**QUESTIONS AND ANSWERS ABOUT THE 2024
ANNUAL MEETING AND VOTING**

How do I vote?

You can vote at the Annual Meeting using the voting procedures set forth at www.meetnow.global/M6ZCFXZ or by proxy without attending the meeting. You may also vote your shares by telephone or via the Internet as set forth in the enclosed proxy. Even if you expect to attend the virtual annual meeting, we strongly encourage you to sign and return the enclosed proxy in the envelope provided. If you execute a proxy, you still may attend the virtual meeting and vote using the voting procedures set forth at www.meetnow.global/M6ZCFXZ.

Can I change my vote?

Yes. If you are a registered stockholder, you can change your proxy vote or revoke your proxy at any time before the Annual Meeting by:

- (1) Revoking it by written notice to Richard D. Pufpaf, our Secretary, at 301 Commerce Street, Suite 1700, Fort Worth, Texas 76102 before your original proxy is voted at the Annual Meeting;
- (2) Delivering a later-dated proxy (including a telephone or Internet vote); or
- (3) Voting at the meeting using the voting procedures set forth at www.meetnow.global/M6ZCFXZ.

If you are a beneficial owner and hold your shares in "street name," please refer to the information forwarded by your bank, broker, or other holder of record for procedures on revoking or changing your proxy.

How many votes do I have?

You will have one vote for every share of Distribution Solutions Group, Inc. ("DSG", "Company", "we", "our") common stock that you owned at the close of business on March 28, 2024, except that, as discussed in Proposal 1 (Election of Directors), stockholders are entitled to cumulative voting in the election of directors. For all other proposals, you will have one vote for every share of DSG common stock that you own.

How many shares are entitled to vote?

There are 46,806,573 shares of DSG common stock outstanding as of March 28, 2024 and entitled to be voted at the meeting.

How many votes are needed to elect the directors?

- Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares present in person or represented by proxy.
- If any nominee should become unavailable for election as a director, which is not contemplated, the proxies will have discretionary authority to vote for a substitute.
- In the absence of a specific direction from a stockholder, proxies in respect of such stockholder's shares will be voted "For" the election of all named director nominees for which no specific direction is given by that stockholder.

How many votes are needed to pass Proposal 2 (Ratification of Appointment of Grant Thornton, LLP) and Proposal 3 (Advisory Vote to Approve Named Executive Officer ("Named Executive Officer" or "NEO") Compensation)?

- Assuming a quorum is present, approval of each of Proposals 2 and 3 requires the affirmative vote of the holders of a majority of the total voting power of the shares of Company common stock present in person or represented by proxy at the Annual Meeting.
- In the absence of a specific direction from a stockholder on any of Proposals 2 and/or 3, proxies in respect of such stockholder's shares will be voted "For" the proposal.

What if I vote “Withhold” for the election of a director?

Because directors are elected by a plurality of the votes cast at the Annual Meeting, a proxy marked “Withhold” with respect to one or more director nominees will have no effect on the election of the nominees, assuming that no other director candidates are properly nominated by any Company stockholder and that each director nominee receives at least one vote in the election.

What if I vote “Abstain” on any of Proposals 2 and/or 3 ?

A vote to “Abstain” on Proposal 2 and/or 3 will have the same effect as a vote “Against” that proposal.

What is required for a quorum to be present?

A quorum of stockholders is necessary to hold a valid Annual Meeting. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the total voting power of all outstanding shares of Company common stock entitled to vote at the Annual Meeting constitutes a quorum. Shares of Company common stock represented at the Annual Meeting by attendance in person or by proxy, whether or not such shares are voted (including shares for which a stockholder directs an “abstention” from voting), will be counted as present for purposes of determining a quorum. Shares underlying “broker non-votes” will also be counted as present for purposes of determining a quorum. If a quorum is not present, the Annual Meeting may be adjourned and reconvened at a later date and/or time.

