NOTICE OF ANNUAL MEETING OF STOCKHOLDERS May 11, 2004

TO THE STOCKHOLDERS:

You are cordially invited to attend the annual meeting of stockholders of Lawson Products, Inc. (the "Company" or "Lawson"), which will be held at the offices of the Company, 1666 East Touhy Avenue, Des Plaines, Illinois, on Tuesday, May 11, 2004, at 10:00 A.M. (Local Time) for the following purposes:

- (2) To transact such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors has fixed the close of business on March 31, 2004, as the record date for the determination of stockholders entitled to notice of and to vote at the meeting. Accompanying this notice is a proxy, a Proxy Statement and a copy of the Company's 2003 Annual Report.

PROXY STATEMENT ANNUAL MEETING OF STOCKHOLDERS May 11, 2004

This Proxy Statement is being sent to stockholders on or about April 8, 2004, in connection with the solicitation of the accompanying proxy by the Board of Directors of the Company. Only stockholders of record at the close of business on March 31, 2004, are entitled to notice of and to vote at the meeting. The Company has retained Morrow & Co., Inc., a firm specializing in the solicitation of proxies, to assist in the solicitation at a fee estimated to be \$6,000 plus expenses. Officers of the Company may make additional solicitations in person or by telephone. Expenses incurred in the solicitation of proxies will be borne by the Company. If the accompanying form of proxy is executed and returned in time or you vote your shares by telephone or via the Internet as set forth in the enclosed proxy, the shares represented thereby will be voted. A proxy may be revoked at any time prior to its voting by execution of a later dated proxy or by voting in person at the annual meeting.

As of March 31, 2004, the Company had outstanding 9,469,064 shares of the Company's Common Stock (the "Common Stock") and such shares are the only shares entitled to vote at the annual meeting. Each holder of Common Stock is entitled to one vote per share on all matters to come before the meeting. For purposes of the meeting, a quorum means a majority of the outstanding shares. In determining whether a quorum exists, all shares represented in person or by proxy will be counted.

It is intended that the named proxies will vote in favor of the election as directors of the nominees listed below, except as otherwise indicated on the proxy form. If any nominee should become unavailable for election as a director (which is not contemplated), the proxies will have discretionary authority to vote for a substitute. In the absence of a specific direction from the stockholders, proxies will be voted for the election of all named director nominees. Shares represented by proxies marked "abstain" or to deny discretionary authority on any matter will be treated as shares present and entitled to vote. Broker "non-votes" will not affect the determination of the outcome of the vote on any proposal decided at the meeting.

Election of Directors

Stockholders are entitled to cumulative voting in the election of directors. Under cumulative voting, each stockholder is entitled to that number of votes equal to the number of directors to be elected, multiplied by the number of shares such stockholder owns, and such stockholder may cast its votes for one nominee or distribute them in any manner it chooses among any number of nominees. Unless otherwise indicated on the proxy card, votes may, in the discretion of the proxies,

be equally or unequally allocated among the nominees named below. Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. Thus, assuming a quorum is present, the three persons receiving the greatest number of votes will be elected as directors and votes that are withheld will have no effect.

The By-Laws of the Company provide that the Board of Directors shall consist of such number of members, between five and nine, as the Board of Directors determines from time to time. The size of the Board of Directors is currently set at nine members. The Board of Directors is divided into three classes, with one class being elected each year for a three-year term. At the annual meeting, three directors are to be elected to serve until 2007 and until their successors are elected and qualified.

In December 2003, Mr. Kalish and Mr. Melzer resigned from the Board of Directors after many years of valuable service to the Company. nomination must include your name, address and number of shares you own; the name, age, business address, residence address and principal occupation of the nominee; and the number of shares beneficially owned by the nominee. The Nominating and Governance Committee may require any nominee to furnish any other information, within reason, that may be needed to determine the eligibility of the nominee. The Nominating and Governance Committee will follow procedures which the committee deems reasonable and appropriate in the identification of candidates for election to the Board of Directors and evaluating the background and qualifications of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent Board members and by stockholders. The committee will seek candidates having experience and abilities relevant to serving as a director of the Company and who represent the best interests of stockholders as a whole and not any specific interest group or constituency. The committee will consider a candidate's qualifications and background, including, but not limited to responsibility for operating a public company or a division of a public company, international business experience, a candidate's technical background or professional qualifications and other public company Boards on which the candidate is a director. The committee will also consider whether the candidate would be "independent" for purposes of the Nasdaq National Market and the rules and regulations of the Securities and Exchange Commission. The committee may from time to time engage the service of a professional search firm to identify and evaluate potential nominees.

