Intervening TE Event: (i) any event relating to TestEquity or its subsidiaries that does not materially affect the business, assets or operations of TestEquity or its subsidiaries, (ii) any event relating to Gexpro Services and its subsidiaries that does not materially affect the business, assets or operations of Gexpro Services and its subsidiaries, (iii) any change, in and of itself, in the price or trading volume of shares of Lawson's common shares (it being understood that the facts underlying such change may be taken into account in determining whether there has been a Lawson Intervening TE Event, solely to the extent not otherwise excluded by this definition of “Lawson Intervening TE Event”), (iv) meeting or exceeding internal or analysts' expectations, projections or results of operations (it being understood that the underlying facts giving rise or contributing to such circumstances may be taken into account in determining whether there has been a Lawson Intervening TE Event, to the extent not otherwise excluded by this definition of “Lawson Intervening TE Event”), (v) the announcement of the Transaction Agreements and the transactions contemplated by the Transaction Agreements or (vi) any actions required to be taken (or required to be refrained from being taken) by any of Lawson or any of its subsidiaries under any Transaction Agreement.

Efforts to Consummate the TestEquity Merger

The TestEquity Merger Agreement provides that, subject to its terms and conditions, each party shall use its commercially reasonable efforts to (a) consummate the transactions contemplated by the TestEquity Merger Agreement as promptly as practicable and (b) obtain, or cause to be obtained, all actions or nonactions, waivers, authorizations, expirations or terminations of waiting periods, clearances, consents and approvals required to be obtained (including under the HSR Act and the antitrust laws of any other jurisdiction) from any governmental authorities or third parties in connection with the execution and delivery of the TestEquity Merger Agreement and the consummation of the transactions contemplated thereby. The “commercially reasonable efforts” of (i) TestEquity shall not require any of TestEquity or its subsidiaries or any of their respective representatives to expend any money to remedy any breach of any representation or warranty under the TestEquity Merger Agreement, to obtain any consent required for consummation of the transactions contemplated by the TestEquity Merger Agreement, other than *de minimis* administrative fees or fees for which Lawson agrees to be responsible, or to provide financing to Lawson for consummation of the transactions contemplated by the TestEquity Merger Agreement; and (ii) Lawson and Merger Sub 1 shall not require any of Lawson or Merger Sub 1, or any of their respective representatives, to expend any money to remedy any breach of any representation or warranty under

[Table of Contents](#)

the TestEquity Merger Agreement or to obtain any consent required for consummation of the transactions contemplated by the TestEquity Merger Agreement, other than *de minimis* administrative fees and any fees required to be paid by any of Lawson or its subsidiaries under applicable law in order for the consent of the relevant governmental authority to be obtained.

The TestEquity Merger Agreement provides that, without limiting the foregoing, each party agrees to make, or cause to be made, (i) an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated by the TestEquity Merger Agreement as promptly as practicable and in any event within fifteen (15) business days of the date of the TestEquity Merger Agreement, and (ii) any filing that may be required under any other antitrust law, if applicable, within twenty (20) business days of the date of mutual determination by the parties as to applicability of such other antitrust law; and use reasonable best efforts to respond as promptly as practicable to any request for additional information and documentary material pursuant to the HSR Act or any other antitrust law and use reasonable best efforts to take all other actions necessary, proper or advisable to cause the expiration or termination of the applicable waiting periods under the HSR Act or any other antitrust law as soon as practicable.

The TestEquity Merger Agreement provides that, in furtherance and not in limitation of the foregoing, if any objections are asserted with respect to the transactions contemplated by the TestEquity Merger Agreement under any antitrust law or if any suit is instituted (or threatened to be instituted) by the U.S. Federal Trade Commission, the U.S. Department of Justice or any other applicable governmental authority or any private party challenging any of the transactions contemplated by the TestEquity Merger Agreement as being in violation of any antitrust law or which would otherwise prevent, materially impede or materially delay the consummation of the transactions contemplated by the TestEquity Merger Agreement, each of TestEquity and Lawson shall use reasonable best efforts to take, or cause to be taken, all such reasonable actions as may be necessary to resolve objections or suits so as to permit consummation of the TestEquity Merger and the other transactions contemplated by the TestEquity Merger Agreement in a timely manner; provided, however, that Lawson shall have the unilateral right to determine whether or not the parties will litigate with any governmental authorities to oppose any enforcement action seeking to impose any “TE Burdensome Condition” (as defined below) on Lawson or any of its affiliates; provided further, however, Lawson shall consult with TestEquity and in good faith take TestEquity’s views into account regarding the overall strategic direction of any such litigation and consult with TestEquity prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning such litigation.

“**TE Burdensome Condition**” means any undertakings, terms, conditions, liabilities, obligations, commitments or sanctions that would have or would reasonably be expected to have, in the aggregate, a material adverse effect on the businesses, financial condition or results of operations of TestEquity and its subsidiaries, taken as a whole, or Lawson and its subsidiaries, taken as a whole.

The TestEquity Merger Agreement provides that notwithstanding any other provision of the TestEquity Merger Agreement to the contrary, the obligations of Lawson pursuant to the foregoing shall include Lawson: (i) selling, divesting, or otherwise conveying particular assets, categories, portions or parts of assets or businesses of Lawson and its affiliates contemporaneously with or subsequent to the closing of the TestEquity Merger; (ii) agreeing to sell, divest, or otherwise convey any particular asset, category, portion or part of an asset or business of TestEquity or its subsidiaries contemporaneously with or subsequent to the closing of the TestEquity Merger; (iii) agreeing to permit any of TestEquity or its subsidiaries to sell, divest, or otherwise convey any of the particular assets, categories, portions or parts of assets or business of any of TestEquity or its subsidiaries prior to the closing of the TestEquity Merger; and (iv) licensing, holding separate or entering into similar arrangements with respect to its assets or the assets of any of TestEquity or its subsidiaries or terminating any and all joint venture, strategic partnership and other similar agreements as a condition to obtaining any and all expirations of waiting periods under the HSR Act or consents from any governmental authority necessary to consummate the transactions contemplated by the TestEquity Merger Agreement, in each case, to the extent such action is reasonably necessary to avoid, prevent, eliminate or remove the actual or threatened (x) commencement

[Table of Contents](#)

of any investigation or proceeding in any forum or (y) issuance or enactment of any governmental order or applicable law that would delay, restrain, prevent, enjoin or otherwise prohibit consummation of the closing of the TestEquity Merger and the other transactions contemplated by the TestEquity Merger Agreement by any governmental authority; provided, however, that, notwithstanding the foregoing, Lawson shall not be required to, in connection with its obligations pursuant to the foregoing, offer or accept, or agree, commit to agree or consent to, any of the foregoing actions that constitutes a TE Burdensome Condition.

The TestEquity Merger Agreement also provides that no party shall, and no party shall permit any of its affiliates to, acquire or agree to acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any person or portion thereof, or otherwise acquire or agree to acquire any assets, if entering into a definitive agreement relating to, or the consummation of, such acquisition, merger, consolidation or other transaction would reasonably be expected to (x) impose any delay in obtaining, or increase the risk of not obtaining, any authorizations, consents, orders, declarations or approvals of any governmental authority necessary to consummate the transactions contemplated by the TestEquity Merger Agreement or the expiration or termination of any applicable waiting period, including under the HSR Act or applicable antitrust law, (y) increase the risk of any governmental authority entering an order prohibiting the consummation of the transactions contemplated by the TestEquity Merger Agreement or (z) delay the consummation of the transactions contemplated by the TestEquity Merger Agreement.

The TestEquity Merger Agreement provides that subject to the other provisions of the TestEquity Merger Agreement, Lawson shall lead all communications, strategy and efforts to obtain all necessary actions or non-actions and consents from governmental authorities under antitrust laws in connection with the transactions contemplated by the TestEquity Merger Agreement and any litigation matters with third parties relating to the antitrust laws; provided, however, that Lawson shall consult with TestEquity and in good faith take TestEquity's views into account regarding the overall strategic direction of any such communications, strategy and efforts to obtain all necessary actions or non-actions and consents and litigation with third parties relating to the antitrust laws and consult with TestEquity prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning the matters discussed in connection with the foregoing.

Debt Financing

The TestEquity Merger Agreement provides that Lawson and Merger Sub 1 shall each use its reasonable best efforts to obtain the debt financing incurred or intended to be incurred in connection with the transactions contemplated by the Transaction Agreements (the "**Debt Financing**") as promptly as practicable following the date of the TestEquity Merger Agreement. The TestEquity Merger Agreement provides that from and after the date of the TestEquity Merger Agreement until the earlier of the closing date and the termination of the TestEquity Merger Agreement, the TestEquity Equityholder shall cause TestEquity and its subsidiaries to use their commercially reasonable efforts to provide such assistance to Lawson and Merger Sub 1, at the sole expense of Lawson, as is reasonably requested by Lawson in connection with the Debt Financing.

Employee Matters; Benefits Plans

The TestEquity Merger Agreement provides that, for a period of no less than one (1) year following the closing date of the TestEquity Merger, Lawson and the TestEquity Surviving Company shall provide each of the persons employed by TestEquity and its subsidiaries as of the closing date with (i) a base salary or wages that are not less than, (ii) variable/incentive/bonus pay opportunities that are substantially similar (excluding any value attributable to equity and equity-based compensation and retention, transaction or similar payments) to, and (iii) other benefit plans and arrangements that are no less favorable in the aggregate to, in each of clauses (i), (ii) and (iii), those provided to such employees immediately prior to the closing date of the TestEquity Merger.

The TestEquity Merger Agreement also provides that each employee and former employee of TestEquity or any of its subsidiaries shall be credited with his or her years of service with TestEquity or its subsidiaries (and

[Table of Contents](#)

any predecessor entities thereof, to the extent such predecessor service is credited by Lawson and the TestEquity Surviving Company or any of their subsidiaries) before the closing date of the TestEquity Merger under any employee benefit plan of Lawson or the TestEquity Surviving Company or any of their subsidiaries providing benefits similar to those provided under a benefit plan maintained, sponsored or contributed to by TestEquity or any of its subsidiaries (including under any applicable pension, 401(k), savings, medical, dental, life insurance, vacation, long-service leave or other leave entitlements, post-retirement health and life insurance, termination indemnity, severance or separation pay plans) to the same extent as such employee or former employee was entitled, before the closing date of the TestEquity Merger, to credit for such service under such benefit plan for all purposes, including eligibility to participate, level of benefits, early retirement eligibility and early retirement subsidies, vesting and benefit accrual (other than benefit accruals under a defined benefit pension plan), except to the extent such credit would result in the duplication of benefits for the same period of service.

In addition, the TestEquity Merger Agreement provides that Lawson will waive for each employee and his or her dependents any waiting period provision, payment requirement to avoid a waiting period, pre-existing condition limitation, actively-at-work requirement and any other restriction that would prevent immediate or full participation under the welfare plans of Lawson, the TestEquity Surviving Company or any of their affiliates applicable to such employee to the extent such waiting period, pre-existing condition limitation, actively-at-work requirement or other restriction would not have been applicable to such employee under the terms of the welfare plans of TestEquity or its subsidiaries on the date of the TestEquity Merger Agreement.

The TestEquity Merger Agreement also provides that on and after closing of the TestEquity Merger, Lawson, the TestEquity Surviving Company and its subsidiaries shall be responsible for any and all notices, liabilities, costs, payments and expenses arising from any action by Lawson, the TestEquity Surviving Company or any of its subsidiaries (including breach of contract, defamation or retaliatory discharge) regarding employees who are employed by TestEquity or its subsidiaries as of the closing date, including any such liability (i) under any applicable law that relates to employees, employee benefit matters or labor matters, (ii) for dismissal, wrongful termination or constructive dismissal or termination, or severance pay or other termination pay, or (iii) under or with respect to any benefit plan, program, contract, policy, commitment or arrangement of TestEquity or its subsidiaries, including with respect to severance or retention plans, or to the extent such severance or retention plans provide payments or benefits with respect to any employee.

Indemnification and Insurance

The TestEquity Merger Agreement provides that Lawson shall cause the TestEquity Surviving Company to honor the provisions, to the extent they are enforceable under applicable law, regarding (i) exculpation of managers, (ii) limitation of liability of managers and officers and (iii) indemnification and advancement of expenses, in each case, contained in TestEquity's and its subsidiaries' governing documents or any employment contract between the applicable TestEquity Covered Affiliate (as defined below) and TestEquity or any of its subsidiaries, in each case as in effect immediately prior to the effective time of the TestEquity Merger with respect to any TestEquity D&O Indemnitees (as defined below).

"TestEquity Covered Affiliate" means TestEquity's current or former subsidiaries or affiliates or any of their respective predecessors.

"TestEquity D&O Indemnitee" means the individuals who, on or prior to the closing date of the TestEquity Merger, were officers, managers, directors, or employees or agents of TestEquity or its subsidiaries or served on behalf of TestEquity or its subsidiaries as an officer, manager, director or employee or agent of any TestEquity Covered Affiliate and the heirs and executors of such officers, managers, directors or employees or agents.

The TestEquity Merger Agreement provides that, prior to the closing of the TestEquity Merger, TestEquity shall, in consultation with Lawson and at Lawson's expense, obtain and fully pay for "tail" insurance policies

with a claims period of at least 6 years from the closing date of the TestEquity Merger with respect to directors' and officers' liability insurance covering those persons who are currently covered by TestEquity's and its subsidiaries' directors' and officers' liability insurance policy on terms not less favorable than such existing insurance coverage; provided, however, that in the event that any claim is brought under such director's and officer's liability insurance policies, Lawson shall cause the TestEquity Surviving Company to maintain the policy until final disposition thereof; provided, further that TestEquity shall not pay premiums for such policy in excess of an aggregate amount of 300% of the last annual premiums paid by TestEquity or its subsidiaries prior to the date of the TestEquity Merger Agreement for its existing directors' and officers' liability insurance policies absent the prior written consent of Lawson (which may be withheld in Lawson's sole discretion), and in such a case shall purchase as much coverage as reasonably practicable for such 300% aggregate amount.

The TestEquity Merger Agreement provides that from and after the closing date of the TestEquity Merger, Lawson shall, and shall cause the TestEquity Surviving Company and its subsidiaries (each, a "**TestEquity D&O Indemnifying Party**") to, to the fullest extent permitted by applicable law, (a) indemnify and hold harmless (and release from any liability to TestEquity or its subsidiaries), the TestEquity D&O Indemnitees against all TestEquity D&O Expenses (as defined below), losses, claims, damages, judgments or amounts paid in settlement ("**TestEquity D&O Costs**") in respect of any threatened, pending or completed action, whether criminal, civil, administrative or investigative, based on or arising out of or relating to the fact that such person is or was a director, manager, officer, employee or agent of TestEquity or its subsidiaries or TestEquity Covered Affiliates arising out of acts or omissions occurring in such capacities on or prior to the closing date of the TestEquity Merger (including without limitation, in respect of acts or omissions in connection with the TestEquity Merger Agreement and the transactions contemplated thereby) (a "**TestEquity D&O Indemnifiable Claim**") and (b) advance to such TestEquity D&O Indemnitees all TestEquity D&O Expenses incurred in connection with any TestEquity D&O Indemnifiable Claim (including in circumstances where the TestEquity D&O Indemnifying Party has assumed the defense of such claim) promptly after receipt of reasonably detailed statements therefor. "**TestEquity D&O Expenses**" shall include reasonable attorneys' fees and all other reasonable costs, charges and expenses paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to defend, to be a witness in or participate in any TestEquity D&O Indemnifiable Claim, but shall exclude losses, judgments and amounts paid in settlement (which items are included in the definition of TestEquity D&O Costs).

Other Covenants

The TestEquity Merger Agreement contains certain other covenants, including covenants relating to (i) providing Lawson with reasonable access to TestEquity's and its subsidiaries' books, records, facilities and personnel, (ii) making certain regulatory filings, (iii) the transfer of all associated liabilities under the TestEquity Management Agreement to the TestEquity Equityholder or an affiliate thereof (other than TestEquity or any of its subsidiaries), (iv) preservation of records, (v) cooperation between the parties with respect to certain public announcements, (vi) payment of transfer taxes and tax reorganization matters, (vii) taking of certain actions with respect to anti-takeover laws, and (viii) control of the defense of any stockholder litigation relating to the TestEquity Merger.

Conditions to the Closing of the TestEquity Merger

The completion of the TestEquity Merger and the other transactions contemplated by the TestEquity Merger Agreement is subject to the satisfaction or waiver of a number of closing conditions, which may be waived by TestEquity, the TestEquity Equityholder, Merger Sub 1 or Lawson, as applicable.

Conditions to Obligations of Each Party

Under the TestEquity Merger Agreement, the obligations of the parties to consummate the transactions contemplated by the TestEquity Merger Agreement are subject to the satisfaction (or waiver by the parties, to the

“TestEquity Material Adverse Effect” means any event that has had, or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on the assets, liabilities, business, financial condition or results of operations of TestEquity or its subsidiaries, taken as a whole; provided, however, that no event to the extent arising out of or resulting from any of the following shall, either alone or in combination, constitute or be taken into account in determining whether a TestEquity Material Adverse Effect has occurred: (a) general economic, business, political, industry, trade or credit, financial or capital market conditions (whether in the United States or internationally), including any conditions affecting generally the industries or markets in which TestEquity or its subsidiaries operate; (b) earthquakes, tornados, hurricanes, floods, acts of God and other force majeure events; (c) any public health event; (d) acts of war (whether declared or not declared), sabotage, terrorism, military actions or the escalation thereof; (e) any changes or prospective changes in law, regulations or accounting rules, including the interpretations thereof, or any changes after the date of the TestEquity Merger Agreement in the interpretation or enforcement of any of the foregoing, or any changes in general legal, regulatory, trade or political conditions; (f) the taking of any action required or permitted by any of the Transaction Agreements; (g) the negotiation, entry into or public announcement of any of the Transaction Agreements or pendency of the transactions contemplated thereby, including (in the case of each of the following clauses (i) through (v), to the extent arising out of or resulting from the negotiation, entry into or public announcement of any of the Transaction Agreements or pendency of the transactions contemplated thereby) (i) any suit, action or proceeding in connection with the transactions contemplated by the Transaction Agreements, (ii) any actions of competitors, (iii) any actions taken by or losses of employees, customers, suppliers or other counterparties of TestEquity or its subsidiaries, including as a result of the identity of Lawson or any communication regarding plans or intentions with respect to the business conducted by Lawson or its subsidiaries, (iv) any delays or cancellations of orders for products or services or (v) any actions taken in connection with obtaining regulatory consents; (h) the breach of the TestEquity Merger Agreement, any TestEquity Related Agreement, the Gexpro Services Merger Agreement or the Gexpro Services Related Agreements by Lawson or any of its affiliates party thereto; (i) the taking of any action at the written request of, or with the written approval from, Lawson; (j) the actions or omissions of Lawson; (k) the failure by TestEquity or its subsidiaries to meet any projections, estimates or budgets for any period prior to, on or after the date of the TestEquity Merger Agreement (it being understood that the events underlying the failure described in this clause (k) may be taken into account in determining whether there has been a TestEquity Material Adverse Effect, solely to the extent not otherwise excluded by the definition of “TestEquity Material Adverse Effect”); and (l) the failure of the TE Acquisition to be consummated at or prior to any time; provided, further, that, in the case of the foregoing clauses (a), (b), (c), (d) or (e), if such matter has a disproportionate impact on TestEquity or its subsidiaries, taken as a whole, relative to similarly situated companies in the industries in which TestEquity or its subsidiaries conduct their operations and business, then only the incremental additional disproportionate impact (as compared to such similarly situated companies) shall be taken into account in determining whether there has been a TestEquity Material Adverse Effect.

- Each of the representations and warranties of Lawson and Merger Sub 1 with respect to (i) their due incorporation and no prior activities of Merger Sub 1, their power and authority to enter into the TestEquity Merger Agreement and the absence of any obligations to pay any brokerage or “finder’s fee” other than as set forth in the TestEquity Merger Agreement shall be true and correct in all material respects (disregarding all qualifications or limitations as to “materiality”, “Material Adverse Effect” and words of similar import set forth therein) as of the date of the TestEquity Merger Agreement and as of the closing date of the TestEquity Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the TestEquity Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (ii) the capitalization of Lawson and the valid issuance of all equity securities in Lawson and its subsidiaries shall be true and correct in all respects (other than for inaccuracies that are, in the aggregate, *de minimis*) as of the date of the TestEquity Merger Agreement and as of the closing date of the TestEquity Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the TestEquity Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (iii) the valid issuance of the shares of Lawson common stock to be issued in accordance with the terms of the TestEquity Merger Agreement and the absence of a Lawson TE Material Adverse Effect (as defined below) shall be true and correct in all respects as of the date of the TestEquity Merger Agreement and as of the closing date of the TestEquity Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the TestEquity Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date) and (iv) all other representations and warranties of Lawson and Merger Sub 1 (other than those referenced in the foregoing clauses (i), (ii) and (iii)) shall be true and correct in all respects (disregarding all qualifications or limitations as to “materiality”, “Material Adverse Effect” and words of similar import set forth therein) as of the date of the TestEquity Merger Agreement and as of the closing date of the TestEquity Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the TestEquity Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), except, in the case of this clause (iv) where the failure of such representations and warranties to be so true and correct does not constitute a Lawson TE Material Adverse Effect.
- Lawson and Merger Sub 1 shall have performed and complied in all material respects with all of their respective covenants, obligations and agreements contained in the TestEquity Merger Agreement to be performed and complied with by them on or prior to the closing of the TestEquity Merger.
- Since the date of the TestEquity Merger Agreement, there shall not have been any Lawson TE Material Adverse Effect.

- TestEquity shall have received a written opinion from TestEquity’s counsel, in form and substance reasonably satisfactory to TestEquity, dated as of the closing date of the TestEquity Merger, to the effect that, on the basis of the facts, representations and assumptions set forth or referred to in such opinion, the TestEquity Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Internal Revenue Code.
- The TestEquity Equityholder shall have received the Registration Rights Agreement, duly executed by Lawson.

“**Lawson TE Material Adverse Effect**” means any event that has had, or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on the assets, liabilities, business, financial condition or results of operations of Lawson or its subsidiaries, taken as a whole; provided, however, that no event to the extent arising out of or resulting from any of the following shall, either alone or in combination, constitute or be taken into account in determining whether a Lawson TE Material Adverse Effect has occurred: (a) general economic, business, political, industry, trade or credit, financial or capital market conditions (whether in the United States or internationally), including any conditions affecting generally the industries or markets in which Lawson or its subsidiaries operate; (b) earthquakes, tornados, hurricanes, floods, acts of God and other force majeure events; (c) any public health event; (d) acts of war (whether declared or not declared), sabotage, terrorism, military actions or the escalation thereof; (e) any changes or prospective changes in law, regulations or accounting rules, including the interpretations thereof, or any changes after the date of the TestEquity Merger Agreement in the interpretation or enforcement of any of the foregoing, or any changes in general legal, regulatory, trade or political conditions; (f) the taking of any action required or permitted by any of the Transaction Agreements; (g) the negotiation, entry into or public announcement of any of the Transaction Agreements or pendency of the transactions contemplated thereby, including (in the case of each of the following clauses (i) through (v), to the extent arising out of or resulting from the negotiation, entry into or public announcement of any of the Transaction Agreements or pendency of the transactions contemplated thereby) (i) any suit, action or proceeding in connection with the transactions contemplated by the Transaction Agreements, (ii) any actions of competitors, (iii) any actions taken by or losses of employees, customers, suppliers or other counterparties of Lawson or its subsidiaries, including as a result of the identity of the TestEquity Equityholder (or any of its affiliates), TestEquity or its subsidiaries or any communication regarding plans or intentions with respect to the business conducted by Lawson or its subsidiaries, (iv) any delays or cancellations of orders for products or services or (v) any actions taken in connection with obtaining regulatory consents; (h) the breach of the TestEquity Merger Agreement, any TestEquity Related Agreement, the Gexpro Services Merger Agreement or the Gexpro Services Related Agreements by the TestEquity Equityholder, TestEquity or any of their affiliates party thereto; (i) the taking of any action at the written request of, or with the written approval from, the TestEquity Equityholder or TestEquity; (j) the actions or omissions of the TestEquity Equityholder or TestEquity; (k) the failure by Lawson or its subsidiaries to meet any projections, estimates or budgets for any period prior to, on or after the date of the TestEquity Merger Agreement (it being understood that the events underlying the failure described in this clause (k) may be taken into account in determining whether there has been a Lawson TE Material Adverse Effect, solely to the extent not otherwise excluded by the definition of “Lawson TE Material Adverse Effect”); and (l) the failure of any proposed parent transaction as disclosed on the disclosure schedules to the TestEquity Merger Agreement to be consummated at or prior to any time; provided, further, that, in the case of the foregoing clauses (a), (b), (c), (d) or (e), if such matter has a disproportionate impact on Lawson or its subsidiaries, taken as a whole, relative to similarly situated companies in the industries in which Lawson or its subsidiaries conduct their operations and business, then only the incremental additional disproportionate impact (as compared to such similarly situated companies) shall be taken into account in determining whether there has been a Lawson TE Material Adverse Effect.

The TestEquity Merger Agreement may be terminated at any time on or prior to the closing date of the TestEquity Merger, as follows:

- with the mutual written consent of the parties to the TestEquity Merger Agreement;
- by either TestEquity or Lawson if the effective time of the TestEquity Merger shall not have occurred on or before September 30, 2022 (the “**TestEquity Merger End Date**”); provided, however, that the right to terminate the TestEquity Merger Agreement as described in this bullet point shall not be available to any party whose failure to fulfill any obligation under the TestEquity Merger Agreement has been the principal cause of, or resulted in, the failure of the effective time of the TestEquity Merger to occur on or before the TestEquity Merger End Date;

Table of Contents

- by TestEquity, if Lawson or Merger Sub 1 shall have breached or failed to perform any of their respective covenants or other agreements contained in the TestEquity Merger Agreement, or if any of the representations or warranties of Lawson or Merger Sub 1 fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition relating to the accuracy of Lawson's and Merger Sub 1's representations and warranties or compliance with covenants from being satisfied and (ii) is not reasonably capable of being cured by the TestEquity Merger End Date or has not been cured by Lawson or Merger Sub 1, as applicable, within thirty (30) days after Lawson receives written notice thereof from TestEquity; provided, however, that TestEquity shall not have the right to terminate the TestEquity Merger Agreement as described in this bullet point if either TestEquity or the TestEquity Equityholder is then in material breach of the TestEquity Merger Agreement such that any of the conditions relating to the accuracy of TestEquity's or the TestEquity Equityholder's representations and warranties or compliance with covenants would not be satisfied;
- by Lawson, if TestEquity or the TestEquity Equityholder shall have breached or failed to perform any of their respective covenants or other agreements contained in the TestEquity Merger Agreement, or if any of the representations or warranties of TestEquity or the TestEquity Equityholder, as applicable, fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition relating to the accuracy of TestEquity's or the TestEquity Equityholder's representations and warranties or compliance with covenants from being satisfied and (ii) is not reasonably capable of being cured by the TestEquity Merger End Date or has not been cured by TestEquity or the TestEquity Equityholder within thirty (30) days after TestEquity and the TestEquity Equityholder receive written notice thereof from Lawson; provided, however, that Lawson shall not have the right to terminate the TestEquity Merger Agreement as described in this bullet point if either Lawson or Merger Sub 1 is then in material breach of the TestEquity Merger Agreement such that any of the conditions relating to the accuracy of Lawson's or Merger Sub 1's representations and warranties or compliance with covenants would not be satisfied;
- by either TestEquity or Lawson if any governmental authority shall have issued a governmental order or taken any other action permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by the TestEquity Merger Agreement, and such governmental order or other action shall have become final and nonappealable;
- by either Lawson or TestEquity, if any of the Lawson Stockholder Approvals have not been obtained at the duly convened stockholders meeting (unless such stockholders meeting has been adjourned or postponed, in which case at the final adjournment or postponement thereof);
- by TestEquity, if a Lawson Recommendation Change has occurred; or
- automatically, without any action by any party to the TestEquity Merger Agreement, immediately upon the termination of the Gexpro Services Merger Agreement in accordance with its terms.

Termination Fee

The TestEquity Merger Agreement provides that if it is terminated (i) by TestEquity due to a Lawson Recommendation Change or (ii) as a result of the termination of the Gexpro Services Merger Agreement due to a Lawson Recommendation Change, then Lawson will pay TestEquity an amount equal to \$4,000,000.

Other Fees and Expenses

The TestEquity Merger Agreement provides that Lawson will pay the applicable persons identified in certain payoff letters the amounts of payoff indebtedness due to such persons as set forth in such payoff letters. The TestEquity Merger Agreement also provides that Lawson will pay all TestEquity Transaction Expenses (as defined below) due to be paid on behalf of TestEquity at the closing of the TestEquity Merger and, following the effective time of the TestEquity Merger, cause the TestEquity Surviving Company to pay each employee to whom an amount of the TestEquity Transaction Expenses is owed but not paid at the closing of the TestEquity Merger.

“**TestEquity Transaction Expenses**” means, in each case expressed in dollars, (a) all transaction fees and expenses incurred or payable by or on behalf of TestEquity or its subsidiaries in respect of the TestEquity Merger Agreement and the transactions contemplated by TestEquity Merger Agreement, including those of all attorneys, accountants, actuaries, consultants, experts, investment bankers or other professionals, if any, engaged by or on behalf of TestEquity or its subsidiaries in respect of the TestEquity Merger Agreement and the transactions contemplated by the TestEquity Merger Agreement and (b) all accrued or payable and unpaid bonuses, commissions, retention payments, change-of-control payments (including any equity-based payments), termination or severance payments, or other similar compensatory payments or benefits made or to be made to any current or former employee, director, officer, manager, consultant or independent contractor of TestEquity or its subsidiaries in connection with the TestEquity Merger Agreement and the transactions contemplated by the TestEquity Merger Agreement. Notwithstanding anything to the contrary contained in the TestEquity Merger Agreement, “TestEquity Transaction Expenses” shall exclude any costs, fees and expenses (i) related to or incurred in connection with (A) directors’ and officers’ liability or otherwise in connection with the provisions of the TestEquity Merger Agreement relating thereto or (B) the Debt Financing by or on behalf of Lawson or Merger Sub 1, (ii) to the extent incurred by or at the direction of Lawson or its representatives for the transactions contemplated by the TestEquity Merger Agreement, or (iii) incurred or payable by the TestEquity Equityholder or any of its affiliates (other than TestEquity or any of its subsidiaries), and not by TestEquity or any of its subsidiaries.

The Gexpro Services Merger will become effective at the time of the filing of a certificate of merger with the Secretary of State of the State of Delaware in accordance with the DGCL, or at such later time which the parties to the Gexpro Services Merger Agreement shall have agreed upon and is specified in the certificate of merger.

Merger Consideration

Under the terms of the Gexpro Services Merger Agreement, at the effective time of the Gexpro Services Merger:

- (a) each share of common stock of Merger Sub 2 issued and outstanding immediately prior to the effective time of the Gexpro Services Merger shall be automatically converted into one validly issued, fully paid and non-assessable share of common stock of the Gexpro Services Surviving Corporation;
- (b) each share of common stock, par value \$0.01 per share, of Gexpro Services issued and outstanding immediately prior to the effective time of the Gexpro Services Merger (other than such shares not entitled to receive any consideration therefor as described in clause (c) below) shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and each holder of such shares (other than such shares not entitled to receive any consideration therefor as described in clause (c) below) shall cease to have any rights with respect thereto and shall not be entitled to receive any consideration therefor, except that the Gexpro Services Stockholder (and only the Gexpro Services Stockholder) will have the right to receive the Gexpro Services Merger Consideration (provided that the Gexpro Services Stockholder's right to receive a portion of the Gexpro Services Merger Consideration equal to the number of GS Holdback Shares (as defined below) shall be subject to the terms and conditions of the Gexpro Services Merger Agreement); and
- (c) each share of common stock, par value \$0.01 per share, and each share of preferred stock, par value \$0.01 per share, of Gexpro Services held in the treasury of Gexpro Services or owned by any wholly owned subsidiary of Gexpro Services immediately prior to the effective time of the Gexpro Services Merger shall automatically be canceled and shall cease to exist, and no consideration shall be exchanged therefor.

Holdback Shares and Earnout

The Gexpro Services Merger Agreement provides that, as of the date of the Gexpro Services Merger Agreement, (x) Gexpro Services anticipates consummating certain acquisitions of any one or more of three companies that had been previously identified to the Special Committee as potential acquisition candidates by Gexpro Services prior to the date of the Gexpro Services Merger Agreement (the "**GS Acquisitions**") and (y) in connection with such GS Acquisitions, Lawson shall hold back at the closing of the Gexpro Services Merger 1,000,000 shares of Lawson common stock (the "**GS Holdback Shares**"), which GS Holdback Shares shall be held by Lawson until released to the Gexpro Services Stockholder or forfeited in accordance with the terms of the Gexpro Services Merger Agreement.

First Earnout

As provided in the Gexpro Services Merger Agreement, in the event that the Gexpro Services Stockholder or any of its affiliates proposes to enter into any definitive agreements with respect to a GS Acquisition (or any amendment or waiver with respect thereto), (A) the Gexpro Services Stockholder shall give Lawson reasonably advance written notice thereof, together with copies of all such definitive agreements (or amendments or waivers with respect thereto); and (B) entry into such definitive agreements shall be subject to approval thereof by any committee of the Lawson board of directors comprised solely of independent directors (a "**GS Earnout Special Committee**"); provided, however, that a GS Earnout Special Committee's determination of whether or not to approve the entry into such definitive agreements must be made no later than 11:59 p.m. Central time on the second business day after the date on which the Gexpro Services Stockholder provides the written notice contemplated by the foregoing clause (A). Nothing in the Gexpro Services Merger Agreement shall obligate a GS Earnout Special Committee, Lawson or any of its affiliates (including the Gexpro Services Surviving Corporation) to approve of any GS Acquisition if such GS Acquisition is not on terms and conditions that are substantially similar in all material respects to the terms and conditions that had been previously described to the Special Committee by Gexpro Services prior to the date of the Gexpro Services Merger Agreement, or if the

[Table of Contents](#)

board of directors or other governing body (or any committee thereof, including a GS Earnout Special Committee) of Lawson or any of its affiliates (including the Gexpro Services Surviving Corporation) determines that such GS Acquisition is not in the best interests of such party or its stockholders, or would reasonably be expected to be inconsistent with such directors' or managers' fiduciary duties. With respect to Gexpro Services' pursuit of new acquisitions (other than the GS Acquisitions), all such new acquisitions shall be subject to the other terms and conditions of the Gexpro Services Merger Agreement.

The amount (if any) of GS Holdback Shares to be issued and delivered to the Gexpro Services Stockholder in respect of GS Accretion (as defined below) (the "**GS Released Shares**") shall be equal to the GS Holdback Release Formula (as defined below), as finally determined in accordance with the terms of the Gexpro Services Merger Agreement. For all purposes of the Gexpro Services Merger Agreement, the calculation of GS Accretion and the components used in calculating GS Accretion, as well as the calculation of the GS Released Shares to be issued and delivered to the Gexpro Services Stockholder calculated using the GS Holdback Release Formula, shall be based solely upon the GS Acquisitions consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing of the Gexpro Services Merger, on the terms and subject to the conditions set forth in the Gexpro Services Merger Agreement. No later than five (5) business days following the date that is ninety (90) days following the closing of the Gexpro Services Merger, the Gexpro Services Stockholder shall deliver a statement (a "**GS Accretion Statement**") to Lawson setting forth its good faith calculation of GS Accretion and the components used in calculating GS Accretion, in each case in reasonable detail, as well as its calculation of the amount of the GS Released Shares to be issued and delivered to the Gexpro Services Stockholder calculated using the GS Holdback Release Formula. Lawson shall have forty-five (45) days following receipt of the GS Accretion Statement to review the GS Accretion Statement and to notify the Gexpro Services Stockholder in writing of any dispute regarding any calculations set forth therein (a "**GS Accretion Dispute Notice**"), specifying the reasons for its dispute in reasonable detail. If no GS Accretion Dispute Notice is delivered by Lawson within such forty-five (45) day period or if Lawson delivers a written acceptance of the calculations set forth in the GS Accretion Statement within such forty-five (45) day period, then the calculations set forth in the GS Accretion Statement shall become final and binding on the parties.

The Gexpro Services Merger Agreement provides that in connection with Lawson's review of the GS Accretion Statement, the Gexpro Services Stockholder shall provide Lawson and its representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of the Gexpro Services Stockholder, work papers, schedules, memoranda and other documents used or prepared by the Gexpro Services Stockholder in connection with its preparation of the GS Accretion Statement, and other relevant items reasonably requested by Lawson, and the Gexpro Services Stockholder shall cooperate reasonably with Lawson and its Representatives in connection therewith.

"**EBITDA**" has the meaning as defined in the section entitled "The TestEquity Merger Agreement—Holdback Shares and Earnout—First Earnout."

"**GS Accretion**" means (a) 13.17 minus the GS Acquisition Multiple, multiplied by (b) the aggregate GS Approved EBITDA for the GS Acquired Businesses.

"**GS Acquired Business EBITDA**" means, with respect to each GS Acquired Business, for the twelve (12) month period ending on the last day of the most recent month prior to the date the acquisition of the applicable GS Acquired Business is consummated, the EBITDA of the applicable GS Acquired Business during such period.

[Table of Contents](#)

“**GS Acquisition Multiple**” means the aggregate purchase price paid or potentially payable (which shall include, in the case of any contingent consideration potentially payable in connection with the GS Acquisitions, the maximum amount of such contingent consideration that is potentially payable) with respect to all of the GS Acquisitions that are consummated during the period beginning after December 29, 2021 and ending ninety (90) days after the closing date of the Gexpro Services Merger as contemplated by the definitive agreements relating to such GS Acquisitions (including all cash and other consideration paid or delivered at closing, all deferred consideration paid or potentially payable, all post-closing earn-out consideration paid or potentially payable, all consideration placed into escrow or similar arrangements, and all assumed indebtedness for borrowed money and transaction expenses) divided by the GS Approved EBITDA.

“**GS Approved EBITDA**” means, with respect to each GS Acquired Business, the GS Acquired Business EBITDA as of the date on which the GS Acquisition with respect to such GS Acquired Business is consummated, as such GS Approved EBITDA shall be agreed to by the parties or as finally determined pursuant to the Gexpro Services Merger Agreement.

“**GS Holdback Release Formula**” means such amount of shares of Lawson common stock calculated by dividing (a) the amount of GS Accretion (as finally determined pursuant to the Gexpro Services Merger Agreement) by (b) \$48.0476; provided that the GS Holdback Release Formula shall not be a number of shares of Lawson common stock in excess of the total GS Holdback Shares.

Second Earnout

The Gexpro Services Merger Agreement provides that if, following the final determination of the GS Accretion and the GS Released Shares in accordance with the terms of the Gexpro Services Merger Agreement, there remain any GS Holdback Shares, then the amount of any such remaining GS Holdback Shares to be issued and delivered to the Gexpro Services Stockholder shall be determined using the GS Earnout Formula (as defined below) and in accordance with the terms of the Gexpro Services Merger Agreement. No later than March 15, 2023, Lawson shall deliver a statement (a “**GS Earnout Statement**”) to the Gexpro Services Stockholder setting forth its good faith calculation of the amount of remaining GS Holdback Shares (the “**GS Earnout Shares**”) to be issued and delivered to the Gexpro Services Stockholder using the GS Earnout Formula. The GS Earnout Statement shall also set forth in reasonable detail Lawson’s calculation of the components of the GS Earnout Formula. The Gexpro Services Stockholder shall have forty-five (45) days following receipt of the GS Earnout Statement to review the GS Earnout Statement and to notify Lawson in writing of any dispute regarding the calculations set forth therein (a “**GS Earnout Dispute Notice**”), specifying the reasons for its dispute in reasonable detail. If no GS Earnout Dispute Notice is delivered by the Gexpro Services Stockholder within such forty-five (45) day period or if the Gexpro Services Stockholder delivers a written acceptance of the calculations set forth in the GS Earnout Statement within such forty-five (45) day period, then the calculations set forth in the GS Earnout Statement shall become final and binding on the parties.

The Gexpro Services Merger Agreement provides that in connection with the Gexpro Services Stockholder’s review of the GS Earnout Statement, Lawson shall provide the Gexpro Services Stockholder and its representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of Lawson and the Gexpro Services Surviving Corporation, work papers, schedules, memoranda and other documents used or prepared by Lawson or the Gexpro Services Surviving Corporation in connection with its preparation of the GS Earnout Statement, and other relevant items reasonably requested by the Gexpro Services Stockholder, and Lawson and the Gexpro Services Surviving Corporation shall cooperate reasonably with the Gexpro Services Stockholder and its representatives in connection therewith.

[Table of Contents](#)

whose EBITDA is included in GS EBITDA, *divided* by the 2022 Average Lawson Stock Price; provided that the GS Earnout Formula shall not be a number of shares of Lawson common stock in excess of the total remaining GS Holdback Shares.

“**GS EBITDA**” means, with respect to the relevant period, EBITDA of Gexpro Services, less any GS Approved EBITDA (but not subtracting, for the avoidance of doubt, any EBITDA from acquisitions approved by the Special Committee or Lawson board of directors that are not GS Acquisitions).

“**GS EBITDA Delta**” means an amount equal to the increase, if any, in GS EBITDA for its 2022 fiscal year (calendar year 2022) over GS EBITDA for its 2021 fiscal year (calendar year 2021).

“**Trading EBITDA Multiple**” has the meaning as defined in the section entitled “The TestEquity Merger Agreement—Holdback Shares and Earnout—Second Earnout.”

Earnout Dispute Resolution

The Gexpro Services Merger Agreement provides that, in the event that Lawson delivers a GS Accretion Dispute Notice or the Gexpro Services Stockholder delivers a GS Earnout Dispute Notice (each, a “**GS Dispute Notice**,” and together, the “**GS Dispute Notices**”) in accordance with the terms of the Gexpro Services Merger Agreement, Lawson and the Gexpro Services Stockholder shall cooperate in good faith to resolve each dispute set forth in any such GS Dispute Notice as promptly as practicable, and, upon any such resolution, any adjustments to the GS Accretion Statement and/or GS Earnout Statement, as applicable, shall be made as agreed upon by Lawson and the Gexpro Services Stockholder in writing. If Lawson and the Gexpro Services Stockholder are unable to resolve any dispute within thirty (30) days (or such longer period as Lawson and the Gexpro Services Stockholder shall mutually agree in writing) of the delivery of the relevant GS Dispute Notice, such dispute shall be resolved by PricewaterhouseCoopers LLP or, if such firm cannot provide such resolution under the Gexpro Services Merger Agreement, such other nationally recognized accounting firm mutually selected by Lawson and the Gexpro Services Stockholder (the “**GS Independent Accounting Firm**”), acting as an expert and not an arbitrator, and such determination by the GS Independent Accounting Firm shall be final and binding on the parties, except that (x) the GS Independent Accounting Firm may consider only those items and amounts (and related items and amounts) as to which Lawson and the Gexpro Services Stockholder have disagreed within the time periods and on the terms specified above and (y) the GS Independent Accounting Firm’s determination of the amount of GS Accretion, GS Released Shares and/or GS Earnout Shares, as applicable, may not be less than the lower, or more than the higher, of Lawson’s and the Gexpro Services Stockholder’s respective calculations of the applicable amount. Each of Lawson and the Gexpro Services Stockholder shall furnish the GS Independent Accounting Firm such work papers and other documents and information relating to the disputed issues as the GS Independent Accounting Firm shall reasonably request.

Pursuant to the terms of the Gexpro Services Merger Agreement, upon the final and binding determination of the amount of the GS Released Shares, Lawson shall issue and deliver such amount of GS Released Shares to the Gexpro Services Stockholder within five (5) business days after such final and binding determination, free and clear of all liens (other than liens arising from applicable securities laws) in book-entry form, together with a statement of the transfer agent of Lawson certifying as to the book-entry issuance thereof. Upon the final and binding determination of the amount of the GS Earnout Shares, Lawson shall issue and deliver such amount of GS Earnout Shares to the Gexpro Services Stockholder within five (5) business days after such final and binding determination, free and clear of all liens (other than liens arising from applicable securities laws) in book-entry form, together with a statement of the transfer agent of Lawson certifying as to the book-entry issuance thereof. Upon issuance and delivery of remaining GS Holdback Shares pursuant to this provision, the obligations of Lawson related to the GS Holdback Shares shall be deemed fully satisfied and be of no further force or effect.

The Gexpro Services Merger Agreement provides that, except as permitted in accordance with the provisions described below under the subcaption entitled "—Fiduciary Exception," neither the Lawson board of directors nor any committee thereof (including the Special Committee) shall take any action constituting a Lawson Recommendation Change.

Fiduciary Exception

The Gexpro Services Merger Agreement provides that, notwithstanding anything to the contrary contained therein, at any time prior to the receipt of the Lawson Stockholder Approvals, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee may make a Lawson Recommendation Change in response to a Lawson Intervening GS Event (as defined below) if, prior to taking such action, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of the Lawson board of directors or the Special Committee to make such Lawson Recommendation Change would be inconsistent with the Lawson board of directors' or the Special Committee's respective fiduciary duties, as applicable, under applicable law; provided, however, that prior to effecting such Lawson Recommendation Change (i) Lawson shall have given Gexpro Services and the Gexpro Services Stockholder at least three (3) business days' prior written notice informing Gexpro Services and the Gexpro Services Stockholder that the Lawson board of directors or the Special Committee, as applicable, has determined that a Lawson Intervening GS Event has occurred (which notice will reasonably describe such Lawson Intervening GS Event) and the Lawson board of directors or the Special Committee, as applicable, intends to effect a Lawson Recommendation Change at the end

of the notice period (such notice being referred to herein as a “**Gexpro Services Lawson Recommendation Change Notice**”), (ii) during the three (3)-business day period starting after the date on which such Gexpro Services Lawson Recommendation Change Notice is received by Gexpro Services and the Gexpro Services Stockholder, if requested by Gexpro Services or the Gexpro Services Stockholder, Lawson shall, and shall cause its subsidiaries and representatives to, negotiate in good faith with Gexpro Services, the Gexpro Services Stockholder and their representatives, to revise the terms and conditions of the Gexpro Services Merger Agreement such that a failure of the Lawson board of directors or the Special Committee to effect such a Lawson Recommendation Change in response to such Lawson Intervening GS Event would not be inconsistent with the Lawson board of directors’ or the Special Committee’s respective fiduciary duties, as applicable, under applicable law and (iii) following such three (3)-business day period, the Lawson board of directors (acting through the Transaction Directors) or the Special Committee after taking into account in good faith any changes to the terms of the Gexpro Services Merger Agreement proposed by Gexpro Services and the Gexpro Services Stockholder and, after consultation with its outside legal counsel, shall have reasonably determined in good faith that the failure to effect such a Lawson Recommendation Change would be inconsistent with the Lawson board of directors’ or the Special Committee’s respective fiduciary duties, as applicable, under applicable law. The Gexpro Services Merger Agreement provides that, for the avoidance of doubt, nothing in the immediately preceding sentence will permit the Lawson board of directors or the Special Committee to make a Lawson Recommendation Change with respect to a portion or subset of the transactions contemplated by the Transaction Agreements.

“**Lawson Intervening GS Event**” means any event that (a) is material to Lawson or its subsidiaries, taken as a whole, and (b) did not result from any breach of the Gexpro Services Merger Agreement and was not known or reasonably foreseeable by the Transaction Directors or the Special Committee as of the date of the Gexpro Services Merger Agreement, which event becomes known (or the unforeseen magnitude or material consequences thereof become known) to or by the Transaction Directors or the Special Committee prior to obtaining any of the Lawson Stockholder Approvals; provided, however, that no event to the extent arising out of or resulting from any of the following shall constitute, or be taken into account in determining the existence of, a Lawson Intervening GS Event: (i) any event relating to Gexpro Services or its subsidiaries that does not materially affect the business, assets or operations of Gexpro Services or its subsidiaries, (ii) any event relating to TestEquity and its subsidiaries that does not materially affect the business, assets or operations of TestEquity and its subsidiaries, (iii) any change, in and of itself, in the price or trading volume of shares of Lawson’s common shares (it being understood that the facts underlying such change may be taken into account in determining whether there has been a Lawson Intervening GS Event, solely to the extent not otherwise excluded by this definition of “Lawson Intervening GS Event”), (iv) meeting or exceeding internal or analysts’ expectations, projections or results of operations (it being understood that the underlying facts giving rise or contributing to such circumstances may be taken into account in determining whether there has been a Lawson Intervening GS Event, to the extent not otherwise excluded by this definition of “Lawson Intervening GS Event”), (v) the announcement of the Transaction Agreements and the transactions contemplated by the Transaction Agreements or (vi) any actions required to be taken (or required to be refrained from being taken) by any of Lawson or any of its subsidiaries under any Transaction Agreement.

Efforts to Consummate the Gexpro Services Merger

The Gexpro Services Merger Agreement provides that, subject to its terms and conditions, each party shall use its commercially reasonable efforts to (a) consummate the transactions contemplated by the Gexpro Services Merger Agreement as promptly as practicable and (b) obtain, or cause to be obtained, all actions or nonactions, waivers, authorizations, expirations or terminations of waiting periods, clearances, consents and approvals required to be obtained (including under the HSR Act and the antitrust laws of any other jurisdiction) from any governmental authorities or third parties in connection with the execution and delivery of the Gexpro Services Merger Agreement and the consummation of the transactions contemplated thereby. The “commercially reasonable efforts” of (i) Gexpro Services shall not require any of Gexpro Services or its subsidiaries or any of their respective representatives to expend any money to remedy any breach of any representation or warranty

under the Gexpro Services Merger Agreement, to obtain any consent required for consummation of the transactions contemplated by the Gexpro Services Merger Agreement, other than de minimis administrative fees or fees for which Lawson agrees to be responsible, or to provide financing to Lawson for consummation of the transactions contemplated by the Gexpro Services Merger Agreement; and (ii) Lawson and Merger Sub 2 shall not require any of Lawson or Merger Sub 2, or any of their respective representatives, to expend any money to remedy any breach of any representation or warranty under the Gexpro Services Merger Agreement or to obtain any consent required for consummation of the transactions contemplated by the Gexpro Services Merger Agreement, other than de minimis administrative fees and any fees required to be paid by any of Lawson or its subsidiaries under applicable law in order for the consent of the relevant governmental authority to be obtained.

The Gexpro Services Merger Agreement provides that, without limiting the foregoing, each party agrees to make, or cause to be made, (i) an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated by the Gexpro Services Merger Agreement as promptly as practicable and in any event within fifteen (15) business days of the date of the Gexpro Services Merger Agreement, and (ii) any filing that may be required under any other antitrust law, if applicable, within twenty (20) business days of the date of mutual determination by the parties as to applicability of such other antitrust law; and use reasonable best efforts to respond as promptly as practicable to any request for additional information and documentary material pursuant to the HSR Act or any other antitrust law and use reasonable best efforts to take all other actions necessary, proper or advisable to cause the expiration or termination of the applicable waiting periods under the HSR Act or any other antitrust law as soon as practicable.

The Gexpro Services Merger Agreement provides that, in furtherance and not in limitation of the foregoing, if any objections are asserted with respect to the transactions contemplated by the Gexpro Services Merger Agreement under any antitrust law or if any suit is instituted (or threatened to be instituted) by the U.S. Federal Trade Commission, the U.S. Department of Justice or any other applicable governmental authority or any private party challenging any of the transactions contemplated by the Gexpro Services Merger Agreement as being in violation of any antitrust law or which would otherwise prevent, materially impede or materially delay the consummation of the transactions contemplated by the Gexpro Services Merger Agreement, each of Gexpro Services and Lawson shall use reasonable best efforts to take, or cause to be taken, all such reasonable actions as may be necessary to resolve objections or suits so as to permit consummation of the Gexpro Services Merger and the other transactions contemplated by the Gexpro Services Merger Agreement in a timely manner; provided, however, that Lawson shall have the unilateral right to determine whether or not the parties will litigate with any governmental authorities to oppose any enforcement action seeking to impose any “GS Burdensome Condition” (as defined below) on Lawson or any of its affiliates; provided further, however, Lawson shall consult with Gexpro Services and in good faith take Gexpro Services’ views into account regarding the overall strategic direction of any such litigation and consult with Gexpro Services prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning such litigation.

“**GS Burdensome Condition**” means any undertakings, terms, conditions, liabilities, obligations, commitments or sanctions that would have or would reasonably be expected to have, in the aggregate, a material adverse effect on the businesses, financial condition or results of operations of Gexpro Services and its subsidiaries, taken as a whole, or Lawson and its subsidiaries, taken as a whole.

The Gexpro Services Merger Agreement provides that notwithstanding any other provision of the Gexpro Services Merger Agreement to the contrary, the obligations of Lawson pursuant to the foregoing shall include Lawson: (i) selling, divesting, or otherwise conveying particular assets, categories, portions or parts of assets or businesses of Lawson and its affiliates contemporaneously with or subsequent to the closing of the Gexpro Services Merger; (ii) agreeing to sell, divest, or otherwise convey any particular asset, category, portion or part of an asset or business of Gexpro Services or its subsidiaries contemporaneously with or subsequent to the closing of the Gexpro Services Merger; (iii) agreeing to permit any of Gexpro Services or its subsidiaries to sell, divest, or otherwise convey any of the particular assets, categories, portions or parts of assets or business of any of

Gexpro Services or its subsidiaries prior to the closing of the Gexpro Services Merger; and (iv) licensing, holding separate or entering into similar arrangements with respect to its assets or the assets of any of Gexpro Services or its subsidiaries or terminating any and all joint venture, strategic partnership and other similar agreements as a condition to obtaining any and all expirations of waiting periods under the HSR Act or consents from any governmental authority necessary to consummate the transactions contemplated by the Gexpro Services Merger Agreement, in each case, to the extent such action is reasonably necessary to avoid, prevent, eliminate or remove the actual or threatened (x) commencement of any investigation or proceeding in any forum or (y) issuance or enactment of any governmental order or applicable law that would delay, restrain, prevent, enjoin or otherwise prohibit consummation of the closing of the Gexpro Services Merger and the other transactions contemplated by the Gexpro Services Merger Agreement by any governmental authority; provided, however, that, notwithstanding the foregoing, Lawson shall not be required to, in connection with its obligations pursuant to the foregoing, offer or accept, or agree, commit to agree or consent to, any of the foregoing actions that constitutes a GS Burdensome Condition.

The Gexpro Services Merger Agreement also provides that no party shall, and no party shall permit any of its affiliates to, acquire or agree to acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any person or portion thereof, or otherwise acquire or agree to acquire any assets, if entering into a definitive agreement relating to, or the consummation of, such acquisition, merger, consolidation or other transaction would reasonably be expected to (x) impose any delay in obtaining, or increase the risk of not obtaining, any authorizations, consents, orders, declarations or approvals of any governmental authority necessary to consummate the transactions contemplated by the Gexpro Services Merger Agreement or the expiration or termination of any applicable waiting period, including under the HSR Act or applicable antitrust law, (y) increase the risk of any governmental authority entering an order prohibiting the consummation of the transactions contemplated by the Gexpro Services Merger Agreement or (z) delay the consummation of the transactions contemplated by the Gexpro Services Merger Agreement.

The Gexpro Services Merger Agreement provides that subject to the other provisions of the Gexpro Services Merger Agreement, Lawson shall lead all communications, strategy and efforts to obtain all necessary actions or non-actions and consents from governmental authorities under antitrust laws in connection with the transactions contemplated by the Gexpro Services Merger Agreement and any litigation matters with third parties relating to the antitrust laws; provided, however, that Lawson shall consult with Gexpro Services and in good faith take Gexpro Services' views into account regarding the overall strategic direction of any such communications, strategy and efforts to obtain all necessary actions or non-actions and consents and litigation with third parties relating to the antitrust laws and consult with Gexpro Services prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning the matters discussed in connection with the foregoing.

Debt Financing

The Gexpro Services Merger Agreement provides that Lawson and Merger Sub 2 shall each use its reasonable best efforts to obtain the debt financing incurred or intended to be incurred in connection with the transactions contemplated by the Transaction Agreements (the "**Debt Financing**") as promptly as practicable following the date of the Gexpro Services Merger Agreement. The Gexpro Services Merger Agreement provides that from and after the date of the Gexpro Services Merger Agreement until the earlier of the closing date and the termination of the Gexpro Services Merger Agreement, the Gexpro Services Stockholder shall cause Gexpro Services and its subsidiaries to use their commercially reasonable efforts to provide such assistance to Lawson and Merger Sub 2, at the sole expense of Lawson, as is reasonably requested by Lawson in connection with the Debt Financing.

The Gexpro Services Merger Agreement also provides that each employee and former employee of Gexpro Services or any of its subsidiaries shall be credited with his or her years of service with Gexpro Services or its subsidiaries (and any predecessor entities thereof, to the extent such predecessor service is credited by Lawson and the Gexpro Services Surviving Corporation or any of their subsidiaries) before the closing date of the Gexpro Services Merger under any employee benefit plan of Lawson or the Gexpro Services Surviving Corporation or any of their subsidiaries providing benefits similar to those provided under a benefit plan maintained, sponsored or contributed to by Gexpro Services or any of its subsidiaries (including under any applicable pension, 401(k), savings, medical, dental, life insurance, vacation, long-service leave or other leave entitlements, post-retirement health and life insurance, termination indemnity, severance or separation pay plans) to the same extent as such employee or former employee was entitled, before the closing date of the Gexpro Services Merger, to credit for such service under such benefit plan for all purposes, including eligibility to participate, level of benefits, early retirement eligibility and early retirement subsidies, vesting and benefit accrual (other than benefit accruals under a defined benefit pension plan), except to the extent such credit would result in the duplication of benefits for the same period of service.

In addition, the Gexpro Services Merger Agreement provides that Lawson will waive for each employee and his or her dependents any waiting period provision, payment requirement to avoid a waiting period, pre-existing condition limitation, actively-at-work requirement and any other restriction that would prevent immediate or full participation under the welfare plans of Lawson, the Gexpro Services Surviving Corporation or any of their affiliates applicable to such employee to the extent such waiting period, pre-existing condition limitation, actively-at-work requirement or other restriction would not have been applicable to such employee under the terms of the welfare plans of Gexpro Services or its subsidiaries on the date of the Gexpro Services Merger Agreement.

The Gexpro Services Merger Agreement also provides that on and after closing of the Gexpro Services Merger, Lawson, the Gexpro Services Surviving Corporation and its subsidiaries shall be responsible for any and all notices, liabilities, costs, payments and expenses arising from any action by Lawson, the Gexpro Services Surviving Corporation or any of its subsidiaries (including breach of contract, defamation or retaliatory discharge) regarding employees who are employed by Gexpro Services or its subsidiaries as of the closing date, including any such liability (i) under any applicable law that relates to employees, employee benefit matters or labor matters, (ii) for dismissal, wrongful termination or constructive dismissal or termination, or severance pay or other termination pay, or (iii) under or with respect to any benefit plan, program, contract, policy, commitment or arrangement of Gexpro Services or its subsidiaries, including with respect to severance or retention plans, or to the extent such severance or retention plans provide payments or benefits with respect to any employee.

Indemnification and Insurance

The Gexpro Services Merger Agreement provides that Lawson shall cause the Gexpro Services Surviving Corporation to honor the provisions, to the extent they are enforceable under applicable law, regarding (i) exculpation of directors, (ii) limitation of liability of directors and officers and (iii) indemnification and advancement of expenses, in each case, contained in Gexpro Services' and its subsidiaries' governing documents or any employment contract between the applicable Gexpro Services Covered Affiliate (as defined below) and Gexpro Services or any of its subsidiaries, in each case as in effect immediately prior to the effective time of the Gexpro Services Merger with respect to any Gexpro Services D&O Indemnitees (as defined below).

The Gexpro Services Merger Agreement provides that, prior to the closing of the Gexpro Services Merger, Gexpro Services shall, in consultation with Lawson and at Lawson’s expense, obtain and fully pay for “tail” insurance policies with a claims period of at least 6 years from the closing date of the Gexpro Services Merger with respect to directors’ and officers’ liability insurance covering those persons who are currently covered by Gexpro Services’ and its subsidiaries’ directors’ and officers’ liability insurance policy on terms not less favorable than such existing insurance coverage; provided, however, that in the event that any claim is brought under such director’s and officer’s liability insurance policies, Lawson shall cause the Gexpro Services Surviving Corporation to maintain the policy until final disposition thereof; provided, further that Gexpro Services shall not pay premiums for such policy in excess of an aggregate amount of 300% of the last annual premiums paid by Gexpro Services or its subsidiaries prior to the date of the Gexpro Services Merger Agreement for its existing directors’ and officers’ liability insurance policies absent the prior written consent of Lawson (which may be withheld in Lawson’s sole discretion), and in such a case shall purchase as much coverage as reasonably practicable for such 300% aggregate amount.

The Gexpro Services Merger Agreement provides that from and after the closing date of the Gexpro Services Merger, Lawson shall, and shall cause the Gexpro Services Surviving Corporation and its subsidiaries (each, a “**Gexpro Services D&O Indemnifying Party**”) to, to the fullest extent permitted by applicable law, (a) indemnify and hold harmless (and release from any liability to Gexpro Services or its subsidiaries), the Gexpro Services D&O Indemnitees against all Gexpro Services D&O Expenses (as defined below), losses, claims, damages, judgments or amounts paid in settlement (“**Gexpro Services D&O Costs**”) in respect of any threatened, pending or completed action, whether criminal, civil, administrative or investigative, based on or arising out of or relating to the fact that such person is or was a director, officer, employee or agent of Gexpro Services or its subsidiaries or Gexpro Services Covered Affiliates arising out of acts or omissions occurring in such capacities on or prior to the closing date of the Gexpro Services Merger (including without limitation, in respect of acts or omissions in connection with the Gexpro Services Merger Agreement and the transactions contemplated thereby) (a “**Gexpro Services D&O Indemnifiable Claim**”) and (b) advance to such Gexpro Services D&O Indemnitees all Gexpro Services D&O Expenses incurred in connection with any Gexpro Services D&O Indemnifiable Claim (including in circumstances where the Gexpro Services D&O Indemnifying Party has assumed the defense of such claim) promptly after receipt of reasonably detailed statements therefor. “**Gexpro Services D&O Expenses**” shall include reasonable attorneys’ fees and all other reasonable costs, charges and expenses paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to defend, to be a witness in or participate in any Gexpro Services D&O Indemnifiable Claim, but shall exclude losses, judgments and amounts paid in settlement (which items are included in the definition of Gexpro Services D&O Costs).

Other Covenants

The Gexpro Services Merger Agreement contains certain other covenants, including covenants relating to (i) providing Lawson with reasonable access to Gexpro Services’ and its subsidiaries’ books, records, facilities and personnel, (ii) making certain regulatory filings, (iii) the transfer of all associated liabilities under the Gexpro Services Management Agreement to the Gexpro Services Stockholder or an affiliate thereof (other than Gexpro Services or any of its subsidiaries), (iv) preservation of records, (v) cooperation between the parties with respect to certain public announcements, (vi) payment of transfer taxes and tax reorganization matters, (vii) taking of

Under the Gexpro Services Merger Agreement, the obligations of Gexpro Services and the Gexpro Services Stockholder to consummate the transactions contemplated by the Gexpro Services Merger Agreement are subject to the satisfaction (or waiver by the Gexpro Services Stockholder and Gexpro Services, to the extent permitted by applicable law and the terms of the Gexpro Services Merger Agreement) of the following conditions precedent on or before the closing date of the Gexpro Services Merger:

- Each of the representations and warranties of Lawson and Merger Sub 2 with respect to (i) their due incorporation and no prior activities of Merger Sub 2, their power and authority to enter into the Gexpro Services Merger Agreement and the absence of any obligations to pay any brokerage or “finder’s fee” other than as set forth in the Gexpro Services Merger Agreement shall be true and correct in all material respects (disregarding all qualifications or limitations as to “materiality”, “Material Adverse Effect” and words of similar import set forth therein) as of the date of the Gexpro Services Merger Agreement and as of the closing date of the Gexpro Services Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the Gexpro Services Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (ii) the capitalization of Lawson and the valid issuance of all equity securities in Lawson and its subsidiaries shall be true and correct in all respects (other than for inaccuracies that are, in the aggregate, *de minimis*) as of the date of the Gexpro Services Merger Agreement and as of the closing date of the Gexpro Services Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the Gexpro Services Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (iii) the valid issuance of the shares of Lawson common stock to be issued in accordance with the terms of the Gexpro Services Merger Agreement and the absence of a Lawson GS Material Adverse Effect (as defined below) shall be true and correct in all respects as of the date of the Gexpro Services Merger Agreement and as of the closing date of the Gexpro Services Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the Gexpro Services Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date) and (iv) all other representations and warranties of Lawson and Merger Sub 2 (other than those referenced in the foregoing clauses (i), (ii) and (iii)) shall be true and correct in all respects (disregarding all qualifications or limitations as to “materiality”, “Material Adverse Effect” and words of similar import set forth therein) as of the date of the Gexpro Services Merger Agreement and as of the closing date of the Gexpro Services Merger as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of the Gexpro Services Merger Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), except, in the case of this clause (iv) where the failure of such representations and warranties to be so true and correct does not constitute a Lawson GS Material Adverse Effect.

- by Gexpro Services, if Lawson or Merger Sub 2 shall have breached or failed to perform any of their respective covenants or other agreements contained in the Gexpro Services Merger Agreement, or if any of the representations or warranties of Lawson or Merger Sub 2 fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition relating to the accuracy of Lawson’s and Merger Sub 2’s representations and warranties or compliance with covenants from being satisfied and (ii) is not reasonably capable of being cured by the Gexpro Services Merger End Date or has not been cured by Lawson or Merger Sub 2, as applicable, within thirty (30) days after Lawson receives written notice thereof from Gexpro Services; provided, however, that Gexpro Services shall not have the right to terminate the Gexpro Services Merger Agreement as described in this bullet point if either Gexpro Services or the Gexpro Services Stockholder is then in material breach of the Gexpro Services Merger Agreement such that any of the conditions relating to the accuracy of Gexpro Services’ or the Gexpro Services Stockholder’s representations and warranties or compliance with covenants would not be satisfied;
- by Lawson, if Gexpro Services or the Gexpro Services Stockholder shall have breached or failed to perform any of their respective covenants or other agreements contained in the Gexpro Services Merger Agreement, or if any of the representations or warranties of Gexpro Services or the Gexpro Services Stockholder, as applicable, fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition relating to the accuracy of Gexpro Services’ or the Gexpro Services Stockholder’s representations and warranties or compliance with covenants from being satisfied and (ii) is not reasonably capable of being cured by the Gexpro Services Merger End Date or has not been cured by Gexpro Services or the Gexpro Services Stockholder within thirty (30) days after Gexpro Services and the Gexpro Services Stockholder receive written notice thereof from Lawson; provided, however, that Lawson shall not have the right to terminate the Gexpro Services Merger Agreement as described in this bullet point if either Lawson or Merger Sub 2 is then in material breach of the Gexpro Services Merger Agreement such that any of the conditions relating to the accuracy of Lawson’s or Merger Sub 2’s representations and warranties or compliance with covenants would not be satisfied;

The Registration Rights Agreement will also provide that, if Lawson is ineligible under law to register Registrable Securities on a registration statement on Form S-3 or is so eligible but has failed to comply with its obligations described in the prior paragraph, any Demand Shareholders will be entitled to make no more than four (4) written requests of Lawson for registration under Securities Act of an amount of Registrable Securities then held by such requested Demand Shareholders that equals or is greater than the Registrable Amount. In addition, the Registration Rights Agreement will entitle the Demand Shareholders, subject to the terms and conditions set forth therein, to certain “piggyback” registration rights in connection with other registrations by Lawson of any Lawson common stock under the Securities Act, subject to certain exceptions.

The Registration Rights Agreement will provide that any particular securities constituting Registrable Securities will cease to be Registrable Securities when they (i) have been effectively registered or qualified for sale by prospectus filed under the Securities Act and disposed of in accordance with the registration statement covering such securities, or (ii) may be sold pursuant to Rule 144 under the Securities Act without regard to volume limitations or other restrictions on transfer thereunder. The Registration Rights Agreement will also provide that the registration rights granted thereunder will terminate, as to any holder of Registrable Securities, on the earlier to occur of (a) the date on which all Registrable Securities held by such holder have been disposed of, or (b) the date on which all Registrable Securities held by such holder may be sold without registration in compliance with Rule 144 without regard to volume limitations or other restrictions on transfer thereunder.

INFORMATION ABOUT LAWSON

Lawson's Business

Lawson is a Delaware corporation and a distributor of products and services to the industrial, commercial, institutional, and governmental maintenance, repair and operations (“**MRO**”) marketplace. Lawson operates in two reportable segments: Lawson and Bolt. The Lawson operating segment primarily distributes MRO products to its customers through a network of sales representatives throughout the U.S. and Canada. The Bolt operating segment primarily distributes its MRO products through a network of 14 branches located in Alberta, Saskatchewan, Manitoba and British Columbia, Canada.

Lawson common stock is traded on the NASDAQ Global Select Market under the ticker symbol “LAWS.” The principle executive offices of Lawson are located at 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois 60631, and its telephone number is (773) 304-5050.

Additional information about Lawson and its subsidiaries is included in documents incorporated by reference into this proxy statement. See the section entitled “Where You Can Find More Information.”

Lawson's Business After the Mergers

The combination of Lawson, TestEquity and Gexpro Services is intended to bring together three complementary distribution businesses under a holding company structure. Lawson believes that the Transactions will advance Lawson's strategic objectives of expanding its offerings and services into the large, fragmented distribution industry and thereby enhance Lawson's financial performance, including through revenue and earnings growth driven by acquisition opportunities, organic revenue growth opportunities and cost synergies expected to be available to the Combined Company.

Lawson expects that the holding company structure will enable each of Lawson, TestEquity and Gexpro Services to maintain their respective high-touch, value-added service delivery models and customer relationships in their specialty distribution businesses under the leadership of their separate business unit management teams, with oversight from the Combined Company's leadership team. At the same time, Lawson expects that the holding company structure will enable the Combined Company to leverage best practices, back-office resources and technologies across the three companies to help drive cost synergies and efficiencies and that the Combined Company will have the ability to utilize its combined financial resources to accelerate a strategy of expansion through both business acquisitions and organic growth across the new platform.

Lawson believes that the Transactions will help support its growth strategy as follows:

Expand Addressable Value-Added Distribution Markets. Lawson believes that the Transactions will increase Lawson's reach into the highly fragmented MRO/OEM distribution markets and broaden its service capabilities, including vendor management inventory, beyond Lawson's existing MRO focus. Lawson expects that the Transactions will enable Lawson to establish a significant presence in the OEM distribution and electronic test and measurement equipment markets and leverage its existing service capabilities to additional end-customer markets. Lawson also expects that the expansion will provide Lawson with additional marketing channels, including to customers who prefer to order electronically via the internet versus Lawson's historical marketing channel of on-site sales representatives.

Broaden Customer Base. Lawson expects that the Transactions will broaden Lawson's customer base, as Lawson currently services approximately 90,000 customers while TestEquity and Gexpro Services provide services to over 30,000 and 1,800 customers, respectively. Lawson intends that the Combined Company will become a one-solution provider of OEM and MRO products and that Lawson, TestEquity and Gexpro Services will cross-sell across their combined customer base. Lawson believes that the distribution and service that

[Table of Contents](#)

TestEquity and Gexpro Services provide to their existing customers will provide Lawson an opportunity to become their customers' MRO solution provider, and that TestEquity and Gexpro Services will be able to leverage Lawson's existing customer base to generate new revenue opportunities for their products and services.

Expand Acquisition Pipeline. Since 2015, Lawson has completed seven acquisitions primarily to expand its reach into the MRO vendor-managed inventory segment. However, the identification and completion of acquisitions in this sub-market of the larger fragmented MRO market has become more challenging given the limited number of meaningful acquisition targets available. Lawson believes that the Combined Company will have the combined financial resources to accelerate its acquisition strategy and pursue additional acquisition candidates with businesses complementary to TestEquity and Gexpro Services.

Expand Product Offerings. Lawson expects that the Transactions will enable Lawson to (1) gain additional capabilities and product offerings complementary to its existing products that can better position Lawson to deliver high-value products and services to existing and prospective customers and (2) improve its product sourcing capabilities and give Lawson additional combined purchasing power within overlapping and new suppliers.

Realize Cost Synergies. Lawson expects to realize cost synergies in connection with the Transactions, including as a result of increased size, economies of scale and elimination of redundancies after the Transactions. Lawson further expects that it will be able to generate additional future cost synergies by aligning the businesses and operations of Lawson, TestEquity and Gexpro Services, eliminating duplicative processes and potentially leveraging shared services.

Capitalize on LKCM's Experience. Lawson believes that LKCM and its affiliates, which will significantly increase their collective beneficial ownership interest in Lawson upon completion of the Transactions, will utilize their experience and knowledge of the businesses of Lawson, TestEquity and Gexpro Services, together with the LKCM's and its affiliates' investment team, operating partners and technology resource team, to continue to drive improved performance, strategic focus and enterprise value of the Combined Company.

Lawson's Liquidity and Capital Resources After the Mergers

Lawson's principal use of its liquidity and capital for the nine months ended September 30, 2021 was to support its operations, including through investments in inventory and supporting its customer credit, and to pay various operating expenses of the organization. Lawson's capital deployment is primarily to support its investments in the distribution centers and technology improvements. Lawson did not repurchase shares in the nine months ended September 30, 2021. For the nine months ended September 30, 2021, Lawson's net cash provided by operating activities was approximately \$6.2 million and Lawson's capital expenditures were approximately \$5.7 million. Lawson's net cash used in investing activities in the nine months ended September 30, 2021 was approximately \$38.7 million, primarily for the final payment of the acquisition liability for Lawson's purchase of Partsmaster. Lawson's cash and cash equivalents were approximately \$7.5 million as of September 30, 2021.

Lawson currently expects cash from operating activities of the Combined Company to be in the range of \$54 million to \$74 million during the first year following the completion of the Mergers, and that capital expenditures of the Combined Company will be in the range of \$15 to \$25 million during that first year. Due to the ongoing nature of integration planning for the Transactions, there is no estimate of costs associated with achieving any of the projected synergies from the Transactions or the consolidation of any operations and systems as well as professional fees associated with these activities.

Following the completion of the Mergers, Lawson anticipates that its primary sources of liquidity for working capital and operating activities will be cash provided by operations as well as an anticipated new \$500 million secured financing arrangement, which Lawson anticipates will consist of a \$250 million initial term

[Table of Contents](#)

loan with a 5% amortization schedule, a \$50 million delayed draw term loan with a 5% amortization schedule, and a \$200 million revolving credit facility. For additional information about the commitment letter Lawson has entered into in respect of this potential new financing arrangement, see the section entitled “Debt Financing Commitment Letter.” Lawson anticipates that (i) the \$250 million initial term loan will primarily be utilized to repay and refinance existing debt of Lawson, TestEquity and Gexpro Services at the time of closing of the Mergers, (ii) the \$50 million delayed draw term loan will primarily be utilized to finance the potential acquisition of the Potential TestEquity Acquiree and other acquisitions permitted under the definitive documentation for the Facilities and (iii) the \$200 million revolving credit facility will primarily be utilized for the Combined Company’s working capital needs and to support the Combined Company’s acquisition strategy. Lawson expects these sources of liquidity, together with the Combined Company’s operating cash flow, will be sufficient to fund the Combined Company’s working capital and capital expenditure requirements, including the one-time costs relating to the Transactions.