What is a “broker non-vote”?

Under applicable stock exchange rules, banks, brokers or other nominees who hold shares in “street name” on behalf of the beneficial owner of such shares have the authority to vote such shares in their discretion on “routine” proposals when they have not received voting instructions from the beneficial owners. However, banks, brokers or other nominees are not allowed to exercise their voting discretion with respect to matters that under applicable stock exchange rules are “non-routine.” A so-called “broker non-vote” results when a bank, broker or other nominee returns a valid proxy voting on one or more matters to be voted on at a stockholders meeting but does not vote on a particular “non-routine” matter because the bank, broker or other nominee does not have discretionary authority to vote on such “non-routine” matter without voting instructions from the beneficial owner of the shares and has not received voting instructions on such “non-routine” matter from the beneficial owner of the shares. The Company believes that Proposals 1 and 3 are considered “non-routine” matters under applicable stock exchange rules, and Proposal 2 is considered a “routine” matter.

What is the effect of a broker non-vote on each of the proposals?

Because directors are elected by a plurality of the votes cast at the meeting, a broker non-vote on Proposal 1 will have no effect on the election of the nominees.

A broker non-vote on Proposal 2 and/or 3 is not considered voting power present at the Annual Meeting for purposes of such proposal, and therefore a broker non-vote will have no effect on the vote on any of those proposals.

Is my vote confidential?

Yes. Your voting records will not be disclosed to us except:

- As required by law;
- To the inspectors of voting; or
- In the event the election is contested.

The tabulator, the proxy solicitation agent, and the inspectors of voting must comply with confidentiality guidelines that prohibit disclosure of votes to DSG. The tabulator of the votes and at least one of the inspectors of voting will be independent of DSG and our officers and directors.

If you are a holder of record and you write comments on your proxy card, your comments will be provided to us, but your vote will remain confidential.

When will I receive the Proxy Statement?

This Proxy Statement will be available to stockholders on or about April 10, 2024 in connection with the solicitation of the accompanying proxy by our Board of Directors. Only stockholders of record at the close of business on March 28, 2024 are entitled to notice of and to vote at the Annual Meeting. We have retained Morrow Sodali LLC, 333 Ludlowe Street, 5th Floor, South Tower, Stamford, Connecticut, 06902, a firm specializing in the solicitation of proxies, to assist in the solicitation at a fee estimated to be \$7,000 plus expenses. Officers of the Company may make additional solicitations in person or by telephone. Expenses incurred in the solicitation of proxies will be borne by the Company.

If the accompanying form of proxy is executed and returned in time or you vote your shares by telephone or via the internet as set forth in the enclosed proxy, the shares represented thereby will be voted.

PROPOSAL 1: ELECTION OF DIRECTORS

Stockholders are entitled to cumulative voting in the election of directors. Under cumulative voting, each stockholder is entitled to that number of votes equal to the number of directors to be elected, multiplied by the number of shares such stockholder owns, and such stockholder may cast his or her votes for one nominee or distribute them in any manner he or she chooses among any number of nominees. Unless otherwise indicated on the proxy card, votes may, in the discretion of the proxies, be equally or unequally allocated among the nominees named below. Directors will be elected by a plurality of the votes cast at the meeting by the holders of shares represented in person or by proxy. Thus, assuming a quorum is present, the seven persons receiving the greatest number of votes will be elected as directors and votes that are withheld will have no effect.

The Amended and Restated By-Laws of the Company provide that the Board of Directors shall consist of such number of members, between five and nine, as the Board determines from time to time. The Company is currently evaluating whether it will fill the resulting vacancy on the Board to replace its departing director, Mr. Albert, who as previously disclosed will not stand for reelection at the Annual Meeting. At the annual meeting, seven directors are to be elected to serve until the 2025 annual meeting of stockholders. Recommendation of the Board

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THESE NOMINEES.

PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON, LLP

The Audit Committee of the Board of Directors (the “Audit Committee”) of the Company has appointed Grant Thornton, LLP (“GT”) to serve as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2024. Although the Company’s governing documents do not require the submission of this matter to stockholders, the Board of Directors considers it desirable that the appointment of GT be ratified by stockholders.

Changes in the Company’s Independent Registered Public Accounting Firm

As previously reported in the Company’s Form 8-K filed with the U.S. Securities and Exchange Commission (“SEC”) on May 25, 2023 (the “Auditor Change Form 8-K”), on May 19, 2023, the Audit Committee approved the dismissal of BDO USA, LLP (“BDO”) as the Company’s independent registered public accounting firm.

BDO’s report on the Company’s financial statements as of and for the year ended December 31, 2022 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles. BDO’s report on the effectiveness of internal control over financial reporting included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2022 expressed an adverse opinion on the effectiveness of the Company’s internal control over financial reporting as of December 31, 2022.

During the years ended December 31, 2021 and December 31, 2022 and the subsequent interim period preceding the dismissal of BDO on May 19, 2023, there were (i) no “disagreements” (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) with BDO on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO, would have caused BDO to make reference to the subject matter of the disagreements in connection with BDO’s report; and (ii) no “reportable events” (as that term is defined in Item 304(a)(1)(v) of Regulation S-K), except for the previously disclosed material weakness regarding management’s failure to have sufficient technical accounting resources and personnel at TestEquity to design and maintain controls over i) business combinations, ii) disposal of rental equipment, iii) revenue recognition, iv) account reconciliations, v) accounting policies and vi) segregation of duties. This reportable event was discussed among the Company’s management, the Audit Committee, the board of directors of the Company and BDO. BDO has been authorized by the Company to respond fully to the inquiries of GT, the successor accountant, concerning this reportable event.

As also previously reported in the Auditor Change Form 8-K, on May 19, 2023, the Audit Committee approved the appointment of GT as the Company’s new independent registered public accounting firm. GT was formally engaged on May 25, 2023.

During the years ended December 31, 2021 and December 31, 2022 and the subsequent interim period preceding the appointment of GT on May 19, 2023, neither the Company nor anyone on its behalf consulted with GT regarding (i) either the application of accounting principles to a specific transaction (either completed or proposed); or the type of audit opinion that might be rendered on the Company’s financial statements, and neither a written report nor oral advice was provided to the Company that GT concluded was an important factor considered by the Company in reaching a decision as to any accounting, auditing or financial reporting issue, or (ii) any matter that was either the subject of a “disagreement” (as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a “reportable event” (as that term is defined in Item 304(a)(1)(v) of Regulation S-K).

Additional Information

GT audited the Company’s 2023 consolidated financial statements, and BDO audited the Company’s 2022 consolidated financial statements. See “Fees Paid to Independent Auditors” for additional information, including certain information about fees paid to GT and BDO.

One or more representatives of GT are expected to be present at the meeting. The representatives of GT will have an opportunity to make a statement if they desire, and are expected to be available to respond to questions from stockholders.

If the appointment of GT is not ratified, the Audit Committee of the Board of Directors will reconsider the appointment.

Recommendation of the Board

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON, LLP.

PROPOSAL 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION (SAY-ON-PAY VOTE)

As required by Section 14A of the Exchange Act we are providing our stockholders with a vote on a non-binding, advisory basis on the compensation of our Named Executive Officers ("NEOs"), as such compensation is disclosed under Item 402 under the SEC's Regulation S-K in the Compensation Overview ("Overview") section of this Proxy Statement, the accompanying tabular disclosure regarding such compensation and the related narrative disclosure.