Report of the Audit Committee of the Board of Directors

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors in 2004 and attached hereto as Exhibit A include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors and management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The

Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2003 Annual Report on Form 10-K. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with accounting principles generally accepted in the United States.

We have discussed with Ernst & Young LLP, our independent auditors, the matters required to be discussed by SAS 61 (Communications with Audit Committee). SAS 61 requires our independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial

statements with respect to (i) their responsibility under auditing standards generally accepted in the United States, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from Ernst & Young LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) with respect to any relationships between Ernst & Young LLP and the Company that in its professional judgment may reasonably be thought to bear on independence. Ernst & Young LLP has discussed its independence with us. Ernst & Young LLP confirmed in its letter, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2003 Annual Report on Form 10-K, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (ii) the report of the Company's independent auditors with respect to such financial statements.

Report of the Compensation Committee of the Board of Directors

Overview

The objectives of the Compensation Committee in establishing executive compensation are to provide compensation that will both attract and retain superior talent and align the interests of the Company's executive officers with the financial success of the Company. The criteria used to determine the compensation of the Chief Executive Officer are also used in determining compensation for the other executive officers.

Section 162(m) of the Internal Revenue Code limits the deductibility of certain items of compensation paid to the Chief Executive Officer and other executive officers to \$1 million annually. The Committee does not expect that Section 162(m) will limit the deductibility of compensation expected to be paid by the Company in the foreseeable future. In the event the proposed compensation for any of the Company's executive officers is expected to exceed the \$1 million limitation, the Committee will balance the benefits of tax deductibility with its responsibility to hire, retain and motivate executive officers with competitive compensation programs.

Executive Officer Compensation Program

The Company's executive officer compensation program is comprised of base salary, short-term incentive compensation, long-term incentive compensation (in the form of stock options and stock appreciation rights) and various benefits, including medical and profit sharing plans, generally available to employees of the Company.

Base Salary. Base salary for the executive officers, other than the Chief Executive Officer, was set pursuant to employment agreements described elsewhere in this Proxy Statement or by the Chief Executive Officer with the consent of the Compensation Committee. The Chief Executive Officer's base salary and bonus, if any, are established annually by the Compensation Committee. In setting these compensation levels, the Compensation Committee considered a variety of factors, including competitive market levels, levels of responsibility, and the unique abilities and individual experience and performance of each officer. In addition, certain of the employment agreements provide for discretionary increases in base salary. Generally, these salary increases are determined annually by the Chief Executive Officer with the consent of the Compensation Committee based on performance and general market factors.

Incentive Compensation Program. In 1995, the Board of Directors adopted the Lawson Products, Inc. Annual Incentive Compensation Program (the "Program"). Under the Program the Compensation Committee establishes annual corporate, company and individual target performance levels for each of the participating employees (which will include each of the Named Officers except Sidney L. Port and Robert J. Washlow). Each participant will then be granted an annual incentive award based upon the base salary at the beginning of the year for that participant and the degree to which the participant's predetermined targets are achieved during the year.

Stock Option Program. The Company's long-term incentive based compensation program is achieved principally through the Lawson Products, Inc. Incentive Stock Plan under which stock options (both nonqualified and incentive), stock appreciation rights and stock awards may be issued to officers, key employees and directors. The objectives of the Plan are to align executive and stockholder long-term interests by creating a link between executive compensation and stockholder return and to enable executives and other key employees to develop and maintain a long-term stock ownership position in the Company. Under the Company's plan, the Compensation Committee determines the identity of recipients and the amount of benefits to be received by each recipient. Generally, options are granted at an exercise price equal to the fair market value of the

11

Stock Performance Plan. In 2000, the Board of Directors adopted the Lawson Products, Inc. Stock Performance Plan under which the Compensation Committee may grant key management employees stock performance rights which will entitle the holders to receive, in cash, the appreciation in the fair market value of the Company's Common stock from the date of the initial grants up to the date the rights are exercised. The Compensation Committee primarily uses stock performance rights for long term incentive compensation for its key employees.

Other Benefits. The Company maintains an Executive Deferral Plan for certain executives. The Company also provides a variety of other benefits including a Profit Sharing Plan, which are generally available to Company employees.

The Report of the Compensation Committee of the Board of Directors and the Stock Price Performance Graph shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.