Recent Cyber Incident

On February 8, 2022, Lawson became aware that its computer network was the subject of a cyber incident potentially involving unauthorized access. Although Lawson has not suffered any operational issues related to the incident, it is possible that certain confidential business information and personnel records may have been compromised. Lawson is continuing to investigate the incident as well as potential corrective and remedial actions to take in respect of the incident, which investigation is expected to include an assessment of the impact on Lawson’s system of internal controls. Lawson is in the process of engaging a cybersecurity forensics firm to assist in the investigation of the incident.

Markets/Products

The following table indicates the approximate percentage of TestEquity's total net revenues in 2020 derived from customers engaged in the industries indicated:

	% of 2020 Net Revenues
Aerospace and Defense	30%
Distribution	20%
Communications/Technology	15%
Semi-conductor production	5%
Consumer electronics	5%
Industrial electronics	5%

Education	5%
Other	10%
	100%

Customers in these industries are supported by all three of TestEquity's operating brands, in close alignment with key suppliers.

TestEquity's primary channels for marketing its offered products and services consist of:

- **Sales-force**—Over 70 outside salesforce representatives with strong technical capabilities, providing dedicated account support and demonstrations. The team is segmented on a geographical basis.
- **eCommerce**—Strong digital capabilities, which provide a key differentiation in the marketplace and help drive online sales across TestEquity's entire product portfolio.
- **Vendor Managed Inventory (VMI)**—Over 200 installations across 100 customers, which simplifies the procurement process and inventory management function for customers.

TestEquity serves over 30,000 customers and 100,000 locations across diverse geographies, with approximately 90% of TestEquity's revenues in 2020 derived from customers in the United States, 8% from customers in Mexico and 2% from customers in Canada. TestEquity recently expanded its business operations in the United Kingdom through its recent acquisition of MCS Test equipment in July 2021. The percentages of its annual revenues originating from customers in the United States, Mexico and Canada have remained generally stable over the last 3 to 4 years. There is not significant seasonality in TestEquity's business across its fiscal quarters; however, the number of business days in the quarter does impact sales and profitability. TestEquity's primary product offerings include Test & Measurement, Electronic Production Supplies and Proprietary Products. These offerings represented approximately 49%, 46% and 5% of net revenues in 2020, respectively.

TestEquity's key suppliers include Keysight, Tektronix, Keithley, Kester, Desco & Chemtronics from which TestEquity made approximately 50% of TestEquity's purchases in 2020. In total, TestEquity purchases from approximately 2,500 suppliers across the marketplace, covering over 90,000 products. All of TestEquity's products are listed on its website, of which approximately 15,000 fast-moving products are typically held in inventory across six distribution centers available for next day delivery.

Human Capital Resources

TestEquity supports a culture of continuous improvement, integrity and diversity. TestEquity prides itself on its ability to meet its customers' needs in a driven progressive manner. The combined workforce of TestEquity includes approximately 480 non-union employees, of which approximately 240 are in operations and distribution, 150 are in sales and marketing and 90 are in administration and support.

COVID-19 Impact on Human Capital

TestEquity's response to the COVID-19 pandemic demonstrated its ability to meet its customers' needs while maintaining focus on its employees' welfare. Despite strict COVID-19 related restrictions in place in multiple TestEquity locations, TestEquity managed to limit the negative impact to its customers. TestEquity was designated an essential business and able to continue to operate its distribution capabilities during the pandemic. Service levels in its distribution centers improved over the period, as average daily fill rate improved from approximately 85% to 99%+ across all of TestEquity's distribution centers and the office-based workforce moved to a largely remote working model. For a period of time TestEquity's sales force had limited ability to enter customers' premises and perform demonstrations and/or service VMI installations. During that period TestEquity relied on technology to continue to service its customers or, where required, maintained social distancing in accordance with state and local guidelines.

Impact from Enterprise Resource Planning ("ERP") Roll-out

TestEquity implemented a single instance of cloud-based ERP across the three brands in 2019, implementing a matrix-based integration program as part of the change process. The Test & Measurement business went live on the new ERP system in January 2019 and the Electronic Production Supplies business went live on the new ERP system in July 2019. Subsequent to implementation, there were negative impacts to TestEquity's ability to meet customer needs which significantly impacted the performance during 2019. As a result, TestEquity failed to meet its lending covenants and entered into a forbearance agreement in September 2019. The impact on TestEquity's business continued into the beginning of 2020, in particular for its Electronic Production Supplies business. By the end of 2020, the impacts from the ERP implementation had largely been negated, including through a change in the executive management team.

Acquisition Activity

Given its focus on recovering from the impacts of the ERP roll-out, in 2019 TestEquity suspended its pursuit of acquisition growth strategies and determined to focus more on organic strategies and completing the final stages of integration of its 2017 acquisitions of Jensen Tools and Techni-Tool, and TestEquity later continued this suspension in light of the COVID-19 pandemic. Beginning in 2021, TestEquity has refocused its efforts on its acquisition strategy and anticipates that it will focus in the future on acquisitions, in particular in its Test & Measurement business. On July 31, 2021, TestEquity acquired MCS Test Equipment (“MCS”), based in the United Kingdom. MCS provides a high level of technical support, calibration and rental solutions for its customers. MCS complements TestEquity’s other businesses and allows for growth in the fragmented UK market, expands existing supplier relationships and establishes a UK/Western-Europe platform for future organic and inorganic growth.

Management’s Discussion and Analysis of Financial Condition and Results of Operations of TestEquity

Overview

TestEquity is a distributor of parts and services to the industrial, commercial, institutional and governmental electronics manufacturing and test and measurement market. TestEquity operates through three brands, TestEquity, Jensen Tools and Techni-Tool, focusing primarily in North America with a network of sales representatives throughout the United States, Canada, Mexico and the United Kingdom.

Results of Operations for the Nine Months Ended September 30, 2021 as Compared to the Nine Months Ended September 30, 2020

Impact of COVID-19 on Financial Performance

In March 2020, the World Health Organization declared a pandemic in respect of a new strain of coronavirus (COVID-19). The COVID-19 pandemic continues to negatively impact the global economy through disruptions in supply chains and financial markets. While the overall business environment has been recovering in 2021 as compared to 2020, the pandemic continued to negatively affect TestEquity’s financial performance in 2021. The future impact of COVID-19 remains uncertain, and it may continue to affect the demand of TestEquity’s customers for its products and services and, as a result, TestEquity’s business.

Specifically in respect of its Electronics Production Supplies business, the current semi-conductor chip shortage, due in significant part to the COVID pandemic, is negatively impacting TestEquity’s business as such chips are key elements to the electronic production process. TestEquity anticipates that recovery of this important part of its customers’ supply chain may not occur until 2023.

In addition, as a result of general improvements in the business and economic environment as the pandemic lessens, TestEquity has experienced various supply chain disruptions in the marketplace that have impacted TestEquity’s ability to source product and that have increased its vendor, transportation and labor costs. This has resulted in challenges for TestEquity in acquiring and receiving inventory in a timely fashion and fulfilling customer orders and has resulted in increased product costs.

Sales Drivers/Market Performance

Across both the Test & Measurement and Electronic Production Supplies businesses the North American market is highly fragmented with competitors ranging from large global distributors to national and regional distributors. TestEquity believes that the Purchasing Managers Index (PMI) Index is an indicative measure of the relative strength of the economic environment of the industry in which TestEquity operates. The PMI index is a composite index of economic activity in the United States manufacturing sector. TestEquity believes that a

[Table of Contents](#)

measure of that index above 50 generally indicates expansion of the manufacturing sector while a measure below 50 generally represents contraction. The average monthly PMI was 60.8 for the nine months ended September 30, 2021 compared to 55.4 for the nine months ended September 30, 2020. The average monthly PMI for the third quarter of 2021 was 60.2, as compared to an average monthly PMI for the third quarter of 2020 of 55.2.

TestEquity management focuses on the internal metric of Sales per Day (“**SPD**”) and Day Adjust Growth (“**DAG**”). The SPD calculates and compares TestEquity’s total sales divided by the number of selling days, adjusted for weekends and holidays. A selling day generally represents a business day in which TestEquity ships products to its customers. The DAG represents the percentage increase or decrease in the SPD for a defined period of time. For the nine months ended September 30, 2021 SPD was \$1.054 million compared to \$0.979 million for the comparable period in 2020. TestEquity’s DAG increased 7.8% for the nine-months ended September 30, 2021 as compared to the same period in the prior year primarily due to growth in its Test & Measurement business with Electronic Production Supplies being essentially flat as a result of the impacts of COVID-19 on the global supply chain.

Acquisition of MCS Test Equipment

On July 31, 2021, TestEquity acquired MCS Test Equipment (“**MCS**”), based in the United Kingdom. MCS generated approximately \$14.0 million of revenue in 2020, and is a high service test and measurement distributor. MCS provides a high level of technical support, calibration and rental solutions for its customers. In the two months after its acquisition, MCS generated approximately \$1.4 million of TestEquity’s revenue. MCS complements TestEquity’s other businesses and allows for growth in the fragmented UK market, expands existing supplier relationships and establishes a UK/Western-Europe platform for future organic and inorganic growth.

TestEquity's results of operations for the nine months ended September 30, 2021 and 2020 are summarized in the table below:

Net Revenues and Gross Profit

Net revenues increased \$13.5 million to \$201.5 million in the nine months ended September 30, 2021 from \$188.0 million in the comparable period a year ago. The growth was primarily driven by the recovery of the test and measurement market as business conditions improved after the easing of certain COVID-related restrictions, market gain share from supplier expansion in 2021 and the inclusion of \$1.4 million of revenues from the acquisition of MCS for two months post-acquisition. Test & Measurement revenue grew approximately 16% in the first quarter, approximately 21% in the second quarter and approximately 18% in the third quarter as compared to the respective periods in the prior year. This increase was partially offset by a decline in rental revenues from fewer rental units placed with customers as well as a 3.7% reduction in revenue in the Electronic Production Supplies business.

Test & Measurement revenues grew \$17.1 million to \$115.6 million for the nine months ended September 30, 2021 from \$98.5 million for the same period in the prior year. Sales per day have essentially recovered to pre-COVID levels for the Test & Measurement business. Electronic Production Supplies revenues declined \$3.6 million to \$85.9 million on a year-to-date basis from \$89.5 million for the nine months ended September 30, 2020. The majority of the decline was due primarily to the absence of any significant COVID impact in the first half of the first quarter of 2020, as well as the timing of customer purchases.

As a percent of sales, gross profit increased 230 basis points (bps) to 24.4% for the nine months ended September 30, 2021 from 22.1% in the same period in the prior year. The increase was primarily driven by the implementation of new pricing policies and a discounting framework for the salesforce. Total gross profit increased by \$7.6 million, driven by both volume increases as well as the gross profit margin improvement.

Selling, General and Administrative Expenses

Selling, general and administrative costs were essentially flat at \$43.8 million for the nine months ended September 30, 2021 and 2020. Selling, general and administrative expenses were positively impacted by various 2020 cost reduction initiatives that extended into 2021, offset by new investments in digital capabilities, increased labor costs and costs associated with increased revenues.

Interest Expense

Interest expense increased to \$8.3 million on a year-to-date basis from \$7.7 million in the comparable period in the prior year primarily due to higher average outstanding borrowings during 2021.

Results of Operations for the Year Ended December 31, 2020 as Compared to the Year Ended December 31, 2019

Impact from COVID-19 on Financial Performance

In March 2020, the World Health Organization declared a pandemic in respect of a new strain of coronavirus (COVID-19). The COVID-19 pandemic negatively impacted the global economy through disruptions in supply chains and financial markets in 2020. This significantly impacted TestEquity's business in 2020. The future impact of COVID-19 remains uncertain, and it may continue to affect the demand of TestEquity's customers for its products and services and, as a result, TestEquity's business.

Specifically in respect of its Electronics Production Supplies business, the current semi-conductor chip shortage, due in significant part to the COVID pandemic, is negatively impacting TestEquity's business as they are key elements to the electronic production process. TestEquity anticipates that recovery of this important part of its customers' supply chain may not occur until 2023.

TestEquity experienced the largest impact from COVID-19 over the second and third quarters of 2020, with the impact from the supply chain in Test & Measurement lessening toward the end of 2020. Despite improved performance in the fourth quarter of 2020, TestEquity is still expecting negative impacts from COVID-19 on its financial performance in 2021.

Sales Drivers/Market Performance

Across both the Test & Measurement and Electronic Production Supplies businesses, the North America market is highly fragmented with competitors ranging from large global distributors to national and regional distributors. TestEquity believes that the PMI Index is an indicative measure of the relative strength of the economic environment of the industry in which TestEquity operates. The PMI index is a composite index of economic activity in the United States manufacturing sector. TestEquity believes that a measure of that index above 50 generally indicates expansion of the manufacturing sector while a measure below 50 generally represents contraction. The average monthly PMI was 52.5 for the year ended December 31, 2020, compared to 51.3 for the year ended December 31, 2019. The average monthly PMI for the fourth quarter of 2020 was 59.2, which TestEquity believes indicates expansion of the manufacturing sector compared to the previous period. This is compared to the fourth quarter of 2019 which was 48.1, which TestEquity believes indicates contraction of the manufacturing sector compared to the previous period.

TestEquity management focuses on the internal metric of Sales per Day ("SPD") and Day Adjust Growth ("DAG%"), that calculates and compares TestEquity's total sales divided by the number of selling days, adjusted for weekends and holidays. A selling day generally represents a business day in which TestEquity ships products to its customers. The DAG represents the percentage increase or decrease in the SPD for a defined period of time. SPD was \$1.009 million in 2020 compared to \$1.136 million in 2019 and the DAG declined

[Table of Contents](#)

11.2% largely due to the impact of COVID-19 and the ERP implementation. While TestEquity reduced various operating expenses in 2020 as a reaction to its lower sales, it generated operating losses primarily due to the reduced sales levels.

Financial Performance

TestEquity's results of operations for the years ended December 31, 2020 and 2019 are summarized in the table below:

<i>(Dollars in thousands)</i>	Year Ended December 31				Year-to-Year Change

Net Revenues and Gross Profit

Total revenues decreased to \$256.3 million in 2020 from \$286.3 million in 2019. This was largely due to the combined impacts of COVID-19 in 2020 and the roll-out of the ERP in 2019. The largest impact from COVID-19 was experienced over the second and third quarters of 2020 as a result of a general slowdown in the economy. This was partially offset with an improvement in conditions in the fourth quarter in the Test & Measurement business.

Test & Measurement revenues decreased to \$138.3 million in 2020 from \$142.5 million in 2019 primarily due to the softening of the economy due to COVID-19 and the related supply chain impacts during the second and third quarters of 2020. As compared against 2019, the impacts of the ERP roll-out on Test & Measurement performance in 2020 were less severe given its early implementation in January 2019. Electronic Production Supplies revenues were \$118.0 million in 2020 compared to \$143.8 million in 2019. Revenues were negatively impacted in 2020 primarily due to the mid-year 2019 ERP implementation and the impact of COVID-19 in 2020 as various restrictions severely impacted TestEquity's customers' ability to maintain their levels of manufacturing which directly impacted their need for TestEquity's products.

[Table of Contents](#)

Gross profit declined \$9.2 million to \$55.1 million in 2020 as compared to \$64.3 million in 2019 primarily due to lower revenue levels. As a percent of sales, gross profit declined to 21.5% in 2020 as compared to 22.5% in 2019. The percentage decline was driven primarily by sales mix in the business lines, as higher margin Electronic Production Supplies sales declined at a faster rate than sales in the Test & Measurement business.

Selling, General and Administrative Expenses

Selling, general and administrative costs decreased \$8.2 million to \$58.6 million in 2020 from \$66.8 million in 2019. Approximately \$6.0 million of costs were eliminated in 2020 as TestEquity worked toward integrating its previous acquisitions and incurred fewer consulting costs associated with its 2019 ERP implementation. Additionally, compensation and distribution costs declined approximately \$2.0 million in 2020 as compared to 2019 due to lower revenues.

Interest Expense

Interest expense declined to \$10.5 million in 2020 from \$11.4 million in 2019 primarily due to lower average outstanding borrowings during the year.

Across both the Test & Measurement and Electronic Production Supply businesses, the North American market is highly fragmented with competitors ranging from large global distributors to national and regional distributors. TestEquity believes the Purchasing Managers Index (PMI) Index is an indicative measure of the relative strength of the economic environment of the industry in which TestEquity operates. The PMI index is a composite index of economic activity in the United States manufacturing sector. TestEquity believes that a measure of that index above 50 generally indicates expansion of the manufacturing sector while a measure below 50 generally represents contraction. The average monthly PMI was 51.3 for the year ended December 31, 2019 compared to 58.6 for the year ended December 31, 2018. The average monthly PMI for the fourth quarter of 2019 was 48.1, which TestEquity believes indicates contraction of the manufacturing sector compared to the previous period. This is compared to the fourth quarter of 2018 which was 57.1, which TestEquity believes indicated expansion of the manufacturing sector compared to the previous period.

TestEquity management focuses on the internal metric of Sales per Day (“SPD”) and Day Adjust Growth (“DAG”), in which TestEquity calculates and compares TestEquity’s total sales divided by the number of selling days, adjusted for weekends and holidays. A selling day generally represents a business day in which TestEquity ships products to its customers. The DAG represents the percentage increase or decrease in the SPD for a defined period of time. During 2019 the SPD was \$1.136 million compared to \$1.269 million in 2018. The DAG decreased 10.8%, largely due to the impact of the ERP implementation. TestEquity incurred a loss of \$13.5 million in 2019, primarily related to lost gross margin as a result of the 11.5% sales decline over 2018.

ERP Implementation

Prior to 2019 TestEquity consisted of four companies: TestEquity, Jensen Tools, Techni-Tool and Electro-Wise Dallas (“EWD”), of which only TestEquity, Jensen Tools and Techni-Tool continue to be trading brands. During 2019, TestEquity implemented a single instance cloud-based ERP which brought the entities into a single platform under the TestEquity corporate name. Previously, the four entities ran off separate ERP systems, all of which were dependent on internal support and maintenance. A combined ERP was deemed necessary to succeed with the integration strategy of the four entities. The single platform ERP was intended to:

- Move the business away from outdated and unsupported operating systems and hardware.

[Table of Contents](#)

- Remove the dependency on key information technology individuals.
- Enable TestEquity, Jensen Tools and Techni-Tool to move onto an updated eCommerce platform integrated into the ERP.
- Enable the sales force to sell across the brands to single customers using a single dataset.
- Generate significant cost savings across all entities by removal of duplicative roles and customer/supplier coverage.
- Improve procurement and buying power for both direct and indirect purchases.
- Create a single consistent experience for TestEquity's customers in terms of digital, off-line and vendor managed inventory.
- Set up a stable platform for further expansion and acquisition.

The Test & Measurement business went live on the new ERP system in January 2019 and the Electronic Production Supplies business went live on the new ERP system in July 2019. Subsequent to the implementations, there were significant negative impacts to TestEquity's ability to meet the needs of its customers, specifically in rentals, vendor managed inventory and order-taking. There were specific failures in the invoicing and collections processes and inventory management. These issues negatively impacted revenues, net margins and cash flows. As compared to 2018 levels, Test & Measurement revenue declined approximately 15% in the first quarter, approximately 18% in the second quarter and approximately 22% in the third quarter, before flattening in fourth quarter. Over the same period product margins declined as rebate targets were missed and new product order-taking processes failed.

The Electronic Production Supplies business went live on the new ERP system in July, 2019. Although many of the issues that had impacted Test & Measurement had been mitigated, there was still a negative effect which caused Electronic Production Supplies revenues to flatten as compared to 2018 in the third quarter and then declined approximately 20% in the fourth quarter. Additionally, there was also a decline of approximately 400bps during these quarters primarily due to the same order processing issues and an exaggerated decline in higher margin VMI.

As a result of the decline in revenues and margins, TestEquity failed to meet the financial covenant requirements under its credit facility and entered into a forbearance agreement in September 2019. See the subsection entitled "—Liquidity and Capital Resources" below.

Net Revenues and Gross Profit

Net revenues decreased to \$37.2 million to \$286.3 million in 2019 from \$323.5 million in 2018. This decline was primarily due to the implementation of the new ERP system during 2019. As compared against 2018, Test & Measurement revenue declined approximately 15% in the first quarter, approximately 18% in the second quarter and approximately 22% in third quarter, before flattening in the fourth quarter. The declines in revenues were primarily driven by a disruption to the ordering process, customer fulfilment process and the ability for TestEquity to reorder product on a timely basis. The Electronic Production Supplies business growth flattened following the ERP system go-live in the third quarter and then declined approximately 20% in the fourth quarter.

Test & Measurement revenues decreased \$25.5 million to \$142.5 million in 2019 from \$168.0 million in 2018. This decline was primarily driven by the impact of the ERP implementation in 2019. Electronic Production Supplies revenues decreased \$11.7 million to \$143.8 million in 2019 from \$155.5 million in 2018. The impact of the ERP implementation on this portion of the business was less than the impact on Test & Measurement as the new processes and procedures around billing, shipping and training of its employees under the new platform within the Test & Measurement portion of the business were applied to the Electronic Production Supplies business.

Gross profit percentage declined 30bps to 22.5% in 2019 from 22.8% in 2018. The percentage decline at a category level which carries a lower gross margin was partially offset by the timing of the Electronics Production Supplies revenues. The majority of the gross margin decline of \$9.5 million to \$64.3 million in 2019 from \$73.8 million in 2018 was driven by the decline in revenues.

Selling, General and Administrative Expenses

Selling, general and administrative costs increased \$8.7 million to \$66.8 million in 2019 from \$58.1 million in 2018. The increase was primarily a result of the ERP implementation, including \$2.5 million for additional bad debt expense, \$1.4 million for consulting costs, \$0.7 million for temporary labor costs and \$1.4 million in the new ERP costs.

Interest Expense

Interest expense increased slightly to \$11.4 million in 2019 from \$11.1 million in 2018 primarily due to higher average outstanding borrowings during the year.

Liquidity and Capital Resources

Cash flows from operations were \$8.3 million and \$5.6 for the nine months ended September 30, 2021 and 2020, respectively. Working capital for the nine months ended September 30, 2021 and September 30, 2020 was positively impacted by continued improved accounts receivable collections performance and inventory optimization, following recovery from the ERP implementation.

During 2020, working capital decreased, in particular accounts receivable, from \$55.5 million at the end of 2019 from to \$42.1 million at the end of 2020. The decrease in accounts receivable was primarily due to the implementation of a new ERP system during 2019 which had an adverse impact on our customer receivables in 2019. During 2020, many of the receivable issues were resolved, which brought down the customer receivable balances as of December 31, 2020. Other working capital items including inventory and accounts payable fluctuated in relation to the revenue trends. During 2019 working capital was impacted by an increase in accounts receivable of \$14.3 million primarily to support the increase in sales offset by a reduction in inventory of \$5.5 million as TestEquity rationalized inventories from previous acquisitions.

During the nine months ended September 30, 2021, TestEquity had capital expenditures of \$5.8 million, as compared to \$6.7 million in the nine months ended September 30, 2020. These capital expenditures are generally offset by proceeds from the sale of rental equipment. Proceeds from the sale of rental equipment were \$3.9 million and \$4.6 million for the nine months ended September 30, 2021 and 2020, respectively. TestEquity had capital expenditures of \$9.7 million and \$11.1 million during the years ended December 31, 2020 and 2019, respectively. The majority of TestEquity's capital expenditures are for rental equipment placed in the Test & Measurement rental program.

During the nine months ended September 30, 2021, TestEquity acquired MCS for \$14.3 million, of which \$9.0 million was expended in cash.

TestEquity has various financial covenants within its borrowing agreements including, but not limited to, a covenant that limits the maximum debt to EBITDA (generally defined as earnings before interest, taxes, depreciation and amortization) and a fixed charge coverage ratio. During 2019, TestEquity defaulted on certain financial debt covenants and subsequently entered into forbearance agreements in respect of various TestEquity borrowing agreements. Under the terms of the borrowing agreements such defaults gave the lender the right to declare the entire principal amount and accrued interest due and payable. Although TestEquity was in default of such covenants, no acceleration of the debt obligations occurred. On March 27, 2020, TestEquity entered into an amendment to its credit facility with its lenders. During 2020 and 2019, certain equityholders of TestEquity made equity contributions of approximately \$6.2 million and \$5.0 million, respectively, in exchange for member units, primarily to cure the defaults. From and after the time of the amendment to the credit facility, TestEquity has satisfied all financial covenants under its debt facilities and has made all required payments under the

[Table of Contents](#)

agreements. The credit agreement expires, and all outstanding borrowings thereunder will become due, on April 28, 2022.

Each of the debt facilities listed below are with related parties.

Outstanding debt at September 30, 2021, December 31, 2020 and December 31, 2019 consisted of the following:

<i>(Dollars in thousands)</i>	Period ended	Year ended December 31	
	September 30	2020	2019
Revolving loan facility due April 2022	1,000	3,000	9,000

Note payable	2,917	2,917	2,667
Less: deferred financing	(417)	(952)	(1,667)
Total Debt	123,415	125,097	130,632

Critical Accounting Policies

TestEquity has disclosed its significant accounting policies in Note 2 to its audited consolidated financial statements for the year ended December 31, 2020 included elsewhere in this proxy statement. The following provides information on the accounts requiring more significant estimates.

Revenue Recognition

TestEquity generates revenue through the sale of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. TestEquity generally invoices customers as goods are shipped or services are completed. Fees are typically due and payable 30 days after date of shipment or invoicing of services. Generally, customers gain control of the goods upon providing the product to the carrier, or when services are completed.

TestEquity determines revenue recognition through the following steps:

- Identification of the contract or contracts with a customer;
- Identification of the performance obligations in the contract;
- Determination of the transaction price;
- Allocation of the transaction price to the performance obligations in the contract or contracts; and
- Recognition of revenue when TestEquity satisfies a performance obligation.

TestEquity accounts for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. Typically, TestEquity has a purchase order or master service agreement with the customer that specifies the goods and/or services to be provided.

TestEquity's revenue contracts generally represent a single performance obligation to sell its products to trade customers. Net sales reflect the transaction prices for contracts reduced by variable consideration. TestEquity provides a rebate to select customers if pre-determined purchase thresholds are met. The rebate consideration is not in exchange for a distinct good or service. Variable consideration is estimated using the expected valued method considering all reasonably available information, including TestEquity's historical

[Table of Contents](#)

experience and its current expectations, and is reflected in the transaction price when sales are recorded. Sales returns are generally accepted by TestEquity, however, are not material to TestEquity's operations. TestEquity's contracts with trade customers do not have significant financing components or non-cash consideration. TestEquity records net sales excluding taxes collected on its sales to its trade customers.

TestEquity has elected to account for shipping and handling costs incurred to deliver products to customers as fulfillment activities, rather than a promised service. As such, fulfillment costs are included in cost of goods sold in the consolidated statement of operations and comprehensive loss. TestEquity provides an assurance type warranty which is not sold separately and does not represent a separate performance obligation.

For the majority of transactions, TestEquity recognizes revenue at the time of shipment, when control is passed to the customer. For consigned vendor managed inventory, revenue is recognized when inventory is removed from TestEquity's stock location and controlled by the customer.

Rental revenues are recognized in the month they are due on the accrual basis of accounting. TestEquity provides an accrual for the unearned portion of rental payments received based upon the amount of rental revenue for the month with the unearned portion recorded as deferred revenue.

Accounts receivable represents TestEquity's unconditional right to receive consideration from its customers. Contract assets consist of TestEquity's right to consideration in exchange for goods or services that TestEquity has transferred to a customer when that right is conditioned on something other than the passage of time. TestEquity has contract assets in the form of goods expected to be returned from customers. ASU No. 2020-05, *Revenue from Contracts with Customers* (Topic 606) also requires an entity to present a contract liability in instances where the customer is entitled to a volume rebate based on purchases made during the period. The opening and closing contract asset and contract liability balances are not material.

Accounts Receivable and Allowance for Doubtful Accounts

Trade accounts receivable are stated at net realizable value. Receivables are considered past-due based upon the contractual terms. TestEquity maintains an allowance for doubtful accounts to reflect its estimate of uncollectible trade accounts receivable based upon past collection history and the identification of specific customer risks. The allowances for doubtful accounts represent allowances for customer trade accounts receivable that are estimated to be partially or entirely uncollectible. These allowances are used to reduce gross trade receivables to their net realizable value. TestEquity records these allowances based on estimates related to the following factors: (i) customer-specific allowances and (ii) formula-based general allowances based upon an aging schedule.

Inventories

Inventories consist of new, used and manufactured electronic equipment and are stated at the lower of cost (first-in, first-out) or net realizable value.

Rental Equipment and Property and Equipment

Rental equipment and property and equipment are typically carried at cost, except for assets acquired as part of a business combinations, which requires the acquisition method of accounting and accounts for the acquired assets at their estimated fair values at the acquisition date. Depreciation of rental pool equipment and property and equipment is provided by a straight-line method over two to seven years. Upon sale or retirement of such assets, the related cost and accumulated depreciation are eliminated from the accounts, and gains or losses are reflected in income. Repair and maintenance expenditures not anticipated to extend asset lives are expensed as incurred.

Long-Lived Assets

TestEquity reviews the recoverability of its long-lived assets whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made.

Goodwill

TestEquity accounts for goodwill in accordance with ASC 350, *Intangibles, Goodwill and Other*. ASC 350 requires that goodwill and other unamortizable intangible assets be tested for impairment at least annually or earlier if indicators of impairment exist.

In January 2017, the FASB issued ASU 2017-04, *Intangibles—Goodwill and Other (Topic 350), Simplifying the Test for Goodwill Impairment* (ASU 2017-04). The standard simplifies the subsequent measurement of goodwill by removing the requirement to perform a hypothetical purchase price allocation to compute the implied fair value of goodwill to measure impairment. Instead, goodwill impairment is measured as the difference between the fair value of the reporting unit and the carrying value of the reporting unit. The standard also clarifies the treatment of the income tax effect of tax-deductible goodwill when measuring goodwill impairment loss. This standard is effective for annual or any interim goodwill impairment test in fiscal years beginning after December 15, 2019.

TestEquity conducted a quantitative analysis for the year ended December 31, 2020, noting there were no changes or impairments in the carrying amount of goodwill and noted no further impairment testing was required. TestEquity is a single reporting unit and performed the test as such, by comparing Company's carrying value, including goodwill, to its fair value. The fair value was assessed using a discounted cash flow model. The realization of these forecasts is dependent on a number of variables and conditions, many of which are due to the uncertainties associated with COVID-19 and as a result, actual results may materially differ from management's estimates.

Intangible Assets

TestEquity accounts for intangible assets in accordance with ASC 350, *Intangibles, Goodwill and Other*. This guidance allows TestEquity to make judgments about the recoverability of intangible assets with finite lives whenever events or changes in circumstances indicate that impairment may exist. Recoverability of intangible assets with finite lives is measured by comparing the carrying amount of the asset to the future undiscounted cash flows the asset is expected to generate. For the year ended December 31, 2020, TestEquity management concluded that no impairment of assets occurred.

Income Taxes

TestEquity accounted for income taxes under the asset and liability method. Accordingly, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred taxes to the amount expected to be realized.

TestEquity has adopted the provisions of ASC 740, *Income Taxes*, which addresses the accounting for uncertainty in income tax positions. The guidance requires that the impact of an income tax position be

recognized in the consolidated financial statements if that position is more-likely-than-not of being sustained on audit, based on the technical merits of the position. TestEquity's policy is to include any interest and penalties associated with unrecognized tax benefits within the provision for income taxes.

Quantitative and Qualitative Disclosures About Market Risk

TestEquity is exposed to certain market risks from changes in foreign currency exchange rates, commodity silver and tin pricing, commodity energy prices, and interest rates. Changes in these factors cause fluctuations in TestEquity's earnings and cash flows. TestEquity evaluates and manages exposure to these market risks as follows:

Foreign currency exchange rates—Foreign currency fluctuations can affect TestEquity's net investments, operations in countries other than the United States, and earnings denominated in foreign currencies. Historically, TestEquity's primary exchange rate exposure has been with the Mexican peso against the United States dollar. TestEquity's estimated net earnings exposure for foreign currency exchange rates was not material in 2021 or 2020 and TestEquity has not historically hedged foreign currency risk given that exposure has not been material. In 2020, changes in foreign currency exchange rates reduced TestEquity's net revenues by less than \$0.1 million.

Commodity tin and silver pricing—TestEquity purchases and sells various types of solder for the electronics production industry, the price of which is directly influenced by the prices of both silver and tin. Silver in particular saw significant volatility in 2020, increasing sharply at the end of the second quarter and plateaued at that level. Tin increased sharply in the third quarter of 2020 and continued to rise. The impact of these commodities on TestEquity's profitability is materially mitigated by its ability to pass through these costs to its customer base and the low proportion of total manufacturing costs that solder represents to its customers.

Commodity energy prices—TestEquity has market risk for changes in prices of oil, gasoline, diesel fuel, natural gas, and electricity. Prices for gasoline and diesel were mostly lower over the course of 2020 as business activity declined in response to actions to address the COVID-19 pandemic. As a result, TestEquity experienced lower fuel and transportation costs during 2020 as compared to 2019. In 2019, prices for gasoline and diesel were stable in the early part of the year, but began to decline in the latter part of the year with slowing economic activity. As a result, TestEquity experienced stable fuel and transportation costs during 2019. Fossil fuels are also often a key component for chemicals and plastics that comprise a key raw material for many products that TestEquity sells. Although fuel prices were lower through much of 2020, TestEquity experienced stable, not lower, prices for products with high chemical or plastic content. Stable fuel costs in 2019 resulted in stable product costs. TestEquity believes that over time these risks are mitigated in part by its ability to pass freight and product costs to its customers. In 2020, TestEquity's estimated net earnings exposure for commodity energy prices was not material.

Interest rates—TestEquity's Term Loan and Subordinate Loan are held with related parties and bear interest at floating rates tied to LIBOR (or, if LIBOR is no longer available, at a replacement rate to be determined by the administrative agent for the Debt Facilities and consented to by TestEquity). As a result, changes in LIBOR can affect TestEquity's operating results and liquidity to the extent that effective interest rate swap arrangements are not in place. TestEquity has not historically used interest rate swap arrangements to hedge the variable interest rates under its debt facilities. A one percentage point increase in LIBOR in 2020 would have resulted in approximately \$1.3 million dollars of additional interest expense. A description of TestEquity's debt facilities is contained in Note 9 to TestEquity's audited financial statements appearing elsewhere in this proxy statement.

Description of Gexpro Services’ Business

Gexpro Services is a provider of supply chain solutions, specializing in developing and implementing Vendor Managed Inventory (VMI) and kitting programs to high-specification manufacturing customers. Gexpro Services provides critical products and services to customers throughout the lifecycle of highly technical Original Equipment Manufacturer (OEM) products. Gexpro Services is headquartered in Irving, Texas with 22 facilities across the United States, Hungary and China.

Gexpro Services intends to grow organically through market share expansion primarily through new production introduction, increased sales of products and services to existing customers and expansion of its customer base. Gexpro Services believes that its services benefit its customers by helping them reduce their direct and indirect procurement costs and total cost of ownership for high volume, low value Class C parts, and that its services can help drive substantial cost savings for its customers. Additionally, Gexpro Services intends to grow its business through strategic, accretive acquisitions, and through continued improvement in service and product offerings to its customers.

Overview

Gexpro Services was formed in November 2019 by Gexpro Services Stockholder, which is majority owned by LKCM Headwater (an affiliate of LKCM) and, in February 2020, acquired the “Gexpro Services” business from French distributor Rexel S.A. via a carve-out acquisition. Gexpro Services has now fully separated its “Gexpro Services” operations from Rexel and operates as a stand-alone organization with its own leadership team, operating activities, financial systems and team members.

As a top distributor and service provider to the OEM market, Gexpro Services has approximately 2,250 suppliers offering approximately 60,000 products. These products are inventoried and sourced through 20 locations in North America as well as one in Hungary and one in China.

Markets/Products

Gexpro Services has existing customers in many different industry end markets, and has no significant concentration in any particular industry end market. The following table sets forth Gexpro Services’ 2020 sales

[Table of Contents](#)

to customers in each of the identified industry end markets as a percentage of Gexpro Services' total net revenues for 2020:

	% of 2020 Total Net Revenues
Power Generation	26%
Renewable Energy	23%
Semiconductor & Telecom	18%
Transportation	12%
Consumer & Industrial	11%
Aerospace & Defense	10%
	100%

Gexpro Services serves almost 1,800 customers in over 35 countries through its 22 facilities. Through its customer base, Gexpro Services provides VMI services with over 75,000 installed bins which allow its customers to maintain the necessary on-hand inventory levels to support their production cycles. Gexpro Services' value-added processes for its customers include vendor managed inventory, packaging and kitting, engineering, product standardization when appropriate, sales and technical support, global sourcing and quality assurance.

The following table sets forth Gexpro Services' 2020 sales by product category as a percentage of Gexpro Services' total net revenues for 2020:

	% of 2020 Total Net Revenues
Hardware	46%
Mechanical	20%
Fabrications	18%
Electrical	16%
	100%

Approximately 74% of Gexpro Services' revenues in 2020 were from customers under a contract or long-term agreement. While Gexpro Services has experienced increases in supply chain costs, including product cost, transportation costs and labor costs, its customer agreements have generally allowed these costs to be recovered in substantial part through price increases to its customers. Gexpro Services attempts to routinely implement price adjustments as Gexpro Services' related costs have increased. Gexpro Services' largest customer represented approximately 23% of its 2020 total net revenues while the top 20 customers represented approximately 63% of Gexpro Services' 2020 total net revenues.

Human Capital Resources

Gexpro Services supports a culture of continuous improvement, integrity and diversity. Gexpro Services prides itself on being a full value provider to its customers supported with a team committed to providing world-class customer service. The Gexpro Services team consists of approximately 400 employees, of which approximately 150 work in sales and service centers, 154 work in operations, warehouses and quality assurance and the remaining 94 work within its finance, information technology, sourcing & inventory and administrative functions.

COVID-19 Impact on Human Capital

Gexpro Services believes that its response to the COVID-19 pandemic demonstrated its ability to focus on the safety of its team members while continuing to service its customers. Gexpro Services was deemed an essential business early in the pandemic, which allowed it to continue to operate its facilities. While there were some limitations on Gexpro Services' ability to physically visit its customer locations, Gexpro Services

[Table of Contents](#)

continued to service various customers via phone and electronic communication channels and other technological means, while instituting procedures to help maintain compliance with applicable social distancing guidelines in respect of in-person operations.

Supplier Overview

Gexpro Services has strong, global relationships across a diverse supplier base that provides a competitive combination of pricing and availability to Gexpro Services. Gexpro Services works to anticipate market changes and develop new supplier relationships in best-cost countries to help mitigate various supply chain risks. Approximately 71% of Gexpro Services' suppliers are based in the United States, which helps limit the risk of increased freight and logistics costs; however, many of these suppliers source their products from overseas. Gexpro Services maintains favorable and long-tenured relationships with approximately 2,250 suppliers, with the largest supplier representing approximately 3.9% of Gexpro Services' total product purchases in 2020 while the top 10 suppliers represented approximately 19% of total product purchases in 2020. Despite many of the global supply chain issues, Gexpro Services has maintained a close relationship with its freight forwarder that assists in providing container allocations for Gexpro Services.

Competition

Gexpro Services operates in a large, fragmented market with many competitors servicing OEMs as well as the maintenance, repair and operations segment of the Class C product line. Competitors of Gexpro Services include large global distributors as well as national, regional and local distributors.

Acquisition Activity

A component of Gexpro Services' growth strategy is to grow through strategic, accretive acquisitions. Gexpro Services believes that there is a large universe of potential acquisition targets in the highly fragmented distribution channel serving OEMs in end market verticals in which Gexpro Services already has a strong presence.

In June 2021, Gexpro Services acquired Omni Fasteners, which is an OEM distributor that had annual revenues of approximately \$6 million in 2020. In November 2021, Gexpro Services acquired National Engineered Fasteners (NEF). NEF supplies product to OEMs and had annual revenues of approximately \$30 million in 2020. In late 2021 and early 2022, Gexpro Services acquired State Industrial Supply, Inc. (SIS) and Resolux Group. SIS is headquartered in Charlotte, North Carolina, had annual revenues of approximately \$8 million in 2020, and provides support for military and commercial applications including machined to print parts, gasket sealing devices, electronic hardware and custom fasteners. Resolux, headquartered in Denmark, had annual revenues of approximately \$35 million in 2020 and provides products and services in the Renewables market. Gexpro Services believes these acquisitions will complement its existing service and product offering while also providing an opportunity to expand its reach to additional customers in new geographic markets.

Management's Discussion and Analysis of Financial Condition and Results of Operations of Gexpro Services

Overview

Gexpro Services is a provider of supply chain solutions, specializing in developing and implementing VMI and kitting programs to high-specification manufacturing customers. Gexpro Services provides critical products and services to customers throughout the lifecycle of highly technical OEM products. Gexpro Services is headquartered in Irving, Texas with 22 facilities across the United States, Hungary and China.

Gexpro Services believes that the Purchasing Managers Index (PMI) Index is an indicative measure of the relative strength of the economic environment of the industry in which Gexpro Services operates. The PMI index is a composite index of economic activity in the United States manufacturing sector. Gexpro Services believes that a measure of that index above 50 generally indicates expansion of the manufacturing sector while a measure

below 50 generally represents contraction. The average monthly PMI was 60.8 for the nine months ended September 30, 2021 compared to 55.4 for the nine months ended September 30, 2020.

Impact of COVID-19 on Financial Performance

In March 2020, the World Health Organization declared a pandemic in respect of a new strain of coronavirus (COVID-19). The COVID-19 pandemic continues to negatively impact the global economy through disruptions in supply chains and financial markets. While the overall business environment has been recovering in 2021 as compared to 2020, the pandemic continued to negatively affect Gexpro Services' financial performance in 2021 and continues to impact its financial performance. The future impact of COVID-19 remains uncertain, and may continue to affect the demand of Gexpro Services' customers for its products and services and, as a result, Gexpro Services' business.

In addition, as a result of general improvements in the business and economic environment as the pandemic lessens, Gexpro Services has experienced various supply chain disruptions in the marketplace that have impacted the ability of Gexpro Services to source product and that have increased its vendor, transportation and labor costs. This has resulted in challenges for Gexpro Services in acquiring and receiving inventory in a timely fashion and fulfilling customer orders and has resulted in increased product costs.

Acquisition of Omni Fasteners

In June 2021, Gexpro Services acquired Omni Fasteners. Omni Fasteners is based in Ohio and derives a substantial portion of its revenues from sales of product and services to OEMs, with approximately 90% of Omni's revenues in 2020 coming from the fastener product category. Omni Fasteners generated revenues of approximately \$6 million in 2020. The amount of Gexpro Services' revenue attributable to Omni Fasteners from the date of acquisition through September 25, 2021 was approximately \$1.9 million.

Financial Performance

Gexpro Services was formed in November 2019 by Gexpro Services Stockholder, which is majority owned by LKCM Headwater (an affiliate of LKCM). On February 23, 2020, Gexpro Services acquired its "Gexpro Services" business from Rexel in a carve-out acquisition. The predecessor entity financial information in the table below from January 1, 2020 through February 23, 2020, the day immediately preceding the acquisition, consists of abbreviated financial information of the acquired business prior to its acquisition by Gexpro Services in a carve-out from Rexel. The successor entity financial information includes information for the period from February 23, 2020 through September 26, 2020, the period from February 23, 2020 through December 31, 2020 and the nine month period from January 1, 2021 through September 25, 2021.

Results of Operations for the Nine Months Ended September 25, 2021, the successor period from February 23, 2020 to September 26, 2020 and the predecessor period from January 1, 2020 to February 23, 2020

Net Revenues and Gross Profit

Net revenues for the nine months ended September 25, 2021 were \$189.3 million or \$1.018 million per selling day based 186 selling days in the period. A selling day generally represents a business day in which Gexpro Services ships products to its customers. During the nine months ended September 25, 2021, net revenues increased sequentially from month-to-month primarily due to an expansion of products and services to existing customers as well as the addition of new customers. Net revenues during the successor period of February 23, 2020 through September 26, 2020 were \$151.5 million or \$0.996 million per selling day based on 152 selling days in the period, and net revenues for the predecessor period of January 1, 2020 through February 23, 2020 were \$36.6 million or \$0.988 million per selling day based on 37 selling days.

As compared to the sales per day of \$0.996 million during the period from February 23, 2020 through September 26, 2020, sales per day during the nine month period ending September 25, 2021 increased by 2.2%. This increase over 2020 levels is primarily due to overall improving business conditions, as the easing of COVID-19 restrictions helped drive an increase in manufacturing activity at Gexpro Services' customers and related demand by those customers of additional products and services from Gexpro Services, and Gexpro Services' price increases on certain of its products and services. During the nine months ended September 25, 2021, Gexpro Services' net revenues were also positively impacted by \$1.9 million of additional revenues generated by the business of Omni Fasteners that it acquired in June 2021.

Gross profit was \$60.8 million or 32.1% of net revenues for the nine-month period ending September 25, 2021. Gross profit was \$44.2 million or 29.2% of net revenues during the successor period of February 23, 2020 through September 26, 2020, and \$10.6 million or 28.9% of net revenues during the predecessor period of January 1, 2020 through February 23, 2020. While global supply chain issues were more prevalent during 2021 than 2020, Gexpro Services was able to offset the negative impact of these issues through targeted pricing actions, strategic sourcing improvements, new supplier development, and a movement toward longer-term agreements with its suppliers.

Selling, General and Administrative Expense

Selling, general and administrative expense consists of sales and marketing expenses primarily relating to compensation, costs associated with supporting Gexpro Services' service facilities, overhead expenses within finance, legal, human resources and information technology, and other costs required to operate the business and service its customers.

Total selling, general, and administrative expense for the nine-month period ending September 25, 2021 was \$47.8 million or 25.2% of net revenues. Selling, general and administrative expense was \$38.3 million or 25.3% of net revenues during the successor period from February 23, 2020 through September 26, 2020 and \$9.3 million or 25.3% of net revenues during the predecessor period from January 1, 2020 through February 23, 2020. The slight decrease in selling, general and administrative expense as a percent of sales in the nine-month period ending September 25, 2021 as compared to the successor and predecessor period in 2020 was primarily driven by actions taken by Gexpro Services in 2020 to accelerate facility consolidations to adapt to the softer market conditions in 2020, which actions also benefited Gexpro Services in 2021.

Interest Expense

Interest expense for the nine-month period ended September 25, 2021 was \$4.4 million. Interest expense for the successor period of February 23, 2020 through September 26, 2020 was \$3.8 million. At September 25, 2021, there was \$52.2 million principal amount and \$20.4 million principal amount outstanding on Gexpro Services'

[Table of Contents](#)

term loan and revolving line of credit, respectively, which bore interest on such dates at 8% and 3.5%, respectively. The average total outstanding daily borrowings on the term loan and revolving line of credit was \$67.5 million during the nine-month period ended September 25, 2021, as compared to \$81.8 million during the successor period of February 23, 2020 through September 26, 2020.

Results of Operations for the successor period from February 23, 2020 to December 31, 2020 and the predecessor period from January 1, 2020 to February 23, 2020

Net Revenues and Gross Profit

Net revenues during the successor period of February 23, 2020 through December 31, 2020 were \$213.3 million or \$0.983 million per selling day based on 217 selling days in the period. Net revenues during this period were negatively impacted by a softer overall business climate due to the COVID-19 pandemic. While Gexpro Services continued to service its customers as an essential business, many of Gexpro Services' customers experienced slowing output during this period, which negatively impacted their demand for products and services offered by Gexpro Services. This softer environment for Gexpro Services' existing customers was partially offset by revenues from the development of relationships with new customers.

Net revenues for the predecessor period of January 1, 2020 through February 23, 2020 were \$36.6 million or \$0.988 million per selling day based on 37 selling days. The majority of these sales were generated prior to the time various restrictions were implemented in connection with the COVID-19 pandemic.

Gross profit was \$63.0 million or 29.5% of net revenues for the successor period of February 23, 2020 through December 31, 2020. Gross profit was negatively impacted during this time period as a result of lower sales from a softer overall business environment due to the COVID-19 pandemic. Gexpro Services was able to maintain fairly consistent gross margin as a percentage of sales during this time period under its existing customer agreements. Gross profit was \$10.6 million or 28.9% of net revenues during the predecessor period from January 1, 2020 through February 23, 2020.

Selling, General and Administrative Expense

Selling, general and administrative expense consists of sales and marketing expenses primarily relating to compensation, costs associated with supporting Gexpro Services' service facilities, overhead expenses within finance, legal, human resources and information technology, and other costs required to operate the business and service its customers. Selling, general, and administrative expense for the successor period from February 23, 2020 through December 31, 2020 was \$54.4 million or 25.5% of net revenues. Selling, general and administrative expense was \$9.3 million or 25.3% of sales during the predecessor period from January 1, 2020 through February 23, 2020.

Interest Expense

Interest expense for the successor period from February 23, 2020 through December 31, 2020 was \$5.4 million on average total outstanding daily borrowings on the term loan and revolving line of credit of \$78.1 million.

Liquidity and Capital Resources

Cash used in operating activities was \$1.4 million for the nine months ended September 25, 2021 and cash provided by operating activities was \$8.9 million for the successor period of February 23, 2020 through September 26, 2020. Working capital for the nine months ended September 25, 2021 was impacted by an increase in accounts receivable of \$2.6 million primarily to support increasing sales during that time period. During that time period, Gexpro Services invested in additional inventory of \$6.3 million to support additional customer demand. During the successor period of February 23, 2020 through September 26, 2020, cash provided from operating activities of \$8.9 million was primarily driven by net income and a reduction in working capital.

[Table of Contents](#)

During the successor period from February 23, 2020 through December 31, 2020, cash provided from operating activities was \$13.3 million primarily driven by net income and a reduction in working capital.

Gexpro Services had capital expenditures of \$2.7 million and \$0.4 million for the nine months ended September 25, 2021 and for the successor period from February 23, 2020 through September 26, 2020, respectively. Capital expenditures for the successor period of February 23, 2020 through December 31, 2020 were \$0.4 million. Capital expenditures during these periods were primarily related to facility improvements along with investments in technology.

During the nine months ended September 25, 2021, Gexpro Services expended \$6.5 million for the acquisition of Omni Fasteners.

Gexpro Services' long-term debt consists of a term loan of \$60.0 million and borrowings under a \$35.0 million committed revolving credit facility, which both expire on February 24, 2025. Pursuant to the terms of the term loan and the revolving credit facility, Gexpro Services is required to meet certain financial covenants including a minimum fixed charge coverage ratio and a maximum net leverage ratio. As of September 25, 2021 and December 31, 2020, Gexpro Services was in compliance with the covenants of the term loan and the revolving credit facility.

Outstanding debt as of September 25, 2021 and December 31, 2020 consisted of the following (dollars in thousands):

	September 25, 2021	December 31, 2020
Term loan	\$ 52,229	\$ 59,550
Revolving credit facility	20,377	8,786
Total	72,605	68,336
Less: Unamortized debt issuance costs	(2,066)	(2,430)
Less: Current portion	(600)	(600)
	<u>\$ 69,939</u>	<u>\$ 65,306</u>

Subsequent to September 25, 2021, Gexpro Services refinanced its existing term loan and its revolving credit facility. The new arrangement consists of a 6-year \$137.0 million term loan and a 5-year \$25.0 million revolving credit facility. The term loan contains a delayed draw feature for \$83.0 million. The new facility requires Gexpro Services to comply with various covenants including a leverage covenant not to exceed 5.50 which declines to 5.00 in the fourth quarter of 2022 and 4.50 in the fourth quarter 2023 and thereafter.

Critical Accounting Policies

Gexpro Services has disclosed its significant accounting policies in Note 2 to its audited consolidated financial statements for the nine month period ended September 25, 2021 included elsewhere in this proxy statement. The following provides information on the accounts requiring more significant estimates.

Revenue recognition

Gexpro Services recognizes revenue in accordance with Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, which provides a five-step model for recognizing revenue from contracts with customers as follows:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price

[Table of Contents](#)

- Allocate the transaction price to the performance obligations in the contract
- Recognize revenue when or as performance obligations are satisfied

Gexpro Services' products are marketed and sold primarily to OEM globally. Sales of products are subject to economic conditions and may fluctuate based on changes in the industry, trade policies and financial markets.

The majority of Gexpro Services' revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of Gexpro Services' products. Revenue from sales of Gexpro Services' products are recognized upon transfer of control to the customer, which is typically when the product has been shipped from its inventory holding facilities in the United States and Hungary.

The transaction price is the amount of consideration to which Gexpro Services expects to be entitled in exchange for transferring goods to the customer. Revenue is recorded based on the transaction price, which includes fixed consideration and estimate of variable consideration such as early payment/volume discounts and rebates.

The amount of variable consideration included in the transaction price is constrained and is included only to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

Gexpro Services has elected to treat shipping and handling activities related to contracts with customers as costs to fulfill the promise to transfer Gexpro Services' products and not as a separate performance obligation. Amounts billed to customers for shipping are classified as revenue. All outbound shipping and handling costs are classified as selling, general and administrative expense.

Sales commissions paid to internal sales personnel, as well as associated payroll taxes and retirement plan contributions (together, incentive compensation and associated costs) that are incremental to the acquisition of customer contracts, are required to be capitalized as deferred contract cost on the balance sheet when the period of benefit is determined to be greater than one year. Gexpro Services has elected to apply the practical expedient to expense sales commissions and associated costs as incurred as the expected amortization period would be one year or less.

Payment terms on invoiced amounts range from 10 to 120 days. In instances where the timing of revenue recognition differs from the timing of the right to invoice, Gexpro Services has determined that a significant financing component does not exist. The primary purpose of Gexpro Services' invoicing terms is to provide customers with simplified and predictable ways of purchasing Gexpro Services' products and not to receive financing from or provide financing to the customer.

Trade accounts receivable

Trade accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Trade accounts receivable are written off when deemed uncollectible. Recoveries of trade accounts receivable previously written off are recorded when received.

Inventories

Inventories are stated at the lower of cost and net realizable value. Cost includes purchases of packing components and costs associated with outsourced production. Inventory is relieved based on the moving weighted average method. In circumstances where inventory is deemed obsolete or not saleable due to its condition or where the inventory cost for an item exceeds its net realizable value, management records a charge to cost of goods sold and reduces the inventory to its net realizable value.

Impairment of long-lived assets

Gexpro Services periodically evaluates the carrying value of long-lived assets to be held and used, at the asset group level, including, but not limited to, intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such asset is less than its carrying value. In that event, a loss would be recognized based on the amount by which the carrying value exceeds the fair value of the long-lived asset. Fair value would be determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair values are reduced for the cost to dispose.

Goodwill

Goodwill is not amortized, but instead is tested for impairment annually at December 31 of each year or if certain circumstances indicate a possible impairment may exist. Gexpro Services makes an initial qualitative evaluation, based on the entity's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount.

Income taxes

Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets relate primarily to intangibles, accrued expenses and seniority premium, business interest expense limitations, and deferred tax liabilities relate primarily to goodwill. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

Gexpro Services recognizes tax liabilities when Gexpro Services believes that certain positions may not be fully sustained upon review by tax authorities. Benefits from tax positions are measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

Quantitative and Qualitative Disclosures About Market Risk

Gexpro Services is exposed to certain market risks from changes in foreign currency exchange rates, commodity metals pricing, transportation costs, and interest rates. Changes in these factors cause fluctuations in Gexpro Services' earnings and cash flows. Gexpro Services evaluates and manages exposure to these market risks as follows:

Foreign currency exchange rates – Foreign currency fluctuations can affect Gexpro Services net investments, operations in countries other than the United States, and earnings denominated in foreign currencies. Historically, Gexpro Services' primary exchange rate exposure has been with the Hungarian Forint and Euro against the United States dollar. Gexpro Services estimated net earnings exposure for foreign currency exchange rates was not material in 2021 and 2020. Historically, Gexpro Services has not hedged its foreign currency risk given that exposure to date has not been material.

Commodity metal pricing—Gexpro Services purchases and sells various types of metal products; these products consist primarily of different types of threaded fasteners and related hardware. Gexpro Services is exposed to the impacts of commodity metal pricing and its related ability to pass through the impacts to end

[Table of Contents](#)

customers. The global demand for steel, stainless steel and aluminum products has increased significantly as the United States, Europe and Asia emerged from Covid-19 restrictions. Raw material costs, especially on aluminum, carbon steel, and stainless steel have increased substantially since January 2020. Gexpro Services leverages its long-term customer agreements to present market level data to pass on the appropriate price increases to mitigate the impact of material inflation.

Interest rates—Loans under Gexpro Services' Credit Facility bear interest at floating rates tied to LIBOR (or, if LIBOR is no longer available, at a replacement rate to be determined by the administrative agent for the Credit Facility and consented to by Gexpro Services). As a result, changes in LIBOR can affect Gexpro Services' operating results and liquidity to the extent there is not an effective interest rate swap arrangement in place. Historically, Gexpro Services has not utilized interest rate swap arrangements to hedge the variable interest rates under its Credit Facility. A one percentage point increase in LIBOR in 2020 would have resulted in approximately \$0.6 million of additional interest expense. A description of Gexpro Services' Credit Facility is contained in Note 6 to Gexpro Services' audited financial statements appearing elsewhere in this proxy statement.

provided, that all swing line loans shall bear interest at a rate per annum equal to the Alternate Base Rate plus an applicable margin.

Under the Debt Financing Commitment Letter “**Alternate Base Rate**” means the greatest of (a) the rate of interest last quoted by The Wall Street Journal as the “Prime Rate” in the U.S. changing when and as said prime rate changes, (b) the Federal Reserve Bank of New York (NYFRB) rate on such day plus 0.5% and (c) the Adjusted Term SOFR Rate for a one month interest period on such day plus 1%. If the Alternate Base Rate as determined pursuant to the foregoing would be less than 1.00% per annum, such rate shall be deemed to be 1.00% per annum.

The Debt Financing Commitment Letter contemplates that Borrowers will pay a Commitment Fee on the average daily unused portion of the Revolving Facility, ranging from 0.15% per annum to 0.35% per annum, depending on the Total Net Leverage Ratio. The Debt Financing Commitment Letter further contemplates that the Borrowers will pay a Commitment Fee on the average daily unused portion of the Delayed Draw Term Loan Facility, ranging from 0.15% per annum to 0.35% per annum, depending on the Total Net Leverage Ratio, commencing on the closing date of the Facilities until the earlier of the termination or expiration of the commitments for the Delayed Draw Term Loan Facility.

Incremental Facility

The Debt Financing Commitment Letter contemplates that, on or subsequent to the closing date of the Refinancing, Lawson may, at its option, on the same terms and conditions as the applicable Facility (subject to such customary exceptions to be agreed between Lawson and the Initial Arranger), request to increase the Revolving Facility’s commitment amount or obtain incremental term loans in an aggregate amount of up to \$200,000,000 during the term of the Facilities from new or existing lenders. No lender shall have any obligation to increase its commitment under the Revolving Facility or to participate in any tranche of incremental term loans.

Prepayments

The Debt Financing Commitment Letter contemplates that the Facilities may be prepaid in whole or in part, without premium or penalty (other than customary breakage costs).

The Debt Financing Commitment Letter contemplates that, in addition to any scheduled amortization payments described in the subsection above entitled “—Maturity and Amortization”, prepayments of the Term Facilities will be required for: (i) 100% of the net proceeds of any unpermitted incurrence of indebtedness; and (ii) 100% of the net proceeds of any sale or other disposition (including as a result of casualty or condemnation) by Lawson or any of its subsidiaries of any assets (subject to customary exceptions and reinvestment provisions).

Financial Covenants

The Debt Financing Commitment Letter contemplates that the Facilities will contain financial maintenance covenants including (i) a minimum Interest Coverage Ratio (to be defined as the ratio of EBITDA (expected to be defined in a customary manner for credit facilities of this size and type) to consolidated interest expense) of 3.0:1.0 and (ii) a maximum Total Net Leverage Ratio (to be defined as (x) total debt net of unrestricted cash and cash equivalents of the Borrowers and the Guarantors (as defined below) up to \$25 million with respect to which the administrative agent under the Facilities has a first priority perfected lien perfected by control agreements to (y) EBITDA) of 4.0:1.0, with step-downs to be agreed in the definitive documentation; provided that, upon the request of Borrower in connection with a certain specified potential acquisition and any acquisition with an aggregate purchase price greater than \$75,000,000, the foregoing maximum Total Net Leverage Ratio level for each of the four fiscal quarters ending immediately following the consummation of such acquisition shall be increased by 0.5 to 1.0; provided further that such increase shall occur (i) only twice during the term of the Facilities and (ii) only to the extent no event of default under the Facilities has then occurred and is continuing.

Other Covenants

The Debt Financing Commitment Letter contemplates that the Facilities will contain various affirmative covenants, including covenants related to: delivery of quarterly and annual financial statements, quarterly compliance certificates and annual projections and other information requested by the lenders of the Facilities; payment of obligations; continuation of business and maintenance of existence and material rights and privileges; compliance with laws; and guarantor and collateral requirements.

The Debt Financing Commitment Letter contemplates that the Facilities will also contain various negative covenants that will restrict Borrower and its subsidiaries in their activities, including covenants restricting (subject to exceptions and thresholds to be agreed in the definitive documentation for the Facilities): indebtedness (including guarantee obligations); liens; mergers, consolidations, liquidations, dissolutions and other fundamental changes; sales of assets; payment of restricted payments (including dividends and other payments in respect of equity interests); investments (including acquisitions); loans and advances; sale and leaseback transactions; swap agreements; and transactions with affiliates.

Conditions

Pursuant to the Debt Financing Commitment Letter, it is a condition to the Initial Arranger's commitment thereunder that the portion of the Facilities not being provided by the Initial Arranger shall be provided by other lenders identified by the Initial Arranger in consultation with Lawson and reasonably acceptable to Lawson. Pursuant to the Debt Financing Commitment Letter, the commitment of the Initial Arranger to provide loans under the Facilities on the closing date and the obligation of all of the lenders under the Facilities to provide loans on the closing date are also subject to the following additional conditions precedent: the absence of a material adverse effect on the business, operations, property or financial condition of Lawson and its subsidiaries, taken as a whole; the Initial Arranger's completion of and satisfaction in all respects with a due diligence investigation; no matter affecting Lawson and its subsidiaries or the Transactions that, in the Initial Arranger's judgment could reasonably impair the syndication of the Facilities; no competing debt offering of Lawson; the arrangers under the Facilities having a reasonable period, which shall be no longer than 30 days from the date of the commencement of syndication, to syndicate the Facilities; payment of fees of expenses to the arrangers and lenders; since December 29, 2021, there shall not have been a "Company Material Adverse Effect" as defined in the Gexpro Services Merger Agreement, and since December 29, 2021, there shall not have been a "Company Material Adverse Effect" as defined in the TestEquity Merger Agreement; the representations and warranties in the definitive documentation being true and correct in all respects; the consummation of the Mergers in accordance with the terms of the respective Merger Agreements in all material respects; receipt by the administrative agent under the Facilities of customary closing documents; the corporate, structure, capital structure, other indebtedness and governing documents of the Borrower and its affiliates being acceptable to the administrative agent under the Facilities; receipt by the lenders of certain financial statements and projections of Lawson and its subsidiaries; the consummation of the Refinancing; perfected security in the collateral contemplated by the definitive documentation for the Facilities and such other conditions as may be fully set forth in the definitive documentation for the Facilities.

In addition, borrowings under the Facilities on the closing date and, with respect to the Revolving Facility and the Delayed Draw Term Loan Facility, on and after the closing date are expected to be subject to the following additional conditions: the representations and warranties under the definitive documentation being true and correct in all material respects (provided that any representation or warranty which is qualified as to materiality shall be true and correct in all respects); no default or event of default under the definitive documentation for the Facilities; and the total outstanding amount of the Revolving Facility or the Delayed Draw Term Loan Facility, as applicable, not exceeding the applicable commitments of the lenders.

Collateral/Guarantee

The Debt Financing Commitment Letter contemplates that the Facilities will be secured by a first priority perfected security interest in substantially all of the assets of the Borrowers and their material domestic and

[Table of Contents](#)

Canadian subsidiaries, whether consisting of tangible or intangible property, including all of the outstanding equity interests of subsidiaries directly owned by Borrower or any Guarantor (collectively, the “**Collateral**”).

The Debt Financing Commitment Letter contemplates that each Borrower shall unconditionally guarantee all of the indebtedness, obligations and liabilities of each other Borrower arising under or in connection with the Facilities’ definitive documentation. In addition, the Debt Financing Commitment Letter contemplates that each direct or indirect material domestic or Canadian subsidiary of any Borrower (each, a “**Guarantor**”) shall unconditionally guarantee all of the indebtedness, obligations and liabilities of Borrowers arising under or in connection with the Facilities’ definitive documentation, in addition to certain other obligations of Lawson and its subsidiaries.

Events of Default

The Debt Financing Commitment Letter contemplates that the definitive documentation for the Facilities will have the following events of default (subject to exceptions, cure periods and thresholds to be agreed in the definitive documentation for the Facilities): nonpayment of principal or letter of credit reimbursement when due; nonpayment of interest, fees or other amounts after three business days; representations and warranties being incorrect in any material respect; violation of covenants; cross-default to occurrence of a default (whether or not resulting in acceleration) under any other agreement governing material indebtedness of Borrower or any of its subsidiaries; bankruptcy events; certain Employee Retirement Income Security Act (ERISA) events; material judgments; the cessation of any of the Facilities’ definitive documentation to be in full force and effect or the assertion with respect to the same by any party thereto; any interests created by the security documents shall cease to be enforceable and of the same priority purported to be created thereby; and a change of control.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

Introduction

On December 29, 2021, Lawson, Gexpro Services, TestEquity and certain of their affiliates entered into the Merger Agreements providing for the combination of Gexpro Services and TestEquity with Lawson. Subject to the satisfaction or (to the extent permitted by law and the terms of the merger agreements) waiver of the closing conditions set forth in the Merger Agreements, including the receipt of the requisite Lawson stockholder approvals, subsidiaries of Lawson will merge with Gexpro Services and TestEquity through the Mergers with Gexpro Services and TestEquity surviving the respective Merger as wholly-owned subsidiaries of Lawson.

The unaudited pro forma condensed combined statement of operations gives effect to the Mergers and related anticipated refinancing of certain indebtedness of Lawson, Gexpro Services and TestEquity (together, solely for purposes of this section entitled “Unaudited Pro Forma Condensed Combined Financial Information,” the “Transactions”) as if the Transactions occurred on January 1, 2020 and the unaudited pro forma condensed combined balance sheet gives effect to the Transactions as if they had occurred on September 30, 2021. In addition, the pro forma statements include certain closed acquisitions that are insignificant individually and in the aggregate with an acquisition date through the date of this proxy statement. The combined pro forma totals on the statement of income and balance sheet represent the combined company as per the Merger Agreements.

The unaudited pro forma condensed combined financial information has been prepared using the acquisition method of accounting in accordance with the business combination accounting guidance for reverse acquisitions as provided in ASC 805, Business Combinations, with TestEquity and Gexpro Services treated as a combined entity as the accounting acquirer for financial reporting purposes and Lawson as the accounting acquiree. This determination was made as TestEquity and Gexpro Services are under the common control of an entity that will beneficially own a majority of the voting rights of the Combined Company such that they will have the ability to appoint a majority of the board of director’s positions of the Combined Company. On a combined basis, the revenue, assets, and the fair value of equity of TestEquity and Gexpro Services are larger than Lawson’s. In addition, Lawson’s, TestEquity’s and Gexpro Services’ senior management teams will remain in place and serve under the direction of the Combined Company’s board. Based on these factors, only Lawson will experience a change in control. Accordingly, under the acquisition method of accounting, the purchase price will be allocated to the tangible and identifiable intangible assets acquired and liabilities assumed of Lawson, based on their estimated acquisition-date fair values. These estimates will be determined through established and generally accepted valuation techniques.

Description of the Financing

Following the execution of the Merger Agreements, Lawson entered into the Debt Financing Commitment Letter with JP Morgan Chase Bank, N.A. (the “Initial Arranger”). Through the Debt Financing Commitment Letter, Lawson has requested that the Initial Arranger agree to arrange and syndicate senior secured credit facilities in an aggregate principal amount of up to \$500,000,000 for Lawson and certain of its affiliates, consisting of a revolving credit facility in an initial aggregate principal amount of \$200,000,000 (the “Revolving Facility”), an initial term loan facility in an initial aggregate principal amount of \$250,000,000 (the “Initial Term Loan Facility”) and a delayed draw term loan facility in an aggregate principal amount of \$50,000,000 (the “Delayed Draw Term Loan Facility” and together with the Initial Term Loan Facility, the “Term Loan Facilities”); the Term Loan Facilities and the Revolving Facility are collectively referred to as the “Facilities” and each a “Facility”).

The Debt Financing Commitment Letter contemplates that the proceeds of the Initial Term Loan Facility and the Revolving Facility will be used to (1) repay all obligations under and refinance (a) Lawson’s Existing Credit Agreement and (b) certain existing indebtedness of TestEquity and Gexpro Services and their respective affiliates in connection with the closing of the Transactions, (2) finance the working capital needs and general corporate purposes of the Combined Company and (3) pay fees and expenses in connection with the Transactions. The Debt Financing Commitment Letter contemplates that the proceeds of the Delayed Draw Term

[Table of Contents](#)

Loan Facility will be used to (1) finance the potential acquisition of the Potential TestEquity Acquiree and other acquisitions permitted under the definitive documentation for the Facilities and (2) pay fees, costs and expenses in connection therewith.

The interest rate is expected to be comprised of the greater of (a) the rate of interest last quoted by The Wall Street Journal as the “Prime Rate” in the U.S. changing when and as said prime rate changes, (b) the Federal Reserve Bank of New York (NYFRB) rate on such day plus 0.5% and (c) the Adjusted Term SOFR Rate for a one month interest period on such day plus 1%, plus an additional margin ranging from 0.0% to 1.5% per annum. The interest rates assumed for purposes of preparing this unaudited pro forma condensed combined financial information related to the new term loan facility is approximately 5.0% as of September 30, 2021.

The Debt Financing Commitment Letter contemplates that the Term Loan Facilities will amortize in equal quarterly installments in an aggregate annual amount equal to 5% of the original principal amount of the Term Loan Facilities. The Debt Financing Commitment Letter contemplates that amortization for the Initial Term Loan Facility will commence on the last day of the first full fiscal quarter ending after the closing date of the Facilities and amortization for the Delayed Draw Term Loan Facility will commence on the first scheduled installment date for amortization of the Initial Term Loan Facility following the earlier of the date the commitments under the Delayed Draw Term Loan Facility are fully drawn and the date that is the six-month anniversary of the closing date of the Facilities.

Basis of Pro Forma Presentation

This unaudited pro forma condensed combined financial information should be read in conjunction with the accompanying notes to the unaudited pro forma condensed combined financial information. In addition, the unaudited pro forma condensed combined financial information was based on, and should be read in conjunction with, the following historical consolidated financial statements and accompanying notes, which are included elsewhere or incorporated by reference in this proxy statement:

- Lawson’s unaudited condensed consolidated financial statements and the related notes thereto as of and for the nine months ended September 30, 2021 included in its Quarterly Report on Form 10-Q for the quarter ended September 30, 2021, incorporated by reference in this proxy;
- Lawson’s audited consolidated financial statements and the related notes thereto as of and for the year ended December 31, 2020 included in its Annual Report on Form 10-K filed for the year ended December 31, 2020, incorporated by reference in this proxy;
- Gexpro Services’ audited consolidated financial statements and the related notes thereto as of September 25, 2021 and for the period from January 1, 2021 to September 25, 2021 included elsewhere in this proxy statement;
- Gexpro Services’ audited consolidated financial statements and the related notes thereto as of December 31, 2020 and for the period from February 23, 2020 to December 31, 2020 included elsewhere in this proxy statement;

- TestEquity’s unaudited consolidated financial statements and the related notes thereto as of and for the nine months ended September 30, 2021 included elsewhere in this proxy statement; and
- TestEquity’s audited consolidated financial statements and the related notes thereto as of and for the year ended December 31, 2020 included elsewhere in this proxy statement.

This unaudited pro forma condensed combined financial information has been prepared for illustrative purposes only and is based on assumptions and estimates considered appropriate by Lawson management; however, it is

[Table of Contents](#)

not necessarily indicative of what Lawson's consolidated financial condition or results of operations actually would have been assuming the Transactions had been consummated as of the dates indicated, nor does it purport to represent Lawson's consolidated financial position or results of operations for future periods. As the Mergers will be accounted for as a reverse acquisition with TestEquity and Gexpro Services as the combined accounting acquirer and Lawson as the accounting acquiree, acquisition accounting in accordance with Accounting Standards Codification (ASC) 805, Business Combinations, is applied to Lawson. Accordingly, the purchase price will be allocated to the tangible and identifiable intangible assets acquired and liabilities assumed of Lawson, based on their estimated acquisition-date fair values. The pro forma adjustments are based on preliminary estimates of the fair values of assets acquired and liabilities assumed and information available as of the date of this proxy statement. Certain valuations and assessments, including valuations of the intangible assets and liabilities, as well as the assessment of the tax positions and rates of the combined business, are in process and will not be completed until subsequent to the close of the proposed Mergers. For the preliminary estimate of fair values of assets acquired and liabilities assumed of Lawson as the acquired company, Lawson used publicly available benchmarking information as well as a variety of other assumptions, including market participant assumptions. The debt that is anticipated to be incurred in connection with the closing of the Mergers is included in the unaudited pro forma condensed combined financial information reflecting the terms and rates Lawson expects to achieve based on current market rates. The actual financing and terms of the refinancing will be subject to market conditions. Actual adjustments and transaction costs may differ from the amounts reflected in the unaudited pro forma condensed combined financial statements, and the differences may be material. All pro forma adjustments and their underlying assumptions are described more fully in the notes to the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined financial information was prepared pursuant to SEC Regulation S-X Article 11. The adjustments in the unaudited pro forma condensed combined financial information have been identified and presented to provide relevant information necessary for an illustrative understanding of the Combined Company upon consummation of the Transactions. Assumptions and estimates underlying the unaudited pro forma adjustments set forth in the unaudited pro forma condensed combined financial information are described in the accompanying notes. As set forth in Release No. 33-10786 "Amendments to Financial Disclosures about Acquired and Disposed Businesses," Regulation S-X Article 11 was amended to replace the existing pro forma adjustment criteria with simplified requirements to depict the accounting for the transactions ("Transaction Accounting Adjustments") and present the reasonably estimable synergies, dis-synergies and other transaction effects that have occurred or reasonably expected to occur ("Management's Adjustments"). Lawson is presenting Transaction Accounting Adjustments within the unaudited pro forma condensed combined financial statements and accompanying notes while Management's Adjustments are only included within the accompanying notes.