The Company held its first advisory, non-binding stockholder vote on the compensation of the Company's NEOs (commonly known as a "Say-on-Pay Proposal") at its 2011 annual meeting of stockholders. The Company held its most recent stockholder vote on the frequency of such Say-On-Pay Proposals at its 2017 annual meeting of stockholders and, at such meeting, the stockholders of the Company elected to hold a say-on-pay vote every year. In light of the foregoing, the Compensation Committee implemented a stockholder advisory vote on executive compensation on an annual basis. At our annual meeting of stockholders held on May 19, 2023, our Say-on-Pay Proposal received 99.96% support from our stockholders (excluding broker non-votes and abstentions). The Compensation Committee believes that this most recent stockholder vote strongly endorsed the compensation philosophy of the Company.

Our executive compensation programs are designed to enable us to attract, motivate and retain executive talent critical to our success. Consistent with our performance-based compensation philosophy, we reserve a significant portion of potential compensation for performance- and equity-based programs. Our performance-based annual incentive program rewards the Company's NEOs for achievement of key operational goals that we believe will provide the foundation for creating long-term stockholder value, while our equity awards, mainly in the form of market stock units ("MSUs"), stock performance rights ("SPRs"), restricted stock units ("RSUs"), performance-based awards ("PAs"), non-qualified stock options and restricted stock awards ("RSAs"), reward long-term performance and align the interests of management with those of our stockholders. In 2022, the primary focus of the long-term incentive program transitioned to equity awards primarily granted in the form of non-qualified stock options that are significantly "out of the money" and will only realize value in the event of significant appreciation in the Company's stock price.

Our Chairman, CEO and President, J. Bryan King, does not accept any form of compensation from the Company in connection with his role with the Company.

The Company also has adopted and adheres to best practices in executive compensation, including the adoption and maintenance of clawback provisions, prohibitions on hedging, and other policies, and eschews problematic pay practices. For example:

- our compensation programs are heavily weighted toward performance-based compensation;
- we have adopted and maintain compensation clawback provisions and have amended our Clawback Policy consistent with the requirements of the final Nasdaq listing standards implementing Exchange Act Rule 10D-1;
- we prohibit executives and directors from hedging their company stock ownership;
- we do not provide for tax gross-ups for change-in-control payments;
- we do not provide supplemental pension benefits or any other perquisites for former or retired executives;
- we do not provide personal use of corporate aircraft, personal security systems maintenance and/or installation or executive life insurance;
- we do not pay or provide payments for terminations for cause or resignations other than for good reason; and
- our Compensation Committee is composed solely of independent, outside directors and it retains its own independent compensation consultant.

The Board believes that the above information and the information within the Compensation Overview section starting on page [24](#) of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with our stockholders' interests and support long-term value creation. Accordingly, the following resolution is to be submitted for a stockholder vote at the meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the NEOs, as disclosed pursuant to Item 402 of Securities and Exchange Commission Regulation S-K, including the Compensation Overview, the compensation tables and narrative disclosures in this Proxy Statement."

Because the vote is advisory, it will not be binding on the Board. The vote on this Say-On-Pay Proposal is not intended to address any specific element of compensation. However, as in the past, the Board and the Compensation Committee will review the voting results and take into account the outcome when considering future executive compensation arrangements. The Board and management are committed to our stockholders and understand that it is useful and appropriate to obtain the views of our stockholders when considering the design and initiation of executive compensation programs.

Recommendation of the Board

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" PROPOSAL 3 TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DESCRIBED IN THE COMPENSATION OVERVIEW, THE COMPENSATION TABLES AND NARRATIVE DISCLOSURES IN THE PROXY STATEMENT.

CORPORATE GOVERNANCE

Board Leadership Structure

Our Amended and Restated By-Laws provide that the roles of Board Chairman and President and Chief Executive Officer ("CEO") may be filled by the same or different individuals. This provides the Board the flexibility to determine whether these roles should be combined or separated based on the Company's circumstances and needs at any given time. The role of Chairman of the Board and CEO is currently held by J. Bryan King. In March 2017, the Board created the position of lead independent director and appointed Mr. Lee S. Hillman to this position to help reinforce the independence of the Board as a whole. Prior to Mr. Hillman's appointment, the Board did not have a lead independent director.