The unaudited pro forma condensed combined financial information has been compiled in a manner consistent with the accounting policies adopted by Gexpro Services and TestEquity. Lawson believes their accounting policies are similar in most material respects to those of Gexpro Services and TestEquity with the exception of leases. Gexpro Services and TestEquity have not yet adopted ASC 842 but will be required to adopt the standard following consummation of the Mergers. Pro forma adjustments are reflected within the financial information for the adoption of ASC 842 by Gexpro Services and TestEquity. Certain reclassifications have been made to conform the presentation of financial information to that of Gexpro Services and TestEquity. Upon completion of the Mergers, or as more information becomes available, Lawson will perform a more detailed review of Gexpro Services' and TestEquity's accounting policies. As a result of that review, the combined company may identify differences among the accounting policies of the companies that, when conformed, could have a material impact on the unaudited pro forma condensed combined financial statements contained in this proxy statement.

Other Closed Acquisitions

The unaudited pro forma condensed combined financial information also gives effect to other closed acquisitions. Although these closed acquisitions are not individually significant or significant in the aggregate

[Table of Contents](#)

and therefore separate financial statements are not included, pro forma financial information was considered meaningful as these closed acquisitions are specified in the Merger Agreements. Closed acquisitions are included in the unaudited pro forma condensed combined statement of operations as if such acquisitions occurred on January 1, 2020 and the unaudited pro forma condensed combined balance sheet gives effect to such acquisitions as if they had occurred on September 30, 2021. Additionally, Gexpro and TestEquity have had discussions with the owners/shareholders of additional potential acquisitions specified in the Merger Agreements. If the additional potential acquisitions were to be completed, the consideration for these possible but not yet probable acquisitions could potentially involve Lawson issuing additional common shares pursuant to the terms of the Merger Agreements. The additional potential acquisitions are in various stages of negotiations and have not received the necessary approvals, including approval of a committee of the Lawson board of directors comprised of independent directors. As a result, the additional potential acquisitions are deemed possible but not yet probable of occurring and are therefore not presented in the pro forma statements and related notes.

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

Note 1. Basis of Pro Forma Presentation

The unaudited pro forma condensed combined financial information was prepared pursuant to SEC Regulation S-X Article 11. The adjustments in the unaudited pro forma condensed combined financial information have been identified and presented to provide relevant information necessary for an illustrative understanding of the Combined Company upon consummation of the Transactions. Assumptions and estimates underlying the unaudited pro forma adjustments set forth in the unaudited pro forma condensed combined financial information are described in the accompanying notes. As set forth in Release No. 33-10786 “Amendments to Financial Disclosures about Acquired and Disposed Businesses,” Regulation S-X Article 11 was amended to replace the existing pro forma adjustment criteria with simplified requirements to depict the accounting for the transactions (“Transaction Accounting Adjustments”) and present the reasonably estimable synergies, dis-synergies and other transaction effects that have occurred or reasonably expected to occur (“Management’s Adjustments”). Lawson is presenting Transaction Accounting Adjustments within the unaudited pro forma condensed combined financial statements and accompanying notes while Management’s Adjustments are only included within the accompanying notes.

The unaudited pro forma condensed combined balance sheet as of September 30, 2021 combines the historical unaudited condensed consolidated balance sheet of Lawson as of September 30, 2021, the audited consolidated balance sheet of Gexpro Services as of September 25, 2021 and the adjusted unaudited consolidated balance sheet of TestEquity as of September 30, 2021, giving effect to (i) the Transactions as if they had been completed on September 30, 2021 and (ii) the assumptions and adjustments described in the accompanying notes to the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined statements of operations for the nine months ended September 30, 2021 and the fiscal year ended December 31, 2020 give effect to (i) the Transactions as if they had been completed on January 1, 2020, the beginning of Lawson’s most recently completed fiscal year and (ii) the assumptions and adjustments described in the accompanying notes to the unaudited pro forma condensed combined financial information. The unaudited pro forma condensed combined statement of operations for the nine months ended September 30, 2021 was prepared using Lawson’s historical unaudited condensed consolidated statement of operations for the nine months ended September 30, 2021, Gexpro Services’ audited consolidated statement of operations for the nine months ended September 25, 2021 and TestEquity’s adjusted unaudited consolidated statement of operations for the nine months ended September 30, 2021. The unaudited pro forma condensed combined statement of operations for the year ended December 30, 2020 was prepared using Lawson’s historical audited consolidated statement of operations for the year ended December 30, 2020, Gexpro Services’ abbreviated Combined Statement of Net Revenue and Direct Operating Expenses for the period from January 1, 2020 to February 23, 2020 and audited consolidated statement of operations for the period from February 23, 2020 to December 31, 2020 and TestEquity’s adjusted audited condensed consolidated statement of operations for the year ended December 31, 2020.

The unaudited pro forma condensed combined financial information has been prepared using the acquisition method of accounting in accordance with the business combination accounting guidance for reverse acquisitions as provided in ASC 805, Business Combinations, with TestEquity and Gexpro Services treated as a combined entity as the accounting acquirer for financial reporting purposes and Lawson as the accounting acquiree. This determination was made as TestEquity and Gexpro Services are under the common control of an entity that will beneficially own a majority of the voting rights of the Combined Company and therefore, only Lawson will experience a change in control. Accordingly, under the acquisition method of accounting, the purchase price will be allocated to the tangible and identifiable intangible assets acquired and liabilities assumed of Lawson, based on their estimated acquisition-date fair values. These estimates will be determined through established and generally accepted valuation techniques.

The unaudited pro forma condensed combined financial information may differ from the final purchase accounting for a number of reasons, including the fact that the estimates of fair values of assets and liabilities

acquired are preliminary and subject to change when the formal valuation and other studies are finalized. The differences that may occur between the preliminary estimates and the final purchase accounting could have a material impact on the accompanying unaudited pro forma condensed combined financial information.

The preliminary unaudited pro forma purchase price allocation has been made solely for the purpose of preparing these unaudited pro forma condensed combined financial statements. Lawson estimated the fair value of the assets and liabilities based on discussions with Gexpro Services' and TestEquity's management, and Lawson's due diligence review in connection with the Mergers. The analysis was performed at an aggregate level and was based on estimates that are reflective of market participant assumptions.

Upon completion of the Mergers, additional valuation work will be performed. Increases or decreases in the fair value of relevant balance sheet amounts and in the value of the total merger consideration will result in adjustments to the balance sheet and/or statement of operations until the purchase price allocation is finalized. The final determination of the purchase price allocation is anticipated to be completed as soon as practicable after completion of the Mergers. Lawson anticipates that the valuations of Gexpro Services' and TestEquity's assets and liabilities will include, but not be limited to, inventory; property, plant and equipment; customer relationships; trade names and trademarks; and other potential intangible assets. The valuations will consist of physical appraisals, discounted cash flow analyses, or other appropriate valuation techniques to determine the fair value of Lawson's and the closed acquisitions' assets and liabilities.

The final total consideration and amounts allocated to Lawson's assets and liabilities could differ materially from the preliminary amounts presented in these unaudited pro forma condensed combined financial statements. Consideration could decrease based on the market price of Lawson common stock which would have a corresponding increase in the amount of goodwill that would result from the Mergers. A decrease in the fair value of Lawson's assets or an increase in the fair value of Lawson's liabilities from the preliminary valuations presented would result in a dollar-for-dollar corresponding increase in the amount of goodwill that will result from the Mergers. In addition, if the value of the property, plant and equipment and identifiable intangible assets is higher than the amounts included in these unaudited pro forma condensed combined financial statements, it may result in higher depreciation and amortization expense than is presented in the unaudited pro forma condensed combined statement of operations. Any such increases could be material, and could result in Lawson's actual future financial condition and results of operations differing materially from those presented in the unaudited pro forma condensed combined financial statements.

Intangible Assets

Preliminary identifiable intangible assets in the unaudited pro forma condensed combined financial information consist of the following:

	Approximate Fair Value			Total	Estimated Useful Life (in years)
	Lawson Products	Resolux	SIS		
(dollars in thousands)					
Customer relationships	117,000	7,052	5,691	129,743	12.0
Tradenames	46,000	2,773	2,237	51,010	15.0
Total Assets	163,000	9,825	7,928	180,753	

The amortization related to the identifiable intangible assets is reflected as a pro forma adjustment in the unaudited pro forma condensed combined statements of operations based on the estimated useful lives above and detailed in Note 5. The identifiable intangible assets and related amortization have been estimated using a straight line method and are based on management's estimates after consideration of similar transactions. As discussed above, the amount that will ultimately be allocated to identifiable intangible assets and liabilities, and the related amount of amortization, may differ materially from this preliminary allocation. In addition, the amortization impacts will ultimately be based upon the periods in which the associated economic benefits or detriments are expected to be derived or, where appropriate, based on the consumption method. Therefore, the amount of amortization following the Mergers may differ significantly between periods based upon the final value assigned and amortization methodology used for each identifiable intangible asset.

A sensitivity analysis on interest expense for the nine months ended September 30, 2021 and the year ended December 31, 2020 has been performed to assess the effect a change of 1/8% of the hypothetical interest rate would have on the debt. The interest rates assumed for purposes of preparing this pro forma financial information related to the new term loan facility is approximately 5.0% as of September 30, 2021. This rate is expected to be comprised of the greater of (a) the rate of interest last quoted by The Wall Street Journal as the “Prime Rate” in the U.S. changing when and as said prime rate changes, (b) the Federal Reserve Bank of New York (NYFRB) rate on such day plus 0.5% and (c) the Adjusted Term SOFR Rate for a one month interest period on such day plus 1%, plus an additional margin ranging from 0.0% to 1.75% per annum. A 1/8% increase or decrease in interest rates would result in a change in pro forma interest expense of approximately \$0.2 million for the nine months ended September 30, 2021 and approximately \$0.3 million for the year ended December 31, 2020.

(e) Income taxes—The adjustments described in the footnote represent the income tax effect of the pro forma adjustments related to the Mergers. These adjustments are calculated using historical statutory tax rates by jurisdiction, resulting in blended statutory tax rates (inclusive of state taxes) of 25% for the nine months ended September 30, 2021, and year ended December 31, 2020.

- (1) Reflects pricing opportunities less the cost to achieve the sale through application of best practices across the Combined Company for certain customers. Material assumptions include acceptance by customers and sales representatives and price elasticity. Incremental costs to achieve the synergy will be incurred immediately with the related benefit realized within approximately 18 months.
- (2) Reflects opportunities to reduce product costs, increase rebates, and improve payment terms across the Combined Company through consolidating purchases amongst common suppliers to achieve higher tiers of discounts and rebates or shifting purchases of the same or similar product to fewer vendors. Material assumptions include acceptance by vendors and customers and uncertain improvements in product costs and payment terms. Incremental costs to achieve the synergy will be incurred immediately with the related benefit realized within approximately 12 months.
- (3) Reflects opportunities to reduce certain IT and professional services expenses offset by incremental public company costs not currently incurred by Gexpro Services or TestEquity through consolidating service providers and software vendors and standardizing processes across the Combined Company. Material assumptions include the ability to standardize business processes across the Combined Company and uncertain levels of cost improvements once aggregated. The synergy will be realized within 3 years as existing contracts expire and new contracts are negotiated.
- (4) The tax effect has been calculated based on the blended federal and state statutory rates applicable to the below adjustments of approximately 25.0%.

BOARD OF DIRECTORS AND MANAGEMENT OF LAWSON AFTER THE TRANSACTIONS

Lawson's Board of Directors

The directors of Lawson serving on the Lawson board of directors immediately before the closing of the Mergers are expected to continue to serve as directors of Lawson immediately following the closing of the Mergers. The Merger Agreements do not include any provisions providing for any changes to the Lawson board of directors in connection with the closing of the Mergers.

Controlled Company Exemption

Following the closing of the Mergers, Lawson expects that it will qualify as a "controlled company," as that term is defined by Rule 5615(c) of the NASDAQ Listing Rules. A controlled company is a company of which more than 50% of the voting power for the election of directors is held by an individual, group or another company. Immediately following the completion of the Mergers, entities affiliated with LKCM and Mr. King will collectively beneficially own more than 50% of the voting power of the outstanding shares of Lawson common stock. Accordingly, Lawson believes that it will be generally exempt from the requirements of Rule 5615(c) of the NASDAQ Listing Rules that would otherwise require Lawson to have:

- a majority of the Lawson board of directors comprised of independent directors;
- a compensation committee comprised solely of independent directors; and
- director nominees selected, or recommended for the Lawson board of directors' selection, either by (1) independent directors constituting a majority of the Lawson board of directors' independent directors in a vote in which only independent directors participate or (2) a nominating committee comprised solely of independent directors.

However, although subject to the controlled company exemption, Lawson expects to continue to have a majority of independent directors, a compensation committee comprised solely of independent directors, and a nominating committee comprised solely of independent directors.

Board Procedures and Committees

No material changes are currently contemplated to the procedures of the Lawson board of directors or any committees of the Lawson board of directors established thereby.

Director Compensation

Following the closing of the Mergers, compensation for Lawson directors will continue to be determined by the Lawson board of directors. Lawson anticipates that compensation for service on the Lawson board of directors will generally be consistent with the compensation provided to the current non-employee directors of Lawson. Following the closing of the Mergers, the Lawson board of directors will periodically assess the amount and terms of any compensation paid to directors. In addition, following the closing of the Mergers, Mr. King will continue to serve in his capacity as a member of the Lawson board of directors on an unpaid basis.

Post-Closing Management and Executive Officers

The executive officers of Lawson immediately before the closing of the Mergers are expected to be the executive officers of Lawson immediately following the closing of the Mergers. The Merger Agreements do not include any provisions providing for any changes to the executive officers of Lawson in connection with the closing of the Mergers.

Certain Provisions of the Delaware General Corporation Law

Lawson is governed by the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a public Delaware corporation from engaging in a “business combination” with an “interested stockholder” for a period of three years after the date of the transaction in which the person or entity became an interested stockholder, unless (i) prior to such time the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder, (ii) upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced (excluding, for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, shares owned (x) by persons who are directors and also officers and (y) by certain employee stock plans) or (iii) at or subsequent to such time the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least 66 $\frac{2}{3}$ % of the outstanding voting stock which is not owned by the interested stockholder. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS, DIRECTORS AND MANAGEMENT

The following table sets forth information (i) as of January 31, 2022, before giving effect to the Transactions, (ii) as of January 31, 2022, after giving effect to the Transactions as if they were completed on such date (and assuming issuance of only the minimum aggregate number of shares issuable in connection with the Mergers, which minimum is 10,300,000 shares), and (iii) as of January 31, 2022, after giving effect to the Transactions as if they were completed on such date (and assuming issuance of the maximum aggregate number of shares issuable in connection with the Mergers, which maximum is 12,000,000 shares), concerning the beneficial ownership by each person (including any “group” as defined in Section 13(d)(3) of the Exchange Act) known by Lawson to own beneficially more than 5% of the outstanding shares of Lawson common stock, each of Lawson’s directors, each of Lawson’s named executive officers for the fiscal year ended December 31, 2021, and all of Lawson’s executive officers and directors as a group. Unless otherwise noted below, the address of each beneficial owner listed in the table is 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois, 60631. Because the voting or dispositive power of certain shares listed in the following table is shared, in some cases the same securities are included with more than one name in the table. PROPOSAL NO. 1: THE TESTEQUITY TRANSACTIONS PROPOSAL

APPROVAL OF THE TESTEQUITY MERGER AGREEMENT, THE RELATED AGREEMENTS CONTEMPLATED BY THE TESTEQUITY MERGER AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE TESTEQUITY MERGER AND THE ISSUANCE OF SHARES OF LAWSON COMMON STOCK IN CONNECTION WITH THE TESTEQUITY MERGER

It is a condition to the completion of the Transactions that Lawson stockholders approve the TestEquity Transactions Proposal. For a summary of, and further information about, the Merger Agreements, the related agreements contemplated by the Merger Agreements, the Mergers, the Share Issuances and the other contemplated transactions, please review this proxy statement in its entirety, including the sections of this proxy statement entitled “The Transactions,” “The TestEquity Merger Agreement,” “The Gexpro Services Merger Agreement” and “Additional Related Agreements.”

Assuming a quorum is present, approval of the TestEquity Transactions Proposal requires (1) the affirmative vote of the holders of a majority of the total votes of shares of Lawson common stock cast on such matter in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), as required by Rule 5635(a) of the Nasdaq Listing Rules (such requirement under this clause (1) being the “**NASDAQ Requirement**”), (2) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), in accordance with the Lawson Bylaws (such requirement under this clause (2) being the “**Bylaws Requirement**”), and (3) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), pursuant to the terms of the Merger Agreements (such requirement under this clause (3) being the “**Disinterested Stockholders Requirement**”).

Because Lawson common stock is listed for trading on the NASDAQ, issuances of Lawson common stock are subject to the Nasdaq Listing Rules. Under Rule 5635(a) of the Nasdaq Listing Rules, Lawson must seek stockholder approval with respect to issuances of Lawson common stock (1) when the shares to be issued are being issued in connection with the acquisition of the stock of another company and are equal to 20% or more of the outstanding shares of Lawson common stock before the issuance or (2) when a director, officer or “substantial shareholder” of Lawson has a 5% or greater interest (or such persons collectively have a 10% or greater interest), directly or indirectly, in the company to be acquired or in the consideration to be paid in the transactions and the issuance of Lawson common stock would result in a 5%-or-greater increase in the outstanding shares of Lawson common stock. If the issuance of shares of Lawson common stock in connection with the TestEquity Merger is not approved by a vote satisfying the NASDAQ Requirement, the TestEquity Merger could not be completed as Lawson would not be permitted to issue the shares of Lawson common stock in connection with the TestEquity Merger.

Lawson is requiring that the vote on the TestEquity Transactions Proposal satisfy the Bylaws Requirement in light of provisions in the Lawson Bylaws requiring the satisfaction of such approval for such a proposal.

In addition, Lawson is requiring that the vote on the TestEquity Transactions Proposal satisfy the Disinterested Stockholders Requirement because such approval is a requirement under the Merger Agreements. Under the terms of the Merger Agreements, the requirement that such vote satisfy the Disinterested Stockholders Requirement cannot be waived by any of the parties to the Merger Agreements. The parties to the Merger Agreements agreed to such a requirement in light of, among other reasons, the fact that entities affiliated with

LKCM and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, as discussed elsewhere in this proxy statement (a) beneficially own a majority of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of the Pre-Closing TestEquity Reorganization and will receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger) and (b) beneficially own a majority of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger), as more fully described elsewhere in this proxy statement.

The Lawson board of directors recommends that you vote “FOR” the TestEquity Transactions Proposal.

The TestEquity Transactions Proposal is conditioned on the approval of the Gexpro Services Transactions Proposal. If either the TestEquity Transactions Proposal or the Gexpro Services Transactions Proposal is not approved by Lawson’s stockholders, then the Transactions will not be completed.

PROPOSAL NO. 2: THE GEXPRO SERVICES TRANSACTIONS PROPOSAL

APPROVAL OF THE GEXPRO SERVICES MERGER AGREEMENT, THE RELATED AGREEMENTS CONTEMPLATED BY THE GEXPRO SERVICES MERGER AGREEMENT AND THE TRANSACTIONS CONTEMPLATED THEREBY, INCLUDING THE GEXPRO SERVICES MERGER AND THE ISSUANCE OF SHARES OF LAWSON COMMON STOCK IN CONNECTION WITH THE GEXPRO SERVICES MERGER

It is a condition to the completion of the Transactions that Lawson stockholders approve the Gexpro Services Transactions Proposal. For a summary of, and further information about, the Merger Agreements, the related agreements contemplated by the Merger Agreements, the Mergers, the Share Issuances and the other contemplated transactions, please review this proxy statement in its entirety, including the sections of this proxy statement entitled “The Transactions,” “The TestEquity Merger Agreement,” “The Gexpro Services Merger Agreement” and “Additional Related Agreements.”

Assuming a quorum is present, approval of the Gexpro Services Transactions Proposal requires (1) the affirmative vote of the holders of a majority of the total votes of shares of Lawson common stock cast on such matter in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), as required by Rule 5635(a) of the Nasdaq Listing Rules (such requirement under this clause (1) being the “**NASDAQ Requirement**”), (2) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), in accordance with the Lawson Bylaws (such requirement under this clause (2) being the “**Bylaws Requirement**”), and (3) the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), where a majority of the outstanding shares of Lawson common stock not owned, directly or indirectly, by the Excluded Company Parties are present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof), pursuant to the terms of the Merger Agreements (such requirement under this clause (3) being the “**Disinterested Stockholders Requirement**”).

Requirement cannot be waived by any of the parties to the Merger Agreements. The parties to the Merger Agreements agreed to such a requirement in light of, among other reasons, the fact that entities affiliated with LKCM and J. Bryan King (the Chairman of the Lawson board of directors), including private investment partnerships for which LKCM serves as investment manager, as discussed elsewhere in this proxy statement (a) beneficially own a majority of the ownership interests in the TestEquity Equityholder (which in turn will own all of the outstanding equity interests of TestEquity upon completion of the Pre-Closing TestEquity Reorganization and will receive all of the shares of Lawson common stock issued by Lawson as consideration in the TestEquity Merger) and (b) beneficially own a majority of the ownership interests in the Gexpro Services Stockholder (which in turn owns all of the outstanding stock of Gexpro Services and will receive all of the shares of Lawson common stock issued by Lawson as consideration in the Gexpro Services Merger), as more fully described elsewhere in this proxy statement.

The Gexpro Services Transactions Proposal is conditioned on the approval of the TestEquity Transactions Proposal. If either the Gexpro Services Transactions Proposal or the TestEquity Transactions Proposal is not approved by Lawson’s stockholders, then the Transactions will not be completed.

PROPOSAL NO. 3: THE TRANSACTION-RELATED COMPENSATION PROPOSAL

APPROVAL OF THE COMPENSATION THAT WILL OR MAY BECOME PAYABLE TO LAWSON'S NAMED EXECUTIVE OFFICERS IN CONNECTION WITH THE TRANSACTIONS

As required by Section 14A of the Exchange Act and the applicable SEC rules issued thereunder, Lawson is required to submit a proposal to Lawson's stockholders for a non-binding, advisory vote to approve the payment of certain compensation to Lawson's named executive officers that is based on or otherwise relates to the Transactions. This proposal gives Lawson's stockholders the opportunity to vote, on a non-binding, advisory basis, on the compensation that the named executive officers will or may be entitled to receive from Lawson (or, following the Transactions, the Combined Company) that is based on or otherwise relates to the Transactions, as summarized in the tables (including the footnotes to the table) under the section entitled "The Transactions—Golden Parachute Compensation."

The Lawson board of directors encourages you to review carefully the named executive officer Transactions-related compensation information disclosed in this proxy statement. The Lawson board of directors recommends that Lawson's stockholders approve the following resolution:

"RESOLVED, that the stockholders of Lawson Products, Inc. approve, on a non-binding, advisory basis, certain compensation that will or may become payable to the named executive officers of Lawson Products, Inc. that is based on or otherwise relates to the Transactions as disclosed pursuant to Item 402(t) of Regulation S-K in the section of this proxy statement entitled "*The Transactions—Golden Parachute Compensation*" in the proxy statement of Lawson Products, Inc. for the special meeting of stockholders of Lawson Products, Inc."

Assuming a quorum is present, approval of the Transaction-Related Compensation Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof).

Lawson stockholder approval of the Transaction-Related Compensation Proposal is not a condition to the completion of any of the Transactions. Because the vote on the Transaction-Related Compensation Proposal is advisory only, it will not be binding on Lawson, the Lawson board of directors or the Special Committee. Further, the underlying plans, agreements and arrangements are contractual in nature and not, by their terms, subject to stockholder approval. Therefore, if the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal are approved by Lawson stockholders and the Transactions are completed, the compensation payments that are contractually required to be paid by Lawson to Lawson's named executive officers will or may be paid, subject to only the conditions applicable to such compensation payments, regardless of the outcome of the non-binding, advisory vote of Lawson stockholders.

The Lawson board of directors recommends that you vote "FOR" the Transaction-Related Compensation Proposal.

PROPOSAL NO. 4: THE ADJOURNMENT PROPOSAL

AUTHORIZATION OF THE ADJOURNMENT OF THE LAWSON SPECIAL MEETING TO A LATER DATE OR DATES IF NECESSARY OR APPROPRIATE (1) TO SOLICIT ADDITIONAL PROXIES IF THERE ARE INSUFFICIENT VOTES, OR INSUFFICIENT SHARES OF LAWSON COMMON STOCK PRESENT, AT THE TIME OF THE LAWSON SPECIAL MEETING TO APPROVE THE TESTEQUITY TRANSACTIONS PROPOSAL AND/OR THE GEXPRO SERVICES TRANSACTIONS PROPOSAL OR (2) TO ENSURE THAT ANY SUPPLEMENT OR AMENDMENT TO THIS PROXY STATEMENT IS TIMELY PROVIDED TO LAWSON STOCKHOLDERS

Lawson stockholders are being asked to authorize the holder of any proxy solicited by the Lawson board of directors to vote in favor of any adjournment of the Lawson special meeting to a later date or dates if necessary or appropriate (1) to solicit additional proxies if there are insufficient votes, or insufficient shares of Lawson common stock present, at the time of the Lawson special meeting to approve the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal or (2) to ensure that any supplement or amendment to this proxy statement is timely provided to Lawson stockholders. Lawson does not intend to call a vote on the Adjournment Proposal if the TestEquity Transactions Proposal and the Gexpro Services Transactions Proposal have been approved at the Lawson special meeting.

If Lawson stockholders approve the Adjournment Proposal, Lawson could adjourn the Lawson special meeting and any adjourned session of the Lawson special meeting and use the additional time to (1) solicit additional proxies, including proxies from Lawson stockholders that have previously returned properly executed proxies voting against approval of the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal and/or (2) ensure that any supplement or amendment to this proxy statement is timely provided to Lawson stockholders. Among other things, approval of the Adjournment Proposal could mean that, even if Lawson had received proxies representing a sufficient number of votes against approval of the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal such that the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal would be defeated, Lawson could adjourn the Lawson special meeting without a vote on the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal and seek to convince the holders of those shares to change their votes to votes in favor of approval of the TestEquity Transactions Proposal and/or the Gexpro Services Transactions Proposal. Furthermore, if a quorum is not present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting, the Lawson stockholders entitled to vote at the Lawson special meeting, present in person (including virtually via the Lawson special meeting website) or by proxy, shall have the power to adjourn the Lawson special meeting from time to time, without notice other than announcement at the meeting, until a quorum is present or represented.

If a quorum is present, approval of the Adjournment Proposal requires the affirmative vote of the holders of a majority of the total voting power of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting (or any adjournment thereof). If a quorum is not present, approval of the Adjournment Proposal requires the affirmative vote of the majority of shares of Lawson common stock present in person (including virtually via the Lawson special meeting website) or by proxy at the Lawson special meeting and entitled to vote on the subject matter. If the Lawson special meeting is adjourned, Lawson stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use.

The Lawson board of directors recommends that you vote “FOR” the Adjournment Proposal.

STOCKHOLDER PROPOSALS FOR 2022 ANNUAL MEETING

Lawson expects that its 2022 annual meeting of stockholders will be held within 30 days of May 11, 2022, which will be the first anniversary of its 2021 annual meeting of stockholders. In order to be properly evaluated for inclusion in the proxy statement and form of proxy relating to the 2022 annual meeting, any stockholder proposals must have been in writing and received by the Corporate Secretary at Lawson's corporate headquarters located at 8770 W. Bryn Mawr Avenue, Suite 900, Chicago, Illinois 60631 by December 2, 2021.

In addition, stockholders who wish to present a proposal for business (other than any nominations for directors) at the 2022 annual meeting without inclusion of that proposal in the proxy statement and form of proxy relating to the 2022 annual meeting must deliver notice of such stockholder proposal to the Corporate Secretary between January 21, 2022 and February 10, 2022, at Lawson's corporate headquarters, 8770 W. Bryn Mawr, Suite 900, Chicago, Illinois 60631. However, if the 2022 annual meeting is advanced by more than 30 days or delayed by more than 70 days from the first anniversary of the May 11, 2021 annual meeting, notice by the stockholder to be timely must be so delivered not earlier than 120 days prior to the date of the 2022 annual meeting and not later than the close of business on the later of the 90th day prior to the date of the 2022 annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made by Lawson. Refer to the Lawson Bylaws for further details regarding the proper procedures for submitting proposals.

Stockholders who wish to nominate a candidate for election to the Lawson board of directors at the 2022 annual meeting must so indicate by notice in writing, delivered or mailed by first class mail, postage prepaid, to the Corporate Secretary not less than 14 days prior to such annual meeting; provided, however, that if less than 21 days notice of the annual meeting is given to stockholders, such written notice shall be delivered or mailed to the Corporate Secretary not later than the close of the seventh day following the day on which notice of the meeting was mailed to Lawson's stockholders. The Lawson Charter specifies additional information regarding the nominee that must accompany the notice.

OTHER MATTERS

As of the date of this proxy statement, the Lawson board of directors knows of no matters that will be presented for consideration at the Lawson special meeting other than as described in this proxy statement. If any other matters properly come before the Lawson special meeting or any adjournments or postponements of the Lawson special meeting and are voted upon, the proxies will confer discretionary authority on the individuals named as proxy holders to vote the shares of Lawson common stock represented by the proxies as to any such other matters. The individuals named as proxy holders intend to vote the shares of Lawson common stock represented by the proxies in accordance with their judgment upon any such other matters.

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2018

NOTE 1 – ORGANIZATION AND BASIS OF PRESENTATION

Organization and Business Activities

TestEquity Acquisition, LLC (“TEA LLC”), collectively with its subsidiaries (the “Company”) is engaged in the sale and rental of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company sells and rents to customers in many major industries, including electronic manufacturing, telecommunications, education, automotive, medical, aerospace and defense.

The consolidated financial statements include the accounts of TestEquity Acquisition, LLC, a Delaware limited liability company, which is an intermediary holding company, and its subsidiaries TestEquity, LLC (“TE LLC”), a Delaware limited liability company, TestEquity de Mexico S. de R.L. de C.V., a Mexican limited liability company (“TE Mexico”), Techni-Tool, Inc. (“Techni-Tool”), a Pennsylvania Corporation, TestEquity, Inc. (“TE Canada”), a Canadian Corporation and Evercore TE Holdings, Inc. (“Evercore”), a Delaware Corporation (collectively, the “Company”). TE LLC, TE Mexico, TE Canada and Techni-Tool are operating entities engaged in the sale and rental of new and used electronic test and measurement equipment, specialty tools and tool-kits whereas Evercore is a holding corporation which owns an interest in TE LLC and TE Mexico. All intercompany balances and transactions have been eliminated. TE Mexico is 99% and 1% owned by TE LLC and TEA LLC, respectively.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

Revenue is recognized when persuasive evidence of an arrangement exists, shipment has occurred or services have been rendered, the fee is fixed or determinable and collectability is reasonably assured (less estimated returns, for which provision is made at the time of sale). For product sales and rental revenues, title and risk of loss transfer to the customer when the product is shipped by the Company.

The Company records an allowance for estimated sales returns based on past experience and current knowledge of its customer base. The Company’s experience has been such that only a very small percentage of products are returned. Should this experience change, however, the Company may require additional allowances for sales returns.

The Company collects sales taxes from its customers to remit to the applicable taxing authorities. These amounts are not included in revenues, but are included on the consolidated balance sheets in accrued liabilities.

Amounts billed to customers in a sale transaction related to shipping and handling represent revenues earned for goods provided and are classified as revenue. Shipping and handling costs are classified as cost of sales in the consolidated statement of operations and comprehensive loss.

Rental and lease revenues are recognized in the month they are due on the accrual basis of accounting as long as the criteria noted above are met. The Company provides an accrual for the unearned portion of rental payments received based upon the amount of rental revenue for the month with the unearned portion recorded as deferred revenue.

Included in accounts payable and accrued expenses is \$0.7 million of unearned rent revenue at December 31, 2018.

Cash

The Company considers all highly liquid financial instruments purchased with an original maturity date of three months or less to be cash equivalents. The Company maintains cash balances in qualified financial institutions, and at various times such amounts are in excess of federally insured limits.

Accounts Receivable

Trade accounts receivable are stated at net realizable value. Receivables are considered past-due based upon the contractual terms. The Company maintains an allowance for doubtful accounts to reflect its estimate of uncollectible trade accounts receivable based upon past collection history and the identification of specific customer risks. The allowances for doubtful accounts represent allowances for customer trade accounts receivable that are estimated to be partially or entirely uncollectible. These allowances are used to reduce gross trade receivables to their net realizable value. The Company records these allowances based on estimates related to the following factors: (i) customer-specific allowances and (ii) formula-based general allowances based upon an aging schedule.

Inventories

Inventories consist of new, used and manufactured electronic equipment and are stated at the lower of cost (first-in, first-out) or net realizable value.

Comprehensive Income

The Company's comprehensive income includes foreign currency translation adjustments. Asset and liability accounts of international operations are translated into the Company's functional currency, U.S. dollars, at current rates. Revenues and expenses are translated at the weighted-average currency rate for the fiscal year.

Rental Equipment and Property and Equipment

Rental equipment and property and equipment are typically carried at cost, except for assets acquired as part of a business combinations, which requires the acquisition method of accounting and accounts for the acquired assets at their estimated fair values at the acquisition date. Depreciation of rental pool equipment and property and equipment is provided by a straight-line method over three to seven years. Upon sale or retirement of such assets, the related cost and accumulated depreciation are eliminated from the accounts, and gains or losses are reflected in income. Repair and maintenance expenditures not anticipated to extend asset lives are expensed as incurred.

TestEquity Acquisition, LLC

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS - CONTINUED

December 31, 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued***Rental Equipment and Property and Equipment - Continued***

Depreciation of rental pool equipment and property and equipment is provided for on a straight-line method over the remaining useful lives, which are generally as follows:

	Life (years)	
	From	To
Office furniture and equipment	2	5
Computer hardware	3	5
Computer software	3	5
Leasehold improvements	1	7
Rental Equipment	3	7

Long-Lived Assets

The Company reviews the recoverability of its long-lived assets whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. As of December 31, 2018, management concluded that no impairment of long-lived assets occurred.

Goodwill

The Company accounts for goodwill in accordance with ASC 350, *Intangibles, Goodwill and Other: Testing Goodwill for Impairment*. This guidance allows the Company to make an initial qualitative evaluation, based on the Company's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. The results of this qualitative assessment determine whether it is necessary to perform the previously required two-step impairment test. If it is determined the two-step test is required, the first step requires the Company to compare the fair value of its reporting units to the carrying value of the net assets of the respective reporting units, including goodwill. If the fair value of the reporting unit is less than the carrying value, goodwill of the reporting unit is potentially impaired, and the Company then completes a second step to measure the impairment, if any.

The second step requires the calculation of the implied fair value of goodwill by deducting the fair value of all tangible and intangible net assets of the reporting unit from the fair value of the reporting unit. If the implied fair value of goodwill is less than the carrying amount of goodwill, an impairment loss is recognized equal to the difference.

The Company conducted a qualitative analysis for the years ended December 31, 2018, noting there were no changes or impairments in the carrying amount of goodwill and noted no further impairment testing was required.

December 31, 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Intangible Assets

The Company accounts for intangible assets in accordance with ASC 350, *Intangibles, Goodwill and Other*: This guidance allows the Company to make judgments about the recoverability of intangible assets with finite lives whenever events or changes in circumstances indicate that impairment may exist. Recoverability of intangible assets with finite lives is measured by comparing the carrying amount of the asset to the future undiscounted cash flows the asset is expected to generate. Our ongoing consideration of all the factors described previously could result in additional impairment charges in the future, which could adversely affect our net income.

Debt Issuance Costs

The Company amortizes costs incurred in connection with obtaining financing over the terms of the related debt using the effective-interest-rate method. Debt issuance costs are recorded as a contra-liability within the term loan, long-term portion line item on the consolidated balance sheets. Amortization of debt issuance costs, which is included in interest expense in the accompanying consolidated statement of operations and comprehensive loss for the year ended December 31, 2018, amounted to approximately \$0.7 million.

Advertising

The Company incurs advertising costs that primarily consist of the costs associated with digital and print advertising expense, trade show participation, customer seminars and joint marketing programs with company suppliers. Such amounts are expensed as incurred. Advertising expense for the year ended December 31, 2018, amounted to approximately \$1.0 million.

Income Taxes

The Company accounted for income taxes under the asset and liability method. Accordingly, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred taxes to the amount expected to be realized.

The Company has adopted the provisions of ASC 740, *Income Taxes*, which addresses the accounting for uncertainty in income tax positions. The guidance requires that the impact of an income tax position be recognized in the consolidated financial statements if that position is more-likely-than-not of being sustained on audit, based on the technical merits of the position. The Company's policy is to include any interest and penalties associated with unrecognized tax benefits within the provision for income taxes.

Unit-Based Compensation

The Company accounts for unit-based compensation for equity-classified awards using the fair value method. The fair value of equity-classified awards granted is estimated at the date of grant and recognized as compensation expense on a straight-line basis over the requisite service period. Unit-based compensation expense for the year ended December 31, 2018 amounted to approximately \$0.6 million.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The fair values of the Company's cash, accounts receivable, accounts payable, and all other current liabilities approximate their carrying values because of the short-term nature of these instruments. The fair value of the Company's long-term debt, which approximates carrying value, was estimated using available market information and discounted cash flow analyses based on borrowing rates it believes it could obtain with similar terms and maturities and approximates the historical cost.

Derivative Financial Instruments

The Company accounts for put options liabilities related to certain member units as derivative financial instruments (see Note 3). The fair value of the member units is estimated using the recent selling price of member units not subject to the put options. The change in fair value is immediately recognized in earnings.

Recently Issued Accounting Standards Adopted

In November 2015, the Financial Accounting Standards Board (the "FASB") issued ASU No. 2015-17, "Balance Sheet Classification of Deferred Taxes" ("ASU 2015-17"). The amendments in ASU 2015-17 simplify the presentation of deferred income taxes by requiring that deferred tax assets and liabilities be classified as non-current. The Company adopted this standard on January 1, 2018, and the new standard did not have a material impact on its consolidated financial statements.

Recently Issued Accounting Standards Not Yet Adopted

In May 2014, the FASB issued ASU No. 2014-09, "Revenue from Contracts with Customers (Topic 606)," ("ASU 2014-09") and in August 2015 issued ASU No. 2015-14, which amended the effective date of the standard to annual reporting periods beginning after December 15, 2018. ASU 2014-09 outlines a new, single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance, including industry-specific guidance. This new revenue recognition model provides a five-step analysis in determining when and how revenue is recognized. The new model will require revenue recognition to depict the transfer of promised goods or services to customers in an amount that reflects the consideration a company expects to receive in exchange for those goods or services. The amendments may be applied retrospectively to each prior period presented or retrospectively with the cumulative effect recognized as of the date of initial application. During 2016, the FASB has issued the following standards related to ASU 2014-09: ASU No. 2016-08, Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations ("ASU 2016-08"); ASU No. 2016-10, Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations

and Licensing (“ASU 2016-10”); ASU No. 2016-12, Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients (“ASU 2016-12”); and ASU No. 2016-20, Technical Corrections and Improvements to Topic 606, Revenue from Contracts with Customers (“ASU 2016-20”). The Company must adopt ASU 2016-08, ASU 2016-10, ASU 2016-12 and ASU 2016-20 with ASU 2014-09 (collectively, the “new revenue standards”). Management is continuing to assess the potential impact that adopting the new revenue standards will have on its consolidated financial statements and footnote disclosures.

In February 2016, the FASB issued ASU No. 2016-02, “Leases” (“ASU 2016-02”). The amendments in ASU 2016-02 require companies that lease assets to recognize on their balance sheets the assets and liabilities for the rights and obligations generated by contracts longer than a year. ASU 2016-02 will become effective for the Company for fiscal years beginning after December 15, 2019, including interim periods within fiscal years beginning after December 15, 2020. The guidance is required to be applied using the modified retrospective transition approach. Early adoption is permitted. Management is currently evaluating the potential impact that adopting ASU 2016-02 will have on its condensed consolidated financial statements and footnote disclosures.

In August 2016, the FASB issued ASU 2016-15, “Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments” (“ASU 2016-15”). The amendments in ASU 2016-15 adjust how cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years and will require adoption on a retrospective basis unless impracticable. If impracticable, the Company would be required to apply the amendments prospectively as of the earliest date possible. Early adoption is permitted. Management is currently evaluating the potential impact that adopting ASU 2016-15 will have on its condensed consolidated financial statements and footnote disclosures.

In January 2017, the FASB issued ASU 2017-01, “Business Combinations (Topic 805): Clarifying the Definition of a Business” (“ASU 2017-01”). ASU 2017-01 clarifies the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The guidance is effective for annual periods beginning after December 15, 2018, including interim periods within annual periods beginning after December 15, 2019. Management is currently evaluating the potential impact that adopting ASU 2017-01 will have on its consolidated financial statements and footnote disclosures.

In January 2017, the FASB issued ASU 2017-04, “Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment” (“ASU 2017-04”). ASU 2017-04 eliminates Step 2 from the goodwill impairment test. Instead, an entity should perform its annual goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity should then recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit’s fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. Additionally, an entity should consider income tax effects from any tax-deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss, if applicable. ASU 2017-04 requires the entity to apply these amendments on a prospective basis for which it is required to disclose the

nature of and reason for the change in accounting upon transition. This disclosure shall be provided in the first annual period when the entity initially adopts the amendments. The Company shall adopt these amendments for its annual goodwill impairment tests in fiscal years beginning after December 15, 2020. Early adoption is permitted for goodwill impairment tests performed on testing dates after January 1, 2017. Management is currently evaluating the potential impact that adopting ASU 2017-04 will have on its consolidated financial statements and footnote disclosures.

In August 2018, the FASB issued ASU 2018-15, “Intangibles-Goodwill and Other-Internal-use Software (Topic 350): Customer’s Accounting for implementation Costs incurred in a Cloud Computing Arrangement That is a Service Contract” (“ASU 2018-15”). ASU 2018-15 clarifies the accounting for implementation costs in cloud computing arrangements. The guidance is effective for annual periods beginning after December 15, 2020. Management is currently evaluating the potential impact that adopting ASU 2018-15 will have on its consolidated financial statements and footnote disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS AND DERIVATIVES

Under the ASC 820, *Fair Value Measurements and Disclosures*, a fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Company to use present value and other valuation techniques in the determination of fair value (Level 3).

The following table sets forth the Company’s financial assets and liabilities as of December 31, 2018, that are measured on a recurring basis during the period, segregated by level within the fair value hierarchy (in thousands):

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Assets/Liabilities at fair value Members’ units with put option feature	\$ —	\$ —	\$2,378	\$2,378

Derivatives consist of put options related to certain members’ units (1,666,590) that may be put back to the Company. The fair value of the put options is estimated using the Monte-Carlo simulation model. The Monte Carlo simulation model uses probability distribution to model input variables to project and establish outcomes. The fair value of the member units is estimated using the recent selling price of member units not subject to the put options.

Borrowings under the above arrangements are collateralized by substantially all the assets of the Company. In addition, the facilities are governed by a loan and security agreement that requires compliance with certain financial and nonfinancial covenants, which include, but are not limited to, leverage and capital expenditure requirements. At December 31, 2018, the Company was in compliance with all covenants.

NOTE 11 - INCOME TAXES – Continued

At December 31, 2018, the Company has federal net operating loss carryforwards of approximately \$3.7 million, which begin to expire in 2029 unless previously utilized. Utilization of the net operating loss carryforward is subject to an annual limitation as a result of Internal Revenue Code Section 382.

The Company has alternative minimum tax credit carryforwards of approximately \$0.1 million, which are available to reduce future Federal income taxes, and under the Act, are refundable through 2021. The alternative minimum tax credit expected to be refunded through 2021 of \$0.1 million has been recharacterized as an income tax receivable and reflects the expected effect of sequestration under the Balanced Budget and Emergency Deficit Control Act of 1985, as amended.

In December 2017, the U.S. government enacted comprehensive tax legislation, the Tax Cuts and Jobs Act, which significantly revises the ongoing U.S. corporate income tax law by lowering the U.S. federal corporate income tax rate from 35% to 21%, implementing a territorial tax system, imposing a one-time tax on foreign unremitted earnings and setting limitations on deductibility of certain costs (i.e. interest expense and executive compensation), among other things.

The Company accounted for the effects of the Act in its reporting period that included the December 22, 2017 enactment date. Due to the complexities involved in accounting for the Act, the Company applied relief available under SEC Staff Accounting Bulletin No. 118, which allows companies to recognize provisional amounts for the new tax law when all of the information necessary to complete the accounting is not available, prepared or analyzed.

The Company recorded a provisional deferred tax benefit of \$8.2 million in connection with the remeasurement of certain deferred tax assets and liabilities at December 31, 2017. Upon refinement of the calculation during the year ended December 31, 2018, the Company increased the provisional deferred tax benefit by \$0.4 million.

NOTE 12 - COMMITMENTS AND CONTINGENCIES**Leases**

The Company leases its warehousing and office facilities and certain vehicles under non-cancelable operating lease arrangements, which expire on various dates through October 2024.

Board of Directors
TestEquity Acquisition, LLC

We have audited the accompanying consolidated financial statements of TestEquity Acquisition, LLC and subsidiaries, which comprise the consolidated balance sheet as of December 31, 2019, and the related consolidated statement of operations comprehensive loss, changes in members' equity, and cash flows for the year then ended, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of TestEquity Acquisition, LLC and subsidiaries as of December 31, 2019, and the results of

their operations and their cash flows for the year ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a matter regarding going concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, during the year ended December 31, 2019 and as of December 31, 2019, the Company was in default of certain debt covenants of its term loan and revolving line of credit agreements. On September 6, 2019, February 28, 2020 and March 27, 2020 the Company entered into forbearance agreements with its lender. The Company's business plan for 2020, which is also described in Note 2, discloses a reduction in force during April 2020 and contemplates other reductions in its operating expenses. Due to the rights maintained by the Company's lender under the forbearance agreements coupled with the Company's ability to achieve the foregoing elements of its business, which may be necessary to permit the realization of assets and satisfaction of liabilities in the ordinary course of business is uncertain and therefore has stated that substantial doubt exists about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2019

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Organization and Business Activities

TestEquity Acquisition, LLC (“TEA LLC”), collectively with its subsidiaries (the “Company”) is engaged in the sale and rental of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company sells and rents to customers in many major industries, including electronic manufacturing, telecommunications, education, automotive, medical, aerospace and defense.

The consolidated financial statements include the accounts of TestEquity Acquisition, LLC, a Delaware limited liability company, which is an intermediary holding company, and its subsidiaries TestEquity, LLC (“TE LLC”), a Delaware limited liability company, TestEquity de Mexico S. de R.L. de C.V., a Mexican limited liability company (“TE Mexico”) and TestEquity, Inc. (“TE Canada”), a Canadian Corporation. TE LLC, TE Mexico and TE Canada are operating entities engaged in the sale and rental of new and used electronic test and measurement equipment and specialty tools. All intercompany balances and transactions have been eliminated. TE Mexico is 99% and 1% owned by TE LLC and TEA LLC, respectively.

On January 1, 2019, Techni-Tool, Inc. and Evercore TE Holdings, Inc. merged into TestEquity, LLC.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company generates revenue through the sale of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company generally invoices customers as goods are shipped or services are completed. Fees are typically due and payable 30 days after date of shipment or invoicing of services. Generally, customer’s gain control of the good upon providing the product to the carrier, or when services are completed.

The Company determines revenue recognition through the following steps:

- Identification of the contract, or contracts, with a customer
- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract
- Recognition of revenue when the Company satisfies a performance obligation

The Company accounts for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. Typically, the Company has a purchase order or master service agreement with the customer that specifies the goods and/or services to be provided.

The Company’s revenue contracts generally represent a single performance obligation to sell its products to trade customers. Net sales reflect the transaction prices for contracts reduced by variable consideration. The Company provides a rebate to select customers if pre-determined purchase thresholds are met. The rebate consideration is not in exchange for a distinct good or service. Variable consideration is estimated using the expected valued method considering all reasonably available information, including the Company’s

historical experience and its current expectations, and is reflected in the transaction price when sales are recorded. Sales returns are generally accepted by the Company, however, are not material to the Company's operations. The Company's contracts with trade customers do not have significant financing components or non-cash consideration. The Company records net sales excluding taxes collected on its sales to its trade customers.

We have elected to account for shipping and handling costs incurred to deliver products to customers as fulfillment activities, rather than a promised service. As such, fulfillment costs are included in cost of goods sold in our consolidated statement of operations and comprehensive income (loss). The Company provides an assurance type warranty which is not sold separately and does not represent a separate performance obligation.

For the majority of transactions, the Company recognizes revenue at the time of shipment, when control is passed to the customer. For consigned vendor managed inventory, revenue is recognized when inventory is removed from the Company's stock location and controlled by the customer.

Rental revenues are recognized in the month they are due on the accrual basis of accounting. The Company provides an accrual for the unearned portion of rental payments received based upon the amount of rental revenue for the month with the unearned portion recorded as deferred revenue.

Included in accounts payable and accrued expenses is \$0.6 million of unearned rent revenue at December 31, 2019.

Disaggregation of Revenues

The following table represents a disaggregation of the Company's total revenues separated by major category for the year ended December 31, 2019 (in thousands):

Revenues	
Hardware	\$ 272,895
Rental	<u>13,396</u>
Total Revenues	<u>\$ 286,291</u>

Contract balances

Accounts receivable represents the Company's unconditional right to receive consideration from its customers. Contract assets consist of the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time. We also have contract assets in the form of goods expected to be returned from customers. ASC 606 also requires an entity to present a contract liability in instances where the customer is entitled to a volume rebate based on purchases made during the period. The opening and closing contract asset and contract liability balances are not material.

There were no impairment losses recognized on the Company's accounts receivable or contract assets during the fiscal year ended December 31, 2019. There were no significant changes in the contract assets or the contract liabilities for the fiscal year ended December 31, 2019.

December 31, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Assets recognized from the costs to obtain a contract with a customer

Typically, the Company incurs commission cost on product sales as the sale occurs. However, purchase orders are fulfilled in a short time frame and the Company's contracts qualify for the practical expedient since contract acquisition costs would have been amortized in one year or less. Therefore, the Company elected to apply the practical expedient and immediately expense contract acquisition costs.

Cash

The Company considers all highly liquid financial instruments purchased with an original maturity date of three months or less to be cash equivalents. The Company maintains cash balances in qualified financial institutions, and at various times such amounts are in excess of federally insured limits.

Accounts Receivable

Trade accounts receivable are stated at net realizable value. Receivables are considered past-due based upon the contractual terms. The Company maintains an allowance for doubtful accounts to reflect its estimate of uncollectible trade accounts receivable based upon past collection history and the identification of specific customer risks. The allowances for doubtful accounts represent allowances for customer trade accounts receivable that are estimated to be partially or entirely uncollectible. These allowances are used to reduce gross trade receivables to their net realizable value. The Company records these allowances based on estimates related to the following factors: (i) customer-specific allowances and (ii) formula-based general allowances based upon an aging schedule.

Inventories

Inventories consist of new, used and manufactured electronic equipment and are stated at the lower of cost (first-in, first-out) or net realizable value.

Comprehensive Income

The Company's comprehensive income includes foreign currency translation adjustments. Asset and liability accounts of international operations are translated into the Company's functional currency, U.S. dollars, at current rates. Revenues and expenses are translated at the weighted-average currency rate for the fiscal year.

Rental Equipment and Property and Equipment

Rental equipment and property and equipment are typically carried at cost, except for assets acquired as part of a business combinations, which requires the acquisition method of accounting and accounts for the acquired assets at their estimated fair values at the acquisition date. Depreciation of rental pool equipment and property and equipment is provided by a straight-line method over three to seven years. Upon sale or retirement of such assets, the related cost and accumulated depreciation are eliminated from the accounts, and gains or losses are reflected in income. Repair and maintenance expenditures not anticipated to extend asset lives are expensed as incurred.

December 31, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued***Rental Equipment and Property and Equipment—Continued***

Depreciation of rental pool equipment and property and equipment is provided for on a straight-line method over the remaining useful lives, which are generally as follows:

	Life (years)	
	From	To
Office furniture and equipment	2	5
Computer hardware	3	5
Computer software	3	5
Leasehold improvements	1	7
Rental Equipment	3	7

Long-Lived Assets

The Company reviews the recoverability of its long-lived assets whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. During the year ended December 31, 2019, the Company reviewed the recoverability of its long-lived assets resulting from a triggering event (See Note 10). As of December 31, 2019, management concluded that no impairment of long-lived assets occurred.

Goodwill

The Company accounts for goodwill in accordance with ASC 350, *Intangibles, Goodwill and Other*: ASC 350 requires that goodwill and other unamortizable intangible assets be tested for impairment at least annually or earlier if indicators of impairment exist.

In January 2017, the FASB issued ASU 2017-04, *Intangibles — Goodwill and Other (Topic 350), Simplifying the Test for Goodwill Impairment* (ASU 2017-04). The standard simplifies the subsequent measurement of goodwill by removing the requirement to perform a hypothetical purchase price allocation to compute the implied fair value of goodwill to measure impairment. Instead, goodwill impairment is measured as the difference between the fair value of the reporting unit and the carrying value of the reporting unit. The standard also clarifies the treatment of the income tax effect of tax-deductible goodwill when measuring goodwill impairment loss. This standard is effective for annual or any interim goodwill impairment test in fiscal years beginning after December 15, 2019, with early adoption permitted for impairment tests performed after January 1, 2017. The Company elected to early adopt ASU 2017-04 on January 1, 2019.

The Company conducted a quantitative analysis for the year ended December 31, 2019, noting there were no changes or impairments in the carrying amount of goodwill and noted no further impairment testing was

required. The Company is a single reporting unit and performed the test as such, by comparing each the Company's carrying value, including goodwill, to its fair value. The fair value was assessed using a discounted cash flow model based. The realization of these forecasts is dependent on a number of variables and conditions, many of which are due to the uncertainties associated with COVID-19 and as a result, actual results may materially differ from management's estimates.

Intangible Assets

The Company accounts for intangible assets in accordance with ASC 350, *Intangibles, Goodwill and Other*: This guidance allows the Company to make judgments about the recoverability of intangible assets with finite lives whenever events or changes in circumstances indicate that impairment may exist. Recoverability of intangible assets with finite lives is measured by comparing the carrying amount of the asset to the future undiscounted cash flows the asset is expected to generate. Our ongoing consideration of all the factors described previously could result in additional impairment charges in the future, which could adversely affect our net income. As of December 31, 2019, management concluded that no impairment of long-lived assets occurred.

Debt Issuance Costs

The Company amortizes costs incurred in connection with obtaining financing over the terms of the related debt using the effective-interest-rate method. Debt issuance costs are recorded as a contra-liability within the term loan, current portion line item on the consolidated balance sheets. All balances included in the term loan are classified as current portion due to the forbearance with the lender (See Note 10). Amortization of debt issuance costs, which is included in interest expense in the accompanying consolidated statement of operations and comprehensive loss for the year ended December 31, 2019, amounted to approximately \$0.7 million.

Advertising

The Company incurs advertising costs that primarily consist of the costs associated with digital and print advertising expense, trade show participation, customer seminars and joint marketing programs with company suppliers. Such amounts are expensed as incurred. Advertising expense for the year ended December 31, 2019, amounted to approximately \$1.0 million.

Income Taxes

The Company accounted for income taxes under the asset and liability method. Accordingly, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred taxes to the amount expected to be realized.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Income Taxes—Continued

The Company has adopted the provisions of ASC 740, *Income Taxes*, which addresses the accounting for uncertainty in income tax positions. The guidance requires that the impact of an income tax position be recognized in the consolidated financial statements if that position is more-likely-than-not of being sustained on audit, based on the technical merits of the position. The Company's policy is to include any interest and penalties associated with unrecognized tax benefits within the provision for income taxes.

Unit-Based Compensation

The Company accounts for unit-based compensation for equity-classified awards using the fair value method. The fair value of equity-classified awards granted is estimated at the date of grant and recognized as compensation expense on a straight-line basis over the requisite service period. Unit-based compensation expense for the year ended December 31, 2019 amounted to approximately \$0.7 million.

Estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The fair values of the Company's cash, accounts receivable, accounts payable, and all other current liabilities approximate their carrying values because of the short-term nature of these instruments. The fair value of the Company's long-term debt, which approximates carrying value, was estimated using available market information and discounted cash flow analyses based on borrowing rates it believes it could obtain with similar terms and maturities and approximates the historical cost.

Derivative Financial Instruments

The Company accounts for put options liabilities related to certain member units as derivative financial instruments (see Note 3). The fair value of the member units is estimated using the recent selling price of member units not subject to the put options. The change in fair value is immediately recognized in earnings.

Evaluation of Ability to Maintain Current Level of Operations - Going Concern

The accompanying consolidated financial statements of the Company have been prepared assuming the Company will continue as a going concern and in accordance with generally accepted accounting principles in the United States of America. The going concern basis of presentation assumes that the Company will continue in operation one year after the date these financial statements are issued and will be able to realize the Company's assets and discharge the Company's liabilities and commitments in the normal course of business.

December 31, 2019

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued***Evaluation of Ability to Maintain Current Level of Operations - Going Concern—Continued***

In connection with the preparation of the consolidated financial statements for the year ended December 31, 2019, management evaluated whether there were conditions and events, considered in the aggregate, that raised substantial doubt about the Company's ability to meet its obligations as they became due over the next twelve months from the date of issuance of these financial statements. Management assessed that there were such conditions and events, including negative cash flows from operating activities, the uncertainty of the COVID-19 pandemic, and our current default and uncertainty whether we will be able to maintain debt covenants subsequent to December 31, 2019 on certain debt covenants pertaining to the Company's term loan and revolving line of credit agreements. Such defaults give our lender the right to declare the entire principal amount and accrued and unpaid interest due and payable. On September 6, 2019, February 28, 2020 and March 27, 2020, we have entered into forbearance agreements with our lender. Thus far, no such acceleration of our debt obligations has occurred. Nevertheless, these debt instruments are now reclassified from long-term to current liabilities as of December 31, 2019 due to the current forbearance under the Term loan (see Note 10).

Our current operating plan includes a reduction in our operating expenses through a reduction in force that occurred during April 2020, particle shift of our labor force from permanent employees to contractors and curtailed expenditures for capital improvements and travel and entertainment. Given the uncertainties of the potential success of additional capital raises or our operating plan compounded with the unknown impact on our business due to the impact resulting from the global pandemic (COVID-19) and the rights maintained by our lender under the aforementioned forbearance agreement, management believes that there is substantial doubt with respect to the Company's ability to continue as a going concern within one year after the date the condensed consolidated financial statements are issued.

The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Recently Issued Accounting Standards Adopted

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers ("ASC 606"). ASC 606 supersedes the revenue recognition requirements in FASB Accounting Standards Codification 605, Revenue Recognition ("ASC 605"), and requires an entity to recognize revenue from the transfer of control of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The Company adopted ASC 606 effective January 1, 2019, using the modified retrospective approach. The cumulative effect of initially applying ASC 606 on the January 1, 2019 opening balance of retained earnings in the accompanying consolidated balance sheet is not material. The adoption of ASC 606 did not have a material impact on the condensed consolidated financial statements and footnote disclosures.

In August 2016, the FASB issued ASU 2016-15, "Statement of Cash Flows (Topic 230) Classification of Certain Cash Receipts and Cash Payments" ("ASU 2016-15"). The amendments in ASU 2016-15 adjust how cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years and will require adoption on a retrospective basis unless impracticable. If impracticable,

the Company would be required to apply the amendments prospectively as of the earliest date possible. Early adoption is permitted. The adoption of ASU 2016-15 did not have a material impact on the condensed consolidated financial statements and footnote disclosures.

In January 2017, the FASB issued ASU 2017-04, “Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment” (“ASU 2017-04”). ASU 2017-04 eliminates Step 2 from the goodwill impairment test. Instead, an entity should perform its annual goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount. An entity should then recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit’s fair value; however, the loss recognized should not exceed the total amount of goodwill allocated to that reporting unit. Additionally, an entity should consider income tax effects from any tax-deductible goodwill on the carrying amount of the reporting unit when measuring the goodwill impairment loss, if applicable. Early adoption is permitted for goodwill impairment tests performed on testing dates after January 1, 2017. The Company early adopted ASU 2017-04 on January 1, 2019 for its annual goodwill impairment tests for fiscal years beginning after December 15, 2018. The adoption of ASU 2017-04 did not have a material impact on the condensed consolidated financial statements and footnote disclosures.

Recently Issued Accounting Standards Not Yet Adopted

In February 2016, the FASB issued ASU No. 2016-02, “Leases” (Topic 842) (“ASU 2016-02”). The amendments in ASU 2016-02 require companies that lease assets to recognize on their balance sheets the assets and liabilities for the rights and obligations generated by contracts longer than a year. ASU 2016-02 will become effective for the Company for fiscal years beginning after December 15, 2019, including interim periods within fiscal years beginning after December 15, 2020. The guidance is required to be applied using the modified retrospective transition approach. Early adoption is permitted. In June 2020, the FASB issued ASU No. 2020-05, “Revenue from Contracts with Customers” (Topic 606) and “Leases” (Topic 842): Effective Dates for Certain Entities (ASU No. 2020-05) to defer the effective dates of certain major accounting standards for which implementation challenges were amplified by disruptions caused by the COVID-19 pandemic. Private companies and now have a one-year deferral option to apply Topic 842 to fiscal years beginning after Dec. 15, 2021. Early adoption is still permitted. Management is currently evaluating the potential impact that adopting ASU 2016-02 and ASU 2020-05 will have on its condensed consolidated financial statements and footnote disclosures.

In January 2017, the FASB issued ASU 2017-01, “Business Combinations (Topic 805): Clarifying the Definition of a Business” (“ASU 2017-01”). ASU 2017-01 clarifies the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The guidance is effective for annual periods beginning after December 15, 2018, including interim periods within annual periods beginning after December 15, 2019. Management is currently evaluating the potential impact that adopting ASU 2017-01 will have on its consolidated financial statements and footnote disclosures.

In August 2018, the FASB issued ASU 2018-15, “Intangibles-Goodwill and Other-Internal-use Software (Topic 350): Customer’s Accounting for Implementation Costs incurred in a Cloud Computing Arrangement

That is a Service Contract” (“ASU 2018-15”). ASU 2018-15 clarifies the accounting for implementation costs in cloud computing arrangements. The guidance is effective for annual periods beginning after December 15, 2020. Management is currently evaluating the potential impact that adopting ASU 2018-15 will have on its consolidated financial statements and footnote disclosures.

In December 2019, the FASB issued ASU 2019-12, “Simplifying the Accounting for Income Taxes” (Topic 740). ASU 2019-12 is intended to simplify accounting for income taxes by removing certain exceptions to the general principles in ASC 740 and amending existing guidance to improve consistent application of ASC 740. The guidance is effective for annual periods beginning after December 15, 2021. The guidance in this update has various elements, some of which are applied on a prospective basis and others on a retrospective basis with earlier application permitted. Management is currently evaluating the potential impact that adopting ASU 2019-12 will have on its consolidated financial statements and footnote disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS AND DERIVATIVES

Under the ASC 820, *Fair Value Measurements and Disclosures*, a fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Company to use present value and other valuation techniques in the determination of fair value (Level 3).

The following table sets forth the Company’s financial assets and liabilities as of December 31, 2019, that are measured on a recurring basis during the period, segregated by level within the fair value hierarchy (in thousands):

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets/Liabilities at fair value Members’ units with put option feature	\$ —	\$ —	\$ 380	\$380

Derivatives consist of put options related to certain members’ units (1,666,590) that may be put back to the Company. The fair value of the put options is estimated using the Monte-Carlo simulation model. The Monte Carlo simulation model uses probability distribution to model input variables to project and establish outcomes. The fair value of the member units is estimated using the recent selling price of member units not subject to the put options.

NOTE 9 - TERM LOAN AND SUBORDINATED LOAN (RELATED PARTIES)

Debt consisted of the following as of December 31, 2019 (in thousands):

Revolving loan facility, due April 2022	\$ 9,000
Term loan, due April 2022	120,632
Note Payable	<u>2,667</u>
	132,299
Less: deferred financing	<u>(1,667)</u>
	<u>\$130,632</u>

Each of the debt facilities listed above are held with related party financial institutions. The Term loan debt includes an original issue discount incurred in connection with the financing agreement. The discount is being amortized using the effective-interest-method over the term of the related debt.

As of December 31, 2019, the Company's Term loan requires quarterly principal payments in the amount of \$0.1 million through September 30, 2021, and \$0.3 million on December 31, 2021 and March 31, 2022, and a balloon principal payment of \$120.0 million on April 28, 2022. Interest on the first \$101.0 million was based on LIBOR plus 5.25% and interest on the remaining balance was based on the LIBOR plus 5.50% and is payable quarterly.

The Company had \$9.0 million outstanding on its revolving loan advance facility as of December 31, 2019.

Borrowings under the above arrangements are collateralized by substantially all the assets of the Company. In addition, the facilities are governed by a loan and security agreement that requires compliance with certain financial and nonfinancial covenants, which include, but are not limited to, leverage and capital expenditure requirements. During the year ended December 31, 2019, the Company defaulted on certain covenants on its Term loan. To cure the default, the Company and the related party lender agreed to a forbearance on the loan and required certain members to make equity contributions of approximately \$5.0 million in exchange for member units, in addition to maintaining certain leverage ratios, minimum liquidity, and EBITDA targets as the new covenants under the revised credit agreement during the forbearance period.

Due to the matters discussed above, there is uncertainty regarding our ability to continue to meet future debt covenants per our lending agreements with related parties. While we have to date been able to obtain waivers for these covenants, the determination whether to grant or not grant such waivers is in the hands of our lenders. Accordingly, as mandated by U.S. GAAP, we have classified our debt as current.

The aggregate annual scheduled maturities under all debt obligations at December 31, 2019, are as follows (in thousands):

Year ending December 31,

NOTE 10 - INCOME TAXES

The provision (benefit) for income taxes consisted of the following for the year ended December 31, 2019 (in thousands):

Current	\$ (47)
Deferred	<u>(6,794)</u>
Total	<u><u>\$(6,841)</u></u>

The Company's effective tax rate differs from the federal statutory rate of 21% primarily due to state income taxes, and non-deductible expenses such as meals and entertainment, parking, and prior year true-up adjustments.

The tax effect of temporary differences that give rise to a significant portion of the net deferred tax liability at December 31, 2019 are summarized as follows (in thousands):

Net operating loss carryforwards	\$ 4,138
Other temporary differences	848
Interest Expense	2,630
Capitalized Inventory	842
Accruals and Reserves	1,901
Property and equipment	(4,766)
Intangible assets	<u>(15,178)</u>
Net deferred tax liability	<u><u>\$ (9,585)</u></u>

At December 31, 2019, the Company has federal net operating loss carryforwards of approximately \$12.8 million and state net operating loss carryforwards of approximately \$22.6 million. \$2.1 million of the federal net operating loss carryforwards will begin to expire in 2037 unless previously utilized and \$10.6 million of the federal net operating loss generated on or after January 1, 2018 will not expire and will be limited to 80% usage starting in 2021. The state net operating loss carryforwards will begin to expire in 2026. Utilization of the net operating loss carryforward is subject to an annual limitation as a result of Internal Revenue Code Section 382.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted in response to the COVID-19 pandemic. The CARES Act contains numerous income tax provisions, such as relaxing limitations on the deductibility of interest and the use of net operating losses arising in taxable years beginning after December 31, 2017. The CARES Act allows NOLs incurred in 2018, 2019, and 2020 to be carried back to each of the five preceding taxable years to generate a refund of previously paid income taxes. The Company is currently evaluating the impact of the CARES Act, but at present does not expect that the NOL carryback provision of the CARES Act would result in a cash benefit due to the existence of previously incurred losses. The company does not expect the impact of the technical correction to qualified improvement property (QIP) and the relaxed limitations on the deductibility of interest to have a material impact to these condensed consolidated financial statements and will be accounted for in the Company's 2019 income tax returns.

During the year ended December 31, 2019, the Company awarded 2,700,000 Incentive Common Units (ICUs). The ICUs vest ratably at a rate of 20% annually and are fully vested and exercisable after five years. As of December 31, 2019, the Company had 10,359,430 ICUs outstanding.

The fair value of these ICUs was estimated at the date of grant and is being recognized as compensation expense over the requisite vesting period. The Company recognized \$0.7 million as compensation expense during the year ended December 31, 2019. The remaining compensation expense expected to be recognized for these ICUs in future periods total \$1.7 million.

The expected term used in the valuation of the ICUs was five years. The average fair value of the units issued during the year ended December 31, 2019 was \$0.00.

at fair value. The decrease in the fair value of the units with the put option feature for the year ended December 31, 2019, amounted to approximately \$2.0 million and are included in selling, general and administrative expenses on the consolidated statement of operations and comprehensive loss.

During the year ended December 31, 2019, the Company received approximately \$5.0 million in Equity contributions from its Members as part of the Company's intent to cure the default of the Term loan in exchange for Member units (see Note 9). The Member units received in exchange for the \$5.0 million equity contribution are Pari-passu in all respects with all other outstanding Member units except for their liquidation preference which is superordinate to all previously outstanding Member units.

NOTE 13 - EMPLOYEE BENEFIT PLAN

401(k) Plan

The Company maintains a 401(k)-plan covering all employees, subject to certain participation and vesting requirements. The Company will match 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 5% of compensation. The Company's contribution is funded monthly in the amount required by employee salary reduction contributions. The Company's matching contribution to the 401(k) plan for the year ended December 31, 2019, amounted to approximately \$0.4 million.

NOTE 14 - RELATED-PARTY TRANSACTIONS

The Company has entered into service agreements with entities that are Members of the Company. Under the agreement, the Company pays an annual fee plus expenses for executive and general management services. Fees incurred from related parties for the year ended December 31, 2019 amounted to approximately \$2.1 million and were included in selling, general, and administrative expenses, of this amount, approximately \$1.0 million remains unpaid and is included in accounts payable and accrued expenses.

As described in Note 9, borrowings under each of the Company's credit facilities are held with entities that are Members of the Company. Interest expense under these credit facilities for the year ended December 31, 2019, amounted to approximately \$11.4 million.

As described in Notes 12, certain members' units which include a put option, may be required to be settled in cash. In connection with the potential obligation, the Company has classified approximately \$0.4 million as a liability on the consolidated balance sheet.

NOTE 15 - SUBSEQUENT EVENTS

The Company evaluated subsequent events through August 13, 2020, the date the consolidated financial statements were available to be issued.

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus as a "pandemic". First identified in late 2019 and known now as COVID-19, the outbreak has impacted thousands of individuals worldwide. In response, many countries have implemented measures to combat the outbreak which have impacted global business operations.

NOTE 15 - SUBSEQUENT EVENTS—Continued

Majority of the states within the United States have issued a stay at home order to its residents, accordingly many of our customers are closed or seeing reduced patient visits. Accordingly, the Company's revenues have declined through the date of issuance of these condensed consolidated financial statements and its results of operations, cash flows and financial condition have been negatively impacted by the pandemic. The Company has taken steps to preserve working capital. A reduction in force was effectuated and a temporary hiring freeze was put in place and regular compensation reviews were deferred. All non-essential employee travel has been postponed and all employees transitioned to work from home.

The impact of the disease outbreak, as of the issuance of the financial statements, remains highly fluid and uncertain. The Company is unable to predict, with any sort of certainty, the timing for the end of restrictions, along with the subsequent recovery and resumption of normal operations of our customer base. Accordingly, the financial impact on the results of operations, cash flows and financial condition cannot be reasonably estimated at this time. No impairments were recorded as of the balance sheet date; however, due to significant uncertainty surrounding the situation, management's judgment regarding this could change in the future.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES") was enacted in response to the COVID-19 pandemic and signed into law. Due to the recent enactment of this legislation, the Company continues to assess the potential impacts of this legislation on its financial position and results of operations.

their operations and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of a matter regarding going concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, during the year ended December 31, 2020 and as of December 31, 2020, the Company was in default of certain debt covenants of its term loan and revolving line of credit agreements. On September 6, 2019, February 28, 2020, March 27, 2020 and October 9, 2020, the Company entered into forbearance agreements with its lender. The Company's business plan, which is also described in Note 2, discloses a reduction in force that occurred during April 2020 and contemplates other reductions in its operating expenses. Due to the rights maintained by the Company's lender under the forbearance agreements coupled with the Company's ability to achieve the foregoing elements of its business, which may be necessary to permit the realization of assets and satisfaction of liabilities in the ordinary course of business is uncertain and therefore has stated that substantial doubt exists about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2020

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Organization and Business Activities

TestEquity Acquisition, LLC (“TEA LLC”), collectively with its subsidiaries (the “Company”) is engaged in the sale and rental of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company sells and rents to customers in many major industries, including electronic manufacturing, telecommunications, education, automotive, medical, aerospace and defense.

The consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States and include the accounts of TestEquity Acquisition, LLC, a Delaware limited liability company, which is an intermediary holding company, and its subsidiaries TestEquity, LLC (“TE LLC”), a Delaware limited liability company, TestEquity de Mexico S. de R.L. de C.V., a Mexican limited liability company (“TE Mexico”) and TestEquity, Inc. (“TE Canada”), a Canadian Corporation. TE LLC, TE Mexico and TE Canada are operating entities engaged in the sale and rental of new and used electronic test and measurement equipment and specialty tools. All intercompany balances and transactions have been eliminated. TE Mexico is 99% and 1% owned by TE LLC and TEA LLC, respectively.

On January 1, 2019, Techni-Tool, Inc. and Evercore TE Holdings, Inc. merged into TestEquity, LLC.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company generates revenue through the sale of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company generally invoices customers as goods are shipped or services are completed. Fees are typically due and payable 30 days after date of shipment or invoicing of services. Generally, customers gain control of the goods upon providing the product to the carrier, or when services are completed.

The Company determines revenue recognition through the following steps:

- Identification of the contract(s) with a customer
- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract(s)
- Recognition of revenue when the Company satisfies a performance obligation

The Company accounts for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. Typically, the Company has a purchase order or master service agreement with the customer that specifies the goods and/or services to be provided.

The Company’s revenue contracts generally represent a single performance obligation to sell its products to trade customers. Net sales reflect the transaction prices for contracts reduced by variable consideration. The Company provides a rebate to select customers if pre-determined purchase thresholds are met. The rebate

TestEquity Acquisition, LLC

consideration is not in exchange for a distinct good or service. Variable consideration is estimated using the expected valued method considering all reasonably available information, including the Company's historical experience and its current expectations, and is reflected in the transaction price when sales are recorded. Sales returns are generally accepted by the Company, however, are not material to the Company's operations. The Company's contracts with trade customers do not have significant financing components or non-cash consideration. The Company records net sales excluding taxes collected on its sales to its trade customers.

The Company has elected to account for shipping and handling costs incurred to deliver products to customers as fulfillment activities, rather than a promised service. As such, fulfillment costs are included in cost of goods sold in the consolidated statement of operations and comprehensive loss. The Company provides an assurance type warranty which is not sold separately and does not represent a separate performance obligation.

For the majority of transactions, the Company recognizes revenue at the time of shipment, when control is passed to the customer. For consigned vendor managed inventory, revenue is recognized when inventory is removed from the Company's stock location and controlled by the customer.

Rental revenues are recognized in the month they are due on the accrual basis of accounting. The Company provides an accrual for the unearned portion of rental payments received based upon the amount of rental revenue for the month with the unearned portion recorded as deferred revenue.

Included in accounts payable and accrued expenses is \$0.5 million of unearned rent revenue at December 31, 2020.

Disaggregation of Revenues

The following table represents a disaggregation of the Company's total revenues separated by major category for the year ended December 31, 2020 (in thousands):

Revenues	
Hardware sales	\$ 242,756
Rental	<u>13,536</u>
Total revenues	<u>\$ 256,292</u>

Contract balances

Accounts receivable represents the Company's unconditional right to receive consideration from its customers. Contract assets consist of the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time. The Company has contract assets in the form of goods expected to be returned from customers. ASC 606 also requires an entity to present a contract liability in instances where the customer is entitled to a volume rebate based on purchases made during the period. The opening and closing contract asset and contract liability balances are not material.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

December 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Contract balances—Continued

There were no impairment losses recognized on the Company's accounts receivable or contract assets during the fiscal year ended December 31, 2020. There were no significant changes in the contract assets or the contract liabilities for the fiscal year ended December 31, 2020.

Assets recognized from the costs to obtain a contract with a customer

Typically, the Company incurs commission cost on product sales as the sale occurs. However, purchase orders are fulfilled in a short time frame and the Company's contracts qualify for the practical expedient since contract acquisition costs would have been amortized in one year or less. Therefore, the Company elected to apply the practical expedient and immediately expense contract acquisition costs.

Cash

The Company considers all highly liquid financial instruments purchased with an original maturity date of three months or less to be cash equivalents. The Company maintains cash balances in qualified financial institutions, and at various times such amounts are in excess of federally insured limits.

Accounts Receivable and Allowance for Doubtful Accounts

Trade accounts receivable are stated at net realizable value. Receivables are considered past-due based upon the contractual terms. The Company maintains an allowance for doubtful accounts to reflect its estimate of uncollectible trade accounts receivable based upon past collection history and the identification of specific customer risks. The allowances for doubtful accounts represent allowances for customer trade accounts receivable that are estimated to be partially or entirely uncollectible. These allowances are used to reduce gross trade receivables to their net realizable value. The Company records these allowances based on estimates related to the following factors: (i) customer-specific allowances and (ii) formula-based general allowances based upon an aging schedule.

Inventories

Inventories consist of new, used and manufactured electronic equipment and are stated at the lower of cost (first-in, first-out) or net realizable value.

Comprehensive Income

The Company's comprehensive income includes foreign currency translation adjustments. Asset and liability accounts of international operations are translated into the Company's functional currency, U.S. dollars, at current rates. Revenues and expenses are translated at the weighted-average currency rate for the fiscal year.

Rental Equipment and Property and Equipment

Rental equipment and property and equipment are typically carried at cost, except for assets acquired as part of a business combinations, which requires the acquisition method of accounting and accounts for the

acquired assets at their estimated fair values at the acquisition date. Depreciation of rental pool equipment and property and equipment is provided by a straight-line method over two to seven years. Upon sale or retirement of such assets, the related cost and accumulated depreciation are eliminated from the accounts, and gains or losses are reflected in income. Repair and maintenance expenditures not anticipated to extend asset lives are expensed as incurred.

Depreciation of rental pool equipment and property and equipment is provided for on a straight-line method over the remaining useful lives, which are generally as follows:

	Life (years)	
	From	To
Office furniture and equipment	2	5
Computer hardware	3	5
Computer software	3	5
Leasehold improvements	0	7
Rental Equipment	3	7

Long-Lived Assets

The Company reviews the recoverability of its long-lived assets whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. As of December 31, 2020, management concluded that no impairment of long-lived assets occurred.

Goodwill

The Company accounts for goodwill in accordance with ASC 350, *Intangibles, Goodwill and Other*: ASC 350 requires that goodwill and other unamortizable intangible assets be tested for impairment at least annually or earlier if indicators of impairment exist.

In January 2017, the FASB issued ASU 2017-04, *Intangibles — Goodwill and Other* (Topic 350), Simplifying the Test for Goodwill Impairment (ASU 2017-04). The standard simplifies the subsequent measurement of goodwill by removing the requirement to perform a hypothetical purchase price allocation to compute the implied fair value of goodwill to measure impairment. Instead, goodwill impairment is measured as the difference between the fair value of the reporting unit and the carrying value of the reporting unit. The standard also clarifies the treatment of the income tax effect of tax-deductible goodwill when measuring goodwill impairment loss. This standard is effective for annual or any interim goodwill impairment test in fiscal years beginning after December 15, 2019.

December 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued***Goodwill—Continued***

The Company conducted a quantitative analysis for the year ended December 31, 2020, noting there were no changes or impairments in the carrying amount of goodwill and noted no further impairment testing was required. The Company is a single reporting unit and performed the test as such, by comparing Company's carrying value, including goodwill, to its fair value. The fair value was assessed using a discounted cash flow model. The realization of these forecasts is dependent on a number of variables and conditions, many of which are due to the uncertainties associated with COVID-19 and as a result, actual results may materially differ from management's estimates.

Intangible Assets

The Company accounts for intangible assets in accordance with ASC 350, *Intangibles, Goodwill and Other*: This guidance allows the Company to make judgments about the recoverability of intangible assets with finite lives whenever events or changes in circumstances indicate that impairment may exist. Recoverability of intangible assets with finite lives is measured by comparing the carrying amount of the asset to the future undiscounted cash flows the asset is expected to generate. For the year ended December 31, 2020, management concluded that no impairment of assets occurred.

Debt Issuance Costs

The Company amortizes costs incurred in connection with obtaining financing over the terms of the related debt using the effective-interest-rate method. Debt issuance costs are recorded as a contra liability within the term loan, current portion line item on the consolidated balance sheets. All balances included in the term loan are classified as current portion due to the forbearance with the lender (See Note 9). Amortization of debt issuance costs, which is included in interest expense in the accompanying consolidated statement of operations and comprehensive loss for the year ended December 31, 2020, amounted to approximately \$0.7 million.

Advertising

The Company incurs advertising costs that primarily consist of the costs associated with digital and print advertising expense, trade show participation, customer seminars and joint marketing programs with company suppliers. Such amounts are expensed as incurred. Advertising expense for the year ended December 31, 2020, amounted to approximately \$1.4 million.

Income Taxes

The Company accounted for income taxes under the asset and liability method. Accordingly, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred taxes to the amount expected to be realized.

The Company has adopted the provisions of ASC 740, *Income Taxes*, which addresses the accounting for uncertainty in income tax positions. The guidance requires that the impact of an income tax position be

TestEquity Acquisition, LLC

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

December 31, 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

recognized in the consolidated financial statements if that position is more-likely-than-not of being sustained on audit, based on the technical merits of the position. The Company's policy is to include any interest and penalties associated with unrecognized tax benefits within the provision for income taxes.

Unit-Based Compensation

The Company accounts for unit-based compensation for equity-classified awards using the fair value method. The fair value of equity-classified awards granted is estimated at the date of grant and recognized as compensation expense on a straight-line basis over the requisite service period. Unit-based compensation expense for the year ended December 31, 2020 amounted to approximately \$0.2 million.

Estimates

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The fair values of the Company's cash, accounts receivable, accounts payable, and all other current liabilities approximate their carrying values because of the short-term nature of these instruments. The fair value of the Company's long-term debt, which approximates carrying value, was estimated using available market information and discounted cash flow analyses based on borrowing rates it believes it could obtain with similar terms and maturities and approximates the historical cost.

Derivative Financial Instruments

The Company accounts for put options liabilities related to certain member units as derivative financial instruments (see Note 3). The fair value of the member units is estimated using the recent selling price of member units not subject to the put options. The change in fair value is immediately recognized in earnings.

Evaluation of Ability to Maintain Current Level of Operations - Going Concern

The accompanying consolidated financial statements of the Company have been prepared assuming the Company will continue as a going concern and in accordance with generally accepted accounting principles in the United States of America. The going concern basis of presentation assumes that the Company will continue in operation one year after the date these financial statements are issued and will be able to realize the Company's assets and discharge the Company's liabilities and commitments in the normal course of business.

In connection with the preparation of the consolidated financial statements for the year ended December 31, 2020, management evaluated whether there were conditions and events, considered in the aggregate, that raised substantial doubt about the Company's ability to meet its obligations as they became due over the next twelve months from the date of issuance of these financial statements. Management assessed that there

TestEquity Acquisition, LLC

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued***Evaluation of Ability to Maintain Current Level of Operations - Going Concern—Continued***

were such conditions and events, including negative cash flows from operating activities, the uncertainty of the COVID-19 pandemic, and the current default and uncertainty as to whether the Company will be able adhere to debt agreements subsequent to December 31, 2020 on certain debt covenants pertaining to the Company's term loan and revolving line of credit. Such defaults give the lender the right to declare the entire principal amount and accrued and unpaid interest due and payable. On September 6, 2019, February 28, 2020, March 27, 2020 and October 9, 2020, we have entered into forbearance agreements with the lender. Thus far, no such acceleration of the Company's debt obligations has occurred. Nevertheless, these debt instruments are now reclassified from long-term to current liabilities as of December 31, 2020 due to the current forbearance under the Term loan (see Note 10).

The current operating plan includes a reduction in operating expenses through a reduction in force that occurred during April 2020, a shift in the labor force from permanent employees to contractors and curtailed expenditures for capital improvements and travel and entertainment. Given the uncertainties of the potential success of additional capital raises or the operating plan compounded with the unknown impact on the business due to the impact resulting from the global pandemic (COVID-19) and the rights maintained by the lender under the afore mentioned forbearance agreement, management believes that there is substantial doubt with respect to the Company's ability to continue as a going concern within one year after the date the condensed consolidated financial statements are issued.

The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Recently Adopted Accounting Standards

In January 2017, the FASB issued ASU 2017-01, "Business Combinations (Topic 805): Clarifying the Definition of a Business" ("ASU 2017-01"). ASU 2017-01 clarifies the definition of a business with the objective of adding guidance to assist entities with evaluating whether transactions should be accounted for as acquisitions (or disposals) of assets or businesses. The definition of a business affects many areas of accounting including acquisitions, disposals, goodwill, and consolidation. The guidance is effective for annual periods beginning after December 15, 2018, including interim periods within annual periods beginning after December 15, 2019. Management has adopted this standard in the current year and has determined that there is no material impact to the consolidated financial statements.

Recently Issued Accounting Standards Not Yet Adopted

In February 2016, the FASB issued ASU No. 2016-02, "Leases" (Topic 842) ("ASU 2016-02"). The amendments in ASU 2016-02 require companies that lease assets to recognize on their balance sheets the assets and liabilities for the rights and obligations generated by contracts longer than a year. ASU 2016-02 will become effective for the Company for fiscal years beginning after December 15, 2019, including interim periods within fiscal years beginning after December 15, 2020. The guidance is required to be applied using the modified retrospective transition approach. Early adoption is permitted. In June 2020, the FASB issued ASU No. 2020-05, "Revenue from Contracts with Customers" (Topic 606) and "Leases" (Topic 842): Effective Dates for Certain Entities (ASU No. 2020-05) to defer the effective dates of certain major accounting standards for which implementation challenges were amplified by disruptions caused by

the COVID-19 pandemic. Private companies and now have a one-year deferral option to apply Topic 842 to fiscal years beginning after Dec. 15, 2021. Early adoption is still permitted. Management is currently evaluating the potential impact that adopting ASU 2016-02 and ASU 2020-05 will have on its condensed consolidated financial statements and footnote disclosures.

In August 2018, the FASB issued ASU 2018-15, “Intangibles-Goodwill and Other-Internal-use Software (Topic 350): Customer’s Accounting for implementation Costs incurred in a Cloud Computing Arrangement That is a Service Contract” (“ASU 2018-15”). ASU 2018-15 clarifies the accounting for implementation costs in cloud computing arrangements. The guidance is effective for annual periods beginning after December 15, 2020. Management is currently evaluating the potential impact that adopting ASU 2018-15 will have on its consolidated financial statements and footnote disclosures.

In December 2019, the FASB issued ASU 2019-12, “Simplifying the Accounting for Income Taxes” (Topic 740). ASU 2019-12 is intended to simplify accounting for income taxes by removing certain exceptions to the general principles in ASC 740 and amending existing guidance to improve consistent application of ASC 740. The guidance is effective for annual periods beginning after December 15, 2021. The guidance in this update has various elements, some of which are applied on a prospective basis and others on a retrospective basis with earlier application permitted. Management is currently evaluating the potential impact that adopting ASU 2019-12 will have on its consolidated financial statements and footnote disclosures.

NOTE 3 - FAIR VALUE MEASUREMENTS AND DERIVATIVES

Under the ASC 820, *Fair Value Measurements and Disclosures*, a fair value measurement is determined based on the assumptions that a market participant would use in pricing an asset or liability. A three-tiered hierarchy draws distinctions between market participant assumptions based on (i) observable inputs such as quoted prices in active markets (Level 1), (ii) inputs other than quoted prices in active markets that are observable either directly or indirectly (Level 2) and (iii) unobservable inputs that require the Company to use present value and other valuation techniques in the determination of fair value (Level 3).

The following table sets forth the Company’s financial assets and liabilities as of December 31, 2020, that are measured on a recurring basis during the period, segregated by level within the fair value hierarchy (in thousands):

	December 31, 2020			
	Level 1	Level 2	Level 3	Total
Assets/Liabilities at fair value Members’ units with put option feature	\$ —	\$ —	\$ —	\$ —

Derivatives consist of put options related to certain members’ units (124,794) that may be put back to the Company. The fair value of the put options is estimated using the Monte-Carlo simulation model. The Monte Carlo simulation model uses probability distribution to model input variables to project and establish outcomes. The fair value of the member units is estimated using the recent selling price of member units not subject to the put options.

NOTE 9 - TERM LOAN AND SUBORDINATED LOAN (RELATED PARTIES)

Debt consisted of the following as of December 31, 2020 (in thousands):

Revolving loan facility, due April 2022	\$ 3,000
Term loan, due April 2022	120,132
Note Payable	<u>2,917</u>
	126,049
Less: deferred financing	<u>(952)</u>
	<u>\$ 125,097</u>

Each of the debt facilities listed above are held with related party financial institutions. The Term loan debt includes an original issue discount incurred in connection with the financing agreement. The discount is being amortized using the effective-interest-method over the term of the related debt.

As of December 31, 2020, the Company's Term loan requires quarterly principal payments in the amount of \$0.1 million through September 30, 2021, and \$0.3 million on December 31, 2021 and March 31, 2022, and a balloon principal payment of \$120.0 million on April 28, 2022. Interest on the first \$101.0 million was based on LIBOR plus 5.25% and interest on the remaining balance was based on the LIBOR plus 5.50% and is payable quarterly.

The Company had \$3.0 million outstanding on its revolving loan advance facility as of December 31, 2020.

Borrowings under the above arrangements are collateralized by substantially all the assets of the Company. In addition, the facilities are governed by a loan and security agreement that requires compliance with certain financial and nonfinancial covenants, which include, but are not limited to, leverage and capital expenditure requirements. During the years ended December 31, 2019 and December 31, 2020, the Company defaulted on certain covenants on its Term loan. To cure the default, the Company and the related party lender agreed to a forbearance on the loan and required certain members to make equity contributions of approximately \$6.2 million in exchange for member units, in addition to maintaining certain leverage ratios, minimum liquidity, and EBITDA targets as the new covenants under the revised credit agreement during the forbearance period.

Due to the matters discussed above, there is uncertainty regarding the ability to continue to meet future debt covenants per the lending agreements with related parties. While the Company has to date been able to obtain waivers for these covenants, the determination whether to grant or not grant such waivers is in the hands of the lenders. Accordingly, as mandated by U.S. GAAP, the Company has classified the debt as current.

The aggregate annual scheduled maturities under all debt obligations at December 31, 2020, are as follows (in thousands):

NOTE 10 - INCOME TAXES

The benefit for income taxes consisted of the following for the year ended December 31, 2020 (in thousands):

Current	\$ (62)
Deferred	(4,585)
Total	<u><u>\$ (4,647)</u></u>

The Company's effective tax rate differs from the federal statutory rate of 21% primarily due to state income taxes, and non-deductible expenses such as meals and entertainment, parking, and prior year true-up adjustments.

The tax effect of temporary differences that give rise to a significant portion of the net deferred tax liability at December 31, 2020 are summarized as follows (in thousands):

Net operating loss carryforwards	\$ 7,484
Other temporary differences	486
Interest Expense	3,685
Capitalized Inventory	834
Accruals and Reserves	2,431
Property and equipment	(5,261)
Intangible assets	(14,582)
Net deferred tax liability	<u><u>\$ (4,923)</u></u>

At December 31, 2020, the Company has federal net operating loss carryforwards of approximately \$26.0 million and state net operating loss carryforwards of approximately \$27.6 million. \$2.2 million of the federal net operating loss carryforwards will begin to expire in 2037 unless previously utilized and \$23.8 million of the federal net operating loss generated on or after January 1, 2018 will not expire and will be limited to 80% usage starting in 2021. The state net operating loss carryforwards will begin to expire in 2026. Utilization of the net operating loss carryforward is subject to an annual limitation as a result of Internal Revenue Code Section 382.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was enacted in response to the COVID-19 pandemic. The CARES Act contains numerous income tax provisions, such as relaxing limitations on the deductibility of interest and the use of net operating losses arising in taxable years beginning after December 31, 2017. The CARES Act allows NOLs incurred in 2018, 2019, and 2020 to be carried back to each of the five preceding taxable years to generate a refund of previously paid income taxes. The Company at present does not expect that the NOL carryback provision of the CARES Act would result in a cash benefit due to the existence of previously incurred losses. The company does not expect the impact of the technical correction to qualified improvement property (QIP) and the relaxed limitations on the deductibility of interest to have a material impact to these consolidated financial statements and will be accounted for in the Company's 2020 income tax returns.

NOTE 11 - COMMITMENTS AND CONTINGENCIES**Leases**

Loss Contingencies

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable, and an amount or range of loss can be reasonably estimated. Management believes, as of December 31, 2020, that any such matters will not have a material adverse effect on the consolidated financial statements.

NOTE 12 - MEMBERS' EQUITY AND UNIT BASED COMPENSATION

During the year ended December 31, 2020, the Company awarded 2,505,524 Incentive Common Units (ICUs). The ICUs vest ratably at a rate of 20% annually and are fully vested and exercisable after five years. As of December 31, 2020, the Company had 10,010,750 ICUs outstanding.

The fair value of these ICUs was estimated at the date of grant and is being recognized as compensation expense over the requisite vesting period. The Company recognized \$0.2 million as compensation expense during the year ended December 31, 2020. The remaining compensation expense expected to be recognized for these ICUs in future periods total \$1.0 million.

The expected term used in the valuation of the ICUs was five years. The average fair value of the units issued during the year ended December 31, 2020 was nil.

The following is a summary of the Company's ICUs during the period (in thousands):

NOTE 12 - MEMBERS' EQUITY AND UNIT BASED COMPENSATION—Continued

Certain members' units (124,794) have a put option feature which entitles the put option holder the right to exercise the put option and require the Company to settle the obligation in cash. The members' units associated with the potential obligation have been classified as a liability on the consolidated balance sheet at fair value. The decrease in the fair value of the units with the put option feature for the year ended December 31, 2020, amounted to approximately \$0.4 million and are included in selling, general and administrative expenses on the consolidated statement of operations and comprehensive loss.

During the year ended December 31, 2020, the Company received approximately \$6.2 million in Equity contributions from its Members as part of the Company's intent to cure the default of the Term loan in exchange for Member units (see Note 9). The Member units received in exchange for the \$6.2 million equity contribution are Pari-passu in all respects with all other outstanding Member units except for their liquidation preference which is superordinate to all previously outstanding Member units.

NOTE 13 - EMPLOYEE BENEFIT PLAN

401(k) Plan

The Company maintains a 401(k)-plan covering all employees, subject to certain participation and vesting requirements. The Company will match 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 5% of compensation. The Company's contribution is funded monthly in the amount required by employee salary reduction contributions.

The Company's matching contribution to the 401(k) plan for the year ended December 31, 2020, amounted to approximately \$0.4 million.

NOTE 14 - RELATED-PARTY TRANSACTIONS

The Company has entered into service agreements with entities that are Members of the Company. Under the agreement, the Company pays an annual fee plus expenses for executive and general management services. Fees incurred from related parties for the year ended December 31, 2020 amounted to approximately \$1.9 million and were included in selling, general, and administrative expenses.

As described in Note 9, borrowings under each of the Company's credit facilities are held with entities that are Members of the Company. Interest expense under these credit facilities for the year ended December 31, 2020, amounted to approximately \$10.5 million.

As described in Notes 12, certain members' units which include a put option, may be required to be settled in cash. In connection with the potential obligation, the Company has classified approximately \$0.0 million as a liability on the consolidated balance sheet.

NOTE 15 - ORGANIZATIONAL IMPACT – COVID-19

On March 11, 2020, the World Health Organization declared the outbreak of a respiratory disease caused by a new coronavirus as a "pandemic". First identified in late 2019 and known now as COVID-19, the outbreak has impacted thousands of individuals worldwide. In response, many countries have implemented measures to combat the outbreak which have impacted global business operations.

NOTE 15 - ORGANIZATIONAL IMPACT – COVID-19—Continued

Majority of the states within the United States have issued a stay at home order to its residents, accordingly many of the customers are closed or seeing reduced patient visits. Accordingly, the Company's revenues have declined through the date of issuance of these condensed consolidated financial statements and its results of operations, cash flows and financial condition have been negatively impacted by the pandemic. The Company has taken steps to preserve working capital. A reduction in force was effectuated and a temporary hiring freeze was put in place and regular compensation reviews were deferred. All non-essential employee travel has been postponed and all employees transitioned to work from home.

The impact of the disease outbreak, as of the issuance of the financial statements, remains highly fluid and uncertain. The Company is unable to predict, with any sort of certainty, the timing for the end of restrictions, along with the subsequent recovery and resumption of normal operations of our customer base. Accordingly, the financial impact on the results of operations, cash flows and financial condition cannot be reasonably estimated at this time. No impairments were recorded as of the balance sheet date; however, due to significant uncertainty surrounding the situation, management's judgment regarding this could change in the future.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act ("CARES") was enacted in response to the COVID-19 pandemic and signed into law. Due to the recent enactment of this legislation, the Company continues to assess the potential impacts of this legislation on its financial position and results of operations.

NOTE 16 - SUBSEQUENT EVENTS

The Company evaluated subsequent events through April 23, 2021, the date the consolidated financial statements were available to be issued.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors and Stockholders
TestEquity Acquisition, LLC

We have reviewed the accompanying condensed consolidated interim financial statements of TestEquity Acquisition, LLC and subsidiaries (the "Company"), which comprise the condensed consolidated balance sheet, and the related condensed consolidated statements of operations and comprehensive loss, members' equity, and cash flows, as of September 30, 2021 and for the nine-month period then ended, and the related notes to the interim financial statements.

Management's responsibility

The Company's management is responsible for the preparation and fair presentation of the condensed consolidated interim financial statements in accordance with accounting principles generally accepted in the United States of America; this responsibility includes the design, implementation, and maintenance of internal control sufficient to provide a reasonable basis for the preparation and fair presentation of interim financial information in accordance with accounting principles generally accepted in the United States of America.

Auditor's responsibility

Our responsibility is to conduct our review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information. A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America, the objective of which is the expression of an opinion regarding the financial statements. Accordingly, we do not express such an opinion.

Conclusion

Based on our review, we are not aware of any material modifications that should be made to the condensed consolidated interim financial statements referred to above for them to be in accordance with accounting principles generally accepted in the United States of America.

Emphasis of matter regarding going concern

The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the condensed consolidated financial statements, the Company as of September 30, 2021 and during the nine-month period then ended, was in default of certain debt covenants of its term loan and revolving line of credit agreements. On September 6, 2019, February 28, 2020, March 27, 2020 and October 9, 2020 and June 30, 2021, the Company entered into forbearance agreements with its lender. The Company's business plan, which is also described in Note 2, discloses and contemplates other reductions in its operating expenses. Due to the rights maintained by the Company's lender under the forbearance agreements coupled with the Company's ability to achieve the foregoing elements of its business, which may be necessary to permit the realization of assets and satisfaction of liabilities in the ordinary course of business is uncertain and therefore has stated that substantial doubt exists about the Company's ability to continue as a going concern. The condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our conclusion is not modified with respect to this matter.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2021

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

Organization and Business Activities

TestEquity Acquisition, LLC (“TEA LLC”), collectively with its subsidiaries (the “Company”) is engaged in the sale and rental of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company sells and rents to customers in many major industries, including electronic manufacturing, telecommunications, education, automotive, medical, aerospace and defense.

The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States and include the accounts of TestEquity Acquisition, LLC, a Delaware limited liability company, which is an intermediary holding company, and its subsidiaries TestEquity, LLC (“TE LLC”), a Delaware limited liability company, TestEquity de Mexico S. de R.L. de C.V., a Mexican limited liability company (“TE Mexico”) and TestEquity, Inc. (“TE Canada”), a Canadian Corporation. TE LLC, TE Mexico and TE Canada are operating entities engaged in the sale and rental of new and used electronic test and measurement equipment and specialty tools. All intercompany balances and transactions have been eliminated. TE Mexico is 99% and 1% owned by TE LLC and TEA LLC, respectively.

On January 1, 2019, Techni-Tool, Inc. and Evercore TE Holdings, Inc. merged into TestEquity, LLC. On August 1, 2021, TestEquity Acquisitions, LLC purchased MCS Test Equipment Holdings Ltd. in the UK.

These condensed consolidated financial statements do not represent complete financial statements and are to be read in conjunction with the latest audited annual financial statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company generates revenue through the sale of new and used electronic test and measurement equipment, specialty tools, tool-kits, soldering supplies and chemicals. The Company generally invoices customers as goods are shipped or services are completed. Fees are typically due and payable 30 days after date of shipment or invoicing of services. Generally, customers gain control of the goods upon providing the product to the carrier, or when services are completed.

The Company determines revenue recognition through the following steps:

- Identification of the contract(s) with a customer
- Identification of the performance obligations in the contract
- Determination of the transaction price
- Allocation of the transaction price to the performance obligations in the contract(s)
- Recognition of revenue when the Company satisfies a performance obligation

The Company accounts for a contract when it has approval and commitment from both parties, the rights of the parties are identified, payment terms are identified, the contract has commercial substance and collectability of consideration is probable. Typically, the Company has a purchase order or master service agreement with the customer that specifies the goods and/or services to be provided.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

September 30, 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued***Revenue Recognition—Continued***

The Company's revenue contracts generally represent a single performance obligation to sell its products to trade customers. Net sales reflect the transaction prices for contracts reduced by variable consideration. The Company provides a rebate to select customers if pre-determined purchase thresholds are met. The rebate consideration is not in exchange for a distinct good or service. Variable consideration is estimated using the expected valued method considering all reasonably available information, including the Company's historical experience and its current expectations, and is reflected in the transaction price when sales are recorded. Sales returns are generally accepted by the Company, however, are not material to the Company's operations. The Company's contracts with trade customers do not have significant financing components or non-cash consideration. The Company records net sales excluding taxes collected on its sales to its trade customers.

The Company has elected to account for shipping and handling costs incurred to deliver products to customers as fulfillment activities, rather than a promised service. As such, fulfillment costs are included in cost of goods sold in the condensed consolidated statement of operations and comprehensive loss. The Company provides an assurance type warranty which is not sold separately and does not represent a separate performance obligation.

For the majority of transactions, the Company recognizes revenue at the time of shipment, when control is passed to the customer. For consigned vendor managed inventory, revenue is recognized when inventory is removed from the Company's stock location and controlled by the customer.

Rental revenues are recognized in the month they are due on the accrual basis of accounting. The Company provides an accrual for the unearned portion of rental payments received based upon the amount of rental revenue for the month with the unearned portion recorded as deferred revenue.

Included in accounts payable and accrued expenses is \$1.0 million of unearned rent revenue at September 30, 2021.

Disaggregation of Revenues

The following table represents a disaggregation of the Company's total revenues separated by major category for the period ended September 30, 2021 (in thousands):

Revenues	
Sales	\$ 193,052
Rental	8,425
Total revenues	<u>\$ 201,477</u>

Contract balances

Accounts receivable represents the Company's unconditional right to receive consideration from its customers. Contract assets consist of the Company's right to consideration in exchange for goods or services that the Company has transferred to a customer when that right is conditioned on something other than the passage of time. The Company has contract assets in the form of goods expected to be returned from

Contract balances—Continued

customers. ASC 606 also requires an entity to present a contract liability in instances where the customer is entitled to a volume rebate based on purchases made during the period. The opening and closing contract asset and contract liability balances are not material.

There were no impairment losses recognized on the Company's accounts receivable or contract assets during the fiscal period ended September 30, 2021. There were no significant changes in the contract assets or the contract liabilities for the fiscal period ended September 30, 2021.

Assets recognized from the costs to obtain a contract with a customer

Typically, the Company incurs commission cost on product sales as the sale occurs. However, purchase orders are fulfilled in a short time frame and the Company's contracts qualify for the practical expedient since contract acquisition costs would have been amortized in one year or less. Therefore, the Company elected to apply the practical expedient and immediately expense contract acquisition costs.

Cash

The Company considers all highly liquid financial instruments purchased with an original maturity date of three months or less to be cash equivalents. The Company maintains cash balances in qualified financial institutions, and at various times such amounts are in excess of federally insured limits.

Accounts Receivable and Allowance for Doubtful Accounts

Trade accounts receivable are stated at net realizable value. Receivables are considered past-due based upon the contractual terms. The Company maintains an allowance for doubtful accounts to reflect its estimate of uncollectible trade accounts receivable based upon past collection history and the identification of specific customer risks. The allowances for doubtful accounts represent allowances for customer trade accounts receivable that are estimated to be partially or entirely uncollectible. These allowances are used to reduce gross trade receivables to their net realizable value. The Company records these allowances based on estimates related to the following factors: (i) customer-specific allowances and (ii) formula-based general allowances based upon an aging schedule.

Inventories

Inventories consist of new, used and manufactured electronic equipment and are stated at the lower of cost (first-in, first-out) or net realizable value.

Comprehensive Income

The Company's comprehensive income includes foreign currency translation adjustments. Asset and liability accounts of international operations are translated into the Company's functional currency, U.S. dollars, at current rates. Revenues and expenses are translated at the weighted-average currency rate for the fiscal year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Rental Equipment and Property and Equipment

Rental equipment and property and equipment are typically carried at cost, except for assets acquired as part of a business combinations, which requires the acquisition method of accounting and accounts for the acquired assets at their estimated fair values at the acquisition date. Depreciation of rental pool equipment and property and equipment is provided by a straight-line method over two to seven years. Upon sale or retirement of such assets, the related cost and accumulated depreciation are eliminated from the accounts, and gains or losses are reflected in income. Repair and maintenance expenditures not anticipated to extend asset lives are expensed as incurred.

Depreciation of rental pool equipment and property and equipment is provided for on a straight-line method over the remaining useful lives, which are generally as follows:

	Life (years)	
	From	To
Office furniture and equipment	2	5
Computer hardware	3	5
Computer software	3	5
Leasehold improvements	0	7
Rental Equipment	3	7

Long-Lived Assets

The Company reviews the recoverability of its long-lived assets whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. The estimated future cash flows are based upon, among other things, assumptions about expected future operating performance and may differ from actual cash flows. Long-lived assets evaluated for impairment are grouped with other assets to the lowest level for which identifiable cash flows are largely independent of the cash flows of other groups of assets and liabilities. If the sum of the projected undiscounted cash flows (excluding interest) is less than the carrying value of the assets, the assets will be written down to the estimated fair value in the period in which the determination is made. As of September 30, 2021, management concluded that no impairment of long-lived assets occurred.

Goodwill

The Company accounts for goodwill in accordance with ASC 350, *Intangibles, Goodwill and Other*: ASC 350 requires that goodwill and other unamortizable intangible assets be tested for impairment at least annually or earlier if indicators of impairment exist.

In January 2017, the FASB issued ASU 2017-04, *Intangibles — Goodwill and Other (Topic 350), Simplifying the Test for Goodwill Impairment* (ASU 2017-04). The standard simplifies the subsequent measurement of goodwill by removing the requirement to perform a hypothetical purchase price allocation to compute the implied fair value of goodwill to measure impairment. Instead, goodwill impairment is measured as the difference between the fair value of the reporting unit and the carrying value of the reporting unit. The standard also clarifies the treatment of the income tax effect of tax-deductible goodwill when measuring goodwill impairment loss.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Goodwill—Continued

The Company conducted a quantitative analysis for the period ended December 31, 2020, noting there were no changes or impairments in the carrying amount of goodwill and noted no further impairment testing was required. During the nine-month period ended September 30, 2021, there have been no triggering events noted requiring goodwill testing outside the annual measurement date of December 31st. The Company is a single reporting unit and performed the test as such, by comparing Company's carrying value, including goodwill, to its fair value. The fair value was assessed using a discounted cash flow model. The realization of these forecasts is dependent on a number of variables and conditions, many of which are due to the uncertainties associated with COVID-19 and as a result, actual results may materially differ from management's estimates.

Intangible Assets

The Company accounts for intangible assets in accordance with ASC 350, *Intangibles, Goodwill and Other*: This guidance allows the Company to make judgments about the recoverability of intangible assets with finite lives whenever events or changes in circumstances indicate that impairment may exist. Recoverability of intangible assets with finite lives is measured by comparing the carrying amount of the asset to the future undiscounted cash flows the asset is expected to generate. For the period ended September 30, 2021, management concluded that no impairment of assets occurred.

Debt Issuance Costs

The Company amortizes costs incurred in connection with obtaining financing over the terms of the related debt using the effective-interest-rate method. Debt issuance costs are recorded as a contra liability within the term loan, current portion line item on the condensed consolidated balance sheets. All balances included in the term loan are classified as current portion due to the forbearance with the lender (See Note 8). Amortization of debt issuance costs, which is included in interest expense in the accompanying condensed consolidated statement of operations and comprehensive loss for the period ended September 30, 2021, amounted to approximately \$0.4 million.

Advertising

The Company incurs advertising costs that primarily consist of the costs associated with digital and print advertising expense, trade show participation, customer seminars and joint marketing programs with company suppliers. Such amounts are expensed as incurred. Advertising expense for the period ended September 30, 2021, amounted to approximately \$1.7 million.

Income Taxes

The Company accounted for income taxes under the asset and liability method. Accordingly, deferred income tax assets and liabilities are recognized for the future tax consequences attributable to differences between condensed consolidated financial statement carrying amounts of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using tax rates expected to apply

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES—Continued

Income Taxes—Continued

to taxable income in the years in which those temporary differences are expected to be recovered or settled. Valuation allowances are established when necessary to reduce deferred taxes to the amount expected to be realized.

The Company has adopted the provisions of ASC 740, *Income Taxes*, which addresses the accounting for uncertainty in income tax positions. The guidance requires that the impact of an income tax position be recognized in the condensed consolidated financial statements if that position is more-likely-than-not of being sustained on audit, based on the technical merits of the position. The Company's policy is to include any interest and penalties associated with unrecognized tax benefits within the provision for income taxes.

Estimates

The preparation of condensed consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value

The fair values of the Company's cash, accounts receivable, accounts payable, and all other current liabilities approximate their carrying values because of the short-term nature of these instruments. The fair value of the Company's long-term debt, which approximates carrying value, was estimated using available market information and discounted cash flow analyses based on borrowing rates it believes it could obtain with similar terms and maturities and approximates the historical cost.

Evaluation of Ability to Maintain Current Level of Operations - Going Concern

The accompanying condensed consolidated financial statements of the Company have been prepared assuming the Company will continue as a going concern and in accordance with generally accepted accounting principles in the United States of America. The going concern basis of presentation assumes that the Company will continue in operation one year after the date these financial statements are issued and will be able to realize the Company's assets and discharge the Company's liabilities and commitments in the normal course of business.

In connection with the preparation of the condensed consolidated financial statements for the period ended September 30, 2021, management evaluated whether there were conditions and events, considered in the aggregate, that raised substantial doubt about the Company's ability to meet its obligations as they became due over the next twelve months from the date of issuance of these financial statements. Management assessed that there were such conditions and events, including negative cash flows from operating activities, the uncertainty of the COVID-19 pandemic, and the current default and uncertainty as to whether the Company will be able to adhere to debt agreements subsequent to September 30, 2021 on certain debt covenants pertaining to the Company's term loan and revolving line of credit. Such defaults give the lender the right to declare the entire principal amount and accrued and unpaid interest due and payable. On September 6, 2019, February 28, 2020, March 27, 2020 and October 9, 2020, June 30, 2021 we have entered

into forbearance agreements with the lender. Thus far, no such acceleration of the Company's debt obligations has occurred. Nevertheless, these debt instruments are current liabilities as of September 30, 2021 due to the current forbearance under the Term loan (see Note 8).

Given the uncertainties of the potential success of additional capital raises or the operating plan which includes a reduction of expenses compounded with the unknown impact on the business due to the impact resulting from the global pandemic (COVID-19) and the rights maintained by the lender under the afore mentioned forbearance agreement, management believes that there is substantial doubt with respect to the Company's ability to continue as a going concern within one year after the date the condensed consolidated financial statements are issued.

The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

As of September 30, 2021, the Company's Term loan requires quarterly principal payments in the amount of \$0.1 million through September 30, 2021, and \$0.3 million on December 31, 2021 and March 31, 2022, and a balloon principal payment of \$120.0 million on April 28, 2022. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS—CONTINUED

September 30, 2021

NOTE 8 - TERM LOAN AND SUBORDINATED LOAN (RELATED PARTIES)—Continued

Borrowings under the above arrangements are collateralized by substantially all the assets of the Company. In addition, the facilities are governed by a loan and security agreement that requires compliance with certain financial and nonfinancial covenants, which include, but are not limited to, leverage and capital expenditure requirements. During the year ended December 31, 2020 and nine-month period ending September 30, 2021, the Company defaulted on certain covenants on its Term loan. To cure the default, the Company and the related party lender agreed to a forbearance on the loan and required certain members to make equity contributions of approximately \$6.2 million in exchange for member units, in addition to maintaining certain leverage ratios, minimum liquidity, and EBITDA targets as the new covenants under the revised credit agreement during the forbearance period.

Due to the matters discussed above, there is uncertainty regarding the ability to continue to meet future debt covenants per the lending agreements with related parties. While the Company has to date been able to obtain waivers for these covenants, the determination whether to grant or not grant such waivers is in the hands of the lenders. Accordingly, as mandated by U.S. GAAP, the Company has classified the debt as current.

The aggregate annual scheduled maturities under all debt obligations at September 30, 2021, are as follows (in thousands):

Period ending September 30,	
2021	\$ 1,000
2022	<u>122,832</u>
	<u>\$ 123,832</u>

NOTE 9 - INCOME TAXES

The benefit for income taxes consisted of the following for the period ended September 30, 2021 is \$2.0 million.

The Company's effective tax rate differs from the federal statutory rate of 21% primarily due to state income taxes, and non-deductible expenses such as meals and entertainment, parking, and prior year true-up adjustments.

At September 30, 2021, the Company has federal net operating loss carryforwards of approximately \$27.6 million and state net operating loss carryforwards of approximately \$27.6 million. \$2.2 million of the federal net operating loss carryforwards will begin to expire in 2037 unless previously utilized and \$25.4 million of the federal net operating loss generated on or after January 1, 2018 will not expire and will be limited to 80% usage starting in 2021. The state net operating loss carryforwards will begin to expire in 2026. Utilization of the net operating loss carryforward is subject to an annual limitation as a result of Internal Revenue Code Section 382.

Loss Contingencies

Loss contingencies, including claims and legal actions arising in the ordinary course of business, are recorded as liabilities when the likelihood of loss is probable, and an amount or range of loss can be reasonably estimated. Management believes, as of September 30, 2021, that any such matters will not have a material adverse effect on the condensed consolidated financial statements.

NOTE 11 - EMPLOYEE BENEFIT PLAN**401(k) Plan**

The Company maintains a 401(k)-plan covering all employees, subject to certain participation and vesting requirements. The Company will match 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 5% of compensation. Notes to Combined Abbreviated Financial Statement

Note 1. Nature of Business and Organization

Gexpro Services (GS), a business of Rexel USA, Inc. (Rexel), is a supply-chain solutions provider to original equipment manufacturers (OEM) for production line, field installation, repair and overhaul and aftermarket consumption of hardware, fasteners, nuts, bolts, catalogue parts, gaskets, seals, O-rings, valves and other electronic parts. GS is headquartered in Irving, Texas, with inventory selling/holding facilities across the United States, Hungary and China.

On February 23, 2020, Rexel sold GS for \$158,498,729 in cash to GS Operating, LLC, which is a wholly-owned subsidiary of 301 HW Opus Holdings, Inc.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying combined abbreviated financial statement, the Combined Statement of Net Revenues and Direct Operating Expenses of GS was prepared in connection with a proposed transaction that contemplates the acquisition of all of the capital stock of 301 HW Opus Holdings, Inc. by Lawson Products, Inc. (the buyer) and were prepared in accordance with a Securities and Exchange Commission (SEC) waiver received by the buyer for the purpose of the buyer complying with Rule 3-13 of the SEC's Regulation S-X. The accompanying abbreviated financial statement is not intended to be a complete presentation of the results of operations of GS. The Combined Statement of Net Revenues and Direct Operating Expenses of GS was derived from Rexel's historical accounting records, which are maintained in accordance with accounting principles generally accepted in the United States (US GAAP). The Combined Statement of Net Revenues and Direct Operating Expenses are not intended to be a complete presentation of the results of operations as if the GS business had operated as a stand-alone entity during the period presented and are not necessarily indicative of the results of operations that would have been achieved if GS had operated as a separate, stand-alone entity as of or for the period presented nor are they necessarily indicative of the financial condition or results of operations to be expected in the future due to changes in the business and the omission of certain operating expenses as described below. Certain centrally provided services, corporate functions, and other areas which are shared by the GS business are not tracked or monitored in a manner that would enable the development of full financial statements required by Rule 3-13 of Regulation S-X. Such centrally provided service costs include, but are not limited to certain marketing, finance, legal, information technology and human resources services. As such, it is not possible to provide a meaningful allocation of corporate, interest or tax expenses and only costs directly related to the revenue-generating activities of GS are included in this Combined Abbreviated Financial Statement.

The Combined Statement of Net Revenues and Direct Operating Expenses includes the net revenues and direct operating expenses directly attributable to the generation of those revenues. The Combined Statement of Net Revenues and Direct Operating Expenses excludes the cost of general corporate activities, corporate level overhead, interest expense and income taxes. Selling, general and administrative expenses are comprised primarily of employee compensation and benefits, travel, advertising, and facilities costs. Had the GS business existed as a separate, stand-alone entity, its results of operations may have differed materially from those included in the Combined Abbreviated Financial Statement. In addition, future results of operations could differ materially from the historical results presented.

Pursuant to the SEC waiver noted previously, a combined balance sheet, combined statement of cash flows and a combined statement of equity are not presented. All of the cash flow requirements of GS were funded by Rexel, and cash management functions were not performed at the GS level. Therefore, it is impracticable to present a statement of cash flows, including cash flows from operating, investing and financing activities, as GS did not maintain cash balances of that nature.

**Gexpro Services
(Predecessor of 301 HW Opus Holdings, Inc.)**

Notes to Combined Abbreviated Financial Statement

Note 2. Summary of Significant Accounting Policies (Continued)

All material intercompany balances and transactions between the entities that comprised the GS business have been eliminated.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Property, plant and equipment: Property, plant and equipment are depreciated using the straight-line method over the estimated useful lives of the assets, 3-8 years for warehouse and office equipment, 3 years for computer software, 3 years for vehicles, and over the shorter of the useful life of the assets or term of the underlying leases for leasehold improvements. The costs of repairs, maintenance and minor renewals are charged to expense as incurred.

Impairment of long-lived assets: GS records impairment losses on long-lived assets used in operations when events and circumstances indicate that long-lived assets might be impaired and the undiscounted cash flows estimated to be generated by those assets are less than the carrying amounts of those assets. If required, the impairment recognized is the difference between the fair value of the asset and its carrying amount. There was no such impairment losses recognized for the period from January 1, 2020 through February 23, 2020 (period ended February 23, 2020).

Foreign currency translation: The functional currency of GS's foreign subsidiaries is the local currency. Revenue and direct operating expenses accounts are translated at average exchange rates prevailing during the period. Gains and losses from foreign currency denominated transactions are recognized in earnings.

Revenue recognition: GS recognizes revenue in accordance with Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, which provides a five-step model for recognizing revenue from contracts with customers as follows:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognize revenue when or as performance obligations are satisfied

GS's products are marketed and sold primarily to OEM globally. Sales of products are subject to economic conditions and may fluctuate based on changes in the industry, trade policies and financial markets.

The majority of GS's revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of GS's products. Revenue from sales of GS's products are recognized upon transfer of control to the customer, which is typically when the product has been shipped from its inventory holding facilities in US and Hungary.

**Gexpro Services
(Predecessor of 301 HW Opus Holdings, Inc.)**

Notes to Combined Abbreviated Financial Statement

Note 2. Summary of Significant Accounting Policies (Continued)

The transaction price is the amount of consideration to which GS expects to be entitled in exchange for transferring goods to the customer. Revenue is recorded based on the transaction price, which includes fixed consideration and estimate of variable consideration such as early payment/volume discounts and rebates.

The amount of variable consideration included in the transaction price is constrained and is included only to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

GS has elected to treat shipping and handling activities related to contracts with customers as costs to fulfill the promise to transfer GS's products and not as a separate performance obligation. Amounts billed to customers for shipping are classified as revenue. All outbound shipping and handling costs are classified as selling, general and administrative expense, total costs incurred for the period ended February 23, 2020 were \$176,262.

GS has elected to apply the practical expedient to expense sales commissions and associated costs as incurred as the expected amortization period would be one year or less.

Payment terms on invoiced amounts range from 10 to 120 days. In instances where the timing of revenue recognition differs from the timing of the right to invoice, GS has determined that a significant financing component does not exist. The primary purpose of GS's invoicing terms is to provide customers with simplified and predictable ways of purchasing GS's products and not to receive financing from or provide financing to the customer.

Concentration of credit risk: During the period ended February 23, 2020, GS had two customers that accounted for approximately 30% and 11% of GS's revenues.

GS has foreign operations in Hungary. Total net revenue in excess of direct operating expenses and third-party revenue of the Hungarian operation for the period ended February 23, 2020 were \$2,932 and \$2,428,889, respectively.

Advertising: GS follows the policy of charging the costs of advertising to expense as incurred. Advertising expenses for the period ended February 23, 2020 was \$13,237.

Note 3. Employee Benefit Plans

GS sponsors a qualified defined contribution retirement plan that allows eligible employees to contribute a discretionary percentage of their compensation, subject to annual limits set by the Internal Revenue Service. Employees are eligible for participation in the plan on the first day of the plan year quarter coinciding with or next following date requirements are met. GS will make matching safe harbor contributions and may make discretionary matching contributions based on the level of employee contribution. GS contributions for the period ended February 23, 2020 was \$117,423.

Note 4. Commitments and Contingencies

Lease commitments: GS leases multiple properties under operating leases. Total rental expense for all operating leases was \$473,582 for the period ended February 23, 2020. Existing leases may have varying terms including but not limited to terms of renewal or purchase options and escalation clauses.

Notes to Consolidated Financial Statements

Note 1. Nature of Business and Organization

HW Opus Holdings, Inc. (Inc.), and its wholly-owned subsidiary GS Operating, LLC (formerly known as 301 HW Opus Holdco, LLC), were formed on November 7 and 14, 2019, respectively. The sole purpose of their formation was to acquire certain assets and assume certain liabilities of Gexpro Services US, and to acquire the 100% membership interest of Rexel Magyarország Általános Kereskedelmi és Szolgáltató Kft (Gexpro Services Hungary, together with Gexpro Services US, Gexpro Services) from Rexel USA, Inc. and its affiliate. The transaction was consummated effective February 23, 2020 (the Acquisition), upon the close of business. Inc., together with its consolidated subsidiaries, are collectively referred to as the Company. The operating results of the acquired business are included in the Company's consolidated financial statements beginning February 24, 2020.

Gexpro Services is a supply-chain solutions provider to original equipment manufacturers (OEM) for production line, field installation, repair and overhaul and aftermarket consumption of hardware, fasteners, nuts, bolts, catalogue parts, gaskets, seals, O-rings, valves and other electronic parts. The Company is headquartered in Irving, Texas, with inventory selling/holding facilities across the United States, Hungary and China.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). These consolidated financial statements reflect all normal recurring adjustments that are, in the opinion of management, necessary to fairly present the Company's results of operations and financial position.

Principles of consolidation: The consolidated financial statements include the financial position, results of operations and cash flows of Inc. and its wholly owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents: The Company considers all investments purchased with an original maturity of three months or less to be cash equivalents.

Trade accounts receivable: Trade accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Trade accounts receivable are written off when deemed uncollectible. Recoveries of trade accounts receivable previously written off are recorded when received.

Inventories: Inventories are stated at the lower of cost and net realizable value. Cost includes purchases of packing components and costs associated with outsourced production. Inventory is relieved based on the moving weighted average method. In circumstances where inventory is deemed obsolete or not saleable due to its condition or where the inventory cost for an item exceeds its net realizable value, management records a charge

(dba Gexpro Services)**

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

to cost of goods sold and reduces the inventory to its net realizable value. As of September 26, 2020, the Company recorded an inventory obsolescence reserve in the amount of \$6,283,083.

Property, plant and equipment: Property, plant and equipment are stated at cost and depreciated using the straight-line method over the estimated useful lives of the assets, 3-8 years for warehouse and office equipment, 3 years for computer software, 3 years for vehicles, and over the shorter of the useful life of the assets or term of the underlying leases for leasehold improvements. The costs of repairs, maintenance and minor renewals are charged to expense as incurred.

When property and equipment are retired, sold, or otherwise disposed of, the asset's carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in the income from operations.

Intangible assets: The Company classifies all of intangible assets as definite-lived intangible assets that were initially measured at fair value. Definite-lived intangibles include tradenames customer contracts and non-compete agreements.

Impairment of long-lived assets: The Company periodically evaluates the carrying value of long-lived assets to be held and used, at the asset group level, including, but not limited to, intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such asset is less than its carrying value. In that event, a loss would be recognized based on the amount by which the carrying value exceeds the fair value of the long-lived asset. Fair value would be determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair values are reduced for the cost to dispose. There were no such impairment losses recognized for the period from February 23, 2020 through September 26, 2020 (period ended September 26, 2020).

Goodwill: Goodwill is not amortized, but instead is tested for impairment annually at December 31 of each year or if certain circumstances indicate a possible impairment may exist. The Company makes an initial qualitative evaluation, based on the entity's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. No impairment was recognized during the period ended September 26, 2020.

Debt issuance costs: The Company defers certain costs incurred in connection with obtaining financing in accordance with Accounting Standards Update (ASU) No. 2015-03 and amortizes those costs over the terms of the underlying debt. The amortization expense is included in interest expense in the accompanying statement of comprehensive income. Amortization of costs is measured based on the effective interest method for term loans and straight line for the revolver. Unamortized debt issuance costs associated with the term loan and the revolving line of credit are classified as a reduction of long-term debt.

Comprehensive income: The Company reports comprehensive income in the consolidated statements of comprehensive income. Comprehensive income consists solely of net income and foreign currency translation adjustments for the period.

Foreign currency translation: The functional currency of the Company's foreign subsidiaries is the local currency. Asset and liability accounts are translated at exchange rates existing at the balance sheet date. Revenue

Note 2. Summary of Significant Accounting Policies (Continued)

and expense accounts are translated at average exchange rates prevailing during the period. Equity accounts are translated at historical exchange rates. Translation adjustments are recorded as comprehensive income in shareholder's equity. Gains and losses from foreign currency denominated transactions are recognized in earnings. Translation adjustments are accumulated and recorded as a separate component of shareholder's equity.

Revenue recognition: The Company recognizes revenue in accordance with Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, which provides a five-step model for recognizing revenue from contracts with customers as follows:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognize revenue when or as performance obligations are satisfied

The Company's products are marketed and sold primarily to OEM globally. Sales of products are subject to economic conditions and may fluctuate based on changes in the industry, trade policies and financial markets.

The majority of the Company's revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of the Company's products. Revenue from sales of the Company's products are recognized upon transfer of control to the customer, which is typically when the product has been shipped from its inventory holding facilities in US and Hungary.

The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods to the customer. Revenue is recorded based on the transaction price, which includes fixed consideration and estimate of variable consideration such as early payment/volume discounts and rebates.

The amount of variable consideration included in the transaction price is constrained and is included only to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company has elected to treat shipping and handling activities related to contracts with customers as costs to fulfill the promise to transfer the Company's products and not as a separate performance obligation. Amounts billed to customers for shipping are classified as revenue. All outbound shipping and handling costs are classified as selling, general and administrative expense, total costs incurred for the period ended September 26, 2020 were \$667,058.

Sales commissions paid to internal sales personnel, as well as associated payroll taxes and retirement plan contributions (together, incentive compensation and associated costs) that are incremental to the acquisition of customer contracts, are required to be capitalized as deferred contract cost on the balance sheet when the period of benefit is determined to be greater than one year. The Company has elected to apply the practical expedient to expense sales commissions and associated costs as incurred as the expected amortization period would be one year or less.

(dba Gexpro Services)**

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Payment terms on invoiced amounts range from 10 to 120 days. In instances where the timing of revenue recognition differs from the timing of the right to invoice, the Company has determined that a significant financing component does not exist. The primary purpose of the Company's invoicing terms is to provide customers with simplified and predictable ways of purchasing the Company's products and not to receive financing from or provide financing to the customer.

Equity-based payments: Accounting guidance for equity-based compensation requires all equity-based payments to employees, including grants of profit interests, to be valued at fair value on the grant date and expensed over the applicable vesting period. For time-based awards, the Company recognizes the estimated fair value of the awards granted, if material, as compensation expense in the consolidated statement of comprehensive income on a straight-line basis over the vesting period. For performance-based awards, if any, the Company recognizes the fair value of the awards granted, if material, as compensation expense when achievement of the performance condition becomes probable.

Concentration of credit risk: The Company maintains cash at several financial institutions in the United States and Hungary. Balances for deposit accounts in the United States periodically are in excess of federally insured limits set by the United States Federal Deposit Insurance Corporation (FDIC). Balances deposited in financial institutions located in Hungary are not insured by the FDIC. The Company has not experienced any losses related to these accounts in the United States and Hungary.

During the period ended September 26, 2020, the Company had two customers that accounted for approximately 32% and 12% of the Company's revenues and approximately 28% and 10% of accounts receivable, respectively.

The Company has foreign operations in Hungary through its Hungarian subsidiary. Total net assets and net income of the Hungarian operations as of and for the period ended September 26, 2020 were \$14,622,209 and \$896,082, respectively. Total third-party revenue of the Hungarian operations for the period ended September 26, 2020 was \$11,912,360.

Advertising: The Company follows the policy of charging the costs of advertising to expense as incurred. Advertising expenses for the period ended September 26, 2020 were \$31,144.

Income taxes: Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets relate primarily to intangibles, accrued expenses and seniority premium, business interest expense limitations, and deferred tax liabilities relate primarily to goodwill. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The Company recognizes tax liabilities when the Company believes that certain positions may not be fully sustained upon review by tax authorities. Benefits from tax positions are measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Company files income tax returns in the U.S. federal jurisdiction and in Hungary on behalf of Gexpro Services Hungary.

Recent accounting pronouncements: In February 2016, the Financial Accounting Standards Board (FASB) issued ASU No. 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company is currently evaluating the impact of the pending adoption of the new standard on its consolidated financial statements.

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes*, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in ASC 740 and also clarifies and amends existing guidance to improve consistent application. This ASU is effective for the Company beginning on January 1, 2022. The Company is currently evaluating the impact of this new guidance on its consolidated financial statements.

In March 2020, the FASB issued ASU No. 2020-04, *Reference Rate Reform*, which provides temporary optional guidance to ease the potential burden in accounting for reference rate reform. The new guidance provides optional expedients and exceptions for applying generally accepted accounting principles to contract modifications and hedging relationships, subject to meeting certain criteria, that reference LIBOR or any other reference rate expected to be discontinued. The ASU is intended to help stakeholders during the global market-wide reference rate transition period. Therefore, it will be in effect for a limited time through December 31, 2022. The Company is currently evaluating the impact of this new guidance on its consolidated financial statements.

Note 3. Acquisition

On February 23, 2020, the Company acquired certain assets and assumed certain liabilities of Gexpro Services US, as well as the 100% membership interests of Rexel Magyarország Általános Kereskedelmi és Szolgáltató Kft from Rexel USA, Inc. and its affiliate for \$158,498,729 in cash for purposes of providing a growth investment to the Company. The allocation of the purchase price to the tangible and intangible assets acquired and liabilities assumed in connection with the Acquisition was based on estimated fair values supported by third party valuations.

Note 6. Revolver and Long-Term Debt

In connection with the Acquisition (Note 3), on February 23, 2020, the Company entered into a credit agreement with a financial institution under which the Company obtained a \$60,000,000 term loan and a \$15,000,000 revolving line of credit. The revolving line of credit and the term loan are set to expire on February 24, 2025. Availability of the revolving line of credit is reduced by issued and outstanding letters of credit, which are limited to \$35,000,000. There were \$700,000 outstanding letters of credit as of September 26, 2020.

At September 26, 2020, there was \$14,090,953 outstanding on the revolving line of credit. Available borrowings under the revolving line of credit were \$20,909,047 at September 26, 2020.

Borrowings under the credit facility bear interest at a rate equal to the base rate plus an applicable margin or the LIBOR adjusted rate plus an applicable margin. At September 26, 2020, the term loan and revolving line of credit bear interest at 8% and 3.5%, respectively. In addition to paying interest on outstanding principal balances under the credit facility, the Company is required to pay an unused commitment fee equal to 0.25% per annum based on the aggregate amount, for each day during such period, of the available revolving loan commitment. The commitment fee is payable monthly.

Borrowings under the credit facility are secured by Company's tangible and intangible assets. The credit facility contains various covenants limiting the Company's ability to incur indebtedness, grant certain liens, make certain loans, acquisitions and investments, make any material change to the nature of its business, or enter into a merger or sale of assets, including the sale or transfer of interests in the Company. The credit agreement requires the Company to maintain a certain total net leverage ratio and fixed charge ratio, as defined in the agreement, to be reported quarterly. The credit agreement also requires the Company to maintain a certain fixed charge coverage ratio.

Note 6. Revolver and Long-Term Debt (Continued)

At September 26, 2020, principal balances and unamortized debt issuance costs and discounts consist of the following:

Term note	\$ 59,700,000
Revolver	14,090,953
	<u>73,790,953</u>
Less unamortized debt issuance costs	(2,585,519)
Less current portion	<u>(600,000)</u>
Revolver and long-term debt, net of current portion and unamortized debt issuance costs	<u>\$ 70,605,434</u>

The term loan accrues interest monthly on the unpaid principal balance. The principal balance of the loan is repaid using the term reduction installment table, as defined in the credit agreement.

Unamortized debt issuance costs relating to the term loan and the line of credit paid as of September 26, 2020 are \$2,585,519. Amortization expense related to debt issuance costs and discount was \$345,150 and for the period ended September 26, 2020, and is included with interest expense in the accompanying consolidated statement of comprehensive income.

Note 7. Equity-Based Compensation

Effective December 19, 2019, 301 HW Opus Investor, LLC. (the Parent) entered into a Limited Liability Company Agreement (LLC Agreement) which allows the Parent to issue up to 10,000,000 Common Units (Profit Interests). During the period ended September 26, 2020, the Parent granted certain executive members and employees of the Company 11,820 incentive units (Executive Units) and 2,849 bonus units (Employee Units), respectively.

A summary of the activity related to the Profit Interests for the period ended September 26, 2020 is as follows:

	Number of Units	
	Executive Units	Employee Units
Unvested, February 23, 2020	—	—
Granted	11,820	2,849
Vested	—	—
Forfeited	—	—
Unvested, September 26, 2020	<u>11,820</u>	<u>2,849</u>

For Executive Units, based on the Management Equity Agreement (Equity Agreement), 50% of Units will vest over a five-year service period and 50% will vest upon a change of control of the Company. For Bonus Units, based on the Equity Equivalent Incentive Plan (Incentive Agreement), 100% of units will vest upon a change in control of the Company. ASC 718 states that an employee's share-based payment becomes vested at the date that

**301 HW Opus Holdings, Inc.
(dba Gexpro Services)****Notes to Consolidated Financial Statements**

Note 7. Equity-Based Compensation (Continued)

the employee's right to receive or retain equity instruments is no longer contingent on satisfaction of either a performance condition or a service condition, and compensation cost is only recognized for an award of share-based compensation if the requisite service is expected to be rendered (i.e., the awards are expected to vest). Accordingly, for awards for which the forfeiture provisions are so substantial that it is not deemed probable that true vesting will occur (i.e., the awards will become non-forfeitable) no compensation expense would be recognized until such time as it becomes probable the awards will vest and no longer be subject to forfeiture. Therefore, the Company did not record any compensation expenses for units vesting upon a change in control of the Company for the period ended September 26, 2020. The estimated fair value of these units granted to executive members and employees range from \$170 to \$212 per share.

The estimated fair value of Executive Units subject to time vesting was approximately \$224 per share. Grant-date fair value was determined using the following assumptions in a Monte Carlo simulation similar to the Option-Pricing Method:

Expected holding period	5.00
Risk-free rate	1.30%
Volatility	50.00%

The expected holding period (in years) is based on management's estimate for a major liquidation event. Volatility is based on the annualized standard deviation using historical values of Gexpro Services' independently appraised common units. The risk-free interest rate is estimated using the zero coupon U.S. Treasury rates with maturity dates approximating the expected holding period of the common unit on the grant dates. Forfeitures are recognized when they occur.

The Company recognized \$154,517 of equity-based compensation expense during the period ended September 26, 2020.

Note 8. Income Taxes

The effective income tax rate as 29.38% for the period ended September 26, 2020.

Tax legislation: On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was signed into law making several changes to the Internal Revenue Code. The changes include, but are not limited to: increasing the limitation on the amount of deductible interest expense, allowing companies to carryback certain net operating losses, and increasing the amount of net operating loss carryforwards that corporations can use to offset taxable income. The tax law changes in the Act did not have a material impact on the Company's income tax provision.

Note 9. Employee Benefit Plans

The Company sponsors a qualified defined contribution retirement plan that allows eligible employees to contribute a discretionary percentage of their compensation, subject to annual limits set by the Internal Revenue Service. Employees are eligible for participation in the plan on the first day of the plan year quarter coinciding with or next following date requirements are met. The Company will make matching safe harbor contributions and may make discretionary matching contributions based on the level of employee contribution. Company contributions for the period ended September 26, 2020 was \$498,358.

Note 10. Commitments and Contingencies

Lease commitments: The Company leases multiple properties under operating leases. Total rental expense for all operating leases was \$2,064,416 for the period ended September 26, 2020. Existing leases may have varying terms including but not limited to terms of renewal or purchase options and escalation clauses.

In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. Notes to Consolidated Financial Statements

Note 1. Nature of Business and Organization

HW Opus Holdings, Inc. (Inc.), and its wholly-owned subsidiary GS Operating, LLC (formerly known as 301 HW Opus Holdco, LLC), were formed on November 7 and 14, 2019, respectively. The sole purpose of their formation was to acquire certain assets and assume certain liabilities of Gexpro Services US, and to acquire the 100% membership interest of Rexel Magyarország Általános Kereskedelmi és Szolgáltató Kft (Gexpro Services Hungary, together with Gexpro Services US, Gexpro Services) from Rexel USA, Inc. and its affiliate. The transaction was consummated effective February 23, 2020 (the Acquisition), upon the close of business. Inc., together with its consolidated subsidiaries, are collectively referred to as the Company. The operating results of the acquired business are included in the Company's consolidated financial statements beginning February 24, 2020.

Gexpro Services is a supply-chain solutions provider to original equipment manufacturers (OEM) for production line, field installation, repair and overhaul and aftermarket consumption of hardware, fasteners, nuts, bolts, catalogue parts, gaskets, seals, O-rings, valves and other electronic parts. The Company is headquartered in Irving, Texas, with inventory selling/holding facilities across the United States, Hungary and China.

GS Holdings RE, LLC (RE) was organized under the laws of Delaware on May 21, 2021. RE was formed and funded for the purposes of acquiring and holding a real estate property under the direction of the Company. The Parent of RE and the Company is the same.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Company's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). While the Company's fiscal year end is December 31, the Company's fiscal month is a 4/5-week operating cycle that ends on the last Saturday in September. The consolidated financial statements cover the period from January 1, 2021 through September 25, 2021 (the period ended September 25, 2021) and period from February 23, 2020 through December 31, 2020 (the period ended December 31, 2020).

Principles of consolidation: The consolidated financial statements include the financial position, results of operations and cash flows of Inc. and its wholly owned subsidiaries. The Company also analyzes potential interest in other entities to determine if a variable interest entity (VIE) relationship exists. When the Company determines it holds current or potential rights that allows it to direct the activities of another entity which enables it to potentially receive significant benefits or obligations to absorb potentially significant losses, the Company is determined to have a controlling interest in that VIE. The financial statements of Inc. and RE are consolidated as RE was determined to be a VIE of GS Operating, LLC (a wholly owned subsidiary of the Company) has a note receivable of approximately \$1,700,000 from RE and RE's assets consist of a real estate property with a carrying value of approximately \$1,700,000. All significant intercompany accounts and transactions have been eliminated in consolidation.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(dba Gexpro Services)**

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Cash and cash equivalents: The Company considers all investments purchased with an original maturity of three months or less to be cash equivalents.

Trade accounts receivable: Trade accounts receivable are carried at original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts on a monthly basis. Management determines the allowance for doubtful accounts by identifying troubled accounts and by using historical experience applied to an aging of accounts. Trade accounts receivable are written off when deemed uncollectible. Recoveries of trade accounts receivable previously written off are recorded when received.

Inventories: Inventories are stated at the lower of cost and net realizable value. Cost includes purchases of packing components and costs associated with outsourced production. Inventory is relieved based on the moving weighted average method. In circumstances where inventory is deemed obsolete or not saleable due to its condition or where the inventory cost for an item exceeds its net realizable value, management records a charge to cost of goods sold and reduces the inventory to its net realizable value. As of September 25, 2021 and December 31, 2020, the Company recorded an inventory obsolescence reserve in the amount of \$6,829,582 and \$6,108,605, respectively.

Property, plant and equipment: Property, plant and equipment are stated at cost and depreciated using the straight-line method over the estimated useful lives of the assets, 10-30 years for building and improvements, 3-8 years for warehouse and office equipment, 3 years for computer software, 3 years for vehicles, and over the shorter of the useful life of the assets or term of the underlying leases for leasehold improvements. The costs of repairs, maintenance and minor renewals are charged to expense as incurred.

When property and equipment are retired, sold, or otherwise disposed of, the asset's carrying amount and related accumulated depreciation are removed from the accounts and any gain or loss is included in the income from operations.

Intangible assets: The Company classifies all of intangible assets as definite-lived intangible assets that were initially measured at fair value. Definite-lived intangibles include tradenames customer contracts and non-compete agreements.

Impairment of long-lived assets: The Company periodically evaluates the carrying value of long-lived assets to be held and used, at the asset group level, including, but not limited to, intangible assets, when events and circumstances warrant such a review. The carrying value of a long-lived asset is considered impaired when the anticipated undiscounted cash flow from such asset is less than its carrying value. In that event, a loss would be recognized based on the amount by which the carrying value exceeds the fair value of the long-lived asset. Fair value would be determined primarily using the anticipated cash flows discounted at a rate commensurate with the risk involved. Losses on long-lived assets to be disposed of are determined in a similar manner, except that fair values are reduced for the cost to dispose. There were no such impairment losses recognized for the periods ended September 25, 2021 and December 31, 2020.

Goodwill: Goodwill is not amortized, but instead is tested for impairment annually at December 31 of each year or if certain circumstances indicate a possible impairment may exist. The Company makes an initial qualitative evaluation, based on the entity's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. No impairment was recognized during the periods ended September 25, 2021 and December 31, 2020.

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Debt issuance costs: The Company defers certain costs incurred in connection with obtaining financing in accordance with Accounting Standards Update (ASU) No. 2015-03 and amortizes those costs over the terms of the underlying debt. The amortization expense is included in interest expense in the accompanying statement of comprehensive income. Amortization of costs is measured based on the effective interest method for term loans and straight line for the revolver. Unamortized debt issuance costs associated with the term loan and the revolving line of credit are classified as a reduction of long-term debt.

Comprehensive income: The Company reports comprehensive income in the consolidated statements of comprehensive income. Comprehensive income consists solely of net income and foreign currency translation adjustments for the period.

Foreign currency translation: The functional currency of the Company's foreign subsidiaries is the local currency. Asset and liability accounts are translated at exchange rates existing at the balance sheet date. Revenue and expense accounts are translated at average exchange rates prevailing during the period. Equity accounts are translated at historical exchange rates. Translation adjustments are recorded as comprehensive income in shareholder's equity. Gains and losses from foreign currency denominated transactions are recognized in earnings. Translation adjustments are accumulated and recorded as a separate component of shareholder's equity.

Revenue recognition: The Company recognizes revenue in accordance with Accounting Standards Codification (ASC) Topic 606, Revenue from Contracts with Customers, which provides a five-step model for recognizing revenue from contracts with customers as follows:

- Identify the contract with a customer
- Identify the performance obligations in the contract
- Determine the transaction price
- Allocate the transaction price to the performance obligations in the contract
- Recognize revenue when or as performance obligations are satisfied

The Company's products are marketed and sold primarily to OEM globally. Sales of products are subject to economic conditions and may fluctuate based on changes in the industry, trade policies and financial markets.

The majority of the Company's revenue contracts represent a single performance obligation related to the fulfillment of customer orders for the purchase of the Company's products. Revenue from sales of the Company's products are recognized upon transfer of control to the customer, which is typically when the product has been shipped from its inventory holding facilities in US and Hungary.

The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring goods to the customer. Revenue is recorded based on the transaction price, which includes fixed consideration and estimate of variable consideration such as early payment/volume discounts and rebates.

The amount of variable consideration included in the transaction price is constrained and is included only to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

(dba Gexpro Services)**

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Company has elected to treat shipping and handling activities related to contracts with customers as costs to fulfill the promise to transfer the Company's products and not as a separate performance obligation. Amounts billed to customers for shipping are classified as revenue. All outbound shipping and handling costs are classified as selling, general and administrative expense, total costs incurred for the periods ended September 25, 2021 and December 31, 2020 were \$1,069,364 and \$838,513, respectively.

Sales commissions paid to internal sales personnel, as well as associated payroll taxes and retirement plan contributions (together, incentive compensation and associated costs) that are incremental to the acquisition of customer contracts, are required to be capitalized as deferred contract cost on the balance sheet when the period of benefit is determined to be greater than one year. The Company has elected to apply the practical expedient to expense sales commissions and associated costs as incurred as the expected amortization period would be one year or less.

Payment terms on invoiced amounts range from 10 to 120 days. In instances where the timing of revenue recognition differs from the timing of the right to invoice, the Company has determined that a significant financing component does not exist. The primary purpose of the Company's invoicing terms is to provide customers with simplified and predictable ways of purchasing the Company's products and not to receive financing from or provide financing to the customer.

Equity-based payments: Accounting guidance for equity-based compensation requires all equity-based payments to employees, including grants of profit interests, to be valued at fair value on the grant date and expensed over the applicable vesting period. For time-based awards, the Company recognizes the estimated fair value of the awards granted, if material, as compensation expense in the consolidated statement of comprehensive income on a straight-line basis over the vesting period. For performance-based awards, if any, the Company recognizes the fair value of the awards granted, if material, as compensation expense when achievement of the performance condition becomes probable.

Concentration of credit risk: The Company maintains cash at several financial institutions in the United States and Hungary. Balances for deposit accounts in the United States periodically are in excess of federally insured limits set by the United States Federal Deposit Insurance Corporation (FDIC). Balances deposited in financial institutions located in Hungary are not insured by the FDIC. The Company has not experienced any losses related to these accounts in the United States and Hungary.

During the period ended September 25, 2021, the Company had two customers that accounted for approximately 26% and 11% of the Company's revenues and approximately 16% and 5% of accounts receivable, respectively.

During the period ended December 31, 2020, the Company had two customers that accounted for approximately 31% and 11% of the Company's revenues and approximately 25% and 7% of accounts receivable, respectively.

The Company has foreign operations in Hungary through its Hungarian subsidiary. Total net assets and net income of the Hungarian operations as of September 25, 2021 were \$13,511,427 and \$1,252,894, respectively. Total net assets and net income of the Hungarian operations as of December 31, 2020 were \$15,621,375 and \$1,423,300, respectively. Total third-party revenue of the Hungarian operations for the periods ended September 25, 2021 and December 31, 2020 were \$14,579,324 and \$17,245,681, respectively.

Notes to Consolidated Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Advertising: The Company follows the policy of charging the costs of advertising to expense as incurred. Advertising expenses for the periods ended September 25, 2021 and December 31, 2020 were \$0 and \$30,144, respectively.

Income taxes: Deferred taxes are provided on a liability method whereby deferred tax assets are recognized for deductible temporary differences and operating loss and tax credit carryforwards and deferred tax liabilities are recognized for taxable temporary differences. Temporary differences are the differences between the reported amounts of assets and liabilities and their tax bases. Deferred tax assets relate primarily to intangibles, accrued expenses and seniority premium, business interest expense limitations, and deferred tax liabilities relate primarily to goodwill. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be realized. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment.

The Company recognizes tax liabilities when the Company believes that certain positions may not be fully sustained upon review by tax authorities. Benefits from tax positions are measured at the largest amount of benefit that is greater than 50% likely of being realized upon settlement. To the extent that the final tax outcome of these matters is different than the amounts recorded, such differences impact income tax expense in the period in which such determination is made. Interest and penalties, if any, related to accrued liabilities for potential tax assessments are included in income tax expense.

The Company files income tax returns in the U.S. federal jurisdiction and in Hungary on behalf of Gexpro Services Hungary.

Recent accounting pronouncements: In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2021, including interim periods within those fiscal years. A modified retrospective transition approach is required for lessees for capital and operating leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements, with certain practical expedients available. The Company is currently evaluating the impact of the pending adoption of the new standard on its consolidated financial statements.

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740): Simplifying the Accounting for Income Taxes*, which is intended to simplify various aspects related to accounting for income taxes. ASU 2019-12 removes certain exceptions to the general principles in ASC 740 and also clarifies and amends existing guidance to improve consistent application. This ASU is effective for the Company beginning on January 1, 2022. The Company is currently evaluating the impact of this new guidance on its consolidated financial statements.

In March 2020, the FASB issued ASU No. 2020-04, *Reference Rate Reform*, which provides temporary optional guidance to ease the potential burden in accounting for reference rate reform. The new guidance provides optional expedients and exceptions for applying generally accepted accounting principles to contract modifications and hedging relationships, subject to meeting certain criteria, that reference LIBOR or any other

Note 7. Equity-Based Compensation

Effective December 19, 2019, 301 HW Opus Investor, LLC. (the Parent) entered into a Limited Liability Company Agreement (LLC Agreement) which allows the Parent to issue up to 10,000,000 Common Units (Profit Interests). During the period ended December 31, 2020, the Parent granted certain executive members and employees of the Company 11,820 incentive units (Executive Units) and 2,849 bonus units (Employee Units), respectively. There was not any incentive units granted for the period ended September 25, 2021.

**301 HW Opus Holdings, Inc.
(dba Gexpro Services)****Notes to Consolidated Financial Statements****Note 7. Equity-Based Compensation (Continued)**

A summary of the activity related to the Profit Interests during the periods ended September 25, 2021 and December 31, 2020 is as follows:

	Number of Units	
	Executive Units	Employee Units
Unvested, February 23, 2020	—	—
Granted	11,820	2,849
Vested	—	—
Forfeited	—	—
Unvested, December 31, 2020	<u>11,820</u>	<u>2,849</u>
Granted	—	—
Vested	(1,182)	—
Forfeited	—	—
Unvested, September 25, 2021	<u>10,638</u>	<u>2,849</u>

For Executive Units, based on the Management Equity Agreement (Equity Agreement), 50% of Units will vest over a five-year service period and 50% will vest upon a change of control of the Company. For Bonus Units, based on the Equity Equivalent Incentive Plan (Incentive Agreement), 100% of units will vest upon a change in control of the Company. ASC 718 states that an employee's share-based payment becomes vested at the date that the employee's right to receive or retain equity instruments is no longer contingent on satisfaction of either a performance condition or a service condition, and compensation cost is only recognized for an award of share-based compensation if the requisite service is expected to be rendered (i.e., the awards are expected to vest). Accordingly, for awards for which the forfeiture provisions are so substantial that it is not deemed probable that true vesting will occur (i.e., the awards will become non-forfeitable) no compensation expense would be recognized until such time as it becomes probable the awards will vest and no longer be subject to forfeiture. Therefore, the Company did not record any compensation expenses for units vesting upon a change in control of the Company for the periods ended September 25, 2021 and December 31, 2020. The estimated fair value of these units granted to executive members and employees range from \$170 to \$212 per share.

The estimated fair value of Executive Units subject to time vesting was approximately \$224 per share. Grant-date fair value was determined using the following assumptions in a Monte Carlo simulation similar to the Option-Pricing Method:

Expected holding period	5.00
Risk-free rate	1.30%
Volatility	50.00%

The expected holding period (in years) is based on management's estimate for a major liquidation event. Volatility is based on the annualized standard deviation using historical values of Gexpro Services' independently appraised common units. The risk-free interest rate is estimated using the zero coupon U.S. Treasury rates with maturity dates approximating the expected holding period of the common unit on the grant dates. Forfeitures are recognized when they occur.

(dba Gexpro Services)**Notes to Consolidated Financial Statements**

The Company recognized \$198,655 and \$220,739 of equity-based compensation expense during the periods ended September 25, 2021 and December 31, 2020, respectively. As of September 25, 2021, \$905,027 of unrecognized equity-based compensation expense relates to granted, time-vesting based Executive Units with a weighted-average remaining vesting period of approximately 3 years.

Schedule (the “Acquisition”) and (y) in connection with such Acquisition, Parent shall hold back at the Closing 700,000 Parent Common Shares (the “Holdback Shares”), which Holdback Shares shall be held by Parent until released to the Company Equityholder or forfeited in accordance with the terms of this Section 2.8(d).

(i) In the event that Company Equityholder or any of its Affiliates proposes to enter into any definitive agreements with respect to the Acquisition (or any amendment or waiver with respect thereto), (A) Company Equityholder shall give Parent reasonably advance written notice thereof, together with copies of all such definitive agreements (or amendments or waivers with respect thereto); and (B) the Parties acknowledge and agree that entry into such definitive agreements shall be subject to approval thereof by the Special Committee; provided, however, that the Special Committee’s determination of whether or not to approve the entry into such definitive agreements must be made no later than 11:59 p.m. Central time on the second Business Day after the date on which Company Equityholder provides the written notice contemplated by the foregoing clause (A). Nothing in this Section 2.8(d) shall obligate the Special Committee, Parent or any of its Affiliates (including the Surviving Corporation) to approve of the Acquisition if such Acquisition is not on terms and conditions that are substantially similar in all material respects to the terms and conditions set forth in Section 2.8(d) of the Company Disclosure Schedule, or if the board of directors or other governing body (or any committee thereof, including the Special Committee) of Parent or any of its Affiliates (including the Surviving Corporation) determines that such Acquisition is not in the best interests of such party or its stockholders, or would reasonably be expected to be inconsistent with such directors’ or managers’ fiduciary duties. The Parties acknowledge and agree that after the date of this Agreement, with respect to Company’s pursuit of new acquisitions (other than the Acquisition), all such new acquisitions shall be subject to the terms and conditions of Section 6.2.

(ii) The amount (if any) of Holdback Shares to be issued and delivered to the Company Equityholder in respect of Accretion (the “Released Shares”) shall be equal to the Holdback Release Formula, as finally determined in accordance with this Section 2.8(d). For all purposes of this Agreement, the calculation of Accretion and the components used in calculating Accretion, as well as the calculation of the Released Shares to be issued and delivered to the Company Equityholder calculated using the Holdback Release Formula, shall be based solely upon the Acquisition if consummated during the period beginning after the date hereof and ending ninety (90) days after the Closing, on the terms and subject to the conditions set forth herein. No later than five (5) Business Days following the date that is ninety (90) days following the Closing, the Company Equityholder shall deliver a statement (an “Accretion Statement”) to Parent setting forth its good faith calculation of Accretion and the components used in calculating Accretion, in each case in reasonable detail, as well as its calculation of the amount of Released Shares to be issued and delivered to the Company Equityholder calculated using the Holdback Release Formula. Parent shall have forty-five (45) days following receipt of the Accretion Statement to review the Accretion Statement and to notify the Company Equityholder in writing of any dispute regarding any calculations set forth therein (an “Accretion Dispute Notice”), specifying the reasons for its dispute in reasonable detail. If no Accretion Dispute Notice is delivered by Parent within such forty-five (45) day period or if Parent delivers a written acceptance of the calculations set forth in the Accretion Statement within such forty-five (45) day period, then the calculations set forth in the Accretion Statement shall become final and binding on the Parties.

(iii) If, following the final determination of Accretion and Released Shares in accordance with this Section 2.8(d), there remain any Holdback Shares, then the amount of any such remaining Holdback Shares to be issued and delivered to the Company Equityholder shall be determined using the Earnout Formula and in accordance with this Section 2.8(d)(iii). No later than March 15, 2023, Parent shall deliver a statement (an “Earnout Statement”) to the Company Equityholder setting forth its good faith calculation of the amount of remaining Holdback Shares (the “Earnout Shares”) to be issued and delivered to the Company Equityholder using the Earnout Formula. The Earnout Statement shall also set forth in reasonable detail Parent’s calculation of the components of the Earnout Formula. The Company Equityholder shall have forty-five (45) days following receipt of the Earnout Statement to review the Earnout Statement and to notify Parent in writing of any dispute regarding the calculations set forth therein (an “Earnout Dispute Notice”), specifying the reasons for its dispute

in reasonable detail. If no Earnout Dispute Notice is delivered by the Company Equityholder within such forty-five (45) day period or if the Company Equityholder delivers a written acceptance of the calculations set forth in the Earnout Statement within such forty-five (45) day period, then the calculations set forth in the Earnout Statement shall become final and binding on the Parties.

(iv) In connection with Parent's review of the Accretion Statement, the Company Equityholder shall provide Parent and its Representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of the Company Equityholder, work papers, schedules, memoranda and other documents used or prepared by the Company Equityholder in connection with its preparation of the Accretion Statement, and other relevant items reasonably requested by Parent, and the Company Equityholder shall cooperate reasonably with Parent and its Representatives in connection therewith.

(v) In connection with the Company Equityholder's review of the Earnout Statement, Parent shall provide the Company Equityholder and its Representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of Parent and the Surviving Corporation, work papers, schedules, memoranda and other documents used or prepared by Parent or the Surviving Corporation in connection with its preparation of the Earnout Statement, and other relevant items reasonably requested by the Company Equityholder, and Parent and the Surviving Corporation shall cooperate reasonably with the Company Equityholder and its Representatives in connection therewith.

(vi) In the event that Parent delivers an Accretion Dispute Notice or the Company Equityholder delivers an Earnout Dispute Notice (each, a "Dispute Notice," and together, the "Dispute Notices") in accordance with this Section 2.8(d), Parent and the Company Equityholder shall cooperate in good faith to resolve each dispute set forth in any such Dispute Notice as promptly as practicable, and, upon any such resolution, any adjustments to the Accretion Statement and/or Earnout Statement, as applicable, shall be made as agreed upon by Parent and the Company Equityholder in writing. If Parent and the Company Equityholder are unable to resolve any dispute within thirty (30) days (or such longer period as Parent and the Company Equityholder shall mutually agree in writing) of the delivery of the relevant Dispute Notice, such dispute shall be resolved by the Independent Accounting Firm, acting as an expert and not an arbitrator, and such determination by the Independent Accounting Firm shall be final and binding on the Parties, except that (x) the Independent Accounting Firm may consider only those items and amounts (and related items and amounts) as to which Parent and the Company Equityholder have disagreed within the time periods and on the terms specified above and (y) the Independent Accounting Firm's determination of the amount of Accretion, Released Shares and/or Earnout Shares, as applicable, may not be less than the lower, or more than the higher, of Parent's and the Company Equityholder's respective calculations of the applicable amount. Each of Parent and the Company Equityholder shall bear fifty percent (50%) of any expenses relating to the engagement of the Independent Accounting Firm. The Independent Accounting Firm shall be instructed to use reasonable best efforts to make its final determination within thirty (30) days of submission by the Parties of the dispute to it and, in any case, as promptly as practicable after such submission. Each of Parent and the Company Equityholder shall furnish the Independent Accounting Firm such work papers and other documents and information relating to the disputed issues as the Independent Accounting Firm shall reasonably request.

(vii)

A. Upon the final and binding determination of the amount of the Released Shares (whether pursuant to Section 2.8(d)(ii) or Section 2.8(d)(vi)), Parent shall issue and deliver such amount of Released Shares to the Company Equityholder within five (5) Business Days after such final and binding determination, free and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with a statement of the transfer agent of Parent certifying as to the book-entry issuance thereof.

B. Upon the final and binding determination of the amount of the Earnout Shares (whether pursuant to Section 2.8(d)(iii) or Section 2.8(d)(vi)), Parent shall issue and deliver such amount of Earnout Shares to the Company Equityholder within five (5) Business Days after such final and binding determination, free

and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with a statement of the transfer agent of Parent certifying as to the book-entry issuance thereof.

C. For the avoidance of doubt, in no event shall the aggregate of the Released Shares and Earnout Shares exceed the amount of Holdback Shares.

(viii) From and after the Closing and until such time as the final determination of the Released Shares and the Earnout Shares, if any, that are to be issued and delivered to the Company Equityholder pursuant to this Section 2.8(d), Parent shall not, and shall cause each of its Affiliates, including the Surviving Corporation, to not, without the written consent of the Company Equityholder (such consent not to be unreasonably withheld, conditioned or delayed) (any of the following, the “Prohibited Actions”):

A. take any action the sole intention and purpose of which is reducing the amount of Released Shares or Earnout Shares to be delivered to the Company Equityholder; or

B. voluntarily liquidate, dissolve or wind-up the affairs of the Surviving Corporation;

provided, that any action or omission taken by or with the unanimous consent or approval of the Parent Board shall not be deemed to be a Prohibited Action, or taken into account for purposes of determining whether an action or omission constitutes a Prohibited Action.

(ix) In the event that, following the Closing and prior to the end of the Earnout Period, (A) there occurs a sale or other disposition of all or substantially all of the assets of Parent, or a merger, consolidation, recapitalization or other transaction in which any Person and its Affiliates (other than the Company Equityholder, the Excluded Company Parties or any of their respective Affiliates), together with any Persons (other than the Company Equityholder, the Excluded Company Parties or any of their respective Affiliates) that “roll over” interests in Parent in connection with and as an integrated step of such transaction, becomes the beneficial owner, directly or indirectly, of one hundred percent (100%) of the combined voting power of all interests in Parent or any successor of Parent that beneficially owns the Company Group (this clause (A), a “Transaction Event”) or (B) (1) Parent makes a general assignment for the benefit of creditors, (2) Parent institutes any proceeding seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any Law relating to bankruptcy, insolvency or reorganization or (3) any proceeding shall be instituted by any third party against Parent seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any Law relating to bankruptcy, insolvency or reorganization, and an order for relief against Parent shall have been entered into by a court of competent jurisdiction in such proceeding that remains unstayed and in effect for 60 days, Parent shall issue and deliver to the Company Equityholder (and, in the case of a Transaction Event, such issuance and delivery shall take place immediately prior to the consummation of such Transaction Event) all of the remaining Holdback Shares, free and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with an executed certificate of the transfer agent of Parent certifying as to the book-entry issuance thereof. Upon issuance and delivery of remaining Holdback Shares pursuant to this Section 2.8(d)(ix), the obligations of Parent under this Section 2.8(d) shall be deemed fully satisfied and be of no further force or effect.

(x) Notwithstanding anything in this Agreement to the contrary, in the event of any change to the Parent Common Shares (or securities convertible thereto or exchangeable or exercisable therefor) issued and outstanding following the Closing as a result of a reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, exchange or readjustment of shares, issuer tender or exchange offer, or other similar transaction, the Holdback Shares shall be equitably adjusted, without duplication, to provide the Company Equityholder the same economic effect contemplated by this Agreement prior to such change.

(xi) Until such time as the Holdback Shares are issued and delivered pursuant to this Section 2.8(d), the Company Equityholder shall have no rights as a record or beneficial owner of such Holdback

Shares, including as to any dividends, distributions and other earnings thereon or the right to vote such Holdback Shares.

(xii) The Parties acknowledge and agree that all calculations with respect to the release of Holdback Shares, including Company EBITDA and Company EBITDA Delta, shall exclude the effects of any “reverse acquisition accounting” or similar accounting adjustments resulting from any Person other than Parent (including the Company) being the “accounting acquiror” of Parent for purposes of GAAP as a result of the consummation of the Transactions.

(xiii) For purposes of this [Section 2.8\(d\)](#) only, the term “Special Committee” shall mean any committee of the Parent Board (as it may be constituted from time to time) comprised solely of independent directors who are independent of the Excluded Company Parties.

officer, manager, director, employee, agent, partner, Affiliate or otherwise, solicit, initiate or encourage the submission of any proposal or offer from any person or entity relating, with respect to the Company Group, to any (a) merger or consolidation, (b) acquisition or purchase of all or substantially all of the assets of, or a majority of the equity interests in, any of the Company Group or (c) similar transaction or business combination (a “Competing Transaction”), nor participate in any or continue any ongoing discussions or negotiations regarding, or furnish to any other person or entity any information with respect to, or otherwise cooperate in any way with, or facilitate any effort or attempt by any person or entity to effect a Competing Transaction. Company shall, and shall cause all Persons acting on behalf of it to immediately cease any existing activities, discussions and negotiations with any Persons with respect to any of the foregoing.

6.6 Efforts. Subject to the terms and conditions hereof, each Party shall use its commercially reasonable efforts to (a) consummate the transactions contemplated by this Agreement as promptly as practicable and (b) obtain, or cause to be obtained, all actions or nonactions, waivers, authorizations, expirations or terminations of waiting periods, clearances, consents and approvals required to be obtained (including under the HSR Act and the Antitrust Laws of any other jurisdiction) from any Governmental Authorities or third parties in connection with the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby. The “commercially reasonable efforts” of (i) Company shall not require any of the Company Group or its Representatives to expend any money to remedy any breach of any representation or warranty hereunder, to obtain any consent required for consummation of the transactions contemplated by this Agreement, other than *de minimis* administrative fees or fees for which Parent agrees to be responsible, or to provide financing to Parent for consummation of the transactions contemplated by this Agreement; and (ii) Parent and Merger Sub shall not require any of Parent or Merger Sub, or any of their respective Representatives, to expend any money to remedy any breach of any representation or warranty hereunder or to obtain any consent required for consummation of the transactions contemplated by this Agreement, other than *de minimis* administrative fees and any fees required to be paid by any member of the Parent Group under applicable Law in order for the consent of the relevant Governmental Authority to be obtained.

6.7 Competition Clearance.

(a) Without limiting Section 6.6, each Party agrees to make, or cause to be made, (i) an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated by this Agreement as promptly as practicable and in any event within fifteen (15) Business Days of the date hereof, and (ii) any filing that may be required under any other Antitrust Law, if applicable, within twenty (20) Business Days of the date of mutual determination by the Parties as to applicability of such other Antitrust Law; and use reasonable best efforts to respond as promptly as practicable to any request for additional information and documentary material pursuant to the HSR Act or any other Antitrust Law and use reasonable best efforts to take all other actions necessary, proper or advisable to cause the expiration or termination of the applicable waiting periods under the HSR Act or any other Antitrust Law as soon as practicable.

(b) Each of Company, on the one hand, and Parent, on the other hand, shall, in connection with the efforts referenced in Section 6.7(a) to obtain all requisite approvals and authorizations for the transactions contemplated by this Agreement under the HSR Act or any other Antitrust Law, use its reasonable best efforts to (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including any proceeding initiated by a private party, (ii) keep the other Party reasonably informed of any communication received by such party from, or given by such Party to, the Federal Trade Commission (the “FTC”), the Antitrust Division of the Department of Justice (the “DOJ”) or any other Governmental Authority and of any communication received or given in connection with any proceeding by a private party, in each case regarding any of the transactions contemplated by this Agreement, and (iii) permit the other Party to review any communication given by it to, and to the extent reasonably practicable consult with each other in advance of any meeting or conference with, the FTC, the DOJ or any other Governmental Authority or, in connection with any proceeding by a private party, with any other Person, and to the extent permitted by the FTC, the DOJ or such other applicable Governmental Authority or other Person, give the other Party the opportunity to attend and participate in such meetings and conferences.

(c) In furtherance and not in limitation of the covenants of the Parties contained in Sections 6.7(a) and (b), if any objections are asserted with respect to the transactions contemplated by this Agreement under any Antitrust Law or if any suit is instituted (or threatened to be instituted) by the FTC, the DOJ or any other applicable Governmental Authority or any private party challenging any of the transactions contemplated by this Agreement as being in violation of any Antitrust Law or which would otherwise prevent, materially impede or materially delay the consummation of the transactions contemplated by this Agreement, each of Company and Parent shall use reasonable best efforts to take, or cause to be taken, all such reasonable actions as may be necessary to resolve objections or suits so as to permit consummation of the Merger and the other transactions contemplated by this Agreement in a timely manner; provided, however, that Parent shall have the unilateral right to determine whether or not the Parties will litigate with any Governmental Authorities to oppose any enforcement action seeking to impose any Burdensome Condition on Parent or any of its Affiliates; provided further, however, Parent shall consult with the Company and in good faith take the Company's views into account regarding the overall strategic direction of any such litigation and consult with the Company prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning such litigation.

(d) Notwithstanding any other provision of this Agreement to the contrary, the obligations of Parent under this Section 6.7 shall include Parent: (i) selling, divesting, or otherwise conveying particular assets, categories, portions or parts of assets or businesses of Parent and its Affiliates contemporaneously with or subsequent to the Closing; (ii) agreeing to sell, divest, or otherwise convey any particular asset, category, portion or part of an asset or business of the Company Group contemporaneously with or subsequent to the Closing; (iii) agreeing to permit any of the Company Group to sell, divest, or otherwise convey any of the particular assets, categories, portions or parts of assets or business of any of the Company Group prior to the Closing; and (iv) licensing, holding separate or entering into similar arrangements with respect to its assets or the assets of any of the Company Group or terminating any and all joint venture, strategic partnership and other similar agreements as a condition to obtaining any and all expirations of waiting periods under the HSR Act or consents from any Governmental Authority necessary to consummate the transactions contemplated by this Agreement, in each case, to the extent such action is reasonably necessary to avoid, prevent, eliminate or remove the actual or threatened (x) commencement of any investigation or proceeding in any forum or (y) issuance or enactment of any Governmental Order or applicable Law that would delay, restrain, prevent, enjoin or otherwise prohibit consummation of the Closing and the other transactions contemplated by this Agreement by any Governmental Authority (any such action, a "Remedial Action"); provided, however, that, notwithstanding anything in this Section 6.7(d) to the contrary, Parent shall not be required to, in connection with its obligations under this Section 6.7, offer or accept, or agree, commit to agree or consent to, any Remedial Action that constitutes a Burdensome Condition (it being understood that nothing in this proviso shall limit Parent's obligations under Section 6.7(e)). No Remedial Action taken pursuant to this Section 6.7(d) shall be considered for purposes of determining whether a Company Material Adverse Effect or Parent Material Adverse Effect has occurred.

(e) Each Party shall diligently assist and cooperate with the other Party in preparing and filing any and all written communications that are to be submitted to any Governmental Authorities in connection with the transactions contemplated by this Agreement and in obtaining any approvals and authorizations which may be required to be obtained for the transactions contemplated by this Agreement under the HSR Act or any other Antitrust Law, which assistance and cooperation shall include: (i) timely furnishing to the requesting Party all information concerning such Party and/or its respective Affiliates that counsel to the requesting Party reasonably determines is required to be included in such documents or would be helpful in obtaining such approval or authorization; (ii) promptly providing the requesting Party with copies of all written communications to or from any Governmental Authority relating to any Antitrust Law; provided, however, that such copies may be redacted as necessary to address legal privilege or confidentiality concerns or to comply with applicable Law; provided, further, that portions of such copies that are competitively sensitive may be designated as "outside antitrust counsel only"; (iii) keeping the other Party reasonably informed of any material communication received or given in connection with any Action by such Party, in each case regarding the transactions contemplated by this Agreement; and (iv) permitting the other Party to review and incorporate reasonable comments of the other Party

in any material communication given by such Party to any Governmental Authority or in connection with any proceeding related to the HSR Act or any Antitrust Law, in each case regarding the transactions contemplated by this Agreement. Neither Parent or Merger Sub, on one hand, nor the Company Equityholder or Company, on the other hand, shall initiate or participate in any material meeting or discussion with any Governmental Authority with respect to any filings, applications, investigation, or other inquiry regarding the transactions contemplated by this Agreement, including any filings under the HSR Act or any Antitrust Law, without providing the other Party with reasonable prior notice of such meeting or discussion and, to the extent permitted by the relevant Governmental Authority, the opportunity to attend and participate in such meeting or discussion. Parent shall be responsible for all filing fees under the HSR Act and under any other Antitrust Law. No Party shall, and no Party shall permit any of its Affiliates to, acquire or agree to acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any Person or portion thereof, or otherwise acquire or agree to acquire any assets, if entering into a definitive agreement relating to, or the consummation of, such acquisition, merger, consolidation or other transaction would reasonably be expected to (x) impose any delay in obtaining, or increase the risk of not obtaining, any authorizations, consents, orders, declarations or approvals of any Governmental Authority necessary to consummate the transactions contemplated by this Agreement or the expiration or termination of any applicable waiting period, including under the HSR Act or applicable Antitrust Law, (y) increase the risk of any Governmental Authority entering an order prohibiting the consummation of the transactions contemplated by this Agreement or (z) delay the consummation of the transactions contemplated by this Agreement.

(f) None of the Parent, Merger Sub, Company Group, the Company Equityholder or any of their respective Affiliates shall be required to, in connection with this Section 6.7, offer or accept, or agree, commit to agree or consent to, any Remedial Action unless such Remedial Action is expressly conditioned upon the occurrence of the Effective Time.

(g) Subject to the other provisions of this Agreement, Parent shall lead all communications, strategy and efforts to obtain all necessary actions or non-actions and consents from Governmental Authorities under Antitrust Laws in connection with the transactions contemplated hereby and any litigation matters with third parties relating to the Antitrust Laws; provided, however, that Parent shall consult with the Company and in good faith take the Company's views into account regarding the overall strategic direction of any such communications, strategy and efforts to obtain all necessary actions or non-actions and consents and litigation with third parties relating to the Antitrust Laws and consult with the Company prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning the matters discussed in this subsection.

6.8 ITAR Matters. As soon as reasonably practicable following the execution of this Agreement and in any event prior to the Closing, Company and Parent shall prepare a notification pursuant to 22 C.F.R. § 122.4(a) of the ITAR Regulations (the "ITAR Notice").

6.9 Debt Financing.

(a) From and after the date hereof until the earlier of the Closing Date and the termination of this Agreement pursuant to Section 9.1, the Company Equityholder shall cause the Company Group to use their commercially reasonable efforts to provide such assistance to Parent and Merger Sub, at the sole expense of Parent, as is reasonably requested by Parent in connection with the Debt Financing. Such commercially reasonable efforts to provide such assistance shall include each of the following: (i) participation in, and assistance with, the arrangement of the Debt Financing and the Marketing Efforts related thereto, including furnishing to Parent and its Debt Financing Sources, as promptly as is reasonably practicable following Parent's request, such pertinent and customary information (including financial statements) as may be reasonably necessary to arrange the Debt Financing and consummate the Marketing Efforts or assemble the Marketing Material, (ii) delivery on or prior to the Closing Date to Parent of the Ancillary Financing Documents and (iii) providing such other customary information as the Parent may reasonably request with respect to the Debt

Financing. Company hereby consents to Parent's and Merger Sub's the use of the Company Group's respective logos in connection with the Debt Financing in a form and manner mutually agreed in advance with Company; provided, however, that such logos are used solely in a manner that is not intended to, or reasonably likely not to, harm or disparage any of the Company Group or their reputation or goodwill. Notwithstanding any other provision of this Agreement to the contrary, none of the Company Group or their respective personnel or advisors shall be required to provide any assistance or cooperation contemplated by the foregoing sentences of this Section 6.9(a) which the Company Equityholder reasonably believes would (A) unreasonably interfere with the businesses or ongoing operations of any of the Company Group, (B) require the Company Equityholder or any of the Company Group to pay any commitment or other similar fee or incur any other liability or obligation in connection with the arrangement of the Debt Financing prior to the Closing, (C) result in a breach or violation of any confidentiality arrangement or material agreement or the loss of any legal or other privilege, (D) cause any representation or warranty in this Agreement to be breached or any condition to Closing set forth in ARTICLE VIII to not be satisfied, (E) cause any director, manager, officer, employee or equityholder of the Company Equityholder or any of the Company Group (or any of their respective Associated Persons) to incur any personal liability, (F) require the directors or managers of the Company Equityholder or any of the Company Group, acting in such capacity, to authorize or adopt any resolutions approving any of the Debt Financing Documents prior to the Closing, (G) require the Company Equityholder, any of the Company Group or any of their respective directors, managers, officers or employees to execute, deliver or perform, or amend or modify, any agreement, document or instrument, including any financing agreement, with respect to the Debt Financing that is not contingent upon the Closing or that would be effective prior to the Closing, (H) provide access to or disclose any information that the Company Equityholder or any of the Company Group determines in its good faith opinion would jeopardize any attorney-client privilege of any of them or (I) take any action that would reasonably be expected to conflict with or violate this Agreement, any Governing Documents of the Company Equityholder or any of the Company Group, any applicable Laws or any Contracts to which the Company Equityholder or any of the Company Group is a party or by which any of their respective assets or properties is bound. All such assistance referred to in this Section 6.9 shall be at Parent's written request with reasonable prior notice and at Parent's sole cost and expense, and Parent shall promptly reimburse the Company Equityholder and the Company Group for all documented and reasonable out-of-pocket costs and expenses (including attorneys' fees) incurred by them in connection with such assistance. For the avoidance of doubt, such assistance shall not require the Company Equityholder, the Company Group or any of their respective Affiliates to agree to any contractual obligation or otherwise incur any liability relating to the Debt Financing that is not expressly conditioned upon the consummation of the Closing and that does not terminate without liability to the Company Equityholder, the Company Group or any of their respective Affiliates upon the termination of this Agreement. None of the Company Equityholder, the Company Group or any of their respective Affiliates shall be required to make any representation or warranty in connection with the Debt Financing or the Marketing Efforts. Neither the Company Equityholder nor any of its Affiliates shall have any obligations under this Section 6.9 following the Closing. Parent shall indemnify, defend and hold harmless the Company Equityholder, the Company Group and their respective Associated Persons from and against any and all losses suffered or incurred by them in connection with the Debt Financing or any assistance or activities provided in connection therewith, including the performance of their obligations under this Section 6.9, except in the event such liability and losses arose out of or resulted from the willful misconduct or gross negligence of any such Persons and except for liability of the Company Group after the Closing. All non-public or otherwise confidential information regarding the Company Group and their respective businesses obtained by Parent, Merger Sub or the Debt Financing Sources pursuant to this Section 6.9 shall be kept confidential in accordance with the Confidentiality Agreement, except that such information may be disclosed to "private side" lenders (and their counsel) that agree to customary confidentiality obligations in connection with the Marketing Efforts. Notwithstanding any other provision of this Agreement to the contrary, it is understood and agreed by the Parties that the conditions set forth in Section 8.2(b), as applied to the Company Equityholder's and Company's obligations under this Section 6.9(a), shall be deemed to be satisfied unless the Debt Financing has not been obtained as a direct result of the Company Equityholder's and Company's intentional and material breach of their respective obligations under this Section 6.9(a). Notwithstanding anything in this Agreement to the contrary, the Parties acknowledge and agree that the provisions contained in this Section 6.9(a) represent the sole obligations of the Company Equityholder, the

Company Group and their respective personnel and advisors with respect to assistance and cooperation in connection with the arrangement of any financing (including the Debt Financing) to be obtained by Parent or Merger Sub with respect to the transactions contemplated by this Agreement, and no other provision of this Agreement (including the Exhibits and Schedules hereto) shall be deemed to expand or modify such obligations.

(b) Parent and Merger Sub shall each use its reasonable best efforts to obtain the Debt Financing as promptly as practicable following the date of this Agreement, including (i) obtaining any arrangement or engagement letters from financial institutions with respect to the Debt Financing; (ii) satisfying on a timely basis (or obtaining a waiver of) all Debt Financing Conditions that are within Parent's, Merger Sub's or any of their respective Affiliates' control; (iii) negotiating, executing and delivering Debt Financing Documents reasonably acceptable to Parent and Merger Sub and in accordance with this Agreement; (iv) paying all commitment or other fees and amounts that become due and payable under or with respect to the Debt Financing as they become due and payable; (v) causing the Debt Financing to be drawn upon satisfaction or waiver of the Debt Financing Conditions and the conditions set forth in ARTICLE VIII; and (vi) upon satisfaction of the Debt Financing Conditions, consummating the Debt Financing at or prior to the date that the Closing is required to be effected pursuant to Section 2.2.

(c) Parent and Merger Sub shall keep the Company Equityholder reasonably informed of the status of its efforts to arrange the Debt Financing and shall provide the Company Equityholder a reasonable opportunity to review and comment on any Debt Financing Documents (including any engagement letter, commitment letter and/or term sheet entered into in connection therewith), and Parent and Merger Sub shall consider such comments in good faith. Without limiting the generality of the foregoing, Parent and Merger Sub shall give the Company Equityholder prompt written notice of the occurrence of an event or development that would reasonably be expected to adversely impact the ability of Parent or Merger Sub to obtain all or any portion of the Debt Financing necessary to consummate the Transactions.

6.10 Reorganization. Prior to the Closing, the Company Equityholder will, and will cause its Affiliates to, at the Company Equityholder's sole cost and expense, effect a reorganization substantially in the manner set forth in Section 6.10 of the Company Disclosure Schedule (the "Reorganization"). Following the consummation of the Reorganization and the Effective Time, each of the Company Equityholder and Parent shall take all filing positions and perform all actions required to give effect to the tax treatment intended by the Pre-Closing Reorganization and specified in Section 6.10 of the Company Disclosure Schedule and shall not take any Tax reporting position inconsistent with such treatment unless required by applicable Law.

6.11 Related Party Agreements. The Company Equityholder shall cause (a) the TestEquity Management Agreement and (b) each other Related Party Agreement (if any) that obligates or could obligate any member of the Company Group to make any payment (contingent or otherwise) at any time to any Excluded Company Party (including, without limitation, the existing Company management agreement and any similar agreements) to be fully transferred and novated to, and fully assumed by, Company Equityholder or its designee (other than any member of the Company Group) prior to or as of the Closing without any further or continuing liability on the part of Parent or any of its Affiliates (including, after the Closing, any member of the Company Group).

(b) Notwithstanding anything to the contrary contained in this Agreement, at any time prior to the receipt of the Parent Stockholder Approvals, the Parent Board (acting through the Transaction Directors) or the Special Committee may make a Parent Recommendation Change in response to a Parent Intervening Event if, prior to taking such action, the Parent Board (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of the Parent Board or the Special Committee to make such Parent Recommendation Change would be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law; provided, however, that prior to effecting such Parent Recommendation Change (i) Parent shall have given Company and the Company Equityholder at least three (3) Business Days' prior written notice informing Company and the Company Equityholder that the Parent Board or the Special Committee, as applicable, has determined that a Parent Intervening Event has occurred (which notice will reasonably describe such Parent Intervening Event) and the Parent Board or the Special Committee, as applicable, intends to effect a Parent Recommendation Change at the end of the notice period (such notice being referred to herein as a "Parent Recommendation Change Notice"), (ii) during the three (3)-Business Day period starting after the date on which such Parent Recommendation Change Notice is received by Company and the Company Equityholder, if requested by Company or the Company Equityholder, Parent shall, and shall cause its Subsidiaries and Representatives to, negotiate in good faith with Company, the Company Equityholder and their Representatives, to revise the terms and conditions of this Agreement such that a failure of the Parent Board or the Special Committee to effect such a Parent Recommendation Change in response to such Parent Intervening Event would not be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law and (iii) following such three (3)-Business Day period, the Parent Board (acting through the Transaction Directors) or the Special Committee after taking into account in good faith any changes to the terms of this Agreement proposed by Company and the Company Equityholder and, after consultation with its outside legal counsel, shall have reasonably determined in good faith that the failure to effect such a Parent Recommendation Change would be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law. For the avoidance of doubt, nothing in this Section 7.1(b) shall permit the Parent Board or the Special Committee to make a Parent Recommendation Change with respect to a portion or subset of the Transactions.

(c) Nothing contained in this Section 7.1 shall prohibit Parent or the Parent Board from (i) taking and disclosing to the stockholders of Parent a position contemplated by Rule 14e-2(a) or Rule 14d-9 promulgated under the Exchange Act, (ii) making any disclosure to the stockholders of Parent that is required by Law or (iii) making any "stop, look and listen" communication to the stockholders of Parent pursuant to Rule 14d-9(f) under the Exchange Act; provided, however, that this Section 7.1(c) shall not be deemed to permit the Parent Board or the Special Committee to make a Parent Recommendation Change other than in accordance with Section 7.1(b).

7.2 Preparation of Proxy Statement.

(a) As promptly as practicable following the date hereof, Parent shall prepare and file or cause to be filed with the SEC, the Proxy Statement in order to seek the Parent Stockholder Approvals. Company Equityholder and Company shall (x) use its reasonable best efforts to promptly furnish the information required by the SEC or federal securities Laws to be included in the Proxy Statement concerning the Company Equityholder, Company and their Subsidiaries and (y) use its reasonable best efforts to provide such other information and assistance as may be reasonably requested by Parent or Parent's outside legal counsel in connection with the preparation, filing and distribution of the Proxy Statement. Without limiting the foregoing, the Company Equityholder and Company shall provide to Parent (i) the Audited Financial Statements, and (ii) such other information relating to (A) the Company Equityholder, Company or their Subsidiaries or (B) the Acquisition or the Person(s) or business(es) acquired, or contemplated or in discussions to be acquired, by the Company Group pursuant to the Acquisition as Parent may reasonably request to be included in the Proxy Statement, including in connection with the preparation of pro forma financial statements to be included in the Proxy Statement, with all such information in the foregoing clauses (i) and (ii) to be in such form as shall comply with all applicable SEC requirements with

respect to the Proxy Statement (collectively, the “Required Financial Information”). The Company Equityholder and Company shall update the Required Financial Information at such times as may be required by the SEC or applicable Law. Parent shall use its reasonable best efforts to have the Proxy Statement cleared by the SEC as promptly as practicable after filing and to cause the Proxy Statement to be mailed to the holders of Parent Common Shares as promptly as practicable after the Proxy Statement shall have been cleared by the SEC. Each Party shall also take any action required to be taken and make any necessary filings under the Securities Act, the Exchange Act or any applicable state securities Laws in connection with the Transactions, this Agreement, the Gexpro Agreement or the Share Issuances. Parent shall provide the Company a reasonable opportunity to review and comment on all filings to be made by Parent with the SEC in connection with the Transactions and all mailings to the stockholders of Parent in connection with the Transactions before such filings are made or such mailings are sent, which comments Parent shall consider in good faith, acting reasonably.

(b) If at any time prior to the Closing, any Party discovers any information relating to Parent, Company or the Company Group, or any of their respective Affiliates, managers, directors or officers that should be set forth in an amendment or supplement Proxy Statement so that such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the Party that discovers such information shall promptly notify the other Parties and Parent shall promptly cause to be filed with the SEC an appropriate amendment or supplement describing such information and, to the extent required by Law, disseminate such information to the stockholders of Parent.

(c) The Parties shall notify each other promptly of the receipt of any correspondence, communications or comments from the SEC or the staff of the SEC and of any request by the SEC or the staff of the SEC for amendments or supplements to the Proxy Statement or for additional information and shall supply each other with (i) copies of all correspondence and a description of all material oral discussions between it or any of its respective Representatives, on the one hand, and the SEC or the staff of the SEC, on the other hand, with respect to the Proxy Statement or the Transactions and (ii) copies of all orders of the SEC relating to the Proxy Statement. Each Party shall provide the other Parties a reasonable opportunity to review and comment on all written responses by such Party to any such correspondence, communications or comments from the SEC or the staff of the SEC, which comments such Party shall consider in good faith, acting reasonably.

7.3 Stockholders Meeting; Parent Recommendation. Parent shall take, in accordance with the DGCL and Parent’s Governing Documents, all actions reasonably necessary to mail the Proxy Statement to Parent’s stockholders and to establish a record date, duly call, give notice of, convene and hold the Stockholders Meeting as soon as reasonably practicable after the definitive Proxy Statement is filed for the purpose of securing the Parent Stockholder Approvals. Unless a Parent Recommendation Change is effected in accordance with Section 7.1(b), the Proxy Statement shall include the Parent Recommendation. Unless a Parent Recommendation Change is effected in accordance with Section 7.1(b), Parent shall use its reasonable best efforts to solicit from its stockholders votes in favor of the Parent Stockholder Approvals. Notwithstanding any Parent Recommendation Change, Parent shall be required to duly call, give notice of, convene and hold the Stockholders Meeting and submit to a vote of Parent’s stockholders one (1) or more proposals to obtain the Parent Stockholder Approvals (the “Approval Proposal”) and nothing contained herein shall be deemed to relieve Parent of any such obligation unless this Agreement has been validly terminated pursuant to the terms hereof. In addition to the foregoing, Parent shall not submit to the vote of its stockholders at the Stockholders Meeting any proposal other than (a) the Approval Proposal and a proposal to adjourn or postpone the Stockholders Meeting to a later date or dates if necessary or appropriate to solicit additional proxies if there are insufficient votes, or insufficient Parent Common Shares present, to obtain all of the Parent Stockholder Approvals at the Stockholders Meeting, or to ensure that any supplement or amendment to the Proxy Statement is timely provided to Parent’s stockholders; and/or (b) an advisory vote regarding merger-related compensation. Notwithstanding the foregoing provisions of this Section 7.3, if on any date for which the Stockholders Meeting is scheduled or has been adjourned, Parent has not received proxies representing a sufficient number of Parent Common Shares, or there are insufficient Parent Common Shares present, to obtain all of the Parent Stockholder Approvals, or additional time is needed to

ensure that any supplement or amendment to the Proxy Statement is timely provided to Parent's stockholders, whether or not a quorum is present, Parent shall make one or more successive postponements or adjournments of the Stockholders Meeting, with each such postponement or adjournment being to a date no later than the earlier of (a) ten (10) Business Days after the date of the most recently scheduled Stockholders Meeting and (b) the End Date.

7.4 Preservation of Records; Post-Closing Access and Cooperation.

(a) For a period of seven (7) years after the Closing Date or such other period (if longer) required by applicable Law, the Surviving Company and its Subsidiaries shall preserve and retain all corporate, accounting, legal, auditing, human resources, Tax and other books and records of the Surviving Company and its Subsidiaries (including any documents relating to any governmental or non-governmental claims, actions, suits, proceedings or investigations) relating to the conduct of the business and operations of the Surviving Company and its Subsidiaries prior to the Closing Date.

(b) Parent and the Surviving Company shall, after the Closing Date, afford promptly to the Company Equityholder and its Representatives reasonable access during normal business hours to the offices, facilities, books, records, officers and employees of the Surviving Company and its Subsidiaries to the extent and for a purpose reasonably requested by the Company Equityholder.

7.5 Employees and Benefits.

(a) Parent agrees prior to the Closing Date to cooperate with and to provide information to Company as necessary or appropriate to comply with or satisfy any requirement or custom to consult with or provide information to, with respect to any of the transactions contemplated by this Agreement, any employee or labor organization representing or related to employees of any of the Company Group.

(b) For a period of no less than one (1) year following the Closing Date, Parent and the Surviving Company shall provide each of the Persons employed by the Company Group as of the Closing Date (each, an "Employee") with (i) a base salary or wages that are not less than, (ii) variable/incentive/bonus pay opportunities that are substantially similar (excluding any value attributable to equity and equity-based compensation and retention, transaction or similar payments) to, and (iii) other benefit plans and arrangements that are no less favorable in the aggregate to, in each of clauses (i), (ii) and (iii), those provided to such Employees immediately prior to the Closing Date. Notwithstanding the foregoing, this Section 7.5 shall not limit the obligation of Parent, the Surviving Company or their Subsidiaries to comply with applicable Law or to maintain any compensation arrangement or benefit plan that, pursuant to an existing contract, must be maintained for a period longer than one (1) year following the Closing Date. No provision of this Agreement shall be construed as a guarantee of continued employment of any Employee, and this Agreement shall not be construed so as to prohibit Parent and the Surviving Company from having the right to terminate the employment of any Employee; provided, however, that any such termination is effected in accordance with applicable Law.

(c) Each Employee and former Employee of any of the Company Group shall be credited with his or her years of service with the Company Group (and any predecessor entities thereof, to the extent such predecessor service is credited by Parent and the Surviving Company or any of their Subsidiaries) before the Closing Date under any employee benefit plan of Parent or the Surviving Company or any of their Subsidiaries providing benefits similar to those provided under a Benefit Plan (including under any applicable pension, 401(k), savings, medical, dental, life insurance, vacation, long-service leave or other leave entitlements, post-retirement health and life insurance, termination indemnity, severance or separation pay plans) to the same extent as such employee or former employee was entitled, before the Closing Date, to credit for such service under such Benefit Plan for all purposes, including eligibility to participate, level of benefits, early retirement eligibility and early retirement subsidies, vesting and benefit accrual (other than benefit accruals under a defined benefit pension plan), except to the extent such credit would result in the duplication of benefits for the same period of service.

With respect to the calendar year in which Parent or any of its Affiliates ceases to maintain any particular Benefit Plan (or to the extent an Employee ceases to participate in a Benefit Plan in connection with or following the Closing Date), each Employee shall be given credit for amounts paid under such Benefit Plan for the applicable plan year for purposes of applying deductibles, co-payments and out-of-pocket maximums (including any lifetime maximums) as though such amounts had been paid in accordance with the terms and conditions of the parallel plan, program or arrangement of Parent or its Affiliate, as applicable.

(d) Parent shall waive for each Employee and his or her dependents any waiting period provision, payment requirement to avoid a waiting period, pre-existing condition limitation, actively-at-work requirement and any other restriction that would prevent immediate or full participation under the welfare plans of Parent, the Surviving Company or any of their Affiliates applicable to such Employee to the extent such waiting period, pre-existing condition limitation, actively-at-work requirement or other restriction would not have been applicable to such Employee under the terms of the welfare plans of the Company Group on the date of this Agreement.

(e) On and after Closing, Parent, the Surviving Company and its Subsidiaries shall be responsible for any and all notices, liabilities, costs, payments and expenses arising from any action by Parent, the Surviving Company or any of its Subsidiaries (including breach of contract, defamation or retaliatory discharge) regarding Employees who are employed by any of the Company Group as of the Closing Date, including any such liability (i) under any applicable Law that relates to employees, employee benefit matters or labor matters, (ii) for dismissal, wrongful termination or constructive dismissal or termination, or severance pay or other termination pay, or (iii) under or with respect to any benefit plan, program, Contract, policy, commitment or arrangement of the Company Group, including with respect to severance or retention plans, or to the extent such severance or retention plans provide payments or benefits with respect to any Employee.

(f) In any termination or layoff of any Employee by Parent or the Surviving Company on or after the Closing, Parent and the Surviving Company will comply fully, if applicable, with the WARN Act and all other applicable foreign, Federal, state and local laws, including those prohibiting discrimination and requiring notice to employees. Parent shall not, and shall cause the Surviving Company and its Subsidiaries to not, at any time prior to sixty (60) days after the Closing Date, effectuate a “plant closing” or “mass layoff” as those terms are defined in the WARN Act affecting in whole or in part any facility, site of employment, operating unit or employee of the Surviving Company or its Subsidiaries without complying fully with the requirements of the WARN Act or similar state and local laws. Parent and Surviving Company will bear the cost of compliance with (or failure to comply with) any such Laws.

(g) To the extent that any “disqualified individual” (within the meaning of Section 280G(c) of the Code and the regulations thereunder) has the right to receive any payments or benefits that could be deemed to constitute “parachute payments” (within the meaning of Section 280G(b)(2)(A) of the Code and the regulations thereunder), then, the Company Equityholder will: (a) no later than ten (10) Business Days prior to the Closing Date, solicit and use its commercially reasonable efforts to obtain from each such “disqualified individual” a waiver of such disqualified individual’s rights to some or all of such payments or benefits (the “Waived 280G Benefits”) so that any remaining payments or benefits shall not be deemed to be “excess parachute payments” (within the meaning of Section 280G of the Code and the regulations thereunder); and (b) no later than five (5) Business Days prior to the Closing Date, with respect to each individual who agrees to the waiver described in clause (a), submit to a vote of holders of the equity interests of the Company Equityholder entitled to vote on such matters, in the manner required under Section 280G(b)(5) of the Code and the regulations promulgated thereunder, along with adequate disclosure intended to satisfy such requirements (including Q&A 7 of Section 1.280G-1 of such regulations), the right of any such “disqualified individual” to receive the Waived 280G Benefits. Prior to, and in no event later than five (5) Business Days prior to soliciting such waivers and approval, the Company Equityholder shall provide drafts of such waivers and approval materials as well as calculations and related documentation to determine whether and to what extent the vote described in this Section 7.5(g) is necessary in order to avoid the imposition of Taxes under Section 4999 of the Code, to Parent

for its review and comment, and the Company Equityholder shall consider in good faith any changes reasonably requested by Parent. Prior to the Closing Date, the Company Equityholder shall deliver to Parent evidence that a vote of the shareholders of the Company Equityholder was solicited in accordance with the foregoing and whether the requisite number of votes of the shareholders of the Company Equityholder was obtained with respect to the Waived 280G Benefits or that the vote did not pass and the Waived 280G Benefits will not be paid or retained.

(h) Nothing in this Section 7.5 or elsewhere in this Agreement shall: (i) be construed to create a right in any employee of the Company Group to employment with Parent, the Surviving Company or any other Subsidiary of Parent; (ii) be deemed to establish, amend, modify or cause to be adopted any Benefit Plan or any other benefit plan, program, agreement or arrangement maintained or sponsored by Parent, the Surviving Company or any of their respective Affiliates; or (iii) limit the ability of Parent, the Surviving Company or any of their respective Affiliates from establishing, amending, modifying or terminating any benefit plan, program, agreement or arrangement at any time assumed, established, sponsored or maintained by any of them, in each case, following the Closing.

7.6 Public Announcements. No Party shall, and each Party shall cause its respective Representatives not to, issue any press release or otherwise make any public statements or disclosures with respect to this Agreement, including the terms hereof, and the transactions contemplated by this Agreement, except (a) with the prior written consent of each of Parent and Company; (b) to the extent required by applicable Law or the rules of any securities exchange on which a Party's or a Party's Affiliates securities are traded (in which case the Party issuing such press release or making such public statement shall, if practicable in the circumstances, use commercially reasonable efforts to allow the other Parties reasonable time to comment on such release or statement in advance of its issuance and will consider the comments of such other Party or Parties with respect thereto in good faith, acting reasonably); or (c) for announcements by each of the Parties from time to time to their respective employees, customers, suppliers and other business relations and otherwise as they may reasonably determine is necessary (including to comply with applicable Law, this Agreement and the transactions contemplated by this Agreement or any other agreement to which they are party), so long as such statements or announcements are consistent with (and not materially expansive of) information included in any previous press releases or public statements issued in accordance with this Section 7.6. Notwithstanding the foregoing, (i) Parties shall cooperate in good faith to prepare a mutually agreeable joint press release to be issued on or around the date hereof, and (ii) Parent shall not be required to provide for review or comment to Company or the Company Equityholder any statement, release or disclosure in response to or in connection with a Parent Recommendation Change, it being understood, for the avoidance of doubt, that nothing in this clause (ii) shall permit Parent to make any statement or effect a Parent Recommendation Change other than in accordance with Section 7.1(b). Notwithstanding anything to the contrary in this Agreement or the Confidentiality Agreement, the Company Equityholder and its Affiliates may provide (x) the financial results achieved by such Person with respect to their respective beneficial interest in the Company Group or (y) a general description of the Company Group (including their respective financial performance, and such Person's investment and role therein), in each case to the current or prospective limited partners or other Affiliates of such Person and their respective advisors, or any other information customarily disclosed by private equity sponsors with respect to a sale of their portfolio companies to any such Persons.

7.7 Indemnification of Managers and Officers.

(a) Parent shall cause the Surviving Company to honor the provisions, to the extent they are enforceable under applicable Law, regarding (i) exculpation of managers, (ii) limitation of liability of managers and officers and (iii) indemnification and advancement of expenses, in each case, contained in the Company's and its Subsidiaries' Governing Documents or any employment Contract between the applicable Covered Affiliate and the Company or any of its Subsidiaries, in each case as in effect immediately prior to the Effective Time with respect to any D&O Indemnitees.

(b) Prior to the Closing, Company shall, in consultation with Parent and at Parent's expense, obtain and fully pay for "tail" insurance policies (such policies, the "D&O Tail Policy") with a claims period of at least six (6) years from the Closing Date with respect to directors' and officers' liability insurance covering those Persons who are currently covered by Company's and its Subsidiaries' directors' and officers' liability insurance policy on terms not less favorable than such existing insurance coverage; provided, however, that in the event that any claim is brought under such director's and officer's liability insurance policies, Parent shall cause the Surviving Company to maintain the D&O Tail Policy until final disposition thereof; provided, further that Company shall not pay premiums for such D&O Tail Policy in excess of an aggregate amount of 300% of the last annual premiums paid by Company or its Subsidiaries prior to the date of this Agreement for its existing directors' and officers' liability insurance policies absent the prior written consent of Parent (which may be withheld in Parent's sole discretion), and in such a case shall purchase as much coverage as reasonably practicable for such 300% aggregate amount.

(c) From and after the Closing Date, Parent shall, and shall cause the Surviving Company and its Subsidiaries (each, a "D&O Indemnifying Party") to, to the fullest extent permitted by applicable Law, (a) indemnify and hold harmless (and release from any liability to Company or its Subsidiaries), the D&O Indemnitees against all D&O Expenses (as defined below), losses, claims, damages, judgments or amounts paid in settlement ("D&O Costs") in respect of any threatened, pending or completed Action, whether criminal, civil, administrative or investigative, based on or arising out of or relating to the fact that such Person is or was a manager, officer, employee or agent of Company or its Subsidiaries or Covered Affiliates arising out of acts or omissions occurring in such capacities on or prior to the Closing Date (including without limitation, in respect of acts or omissions in connection with this Agreement and the transactions contemplated by this Agreement) (a "D&O Indemnifiable Claim") and (b) advance to such D&O Indemnitees all D&O Expenses incurred in connection with any D&O Indemnifiable Claim (including in circumstances where the D&O Indemnifying Party has assumed the defense of such claim) promptly after receipt of reasonably detailed statements therefor. Any D&O Indemnifiable Claim shall continue until such D&O Indemnifiable Claim is disposed of or all judgments, orders, decrees or other rulings in connection with such D&O Indemnifiable Claim are fully satisfied. For the purposes of this Section 7.7(c), "D&O Expenses" shall include reasonable attorneys' fees and all other reasonable costs, charges and expenses paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to defend, to be a witness in or participate in any D&O Indemnifiable Claim, but shall exclude losses, judgments and amounts paid in settlement (which items are included in the definition of D&O Costs).

(d) Notwithstanding any other provision of this Agreement to the contrary, this Section 7.7 shall survive the consummation of the Closing indefinitely. In the event that Parent, Merger Sub, the Surviving Company or its Subsidiaries or any of their respective successors or assigns (i) consolidates with or merges into any other Person (including the Merger), or (ii) transfers all or substantially all of its properties or assets to any Person, then, and in each case, Parent shall cause the successors and assigns of Parent, Merger Sub, the Surviving Company or its Subsidiaries, as the case may be, to expressly assume and be bound by the obligations set forth in this Section 7.7.

(e) Following the Closing, the obligations of Parent, Merger Sub, the Surviving Company and its Subsidiaries under this Section 7.7 shall not be terminated or modified in such a manner as to adversely affect any D&O Indemnitee to whom this Section 7.7 applies without the written consent of such affected D&O Indemnitee.

7.8 Transfer Taxes. All federal, state, local, non-U.S. transfer, excise, sales, use, value-added, registration, stamp, recording, documentary, filing, conveyance, property and similar Taxes, duties or fees applicable to, imposed upon, or arising out of any Transaction, including any interest, addition to tax or penalties related thereto, shall be paid by Parent.

Agreement, Parent and the Parent Board shall grant such approvals and take all such actions as are necessary or advisable so that the transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such statute, regulation or provision in Parent's Governing Documents on the transactions contemplated by this Agreement.

7.10 Tax Reorganization Matters.

(a) Each of the Parties shall use its reasonable best efforts to cause the Merger to qualify, and shall not take or knowingly fail to take (and shall cause any Subsidiaries or Affiliates of such Party not to take or knowingly fail to take) any action that could reasonably be expected to prevent or impede the Merger from qualifying, as a "reorganization" within the meaning of Section 368(a) of the Code.

(b) Each of the Parties shall treat, and shall not take any Tax reporting position inconsistent with the treatment of, the Merger as a "reorganization" within the meaning of Section 368(a) of the Code for U.S. federal, state and other relevant Tax purposes, unless otherwise required pursuant to a "determination" within the meaning of Section 1313(a) of the Code.

(c) Each of the Parties shall cooperate with one another to obtain the opinions of counsel referred to in Section 8.2(f) and Section 8.3(e). In connection therewith, (i) Company shall deliver to Jenner & Block LLP ("Parent Tax Counsel") and Mayer Brown a duly executed certificate containing such representations, warranties and covenants as shall be reasonably necessary or appropriate to enable such counsel to render the opinions described in Section 8.2(f) and Section 8.3(e) (the "Company Tax Certificate") and (ii) Parent and Merger Sub shall deliver to Parent Tax Counsel and Mayer Brown a duly executed certificate containing such representations, warranties and covenants as shall be reasonably necessary or appropriate to enable such counsel to render the opinions described in Section 8.2(f) and Section 8.3(e) (the "Parent Tax Certificate"), in each case, dated as of the Closing Date. The Parties shall provide such other information requested by each of Parent Tax Counsel and Mayer Brown for purposes of rendering the opinions described in Section 8.2(f) and Section 8.3(e), as applicable.

Prior to the earlier of the Effective Time and the termination of this Agreement, Parent shall control the defense of any litigation brought by Parent's stockholders against any of Parent and/or its directors or officers relating to the Merger or a breach of this Agreement or any other agreements contemplated hereby; provided, however, that Parent shall give Company the right to review and comment on all material filings or responses to be made by the Parent Group in connection with any such litigation, and the right to consult on the settlement, release, waiver or compromise of any such litigation, and Parent shall in good faith take such comments into account, and no such settlement, release, waiver or compromise relating to the Merger shall be agreed to without Company's prior written consent (such consent not to be unreasonably withheld, conditioned or delayed). Parent shall promptly notify Company of any such litigation and shall keep Company informed on a reasonably current basis with respect to the status thereof.

7.12 Payoff Indebtedness. Company shall deliver to Parent and Merger Sub on the Closing Date a copy of an executed payoff letter in customary form (the "Payoff Letter"), and shall use reasonable best efforts to deliver to Parent and Merger Sub at least three (3) Business Days prior to the Effective Time a customary draft of such Payoff Letter, providing for the discharge and termination in full at the Effective Time of the Payoff Indebtedness and the release of Liens thereunder upon payment by Parent (on behalf of Company) of the amounts provided for therein. Company and Parent shall use reasonable best efforts, and shall provide all reasonable cooperation necessary to, facilitate the termination and repayment in full by Parent (on behalf of Company) of all obligations under the Payoff Indebtedness, and the release of any Liens and termination of all guarantees in connection therewith, at, and subject to the occurrence of, the Effective Time. The obligations of Company and the Company Equityholder to consummate the transactions contemplated by this Agreement are subject to the satisfaction (or waiver by the Company Equityholder and Company, to the extent permitted by applicable Law and the terms of this Agreement) of the following conditions precedent on or before the Closing Date:

(a) Representations and Warranties. Each of the representations and warranties of Parent and Merger Sub set forth in (i) Sections 5.1, 5.2 and 5.12 shall be true and correct in all material respects (disregarding all qualifications or limitations as to “materiality”, “Parent Material Adverse Effect” and words of similar import set forth therein) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (ii) Section 5.3(a) and Section 5.3(b) shall be true and correct in all respects (other than for inaccuracies that are, in the aggregate, *de minimis*) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (iii) Section 5.3(c) and Section 5.6(c) shall be true and correct in all respects as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date) and (iv) ARTICLE V (other than those referenced in the foregoing clauses (i), (ii) and (iii)) shall be true and correct in all respects (disregarding all qualifications or limitations as to “materiality”, “Parent Material Adverse Effect” and words of similar import set forth therein) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), except, in the case of this clause (iv) where the failure of such representations and warranties to be so true and correct does not constitute a Parent Material Adverse Effect.

(b) Compliance with Agreements and Covenants. Parent and Merger Sub shall have performed and complied in all material respects with all of their respective covenants, obligations and agreements contained in this Agreement to be performed and complied with by them on or prior to the Closing.

(c) No Parent Material Adverse Effect. Since the date of this Agreement, there shall not have been any Parent Material Adverse Effect.

(d) Parent Closing Certificate. The Company Equityholder shall have received a certificate from Parent, dated the Closing Date, duly executed by an officer of Parent certifying with respect to Parent that the conditions set forth in Section 8.3(a), Section 8.3(b) and Section 8.3(c) have been satisfied.

(e) Tax Opinion. The Company shall have received a written opinion from Mayer Brown, in form and substance reasonably satisfactory to the Company, dated as of the Closing Date, to the effect that, on the basis of

the facts, representations and assumptions set forth or referred to in such opinion, the Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. In rendering the opinion described in this Section 8.3(e), Mayer Brown shall be entitled to rely upon assumptions, representations, warranties and covenants, including those contained in the Company Tax Certificate and the Parent Tax Certificate and such other information as Mayer Brown deems relevant.

(f) Registration Rights Agreement. The Company Equityholder shall have received the Registration Rights Agreement, duly executed by Parent.

8.4 Frustration of Closing Conditions. No Party may rely as a basis for not consummating the transactions contemplated by this Agreement on the failure of any condition set forth in this ARTICLE VIII to be satisfied if such failure was caused by such Party’s breach of this Agreement.

ARTICLE IX TERMINATION

9.1 Termination. This Agreement may be terminated at any time on or prior to the Closing Date, as follows:

(a) with the mutual written consent of the Parties;

(b) by either Company or Parent if the Effective Time shall not have occurred on or before September 30, 2022 (the “End Date”); provided, however, that the right to terminate this Agreement under this Section 9.1(b) shall not be available to any Party whose failure to fulfill any obligation under this Agreement has been the principal cause of, or resulted in, the failure of the Effective Time to occur on or before the End Date;

(c) by Company, if Parent or Merger Sub shall have breached or failed to perform any of their respective covenants or other agreements contained in this Agreement, or if any of the representations or warranties of Parent or Merger Sub fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition set forth in Section 8.3(a) or Section 8.3(b) being satisfied and (ii) is not reasonably capable of being cured by the End Date or has not been cured by Parent or Merger Sub, as applicable, within thirty (30) days after Parent receives written notice thereof from Company; provided, however, that Company shall not have the right to terminate this Agreement pursuant to this Section 9.1(c) if either Company or the Company Equityholder is then in material breach of this Agreement such that any of the conditions set forth in Section 8.2(a) or Section 8.2(b) would not be satisfied;

(d) by Parent, if Company or the Company Equityholder shall have breached or failed to perform any of their respective covenants or other agreements contained in this Agreement, or if any of the representations or warranties of Company or the Company Equityholder, as applicable, fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition set forth in Section 8.2(a) or Section 8.2(b) being satisfied and (ii) is not reasonably capable of being cured by the End Date or has not been cured by Company or the Company Equityholder within thirty (30) days after Company and the Company Equityholder receive written notice thereof from Parent; provided, however, that Parent shall not have the right to terminate this Agreement pursuant to this Section 9.1(d) if either Parent or Merger Sub is then in material breach of this Agreement such that any of the conditions set forth in Section 8.3(a) or Section 8.3(b) would not be satisfied;

(e) by either Company or Parent if any Governmental Authority shall have issued a Governmental Order or taken any other action permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by this Agreement, and such Governmental Order or other action shall have become final and nonappealable;

(f) by either Parent or Company, if any of the Parent Stockholder Approvals have not been obtained at the duly convened Stockholders Meeting (unless such Stockholders Meeting has been adjourned or postponed, in which case at the final adjournment or postponement thereof);

- (g) by Company, if a Parent Recommendation Change has occurred; or
- (h) automatically, without any action by any Party, immediately upon the termination of the Gexpro Agreement in accordance with its terms.

9.2 Termination Fee.

(a) If this Agreement is terminated (i) by Company pursuant to Section 9.1(g) or (ii) pursuant to Section 9.1(h) as a result of the termination of the Gexpro Agreement pursuant to Section 9.1(g) thereof, then Parent will pay Company an amount equal to four million dollars (\$4,000,000) (the "Termination Fee"). In the event the Termination Fee is payable, such fee will be paid to Company by Parent in immediately available funds within two (2) Business Days after the date this Agreement is terminated.

(b) Parent and Merger Sub acknowledge and agree that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, and that without these agreements, Company and the Company Equityholder would not enter into this Agreement. If Parent fails to promptly pay the Termination Fee as may be required by Section 9.2(a) and Company commences an Action in order to obtain such payment and such Action results in the entry of a Governmental Order against Parent requiring such payment to be made, Parent shall pay to Company the Termination Fee and Company's costs and expenses (including reasonable and documented attorneys' fees) in connection with such Action, in each case plus interest at the prime rate of interest reported in *The Wall Street Journal* in effect on the date such payment was required to be made through the date of payment.

(c) Notwithstanding anything to the contrary in this Agreement, and for the avoidance of doubt, in no event shall Parent be required to make (and in no event shall Company be entitled to receive) more than one payment of the Termination Fee in connection with this Agreement.

9.3 Effect of Termination. In the event of termination of this Agreement by either Company or Parent as provided in Section 9.1, this Agreement shall become void and have no further force or effect, without any Liability (other than as set forth in Section 9.2) on the part of Parent, Merger Sub, Company or the Company Equityholder; provided, however, that the provisions of Section 7.6, the last sentence of Section 7.12, Section 9.2, this Section 9.3 and ARTICLE XI (and any terms defined herein necessary to give effect to the foregoing) will survive any termination hereof; provided, further, that nothing in this Section 9.3 shall relieve any Party of any Liability for any intentional fraud or intentional and material breach by such Party of this Agreement prior to such termination; provided, further, that notwithstanding the immediately preceding proviso, none of the Parties or any of their respective Affiliates or Representatives shall have any Liability under this Agreement with respect to (a) any failure of the transactions contemplated by the Gexpro Agreement or any of the Gexpro Related Agreements to be consummated pursuant to the terms thereof or (b) any breach or failure to perform any covenant or other agreement set forth in, or breach of any representation or warranty under, the Gexpro Agreement or any of the Gexpro Related Agreements.

ARTICLE X NON-SURVIVAL AND RELATED MATTERS

10.1 Non-Survival. Notwithstanding anything to the contrary in this Agreement, except in the case of intentional fraud, all of the representations and warranties contained in this Agreement (including the Disclosure Schedules and Exhibits attached hereto and the certificates delivered pursuant hereto) and each of the covenants and agreements contained in ARTICLE VI (other than the reimbursement and indemnification referenced in Section 6.9(a), which shall survive any termination of this Agreement) shall terminate automatically at and will not survive the Closing, and none of the Parties nor any of their respective Associated Persons, successors, permitted assigns or heirs, will have any liability whatsoever and may not bring any Action with respect to any such representations, warranties, covenants or agreements (it being understood and agreed that such Persons are intended to benefit from this Section 10.1, whether or not party to this Agreement).

10.2 Parent and Merger Sub Acknowledgements.

(a) Parent and Merger Sub acknowledge and agree that in connection with their determination to enter into this Agreement and its Related Agreements and to consummate the transactions contemplated hereby and thereby, Parent, Merger Sub and their Representatives have received or been given access to all information, books and records, facilities and other assets of the Company Group as Parent has deemed necessary and have been afforded adequate opportunity to meet with, ask questions of and receive answers from the management of the Company Equityholder and the Company Group.

(b) Parent and Merger Sub acknowledge and agree that Parent is consummating the transactions contemplated by this Agreement and its Related Agreements without any representation or warranty, express or implied, by any Person, except for the representations and warranties of Company expressly and specifically set forth in ARTICLE III and the Company Equityholder expressly and specifically set forth in ARTICLE IV, each as qualified by the Company Disclosure Schedule, which shall constitute the sole representations and warranties of Company and the Company Equityholder with respect to this Agreement, the Related Agreements and the transactions contemplated by this Agreement. Parent and Merger Sub acknowledge and agree that none of the Company Equityholder, Company or their respective Associated Persons has made nor are any of them making, any representation or warranty whatsoever, express or implied, as to the accuracy or completeness of any information regarding the Company Equityholder, any of the Company Group or their respective business or assets, except as expressly set forth in this Agreement or as and to the extent required by this Agreement to be set forth in the Company Disclosure Schedule and Parent and Merger Sub further acknowledge and agree that (i) neither the Company Equityholder nor any of its Associated Persons will be subject to any liability to Parent or any other Person resulting from the distribution or use by Parent or any of its Associated Persons of any such information, including in any legal opinions, memoranda, summaries or any other information, document or material made available to Parent or any of its Associated Persons (whether in the Data Room or other sales memoranda, management presentations or otherwise provided) in expectation of the transactions contemplated by this Agreement and (ii) neither Parent nor any of its Associated Persons has relied and will not rely upon the reasonableness, accuracy or completeness of any such information or any other express or implied representation, warranty or statement of any nature made or provided by or on behalf of the Company Equityholder, Company or any of their respective Associated Persons. Parent hereby waives any right that any of Parent or its Associated Persons may have against the Company Equityholder, Company or any of their respective Associated Persons with respect to any inaccuracy relating to any such information or any omission of any potentially material information, and Parent and Merger Sub acknowledge and agree that none of the Company Equityholder, Company nor any of their respective Associated Persons will have any Liability to Parent, its Associated Persons or any other Person resulting from the use of any such information by Parent or any of its Associated Persons.

(c) Parent and Merger Sub acknowledge and agree that (i) Parent, Merger Sub and their Representatives have conducted to their satisfaction an independent investigation and verification of the Company Group (including their respective businesses, operations, assets, liabilities, condition (financial or otherwise), equity interests, properties, forecasts, projected operations and prospects); (ii) Parent and Merger Sub are relying on their own investigation and analysis in entering into the transactions contemplated by this Agreement; (iii) Parent is knowledgeable about the industries and markets in which each of the Company Group operates, is capable of evaluating the merits and risks of the transactions contemplated by this Agreement and is able to bear the substantial economic risk of such investment for an indefinite period of time; and (iv) Parent, Merger Sub or their Representatives have fully reviewed this Agreement and the Company Disclosure Schedules and have had access to the materials in the Data Room relating to the transactions contemplated by this Agreement.

(d) In connection with Parent's and Merger Sub's investigation of the Company Group, Parent has received from or on behalf of the Company Equityholder or Company certain projections, forward-looking statements, forecasts and estimates, including projected statements of operating revenues and income from operations of the Company Group and certain business plan information of the Company Group. Parent and Merger Sub acknowledge and agree that (i) there are uncertainties inherent in attempting to make such

projections, forward-looking statements, forecasts, estimates and plans, that Parent and Merger Sub are familiar with such uncertainties; (ii) Parent and Merger Sub are taking full responsibility for making its own evaluation of the adequacy and accuracy of all such projections, forward-looking statements, forecasts, estimates and plans (including the reasonableness of the assumptions underlying such projections, forward-looking statements, forecasts, estimates and plans); and (iii) Parent and Merger Sub shall have no claim against the Company Equityholder, Company and their respective Associated Persons or any other Person with respect thereto. Accordingly, Parent and Merger Sub acknowledge and agree that the Company Equityholder, Company and their respective Associated Persons make no representations or warranties whatsoever with respect to such projections, forward-looking statements, forecasts, estimates and plans, including the reasonableness of the assumptions underlying such projections, forward-looking statements, forecasts, estimates and plans.

10.3 Company and Company Equityholder Acknowledgements.

(a) Company and the Company Equityholder acknowledge and agree that in connection with their determination to enter into this Agreement and its Related Agreements and to consummate the transactions contemplated hereby and thereby, Company, the Company Equityholder and their Representatives have received or been given access to all information, books and records, facilities and other assets of Parent and its Subsidiaries as Company and the Company Equityholder have deemed necessary and have been afforded adequate opportunity to meet with, ask questions of and receive answers from the management of Parent and its Subsidiaries.

(b) Company and the Company Equityholder acknowledge and agree that each of Company and the Company Equityholder are consummating the transactions contemplated by this Agreement and its Related Agreements without any representation or warranty, express or implied, by any Person, except for the representations and warranties of Parent and Merger Sub expressly and specifically set forth in ARTICLE V, each as qualified by the Parent Disclosure Schedule, which shall constitute the sole representations and warranties of Parent and Merger Sub with respect to this Agreement, the Related Agreements and the transactions contemplated by this Agreement. Company and the Company Equityholder acknowledge and agree that none of Parent, Merger Sub or their respective Associated Persons has made nor are any of them making, any representation or warranty whatsoever, express or implied, as to the accuracy or completeness of any information regarding Parent, Merger Sub, any of their Subsidiaries or their respective business or assets, except as expressly set forth in this Agreement or as and to the extent required by this Agreement to be set forth in the Parent Disclosure Schedule and Company and the Company Equityholder further acknowledge and agree that (i) neither Parent nor Merger Sub nor any of their Associated Persons will be subject to any liability to the Company Equityholder or any other Person resulting from the distribution or use by the Company Equityholder or any of its Associated Persons of any such information, including in any legal opinions, memoranda, summaries or any other information, document or material made available to the Company Equityholder or any of its Associated Persons (whether in any sales memoranda, management presentations or otherwise provided) in expectation of the transactions contemplated by this Agreement and (ii) neither the Company Equityholder nor any of its Associated Persons has relied and will not rely upon the reasonableness, accuracy or completeness of any such information or any other express or implied representation, warranty or statement of any nature made or provided by or on behalf of Parent, Merger Sub or any of their respective Associated Persons. (d) In connection with the Company Equityholder's and Company's investigation of Parent and its Subsidiaries, the Company Equityholder has received from or on behalf of Parent certain projections, forward-looking statements, forecasts and estimates, including projected statements of operating revenues and income from operations of Parent and its Subsidiaries and certain business plan information of Parent and its Subsidiaries. Accordingly, Company and the Company Equityholder acknowledge and agree that Parent, Merger Sub and their respective Associated Persons make no representations or warranties whatsoever with respect to such projections, forward-looking statements, forecasts, estimates and plans, including the reasonableness of the assumptions underlying such projections, forward-looking statements, forecasts, estimates and plans.

ARTICLE XI MISCELLANEOUS

11.1 Amendment. Prior to the Effective Time, this Agreement may be amended, modified or supplemented but only in a writing signed all of the Parties. Following the Effective Time, this Agreement may be amended, modified or supplemented but only in a writing signed by Parent, the Surviving Company and the Company Equityholder. Notwithstanding any other provision of this Agreement to the contrary, no amendment, modification, supplement or waiver of Section 9.3, this Section 11.1, Section 11.5, Section 11.6 or Section 11.21 (and any provision of this Agreement to the extent an amendment, modification, supplement, waiver or termination of such provision would modify the substance of the foregoing sections) that materially adversely affects the rights of any Debt Financing Source under such Section shall be effective without the prior written consent of such Debt Financing Source (solely to the extent such consent is not unreasonably withheld, conditioned or denied).

or to such other individual or address as a Party may designate for itself by notice given as herein provided.

11.3 Waivers. The failure of a Party at any time or times to require performance of any provision hereof shall in no manner affect its right at a later time to enforce the same. No waiver by a Party of any condition or of any breach of any term, covenant, representation or warranty contained in this Agreement shall be effective unless in writing, and no waiver in any one or more instances shall be deemed to be a further or continuing waiver of any such condition or breach in other instances or a waiver of any other condition or breach of any other term, covenant, representation or warranty. Notwithstanding anything in this Agreement to the contrary (including this Section 11.3), the Parties agree that the condition set forth in Section 8.1(c) with respect to obtaining the Parent Unaffiliated Stockholder Approval and this sentence shall not be waivable by any of the Parties in any respect.

11.4 Disclosure Schedules. The Disclosure Schedules have been prepared to correspond to and qualify specific numbered paragraphs of sections as set forth therein; provided, however, that any disclosure in the Disclosure Schedules corresponding to and qualifying a specific numbered paragraph or section hereof shall be deemed to correspond to and qualify any other numbered paragraph or section relating to such Party to the extent the relevance of such disclosure to such other paragraph or section is reasonably apparent on the face of such disclosure. Certain information set forth in the Disclosure Schedules is included solely for informational purposes, is not an admission of liability with respect to the matters covered by the information, and may not be required to be disclosed pursuant to this Agreement. The specification of any Dollar amount in the representations and warranties contained in this Agreement or the inclusion of any specific item in the Disclosure Schedules is not intended to imply that such amounts (or higher or lower amounts) are or are not material, and no Party shall use the fact of the setting of such amounts or the fact of the inclusion of any such item in the Disclosure Schedules in any dispute or controversy between the parties as to whether any obligation, item, or matter not described herein or included in the Disclosure Schedules is or is not material for purposes of this Agreement.

11.5 Successors and Assigns; Assignment. This Agreement and all of the provisions hereof shall be binding upon and shall inure to the benefit of the Parties and their respective heirs, successors and permitted assigns; provided, however, that neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned (including by operation of law) by any Party without the prior written consent of the other Parties; provided, further, that each of Parent, Merger Sub and the Surviving Company may assign their respective rights under this Agreement to their lenders as collateral security for their obligations under any of their secured debt financing arrangements. Any purported assignment in contravention of this Section 11.5 shall be null and void.

11.6 Third Party Beneficiaries. This Agreement is solely for the benefit of the Parties hereto and no provision of this Agreement shall be deemed to confer upon third parties, either express or implied, any remedy,

claim, liability, reimbursement, cause of action or other right. Notwithstanding the foregoing, (a) the Company Equityholder and the Persons referred to in Section 7.7, Section 10.1 and Section 11.17 shall be third party beneficiaries of such Sections, (b) Parent and the Persons referred to in Section 10.1 shall be third party beneficiaries of such Sections, and (c) the Debt Financing Sources of the Debt Financing shall be third party beneficiaries of Section 11.1 and Section 11.21.

11.7 Further Assurances. Upon the reasonable request of Parent or the Company Equityholder, each Party will, on and after the Closing Date, execute and deliver to the other Parties such other documents, assignments and other instruments as may be reasonably required to effectuate completely the Merger, and to effect and evidence the provisions of this Agreement and the Related Agreements and the transactions contemplated by this Agreement.

11.8 Entire Understanding. The Exhibits and the Disclosure Schedules identified in this Agreement are incorporated herein by reference and made a part hereof. This Agreement and the Related Agreements set forth the entire agreement and understanding of the Parties and supersede any and all prior agreements, arrangements and understandings among the Parties.

11.9 Applicable Law. This Agreement, and all claims or causes of action (whether in contract, tort or statute) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), shall be governed by, and enforced in accordance with, the Laws of the State of Delaware, without giving effect to any Laws of the State of Delaware that would cause the application of the Laws of any jurisdiction other than the State of Delaware.

11.10 Jurisdiction of Disputes. In the event any Party to this Agreement commences any Action in connection with or relating to this Agreement, any Related Agreement or any matters described or contemplated herein or therein, the Parties to this Agreement hereby (a) agree that any Action shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate courts therefrom in the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware); (b) agree that in the event of any such Action, such Parties will consent and submit to personal jurisdiction in any such court described in clause (a) of this Section 11.10 and to service of process upon them in accordance with the rules and statutes governing service of process; (c) agree to waive to the full extent permitted by law any objection that they may now or hereafter have to the venue of any such Action in any such court or that any such Action was brought in an inconvenient forum; (d) agree as an alternative method of service to service of process in any Action by mailing of copies thereof to such Party at its address set forth in Section 11.2 for communications to such Party; (e) agree that any service made as provided herein shall be effective and binding service in every respect; and (f) agree that nothing herein shall affect the rights of any Party to effect service of process in any other manner permitted by applicable Law.

11.11 Waiver of Jury Trial. Each Party acknowledges and agrees that any controversy which may arise under this Agreement or the Related Agreements is likely to involve complicated and difficult issues, and therefore each such Party hereby irrevocably and unconditionally waives any right such Party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement or the Related Agreements, or the transactions contemplated by this Agreement. Each Party certifies and acknowledges that (a) no Representative of any other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each Party understands and has considered the implications of this waiver, (c) each Party makes this waiver voluntarily, and (d) each Party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 11.11.

11.12 Specific Performance. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise

Table of Contents

breached and that any breach of this Agreement would not be adequately compensated in all cases by monetary damages alone. The Company Equityholder and Company agree that Parent and Merger Sub shall have the right, in addition to any other rights and remedies existing in their favor, to enforce the rights and the obligations of the Company Equityholder and Company hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. Furthermore, Parent and Merger Sub agree that Company and the Company Equityholder shall have the right, in addition to any other rights and remedies existing in their favor, to enforce the rights and the obligations of Parent and Merger Sub hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. The right of specific performance and other equitable relief is an integral part of the transactions contemplated by this Agreement and without that right, none of Company, the Company Equityholder, Parent or Merger Sub would have entered into this Agreement. The Parties agree not to assert that a remedy of specific performance or other equitable relief is unenforceable, invalid, contrary to law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the Parties otherwise have an adequate remedy at law. The Parties acknowledge and agree that any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 11.12 shall not be required to provide any bond or other security in connection with any such order or injunction. If, prior to the End Date, any Party brings any action, in each case in accordance with this Section 11.12, to enforce specifically the performance of the terms and provisions hereof by any other Party, the End Date shall automatically be extended (a) for the period during which such action is pending, plus ten (10) Business Days or (b) by such other time period established by the court presiding over such action, as the case may be. Notwithstanding any other provision of this Agreement to the contrary, in no event shall this Section 11.12 be used, alone or together with any other provision of this Agreement, to require any Party to remedy any breach of any representation or warranty of such Party made herein.

11.13 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction declares that any term or provision hereof is invalid or unenforceable, the Parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

11.14 Construction. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, the language shall be construed as mutually chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against any Party. Any reference to any Law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise.

11.15 Counterparts. This Agreement may be executed in counterparts and such counterparts may be delivered in electronic format (including by fax and email). Such delivery of counterparts shall be conclusive evidence of the intent to be bound hereby and each such counterpart, including those delivered in electronic format, and copies produced therefrom shall have the same effect as an originally signed counterpart. To the extent applicable, the foregoing constitutes the election of the Parties to invoke any Law authorizing electronic signatures.

11.16 Retention of Advisors. The Parties acknowledge and agree that Mayer Brown has represented the Company Equityholder and Company in connection with the negotiation, preparation, execution, delivery and performance of this Agreement and the Related Agreements and the consummation of the transactions

contemplated by this Agreement, and that the Company Equityholder, Company and their respective Associated Persons (each, a “Company Group Member”) have a reasonable expectation that Mayer Brown will represent them in connection with any claim or Action involving any Company Group Member, on the one hand, and Parent or any of its Associated Persons (each, a “Parent Group Member”), on the other hand, arising under this Agreement, the Related Agreements or the transactions contemplated by this Agreement. Parent hereby, on behalf of itself and the other Parent Group Members and their respective successors and assigns, hereby irrevocably (a) agrees to any such representation in any such matter and (b) waives any actual or potential conflict arising from any such representation in the event of: (i) any adversity between the interests of any Company Group Member, on the one hand, and Parent and the Company Group, on the other hand, in any such matter; and/or (ii) any communication between or among Mayer Brown and any of the Company Group and their respective Affiliates or employees, whether privileged or not, or any other information known to such counsel, by reason of such counsel’s representation of any of the Company Group prior to Closing.

11.17 Protected Communication.

(a) The Parties to this Agreement agree that, immediately prior to the Closing, without the need for any further action (i) all right, title and interest of the Company Group in and to all Protected Communications shall thereupon transfer to and be vested solely in the Company Equityholder and its successors in interest and (ii) any and all protections from disclosure, including attorney-client privileges and work product protections, associated with or arising from any Protected Communications that would have been exercisable by any of the Company Group shall thereupon be vested exclusively in the Company Equityholder and its successors in interest and shall be exercised or waived solely as directed by the Company Equityholder or its successors in interest.

(b) None of Parent, the Company Group or any Person acting on any of their behalf shall, without the prior written consent of the Company Equityholder or its successors in interest, assert or waive or attempt to assert or waive any such protection against disclosure, including the attorney-client privilege or work product protection, or to access, discover, obtain, use or disclose or attempt to access, discover, obtain, use or disclose any Protected Communications in any manner, including in connection with any dispute or legal proceeding relating to or in connection with this Agreement, the events and negotiations leading to this Agreement, or any of the transactions contemplated by this Agreement; provided, however, (i) the foregoing shall neither prohibit Parent from seeking proper discovery of such documents nor the Company Equityholder from asserting that such documents are not discoverable to the extent that applicable attorney-client privileges and work product protections have attached thereto and (ii) in the event a dispute arises between any Parent Group Members, on the one hand, and any other Person (other than the Company Group Members), on the other hand, such Parent Group Members shall not disclose any documents or information subject to protections from disclosure, including attorney-client privileges and work product protections, associated with or arising from any Protected Communications without the prior written consent of the Company Equityholder (provided, that if such Parent Group Members are required by judicial order or other legal process to make such disclosure, such Parent Group Members shall promptly notify the Company Equityholder in writing of such requirement (without making disclosure) and shall provide the Company Equityholder with such cooperation and assistance as shall be necessary to enable the Company Equityholder to prevent disclosure by reason of any protection against disclosure, including the attorney-client privileges and work product protections).

(c) Without limiting the generality of the foregoing, (i) the Company Equityholder shall have the right to retain, or cause Mayer Brown to retain, any Protected Communications in possession of Mayer Brown at the Closing and (ii) Parent shall (and following the Closing shall cause the Company Group to) take actions necessary to ensure that any and all protections from disclosure, including, but not limited to, attorney-client privileges and work product protections, associated with or arising from any Protected Communications will survive the Closing, remain in effect and transfer to and be vested solely in the Company Equityholder and its successors in interest.

(d) The Company Equityholder and its successors-in-interest shall have the right at any time prior to or following the Closing to remove, erase, delete, disable, copy or otherwise deal with any Protected

Communications in whatever way they desire, and Parent and the Company Group shall provide full access to all Protected Communications in their possession or within their direct or indirect control and shall provide reasonable assistance at the expense of the Person requesting such assistance in order to give full force and effect to the rights of the Company Equityholder and their successors in interest hereunder.

(e) This Section 11.17 is for the benefit of the Company Group Members and such Persons are intended third-party beneficiaries.

11.18 No Waiver of Privilege, Protection from Disclosure or Use. The Parties understand and agree that nothing in this Agreement, including the provisions of Section 7.4, Section 11.16 and Section 11.17 regarding the assertions of protection from disclosure and use, privilege and conflicts of interest, shall be deemed to be a waiver of any applicable attorney-client privilege or other protection from disclosure or use. Each of the Parties understands and agrees that it has undertaken commercially reasonable efforts to prevent the disclosure of Protected Communications. Notwithstanding those efforts, the Parties understand and agree that the consummation of the transactions contemplated by this Agreement could result in the inadvertent disclosure of information that may be confidential, eligible to be subject to a claim of privilege, or otherwise protected from disclosure. The Parties further understand and agree that any disclosure of information that may be confidential, subject to a claim of privilege, or otherwise protected from disclosure will not constitute a waiver of or otherwise prejudice any claim of confidentiality, privilege, or protection from disclosure, including with respect to information involving or concerning the same subject matter as the disclosed information. The Parties agree to use commercially reasonable efforts to return any inadvertently disclosed information to the disclosing Party promptly upon becoming aware of its existence. The Parties further agree that promptly after the return of any inadvertently disclosed information, the Party returning such information shall destroy any and all copies, summaries, descriptions and/or notes of such inadvertently disclosed information, including electronic versions thereof, and all portions of larger documents or communications that contain such copies, summaries, descriptions and/or notes.

11.19 Relationship of the Parties. Nothing in this Agreement shall be deemed to constitute the Parties as joint venturers, alter egos, partners or participants in an unincorporated business or other separate entity, nor, except as expressly and specifically set forth in this Agreement in any manner create any principal-agent, fiduciary or other special relationship between the parties hereto. No Party shall have any duties (including fiduciary duties) towards any other Party except as specifically set forth herein.

11.20 No Right of Set-Off. Parent, for itself and its successors and permitted assigns, hereby unconditionally and irrevocably waives any rights of set-off, netting, offset, recoupment, or similar rights that Parent or any of its successors and permitted assigns has or may have with respect to any payment to be made by Parent pursuant to this Agreement or any other document or instrument delivered by Parent in connection herewith.

11.21 Debt Financing Sources.

(a) Notwithstanding anything herein to the contrary, each of the Parties to this Agreement hereby agrees that it will not bring or support any action of any kind or description, whether at law or equity, whether in contract or in tort or otherwise, against any Debt Financing Source in any way relating to this Agreement, any of the Related Agreements, any of the Debt Financing Documents or the other documents contemplated hereby or thereby, or the transactions contemplated hereby or thereby, including any dispute arising out of or relating in any way to the Debt Financing or the performance thereof or services related thereto, in any forum other than the United States District Court for the Southern District of New York or any New York state court sitting in the Borough of Manhattan in the City of New York, and that the provisions of Section 11.11 relating to the waiver of jury trial shall apply to, and the Laws of the State of New York, without regard to the conflict of laws rules thereof, shall govern, any such action. The Parties hereby agree that mailing of process or other papers in connection with any such action in the manner provided in Section 11.10, or in such other manner as may be

permitted by Law shall be valid and sufficient service thereof and hereby waive any objections to service accomplished in the manner herein provided.

(b) Notwithstanding anything to the contrary in this Agreement, the Debt Financing Sources shall not have any liability to the Company Equityholder or any of its Affiliates relating to or arising out of this Agreement or the Debt Financing or any related agreements or the transactions contemplated hereby or by the Related Agreements or the Debt Financing Documents, whether at law or equity, in contract or in tort or otherwise, and the Company Equityholder and its Affiliates shall not have any rights or claims, and shall not seek any loss or damage or any other recovery or judgment of any kind, including direct, indirect, consequential or punitive damages, against any Debt Financing Source under this Agreement or the Debt Financing or any related agreements, whether at law or equity, in contract or in tort or otherwise, and the Company Equityholder (on behalf of itself and its Associated Persons) hereby waives any rights or claims against any Debt Financing Source relating to or arising out of this Agreement, or the Debt Financing or any related agreements or the transactions contemplated hereby, or by the Related Agreements or the Debt Financing Documents, whether at law or equity, in contract, in tort or otherwise.

REGISTRATION

2.1 Demand Registrations.

(a) Subject to the terms and conditions hereof, solely during any period that the Company is then ineligible under Law to register Registrable Securities on a registration statement on Form S-3 or any successor form thereto ("Form S-3"), or if the Company is so eligible but has failed to comply with its obligations under Section 2.3, any Demand Shareholders ("Requesting Shareholders") shall be entitled to make no more than four (4) written requests of the Company (each, a "Demand") for registration under the Securities Act of an amount of Registrable Securities then held by such Requesting Shareholders that equals or is greater than the Registrable Amount (a "Demand Registration" and such registration statement, a "Demand Registration Statement").

Thereupon, the Company shall, subject to the terms of this Agreement, file the registration statement no later than 30 days after receipt of a Demand and shall use its commercially reasonable efforts to effect the registration as promptly as practicable under the Securities Act of:

(i) the Registrable Securities which the Company has been so requested to register by the Requesting Shareholders for disposition in accordance with the intended method of disposition stated in such Demand;

(ii) all other Registrable Securities which the Company has been requested to register pursuant to Section 2.1(b), but subject to Section 2.1(g); and

(iii) all shares of Company Common Stock which the Company may elect to register in connection with any offering of Registrable Securities pursuant to this Section 2.1, but subject to Section 2.1(g); all to the extent necessary to permit the disposition (in accordance with the intended methods thereof) of the Registrable Securities and the additional shares of Company Common Stock, if any, to be so registered.

(b) A Demand shall specify: (i) the aggregate number of Registrable Securities requested to be registered in such Demand Registration, (ii) the intended method of disposition in connection with such Demand Registration, to the extent then known, and (iii) the identity of the Requesting Shareholder(s). Within five (5) days after receipt of a Demand, the Company shall give written notice of such Demand to all other holders of Registrable Securities. The Company shall include in the Demand Registration covered by such Demand all Registrable Securities with respect to which the Company has received a written request for inclusion therein within five (5) days after the Company's notice required by this paragraph has been given, provided that if such five (5) day period ends on a day that is not a Business Day, such period shall be deemed to end on the next succeeding Business Day. Each such written request shall comply with the requirements of a Demand as set forth in this Section 2.1(b).

(c) A Demand Registration shall not be deemed to have been effected (i) unless the Demand Registration Statement with respect thereto has become effective and has remained effective for a period of at least one hundred five (105) days or such shorter period in which all Registrable Securities included in such Demand Registration have actually been sold or otherwise disposed of thereunder (provided, that such period shall be extended for a period of time equal to the period the holders of Registrable Securities refrain from selling any securities included in such registration statement at the request of the Company or the lead managing underwriter(s) pursuant to the provisions of this Agreement) or (ii) if, after it has become effective, such Demand Registration becomes subject, prior to one hundred five (105) days after effectiveness, to any stop order, injunction or other order or requirement of the Commission or other Governmental Authority, other than by reason of any act or omission by the applicable Selling Shareholders.

(d) Demand Registrations shall be on such appropriate registration form of the Commission as shall be selected by the Company and reasonably acceptable to the Requesting Shareholders.

(e) The Company shall not be obligated to (i) subject to Section 2.1(c), maintain the effectiveness of a registration statement under the Securities Act filed pursuant to a Demand Registration for a period longer than one hundred five (105) days or (ii) effect any Demand Registration (A) within ninety (90) days of a "firm commitment" Underwritten Offering in which all Demand Shareholders were offered "piggyback" rights pursuant to Section 2.2 (subject to Section 2.2(b)) and at least fifty percent (50%) of the number of Registrable Securities requested by such Demand Shareholders to be included in such Underwritten Offering were included, (B) within ninety (90) days of the completion of any other Demand Registration (including, for the avoidance of doubt, any Underwritten Offering pursuant to any Shelf Registration Statement), (C) within ninety (90) days of the completion of any other Underwritten Offering by the Company or any shorter period during which the Company has agreed not to effect a registration or public offering of securities (in each case only to the extent that the Company has undertaken contractually to the underwriters of such Underwritten Offering not to effect any registration or public offering of securities), or (D) if, in the Company's reasonable judgment, it is not feasible for the Company to proceed with the Demand Registration because of the unavailability of audited or

other required financial statements of the Company or any other Person required to be included or incorporated by reference in the Demand Registration Statement; provided, that the Company shall use its commercially reasonable efforts to obtain such financial statements as promptly as practicable.

(f) The Company shall be entitled to (i) postpone (upon written notice to the Demand Shareholders) the filing or the effectiveness of a registration statement for any Demand Registration, (ii) cause any Demand Registration Statement to be withdrawn and its effectiveness terminated and (iii) suspend the use of the prospectus forming the part of any Demand Registration Statement, in each case in the event of a Blackout Period until the expiration of the applicable Blackout Period. In the event of a Blackout Period under clause (ii) of the definition thereof, the Company shall deliver to the Demand Shareholders requesting registration a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that, in the good faith judgment of the Company, the conditions described in clause (ii) of the definition of Blackout Period are met. Such certificate shall contain an approximation of the anticipated delay. Upon notice by the Company to the Demand Shareholders of any such determination, each Demand Shareholder covenants that, subject to Law, it shall keep the fact of any such notice strictly confidential, and shall promptly halt any offer, sale, trading or other Transfer (but excluding for this purpose any pledge or grant of a security interest that is in effect at the time of delivery of such notice) of any Registrable Securities for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company) and promptly halt any use, publication, dissemination or distribution of the Demand Registration Statement, each prospectus included therein, and any amendment or supplement thereto for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company).

(g) If, in connection with a Demand Registration that involves an Underwritten Offering, the lead managing underwriter(s) advise(s) the Company that, in its (their) good faith opinion, the inclusion of all of the securities sought to be registered in connection with such Demand Registration would adversely affect the success thereof, then the Company shall include in such registration statement only such securities as the Company is advised by such lead managing underwriter(s) can be sold without such adverse effect as follows and in the following order of priority: (i) first, up to the number of Registrable Securities requested to be included in such Demand Registration by the Demand Shareholders, which, in the opinion of the lead managing underwriter(s), can be sold without adversely affecting the success thereof, pro rata among such Demand Shareholders on the basis of the number of such Registrable Securities requested to be included by such Demand Shareholders; (ii) second, securities the Company proposes to sell; and (iii) third, all other securities of the Company duly requested to be included in such registration statement, pro rata on the basis of the amount of such other securities requested to be included or such other allocation method determined by the Company.

(h) Any time that a Demand Registration involves an Underwritten Offering, the Requesting Shareholder(s) shall select the investment banker(s) and manager(s) that will serve as managing underwriters (including which such managing underwriters will serve as lead or co-lead) and underwriters with respect to the offering of such Registrable Securities; provided, that such investment banker(s) and manager(s) shall be reasonably acceptable to the Company (such acceptance not to be unreasonably withheld, conditioned or delayed).

2.2 Piggyback Registrations.

(a) Subject to the terms and conditions hereof, whenever the Company proposes to register any Company Common Stock (or any other securities that are of the same class or series as any Registrable Securities that are not shares of Company Common Stock) under the Securities Act (other than a registration by the Company (i) on Form S-4 or any successor form thereto, (ii) on Form S-8 or any successor form thereto, (iii) pursuant to Section 2.3, or (iv) pursuant to Section 2.1) (a "Piggyback Registration"), whether for its own account or for the account of others, the Company shall give all Demand Shareholders prompt written notice thereof (but not less than ten (10) Business Days prior to the filing by the Company with the Commission of any registration statement with respect thereto). Such notice (a "Piggyback Notice") shall specify the number of shares of

Table of Contents

Company Common Stock (or other securities, as applicable) proposed to be registered, the proposed date of filing of such registration statement with the Commission, the proposed means of distribution and the proposed managing underwriter(s) (if any) and a good faith estimate by the Company of the proposed minimum offering price of such shares of Company Common Stock (or other securities, as applicable), in each case to the extent then known. Subject to Section 2.2(b), the Company shall include in each such Piggyback Registration all Registrable Securities held by Demand Shareholders (a “Piggyback Seller”) with respect to which the Company has received written requests (which written requests shall specify the number of Registrable Securities requested to be disposed of by such Piggyback Seller) for inclusion therein within ten (10) days after such Piggyback Notice is received by such Piggyback Seller.

(b) If, in connection with a Piggyback Registration that involves an Underwritten Offering, the lead managing underwriter(s) advise(s) the Company that, in its (their) good faith opinion, the inclusion of all the securities sought to be included in such Piggyback Registration by (w) the Company, (x) the Piggyback Sellers, (y) other Persons who have sought to have shares of Company Common Stock registered in such Piggyback Registration pursuant to rights to demand (other than pursuant to so-called “piggyback” or other incidental or participation registration rights) such registration (such Persons being “Other Demanding Sellers”), and (z) any other proposed sellers of shares of Company Common Stock (including pursuant to so-called “piggyback” or other incidental or participation registration rights) (such Persons being “Other Proposed Sellers”), as the case may be, would materially and adversely affect the success thereof, then the Company shall include in the registration statement applicable to such Piggyback Registration only such securities as the Company is so advised by such lead managing underwriter(s) can be sold without such an effect, as follows and in the following order of priority:

(i) if the Piggyback Registration relates to an offering for the Company’s own account, then (A) first, such number of shares of Company Common Stock (or other securities, as applicable) to be sold by the Company, (B) second, Registrable Securities of Piggyback Sellers, pro rata on the basis of the number of Registrable Securities proposed to be sold by such Piggyback Sellers, (C) third, shares of Company Common Stock sought to be registered by Other Demanding Sellers, pro rata on the basis of the number of shares of Company Common Stock proposed to be sold by such Other Demanding Sellers and (D) fourth, other shares of Company Common Stock proposed to be sold by any Other Proposed Sellers; or

(ii) if the Piggyback Registration relates to an offering other than for the Company’s own account, then (A) first, such number of shares of Company Common Stock (or other securities, as applicable) sought to be registered by each Other Demanding Seller pro rata in proportion to the number of securities sought to be registered by all such Other Demanding Sellers, (B) second, Registrable Securities of Piggyback Sellers, pro rata on the basis of the number of Registrable Securities proposed to be sold by such Piggyback Sellers, (C) third, shares of Company Common Stock to be sold by the Company and (D) fourth, other shares of Company Common Stock proposed to be sold by any Other Proposed Sellers.

(c) For clarity, in connection with any Underwritten Offering under this Section 2.2 for the Company’s account, the Company shall not be required to include the Registrable Securities of a Piggyback Seller in the Underwritten Offering unless such Piggyback Seller accepts the terms of the underwriting as agreed upon between the Company and the lead managing underwriter(s), which shall be selected by the Company.

(d) If, at any time after giving written notice of its intention to register any shares of Company Common Stock (or other securities, as applicable) as set forth in this Section 2.2 and prior to the time the registration statement filed in connection with such Piggyback Registration is declared effective, the Company shall determine for any reason not to register such shares of Company Common Stock (or other securities, as applicable), the Company may, at its election, give written notice of such determination to the Piggyback Sellers within five (5) Business Days thereof and thereupon shall be relieved of its obligation to register any Registrable Securities in connection with such particular withdrawn or abandoned Piggyback Registration; provided, that, if permitted pursuant to Section 2.1, the Demand Shareholders may continue the registration as a Demand Registration pursuant to the terms of Section 2.1.

2.3 Shelf Registration Statement.

(a) Subject to the terms and conditions hereof, and further subject to the availability of Form S-3 to the Company, any of the Demand Shareholders may by written notice delivered to the Company (the “Shelf Notice”) require the Company to file as soon as reasonably practicable, and to use commercially reasonable efforts to cause to be declared effective by the Commission as soon as reasonably practicable after such filing date, one (1) or more registration statements on Form S-3 providing for an offering to be made on a continuous basis pursuant to Rule 415 under the Securities Act (or any successor rule) relating to the offer and sale, from time to time, of an amount of Registrable Securities then held by such Demand Shareholders that equals or is greater than the Registrable Amount (the “Shelf Registration Statement”). To the extent the Company is a well-known seasoned issuer (as defined in Rule 405 under the Securities Act or any successor rule), the Company shall file the Shelf Registration Statement in the form of an automatic shelf registration statement (as defined in Rule 405 under the Securities Act) or any successor form thereto. If registering a number of Registrable Securities, the Company shall pay the registration fee for all Registrable Securities to be registered pursuant to an automatic shelf registration statement at the time of filing of the automatic shelf registration statement and shall not elect to pay any portion of the registration fee on a deferred basis. The Company may also amend an existing registration statement on Form S-3, including by post-effective amendment, in order to fulfill its obligations hereunder.

(b) Within five (5) days after receipt of a Shelf Notice pursuant to Section 2.3(a), the Company will deliver written notice thereof to all other holders of Registrable Securities. Each other holder of Registrable Securities may elect to participate with respect to its Registrable Securities in the Shelf Registration Statement in accordance with the plan and method of distribution set forth, or to be set forth, in such Shelf Registration Statement by delivering to the Company a written request to so participate within five (5) days after the Company notifies such holders of its receipt of a Shelf Notice.

(c) Subject to Section 2.3(d), the Company shall use its commercially reasonable efforts to keep the Shelf Registration Statement continuously effective until the date on which all Registrable Securities covered by the Shelf Registration Statement have been sold thereunder in accordance with the plan and method of distribution disclosed in the prospectus included in the Shelf Registration Statement, or otherwise cease to be Registrable Securities.

(d) Notwithstanding anything to the contrary contained in this Agreement, the Company shall be entitled, from time to time, by providing written notice to the holders of Registrable Securities who elected to participate in the Shelf Registration Statement (the “Participating Shareholders”), to require such Participating Shareholders to suspend the use of the prospectus for sales of Registrable Securities under the Shelf Registration Statement during any Blackout Period. In the event of a Blackout Period under clause (ii) of the definition thereof, the Company shall deliver to the Participating Shareholders a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that, in the good faith judgment of the Company, the conditions described in clause (ii) of the definition of Blackout Period are met. Such certificate shall contain an estimate of the anticipated delay. Upon notice by the Company to the Participating Shareholders of any such determination, each Participating Shareholder covenants that it shall, subject to Law, keep the fact of any such notice strictly confidential, and shall promptly halt any offer, sale, trading or other Transfer (but excluding for this purpose any pledge or grant of a security interest that is in effect at the time of delivery of such notice) of any Registrable Securities for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company) and promptly halt any use, publication, dissemination or distribution of the Shelf Registration Statement, each prospectus included therein, and any amendment or supplement thereto for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company).

(e) After the expiration of any Blackout Period and without any further request from a holder of Registrable Securities, the Company, to the extent necessary, shall as promptly as reasonably practicable prepare a post-effective amendment or supplement to the Shelf Registration Statement or the prospectus, or any

Table of Contents

document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, the prospectus will not include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(f) At any time that a Shelf Registration Statement is effective, if any Demand Shareholder delivers a notice to the Company (a “Take-Down Notice”) stating that it intends to sell all or part of its Registrable Securities included by it on the Shelf Registration Statement (a “Shelf Offering”), then the Company shall amend or supplement the Shelf Registration Statement and the prospectus included therein as may be necessary in order to enable such Registrable Securities to be distributed pursuant to the Shelf Offering (taking into account, solely in connection with a Marketed Underwritten Shelf Offering, the inclusion of Registrable Securities by any other holders pursuant to this Section 2.3). In connection with any Shelf Offering that is an Underwritten Offering and where the plan of distribution set forth in the applicable Take-Down Notice includes a customary “road show” (including an “electronic road show”) or other substantial marketing effort by the Company and the underwriters (a “Marketed Underwritten Shelf Offering”):

(i) such proposing Demand Shareholder(s) shall also deliver the Take-Down Notice to all other Demand Shareholders included on the Shelf Registration Statement and permit each such holder to include its Registrable Securities included on the Shelf Registration Statement in the Marketed Underwritten Shelf Offering if such holder notifies the proposing Demand Shareholder(s) and the Company within two (2) Business Days after delivery of the Take-Down Notice to such holder; and

(ii) if the lead managing underwriter(s) advises the Company and the proposing Demand Shareholder(s) that, in its (their) opinion, the inclusion of all of the securities sought to be sold in connection with such Marketed Underwritten Shelf Offering would materially and adversely affect the success thereof, then there shall be included in such Marketed Underwritten Shelf Offering only such securities as the proposing Demand Shareholder(s) is advised by such lead managing underwriter(s) can be sold without such adverse effect, and such number of Registrable Securities shall be allocated in the same manner as described in Section 2.1(g). Except as otherwise expressly specified in this Section 2.3, any Marketed Underwritten Shelf Offering shall be subject to the same requirements, limitations and other provisions of this Article II as would be applicable to a Demand Registration.

(g) Notwithstanding any other provision of this Agreement, if the requesting Demand Shareholder wishes to engage in a block sale (including a block sale off of a Shelf Registration Statement or an effective automatic shelf registration statement, or in connection with the registration of the Registrable Securities under an automatic shelf registration statement for purposes of effectuating a block sale), then notwithstanding the foregoing or any other provisions hereunder, no other Demand Shareholder shall be entitled to receive any notice of or have its Registrable Securities included in such block sale.

(h) Any time that a Shelf Offering involves a Marketed Underwritten Shelf Offering, the Demand Shareholders participating in such Marketed Underwritten Shelf Offering shall select the investment banker(s) and manager(s) that will serve as managing underwriters (including which such managing underwriters will serve as lead or co-lead) and underwriters with respect to the offering of such Registrable Securities; provided, that such investment banker(s) and manager(s) shall be reasonably acceptable to the Company (such acceptance not to be unreasonably withheld, conditioned or delayed).

2.4 Withdrawal Rights. Any holder of Registrable Securities that has notified or directed the Company to include any or all of its Registrable Securities in a registration statement under the Securities Act shall have the right to withdraw any such notice or direction with respect to any or all of the Registrable Securities designated by it for registration by giving written notice to such effect to the Company prior to the effective date of such registration statement. In the event of any such withdrawal, the Company shall not include such Registrable Securities in the applicable registration and such Registrable Securities shall continue to be Registrable Securities for all purposes of this Agreement (subject to the other terms and conditions of this Agreement). No such

Table of Contents

withdrawal shall affect the obligations of the Company with respect to the Registrable Securities not so withdrawn; provided, however, that in the case of a Demand Registration, if such withdrawal shall reduce the number of Registrable Securities sought to be included in such registration below the Registrable Amount, then the Company shall as promptly as practicable give each Demand Shareholder seeking to register Registrable Securities notice to such effect and, within five (5) days following the mailing of such notice, such Demand Shareholder still seeking registration shall, by written notice to the Company, elect to register additional Registrable Securities to satisfy the Registrable Amount or elect that such registration statement not be filed or, if theretofore filed, be withdrawn. During such five (5) day period, the Company shall not file such registration statement if not theretofore filed or, if such registration statement has been theretofore filed, the Company shall not seek, and shall use commercially reasonable efforts to prevent, the effectiveness thereof. No Demand Registration withdrawn pursuant to this Section 2.4 shall count against the number of Demands which may have been made under Section 2.1(a) hereof.

2.5 Holdback Agreements.

(a) The Demand Shareholders shall enter into customary agreements restricting the sale or distribution of Equity Securities of the Company (including sales pursuant to Rule 144 under the Securities Act) to the extent required by the lead managing underwriter(s) with respect to an applicable Underwritten Offering in which the Demand Shareholders participate during the period commencing on the date of the request (which shall be no earlier than fourteen (14) days prior to the expected “pricing” of such Underwritten Offering) and continuing for not more than ninety (90) days after the date of the “final” prospectus (or “final” prospectus supplement if the Underwritten Offering is made pursuant to a Shelf Registration Statement), pursuant to which such Underwritten Offering shall be made. The Company shall not include Registrable Securities of any other Demand Shareholder in such an Underwritten Offering unless such other Demand Shareholder enters into a customary agreement restricting the sale or distribution of Equity Securities of the Company (including sales pursuant to Rule 144 under the Securities Act) if requested by the lead managing underwriter(s).

(b) If any Demand Registration or Shelf Offering involves an Underwritten Offering, the Company will not effect any sale or distribution of shares of Company Common Stock (or securities convertible into or exchangeable or exercisable for shares of Company Common Stock) (other than a registration statement on Form S-4, Form S-8 or any successor forms thereto) for its own account within sixty (60) days (plus an extension period as may be proposed by the lead managing underwriter(s) for such Underwritten Offering to address FINRA regulations regarding the publication of research, or such shorter periods as the lead managing underwriter(s) may agree with the Company) after the effective date of such registration (or, in the case of a Shelf Offering, the date of the closing of such Shelf Offering) except as may otherwise be agreed between the Company and the lead managing underwriter(s) of such Underwritten Offering.

2.6 Registration Procedures.

(a) If and whenever the Company is required to use commercially reasonable efforts to effect the registration of any Registrable Securities under the Securities Act as provided in Section 2.1, Section 2.2 or Section 2.3, the Company shall as expeditiously as reasonably practicable:

(i) prepare and file with the Commission a registration statement to effect such registration in accordance with the intended method or methods of distribution of such securities and thereafter use commercially reasonable efforts to cause such registration statement to become and remain effective pursuant to the terms of this Article II; provided, however, that the Company may discontinue any registration of its securities which are not Registrable Securities at any time prior to the effective date of the registration statement relating thereto; provided, further, that before filing such registration statement or any amendments thereto, the Company will furnish to the Demand Shareholders which are including Registrable Securities in such registration (“Selling Shareholders”), their counsel and the lead managing underwriter(s), if any, copies of all such documents proposed to be filed, which documents will be subject to the review and reasonable comment of such counsel, and other documents reasonably requested by such counsel, including

any comment letter from the Commission, and, if requested by such counsel, provide such counsel reasonable opportunity to participate in the preparation of such registration statement and each prospectus included therein and such other opportunities to conduct a reasonable investigation within the meaning of the Securities Act, including reasonable access to the Company's books and records, officers, accountants and other advisors. The Company shall not file any such registration statement or prospectus or any amendments or supplements thereto with respect to which the holders of a majority of the Registrable Securities held by the Selling Shareholders, their counsel or the lead managing underwriter(s), if any, shall reasonably object, in writing, on a timely basis, unless, in the opinion of the Company, such filing is necessary to comply with Law;

(ii) except in the case of a Shelf Registration Statement, prepare and file with the Commission such amendments, including post-effective amendments, and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective pursuant to the terms of this Article II, and comply in all material respects with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement;

(iii) in the case of a Shelf Registration Statement, prepare and file with the Commission such amendments, including post-effective amendments, and supplements to such Shelf Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Shelf Registration Statement effective and to comply in all material respects with the provision of the Securities Act with respect to the disposition of the Registrable Securities subject thereto for a period ending on the date on which all the Registrable Securities held by the Demand Shareholders cease to be Registrable Securities;

(iv) if requested by the lead managing underwriter(s), if any, or the holders of a majority of the then outstanding Registrable Securities being sold in connection with an Underwritten Offering, promptly include in a prospectus supplement or post-effective amendment such information as the lead managing underwriter(s), if any, and such holders may reasonably request in order to permit the intended method of distribution of such securities and make all required filings of such prospectus supplement or such post-effective amendment as soon as reasonably practicable after the Company has received such request; provided, however, that the Company shall not be required to take any actions under this Section 2.6(a)(iv) that are not, in the opinion of counsel for the Company, in compliance with Law;

(v) furnish to the Selling Shareholders and each underwriter, if any, of the securities being sold by such Selling Shareholders such number of conformed copies of such registration statement and of each amendment and supplement thereto, such number of copies of the prospectus contained in such registration statement (including each preliminary prospectus and any summary prospectus) and each free writing prospectus (as defined in Rule 405 of the Securities Act or any successor rule) (a "Free Writing Prospectus") utilized in connection therewith and any other prospectus filed under Rule 424 under the Securities Act or any successor rule, in conformity with the requirements of the Securities Act, and such other documents as such Selling Shareholders and underwriter, if any, may reasonably request in order to facilitate the public sale or other disposition of the Registrable Securities owned by such Selling Shareholders;

(vi) use commercially reasonable efforts to register or qualify or cooperate with the Selling Shareholders, the underwriters, if any, and their respective counsel in connection with the registration or qualification (or exemption from such registration or qualification) of such Registrable Securities covered by such registration statement under such other securities laws or "blue sky" laws of such jurisdictions as the Selling Shareholders and any underwriter of the securities being sold by such Selling Shareholders shall reasonably request, and to keep each such registration or qualification (or exemption therefrom) effective during the period such registration statement is required to be kept effective and take any other action which may be necessary or reasonably advisable to enable such Selling Shareholders and underwriters to consummate the disposition in such jurisdictions of the Registrable Securities owned by such Selling Shareholders, except that the Company shall not for any such purpose be required to (A) qualify generally to do business as a foreign corporation in any jurisdiction wherein it would not but for the requirements of this clause (vi) be obligated to be so qualified, (B) subject itself to taxation in any such jurisdiction or (C) file a general consent to service of process in any such jurisdiction;

- (vii) use commercially reasonable efforts to cause such Registrable Securities (if such Registrable Securities are shares of Company Common Stock) to be listed on each securities exchange on which shares of Company Common Stock are then listed;
- (viii) use commercially reasonable efforts to provide and cause to be maintained a transfer agent and registrar for all Registrable Securities covered by such registration statement from and after a date not later than the effective date of such registration statement;
- (ix) enter into such agreements (including an underwriting agreement) in form, scope and substance as is customary in underwritten offerings of shares of Company Common Stock by the Company and use its commercially reasonable efforts to take all such other actions reasonably requested by the holders of a majority of the Registrable Securities being sold in connection therewith (including those reasonably requested by the lead managing underwriter(s), if any) to expedite or facilitate the disposition of such Registrable Securities, and in such connection, whether or not an underwriting agreement is entered into and whether or not the registration is an Underwritten Offering (A) make such representations and warranties to the holders of such Registrable Securities and the underwriters, if any, with respect to the business of the Company and its Subsidiaries, and the registration statement, prospectus and documents, if any, incorporated or deemed to be incorporated by reference therein, in each case, in form, substance and scope as are customarily made by issuers in underwritten offerings, and, if true, confirm the same if and when requested, (B) if any underwriting agreement has been entered into, the same shall contain customary indemnification provisions and procedures with respect to all parties to be indemnified pursuant to Section 2.9, except as otherwise agreed by the holders of a majority of the Registrable Securities being sold and (C) deliver such documents and certificates as reasonably requested by the holders of a majority of the Registrable Securities being sold, their counsel and the lead managing underwriter(s), if any, to evidence the continued validity of the representations and warranties made pursuant to sub-clause (A) above and to evidence compliance with any customary conditions contained in the underwriting agreement or other agreement entered into by the Company. The above shall be done at each closing under such underwriting or similar agreement, or as and to the extent required thereunder;
- (x) in connection with an Underwritten Offering, use commercially reasonable efforts to obtain for the underwriter(s) (A) opinions of counsel for the Company, covering the matters customarily covered in opinions requested in underwritten offerings and such other matters as may be reasonably requested by such underwriters and (B) “comfort” letters and updates thereof (or, in the case of any such Person which does not satisfy the conditions for receipt of a “comfort” letter specified in Statement on Auditing Standards No. 72 (as codified in AS 6101), an “agreed upon procedures” letter) signed by the independent public accountants who have certified the Company’s financial statements included in such registration statement, covering the matters customarily covered in “comfort” letters in connection with underwritten offerings;
- (xi) make available for inspection by the Selling Shareholders, any underwriter participating in any disposition pursuant to any registration statement, and any attorney, accountant or other agent or Representative retained in connection with such offering by such Selling Shareholders or underwriter (collectively, the “Inspectors”), financial and other records, pertinent corporate documents and properties of the Company and its Subsidiaries (collectively, the “Records”), as shall be reasonably necessary, or as shall otherwise be reasonably requested, to enable them to exercise their due diligence responsibility, and cause the officers, directors and employees of the Company and its Subsidiaries to supply all information in each case reasonably requested by any such Representative, underwriter, attorney, accountant or other agent in connection with such registration statement; provided, however, that the Company shall not be required to provide any information under this Section 2.6(a)(xi) if (A) the Company believes, after consultation with counsel for the Company, that to do so would cause the Company to forfeit an attorney-client privilege that was applicable to such information or (B) either (1) the Company has requested and been granted from the Commission confidential treatment of such information contained in any filing with the Commission or documents provided supplementally or otherwise or (2) the Company reasonably determines in good faith that such Records are confidential and so notifies the Inspectors in writing; unless prior to furnishing any such information with respect to clause (1) or (2) such Selling Shareholder requesting such information

enters into, and causes each of its Inspectors to enter into, a confidentiality agreement on terms and conditions reasonably acceptable to the Company; provided, further, that each Selling Shareholder agrees that it will, upon learning that disclosure of such Records is sought in a court of competent jurisdiction or by another Governmental Authority, and it is permitted to do so give notice to the Company and allow the Company, at its expense, to undertake appropriate action seeking to prevent disclosure of the Records deemed confidential;

(xii) as promptly as practicable notify in writing the Selling Shareholders and the underwriters, if any, of the following events: (A) the filing of the registration statement, any amendment thereto, the prospectus or any prospectus supplement related thereto or post-effective amendment to the registration statement or any Free Writing Prospectus utilized in connection therewith, and, with respect to the registration statement or any post-effective amendment thereto, when the same has become effective; (B) any request by the Commission or any other Governmental Authority for amendments or supplements to the registration statement or the prospectus or for additional information; (C) the issuance by the Commission of any stop order suspending the effectiveness of the registration statement or the initiation of any proceedings by any Person for that purpose; (D) the receipt by the Company of any notification with respect to the suspension of the qualification of any Registrable Securities for sale under the securities or "blue sky" laws of any jurisdiction or the initiation or threat of any proceeding for such purpose; (E) if at any time the representations and warranties of the Company contained in any agreement (including any underwriting agreement) contemplated by Section 2.6(a)(ix) cease to be true and correct in any material respect; and (F) upon the happening of any event that makes any statement made in such registration statement or related prospectus or any document incorporated or deemed to be incorporated therein by reference untrue in any material respect or that requires the making of any changes in such registration statement, prospectus or documents so that, in the case of the registration statement, it will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and that in the case of the prospectus, it will not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, and, at the request of any Selling Shareholder, promptly prepare and furnish to such Selling Shareholder a reasonable number of copies of a supplement to or an amendment of such registration statement or prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(xiii) use commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of such registration statement, or the lifting of any suspension of the qualification (or exemption from qualification) of any of the Registrable Securities for sale in any jurisdiction at the earliest reasonable practicable date, except that the Company shall not for any such purpose be required to (A) qualify generally to do business as a foreign corporation in any jurisdiction wherein it would not but for the requirements of this clause (xiii) be obligated to be so qualified, (B) subject itself to taxation in any such jurisdiction or (C) file a general consent to service of process in any such jurisdiction;

(xiv) cooperate with the Selling Shareholders and the lead managing underwriter(s) to facilitate the timely preparation and delivery of certificates (which shall not bear any restrictive legends unless required under applicable Law) representing securities sold under any registration statement, and enable such securities to be in such denominations and registered in such names as the lead managing underwriter(s) or such Selling Shareholders may request and keep available and make available to the Company's transfer agent prior to the effectiveness of such registration statement a supply of such certificates;

(xv) cooperate with each seller of Registrable Securities and each underwriter or agent participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with FINRA;

(xvi) have appropriate officers of the Company prepare and make presentations at a reasonable number of “road shows” and before analysts, as the case may be, and other information meetings reasonably organized by the underwriters and otherwise use its commercially reasonable efforts to cooperate as reasonably requested by the Selling Shareholders and the underwriters in the offering, marketing or selling of the Registrable Securities; provided, however, that the scheduling of any such “road shows” and other meetings shall not unduly interfere with the normal operations of the business of the Company; and

(xvii) take all other actions reasonably requested by the Selling Shareholders or the lead managing underwriter(s) to effect the intent of this Agreement.

(b) The Company may require each Selling Shareholder and each underwriter, if any, to furnish the Company in writing such information regarding each Selling Shareholder or underwriter and the distribution of such Registrable Securities as the Company may from time to time reasonably request in writing to complete or amend the information required by such registration statement.

(c) Each Selling Shareholder agrees that upon receipt of any notice from the Company of the happening of any event of the kind described in clauses (B), (C), (D), (E) and (F) of Section 2.6(a)(xii), such Selling Shareholder shall forthwith discontinue such Selling Shareholder’s disposition of Registrable Securities pursuant to the applicable registration statement and prospectus relating thereto until such Selling Shareholder’s receipt of the copies of the supplemented or amended prospectus contemplated by Section 2.6(a)(xii), or until it is advised in writing by the Company that the use of the applicable prospectus may be resumed, and has received copies of any additional or supplemental filings that are incorporated or deemed to be incorporated by reference in such prospectus; provided, however, that the Company shall extend the time periods under Section 2.1(c) with respect to the length of time that the effectiveness of a registration statement must be maintained by the amount of time the Selling Shareholder is required to discontinue disposition of such securities.

(d) With a view to making available to the holders of Registrable Securities the benefits of Rule 144 under the Securities Act and any other rule or regulation of the Commission that may at any time permit a holder to sell securities of the Company to the public without registration, the Company shall:

(i) use commercially reasonable efforts to make and keep public information available as contemplated by Rule 144 under the Securities Act;

(ii) use commercially reasonable efforts to file with the Commission in a timely manner all reports and other documents required of the Company under the Exchange Act, at any time when the Company is subject to such reporting requirements; and

(iii) furnish to any holder of Registrable Securities, promptly upon request, a written statement by the Company as to its compliance with the reporting requirements of Rule 144 under the Securities Act and of the Exchange Act, a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed or furnished by the Company with the Commission as such holder may reasonably request in connection with the sale of Registrable Securities without registration (in each case to the extent not readily publicly available).

2.7 Registration Expenses. All fees and expenses incident to the Company’s performance of its obligations under this Article II, including (a) all registration and filing fees, including all fees and expenses of compliance with securities and “blue sky” laws (including the reasonable and documented fees and disbursements of counsel for the underwriters in connection with “blue sky” qualifications of the Registrable Securities pursuant to Section 2.6(a)(vi)), and all fees and expenses associated with filings required to be made with FINRA (including, if applicable, the fees and expenses of any “qualified independent underwriter” as such term is defined in FINRA Rule 5121, except in the event that Selling Shareholders select the underwriters) (b) all printing (including expenses of printing certificates for the Registrable Securities in a form eligible for deposit with the Depository Trust Company and of printing prospectuses if the printing of prospectuses is requested by the Selling Shareholders) and copying expenses, (c) all messenger, telephone and delivery expenses, (d) all fees and expenses of the Company’s independent certified public accountants and counsel (including with respect to

“comfort” letters and opinions), (e) expenses of the Company incurred in connection with any “road show”, other than any expense paid or payable by the underwriters and (f) reasonable and documented fees and disbursements of one counsel for all holders of Registrable Securities whose Registrable Securities are included in a registration statement, which counsel shall be selected by, in the case of a Demand Registration, the Requesting Shareholders, in the case of a Shelf Offering, the Demand Shareholder(s) requesting such offering, or in the case of any other registration, the holders of a majority of the Registrable Securities being sold in connection therewith, shall be borne solely by the Company whether or not any registration statement is filed or becomes effective. In connection with the Company’s performance of its obligations under this Article II, the Company will pay its internal expenses (including all salaries and expenses of its officers and employees performing legal or accounting duties and the expense of any annual audit) and the expenses and fees for listing the securities to be registered on the primary securities exchange or over-the-counter market on which similar securities issued by the Company are then listed or traded. Each Selling Shareholder shall pay its portion of all underwriting discounts and commissions and transfer taxes, if any, relating to the sale of such Selling Shareholder’s Registrable Securities pursuant to any registration statement.

2.8 Miscellaneous.

(a) Not less than five (5) Business Days before the expected filing date of each registration statement pursuant to this Agreement, the Company shall notify each holder of Registrable Securities who has timely provided the requisite notice hereunder entitling such holder to register Registrable Securities in such registration statement of the information, documents and instruments from such holder that the Company or any underwriter reasonably requests in connection with such registration statement, including a questionnaire, custody agreement, power of attorney, lock-up letter and underwriting agreement (the “Requested Information”). If the Company has not received, on or before the second Business Day before the expected filing date, the Requested Information from such holder, the Company may file the registration statement without including Registrable Securities of such holder. The failure to so include in any registration statement the Registrable Securities of a holder of Registrable Securities (with regard to that registration statement) shall not result in any liability on the part of the Company to such holder.

(b) The Company shall not grant to any Person any demand, piggyback or shelf registration rights the terms of which are senior to or conflict with the rights granted to the Demand Shareholders hereunder without the prior written consent of Demand Shareholders beneficially owning a majority of the Registrable Securities.

2.9 Registration Indemnification.

(a) The Company agrees, without limitation as to time, to indemnify and hold harmless, to the fullest extent permitted by law, each Selling Shareholder and its Affiliates and their respective officers, directors, members, stockholders, employees, managers and partners and each Person who controls (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) such Selling Shareholder or such other indemnified Person and the officers, directors, members, stockholders, employees, managers and partners of each such controlling Person from and against all Losses, as incurred, arising out of, caused by, resulting from or relating to any untrue statement (or alleged untrue statement) of a material fact contained in any registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto or any omission (or alleged omission) of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading and (without limitation of the preceding portions of this Section 2.9(a)) will reimburse each such Selling Shareholder, each of its Affiliates, and each of their respective officers, directors, members, stockholders, employees, managers and partners and each such Person who controls each such Selling Shareholder and the officers, directors, members, stockholders, employees, managers, partners, accountants, attorneys and agents of each such controlling Person for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, Loss, damage, liability or action, except insofar as the same are caused by any information furnished in writing to the Company by any Selling Shareholder expressly for use therein.

(b) In connection with any registration statement in which a Selling Shareholder is participating, without limitation as to time, each such Selling Shareholder shall, severally and not jointly, indemnify the Company, its directors, officers and employees, and each Person who controls (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) the Company, from and against all Losses, as incurred, arising out of, caused by, resulting from or relating to any untrue statement (or alleged untrue statement) of material fact contained in the registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto or any omission (or alleged omission) of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and (without limitation of the preceding portions of this Section 2.9(b)) will reimburse the Company, its directors, officers and employees and each Person who controls the Company (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, Loss, damage, liability or action, in each case solely to the extent, but only to the extent, that such untrue statement or omission is made in such registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto in reliance upon and in conformity with written information furnished to the Company by such Selling Shareholder expressly for inclusion in such registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto. Notwithstanding the foregoing, no Selling Shareholder shall be liable under this Section 2.9(b) for amounts in excess of the gross proceeds (after deducting any underwriting discount or commission) received by such holder in the offering giving rise to such liability.

(c) Any Person entitled to indemnification hereunder shall give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification; provided, however, the failure to give such notice shall not release the indemnifying party from its obligation, except to the extent that the indemnifying party has been actually and materially prejudiced by such failure to provide such notice on a timely basis.

(d) In any case in which any such action is brought against any indemnified party, and it notifies an indemnifying party of the commencement thereof, the indemnifying party will be entitled to participate therein, and, to the extent that it may wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party, and after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof and acknowledging the obligations of the indemnifying party with respect to such proceeding, the indemnifying party will not (so long as it shall continue to have the right to defend, contest, litigate and settle the matter in question in accordance with this paragraph) be liable to such indemnified party hereunder for any legal or other expense subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation, supervision and monitoring (unless (i) such indemnified party reasonably objects to such assumption on the grounds that (A) there may be defenses available to it which are different from or in addition to the defenses available to such indemnifying party or (B) such action involves matters beyond the scope of matters that are subject to indemnification pursuant to this Section 2.9, or (ii) the indemnifying party shall have failed within a reasonable period of time to assume such defense and the indemnified party is or would reasonably be expected to be materially prejudiced by such delay, and in either event the indemnified party shall be promptly reimbursed by the indemnifying party for the expenses incurred in connection with retaining one separate legal counsel (for the avoidance of doubt, for all indemnified parties in connection therewith)). For the avoidance of doubt, notwithstanding any such assumption by an indemnifying party, the indemnified party shall have the right to employ separate counsel in any such matter and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such indemnified party except as provided in the previous sentence. An indemnifying party shall not be liable for any settlement of an action or claim effected without its consent. No matter shall be settled by an indemnifying party without the consent of the indemnified party (which consent shall not be unreasonably withheld, conditioned or delayed), unless such settlement (x) includes as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation, (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of

Table of Contents

any indemnified party and (z) is settled solely for cash for which the indemnified party would be entitled to indemnification hereunder.

(e) If recovery is not available under the foregoing indemnification provisions for any reason or reasons other than as specified therein, any Person who would otherwise be entitled to indemnification by the terms thereof shall nevertheless be entitled to contribution with respect to any Losses with respect to which such Person would be entitled to such indemnification but for such reason or reasons, in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and such indemnified party, on the other hand, in connection with the actions, statements or omissions that resulted in such Losses as well as any other relevant equitable considerations. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party, the Persons' relative knowledge and access to information concerning the matter with respect to which the claim was asserted, the opportunity to correct and prevent any statement or omission, and other equitable considerations appropriate under the circumstances. It is hereby agreed that it would not necessarily be equitable if the amount of such contribution were determined by pro rata or per capita allocation. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not found guilty of such fraudulent misrepresentation. Notwithstanding the foregoing, no Selling Shareholder shall be required to make a contribution in excess of the amount received by such Selling Shareholder from its sale of Registrable Securities in connection with the offering that gave rise to the contribution obligation.

2.10 Free Writing Prospectuses. The Demand Shareholders shall not use any "free writing prospectus" (as defined in Rule 405 under the Securities Act or any successor rule) in connection with the sale of Registrable Securities pursuant to this Article II without the prior written consent of the Company (which consent shall not be unreasonably withheld, conditioned or delayed). Notwithstanding the foregoing, the Shareholders may use any free writing prospectus prepared and distributed by the Company.

2.11 Termination of Registration Rights. The rights granted pursuant to this Article II shall terminate, as to any holder of Registrable Securities, on the earlier to occur of (a) the date on which all Registrable Securities held by such holder have been disposed of; or (b) the date on which all Registrable Securities held by such holder may be sold without registration in compliance with Rule 144 without regard to volume limitations or other restrictions on transfer thereunder. Notwithstanding the foregoing, the indemnification and contribution provided for under this Agreement shall survive the Transfer of the Registrable Securities and the termination of the rights granted pursuant to this Article II.

or to such other individual or address as a Party may designate for itself by notice given as herein provided.

3.4 Waivers. The failure of a Party any time or times to require performance of any provision hereof shall in no manner affect its right at a later time to enforce the same. No waiver by a Party of any breach of any term, covenant, representation or warranty contained in this Agreement shall be effective unless in writing, and no waiver in any one or more other instances shall be deemed to be a further or continuing waiver of any such breach in other instances or a waiver of any breach of any other term, covenant, representation or warranty.

3.5 Interpretations.

(a) The table of contents and the headings of the Articles, Sections and subsections included in this Agreement are for convenience only and shall not be deemed part of this Agreement or be given any effect in interpreting this Agreement. Unless the context otherwise requires, references in this Agreement to: (i) Articles and Sections shall be deemed references to Articles and Sections of this Agreement; (ii) "paragraphs" or "clauses" shall be deemed references to separate paragraphs or clauses of the Section or subsection in which the reference occurs; (iii) any Law shall be deemed references to such Law as in effect at any given time and to any successor provisions; (iii) any Person shall be deemed references to such Person's successors and permitted

assigns, and in the case of any Governmental Authority, to any Person(s) succeeding to its functions and capacities; and (iv) any statute or other Law of the United States or other jurisdiction (whether federal, state or local) shall be deemed references to all rules and regulations promulgated thereunder. Underscored references to Articles and Sections shall refer to those portions of this Agreement.

(b) The use of the masculine, feminine or neuter gender herein shall not limit any provision of this Agreement. Unless the context otherwise clearly indicates, each defined term used in this Agreement shall have a comparable meaning when used in its plural or singular form. The words “including,” “includes” or “include” are to be read as listing non-exclusive examples of the matters referred to, whether or not words such as “without limitation” or “but not limited to” are used in each instance. The words such as “herein,” “hereinafter,” “hereof” and “hereunder” that are used in this Agreement refer to this Agreement as a whole and not merely to a subdivision in which such words appear unless the context otherwise requires.

(c) Where this Agreement states that a Party “shall,” “will” or “must” perform in some manner or otherwise act or omit to act, it means that such Party is legally obligated to do so in accordance with this Agreement.

3.6 Successors and Assigns. Each of the Shareholders may assign all or a portion of its rights hereunder to any Person to which such Shareholder transfers its ownership of all or any of its Registrable Securities. Such transferee shall execute a counterpart to this Agreement and become a party hereto and such transferee’s Registrable Securities shall be subject to the terms of this Agreement.

3.7 Third Party Beneficiaries. This Agreement is solely for the benefit of the Parties hereto and no provision of this Agreement shall be deemed to confer upon third parties, either express or implied, any remedy, claim, liability, reimbursement, cause of action or other right. Notwithstanding the foregoing, the Persons referred to in Section 2.9 shall be third party beneficiaries of such Section.

3.8 Entire Understanding. This Agreement, taken together with the Merger Agreements, sets forth the entire agreement and understanding of the Parties and supersedes any and all prior agreements, arrangements and understandings among the Parties with respect to the subject matter hereof.

3.9 Applicable Law. This Agreement, and all claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement, shall be governed by, and enforced in accordance with, the Law of the State of Delaware, without giving effect to any Law of the State of Delaware that would cause the application of the Law of any jurisdiction other than the State of Delaware.

3.10 Jurisdiction of Disputes. In the event any Party to this Agreement commences any action in connection with or relating to this Agreement or any matters described or contemplated herein, the Parties to this Agreement hereby (a) agree that any action shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate courts therefrom in the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware); (b) agree that in the event of any such action, such Parties will consent and submit to personal jurisdiction in any such court described in clause (a) of this Section 3.10 and to service of process upon them in accordance with the rules and statutes governing service of process; (c) agree to waive to the full extent permitted by law any objection that they may now or hereafter have to the venue of any such action in any such court or that any such action was brought in an inconvenient forum; (d) agree as an alternative method of service to service of process in any action by mailing of copies thereof to such Party at its address set forth in Section 3.3 for communications to such Party; (e) agree that any service made as provided herein shall be effective and binding service in every respect; and (f) agree that nothing herein shall affect the rights of any Party to effect service of process in any other manner permitted by applicable Law.

3.11 Waiver of Jury Trial. Each Party acknowledges and agrees that any controversy which may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each such Party hereby

Table of Contents

irrevocably and unconditionally waives any right such Party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement. Each Party certifies and acknowledges that (a) no Representative of any other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each Party understands and has considered the implications of this waiver, (c) each Party makes this waiver voluntarily, and (d) each Party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 3.11.

3.12 Specific Performance. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with its specific terms or were otherwise breached and that any breach of this Agreement would not be adequately compensated in all cases by monetary damages alone. Each of the Parties shall have the right, in addition to any other rights and remedies existing in their favor, to enforce its rights and the obligations of the other Parties hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. The right of specific performance and other equitable relief is an integral part of the transactions contemplated by this Agreement and without that right, none of the Parties would have entered into this Agreement. The Parties agree not to assert that a remedy of specific performance or other equitable relief is unenforceable, invalid, contrary to law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the Parties otherwise have an adequate remedy at law. The Parties acknowledge and agree that any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 3.12 shall not be required to provide any bond or other security in connection with any such order or injunction.

3.13 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction declares that any term or provision hereof is invalid or unenforceable, the Parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

3.14 Construction. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, the language shall be construed as mutually chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against any Party.

3.15 Counterparts. This Agreement may be executed in counterparts and such counterparts may be delivered in electronic format (including by fax and email). Such delivery of counterparts shall be conclusive evidence of the intent to be bound hereby and each such counterpart, including those delivered in electronic format, and copies produced therefrom shall have the same effect as an originally signed counterpart. To the extent applicable, the foregoing constitutes the election of the Parties to invoke any Law authorizing electronic signatures.

3.16 Relationship of the Parties. Nothing in this Agreement shall be deemed to constitute the Parties as joint venturers, alter egos, partners or participants in an unincorporated business or other separate entity.

Following the Effective Time, Parent shall cause the Surviving Corporation to pay to each Employee to whom an amount of the Transaction Expenses is owed but not paid at the Closing, the amount set forth in the Payment Instructions delivered with respect to such Employee, in each case, via payroll, less applicable withholding Taxes, on or prior to the next regularly scheduled payroll date of Surviving Corporation following the Closing.

(d) Holdback Shares. The Parties acknowledge and agree that as of the date of this Agreement, (x) the Company anticipates consummating the acquisitions described in Section 2.8(d) of the Company Disclosure Schedule (the “Acquisitions”) and (y) in connection with such Acquisitions, Parent shall hold back at the Closing 1,000,000 Parent Common Shares (the “Holdback Shares”), which Holdback Shares shall be held by Parent until released to the Company Stockholder or forfeited in accordance with the terms of this Section 2.8(d).

(i) In the event that Company Stockholder or any of its Affiliates proposes to enter into any definitive agreements with respect to an Acquisition (or any amendment or waiver with respect thereto), (A) Company Stockholder shall give Parent reasonably advance written notice thereof, together with copies of all such definitive agreements (or amendments or waivers with respect thereto); and (B) the Parties acknowledge and agree that entry into such definitive agreements shall be subject to approval thereof by the Special Committee; provided, however, that the Special Committee’s determination of whether or not to approve the entry into such definitive agreements must be made no later than 11:59 p.m. Central time on the second Business Day after the date on which Company Stockholder provides the written notice contemplated by the foregoing clause (A). Nothing in this Section 2.8(d) shall obligate the Special Committee, Parent or any of its Affiliates (including the Surviving Corporation) to approve of any Acquisition if such Acquisition is not on terms and conditions that are substantially similar in all material respects to the terms and conditions set forth in Section 2.8(d) of the Company Disclosure Schedule, or if the board of directors or other governing body (or any committee thereof, including the Special Committee) of Parent or any of its Affiliates (including the Surviving Corporation) determines that such Acquisition is not in the best interests of such party or its stockholders, or would reasonably be expected to be inconsistent with such directors’ or managers’ fiduciary duties. The Parties acknowledge and agree that after the date of this Agreement, with respect to Company’s pursuit of new acquisitions (other than the Acquisitions), all such new acquisitions shall be subject to the terms and conditions of Section 6.2.

(ii) The amount (if any) of Holdback Shares to be issued and delivered to the Company Stockholder in respect of Accretion (the “Released Shares”) shall be equal to the Holdback Release Formula, as finally determined in accordance with this Section 2.8(d). For all purposes of this Agreement, the calculation of Accretion and the components used in calculating Accretion, as well as the calculation of the Released Shares to be issued and delivered to the Company Stockholder calculated using the Holdback Release Formula, shall be based solely upon Acquisitions consummated during the period beginning after the date hereof and ending ninety (90) days after the Closing, on the terms and subject to the conditions set forth herein. No later than five (5) Business Days following the date that is ninety (90) days following the Closing, the Company Stockholder shall deliver a statement (an “Accretion Statement”) to Parent setting forth its good faith calculation of Accretion and the components used in calculating Accretion, in each case in reasonable detail, as well as its calculation of the amount of Released Shares to be issued and delivered to the Company Stockholder calculated using the Holdback Release Formula. Parent shall have forty-five (45) days following receipt of the Accretion Statement to review the Accretion Statement and to notify the Company Stockholder in writing of any dispute regarding any calculations set forth therein (an “Accretion Dispute Notice”), specifying the reasons for its dispute in reasonable detail. If no Accretion Dispute Notice is delivered by Parent within such forty-five (45) day period or if Parent delivers a written acceptance of the calculations set forth in the Accretion Statement within such forty-five (45) day period, then the calculations set forth in the Accretion Statement shall become final and binding on the Parties.

(iii) If, following the final determination of Accretion and Released Shares in accordance with this Section 2.8(d), there remain any Holdback Shares, then the amount of any such remaining Holdback Shares to be issued and delivered to the Company Stockholder shall be determined using the Earnout Formula and in accordance with this Section 2.8(d)(iii). No later than March 15, 2023, Parent shall deliver a statement (an “Earnout Statement”) to the Company Stockholder setting forth its good faith calculation of the amount of remaining Holdback Shares (the “Earnout Shares”) to be issued and delivered to the Company Stockholder using the Earnout Formula. The Earnout Statement shall also set forth in reasonable detail Parent’s calculation of the components of the Earnout Formula. The Company Stockholder shall have forty-five (45) days following receipt of the Earnout Statement to review the Earnout Statement and to notify Parent in writing of any dispute regarding the calculations set forth therein (an “Earnout Dispute Notice”), specifying the reasons for its dispute in reasonable detail. If no Earnout Dispute Notice is delivered by the Company Stockholder within such forty-five (45) day period or if the Company Stockholder delivers a written acceptance of the calculations set forth in the Earnout Statement within such forty-five (45) day period, then the calculations set forth in the Earnout Statement shall become final and binding on the Parties.

(iv) In connection with Parent’s review of the Accretion Statement, the Company Stockholder shall provide Parent and its Representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of the Company Stockholder, work papers, schedules, memoranda and other documents used or prepared by the Company Stockholder in connection with its preparation of the Accretion Statement, and other relevant items reasonably requested by Parent, and the Company Stockholder shall cooperate reasonably with Parent and its Representatives in connection therewith.

(v) In connection with the Company Stockholder’s review of the Earnout Statement, Parent shall provide the Company Stockholder and its Representatives reasonable access, during normal business hours and upon reasonable notice, to all relevant personnel, books and records of Parent and the Surviving Corporation, work papers, schedules, memoranda and other documents used or prepared by Parent or the Surviving Corporation in connection with its preparation of the Earnout Statement, and other relevant items reasonably requested by the Company Stockholder, and Parent and the Surviving Corporation shall cooperate reasonably with the Company Stockholder and its Representatives in connection therewith.

(vi) In the event that Parent delivers an Accretion Dispute Notice or the Company Stockholder delivers an Earnout Dispute Notice (each, a “Dispute Notice,” and together, the “Dispute Notices”) in accordance with this Section 2.8(d), Parent and the Company Stockholder shall cooperate in good faith to resolve each dispute set forth in any such Dispute Notice as promptly as practicable, and, upon any such

resolution, any adjustments to the Accretion Statement and/or Earnout Statement, as applicable, shall be made as agreed upon by Parent and the Company Stockholder in writing. If Parent and the Company Stockholder are unable to resolve any dispute within thirty (30) days (or such longer period as Parent and the Company Stockholder shall mutually agree in writing) of the delivery of the relevant Dispute Notice, such dispute shall be resolved by the Independent Accounting Firm, acting as an expert and not an arbitrator, and such determination by the Independent Accounting Firm shall be final and binding on the Parties, except that (x) the Independent Accounting Firm may consider only those items and amounts (and related items and amounts) as to which Parent and the Company Stockholder have disagreed within the time periods and on the terms specified above and (y) the Independent Accounting Firm's determination of the amount of Accretion, Released Shares and/or Earnout Shares, as applicable, may not be less than the lower, or more than the higher, of Parent's and the Company Stockholder's respective calculations of the applicable amount. Each of Parent and the Company Stockholder shall bear fifty percent (50%) of any expenses relating to the engagement of the Independent Accounting Firm. The Independent Accounting Firm shall be instructed to use reasonable best efforts to make its final determination within thirty (30) days of submission by the Parties of the dispute to it and, in any case, as promptly as practicable after such submission. Each of Parent and the Company Stockholder shall furnish the Independent Accounting Firm such work papers and other documents and information relating to the disputed issues as the Independent Accounting Firm shall reasonably request.

(vii)

A. Upon the final and binding determination of the amount of the Released Shares (whether pursuant to Section 2.8(d)(ii) or Section 2.8(d)(vi)), Parent shall issue and deliver such amount of Released Shares to the Company Stockholder within five (5) Business Days after such final and binding determination, free and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with a statement of the transfer agent of Parent certifying as to the book-entry issuance thereof.

B. Upon the final and binding determination of the amount of the Earnout Shares (whether pursuant to Section 2.8(d)(iii) or Section 2.8(d)(vi)), Parent shall issue and deliver such amount of Earnout Shares to the Company Stockholder within five (5) Business Days after such final and binding determination, free and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with a statement of the transfer agent of Parent certifying as to the book-entry issuance thereof.

C. For the avoidance of doubt, in no event shall the aggregate of the Released Shares and Earnout Shares exceed the amount of Holdback Shares.

(viii) From and after the Closing and until such time as the final determination of the Released Shares and the Earnout Shares, if any, that are to be issued and delivered to the Company Stockholder pursuant to this Section 2.8(d), Parent shall not, and shall cause each of its Affiliates, including the Surviving Corporation, to not, without the written consent of the Company Stockholder (such consent not to be unreasonably withheld, conditioned or delayed) (any of the following, the "Prohibited Actions"):

A. take any action the sole intention and purpose of which is reducing the amount of Released Shares or Earnout Shares to be delivered to the Company Stockholder; or

B. voluntarily liquidate, dissolve or wind-up the affairs of the Surviving Corporation;

provided, that any action or omission taken by or with the unanimous consent or approval of the Parent Board shall not be deemed to be a Prohibited Action, or taken into account for purposes of determining whether an action or omission constitutes a Prohibited Action.

(ix) In the event that, following the Closing and prior to the end of the Earnout Period, (A) there occurs a sale or other disposition of all or substantially all of the assets of Parent, or a merger, consolidation, recapitalization or other transaction in which any Person and its Affiliates (other than the Company Stockholder, the Excluded Company Parties or any of their respective Affiliates), together with any Persons (other than the Company Stockholder, the Excluded Company Parties or any of their respective

Affiliates) that “roll over” interests in Parent in connection with and as an integrated step of such transaction, becomes the beneficial owner, directly or indirectly, of one hundred percent (100%) of the combined voting power of all interests in Parent or any successor of Parent that beneficially owns the Company Group (this clause (A), a “Transaction Event”) or (B) (1) Parent makes a general assignment for the benefit of creditors, (2) Parent institutes any proceeding seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any Law relating to bankruptcy, insolvency or reorganization or (3) any proceeding shall be instituted by any third party against Parent seeking to adjudicate it as bankrupt or insolvent, or seeking liquidation, winding up or reorganization, arrangement, adjustment, protection, relief or composition of its debts under any Law relating to bankruptcy, insolvency or reorganization, and an order for relief against Parent shall have been entered into by a court of competent jurisdiction in such proceeding that remains unstayed and in effect for 60 days, Parent shall issue and deliver to the Company Stockholder (and, in the case of a Transaction Event, such issuance and delivery shall take place immediately prior to the consummation of such Transaction Event) all of the remaining Holdback Shares, free and clear of all Liens (other than Liens arising from applicable securities Laws) in book-entry form, together with an executed certificate of the transfer agent of Parent certifying as to the book-entry issuance thereof. Upon issuance and delivery of remaining Holdback Shares pursuant to this Section 2.8(d)(ix), the obligations of Parent under this Section 2.8(d) shall be deemed fully satisfied and be of no further force or effect.

(x) Notwithstanding anything in this Agreement to the contrary, in the event of any change to the Parent Common Shares (or securities convertible thereto or exchangeable or exercisable therefor) issued and outstanding following the Closing as a result of a reclassification, stock split (including a reverse stock split), stock dividend or distribution, recapitalization, exchange or readjustment of shares, issuer tender or exchange offer, or other similar transaction, the Holdback Shares shall be equitably adjusted, without duplication, to provide the Company Stockholder the same economic effect contemplated by this Agreement prior to such change.

(xi) Until such time as the Holdback Shares are issued and delivered pursuant to this Section 2.8(d), the Company Stockholder shall have no rights as a record or beneficial owner of such Holdback Shares, including as to any dividends, distributions and other earnings thereon or the right to vote such Holdback Shares.

(xii) The Parties acknowledge and agree that all calculations with respect to the release of Holdback Shares, including Company EBITDA and Company EBITDA Delta, shall exclude the effects of any “reverse acquisition accounting” or similar accounting adjustments resulting from any Person other than Parent (including TestEquity) being the “accounting acquiror” of Parent for purposes of GAAP as a result of the consummation of the Transactions.

(xiii) For purposes of this Section 2.8(d) only, the term “Special Committee” shall mean any committee of the Parent Board (as it may be constituted from time to time) comprised solely of independent directors who are independent of the Excluded Company Parties.

2.9 Reorganization Treatment. It is intended that for U.S. federal income tax purposes, the Merger shall qualify as a “reorganization” within the meaning of Section 368(a) of the Code and the Treasury Regulations promulgated thereunder, and this Agreement is hereby adopted as a “plan of reorganization” for purposes of Sections 354, 361 and 368 of the Code and Treasury Regulations Sections 1.368-2(g) and 1.368-3(a).

Company shall, and shall cause all Persons acting on behalf of it to immediately cease any existing activities, discussions and negotiations with any Persons with respect to any of the foregoing.

6.6 Efforts. Subject to the terms and conditions hereof, each Party shall use its commercially reasonable efforts to (a) consummate the transactions contemplated by this Agreement as promptly as practicable and (b) obtain, or cause to be obtained, all actions or nonactions, waivers, authorizations, expirations or terminations of waiting periods, clearances, consents and approvals required to be obtained (including under the HSR Act and the Antitrust Laws of any other jurisdiction) from any Governmental Authorities or third parties in connection with the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby. The "commercially reasonable efforts" of (i) Company shall not require any of the Company Group or its Representatives to expend any money to remedy any breach of any representation or warranty hereunder, to obtain any consent required for consummation of the transactions contemplated by this Agreement, other than *de minimis* administrative fees or fees for which Parent agrees to be responsible, or to provide financing to Parent for consummation of the transactions contemplated by this Agreement; and (ii) Parent and Merger Sub shall not require any of Parent or Merger Sub, or any of their respective Representatives, to expend any money to remedy any breach of any representation or warranty hereunder or to obtain any consent required for consummation of the transactions contemplated by this Agreement, other than *de minimis* administrative fees and any fees required to be paid by any member of the Parent Group under applicable Law in order for the consent of the relevant Governmental Authority to be obtained.

6.7 Competition Clearance.

(a) Without limiting Section 6.6, each Party agrees to make, or cause to be made, (i) an appropriate filing of a Notification and Report Form pursuant to the HSR Act with respect to the transactions contemplated by this Agreement as promptly as practicable and in any event within fifteen (15) Business Days of the date hereof, and (ii) any filing that may be required under any other Antitrust Law, if applicable, within twenty (20) Business Days of the date of mutual determination by the Parties as to applicability of such other Antitrust Law; and use reasonable best efforts to respond as promptly as practicable to any request for additional information and documentary material pursuant to the HSR Act or any other Antitrust Law and use reasonable best efforts to take all other actions necessary, proper or advisable to cause the expiration or termination of the applicable waiting periods under the HSR Act or any other Antitrust Law as soon as practicable.

(b) Each of Company, on the one hand, and Parent, on the other hand, shall, in connection with the efforts referenced in Section 6.7(a) to obtain all requisite approvals and authorizations for the transactions contemplated by this Agreement under the HSR Act or any other Antitrust Law, use its reasonable best efforts to (i) cooperate in all respects with each other in connection with any filing or submission and in connection with any investigation or other inquiry, including any proceeding initiated by a private party, (ii) keep the other Party reasonably informed of any communication received by such party from, or given by such Party to, the Federal Trade Commission (the "FTC"), the Antitrust Division of the Department of Justice (the "DOJ") or any other Governmental Authority and of any communication received or given in connection with any proceeding by a

private party, in each case regarding any of the transactions contemplated by this Agreement, and (iii) permit the other Party to review any communication given by it to, and to the extent reasonably practicable consult with each other in advance of any meeting or conference with, the FTC, the DOJ or any other Governmental Authority or, in connection with any proceeding by a private party, with any other Person, and to the extent permitted by the FTC, the DOJ or such other applicable Governmental Authority or other Person, give the other Party the opportunity to attend and participate in such meetings and conferences.

(c) In furtherance and not in limitation of the covenants of the Parties contained in Sections 6.7(a) and (b), if any objections are asserted with respect to the transactions contemplated by this Agreement under any Antitrust Law or if any suit is instituted (or threatened to be instituted) by the FTC, the DOJ or any other applicable Governmental Authority or any private party challenging any of the transactions contemplated by this Agreement as being in violation of any Antitrust Law or which would otherwise prevent, materially impede or materially delay the consummation of the transactions contemplated by this Agreement, each of Company and Parent shall use reasonable best efforts to take, or cause to be taken, all such reasonable actions as may be necessary to resolve objections or suits so as to permit consummation of the Merger and the other transactions contemplated by this Agreement in a timely manner; provided, however, that Parent shall have the unilateral right to determine whether or not the Parties will litigate with any Governmental Authorities to oppose any enforcement action seeking to impose any Burdensome Condition on Parent or any of its Affiliates; provided further, however, Parent shall consult with the Company and in good faith take the Company's views into account regarding the overall strategic direction of any such litigation and consult with the Company prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning such litigation.

(d) Notwithstanding any other provision of this Agreement to the contrary, the obligations of Parent under this Section 6.7 shall include Parent: (i) selling, divesting, or otherwise conveying particular assets, categories, portions or parts of assets or businesses of Parent and its Affiliates contemporaneously with or subsequent to the Closing; (ii) agreeing to sell, divest, or otherwise convey any particular asset, category, portion or part of an asset or business of the Company Group contemporaneously with or subsequent to the Closing; (iii) agreeing to permit any of the Company Group to sell, divest, or otherwise convey any of the particular assets, categories, portions or parts of assets or business of any of the Company Group prior to the Closing; and (iv) licensing, holding separate or entering into similar arrangements with respect to its assets or the assets of any of the Company Group or terminating any and all joint venture, strategic partnership and other similar agreements as a condition to obtaining any and all expirations of waiting periods under the HSR Act or consents from any Governmental Authority necessary to consummate the transactions contemplated by this Agreement, in each case, to the extent such action is reasonably necessary to avoid, prevent, eliminate or remove the actual or threatened (x) commencement of any investigation or proceeding in any forum or (y) issuance or enactment of any Governmental Order or applicable Law that would delay, restrain, prevent, enjoin or otherwise prohibit consummation of the Closing and the other transactions contemplated by this Agreement by any Governmental Authority (any such action, a "Remedial Action"); provided, however, that, notwithstanding anything in this Section 6.7(d) to the contrary, Parent shall not be required to, in connection with its obligations under this Section 6.7, offer or accept, or agree, commit to agree or consent to, any Remedial Action that constitutes a Burdensome Condition (it being understood that nothing in this proviso shall limit Parent's obligations under Section 6.7(e)). No Remedial Action taken pursuant to this Section 6.7(d) shall be considered for purposes of determining whether a Company Material Adverse Effect or Parent Material Adverse Effect has occurred.

(e) Each Party shall diligently assist and cooperate with the other Party in preparing and filing any and all written communications that are to be submitted to any Governmental Authorities in connection with the transactions contemplated by this Agreement and in obtaining any approvals and authorizations which may be required to be obtained for the transactions contemplated by this Agreement under the HSR Act or any other Antitrust Law, which assistance and cooperation shall include: (i) timely furnishing to the requesting Party all information concerning such Party and/or its respective Affiliates that counsel to the requesting Party reasonably determines is required to be included in such documents or would be helpful in obtaining such approval or

authorization; (ii) promptly providing the requesting Party with copies of all written communications to or from any Governmental Authority relating to any Antitrust Law; provided, however, that such copies may be redacted as necessary to address legal privilege or confidentiality concerns or to comply with applicable Law; provided, further, that portions of such copies that are competitively sensitive may be designated as “outside antitrust counsel only”; (iii) keeping the other Party reasonably informed of any material communication received or given in connection with any Action by such Party, in each case regarding the transactions contemplated by this Agreement; and (iv) permitting the other Party to review and incorporate reasonable comments of the other Party in any material communication given by such Party to any Governmental Authority or in connection with any proceeding related to the HSR Act or any Antitrust Law, in each case regarding the transactions contemplated by this Agreement. Neither Parent or Merger Sub, on one hand, nor the Company Stockholder or Company, on the other hand, shall initiate or participate in any material meeting or discussion with any Governmental Authority with respect to any filings, applications, investigation, or other inquiry regarding the transactions contemplated by this Agreement, including any filings under the HSR Act or any Antitrust Law, without providing the other Party with reasonable prior notice of such meeting or discussion and, to the extent permitted by the relevant Governmental Authority, the opportunity to attend and participate in such meeting or discussion. Parent shall be responsible for all filing fees under the HSR Act and under any other Antitrust Law. No Party shall, and no Party shall permit any of its Affiliates to, acquire or agree to acquire by merging or consolidating with, or by purchasing a substantial portion of the assets of or equity in, or by any other manner, any Person or portion thereof, or otherwise acquire or agree to acquire any assets, if entering into a definitive agreement relating to, or the consummation of, such acquisition, merger, consolidation or other transaction would reasonably be expected to (x) impose any delay in obtaining, or increase the risk of not obtaining, any authorizations, consents, orders, declarations or approvals of any Governmental Authority necessary to consummate the transactions contemplated by this Agreement or the expiration or termination of any applicable waiting period, including under the HSR Act or applicable Antitrust Law, (y) increase the risk of any Governmental Authority entering an order prohibiting the consummation of the transactions contemplated by this Agreement or (z) delay the consummation of the transactions contemplated by this Agreement.

(f) None of the Parent, Merger Sub, Company Group, the Company Stockholder or any of their respective Affiliates shall be required to, in connection with this Section 6.7, offer or accept, or agree, commit to agree or consent to, any Remedial Action unless such Remedial Action is expressly conditioned upon the occurrence of the Effective Time.

(g) Subject to the other provisions of this Agreement, Parent shall lead all communications, strategy and efforts to obtain all necessary actions or non-actions and consents from Governmental Authorities under Antitrust Laws in connection with the transactions contemplated hereby and any litigation matters with third parties relating to the Antitrust Laws; provided, however, that Parent shall consult with the Company and in good faith take the Company’s views into account regarding the overall strategic direction of any such communications, strategy and efforts to obtain all necessary actions or non-actions and consents and litigation with third parties relating to the Antitrust Laws and consult with the Company prior to taking substantive positions, making dispositive motions or other material substantive filings or submissions or entering into any negotiations concerning the matters discussed in this subsection.

6.8 ITAR Matters. As soon as reasonably practicable following the execution of this Agreement and in any event prior to the Closing, Company and Parent shall prepare a notification pursuant to 22 C.F.R. § 122.4(a) of the ITAR Regulations (the “ITAR Notice”).

6.9 Debt Financing.

(a) From and after the date hereof until the earlier of the Closing Date and the termination of this Agreement pursuant to Section 9.1, the Company Stockholder shall cause the Company Group to use their commercially reasonable efforts to provide such assistance to Parent and Merger Sub, at the sole expense of Parent, as is reasonably requested by Parent in connection with the Debt Financing. Such commercially reasonable efforts to provide such assistance shall include each of the following: (i) participation in, and

assistance with, the arrangement of the Debt Financing and the Marketing Efforts related thereto, including furnishing to Parent and its Debt Financing Sources, as promptly as is reasonably practicable following Parent's request, such pertinent and customary information (including financial statements) as may be reasonably necessary to arrange the Debt Financing and consummate the Marketing Efforts or assemble the Marketing Material, (ii) delivery on or prior to the Closing Date to Parent of the Ancillary Financing Documents and (iii) providing such other customary information as the Parent may reasonably request with respect to the Debt Financing. Company hereby consents to Parent's and Merger Sub's the use of the Company Group's respective logos in connection with the Debt Financing in a form and manner mutually agreed in advance with Company; provided, however, that such logos are used solely in a manner that is not intended to, or reasonably likely not to, harm or disparage any of the Company Group or their reputation or goodwill. Notwithstanding any other provision of this Agreement to the contrary, none of the Company Group or their respective personnel or advisors shall be required to provide any assistance or cooperation contemplated by the foregoing sentences of this Section 6.9(a) which the Company Stockholder reasonably believes would (A) unreasonably interfere with the businesses or ongoing operations of any of the Company Group, (B) require the Company Stockholder or any of the Company Group to pay any commitment or other similar fee or incur any other liability or obligation in connection with the arrangement of the Debt Financing prior to the Closing, (C) result in a breach or violation of any confidentiality arrangement or material agreement or the loss of any legal or other privilege, (D) cause any representation or warranty in this Agreement to be breached or any condition to Closing set forth in ARTICLE VIII to not be satisfied, (E) cause any director, manager, officer, employee or stockholder of the Company Stockholder or any of the Company Group (or any of their respective Associated Persons) to incur any personal liability, (F) require the directors or managers of the Company Stockholder or any of the Company Group, acting in such capacity, to authorize or adopt any resolutions approving any of the Debt Financing Documents prior to the Closing, (G) require the Company Stockholder, any of the Company Group or any of their respective directors, managers, officers or employees to execute, deliver or perform, or amend or modify, any agreement, document or instrument, including any financing agreement, with respect to the Debt Financing that is not contingent upon the Closing or that would be effective prior to the Closing, (H) provide access to or disclose any information that the Company Stockholder or any of the Company Group determines in its good faith opinion would jeopardize any attorney-client privilege of any of them or (I) take any action that would reasonably be expected to conflict with or violate this Agreement, any Governing Documents of the Company Stockholder or any of the Company Group, any applicable Laws or any Contracts to which the Company Stockholder or any of the Company Group is a party or by which any of their respective assets or properties is bound. All such assistance referred to in this Section 6.9 shall be at Parent's written request with reasonable prior notice and at Parent's sole cost and expense, and Parent shall promptly reimburse the Company Stockholder and the Company Group for all documented and reasonable out-of-pocket costs and expenses (including attorneys' fees) incurred by them in connection with such assistance. For the avoidance of doubt, such assistance shall not require the Company Stockholder, the Company Group or any of their respective Affiliates to agree to any contractual obligation or otherwise incur any liability relating to the Debt Financing that is not expressly conditioned upon the consummation of the Closing and that does not terminate without liability to the Company Stockholder, the Company Group or any of their respective Affiliates upon the termination of this Agreement. None of the Company Stockholder, the Company Group or any of their respective Affiliates shall be required to make any representation or warranty in connection with the Debt Financing or the Marketing Efforts. Neither the Company Stockholder nor any of its Affiliates shall have any obligations under this Section 6.9 following the Closing. Parent shall indemnify, defend and hold harmless the Company Stockholder, the Company Group and their respective Associated Persons from and against any and all losses suffered or incurred by them in connection with the Debt Financing or any assistance or activities provided in connection therewith, including the performance of their obligations under this Section 6.9, except in the event such liability and losses arose out of or resulted from the willful misconduct or gross negligence of any such Persons and except for liability of the Company Group after the Closing. All non-public or otherwise confidential information regarding the Company Group and their respective businesses obtained by Parent, Merger Sub or the Debt Financing Sources pursuant to this Section 6.9 shall be kept confidential in accordance with the Confidentiality Agreement, except that such information may be disclosed to "private side" lenders (and their counsel) that agree to customary confidentiality obligations in connection with the Marketing Efforts. Notwithstanding any other provision of this Agreement to

the contrary, it is understood and agreed by the Parties that the conditions set forth in Section 8.2(b), as applied to the Company Stockholder's and Company's obligations under this Section 6.9(a), shall be deemed to be satisfied unless the Debt Financing has not been obtained as a direct result of the Company Stockholder's and Company's intentional and material breach of their respective obligations under this Section 6.9(a). Notwithstanding anything in this Agreement to the contrary, the Parties acknowledge and agree that the provisions contained in this Section 6.9(a) represent the sole obligations of the Company Stockholder, the Company Group and their respective personnel and advisors with respect to assistance and cooperation in connection with the arrangement of any financing (including the Debt Financing) to be obtained by Parent or Merger Sub with respect to the transactions contemplated by this Agreement, and no other provision of this Agreement (including the Exhibits and Schedules hereto) shall be deemed to expand or modify such obligations.

(b) Parent and Merger Sub shall each use its reasonable best efforts to obtain the Debt Financing as promptly as practicable following the date of this Agreement, including (i) obtaining any arrangement or engagement letters from financial institutions with respect to the Debt Financing; (ii) satisfying on a timely basis (or obtaining a waiver of) all Debt Financing Conditions that are within Parent's, Merger Sub's or any of their respective Affiliates' control; (iii) negotiating, executing and delivering Debt Financing Documents reasonably acceptable to Parent and Merger Sub and in accordance with this Agreement; (iv) paying all commitment or other fees and amounts that become due and payable under or with respect to the Debt Financing as they become due and payable; (v) causing the Debt Financing to be drawn upon satisfaction or waiver of the Debt Financing Conditions and the conditions set forth in ARTICLE VIII; and (vi) upon satisfaction of the Debt Financing Conditions, consummating the Debt Financing at or prior to the date that the Closing is required to be effected pursuant to Section 2.2.

(c) Parent and Merger Sub shall keep the Company Stockholder reasonably informed of the status of its efforts to arrange the Debt Financing and shall provide the Company Stockholder a reasonable opportunity to review and comment on any Debt Financing Documents (including any engagement letter, commitment letter and/or term sheet entered into in connection therewith), and Parent and Merger Sub shall consider such comments in good faith. Without limiting the generality of the foregoing, Parent and Merger Sub shall give the Company Stockholder prompt written notice of the occurrence of an event or development that would reasonably be expected to adversely impact the ability of Parent or Merger Sub to obtain all or any portion of the Debt Financing necessary to consummate the Transactions.

6.10 Related Party Agreements. The Company Stockholder shall cause (a) the Gexpro Management Agreement and (b) each other Related Party Agreement (if any) that obligates or could obligate any member of the Company Group to make any payment (contingent or otherwise) at any time to any Excluded Company Party (including, without limitation, the existing Company management agreement and any similar agreements) to be fully transferred and novated to, and fully assumed by, Company Stockholder or its designee (other than any member of the Company Group) prior to or as of the Closing, without any further or continuing liability on the part of Parent or any of its Affiliates (including, after the Closing, any member of the Company Group).

(b) Notwithstanding anything to the contrary contained in this Agreement, at any time prior to the receipt of the Parent Stockholder Approvals, the Parent Board (acting through the Transaction Directors) or the Special Committee may make a Parent Recommendation Change in response to a Parent Intervening Event if, prior to taking such action, the Parent Board (acting through the Transaction Directors) or the Special Committee reasonably determines in good faith, after consultation with its outside legal counsel, that the failure of the Parent Board or the Special Committee to make such Parent Recommendation Change would be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law; provided, however, that prior to effecting such Parent Recommendation Change (i) Parent shall have given Company and the Company Stockholder at least three (3) Business Days' prior written notice informing Company and the Company Stockholder that the Parent Board or the Special Committee, as applicable, has determined that a Parent Intervening Event has occurred (which notice will reasonably describe such Parent Intervening Event) and the Parent Board or the Special Committee, as applicable, intends to effect a Parent Recommendation Change at the end of the notice period (such notice being referred to herein as a "Parent Recommendation Change Notice"), (ii) during the three (3)-Business Day period starting after the date on which such Parent Recommendation Change Notice is received by Company and the Company Stockholder, if requested by Company or the Company Stockholder, Parent shall, and shall cause its Subsidiaries and Representatives to, negotiate in good faith with Company, the Company Stockholder and their Representatives, to revise the terms and conditions of this Agreement such that a failure of the Parent Board or the Special Committee to effect such a Parent Recommendation Change in response to such Parent Intervening Event would not be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law and (iii) following such three (3)-Business Day period, the Parent Board (acting through the Transaction Directors) or the Special Committee after taking into account in good faith any changes to the terms of this Agreement proposed by Company and the Company Stockholder and, after consultation with its outside legal counsel, shall have reasonably determined in good faith that the failure to effect such a Parent Recommendation Change would be inconsistent with the Parent Board's or the Special Committee's respective fiduciary duties, as applicable, under applicable Law. For the avoidance of doubt, nothing in this Section 7.1(b) shall permit the Parent Board or the Special Committee to make a Parent Recommendation Change with respect to a portion or subset of the Transactions.

(c) Nothing contained in this Section 7.1 shall prohibit Parent or the Parent Board from (i) taking and disclosing to the stockholders of Parent a position contemplated by Rule 14e-2(a) or Rule 14d-9 promulgated under the Exchange Act, (ii) making any disclosure to the stockholders of Parent that is required by Law or (iii) making any "stop, look and listen" communication to the stockholders of Parent pursuant to Rule 14d-9(f) under the Exchange Act; provided, however, that this Section 7.1(b) shall not be deemed to permit the Parent Board or the Special Committee to make a Parent Recommendation Change other than in accordance with Section 7.1(b).

7.2 Preparation of Proxy Statement.

(a) As promptly as practicable following the date hereof, Parent shall prepare and file or cause to be filed with the SEC, the Proxy Statement in order to seek the Parent Stockholder Approvals. Company Stockholder and Company shall (x) use its reasonable best efforts to promptly furnish the information required by the SEC or federal securities Laws to be included in the Proxy Statement concerning the Company Stockholder, Company and their Subsidiaries and (y) use its reasonable best efforts to provide such other information and assistance as may be reasonably requested by Parent or Parent's outside legal counsel in connection with the preparation, filing and distribution of the Proxy Statement. Without limiting the foregoing, the Company Stockholder and Company shall provide to Parent (i) the Company Financial Statements and the Abbreviated Financial Statements and (ii) such other information relating to (A) the Company Stockholder, Company or their Subsidiaries or (B) the Acquisitions or the Persons or businesses acquired, or contemplated or in discussions to be acquired, by the Company Group pursuant to any Acquisition as Parent may reasonably request to be included in the Proxy Statement, including in connection with the preparation of pro forma financial statements to be included in the Proxy Statement, with all such information in the foregoing clauses (i) and (ii), to be in such form

as shall comply with all applicable SEC requirements with respect to the Proxy Statement (collectively, the “Required Financial Information”). The Company Stockholder and Company shall update the Required Financial Information at such times as may be required by the SEC or applicable Law. Parent shall use its reasonable best efforts to have the Proxy Statement cleared by the SEC as promptly as practicable after filing and to cause the Proxy Statement to be mailed to the holders of Parent Common Shares as promptly as practicable after the Proxy Statement shall have been cleared by the SEC. Each Party shall also take any action required to be taken and make any necessary filings under the Securities Act, the Exchange Act or any applicable state securities Laws in connection with the Transactions, this Agreement, the TestEquity Agreement or the Share Issuances. Parent shall provide the Company a reasonable opportunity to review and comment on all filings to be made by Parent with the SEC in connection with the Transactions and all mailings to the stockholders of Parent in connection with the Transactions before such filings are made or such mailings are sent, which comments Parent shall consider in good faith, acting reasonably.

(b) If at any time prior to the Closing, any Party discovers any information relating to Parent, Company or the Company Group, or any of their respective Affiliates, directors or officers that should be set forth in an amendment or supplement Proxy Statement so that such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the Party that discovers such information shall promptly notify the other Parties and Parent shall promptly cause to be filed with the SEC an appropriate amendment or supplement describing such information and, to the extent required by Law, disseminate such information to the stockholders of Parent.

(c) The Parties shall notify each other promptly of the receipt of any correspondence, communications or comments from the SEC or the staff of the SEC and of any request by the SEC or the staff of the SEC for amendments or supplements to the Proxy Statement or for additional information and shall supply each other with (i) copies of all correspondence and a description of all material oral discussions between it or any of its respective Representatives, on the one hand, and the SEC or the staff of the SEC, on the other hand, with respect to the Proxy Statement or the Transactions and (ii) copies of all orders of the SEC relating to the Proxy Statement. Each Party shall provide the other Parties a reasonable opportunity to review and comment on all written responses by such Party to any such correspondence, communications or comments from the SEC or the staff of the SEC, which comments such Party shall consider in good faith, acting reasonably.

7.3 Stockholders Meeting; Parent Recommendation. Parent shall take, in accordance with the DGCL and Parent’s Governing Documents, all actions reasonably necessary to mail the Proxy Statement to Parent’s stockholders and to establish a record date, duly call, give notice of, convene and hold the Stockholders Meeting as soon as reasonably practicable after the definitive Proxy Statement is filed for the purpose of securing the Parent Stockholder Approvals. Unless a Parent Recommendation Change is effected in accordance with Section 7.1(b), the Proxy Statement shall include the Parent Recommendation. Unless a Parent Recommendation Change is effected in accordance with Section 7.1(b), Parent shall use its reasonable best efforts to solicit from its stockholders votes in favor of the Parent Stockholder Approvals. Notwithstanding any Parent Recommendation Change, Parent shall be required to duly call, give notice of, convene and hold the Stockholders Meeting and submit to a vote of Parent’s stockholders one (1) or more proposals to obtain the Parent Stockholder Approvals (the “Approval Proposal”) and nothing contained herein shall be deemed to relieve Parent of any such obligation unless this Agreement has been validly terminated pursuant to the terms hereof. In addition to the foregoing, Parent shall not submit to the vote of its stockholders at the Stockholders Meeting any proposal other than (a) the Approval Proposal and a proposal to adjourn or postpone the Stockholders Meeting to a later date or dates if necessary or appropriate to solicit additional proxies if there are insufficient votes, or insufficient Parent Common Shares present, to obtain all of the Parent Stockholder Approvals at the Stockholders Meeting, or to ensure that any supplement or amendment to the Proxy Statement is timely provided to Parent’s stockholders; and/or (b) an advisory vote regarding merger-related compensation. Notwithstanding the foregoing provisions of this Section 7.3, if on any date for which the Stockholders Meeting is scheduled or has been adjourned, Parent has not received proxies representing a sufficient number of Parent Common Shares, or there are insufficient

Parent Common Shares present, to obtain all of the Parent Stockholder Approvals, or additional time is needed to ensure that any supplement or amendment to the Proxy Statement is timely provided to Parent's stockholders, whether or not a quorum is present, Parent shall make one or more successive postponements or adjournments of the Stockholders Meeting, with each such postponement or adjournment being to a date no later than the earlier of (a) ten (10) Business Days after the date of the most recently scheduled Stockholders Meeting and (b) the End Date.

7.4 Preservation of Records; Post-Closing Access and Cooperation.

(a) For a period of seven (7) years after the Closing Date or such other period (if longer) required by applicable Law, the Surviving Corporation and its Subsidiaries shall preserve and retain all corporate, accounting, legal, auditing, human resources, Tax and other books and records of the Surviving Corporation and its Subsidiaries (including any documents relating to any governmental or non-governmental claims, actions, suits, proceedings or investigations) relating to the conduct of the business and operations of the Surviving Corporation and its Subsidiaries prior to the Closing Date.

(b) Parent and the Surviving Corporation shall, after the Closing Date, afford promptly to the Company Stockholder and its Representatives reasonable access during normal business hours to the offices, facilities, books, records, officers and employees of the Surviving Corporation and its Subsidiaries to the extent and for a purpose reasonably requested by the Company Stockholder.

7.5 Employees and Benefits.

(a) Parent agrees prior to the Closing Date to cooperate with and to provide information to Company as necessary or appropriate to comply with or satisfy any requirement or custom to consult with or provide information to, with respect to any of the transactions contemplated by this Agreement, any employee or labor organization representing or related to employees of any of the Company Group.

(b) For a period of no less than one (1) year following the Closing Date, Parent and the Surviving Corporation shall provide each of the Persons employed by the Company Group as of the Closing Date (each, an "Employee") with (i) a base salary or wages that are not less than, (ii) variable/incentive/bonus pay opportunities that are substantially similar (excluding any value attributable to equity and equity-based compensation and retention, transaction or similar payments) to, and (iii) other benefit plans and arrangements that are no less favorable in the aggregate to, in each of clauses (i), (ii) and (iii), those provided to such Employees immediately prior to the Closing Date. Notwithstanding the foregoing, this Section 7.5 shall not limit the obligation of Parent, the Surviving Corporation or their Subsidiaries to comply with applicable Law or to maintain any compensation arrangement or benefit plan that, pursuant to an existing contract, must be maintained for a period longer than one (1) year following the Closing Date. No provision of this Agreement shall be construed as a guarantee of continued employment of any Employee, and this Agreement shall not be construed so as to prohibit Parent and the Surviving Corporation from having the right to terminate the employment of any Employee; provided, however, that any such termination is effected in accordance with applicable Law.

(c) Each Employee and former Employee of any of the Company Group shall be credited with his or her years of service with the Company Group (and any predecessor entities thereof, to the extent such predecessor service is credited by Parent and the Surviving Corporation or any of their Subsidiaries) before the Closing Date under any employee benefit plan of Parent or the Surviving Corporation or any of their Subsidiaries providing benefits similar to those provided under a Benefit Plan (including under any applicable pension, 401(k), savings, medical, dental, life insurance, vacation, long-service leave or other leave entitlements, post-retirement health and life insurance, termination indemnity, severance or separation pay plans) to the same extent as such employee or former employee was entitled, before the Closing Date, to credit for such service under such Benefit Plan for all purposes, including eligibility to participate, level of benefits, early retirement eligibility and early retirement subsidies, vesting and benefit accrual (other than benefit accruals under a defined benefit pension plan), except to the extent such credit would result in the duplication of benefits for the same period of service.

With respect to the calendar year in which Parent or any of its Affiliates ceases to maintain any particular Benefit Plan (or to the extent an Employee ceases to participate in a Benefit Plan in connection with or following the Closing Date), each Employee shall be given credit for amounts paid under such Benefit Plan for the applicable plan year for purposes of applying deductibles, co-payments and out-of-pocket maximums (including any lifetime maximums) as though such amounts had been paid in accordance with the terms and conditions of the parallel plan, program or arrangement of Parent or its Affiliate, as applicable.

(d) Parent shall waive for each Employee and his or her dependents any waiting period provision, payment requirement to avoid a waiting period, pre-existing condition limitation, actively-at-work requirement and any other restriction that would prevent immediate or full participation under the welfare plans of Parent, the Surviving Corporation or any of their Affiliates applicable to such Employee to the extent such waiting period, pre-existing condition limitation, actively-at-work requirement or other restriction would not have been applicable to such Employee under the terms of the welfare plans of the Company Group on the date of this Agreement.

(e) On and after Closing, Parent, the Surviving Corporation and its Subsidiaries shall be responsible for any and all notices, liabilities, costs, payments and expenses arising from any action by Parent, the Surviving Corporation or any of its Subsidiaries (including breach of contract, defamation or retaliatory discharge) regarding Employees who are employed by any of the Company Group as of the Closing Date, including any such liability (i) under any applicable Law that relates to employees, employee benefit matters or labor matters, (ii) for dismissal, wrongful termination or constructive dismissal or termination, or severance pay or other termination pay, or (iii) under or with respect to any benefit plan, program, Contract, policy, commitment or arrangement of the Company Group, including with respect to severance or retention plans, or to the extent such severance or retention plans provide payments or benefits with respect to any Employee.

(f) In any termination or layoff of any Employee by Parent or the Surviving Corporation on or after the Closing, Parent and the Surviving Corporation will comply fully, if applicable, with the WARN Act and all other applicable foreign, Federal, state and local laws, including those prohibiting discrimination and requiring notice to employees. Parent shall not, and shall cause the Surviving Corporation and its Subsidiaries to not, at any time prior to sixty (60) days after the Closing Date, effectuate a “plant closing” or “mass layoff” as those terms are defined in the WARN Act affecting in whole or in part any facility, site of employment, operating unit or employee of the Surviving Corporation or its Subsidiaries without complying fully with the requirements of the WARN Act or similar state and local laws. Parent and Surviving Corporation will bear the cost of compliance with (or failure to comply with) any such Laws.

(g) To the extent that any “disqualified individual” (within the meaning of Section 280G(c) of the Code and the regulations thereunder) has the right to receive any payments or benefits that could be deemed to constitute “parachute payments” (within the meaning of Section 280G(b)(2)(A) of the Code and the regulations thereunder), then, the Company Stockholder will: (a) no later than ten (10) Business Days prior to the Closing Date, solicit and use its commercially reasonable efforts to obtain from each such “disqualified individual” a waiver of such disqualified individual’s rights to some or all of such payments or benefits (the “Waived 280G Benefits”) so that any remaining payments or benefits shall not be deemed to be “excess parachute payments” (within the meaning of Section 280G of the Code and the regulations thereunder); and (b) no later than five (5) Business Days prior to the Closing Date, with respect to each individual who agrees to the waiver described in clause (a), submit to a vote of holders of the equity interests of the Company Stockholder entitled to vote on such matters, in the manner required under Section 280G(b)(5) of the Code and the regulations promulgated thereunder, along with adequate disclosure intended to satisfy such requirements (including Q&A 7 of Section 1.280G-1 of such regulations), the right of any such “disqualified individual” to receive the Waived 280G Benefits. Prior to, and in no event later than five (5) Business Days prior to soliciting such waivers and approval, the Company Stockholder shall provide drafts of such waivers and approval materials as well as calculations and related documentation to determine whether and to what extent the vote described in this Section 7.5(g) is necessary in order to avoid the imposition of Taxes under Section 4999 of the Code, to Parent for its review and comment, and the Company Stockholder shall consider in good faith any changes reasonably

requested by Parent. Prior to the Closing Date, the Company Stockholder shall deliver to Parent evidence that a vote of the shareholders of the Company Stockholder was solicited in accordance with the foregoing and whether the requisite number of votes of the shareholders of the Company Stockholder was obtained with respect to the Waived 280G Benefits or that the vote did not pass and the Waived 280G Benefits will not be paid or retained.

(h) Nothing in this Section 7.5 or elsewhere in this Agreement shall: (i) be construed to create a right in any employee of the Company Group to employment with Parent, the Surviving Corporation or any other Subsidiary of Parent; (ii) be deemed to establish, amend, modify or cause to be adopted any Benefit Plan or any other benefit plan, program, agreement or arrangement maintained or sponsored by Parent, the Surviving Corporation or any of their respective Affiliates; or (iii) limit the ability of Parent, the Surviving Corporation or any of their respective Affiliates from establishing, amending, modifying or terminating any benefit plan, program, agreement or arrangement at any time assumed, established, sponsored or maintained by any of them, in each case, following the Closing.

7.6 Public Announcements. No Party shall, and each Party shall cause its respective Representatives not to, issue any press release or otherwise make any public statements or disclosures with respect to this Agreement, including the terms hereof, and the transactions contemplated by this Agreement, except (a) with the prior written consent of each of Parent and Company; (b) to the extent required by applicable Law or the rules of any securities exchange on which a Party's or a Party's Affiliates securities are traded (in which case the Party issuing such press release or making such public statement shall, if practicable in the circumstances, use commercially reasonable efforts to allow the other Parties reasonable time to comment on such release or statement in advance of its issuance and will consider the comments of such other Party or Parties with respect thereto in good faith, acting reasonably); or (c) for announcements by each of the Parties from time to time to their respective employees, customers, suppliers and other business relations and otherwise as they may reasonably determine is necessary (including to comply with applicable Law, this Agreement and the transactions contemplated by this Agreement or any other agreement to which they are party), so long as such statements or announcements are consistent with (and not materially expansive of) information included in any previous press releases or public statements issued in accordance with this Section 7.6. Notwithstanding the foregoing, (i) Parties shall cooperate in good faith to prepare a mutually agreeable joint press release to be issued on or around the date hereof, and (ii) Parent shall not be required to provide for review or comment to Company or the Company Stockholder any statement, release or disclosure in response to or in connection with a Parent Recommendation Change, it being understood, for the avoidance of doubt, that nothing in this clause (ii) shall permit Parent to make any statement or effect a Parent Recommendation Change other than in accordance with Section 7.1(b). Notwithstanding anything to the contrary in this Agreement or the Confidentiality Agreement, the Company Stockholder and its Affiliates may provide (x) the financial results achieved by such Person with respect to their respective beneficial interest in the Company Group or (y) a general description of the Company Group (including their respective financial performance, and such Person's investment and role therein), in each case to the current or prospective limited partners or other Affiliates of such Person and their respective advisors, or any other information customarily disclosed by private equity sponsors with respect to a sale of their portfolio companies to any such Persons.

7.7 Indemnification of Directors and Officers.

(a) Parent shall cause the Surviving Corporation to honor the provisions, to the extent they are enforceable under applicable Law, regarding (i) exculpation of directors, (ii) limitation of liability of directors and officers and (iii) indemnification and advancement of expenses, in each case, contained in the Company's and its Subsidiaries' Governing Documents or any employment Contract between the applicable Covered Affiliate and the Company or any of its Subsidiaries, in each case as in effect immediately prior to the Effective Time with respect to any D&O Indemnitees.

(b) Prior to the Closing, Company shall, in consultation with Parent and at Parent's expense, obtain and fully pay for "tail" insurance policies (such policies, the "D&O Tail Policy") with a claims period of at least six (6) years from the Closing Date with respect to directors' and officers' liability insurance covering those Persons

who are currently covered by Company's and its Subsidiaries' directors' and officers' liability insurance policy on terms not less favorable than such existing insurance coverage; provided, however, that in the event that any claim is brought under such director's and officer's liability insurance policies, Parent shall cause the Surviving Corporation to maintain the D&O Tail Policy until final disposition thereof; provided, further that Company shall not pay premiums for such D&O Tail Policy in excess of an aggregate amount of 300% of the last annual premiums paid by Company or its Subsidiaries prior to the date of this Agreement for its existing directors' and officers' liability insurance policies absent the prior written consent of Parent (which may be withheld in Parent's sole discretion), and in such a case shall purchase as much coverage as reasonably practicable for such 300% aggregate amount.

(c) From and after the Closing Date, Parent shall, and shall cause the Surviving Corporation and its Subsidiaries (each, a "D&O Indemnifying Party") to, to the fullest extent permitted by applicable Law, (a) indemnify and hold harmless (and release from any liability to Company or its Subsidiaries), the D&O Indemnitees against all D&O Expenses (as defined below), losses, claims, damages, judgments or amounts paid in settlement ("D&O Costs") in respect of any threatened, pending or completed Action, whether criminal, civil, administrative or investigative, based on or arising out of or relating to the fact that such Person is or was a director, officer, employee or agent of Company or its Subsidiaries or Covered Affiliates arising out of acts or omissions occurring in such capacities on or prior to the Closing Date (including without limitation, in respect of acts or omissions in connection with this Agreement and the transactions contemplated by this Agreement) (a "D&O Indemnifiable Claim") and (b) advance to such D&O Indemnitees all D&O Expenses incurred in connection with any D&O Indemnifiable Claim (including in circumstances where the D&O Indemnifying Party has assumed the defense of such claim) promptly after receipt of reasonably detailed statements therefor. Any D&O Indemnifiable Claim shall continue until such D&O Indemnifiable Claim is disposed of or all judgments, orders, decrees or other rulings in connection with such D&O Indemnifiable Claim are fully satisfied. For the purposes of this Section 7.7(c), "D&O Expenses" shall include reasonable attorneys' fees and all other reasonable costs, charges and expenses paid or incurred in connection with investigating, defending, being a witness in or participating in (including on appeal), or preparing to defend, to be a witness in or participate in any D&O Indemnifiable Claim, but shall exclude losses, judgments and amounts paid in settlement (which items are included in the definition of D&O Costs).

(d) Notwithstanding any other provision of this Agreement to the contrary, this Section 7.7 shall survive the consummation of the Closing indefinitely. In the event that Parent, Merger Sub, the Surviving Corporation or its Subsidiaries or any of their respective successors or assigns (i) consolidates with or merges into any other Person (including the Merger), or (ii) transfers all or substantially all of its properties or assets to any Person, then, and in each case, Parent shall cause the successors and assigns of Parent, Merger Sub, the Surviving Corporation or its Subsidiaries, as the case may be, to expressly assume and be bound by the obligations set forth in this Section 7.7.

(e) Following the Closing, the obligations of Parent, Merger Sub, the Surviving Corporation and its Subsidiaries under this Section 7.7 shall not be terminated or modified in such a manner as to adversely affect any D&O Indemnitee to whom this Section 7.7 applies without the written consent of such affected D&O Indemnitee.

7.8 Transfer Taxes. All federal, state, local, non-U.S. transfer, excise, sales, use, value-added, registration, stamp, recording, documentary, filing, conveyance, property and similar Taxes, duties or fees applicable to, imposed upon, or arising out of any Transaction, including any interest, addition to tax or penalties related thereto, shall be paid by Parent.

7.9 Takeover Laws. If any takeover Laws or any anti-takeover provision or restriction on ownership in the Governing Documents of Parent is or may become applicable to the transactions contemplated by this Agreement, Parent and the Parent Board shall grant such approvals and take all such actions as are necessary or advisable so that the transactions contemplated by this Agreement may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such statute, regulation or provision in Parent's Governing Documents on the transactions contemplated by this Agreement.

The obligations of Company and the Company Stockholder to consummate the transactions contemplated by this Agreement are subject to the satisfaction (or waiver by the Company Stockholder and Company, to the extent permitted by applicable Law and the terms of this Agreement) of the following conditions precedent on or before the Closing Date:

(a) Representations and Warranties. Each of the representations and warranties of Parent and Merger Sub set forth in (i) Sections 5.1, 5.2 and 5.12 shall be true and correct in all material respects (disregarding all qualifications or limitations as to “materiality”, “Parent Material Adverse Effect” and words of similar import set forth therein) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (ii) Section 5.3(a) and Section 5.3(b) shall be true and correct in all respects (other than for inaccuracies that are, in the aggregate, *de minimis*) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), (iii) Section 5.3(c) and Section 5.6(c) shall be true and correct in all respects as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date) and (iv) ARTICLE V (other than those referenced in the foregoing clauses (i), (ii) and (iii)) shall be true and correct in all respects (disregarding all qualifications or limitations as to “materiality”, “Parent Material Adverse Effect” and words of similar import set forth therein) as of the date of this Agreement and as of the Closing Date as though made on and as of such date (except for any such representation or warranty that is made as of a specified date (including the date of this Agreement), in which case such representation or warranty shall be true and correct only as of such specified date), except, in the case of this clause (iv) where the failure of such representations and warranties to be so true and correct does not constitute a Parent Material Adverse Effect.

(b) Compliance with Agreements and Covenants. Parent and Merger Sub shall have performed and complied in all material respects with all of their respective covenants, obligations and agreements contained in this Agreement to be performed and complied with by them on or prior to the Closing.

(c) No Parent Material Adverse Effect. Since the date of this Agreement, there shall not have been any Parent Material Adverse Effect.

(d) Parent Closing Certificate. The Company Stockholder shall have received a certificate from Parent, dated the Closing Date, duly executed by an officer of Parent certifying with respect to Parent that the conditions set forth in Section 8.3(a), Section 8.3(b) and Section 8.3(c) have been satisfied.

(e) Tax Opinion. The Company shall have received a written opinion from Mayer Brown, in form and substance reasonably satisfactory to the Company, dated as of the Closing Date, to the effect that, on the basis of the facts, representations and assumptions set forth or referred to in such opinion, the Merger will qualify as a “reorganization” within the meaning of Section 368(a) of the Code. In rendering the opinion described in this

Table of Contents

Section 8.3(e), Mayer Brown shall be entitled to rely upon assumptions, representations, warranties and covenants, including those contained in the Company Tax Certificate and the Parent Tax Certificate and such other information as Mayer Brown deems relevant.

(f) Registration Rights Agreement. The Company Stockholder shall have received the Registration Rights Agreement, duly executed by Parent.

8.4 Frustration of Closing Conditions. No Party may rely as a basis for not consummating the transactions contemplated by this Agreement on the failure of any condition set forth in this ARTICLE VIII to be satisfied if such failure was caused by such Party's breach of this Agreement.

ARTICLE IX TERMINATION

9.1 Termination. This Agreement may be terminated at any time on or prior to the Closing Date, as follows:

(a) with the mutual written consent of the Parties;

(b) by either Company or Parent if the Effective Time shall not have occurred on or before September 30, 2022 (the "End Date"); provided, however, that the right to terminate this Agreement under this Section 9.1(b) shall not be available to any Party whose failure to fulfill any obligation under this Agreement has been the principal cause of, or resulted in, the failure of the Effective Time to occur on or before the End Date;

(c) by Company, if Parent or Merger Sub shall have breached or failed to perform any of their respective covenants or other agreements contained in this Agreement, or if any of the representations or warranties of Parent or Merger Sub fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition set forth in Section 8.3(a) or Section 8.3(b) being satisfied and (ii) is not reasonably capable of being cured by the End Date or has not been cured by Parent or Merger Sub, as applicable, within thirty (30) days after Parent receives written notice thereof from Company; provided, however, that Company shall not have the right to terminate this Agreement pursuant to this Section 9.1(c) if either Company or the Company Stockholder is then in material breach of this Agreement such that any of the conditions set forth in Section 8.2(a) or Section 8.2(b) would not be satisfied;

(d) by Parent, if Company or the Company Stockholder shall have breached or failed to perform any of their respective covenants or other agreements contained in this Agreement, or if any of the representations or warranties of Company or the Company Stockholder, as applicable, fails to be true or correct, which breach or failure (i) would give rise to the failure of a condition set forth in Section 8.2(a) or Section 8.2(b) being satisfied and (ii) is not reasonably capable of being cured by the End Date or has not been cured by Company or the Company Stockholder within thirty (30) days after Company and the Company Stockholder receive written notice thereof from Parent; provided, however, that Parent shall not have the right to terminate this Agreement pursuant to this Section 9.1(d) if either Parent or Merger Sub is then in material breach of this Agreement such that any of the conditions set forth in Section 8.3(a) or Section 8.3(b) would not be satisfied;

(e) by either Company or Parent if any Governmental Authority shall have issued a Governmental Order or taken any other action permanently restraining, enjoining or otherwise prohibiting the transactions contemplated by this Agreement, and such Governmental Order or other action shall have become final and nonappealable;

(f) by either Parent or Company, if any of the Parent Stockholder Approvals have not been obtained at the duly convened Stockholders Meeting (unless such Stockholders Meeting has been adjourned or postponed, in which case at the final adjournment or postponement thereof);

Table of Contents

- (g) by Company, if a Parent Recommendation Change has occurred; or
- (h) automatically, without any action by any Party, immediately upon the termination of the TestEquity Agreement in accordance with its terms.

9.2 Termination Fee.

(a) If this Agreement is terminated (i) by Company pursuant to Section 9.1(g) or (ii) pursuant to Section 9.1(h) as a result of the termination of the TestEquity Agreement pursuant to Section 9.1(g) thereof, then Parent will pay Company an amount equal to six million dollars (\$6,000,000.00) (the "Termination Fee"). In the event the Termination Fee is payable, such fee will be paid to Company by Parent in immediately available funds within two (2) Business Days after the date this Agreement is terminated.

(b) Parent and Merger Sub acknowledge and agree that the agreements contained in this Section 9.2 are an integral part of the transactions contemplated by this Agreement, and that without these agreements, Company and the Company Stockholder would not enter into this Agreement. If Parent fails to promptly pay the Termination Fee as may be required by Section 9.2(a) and Company commences an Action in order to obtain such payment and such Action results in the entry of a Governmental Order against Parent requiring such payment to be made, Parent shall pay to Company the Termination Fee and Company's costs and expenses (including reasonable and documented attorneys' fees) in connection with such Action, in each case plus interest at the prime rate of interest reported in *The Wall Street Journal* in effect on the date such payment was required to be made through the date of payment.

(c) Notwithstanding anything to the contrary in this Agreement, and for the avoidance of doubt, in no event shall Parent be required to make (and in no event shall Company be entitled to receive) more than one payment of the Termination Fee in connection with this Agreement.

9.3 Effect of Termination. In the event of termination of this Agreement by either Company or Parent as provided in Section 9.1, this Agreement shall become void and have no further force or effect, without any Liability (other than as set forth in Section 9.2) on the part of Parent, Merger Sub, Company or the Company Stockholder; provided, however, that the provisions of Section 7.6, the last sentence of Section 7.12, Section 9.2, this Section 9.3 and ARTICLE XI (and any terms defined herein necessary to give effect to the foregoing) will survive any termination hereof; provided, further, that nothing in this Section 9.3 shall relieve any Party of any Liability for any intentional fraud or intentional and material breach by such Party of this Agreement prior to such termination; provided, further, that notwithstanding the immediately preceding proviso, none of the Parties or any of their respective Affiliates or Representatives shall have any Liability under this Agreement with respect to (a) any failure of the transactions contemplated by the TestEquity Agreement or any of the TestEquity Related Agreements to be consummated pursuant to the terms thereof or (b) any breach or failure to perform any covenant or other agreement set forth in, or breach of any representation or warranty under, the TestEquity Agreement or any of the TestEquity Related Agreements.

ARTICLE X NON-SURVIVAL AND RELATED MATTERS

10.1 Non-Survival. Notwithstanding anything to the contrary in this Agreement, except in the case of intentional fraud, all of the representations and warranties contained in this Agreement (including the Disclosure Schedules and Exhibits attached hereto and the certificates delivered pursuant hereto) and each of the covenants and agreements contained in ARTICLE VI (other than the reimbursement and indemnification referenced in Section 6.9(a), which shall survive any termination of this Agreement) shall terminate automatically at and will not survive the Closing, and none of the Parties nor any of their respective Associated Persons, successors, permitted assigns or heirs, will have any liability whatsoever and may not bring any Action with respect to any such representations, warranties, covenants or agreements (it being understood and agreed that such Persons are intended to benefit from this Section 10.1, whether or not party to this Agreement).

10.2 Parent and Merger Sub Acknowledgements.

(a) Parent and Merger Sub acknowledge and agree that in connection with their determination to enter into this Agreement and its Related Agreements and to consummate the transactions contemplated hereby and thereby, Parent, Merger Sub and their Representatives have received or been given access to all information, books and records, facilities and other assets of the Company Group as Parent has deemed necessary and have been afforded adequate opportunity to meet with, ask questions of and receive answers from the management of the Company Stockholder and the Company Group.

(b) Parent and Merger Sub acknowledge and agree that Parent is consummating the transactions contemplated by this Agreement and its Related Agreements without any representation or warranty, express or implied, by any Person, except for the representations and warranties of Company expressly and specifically set forth in ARTICLE III and the Company Stockholder expressly and specifically set forth in ARTICLE IV, each as qualified by the Company Disclosure Schedule, which shall constitute the sole representations and warranties of Company and the Company Stockholder with respect to this Agreement, the Related Agreements and the transactions contemplated by this Agreement. Parent hereby waives any right that any of Parent or its Associated Persons may have against the Company Stockholder, Company or any of their respective Associated Persons with respect to any inaccuracy relating to any such information or any omission of any potentially material information, and Parent and Merger Sub acknowledge and agree that none of the Company Stockholder, Company nor any of their respective Associated Persons will have any Liability to Parent, its Associated Persons or any other Person resulting from the use of any such information by Parent or any of its Associated Persons.

(c) Parent and Merger Sub acknowledge and agree that (i) Parent, Merger Sub and their Representatives have conducted to their satisfaction an independent investigation and verification of the Company Group (including their respective businesses, operations, assets, liabilities, condition (financial or otherwise), equity interests, properties, forecasts, projected operations and prospects); (ii) Parent and Merger Sub are relying on their own investigation and analysis in entering into the transactions contemplated by this Agreement; (iii) Parent is knowledgeable about the industries and markets in which each of the Company Group operates, is capable of evaluating the merits and risks of the transactions contemplated by this Agreement and is able to bear the substantial economic risk of such investment for an indefinite period of time; and (iv) Parent, Merger Sub or their Representatives have fully reviewed this Agreement and the Company Disclosure Schedules and have had access to the materials in the Data Room relating to the transactions contemplated by this Agreement.

(d) In connection with Parent's and Merger Sub's investigation of the Company Group, Parent has received from or on behalf of the Company Stockholder or Company certain projections, forward-looking statements, forecasts and estimates, including projected statements of operating revenues and income from operations of the Company Group and certain business plan information of the Company Group. Parent and Merger Sub acknowledge and agree that (i) there are uncertainties inherent in attempting to make such projections, forward-looking statements, forecasts, estimates and plans, that Parent and Merger Sub are familiar

with such uncertainties; (ii) Parent and Merger Sub are taking full responsibility for making its own evaluation of the adequacy and accuracy of all such projections, forward-looking statements, forecasts, estimates and plans (including the reasonableness of the assumptions underlying such projections, forward-looking statements, forecasts, estimates and plans); and (iii) Parent and Merger Sub shall have no claim against the Company Stockholder, Company and their respective Associated Persons or any other Person with respect thereto. Accordingly, Parent and Merger Sub acknowledge and agree that the Company Stockholder, Company and their respective Associated Persons make no representations or warranties whatsoever with respect to such projections, forward-looking statements, forecasts, estimates and plans, including the reasonableness of the assumptions underlying such projections, forward-looking statements, forecasts, estimates and plans.

10.3 Company and Company Stockholder Acknowledgements.

(a) Company and the Company Stockholder acknowledge and agree that in connection with their determination to enter into this Agreement and its Related Agreements and to consummate the transactions contemplated hereby and thereby, Company, the Company Stockholder and their Representatives have received or been given access to all information, books and records, facilities and other assets of Parent and its Subsidiaries as Company and the Company Stockholder have deemed necessary and have been afforded adequate opportunity to meet with, ask questions of and receive answers from the management of Parent and its Subsidiaries.

(b) Company and the Company Stockholder acknowledge and agree that each of Company and the Company Stockholder are consummating the transactions contemplated by this Agreement and its Related Agreements without any representation or warranty, express or implied, by any Person, except for the representations and warranties of Parent and Merger Sub expressly and specifically set forth in ARTICLE V, each as qualified by the Parent Disclosure Schedule, which shall constitute the sole representations and warranties of Parent and Merger Sub with respect to this Agreement, the Related Agreements and the transactions contemplated by this Agreement. Company and the Company Stockholder acknowledge and agree that none of Parent, Merger Sub or their respective Associated Persons has made nor are any of them making, any representation or warranty whatsoever, express or implied, as to the accuracy or completeness of any information regarding Parent, Merger Sub, any of their Subsidiaries or their respective business or assets, except as expressly set forth in this Agreement or as and to the extent required by this Agreement to be set forth in the Parent Disclosure Schedule and Company and the Company Stockholder further acknowledge and agree that (i) neither Parent nor Merger Sub nor any of their Associated Persons will be subject to any liability to the Company Stockholder or any other Person resulting from the distribution or use by the Company Stockholder or any of its Associated Persons of any such information, including in any legal opinions, memoranda, summaries or any other information, document or material made available to the Company Stockholder or any of its Associated Persons (whether in any sales memoranda, management presentations or otherwise provided) in expectation of the transactions contemplated by this Agreement and (ii) neither the Company Stockholder nor any of its Associated Persons has relied and will not rely upon the reasonableness, accuracy or completeness of any such information or any other express or implied representation, warranty or statement of any nature made or provided by or on behalf of Parent, Merger Sub or any of their respective Associated Persons. (d) In connection with the Company Stockholder's and Company's investigation of Parent and its Subsidiaries, the Company Stockholder has received from or on behalf of Parent certain projections, forward-looking statements, forecasts and estimates, including projected statements of operating revenues and income from operations of Parent and its Subsidiaries and certain business plan information of Parent and its Subsidiaries. ARTICLE XI MISCELLANEOUS

11.1 Amendment. Prior to the Effective Time, this Agreement may be amended, modified or supplemented but only in a writing signed all of the Parties. Following the Effective Time, this Agreement may be amended, modified or supplemented but only in a writing signed by Parent, the Surviving Corporation and the Company Stockholder. Notwithstanding any other provision of this Agreement to the contrary, no amendment, modification, supplement or waiver of Section 9.3, this Section 11.1, Section 11.5, Section 11.6 or Section 11.21 (and any provision of this Agreement to the extent an amendment, modification, supplement, waiver or termination of such provision would modify the substance of the foregoing sections) that materially adversely affects the rights of any Debt Financing Source under such Section shall be effective without the prior written consent of such Debt Financing Source (solely to the extent such consent is not unreasonably withheld, conditioned or denied).

or to such other individual or address as a Party may designate for itself by notice given as herein provided.

11.3 Waivers. The failure of a Party at any time or times to require performance of any provision hereof shall in no manner affect its right at a later time to enforce the same. No waiver by a Party of any condition or of any breach of any term, covenant, representation or warranty contained in this Agreement shall be effective unless in writing, and no waiver in any one or more instances shall be deemed to be a further or continuing waiver of any such condition or breach in other instances or a waiver of any other condition or breach of any other term, covenant, representation or warranty. Notwithstanding anything in this Agreement to the contrary (including this Section 11.3), the Parties agree that the condition set forth in Section 8.1(c) with respect to obtaining the Parent Unaffiliated Stockholder Approval and this sentence shall not be waivable by any of the Parties in any respect.

11.4 Disclosure Schedules. The Disclosure Schedules have been prepared to correspond to and qualify specific numbered paragraphs of sections as set forth therein; provided, however, that any disclosure in the Disclosure Schedules corresponding to and qualifying a specific numbered paragraph or section hereof shall be deemed to correspond to and qualify any other numbered paragraph or section relating to such Party to the extent the relevance of such disclosure to such other paragraph or section is reasonably apparent on the face of such disclosure. Certain information set forth in the Disclosure Schedules is included solely for informational purposes, is not an admission of liability with respect to the matters covered by the information, and may not be required to be disclosed pursuant to this Agreement. The specification of any Dollar amount in the representations and warranties contained in this Agreement or the inclusion of any specific item in the Disclosure Schedules is not intended to imply that such amounts (or higher or lower amounts) are or are not material, and no Party shall use the fact of the setting of such amounts or the fact of the inclusion of any such item in the Disclosure Schedules in any dispute or controversy between the parties as to whether any obligation, item, or matter not described herein or included in the Disclosure Schedules is or is not material for purposes of this Agreement.

11.5 Successors and Assigns; Assignment. This Agreement and all of the provisions hereof shall be binding upon and shall inure to the benefit of the Parties and their respective heirs, successors and permitted assigns; provided, however, that neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned (including by operation of law) by any Party without the prior written consent of the other Parties; provided, further, that each of Parent, Merger Sub and the Surviving Corporation may assign their respective rights under this Agreement to their lenders as collateral security for their obligations under any of their secured debt financing arrangements. Any purported assignment in contravention of this Section 11.5 shall be null and void.

11.6 Third Party Beneficiaries. This Agreement is solely for the benefit of the Parties hereto and no provision of this Agreement shall be deemed to confer upon third parties, either express or implied, any remedy, claim, liability, reimbursement, cause of action or other right. Notwithstanding the foregoing, (a) the Company Stockholder and the Persons referred to in Section 7.7, Section 10.1 and Section 11.17 shall be third party

Table of Contents

beneficiaries of such Sections, (b) Parent and the Persons referred to in Section 10.1 shall be third party beneficiaries of such Sections, and (c) the Debt Financing Sources of the Debt Financing shall be third party beneficiaries of Section 11.1 and Section 11.21.

11.7 Further Assurances. Upon the reasonable request of Parent or the Company Stockholder, each Party will, on and after the Closing Date, execute and deliver to the other Parties such other documents, assignments and other instruments as may be reasonably required to effectuate completely the Merger, and to effect and evidence the provisions of this Agreement and the Related Agreements and the transactions contemplated by this Agreement.

11.8 Entire Understanding. The Exhibits and the Disclosure Schedules identified in this Agreement are incorporated herein by reference and made a part hereof. This Agreement and the Related Agreements set forth the entire agreement and understanding of the Parties and supersede any and all prior agreements, arrangements and understandings among the Parties.

11.9 Applicable Law. This Agreement, and all claims or causes of action (whether in contract, tort or statute) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), shall be governed by, and enforced in accordance with, the Laws of the State of Delaware, without giving effect to any Laws of the State of Delaware that would cause the application of the Laws of any jurisdiction other than the State of Delaware.

11.10 Jurisdiction of Disputes. In the event any Party to this Agreement commences any Action in connection with or relating to this Agreement, any Related Agreement or any matters described or contemplated herein or therein, the Parties to this Agreement hereby (a) agree that any Action shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate courts therefrom in the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware); (b) agree that in the event of any such Action, such Parties will consent and submit to personal jurisdiction in any such court described in clause (a) of this Section 11.10 and to service of process upon them in accordance with the rules and statutes governing service of process; (c) agree to waive to the full extent permitted by law any objection that they may now or hereafter have to the venue of any such Action in any such court or that any such Action was brought in an inconvenient forum; (d) agree as an alternative method of service to service of process in any Action by mailing of copies thereof to such Party at its address set forth in Section 11.2 for communications to such Party; (e) agree that any service made as provided herein shall be effective and binding service in every respect; and (f) agree that nothing herein shall affect the rights of any Party to effect service of process in any other manner permitted by applicable Law.

11.11 Waiver of Jury Trial. Each Party acknowledges and agrees that any controversy which may arise under this Agreement or the Related Agreements is likely to involve complicated and difficult issues, and therefore each such Party hereby irrevocably and unconditionally waives any right such Party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement or the Related Agreements, or the transactions contemplated by this Agreement. Each Party certifies and acknowledges that (a) no Representative of any other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each Party understands and has considered the implications of this waiver, (c) each Party makes this waiver voluntarily, and (d) each Party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 11.11.

11.12 Specific Performance. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached and that any breach of this Agreement would not be adequately compensated in all cases by monetary damages alone. The Company Stockholder and Company agree that Parent and Merger Sub shall have the right, in addition to any other rights and remedies existing in their favor, to enforce the rights and the obligations of the

Table of Contents

Company Stockholder and Company hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. Furthermore, Parent and Merger Sub agree that Company and the Company Stockholder shall have the right, in addition to any other rights and remedies existing in their favor, to enforce the rights and the obligations of Parent and Merger Sub hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. The right of specific performance and other equitable relief is an integral part of the transactions contemplated by this Agreement and without that right, none of Company, the Company Stockholder, Parent or Merger Sub would have entered into this Agreement. The Parties agree not to assert that a remedy of specific performance or other equitable relief is unenforceable, invalid, contrary to law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the Parties otherwise have an adequate remedy at law. The Parties acknowledge and agree that any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 11.12 shall not be required to provide any bond or other security in connection with any such order or injunction. If, prior to the End Date, any Party brings any action, in each case in accordance with this Section 11.12, to enforce specifically the performance of the terms and provisions hereof by any other Party, the End Date shall automatically be extended (a) for the period during which such action is pending, plus ten (10) Business Days or (b) by such other time period established by the court presiding over such action, as the case may be. Notwithstanding any other provision of this Agreement to the contrary, in no event shall this Section 11.12 be used, alone or together with any other provision of this Agreement, to require any Party to remedy any breach of any representation or warranty of such Party made herein.

11.13 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction declares that any term or provision hereof is invalid or unenforceable, the Parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

11.14 Construction. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, the language shall be construed as mutually chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against any Party. Any reference to any Law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise.

11.15 Counterparts. This Agreement may be executed in counterparts and such counterparts may be delivered in electronic format (including by fax and email). Such delivery of counterparts shall be conclusive evidence of the intent to be bound hereby and each such counterpart, including those delivered in electronic format, and copies produced therefrom shall have the same effect as an originally signed counterpart. To the extent applicable, the foregoing constitutes the election of the Parties to invoke any Law authorizing electronic signatures.

11.16 Retention of Advisors. The Parties acknowledge and agree that Mayer Brown and Bán, S. Szabó, Rausch & Partners (each, an "Advisor") has represented the Company Stockholder and Company in connection with the negotiation, preparation, execution, delivery and performance of this Agreement and the Related Agreements and the consummation of the transactions contemplated by this Agreement, and that the Company Stockholder, Company and their respective Associated Persons (each, a "Company Group Member") have a reasonable expectation that Advisors will represent them in connection with any claim or Action involving any Company Group Member, on the one hand, and Parent or any of its Associated Persons (each, a "Parent Group

Member”), on the other hand, arising under this Agreement, the Related Agreements or the transactions contemplated by this Agreement. Parent hereby, on behalf of itself and the other Parent Group Members and their respective successors and assigns, hereby irrevocably (a) agrees to any such representation in any such matter and (b) waives any actual or potential conflict arising from any such representation in the event of: (i) any adversity between the interests of any Company Group Member, on the one hand, and Parent and the Company Group, on the other hand, in any such matter; and/or (ii) any communication between or among an Advisor and any of the Company Group and their respective Affiliates or employees, whether privileged or not, or any other information known to such counsel, by reason of such counsel’s representation of any of the Company Group prior to Closing.

11.17 Protected Communication.

(a) The Parties to this Agreement agree that, immediately prior to the Closing, without the need for any further action (i) all right, title and interest of the Company Group in and to all Protected Communications shall thereupon transfer to and be vested solely in the Company Stockholder and its successors in interest and (ii) any and all protections from disclosure, including attorney-client privileges and work product protections, associated with or arising from any Protected Communications that would have been exercisable by any of the Company Group shall thereupon be vested exclusively in the Company Stockholder and its successors in interest and shall be exercised or waived solely as directed by the Company Stockholder or its successors in interest.

(b) None of Parent, the Company Group or any Person acting on any of their behalf shall, without the prior written consent of the Company Stockholder or its successors in interest, assert or waive or attempt to assert or waive any such protection against disclosure, including the attorney-client privilege or work product protection, or to access, discover, obtain, use or disclose or attempt to access, discover, obtain, use or disclose any Protected Communications in any manner, including in connection with any dispute or legal proceeding relating to or in connection with this Agreement, the events and negotiations leading to this Agreement, or any of the transactions contemplated by this Agreement; provided, however, (i) the foregoing shall neither prohibit Parent from seeking proper discovery of such documents nor the Company Stockholder from asserting that such documents are not discoverable to the extent that applicable attorney-client privileges and work product protections have attached thereto and (ii) in the event a dispute arises between any Parent Group Members, on the one hand, and any other Person (other than the Company Group Members), on the other hand, such Parent Group Members shall not disclose any documents or information subject to protections from disclosure, including attorney-client privileges and work product protections, associated with or arising from any Protected Communications without the prior written consent of the Company Stockholder (provided, that if such Parent Group Members are required by judicial order or other legal process to make such disclosure, such Parent Group Members shall promptly notify the Company Stockholder in writing of such requirement (without making disclosure) and shall provide the Company Stockholder with such cooperation and assistance as shall be necessary to enable the Company Stockholder to prevent disclosure by reason of any protection against disclosure, including the attorney-client privileges and work product protections).

(c) Without limiting the generality of the foregoing, (i) the Company Stockholder shall have the right to retain, or cause Mayer Brown or any other Advisor to retain, any Protected Communications in possession of Mayer Brown or any other Advisor at the Closing and (ii) Parent shall (and following the Closing shall cause the Company Group to) take actions necessary to ensure that any and all protections from disclosure, including, but not limited to, attorney-client privileges and work product protections, associated with or arising from any Protected Communications will survive the Closing, remain in effect and transfer to and be vested solely in the Company Stockholder and its successors in interest.

(d) The Company Stockholder and its successors-in-interest shall have the right at any time prior to or following the Closing to remove, erase, delete, disable, copy or otherwise deal with any Protected Communications in whatever way they desire, and Parent and the Company Group shall provide full access to all Protected Communications in their possession or within their direct or indirect control and shall provide

reasonable assistance at the expense of the Person requesting such assistance in order to give full force and effect to the rights of the Company Stockholder and their successors in interest hereunder.

(e) This Section 11.17 is for the benefit of the Company Group Members and such Persons are intended third-party beneficiaries.

11.18 No Waiver of Privilege, Protection from Disclosure or Use. The Parties understand and agree that nothing in this Agreement, including the provisions of Section 7.4, Section 11.16 and Section 11.17 regarding the assertions of protection from disclosure and use, privilege and conflicts of interest, shall be deemed to be a waiver of any applicable attorney-client privilege or other protection from disclosure or use. Each of the Parties understands and agrees that it has undertaken commercially reasonable efforts to prevent the disclosure of Protected Communications. Notwithstanding those efforts, the Parties understand and agree that the consummation of the transactions contemplated by this Agreement could result in the inadvertent disclosure of information that may be confidential, eligible to be subject to a claim of privilege, or otherwise protected from disclosure. The Parties further understand and agree that any disclosure of information that may be confidential, subject to a claim of privilege, or otherwise protected from disclosure will not constitute a waiver of or otherwise prejudice any claim of confidentiality, privilege, or protection from disclosure, including with respect to information involving or concerning the same subject matter as the disclosed information. The Parties agree to use commercially reasonable efforts to return any inadvertently disclosed information to the disclosing Party promptly upon becoming aware of its existence. The Parties further agree that promptly after the return of any inadvertently disclosed information, the Party returning such information shall destroy any and all copies, summaries, descriptions and/or notes of such inadvertently disclosed information, including electronic versions thereof, and all portions of larger documents or communications that contain such copies, summaries, descriptions and/or notes.

11.19 Relationship of the Parties. Nothing in this Agreement shall be deemed to constitute the Parties as joint venturers, alter egos, partners or participants in an unincorporated business or other separate entity, nor, except as expressly and specifically set forth in this Agreement in any manner create any principal-agent, fiduciary or other special relationship between the parties hereto. No Party shall have any duties (including fiduciary duties) towards any other Party except as specifically set forth herein.

11.20 No Right of Set-Off. Parent, for itself and its successors and permitted assigns, hereby unconditionally and irrevocably waives any rights of set-off, netting, offset, recoupment, or similar rights that Parent or any of its successors and permitted assigns has or may have with respect to any payment to be made by Parent pursuant to this Agreement or any other document or instrument delivered by Parent in connection herewith.

11.21 Debt Financing Sources.

(a) Notwithstanding anything herein to the contrary, each of the Parties to this Agreement hereby agrees that it will not bring or support any action of any kind or description, whether at law or equity, whether in contract or in tort or otherwise, against any Debt Financing Source in any way relating to this Agreement, any of the Related Agreements, any of the Debt Financing Documents or the other documents contemplated hereby or thereby, or the transactions contemplated hereby or thereby, including any dispute arising out of or relating in any way to the Debt Financing or the performance thereof or services related thereto, in any forum other than the United States District Court for the Southern District of New York or any New York state court sitting in the Borough of Manhattan in the City of New York, and that the provisions of Section 11.11 relating to the waiver of jury trial shall apply to, and the Laws of the State of New York, without regard to the conflict of laws rules thereof, shall govern, any such action. The Parties hereby agree that mailing of process or other papers in connection with any such action in the manner provided in Section 11.10, or in such other manner as may be permitted by Law shall be valid and sufficient service thereof and hereby waive any objections to service accomplished in the manner herein provided.

(b) Notwithstanding anything to the contrary in this Agreement, the Debt Financing Sources shall not have any liability to the Company Stockholder or any of its Affiliates relating to or arising out of this Agreement or the Debt Financing or any related agreements or the transactions contemplated hereby or by the Related Agreements or the Debt Financing Documents, whether at law or equity, in contract or in tort or otherwise, and the Company Stockholder and its Affiliates shall not have any rights or claims, and shall not seek any loss or damage or any other recovery or judgment of any kind, including direct, indirect, consequential or punitive damages, against any Debt Financing Source under this Agreement or the Debt Financing or any related agreements, whether at law or equity, in contract or in tort or otherwise, and the Company Stockholder (on behalf of itself and its Associated Persons) hereby waives any rights or claims against any Debt Financing Source relating to or arising out of this Agreement, or the Debt Financing or any related agreements or the transactions contemplated hereby, or by the Related Agreements or the Debt Financing Documents, whether at law or equity, in contract, in tort or otherwise.

REGISTRATION

2.1 Demand Registrations.

(a) Subject to the terms and conditions hereof, solely during any period that the Company is then ineligible under Law to register Registrable Securities on a registration statement on Form S-3 or any successor form thereto (“Form S-3”), or if the Company is so eligible but has failed to comply with its obligations under Section 2.3, any Demand Shareholders (“Requesting Shareholders”) shall be entitled to make no more than four (4) written requests of the Company (each, a “Demand”) for registration under the Securities Act of an amount of

Registrable Securities then held by such Requesting Shareholders that equals or is greater than the Registrable Amount (a “Demand Registration” and such registration statement, a “Demand Registration Statement”). Thereupon, the Company shall, subject to the terms of this Agreement, file the registration statement no later than 30 days after receipt of a Demand and shall use its commercially reasonable efforts to effect the registration as promptly as practicable under the Securities Act of:

(i) the Registrable Securities which the Company has been so requested to register by the Requesting Shareholders for disposition in accordance with the intended method of disposition stated in such Demand;

(ii) all other Registrable Securities which the Company has been requested to register pursuant to Section 2.1(b), but subject to Section 2.1(g); and

(iii) all shares of Company Common Stock which the Company may elect to register in connection with any offering of Registrable Securities pursuant to this Section 2.1, but subject to Section 2.1(g); all to the extent necessary to permit the disposition (in accordance with the intended methods thereof) of the Registrable Securities and the additional shares of Company Common Stock, if any, to be so registered.

(b) A Demand shall specify: (i) the aggregate number of Registrable Securities requested to be registered in such Demand Registration, (ii) the intended method of disposition in connection with such Demand Registration, to the extent then known, and (iii) the identity of the Requesting Shareholder(s). Within five (5) days after receipt of a Demand, the Company shall give written notice of such Demand to all other holders of Registrable Securities. The Company shall include in the Demand Registration covered by such Demand all Registrable Securities with respect to which the Company has received a written request for inclusion therein within five (5) days after the Company’s notice required by this paragraph has been given, provided that if such five (5) day period ends on a day that is not a Business Day, such period shall be deemed to end on the next succeeding Business Day. Each such written request shall comply with the requirements of a Demand as set forth in this Section 2.1(b).

(c) A Demand Registration shall not be deemed to have been effected (i) unless the Demand Registration Statement with respect thereto has become effective and has remained effective for a period of at least one hundred five (105) days or such shorter period in which all Registrable Securities included in such Demand Registration have actually been sold or otherwise disposed of thereunder (provided, that such period shall be extended for a period of time equal to the period the holders of Registrable Securities refrain from selling any securities included in such registration statement at the request of the Company or the lead managing underwriter(s) pursuant to the provisions of this Agreement) or (ii) if, after it has become effective, such Demand Registration becomes subject, prior to one hundred five (105) days after effectiveness, to any stop order, injunction or other order or requirement of the Commission or other Governmental Authority, other than by reason of any act or omission by the applicable Selling Shareholders.

(d) Demand Registrations shall be on such appropriate registration form of the Commission as shall be selected by the Company and reasonably acceptable to the Requesting Shareholders.

(e) The Company shall not be obligated to (i) subject to Section 2.1(c), maintain the effectiveness of a registration statement under the Securities Act filed pursuant to a Demand Registration for a period longer than one hundred five (105) days or (ii) effect any Demand Registration (A) within ninety (90) days of a “firm commitment” Underwritten Offering in which all Demand Shareholders were offered “piggyback” rights pursuant to Section 2.2 (subject to Section 2.2(b)) and at least fifty percent (50%) of the number of Registrable Securities requested by such Demand Shareholders to be included in such Underwritten Offering were included, (B) within ninety (90) days of the completion of any other Demand Registration (including, for the avoidance of doubt, any Underwritten Offering pursuant to any Shelf Registration Statement), (C) within ninety (90) days of the completion of any other Underwritten Offering by the Company or any shorter period during which the Company has agreed not to effect a registration or public offering of securities (in each case only to the extent that the Company has undertaken contractually to the underwriters of such Underwritten Offering not to effect

any registration or public offering of securities), or (D) if, in the Company's reasonable judgment, it is not feasible for the Company to proceed with the Demand Registration because of the unavailability of audited or other required financial statements of the Company or any other Person required to be included or incorporated by reference in the Demand Registration Statement; provided, that the Company shall use its commercially reasonable efforts to obtain such financial statements as promptly as practicable.

(f) The Company shall be entitled to (i) postpone (upon written notice to the Demand Shareholders) the filing or the effectiveness of a registration statement for any Demand Registration, (ii) cause any Demand Registration Statement to be withdrawn and its effectiveness terminated and (iii) suspend the use of the prospectus forming the part of any Demand Registration Statement, in each case in the event of a Blackout Period until the expiration of the applicable Blackout Period. In the event of a Blackout Period under clause (ii) of the definition thereof, the Company shall deliver to the Demand Shareholders requesting registration a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that, in the good faith judgment of the Company, the conditions described in clause (ii) of the definition of Blackout Period are met. Such certificate shall contain an approximation of the anticipated delay. Upon notice by the Company to the Demand Shareholders of any such determination, each Demand Shareholder covenants that, subject to Law, it shall keep the fact of any such notice strictly confidential, and shall promptly halt any offer, sale, trading or other Transfer (but excluding for this purpose any pledge or grant of a security interest that is in effect at the time of delivery of such notice) of any Registrable Securities for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company) and promptly halt any use, publication, dissemination or distribution of the Demand Registration Statement, each prospectus included therein, and any amendment or supplement thereto for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company).

(g) If, in connection with a Demand Registration that involves an Underwritten Offering, the lead managing underwriter(s) advise(s) the Company that, in its (their) good faith opinion, the inclusion of all of the securities sought to be registered in connection with such Demand Registration would adversely affect the success thereof, then the Company shall include in such registration statement only such securities as the Company is advised by such lead managing underwriter(s) can be sold without such adverse effect as follows and in the following order of priority: (i) first, up to the number of Registrable Securities requested to be included in such Demand Registration by the Demand Shareholders, which, in the opinion of the lead managing underwriter(s), can be sold without adversely affecting the success thereof, pro rata among such Demand Shareholders on the basis of the number of such Registrable Securities requested to be included by such Demand Shareholders; (ii) second, securities the Company proposes to sell; and (iii) third, all other securities of the Company duly requested to be included in such registration statement, pro rata on the basis of the amount of such other securities requested to be included or such other allocation method determined by the Company.

(h) Any time that a Demand Registration involves an Underwritten Offering, the Requesting Shareholder(s) shall select the investment banker(s) and manager(s) that will serve as managing underwriters (including which such managing underwriters will serve as lead or co-lead) and underwriters with respect to the offering of such Registrable Securities; provided, that such investment banker(s) and manager(s) shall be reasonably acceptable to the Company (such acceptance not to be unreasonably withheld, conditioned or delayed).

2.2 Piggyback Registrations.

(a) Subject to the terms and conditions hereof, whenever the Company proposes to register any Company Common Stock (or any other securities that are of the same class or series as any Registrable Securities that are not shares of Company Common Stock) under the Securities Act (other than a registration by the Company (i) on Form S-4 or any successor form thereto, (ii) on Form S-8 or any successor form thereto, (iii) pursuant to Section 2.3, or (iv) pursuant to Section 2.1) (a "Piggyback Registration"), whether for its own account or for the account of others, the Company shall give all Demand Shareholders prompt written notice thereof (but not less

Table of Contents

than ten (10) Business Days prior to the filing by the Company with the Commission of any registration statement with respect thereto). Such notice (a “Piggyback Notice”) shall specify the number of shares of Company Common Stock (or other securities, as applicable) proposed to be registered, the proposed date of filing of such registration statement with the Commission, the proposed means of distribution and the proposed managing underwriter(s) (if any) and a good faith estimate by the Company of the proposed minimum offering price of such shares of Company Common Stock (or other securities, as applicable), in each case to the extent then known. Subject to Section 2.2(b), the Company shall include in each such Piggyback Registration all Registrable Securities held by Demand Shareholders (a “Piggyback Seller”) with respect to which the Company has received written requests (which written requests shall specify the number of Registrable Securities requested to be disposed of by such Piggyback Seller) for inclusion therein within ten (10) days after such Piggyback Notice is received by such Piggyback Seller.

(b) If, in connection with a Piggyback Registration that involves an Underwritten Offering, the lead managing underwriter(s) advise(s) the Company that, in its (their) good faith opinion, the inclusion of all the securities sought to be included in such Piggyback Registration by (w) the Company, (x) the Piggyback Sellers, (y) other Persons who have sought to have shares of Company Common Stock registered in such Piggyback Registration pursuant to rights to demand (other than pursuant to so-called “piggyback” or other incidental or participation registration rights) such registration (such Persons being “Other Demanding Sellers”), and (z) any other proposed sellers of shares of Company Common Stock (including pursuant to so-called “piggyback” or other incidental or participation registration rights) (such Persons being “Other Proposed Sellers”), as the case may be, would materially and adversely affect the success thereof, then the Company shall include in the registration statement applicable to such Piggyback Registration only such securities as the Company is so advised by such lead managing underwriter(s) can be sold without such an effect, as follows and in the following order of priority:

(i) if the Piggyback Registration relates to an offering for the Company’s own account, then (A) first, such number of shares of Company Common Stock (or other securities, as applicable) to be sold by the Company, (B) second, Registrable Securities of Piggyback Sellers, pro rata on the basis of the number of Registrable Securities proposed to be sold by such Piggyback Sellers, (C) third, shares of Company Common Stock sought to be registered by Other Demanding Sellers, pro rata on the basis of the number of shares of Company Common Stock proposed to be sold by such Other Demanding Sellers and (D) fourth, other shares of Company Common Stock proposed to be sold by any Other Proposed Sellers; or

(ii) if the Piggyback Registration relates to an offering other than for the Company’s own account, then (A) first, such number of shares of Company Common Stock (or other securities, as applicable) sought to be registered by each Other Demanding Seller pro rata in proportion to the number of securities sought to be registered by all such Other Demanding Sellers, (B) second, Registrable Securities of Piggyback Sellers, pro rata on the basis of the number of Registrable Securities proposed to be sold by such Piggyback Sellers, (C) third, shares of Company Common Stock to be sold by the Company and (D) fourth, other shares of Company Common Stock proposed to be sold by any Other Proposed Sellers.

(c) For clarity, in connection with any Underwritten Offering under this Section 2.2 for the Company’s account, the Company shall not be required to include the Registrable Securities of a Piggyback Seller in the Underwritten Offering unless such Piggyback Seller accepts the terms of the underwriting as agreed upon between the Company and the lead managing underwriter(s), which shall be selected by the Company.

(d) If, at any time after giving written notice of its intention to register any shares of Company Common Stock (or other securities, as applicable) as set forth in this Section 2.2 and prior to the time the registration statement filed in connection with such Piggyback Registration is declared effective, the Company shall determine for any reason not to register such shares of Company Common Stock (or other securities, as applicable), the Company may, at its election, give written notice of such determination to the Piggyback Sellers within five (5) Business Days thereof and thereupon shall be relieved of its obligation to register any Registrable Securities in connection with such particular withdrawn or abandoned Piggyback Registration; provided, that, if

permitted pursuant to [Section 2.1](#), the Demand Shareholders may continue the registration as a Demand Registration pursuant to the terms of [Section 2.1](#).

2.3 [Shelf Registration Statement](#).

(a) Subject to the terms and conditions hereof, and further subject to the availability of Form S-3 to the Company, any of the Demand Shareholders may by written notice delivered to the Company (the "[Shelf Notice](#)") require the Company to file as soon as reasonably practicable, and to use commercially reasonable efforts to cause to be declared effective by the Commission as soon as reasonably practicable after such filing date, one (1) or more registration statements on Form S-3 providing for an offering to be made on a continuous basis pursuant to Rule 415 under the Securities Act (or any successor rule) relating to the offer and sale, from time to time, of an amount of Registrable Securities then held by such Demand Shareholders that equals or is greater than the Registrable Amount (the "[Shelf Registration Statement](#)"). To the extent the Company is a well-known seasoned issuer (as defined in Rule 405 under the Securities Act or any successor rule), the Company shall file the Shelf Registration Statement in the form of an automatic shelf registration statement (as defined in Rule 405 under the Securities Act) or any successor form thereto. If registering a number of Registrable Securities, the Company shall pay the registration fee for all Registrable Securities to be registered pursuant to an automatic shelf registration statement at the time of filing of the automatic shelf registration statement and shall not elect to pay any portion of the registration fee on a deferred basis. The Company may also amend an existing registration statement on Form S-3, including by post-effective amendment, in order to fulfill its obligations hereunder.

(b) Within five (5) days after receipt of a Shelf Notice pursuant to [Section 2.3\(a\)](#), the Company will deliver written notice thereof to all other holders of Registrable Securities. Each other holder of Registrable Securities may elect to participate with respect to its Registrable Securities in the Shelf Registration Statement in accordance with the plan and method of distribution set forth, or to be set forth, in such Shelf Registration Statement by delivering to the Company a written request to so participate within five (5) days after the Company notifies such holders of its receipt of a Shelf Notice.

(c) Subject to [Section 2.3\(d\)](#), the Company shall use its commercially reasonable efforts to keep the Shelf Registration Statement continuously effective until the date on which all Registrable Securities covered by the Shelf Registration Statement have been sold thereunder in accordance with the plan and method of distribution disclosed in the prospectus included in the Shelf Registration Statement, or otherwise cease to be Registrable Securities.

(d) Notwithstanding anything to the contrary contained in this Agreement, the Company shall be entitled, from time to time, by providing written notice to the holders of Registrable Securities who elected to participate in the Shelf Registration Statement (the "[Participating Shareholders](#)"), to require such Participating Shareholders to suspend the use of the prospectus for sales of Registrable Securities under the Shelf Registration Statement during any Blackout Period. In the event of a Blackout Period under clause (ii) of the definition thereof, the Company shall deliver to the Participating Shareholders a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that, in the good faith judgment of the Company, the conditions described in clause (ii) of the definition of Blackout Period are met. Such certificate shall contain an estimate of the anticipated delay. Upon notice by the Company to the Participating Shareholders of any such determination, each Participating Shareholder covenants that it shall, subject to Law, keep the fact of any such notice strictly confidential, and shall promptly halt any offer, sale, trading or other Transfer (but excluding for this purpose any pledge or grant of a security interest that is in effect at the time of delivery of such notice) of any Registrable Securities for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company) and promptly halt any use, publication, dissemination or distribution of the Shelf Registration Statement, each prospectus included therein, and any amendment or supplement thereto for the duration of the Blackout Period set forth in such notice (or until such Blackout Period shall be earlier terminated in writing by the Company).

Table of Contents

(e) After the expiration of any Blackout Period and without any further request from a holder of Registrable Securities, the Company, to the extent necessary, shall as promptly as reasonably practicable prepare a post-effective amendment or supplement to the Shelf Registration Statement or the prospectus, or any document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, the prospectus will not include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(f) At any time that a Shelf Registration Statement is effective, if any Demand Shareholder delivers a notice to the Company (a "Take-Down Notice") stating that it intends to sell all or part of its Registrable Securities included by it on the Shelf Registration Statement (a "Shelf Offering"), then the Company shall amend or supplement the Shelf Registration Statement and the prospectus included therein as may be necessary in order to enable such Registrable Securities to be distributed pursuant to the Shelf Offering (taking into account, solely in connection with a Marketed Underwritten Shelf Offering, the inclusion of Registrable Securities by any other holders pursuant to this Section 2.3). In connection with any Shelf Offering that is an Underwritten Offering and where the plan of distribution set forth in the applicable Take-Down Notice includes a customary "road show" (including an "electronic road show") or other substantial marketing effort by the Company and the underwriters (a "Marketed Underwritten Shelf Offering"):

(i) such proposing Demand Shareholder(s) shall also deliver the Take-Down Notice to all other Demand Shareholders included on the Shelf Registration Statement and permit each such holder to include its Registrable Securities included on the Shelf Registration Statement in the Marketed Underwritten Shelf Offering if such holder notifies the proposing Demand Shareholder(s) and the Company within two (2) Business Days after delivery of the Take-Down Notice to such holder; and

(ii) if the lead managing underwriter(s) advises the Company and the proposing Demand Shareholder(s) that, in its (their) opinion, the inclusion of all of the securities sought to be sold in connection with such Marketed Underwritten Shelf Offering would materially and adversely affect the success thereof, then there shall be included in such Marketed Underwritten Shelf Offering only such securities as the proposing Demand Shareholder(s) is advised by such lead managing underwriter(s) can be sold without such adverse effect, and such number of Registrable Securities shall be allocated in the same manner as described in Section 2.1(g). Except as otherwise expressly specified in this Section 2.3, any Marketed Underwritten Shelf Offering shall be subject to the same requirements, limitations and other provisions of this Article II as would be applicable to a Demand Registration.

(g) Notwithstanding any other provision of this Agreement, if the requesting Demand Shareholder wishes to engage in a block sale (including a block sale off of a Shelf Registration Statement or an effective automatic shelf registration statement, or in connection with the registration of the Registrable Securities under an automatic shelf registration statement for purposes of effectuating a block sale), then notwithstanding the foregoing or any other provisions hereunder, no other Demand Shareholder shall be entitled to receive any notice of or have its Registrable Securities included in such block sale.

(h) Any time that a Shelf Offering involves a Marketed Underwritten Shelf Offering, the Demand Shareholders participating in such Marketed Underwritten Shelf Offering shall select the investment banker(s) and manager(s) that will serve as managing underwriters (including which such managing underwriters will serve as lead or co-lead) and underwriters with respect to the offering of such Registrable Securities; provided, that such investment banker(s) and manager(s) shall be reasonably acceptable to the Company (such acceptance not to be unreasonably withheld, conditioned or delayed).

2.4 Withdrawal Rights. Any holder of Registrable Securities that has notified or directed the Company to include any or all of its Registrable Securities in a registration statement under the Securities Act shall have the right to withdraw any such notice or direction with respect to any or all of the Registrable Securities designated by it for registration by giving written notice to such effect to the Company prior to the effective date of such

Table of Contents

registration statement. In the event of any such withdrawal, the Company shall not include such Registrable Securities in the applicable registration and such Registrable Securities shall continue to be Registrable Securities for all purposes of this Agreement (subject to the other terms and conditions of this Agreement). No such withdrawal shall affect the obligations of the Company with respect to the Registrable Securities not so withdrawn; provided, however, that in the case of a Demand Registration, if such withdrawal shall reduce the number of Registrable Securities sought to be included in such registration below the Registrable Amount, then the Company shall as promptly as practicable give each Demand Shareholder seeking to register Registrable Securities notice to such effect and, within five (5) days following the mailing of such notice, such Demand Shareholder still seeking registration shall, by written notice to the Company, elect to register additional Registrable Securities to satisfy the Registrable Amount or elect that such registration statement not be filed or, if theretofore filed, be withdrawn. During such five (5) day period, the Company shall not file such registration statement if not theretofore filed or, if such registration statement has been theretofore filed, the Company shall not seek, and shall use commercially reasonable efforts to prevent, the effectiveness thereof. No Demand Registration withdrawn pursuant to this Section 2.4 shall count against the number of Demands which may have been made under Section 2.1(a) hereof.

2.5 Holdback Agreements.

(a) The Demand Shareholders shall enter into customary agreements restricting the sale or distribution of Equity Securities of the Company (including sales pursuant to Rule 144 under the Securities Act) to the extent required by the lead managing underwriter(s) with respect to an applicable Underwritten Offering in which the Demand Shareholders participate during the period commencing on the date of the request (which shall be no earlier than fourteen (14) days prior to the expected “pricing” of such Underwritten Offering) and continuing for not more than ninety (90) days after the date of the “final” prospectus (or “final” prospectus supplement if the Underwritten Offering is made pursuant to a Shelf Registration Statement), pursuant to which such Underwritten Offering shall be made. The Company shall not include Registrable Securities of any other Demand Shareholder in such an Underwritten Offering unless such other Demand Shareholder enters into a customary agreement restricting the sale or distribution of Equity Securities of the Company (including sales pursuant to Rule 144 under the Securities Act) if requested by the lead managing underwriter(s).

(b) If any Demand Registration or Shelf Offering involves an Underwritten Offering, the Company will not effect any sale or distribution of shares of Company Common Stock (or securities convertible into or exchangeable or exercisable for shares of Company Common Stock) (other than a registration statement on Form S-4, Form S-8 or any successor forms thereto) for its own account within sixty (60) days (plus an extension period as may be proposed by the lead managing underwriter(s) for such Underwritten Offering to address FINRA regulations regarding the publication of research, or such shorter periods as the lead managing underwriter(s) may agree with the Company) after the effective date of such registration (or, in the case of a Shelf Offering, the date of the closing of such Shelf Offering) except as may otherwise be agreed between the Company and the lead managing underwriter(s) of such Underwritten Offering.

2.6 Registration Procedures.

(a) If and whenever the Company is required to use commercially reasonable efforts to effect the registration of any Registrable Securities under the Securities Act as provided in Section 2.1, Section 2.2 or Section 2.3, the Company shall as expeditiously as reasonably practicable:

(i) prepare and file with the Commission a registration statement to effect such registration in accordance with the intended method or methods of distribution of such securities and thereafter use commercially reasonable efforts to cause such registration statement to become and remain effective pursuant to the terms of this Article II; provided, however, that the Company may discontinue any registration of its securities which are not Registrable Securities at any time prior to the effective date of the registration statement relating thereto; provided, further, that before filing such registration statement or any amendments thereto, the Company will furnish to the Demand Shareholders which are including Registrable

Securities in such registration (“Selling Shareholders”), their counsel and the lead managing underwriter(s), if any, copies of all such documents proposed to be filed, which documents will be subject to the review and reasonable comment of such counsel, and other documents reasonably requested by such counsel, including any comment letter from the Commission, and, if requested by such counsel, provide such counsel reasonable opportunity to participate in the preparation of such registration statement and each prospectus included therein and such other opportunities to conduct a reasonable investigation within the meaning of the Securities Act, including reasonable access to the Company’s books and records, officers, accountants and other advisors. The Company shall not file any such registration statement or prospectus or any amendments or supplements thereto with respect to which the holders of a majority of the Registrable Securities held by the Selling Shareholders, their counsel or the lead managing underwriter(s), if any, shall reasonably object, in writing, on a timely basis, unless, in the opinion of the Company, such filing is necessary to comply with Law;

(ii) except in the case of a Shelf Registration Statement, prepare and file with the Commission such amendments, including post-effective amendments, and supplements to such registration statement and the prospectus used in connection therewith as may be necessary to keep such registration statement effective pursuant to the terms of this Article II, and comply in all material respects with the provisions of the Securities Act with respect to the disposition of all securities covered by such registration statement;

(iii) in the case of a Shelf Registration Statement, prepare and file with the Commission such amendments, including post-effective amendments, and supplements to such Shelf Registration Statement and the prospectus used in connection therewith as may be necessary to keep such Shelf Registration Statement effective and to comply in all material respects with the provision of the Securities Act with respect to the disposition of the Registrable Securities subject thereto for a period ending on the date on which all the Registrable Securities held by the Demand Shareholders cease to be Registrable Securities;

(iv) if requested by the lead managing underwriter(s), if any, or the holders of a majority of the then outstanding Registrable Securities being sold in connection with an Underwritten Offering, promptly include in a prospectus supplement or post-effective amendment such information as the lead managing underwriter(s), if any, and such holders may reasonably request in order to permit the intended method of distribution of such securities and make all required filings of such prospectus supplement or such post-effective amendment as soon as reasonably practicable after the Company has received such request; provided, however, that the Company shall not be required to take any actions under this Section 2.6(a)(iv) that are not, in the opinion of counsel for the Company, in compliance with Law;

(v) furnish to the Selling Shareholders and each underwriter, if any, of the securities being sold by such Selling Shareholders such number of conformed copies of such registration statement and of each amendment and supplement thereto, such number of copies of the prospectus contained in such registration statement (including each preliminary prospectus and any summary prospectus) and each free writing prospectus (as defined in Rule 405 of the Securities Act or any successor rule) (a “Free Writing Prospectus”) utilized in connection therewith and any other prospectus filed under Rule 424 under the Securities Act or any successor rule, in conformity with the requirements of the Securities Act, and such other documents as such Selling Shareholders and underwriter, if any, may reasonably request in order to facilitate the public sale or other disposition of the Registrable Securities owned by such Selling Shareholders;

(vi) use commercially reasonable efforts to register or qualify or cooperate with the Selling Shareholders, the underwriters, if any, and their respective counsel in connection with the registration or qualification (or exemption from such registration or qualification) of such Registrable Securities covered by such registration statement under such other securities laws or “blue sky” laws of such jurisdictions as the Selling Shareholders and any underwriter of the securities being sold by such Selling Shareholders shall reasonably request, and to keep each such registration or qualification (or exemption therefrom) effective during the period such registration statement is required to be kept effective and take any other action which may be necessary or reasonably advisable to enable such Selling Shareholders and underwriters to consummate the disposition in such jurisdictions of the Registrable Securities owned by such Selling Shareholders, except that the Company shall not for any such purpose be required to (A) qualify generally to

do business as a foreign corporation in any jurisdiction wherein it would not but for the requirements of this clause (vi) be obligated to be so qualified, (B) subject itself to taxation in any such jurisdiction or (C) file a general consent to service of process in any such jurisdiction;

(vii) use commercially reasonable efforts to cause such Registrable Securities (if such Registrable Securities are shares of Company Common Stock) to be listed on each securities exchange on which shares of Company Common Stock are then listed;

(viii) use commercially reasonable efforts to provide and cause to be maintained a transfer agent and registrar for all Registrable Securities covered by such registration statement from and after a date not later than the effective date of such registration statement;

(ix) enter into such agreements (including an underwriting agreement) in form, scope and substance as is customary in underwritten offerings of shares of Company Common Stock by the Company and use its commercially reasonable efforts to take all such other actions reasonably requested by the holders of a majority of the Registrable Securities being sold in connection therewith (including those reasonably requested by the lead managing underwriter(s), if any) to expedite or facilitate the disposition of such Registrable Securities, and in such connection, whether or not an underwriting agreement is entered into and whether or not the registration is an Underwritten Offering (A) make such representations and warranties to the holders of such Registrable Securities and the underwriters, if any, with respect to the business of the Company and its Subsidiaries, and the registration statement, prospectus and documents, if any, incorporated or deemed to be incorporated by reference therein, in each case, in form, substance and scope as are customarily made by issuers in underwritten offerings, and, if true, confirm the same if and when requested, (B) if any underwriting agreement has been entered into, the same shall contain customary indemnification provisions and procedures with respect to all parties to be indemnified pursuant to Section 2.9, except as otherwise agreed by the holders of a majority of the Registrable Securities being sold and (C) deliver such documents and certificates as reasonably requested by the holders of a majority of the Registrable Securities being sold, their counsel and the lead managing underwriter(s), if any, to evidence the continued validity of the representations and warranties made pursuant to sub-clause (A) above and to evidence compliance with any customary conditions contained in the underwriting agreement or other agreement entered into by the Company. The above shall be done at each closing under such underwriting or similar agreement, or as and to the extent required thereunder;

(x) in connection with an Underwritten Offering, use commercially reasonable efforts to obtain for the underwriter(s) (A) opinions of counsel for the Company, covering the matters customarily covered in opinions requested in underwritten offerings and such other matters as may be reasonably requested by such underwriters and (B) “comfort” letters and updates thereof (or, in the case of any such Person which does not satisfy the conditions for receipt of a “comfort” letter specified in Statement on Auditing Standards No. 72 (as codified in AS 6101), an “agreed upon procedures” letter) signed by the independent public accountants who have certified the Company’s financial statements included in such registration statement, covering the matters customarily covered in “comfort” letters in connection with underwritten offerings;

(xi) make available for inspection by the Selling Shareholders, any underwriter participating in any disposition pursuant to any registration statement, and any attorney, accountant or other agent or Representative retained in connection with such offering by such Selling Shareholders or underwriter (collectively, the “Inspectors”), financial and other records, pertinent corporate documents and properties of the Company and its Subsidiaries (collectively, the “Records”), as shall be reasonably necessary, or as shall otherwise be reasonably requested, to enable them to exercise their due diligence responsibility, and cause the officers, directors and employees of the Company and its Subsidiaries to supply all information in each case reasonably requested by any such Representative, underwriter, attorney, accountant or other agent in connection with such registration statement; provided, however, that the Company shall not be required to provide any information under this Section 2.6(a)(xi) if (A) the Company believes, after consultation with counsel for the Company, that to do so would cause the Company to forfeit an attorney-client privilege that was applicable to such information or (B) either (1) the Company has requested and been granted from the

Commission confidential treatment of such information contained in any filing with the Commission or documents provided supplementally or otherwise or (2) the Company reasonably determines in good faith that such Records are confidential and so notifies the Inspectors in writing; unless prior to furnishing any such information with respect to clause (1) or (2) such Selling Shareholder requesting such information enters into, and causes each of its Inspectors to enter into, a confidentiality agreement on terms and conditions reasonably acceptable to the Company; provided, further, that each Selling Shareholder agrees that it will, upon learning that disclosure of such Records is sought in a court of competent jurisdiction or by another Governmental Authority, and it is permitted to do so give notice to the Company and allow the Company, at its expense, to undertake appropriate action seeking to prevent disclosure of the Records deemed confidential;

(xii) as promptly as practicable notify in writing the Selling Shareholders and the underwriters, if any, of the following events: (A) the filing of the registration statement, any amendment thereto, the prospectus or any prospectus supplement related thereto or post-effective amendment to the registration statement or any Free Writing Prospectus utilized in connection therewith, and, with respect to the registration statement or any post-effective amendment thereto, when the same has become effective; (B) any request by the Commission or any other Governmental Authority for amendments or supplements to the registration statement or the prospectus or for additional information; (C) the issuance by the Commission of any stop order suspending the effectiveness of the registration statement or the initiation of any proceedings by any Person for that purpose; (D) the receipt by the Company of any notification with respect to the suspension of the qualification of any Registrable Securities for sale under the securities or “blue sky” laws of any jurisdiction or the initiation or threat of any proceeding for such purpose; (E) if at any time the representations and warranties of the Company contained in any agreement (including any underwriting agreement) contemplated by Section 2.6(a)(ix) cease to be true and correct in any material respect; and (F) upon the happening of any event that makes any statement made in such registration statement or related prospectus or any document incorporated or deemed to be incorporated therein by reference untrue in any material respect or that requires the making of any changes in such registration statement, prospectus or documents so that, in the case of the registration statement, it will not contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary to make the statements therein not misleading, and that in the case of the prospectus, it will not contain any untrue statement of a material fact or omit to state any material fact necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading, and, at the request of any Selling Shareholder, promptly prepare and furnish to such Selling Shareholder a reasonable number of copies of a supplement to or an amendment of such registration statement or prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading;

(xiii) use commercially reasonable efforts to obtain the withdrawal of any order suspending the effectiveness of such registration statement, or the lifting of any suspension of the qualification (or exemption from qualification) of any of the Registrable Securities for sale in any jurisdiction at the earliest reasonable practicable date, except that the Company shall not for any such purpose be required to (A) qualify generally to do business as a foreign corporation in any jurisdiction wherein it would not but for the requirements of this clause (xiii) be obligated to be so qualified, (B) subject itself to taxation in any such jurisdiction or (C) file a general consent to service of process in any such jurisdiction;

(xiv) cooperate with the Selling Shareholders and the lead managing underwriter(s) to facilitate the timely preparation and delivery of certificates (which shall not bear any restrictive legends unless required under applicable Law) representing securities sold under any registration statement, and enable such securities to be in such denominations and registered in such names as the lead managing underwriter(s) or such Selling Shareholders may request and keep available and make available to the Company’s transfer agent prior to the effectiveness of such registration statement a supply of such certificates;

(xv) cooperate with each seller of Registrable Securities and each underwriter or agent participating in the disposition of such Registrable Securities and their respective counsel in connection with any filings required to be made with FINRA;

(xvi) have appropriate officers of the Company prepare and make presentations at a reasonable number of “road shows” and before analysts, as the case may be, and other information meetings reasonably organized by the underwriters and otherwise use its commercially reasonable efforts to cooperate as reasonably requested by the Selling Shareholders and the underwriters in the offering, marketing or selling of the Registrable Securities; provided, however, that the scheduling of any such “road shows” and other meetings shall not unduly interfere with the normal operations of the business of the Company; and

(xvii) take all other actions reasonably requested by the Selling Shareholders or the lead managing underwriter(s) to effect the intent of this Agreement.

(b) The Company may require each Selling Shareholder and each underwriter, if any, to furnish the Company in writing such information regarding each Selling Shareholder or underwriter and the distribution of such Registrable Securities as the Company may from time to time reasonably request in writing to complete or amend the information required by such registration statement.

(c) Each Selling Shareholder agrees that upon receipt of any notice from the Company of the happening of any event of the kind described in clauses (B), (C), (D), (E) and (F) of Section 2.6(a)(xii), such Selling Shareholder shall forthwith discontinue such Selling Shareholder’s disposition of Registrable Securities pursuant to the applicable registration statement and prospectus relating thereto until such Selling Shareholder’s receipt of the copies of the supplemented or amended prospectus contemplated by Section 2.6(a)(xii), or until it is advised in writing by the Company that the use of the applicable prospectus may be resumed, and has received copies of any additional or supplemental filings that are incorporated or deemed to be incorporated by reference in such prospectus; provided, however, that the Company shall extend the time periods under Section 2.1(c) with respect to the length of time that the effectiveness of a registration statement must be maintained by the amount of time the Selling Shareholder is required to discontinue disposition of such securities.

(d) With a view to making available to the holders of Registrable Securities the benefits of Rule 144 under the Securities Act and any other rule or regulation of the Commission that may at any time permit a holder to sell securities of the Company to the public without registration, the Company shall:

(i) use commercially reasonable efforts to make and keep public information available as contemplated by Rule 144 under the Securities Act;

(ii) use commercially reasonable efforts to file with the Commission in a timely manner all reports and other documents required of the Company under the Exchange Act, at any time when the Company is subject to such reporting requirements; and

(iii) furnish to any holder of Registrable Securities, promptly upon request, a written statement by the Company as to its compliance with the reporting requirements of Rule 144 under the Securities Act and of the Exchange Act, a copy of the most recent annual or quarterly report of the Company, and such other reports and documents so filed or furnished by the Company with the Commission as such holder may reasonably request in connection with the sale of Registrable Securities without registration (in each case to the extent not readily publicly available).

2.7 Registration Expenses. All fees and expenses incident to the Company’s performance of its obligations under this Article II, including (a) all registration and filing fees, including all fees and expenses of compliance with securities and “blue sky” laws (including the reasonable and documented fees and disbursements of counsel for the underwriters in connection with “blue sky” qualifications of the Registrable Securities pursuant to Section 2.6(a)(vi)), and all fees and expenses associated with filings required to be made with FINRA (including, if applicable, the fees and expenses of any “qualified independent underwriter” as such term is defined in FINRA Rule 5121, except in the event that Selling Shareholders select the underwriters) (b) all printing (including

expenses of printing certificates for the Registrable Securities in a form eligible for deposit with the Depository Trust Company and of printing prospectuses if the printing of prospectuses is requested by the Selling Shareholders) and copying expenses, (c) all messenger, telephone and delivery expenses, (d) all fees and expenses of the Company's independent certified public accountants and counsel (including with respect to "comfort" letters and opinions), (e) expenses of the Company incurred in connection with any "road show", other than any expense paid or payable by the underwriters and (f) reasonable and documented fees and disbursements of one counsel for all holders of Registrable Securities whose Registrable Securities are included in a registration statement, which counsel shall be selected by, in the case of a Demand Registration, the Requesting Shareholders, in the case of a Shelf Offering, the Demand Shareholder(s) requesting such offering, or in the case of any other registration, the holders of a majority of the Registrable Securities being sold in connection therewith, shall be borne solely by the Company whether or not any registration statement is filed or becomes effective. In connection with the Company's performance of its obligations under this Article II, the Company will pay its internal expenses (including all salaries and expenses of its officers and employees performing legal or accounting duties and the expense of any annual audit) and the expenses and fees for listing the securities to be registered on the primary securities exchange or over-the-counter market on which similar securities issued by the Company are then listed or traded. Each Selling Shareholder shall pay its portion of all underwriting discounts and commissions and transfer taxes, if any, relating to the sale of such Selling Shareholder's Registrable Securities pursuant to any registration statement.

2.8 Miscellaneous.

(a) Not less than five (5) Business Days before the expected filing date of each registration statement pursuant to this Agreement, the Company shall notify each holder of Registrable Securities who has timely provided the requisite notice hereunder entitling such holder to register Registrable Securities in such registration statement of the information, documents and instruments from such holder that the Company or any underwriter reasonably requests in connection with such registration statement, including a questionnaire, custody agreement, power of attorney, lock-up letter and underwriting agreement (the "Requested Information"). If the Company has not received, on or before the second Business Day before the expected filing date, the Requested Information from such holder, the Company may file the registration statement without including Registrable Securities of such holder. The failure to so include in any registration statement the Registrable Securities of a holder of Registrable Securities (with regard to that registration statement) shall not result in any liability on the part of the Company to such holder.

(b) The Company shall not grant to any Person any demand, piggyback or shelf registration rights the terms of which are senior to or conflict with the rights granted to the Demand Shareholders hereunder without the prior written consent of Demand Shareholders beneficially owning a majority of the Registrable Securities.

2.9 Registration Indemnification.

(a) The Company agrees, without limitation as to time, to indemnify and hold harmless, to the fullest extent permitted by law, each Selling Shareholder and its Affiliates and their respective officers, directors, members, stockholders, employees, managers and partners and each Person who controls (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) such Selling Shareholder or such other indemnified Person and the officers, directors, members, stockholders, employees, managers and partners of each such controlling Person from and against all Losses, as incurred, arising out of, caused by, resulting from or relating to any untrue statement (or alleged untrue statement) of a material fact contained in any registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto or any omission (or alleged omission) of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading and (without limitation of the preceding portions of this Section 2.9(a)) will reimburse each such Selling Shareholder, each of its Affiliates, and each of their respective officers, directors, members, stockholders, employees, managers and partners and each such Person who controls each such Selling Shareholder and the officers, directors, members,

stockholders, employees, managers, partners, accountants, attorneys and agents of each such controlling Person for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, Loss, damage, liability or action, except insofar as the same are caused by any information furnished in writing to the Company by any Selling Shareholder expressly for use therein.

(b) In connection with any registration statement in which a Selling Shareholder is participating, without limitation as to time, each such Selling Shareholder shall, severally and not jointly, indemnify the Company, its directors, officers and employees, and each Person who controls (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) the Company, from and against all Losses, as incurred, arising out of, caused by, resulting from or relating to any untrue statement (or alleged untrue statement) of material fact contained in the registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto or any omission (or alleged omission) of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and (without limitation of the preceding portions of this Section 2.9(b)) will reimburse the Company, its directors, officers and employees and each Person who controls the Company (within the meaning of Section 15 of the Securities Act and Section 20 of the Exchange Act) for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, Loss, damage, liability or action, in each case solely to the extent, but only to the extent, that such untrue statement or omission is made in such registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto in reliance upon and in conformity with written information furnished to the Company by such Selling Shareholder expressly for inclusion in such registration statement, prospectus or preliminary prospectus or Free Writing Prospectus or any amendment or supplement thereto. Notwithstanding the foregoing, no Selling Shareholder shall be liable under this Section 2.9(b) for amounts in excess of the gross proceeds (after deducting any underwriting discount or commission) received by such holder in the offering giving rise to such liability.

(c) Any Person entitled to indemnification hereunder shall give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification; provided, however, the failure to give such notice shall not release the indemnifying party from its obligation, except to the extent that the indemnifying party has been actually and materially prejudiced by such failure to provide such notice on a timely basis.

(d) In any case in which any such action is brought against any indemnified party, and it notifies an indemnifying party of the commencement thereof, the indemnifying party will be entitled to participate therein, and, to the extent that it may wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party, and after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof and acknowledging the obligations of the indemnifying party with respect to such proceeding, the indemnifying party will not (so long as it shall continue to have the right to defend, contest, litigate and settle the matter in question in accordance with this paragraph) be liable to such indemnified party hereunder for any legal or other expense subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation, supervision and monitoring (unless (i) such indemnified party reasonably objects to such assumption on the grounds that (A) there may be defenses available to it which are different from or in addition to the defenses available to such indemnifying party or (B) such action involves matters beyond the scope of matters that are subject to indemnification pursuant to this Section 2.9, or (ii) the indemnifying party shall have failed within a reasonable period of time to assume such defense and the indemnified party is or would reasonably be expected to be materially prejudiced by such delay, and in either event the indemnified party shall be promptly reimbursed by the indemnifying party for the expenses incurred in connection with retaining one separate legal counsel (for the avoidance of doubt, for all indemnified parties in connection therewith)). For the avoidance of doubt, notwithstanding any such assumption by an indemnifying party, the indemnified party shall have the right to employ separate counsel in any such matter and participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such indemnified party except as provided in the previous sentence. An indemnifying party shall not be liable for any settlement of an action or claim effected without its consent. No matter shall be settled by an indemnifying

party without the consent of the indemnified party (which consent shall not be unreasonably withheld, conditioned or delayed), unless such settlement (x) includes as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation, (y) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any indemnified party and (z) is settled solely for cash for which the indemnified party would be entitled to indemnification hereunder.

(e) If recovery is not available under the foregoing indemnification provisions for any reason or reasons other than as specified therein, any Person who would otherwise be entitled to indemnification by the terms thereof shall nevertheless be entitled to contribution with respect to any Losses with respect to which such Person would be entitled to such indemnification but for such reason or reasons, in such proportion as is appropriate to reflect the relative fault of the indemnifying party, on the one hand, and such indemnified party, on the other hand, in connection with the actions, statements or omissions that resulted in such Losses as well as any other relevant equitable considerations. The relative fault of the indemnifying party and of the indemnified party shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party, the Persons' relative knowledge and access to information concerning the matter with respect to which the claim was asserted, the opportunity to correct and prevent any statement or omission, and other equitable considerations appropriate under the circumstances. It is hereby agreed that it would not necessarily be equitable if the amount of such contribution were determined by pro rata or per capita allocation. No Person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) shall be entitled to contribution from any Person who was not found guilty of such fraudulent misrepresentation. Notwithstanding the foregoing, no Selling Shareholder shall be required to make a contribution in excess of the amount received by such Selling Shareholder from its sale of Registrable Securities in connection with the offering that gave rise to the contribution obligation.

2.10 Free Writing Prospectuses. The Demand Shareholders shall not use any "free writing prospectus" (as defined in Rule 405 under the Securities Act or any successor rule) in connection with the sale of Registrable Securities pursuant to this Article II without the prior written consent of the Company (which consent shall not be unreasonably withheld, conditioned or delayed). Notwithstanding the foregoing, the Shareholders may use any free writing prospectus prepared and distributed by the Company.

2.11 Termination of Registration Rights. The rights granted pursuant to this Article II shall terminate, as to any holder of Registrable Securities, on the earlier to occur of (a) the date on which all Registrable Securities held by such holder have been disposed of; or (b) the date on which all Registrable Securities held by such holder may be sold without registration in compliance with Rule 144 without regard to volume limitations or other restrictions on transfer thereunder. Notwithstanding the foregoing, the indemnification and contribution provided for under this Agreement shall survive the Transfer of the Registrable Securities and the termination of the rights granted pursuant to this Article II.

or to such other individual or address as a Party may designate for itself by notice given as herein provided.

3.4 **Waivers.** The failure of a Party any time or times to require performance of any provision hereof shall in no manner affect its right at a later time to enforce the same. No waiver by a Party of any breach of any term, covenant, representation or warranty contained in this Agreement shall be effective unless in writing, and no waiver in any one or more other instances shall be deemed to be a further or continuing waiver of any such breach in other instances or a waiver of any breach of any other term, covenant, representation or warranty.

3.5 Interpretations.

(a) The table of contents and the headings of the Articles, Sections and subsections included in this Agreement are for convenience only and shall not be deemed part of this Agreement or be given any effect in interpreting this Agreement. Unless the context otherwise requires, references in this Agreement to: (i) Articles and Sections shall be deemed references to Articles and Sections of this Agreement; (ii) “paragraphs” or “clauses” shall be deemed references to separate paragraphs or clauses of the Section or subsection in which the reference occurs; (iii) any Law shall be deemed references to such Law as in effect at any given time and to any successor provisions; (iii) any Person shall be deemed references to such Person’s successors and permitted assigns, and in the case of any Governmental Authority, to any Person(s) succeeding to its functions and capacities; and (iv) any statute or other Law of the United States or other jurisdiction (whether federal, state or local) shall be deemed references to all rules and regulations promulgated thereunder. Underscored references to Articles and Sections shall refer to those portions of this Agreement.

(b) The use of the masculine, feminine or neuter gender herein shall not limit any provision of this Agreement. Unless the context otherwise clearly indicates, each defined term used in this Agreement shall have a comparable meaning when used in its plural or singular form. The words “including,” “includes” or “include” are to be read as listing non-exclusive examples of the matters referred to, whether or not words such as “without limitation” or “but not limited to” are used in each instance. The words such as “herein,” “hereinafter,” “hereof” and “hereunder” that are used in this Agreement refer to this Agreement as a whole and not merely to a subdivision in which such words appear unless the context otherwise requires.

(c) Where this Agreement states that a Party “shall,” “will” or “must” perform in some manner or otherwise act or omit to act, it means that such Party is legally obligated to do so in accordance with this Agreement.

3.6 Successors and Assigns. Each of the Shareholders may assign all or a portion of its rights hereunder to any Person to which such Shareholder transfers its ownership of all or any of its Registrable Securities. Such transferee shall execute a counterpart to this Agreement and become a party hereto and such transferee’s Registrable Securities shall be subject to the terms of this Agreement.

3.7 Third Party Beneficiaries. This Agreement is solely for the benefit of the Parties hereto and no provision of this Agreement shall be deemed to confer upon third parties, either express or implied, any remedy, claim, liability, reimbursement, cause of action or other right. Notwithstanding the foregoing, the Persons referred to in Section 2.9 shall be third party beneficiaries of such Section.

3.8 Entire Understanding. This Agreement, taken together with the Merger Agreements, sets forth the entire agreement and understanding of the Parties and supersedes any and all prior agreements, arrangements and understandings among the Parties with respect to the subject matter hereof.

3.9 Applicable Law. This Agreement, and all claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement, shall be governed by, and enforced in accordance with, the Law of the State of Delaware, without giving effect to any Law of the State of Delaware that would cause the application of the Law of any jurisdiction other than the State of Delaware.

3.10 Jurisdiction of Disputes. In the event any Party to this Agreement commences any action in connection with or relating to this Agreement or any matters described or contemplated herein, the Parties to this Agreement hereby (a) agree that any action shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate courts therefrom in the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware); (b) agree that in the event of any such action, such Parties will consent and submit to personal jurisdiction in any such court described in clause (a) of this Section 3.10 and to service of process upon them in

Table of Contents

accordance with the rules and statutes governing service of process; (c) agree to waive to the full extent permitted by law any objection that they may now or hereafter have to the venue of any such action in any such court or that any such action was brought in an inconvenient forum; (d) agree as an alternative method of service to service of process in any action by mailing of copies thereof to such Party at its address set forth in Section 3.3 for communications to such Party; (e) agree that any service made as provided herein shall be effective and binding service in every respect; and (f) agree that nothing herein shall affect the rights of any Party to effect service of process in any other manner permitted by applicable Law.

3.11 Waiver of Jury Trial. Each Party acknowledges and agrees that any controversy which may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each such Party hereby irrevocably and unconditionally waives any right such Party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement. Each Party certifies and acknowledges that (a) no Representative of any other Party has represented, expressly or otherwise, that such other Party would not, in the event of litigation, seek to enforce the foregoing waiver, (b) each Party understands and has considered the implications of this waiver, (c) each Party makes this waiver voluntarily, and (d) each Party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 3.11.

3.12 Specific Performance. The Parties agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with its specific terms or were otherwise breached and that any breach of this Agreement would not be adequately compensated in all cases by monetary damages alone. Each of the Parties shall have the right, in addition to any other rights and remedies existing in their favor, to enforce its rights and the obligations of the other Parties hereunder not only by an action or actions for damages but also by an action or actions for specific performance, injunctive and/or other equitable relief. The right of specific performance and other equitable relief is an integral part of the transactions contemplated by this Agreement and without that right, none of the Parties would have entered into this Agreement. The Parties agree not to assert that a remedy of specific performance or other equitable relief is unenforceable, invalid, contrary to law or inequitable for any reason, and not to assert that a remedy of monetary damages would provide an adequate remedy or that the Parties otherwise have an adequate remedy at law. The Parties acknowledge and agree that any Party seeking an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions of this Agreement in accordance with this Section 3.12 shall not be required to provide any bond or other security in connection with any such order or injunction.

3.13 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction shall not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If the final judgment of a court of competent jurisdiction declares that any term or provision hereof is invalid or unenforceable, the Parties agree that the court making the determination of invalidity or unenforceability shall have the power to reduce the scope, duration or area of the term or provision, to delete specific words or phrases, or to replace any invalid or unenforceable term or provision with a term or provision that is valid and enforceable and that comes closest to expressing the intention of the invalid or unenforceable term or provision, and this Agreement shall be enforceable as so modified after the expiration of the time within which the judgment may be appealed.

3.14 Construction. The Parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, the language shall be construed as mutually chosen by the Parties to express their mutual intent, and no rule of strict construction shall be applied against any Party.

3.15 Counterparts. This Agreement may be executed in counterparts and such counterparts may be delivered in electronic format (including by fax and email). Such delivery of counterparts shall be conclusive evidence of the intent to be bound hereby and each such counterpart, including those delivered in electronic

[Table of Contents](#)

format, and copies produced therefrom shall have the same effect as an originally signed counterpart. To the extent applicable, the foregoing constitutes the election of the Parties to invoke any Law authorizing electronic signatures.

3.16 Relationship of the Parties. Nothing in this Agreement shall be deemed to constitute the Parties as joint venturers, alter egos, partners or participants in an unincorporated business or other separate entity.

VOTING AGREEMENT

This Voting Agreement (this “Agreement”) is made as of December 29, 2021 by and between Lawson Products, Inc., a Delaware corporation (“Parent”), and Luther King Capital Management Corporation, a Delaware corporation (the “Voting Party”).

WHEREAS, concurrently with the execution of this Agreement, (i) 301 HW Opus Investors, LLC, a Delaware limited liability company (the “Gexpro Stockholder”), 301 HW Opus Holdings, Inc., Delaware corporation (“Gexpro”), Parent and Gulf Sub, Inc., a Delaware corporation and wholly owned subsidiary of Parent (“Gexpro Merger Sub”), have entered into an Agreement and Plan of Merger (as the same may be amended from time to time, the “Gexpro Merger Agreement”), pursuant to which Gexpro Merger Sub will be merged with and into Gexpro (the “Gexpro Merger”), with Gexpro continuing as the surviving entity following the Gexpro Merger; and (ii) LKCM TE Investors, LLC, a Delaware limited liability company (“TestEquity Equityholder”), TestEquity Acquisition, LLC, a Delaware limited liability company (“TestEquity”), Parent and Tide Sub, LLC, a Delaware limited liability company and wholly owned subsidiary of Parent (“TestEquity Merger Sub” and together with the Gexpro Merger Sub, the “Merger Subs”), have entered into an Agreement and Plan of Merger (as the same may be amended from time to time, the “TestEquity Merger Agreement”, and together with the Gexpro Merger Agreement, the “Merger Agreements”), pursuant to which TestEquity Merger Sub will be merged with and into TestEquity (the “TestEquity Merger”, and together with the Gexpro Merger, the “Mergers”), with TestEquity continuing as the surviving entity following the TestEquity Merger;

WHEREAS, Gexpro, Gexpro Stockholder, TestEquity and TestEquity Equityholder are Affiliates of the Voting Party, which is also the beneficial owner of Voting Shares (as defined below), including through certain Affiliates of the Voting Party; and

WHEREAS, as a condition to its willingness to enter into the Merger Agreements, Parent has required that the Voting Party execute and deliver this Agreement.

NOW, THEREFORE, in consideration of the premises and for other good and valuable consideration, the receipt, sufficiency and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

1. **Definitions.** As used herein the term “Voting Shares” shall mean all securities of Parent beneficially owned (as such term is defined in Rule 13d-3 under the Exchange Act, but excluding shares of stock underlying unexercised options or warrants) (“Beneficially Owned” or “Beneficial Ownership”) by the Voting Party or any other Excluded Company Party, including any and all securities of Parent acquired and held in such capacity subsequent to the date hereof. Capitalized terms used and not defined herein shall have the respective meanings assigned to them in the Merger Agreements, as applicable.

2. **Representations and Warranties of the Voting Party.** The Voting Party hereby represents and warrants to Parent as follows:

a. **Authority.** The Voting Party has all requisite power and authority to enter into this Agreement, to perform fully the Voting Party’s obligations hereunder and to consummate the transactions contemplated hereby. This Agreement has been duly authorized, executed and delivered by the Voting Party. This Agreement constitutes a valid and binding obligation of the Voting Party enforceable in accordance with its terms, except as enforcement may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws affecting creditors’ rights generally and by general principles of equity (regardless of whether considered in a proceeding in equity or at law).

b. No Consent. No consent, approval or authorization of, or designation, declaration or filing with, any Governmental Authority or other Person on the part of the Voting Party is required in connection with the execution, delivery and performance of this Agreement, other than as may be required under applicable securities Laws.

c. No Conflicts. Neither the execution and delivery of this Agreement, nor the consummation of the transactions contemplated hereby, nor compliance with the terms hereof, will violate, conflict with or result in a breach of, or constitute a default (with or without notice or lapse of time or both) under any provision of, the Voting Party's organizational documents, any trust agreement, loan or credit agreement, note, bond, mortgage, indenture, lease or other agreement, instrument, permit, concession, franchise, license, judgment, order, notice, decree, statute, law, ordinance, rule or regulation applicable to the Voting Party or to the Voting Party's property or assets (including the Voting Shares) that would reasonably be expected to prevent or delay the consummation of the Mergers or that would reasonably be expected to prevent Voting Party from fulfilling its obligations under this Agreement.

d. Ownership of Shares. The Voting Party (i) Beneficially Owns 4,350,556 Voting Shares free and clear of all Liens, other than (A) Liens created by this Agreement, (B) Liens imposed by applicable securities Laws and (C) Liens that would not reasonably be expected to prevent or delay the consummation of the Mergers or that would not reasonably be expected to prevent Voting Party from fulfilling its obligations under this Agreement (collectively, the "Permitted Liens") and (ii) has the sole power to vote or caused to be voted such Voting Shares. Except for the Permitted Liens or pledges that do not impair or restrict the Voting Party's power to vote or cause to be voted any Voting Shares in accordance with this Agreement, there are no options, warrants or other rights, agreements, arrangements or commitments of any character to which the Voting Party, any of its Affiliates or any other Excluded Company Party is a party relating to the pledge, acquisition, disposition, transfer or voting of the Voting Shares and there are no voting trusts or voting agreements with respect to the Voting Shares. The Voting Party does not Beneficially Own (x) any Voting Shares other than the 4,350,556 Voting Shares reported on the Schedule 13D/A filed with the U.S. Securities and Exchange Commission by the Voting Party and the other Excluded Company Parties on May 17, 2021 or (y) any options, warrants or other rights to acquire any additional shares of common stock of Parent ("Parent Common Stock") or any security exercisable for or convertible into shares of Parent Common Stock (collectively, "Options").

e. No Litigation. There is no Action pending against, or, to the knowledge of the Voting Party, threatened against, the Voting Party or any of its Affiliates that would reasonably be expected to materially impair or materially adversely affect the ability of the Voting Party to perform its obligations hereunder.

3. Agreement to Vote Shares. The Voting Party agrees during the term of this Agreement to vote or cause to be voted (including by each other Excluded Company Party) the Voting Shares at every meeting of the stockholders of Parent at which such matters are considered and at every adjournment or postponement thereof: (a) in favor of (i) the Transaction Agreements and the Transactions (including the Share Issuances and the Mergers) and (ii) any proposal to adjourn or postpone such meeting of stockholders of Parent to a later date or dates to solicit additional proxies if there are insufficient votes, or insufficient Parent Common Shares present, to approve the Transaction Agreements or the Transactions (including the Share Issuances and the Mergers), or to ensure that any supplement or amendment to the Proxy Statement is timely provided to Parent's stockholders; and (b) against any action, proposal, transaction or agreement that would reasonably be expected to impede, interfere with, delay, discourage, adversely affect or inhibit the timely consummation of the Mergers or the fulfillment of Parent's or Merger Subs' conditions under the Merger Agreements or change in any manner the voting rights of any class of shares of Parent (including any amendments to Parent's certificate of incorporation or bylaws other than in connection with the Mergers).

4. No Voting Trust or Other Arrangement. The Voting Party agrees that during the term of this Agreement the Voting Party will not, and will not permit any entity under the Voting Party's direct or indirect control (a "Controlled Affiliate") to, deposit any Voting Shares in a voting trust, grant any proxies with respect to the

Voting Shares or subject any of the Voting Shares to any arrangement with respect to the voting of the Voting Shares. For the avoidance of doubt, each Excluded Company Party shall be deemed to be a Controlled Affiliate for all purposes of this Agreement.

5. Transfer and Encumbrance. The Voting Party agrees that during the term of this Agreement Voting Party will not, directly or indirectly, transfer (including by operation of law), sell, offer, exchange, assign, pledge or otherwise dispose of or encumber (“Transfer”), or permit any Controlled Affiliate to Transfer, any of the Voting Shares or enter into, or permit any Controlled Affiliate to enter into, any contract, option or other agreement with respect to, or consent to, a Transfer of, any of the Voting Shares or the Voting Party’s or any Controlled Affiliate’s voting or economic interest therein. Any attempted Transfer of Voting Shares or any interest therein in violation of this Section 5 shall be null and void. This Section 5 shall not prohibit a Transfer of Voting Shares by the Voting Party or any Controlled Affiliate, on the one hand, to another Controlled Affiliate, on the other hand (such a Transfer, a “Permitted Transfer”). Parent and the Voting Party acknowledge and agree that any Voting Shares subject to a Permitted Transfer shall remain subject to the covenants and restrictions contemplated herein during the term of this Agreement.

6. Termination. This Agreement shall automatically terminate upon the earliest to occur of (a) the Effective Time of the Mergers; and (b) the termination of the Merger Agreements. Upon termination of this Agreement, no party shall have any further obligations or liabilities under this Agreement; provided, that nothing in this Section 6 shall relieve any party of liability for any willful breach of this Agreement occurring prior to the termination of this Agreement.

7. Specific Enforcement. It is agreed and understood that monetary damages would not adequately compensate an injured party for the breach of this Agreement by any party hereto and, accordingly, that this Agreement shall be specifically enforceable, and that any breach of this Agreement shall be the proper subject of a temporary or permanent injunction or restraining order. Further, each party hereto waives any claim or defense that there is an adequate remedy at law for such breach or threatened breach and agrees that a party’s rights would be materially and adversely affected if the obligations of the other parties under this Agreement were not carried out in accordance with the terms and conditions hereof.

8. Entire Agreement. This Agreement supersedes all prior agreements, written or oral, between the parties hereto with respect to the subject matter hereof and contains the entire agreement between the parties with respect to the subject matter hereof. Any provision of this Agreement may be amended or waived if, but only if, such amendment or waiver is in writing and is signed, in the case of an amendment, by each party to this Agreement, or, in the case of a waiver, by the party against whom the waiver is to be effective. No waiver of any provisions hereof by either party shall be deemed a waiver of any other provisions hereof by such party, nor shall any such waiver be deemed a continuing waiver of any provision hereof by such party.

9. Notices. All notices, requests, claims, demands, and other communications hereunder shall be in writing and shall be deemed to have been given (a) when delivered by hand (with written confirmation of receipt), (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested), (c) on the date sent by e-mail of a PDF document (with confirmation of transmission) if sent during normal business hours of the recipient, and on the next Business Day if sent after normal business hours of the recipient, or (d) on the next Business Day after the date mailed, by certified or registered mail, return receipt requested, postage prepaid. 10. Miscellaneous.

a. *Governing Law.* This Agreement, and all claims or causes of action (whether in contract, tort or statute) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement (including any claim or cause of action based upon, arising out of or related to any representation or warranty made in or in connection with this Agreement or as an inducement to enter into this Agreement), shall be governed by, and enforced in accordance with, the Laws of the State of Delaware, without giving effect to any Laws of the State of Delaware that would cause the application of the Laws of any jurisdiction other than the State of Delaware. In the event any party to this Agreement commences any Action in connection with or relating to this Agreement or any matters described or contemplated herein or therein, the parties to this Agreement hereby (i) agree that any Action shall be brought and determined exclusively in the Delaware Court of Chancery and any state appellate courts therefrom in the State of Delaware (or, if the Delaware Court of Chancery declines to accept jurisdiction over a particular matter, any state or federal court within the State of Delaware); (ii) agree that in the event of any such Action, such parties will consent and submit to personal jurisdiction in any such court described in clause (i) of this Section 10(a) and to service of process upon them in accordance with the rules and statutes governing service of process; (iii) agree to waive to the full extent permitted by law any objection that they may now or hereafter have to the venue of any such Action in any such court or that any such Action was brought in an inconvenient forum; (iv) agree as an alternative method of service to service of process in any Action by mailing of copies thereof to such Party at its address set forth in Section 9 for communications to such party; (v) agree that any service made as provided herein shall be effective and binding service in every respect; and (vi) agree that nothing herein shall affect the rights of any party to effect service of process in any other manner permitted by applicable Law.

b. *Waiver of Jury Trial.* Each party acknowledges and agrees that any controversy which may arise under this Agreement is likely to involve complicated and difficult issues, and therefore each such party hereby irrevocably and unconditionally waives any right such party may have to a trial by jury in respect of any litigation directly or indirectly arising out of or relating to this Agreement, or the transactions contemplated by this Agreement. Each party certifies and acknowledges that (i) no Representative of any other party has represented, expressly or otherwise, that such other party would not, in the event of litigation, seek to enforce the foregoing waiver, (ii) each party understands and has considered the implications of this waiver, (iii) each party makes this waiver voluntarily, and (iv) each party has been induced to enter into this Agreement by, among other things, the mutual waivers and certifications in this Section 10(b).

c. *Severability.* The invalidity of any portion hereof shall not affect the validity, force or effect of the remaining portions hereof. If it is ever held that any restriction hereunder is too broad to permit enforcement of such restriction to its fullest extent, such restriction shall be enforced to the maximum extent permitted by Law.

d. *Counterparts.* This Agreement may be executed in two or more counterparts for the convenience of the parties hereto, each of which shall be deemed an original and all of which together will constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Agreement by facsimile or portable document format shall be effective as delivery of a mutually executed counterpart to this Agreement.

f. *Assignment; Successors and Assigns; No Third Party Rights.* Except as otherwise provided herein, this Agreement may not, without the prior written consent of the other parties hereto, be assigned by operation of Law or otherwise, and any attempted assignment shall be null and void. Subject to the foregoing, this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, successors, permitted assigns and legal representatives, and nothing herein, express or implied, it intended to or shall confer upon any other Person any legal or equitable right, benefit or remedy of any nature whatsoever under or by reason of this Agreement.

December 28, 2021

Special Committee of the Board of Directors
Lawson Products, Inc.
8770 W. Bryn Mawr Avenue, Suite 900
Chicago, Illinois 60631

The Special Committee:

In your capacity as the Special Committee (the “Special Committee”) of the Board of Directors (the “Board of Directors”) of Lawson Products, Inc. (“Lawson Products”), you have requested our opinion (the “Opinion”), as investment bankers, as to the fairness, from a financial point of view, to Lawson Products of the TestEquity Merger Consideration (as defined below) to be paid by Lawson Products pursuant to the terms of an Agreement and Plan of Merger (the “TestEquity Merger Agreement”) proposed to be entered into among LKCM TE Investors, LLC (the “TestEquity Equityholder”), TestEquity Acquisition, LLC, an indirect wholly owned subsidiary of the TestEquity Equityholder (“TestEquity”), Lawson Products and Tide Sub, LLC, a wholly owned subsidiary of Lawson Products (“TestEquity Merger Sub”).

As more fully described in the TestEquity Merger Agreement, and subject to the terms and conditions set forth therein, TestEquity Merger Sub will be merged with and into TestEquity (the “TestEquity Merger”), with TestEquity as the surviving company in the TestEquity Merger, pursuant to which all outstanding shares of the common stock, par value \$0.01 per share, of TestEquity (“TestEquity Common Shares”) will be converted into the right to receive an aggregate of 4,000,000 shares of the common stock, par value \$1.00 per share, of Lawson Products (“Lawson Common Shares” and, such number of shares, the “TestEquity Merger Consideration”), subject to certain holdback and related earnout arrangements (as to which arrangements, other than as expressly pertaining to the aggregate number of Lawson Common Shares issuable as part of the TestEquity Merger Consideration, we express no opinion) as set forth in the TestEquity Merger Agreement. We understand that, as a condition to the consummation of the TestEquity Merger, Lawson Products also will acquire the outstanding capital stock of 301 HW Opus Holdings, Inc. (“Gexpro” and, such acquisition, the “Gexpro Merger”).

Cowen and Company, LLC (“we” or “Cowen”), as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the ordinary course of our business, we and our affiliates may actively trade the securities of Lawson Products and/or its affiliates for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

We are acting as financial advisor to the Special Committee in connection with the TestEquity Merger, in addition to the Gexpro Merger, and have received fees from Lawson Products for our services. We also will receive a fee in connection with this Opinion. In addition, Lawson Products has agreed to reimburse our expenses and indemnify us for certain liabilities that may arise out of our engagement. Although Cowen has not had a material relationship with Lawson Products or TestEquity during the two years preceding the date of this Opinion, Cowen may provide services to Lawson Products, TestEquity and/or their respective affiliates in the future, for which services Cowen would expect to receive compensation. As you are aware, certain affiliates of Luther King Capital Management Corporation, a significant stockholder of Lawson Products and TestEquity, are sales and trading customers of Cowen, for which services Cowen has received and expects to receive compensation.

- certain internal financial analyses, financial forecasts, reports and other information concerning Lawson Products prepared by the management of Lawson Products (the “Lawson Products Forecasts”), and the amounts and timing of the cost savings, revenue enhancements and operational synergies and related expenses expected to result from the TestEquity Merger furnished to us by the management of Lawson Products (the “Expected Synergies”), as reviewed and approved for our use and reliance by the Special Committee;
- discussions we have had with certain members of the managements of TestEquity and Lawson Products, as the case may be, concerning the historical and current business operations, financial condition and prospects of TestEquity and Lawson Products, the Expected Synergies and such other matters we deemed relevant;

In conducting our review and arriving at our Opinion, we have, with your consent, assumed and relied, without independent investigation, upon the accuracy and completeness of all financial and other information provided to us by TestEquity and Lawson Products, respectively, or which is publicly available or was otherwise reviewed by us. We have not undertaken any responsibility for the accuracy, completeness or reasonableness of, or independent verification of, such information. We have relied upon TestEquity’s and Lawson Products’ respective representations that all information provided to us by TestEquity and Lawson Products, as the case may be, is accurate and complete in all material respects and we expressly disclaim any undertaking or obligation to advise any person of any change in any fact or matter affecting our Opinion of which we become aware after the date hereof.

We have assumed, with your consent, that the TestEquity Forecasts, the Lawson Products Forecasts and the Expected Synergies were reasonably prepared by the managements of TestEquity and Lawson Products, as the case may be, on bases reflecting the best currently available estimates and good faith judgments of such managements as to the future performance of TestEquity, Lawson Products, the Expected Synergies and the other matters covered thereby, and that such TestEquity Forecasts, Lawson Products Forecasts and Expected Synergies utilized in our analyses provide a reasonable basis for our Opinion. We also have assumed, with your consent, that the financial results reflected in the TestEquity Forecasts, the Lawson Products Forecasts and the Expected

Synergies will be realized in the amounts and at the times projected, including, without limitation, with respect to TestEquity's pending and planned acquisitions which we have assumed will be consummated as contemplated. We further have assumed that there will be no developments with respect to any such matters, or changes in the assessments of the managements of TestEquity and Lawson Products as to the existing products and services of, or the viability of and risks associated with the future products and services of, the target companies or businesses that are the subject of such pending and planned acquisitions, TestEquity or Lawson Products, that would have an adverse effect on TestEquity, Lawson Products or the TestEquity Merger (including the expected benefits thereof) or that otherwise would be meaningful in any respect to our analyses or Opinion. We express no opinion as to the TestEquity Forecasts, the Lawson Products Forecasts, the Expected Synergies or the assumptions on which they are based.

In addition, we have assumed, with your consent, that there have been no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of TestEquity or Lawson Products since the dates of the last financial statements made available to us. We have not made or obtained any independent evaluations, valuations or appraisals of the assets or liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of TestEquity, Lawson Products or any other entity, nor have we been furnished with such materials. We have not conducted nor have we assumed any obligation to conduct any physical inspection of the properties or facilities of TestEquity, Lawson Products or any other entity. We also have not evaluated the solvency or fair value of TestEquity, Lawson Products or any other entity under any state or federal laws relating to bankruptcy, insolvency or similar matters. We have assumed, with your consent, that the TestEquity Merger will qualify for the intended tax treatment contemplated by the TestEquity Merger Agreement. Our Opinion does not address any legal, tax, accounting or regulatory matters related to the TestEquity Merger Agreement or the TestEquity Merger, as to which we have assumed that Lawson Products, the Special Committee and the Board of Directors have received such advice from legal, tax, accounting and regulatory advisors as each has determined appropriate.

Our Opinion addresses only the fairness of the TestEquity Merger Consideration, from a financial point of view, to Lawson Products and does not in any way address the proportionate allocation of consideration between TestEquity and Gexpro or the relative fairness of the TestEquity Merger Consideration compared to the consideration payable in the Gexpro Merger. We express no view as to any other aspect or implication of the TestEquity Merger, including, without limitation, any holdback or related earnout arrangements (other than as expressly pertaining to the aggregate number of Lawson Common Shares issuable as part of the TestEquity Merger Consideration), any reorganization transactions, any voting, registration rights or release agreements, any escrow or indemnification arrangement or any other agreement, arrangement or understanding entered into in connection with the TestEquity Merger or otherwise. Our Opinion is necessarily based upon economic and market conditions and other circumstances as they exist and can be evaluated by us on the date hereof. It should be understood that although subsequent developments may affect our Opinion, we do not have any obligation to update, revise or reaffirm our Opinion and we expressly disclaim any responsibility to do so.

We have not considered any potential legislative or regulatory changes currently being considered or recently enacted by the United States or any foreign government, or any domestic or foreign regulatory body, or any changes in accounting methods or generally accepted accounting principles that may be adopted by the Securities and Exchange Commission, the Financial Accounting Standards Board, or any similar foreign regulatory body or board.

For purposes of rendering our Opinion, with your consent, we have assumed in all respects material to our analyses that the representations and warranties of each party contained in the TestEquity Merger Agreement are true and correct, that each party will perform all of the covenants and agreements required to be performed by it under the TestEquity Merger Agreement and that all conditions to the consummation of the TestEquity Merger, including consummation of the Gexpro Merger, will be satisfied without waiver thereof. We also have assumed, with your consent, that the final form of the TestEquity Merger Agreement will be substantially similar to the draft reviewed by us. We further have assumed, with your consent, that all governmental, regulatory and other

consents and approvals contemplated by the TestEquity Merger Agreement will be obtained and that in the course of obtaining any of those consents no restrictions will be imposed or waivers made that would have an adverse effect on TestEquity, Lawson Products or the TestEquity Merger (including the contemplated benefits thereof). In addition, we have assumed, with your consent, that the TestEquity Merger will be consummated in a manner that complies with the applicable provisions of the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, and all other applicable state or federal statutes, rules and regulations.

It is understood that our Opinion is intended for the benefit and use of the Special Committee (in its capacity as such) in its evaluation of the TestEquity Merger Consideration. Our Opinion should not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval. However, our Opinion may be reproduced in full in any proxy statement, information statement or registration statement relating to the TestEquity Merger that Lawson Products is required to file under the Securities Exchange Act of 1934, as amended, and mail to securityholders of Lawson Products. Our Opinion does not constitute a recommendation to the Special Committee, the Board of Directors, any securityholder or any other person as to how to vote or act with respect to the TestEquity Merger or otherwise. We are not expressing any opinion as to the actual value, price or trading range of Lawson Common Shares following announcement or consummation of the TestEquity Merger. We have not been requested to opine as to, and our Opinion does not in any manner address, Lawson Products' underlying business decision to effect the TestEquity Merger or any related transaction or the relative merits of the TestEquity Merger or any related transaction as compared to other business strategies or transactions that might be available to Lawson Products. In addition, we have not been requested to opine as to, and our Opinion does not in any manner address, (i) the fairness of the amount or nature of the compensation to the officers, directors or employees, or class of such persons, of any parties to the TestEquity Merger relative to the TestEquity Merger Consideration or otherwise, (ii) the fairness of the TestEquity Merger or the TestEquity Merger Consideration to the holders of any class of securities, creditors or other constituencies of TestEquity or Lawson Products, or (iii) whether Lawson Products has sufficient cash, available lines of credit or other sources of funds to enable it to make required payments, including, without limitation, with respect to the repayment of TestEquity's indebtedness and payment of transaction expenses, on behalf of TestEquity at the closing of the TestEquity Merger as contemplated by the TestEquity Merger Agreement.

The issuance of this Opinion was reviewed and approved by Cowen's Fairness Opinion Review Committee.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, it is our opinion that, as of the date hereof, the TestEquity Merger Consideration to be paid by Lawson Products in the TestEquity Merger is fair, from a financial point of view, to Lawson Products.

Very truly yours,

The Special Committee:

In your capacity as the Special Committee (the “Special Committee”) of the Board of Directors (the “Board of Directors”) of Lawson Products, Inc. (“Lawson Products”), you have requested our opinion (the “Opinion”), as investment bankers, as to the fairness, from a financial point of view, to Lawson Products of the Gexpro Merger Consideration (as defined below) to be paid by Lawson Products pursuant to the terms of an Agreement and Plan of Merger (the “Gexpro Merger Agreement”) proposed to be entered into among 301 HW Opus Investors, LLC, 301 HW Opus Holdings, Inc. (“Gexpro”), Lawson Products and Gulf Sub, Inc., a wholly owned subsidiary of Lawson Products (“Gexpro Merger Sub”).

As more fully described in the Gexpro Merger Agreement, and subject to the terms and conditions set forth therein, Gexpro Merger Sub will be merged with and into Gexpro (the “Gexpro Merger”), with Gexpro as the surviving company in the Gexpro Merger, pursuant to which all outstanding shares of the common stock, par value \$0.01 per share, of Gexpro (“Gexpro Common Shares”) will be converted into the right to receive an aggregate of 8,000,000 shares of the common stock, par value \$1.00 per share, of Lawson Products (“Lawson Common Shares” and, such number of shares, the “Gexpro Merger Consideration”), subject to certain holdback and related earnout arrangements (as to which arrangements, other than as expressly pertaining to the aggregate number of Lawson Common Shares issuable as part of the Gexpro Merger Consideration, we express no opinion) as set forth in the Gexpro Merger Agreement. We understand that, as a condition to the consummation of the Gexpro Merger, Lawson Products also will acquire the outstanding capital stock of TestEquity Acquisition, LLC (“TestEquity” and, such acquisition, the “TestEquity Merger”).

Cowen and Company, LLC (“we” or “Cowen”), as part of its investment banking business, is continually engaged in the valuation of businesses and their securities in connection with mergers and acquisitions, negotiated underwritings, secondary distributions of listed and unlisted securities, private placements and valuations for corporate and other purposes. In the ordinary course of our business, we and our affiliates may actively trade the securities of Lawson Products and/or its affiliates for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

We are acting as financial advisor to the Special Committee in connection with the Gexpro Merger, in addition to the TestEquity Merger, and have received fees from Lawson Products for our services. We also will receive a fee in connection with this Opinion. In addition, Lawson Products has agreed to reimburse our expenses and indemnify us for certain liabilities that may arise out of our engagement. Although Cowen has not had a material relationship with Lawson Products or Gexpro during the two years preceding the date of this Opinion, Cowen may provide services to Lawson Products, Gexpro and/or their respective affiliates in the future, for which services Cowen would expect to receive compensation. As you are aware, certain affiliates of Luther King Capital Management Corporation, a significant stockholder of Lawson Products and Gexpro, are sales and trading customers of Cowen, for which services Cowen has received and expects to receive compensation.

In connection with our Opinion, we have reviewed and considered such financial and other matters as we have deemed relevant, including, among other things:

- a draft, dated December 28, 2021, of the Gexpro Merger Agreement;

We have not undertaken any responsibility for the accuracy, completeness or reasonableness of, or independent verification of, such information. subject of such pending and planned acquisitions, Gexpro or Lawson Products, that would have an adverse effect on Gexpro, Lawson Products or the Gexpro Merger (including the expected benefits thereof) or that otherwise would be meaningful in any respect to our analyses or Opinion. We express no opinion as to the Gexpro Forecasts, the Lawson Products Forecasts, the Expected Synergies or the assumptions on which they are based.

In addition, we have assumed, with your consent, that there have been no material changes in the assets, liabilities, financial condition, results of operations, business or prospects of Gexpro or Lawson Products since the dates of the last financial statements made available to us. We have not made or obtained any independent evaluations, valuations or appraisals of the assets or liabilities (contingent, accrued, derivative, off-balance sheet or otherwise) of Gexpro, Lawson Products or any other entity, nor have we been furnished with such materials. We have not conducted nor have we assumed any obligation to conduct any physical inspection of the properties or facilities of Gexpro, Lawson Products or any other entity. We also have not evaluated the solvency or fair value of Gexpro, Lawson Products or any other entity under any state or federal laws relating to bankruptcy, insolvency or similar matters. We have assumed, with your consent, that the Gexpro Merger will qualify for the intended tax treatment contemplated by the Gexpro Merger Agreement. Our Opinion does not address any legal, tax, accounting or regulatory matters related to the Gexpro Merger Agreement or the Gexpro Merger, as to which we have assumed that Lawson Products, the Special Committee and the Board of Directors have received such advice from legal, tax, accounting and regulatory advisors as each has determined appropriate.

Our Opinion addresses only the fairness of the Gexpro Merger Consideration, from a financial point of view, to Lawson Products and does not in any way address the proportionate allocation of consideration between Gexpro and TestEquity or the relative fairness of the Gexpro Merger Consideration compared to the consideration payable in the TestEquity Merger. We express no view as to any other aspect or implication of the Gexpro Merger, including, without limitation, any holdback or related earnout arrangements (other than as expressly pertaining to the aggregate number of Lawson Common Shares issuable as part of the Gexpro Merger Consideration), any voting, registration rights or release agreements, any escrow or indemnification arrangement or any other agreement, arrangement or understanding entered into in connection with the Gexpro Merger or otherwise. Our Opinion is necessarily based upon economic and market conditions and other circumstances as they exist and can be evaluated by us on the date hereof. It is understood that our Opinion is intended for the benefit and use of the Special Committee (in its capacity as such) in its evaluation of the Gexpro Merger Consideration. Our Opinion should not be disclosed, referred to, or communicated (in whole or in part) to any third party for any purpose whatsoever except with our prior written approval. However, our Opinion may be reproduced in full in any proxy statement, information statement or registration statement relating to the Gexpro Merger that Lawson Products is required to file under the Securities Exchange Act of 1934, as amended, and mail to securityholders of Lawson Products. Our Opinion does not constitute a recommendation to the Special Committee, the Board of Directors, any securityholder or any other person as to how to vote or act with respect to the Gexpro Merger or otherwise. We are not expressing any opinion as to the actual value, price or trading range of Lawson Common Shares following announcement or consummation of the Gexpro Merger. We have not been requested to opine as to, and our Opinion does not in any manner address, Lawson Products' underlying business decision to effect the Gexpro Merger or any related transaction or the relative merits of the Gexpro Merger or any related transaction as compared to other business strategies or transactions that might be available to Lawson Products. In addition, we have not been requested to opine as to, and our Opinion does not in any manner address, (i) the fairness of the amount or nature of the compensation to the officers, directors or employees, or class of such persons, of any parties to the Gexpro Merger relative to the Gexpro Merger Consideration or otherwise, (ii) the fairness of the Gexpro Merger or the Gexpro Merger Consideration to the holders of any class of securities, creditors or other constituencies of Gexpro or Lawson Products, or (iii) whether Lawson Products has sufficient cash, available lines of credit or other sources of funds to enable it to make required payments, including, without limitation, with respect to the repayment of Gexpro's indebtedness and payment of transaction expenses, on behalf of Gexpro at the closing of the Gexpro Merger as contemplated by the Gexpro Merger Agreement.

The issuance of this Opinion was reviewed and approved by Cowen's Fairness Opinion Review Committee.

Based upon and subject to the foregoing, including the various assumptions and limitations set forth herein, it is our opinion that, as of the date hereof, the Gexpro Merger Consideration to be paid by Lawson Products in the Gexpro Merger is fair, from a financial point of view, to Lawson Products.

Very truly yours,