Lead Independent Director

Pursuant to our Corporate Governance Principles, the lead independent director shall be an independent, non-employee director designated by our Board who shall serve in a lead capacity to coordinate the activities of the other independent directors, interface with and advise the Chairman of the Board, and perform such other duties as are specified in the charter or as our Board may determine. As a result, we believe that the lead independent director can help ensure the effective independent functioning of the Board in its oversight responsibilities. In addition, we believe that the lead independent director is better positioned to build a consensus among directors and to serve as a conduit between the other independent directors and the Board chairperson. The lead independent director's responsibilities include that he/she:

- presides at all Board meetings at which the Chairman of the Board is not present and at all executive sessions;
- has authority to call meetings of the independent directors;
- serves as a liaison between the Chairman of the Board and the independent directors, and between the Chairman of the Board and CEO if the roles are held by different individuals, when necessary to provide a supplemental channel of communication;
- works with the Chairman of the Board in developing and approving Board meeting agendas, schedules, and information provided to the Board;
- guides the CEO succession process together with the Compensation Committee and with input from the Nominating and Corporate Governance Committee (and similarly guides the Chairman of the Board succession process if the Chairman of the Board and CEO roles are held by different individuals);
- ensures the implementation of a Committee self-evaluation process; reviews reports from each Committee to the Board; and provides guidance to Committee Chairs, as needed, with respect to Committee topics, issues, and functions;
- facilitates the Board's self-evaluation process; and
- communicates with significant stockholders and other stakeholders on matters involving broad corporate policies and practices when appropriate.

Board of Director Meetings and Committees

The Board of Directors has standing Audit, Compensation, and Nominating and Corporate Governance Committees. All of these committees have adopted a charter for their respective committee. These charters may be viewed on the Company's website, www.distributionsolutionsgroup.com, and copies may be obtained by request to the Secretary of the Company. Those requests should be sent to Corporate Secretary, Distribution Solutions Group, Inc., 301 Commerce Street, Suite 1700, Fort Worth, Texas, 76102.

Annual Meeting Attendance Policy

The Company expects all members of the Board of Directors to attend the Annual Meeting, but from time to time, other commitments may prevent a director from attending a meeting.

Director Attendance at Board of Directors and Committee Meetings

In 2023, the directors attended on average, either in person or via teleconference or video conference, 99.1% of the meetings of the Board of Directors and 100% of the respective Audit, Compensation, and Nominating and Corporate Governance Committees' meetings on which they served. As required under the applicable Nasdaq listing standards, in the fiscal year ending December 31, 2023, our independent directors met nine times in regularly scheduled executive sessions at which only our independent directors were present.

All of the directors attended the last Annual Meeting held on May 19, 2023. The following chart shows the membership and chairpersons of our Audit, Compensation, and Nominating and Corporate Governance Committees, number of committee meetings held in 2023 and committee member attendance.

(1) As previously disclosed, Mr. Albert will not stand for reelection at the Annual Meeting.

(2) Effective May 19, 2023, M. Bradley Wallace was elected to the Board.

The Audit Committee

The functions of the Audit Committee of the Board of Directors include (i) reviewing the Company's procedures for monitoring internal control over financial reporting; (ii) overseeing the appointment, compensation, retention and oversight of the Company's independent auditors; (iii) reviewing the scope and results of the audit by the Company's independent auditors; (iv) reviewing the annual audited financial statements and quarterly financial statements with management and the independent auditors; (v) periodically reviewing with the Company's General Counsel potentially material legal and regulatory matters and corporate compliance; and (vi) reviewing and approving all related party transactions. Additionally, the Audit Committee provides oversight of the Company's Enterprise Risk Management program.

The Audit Committee consists of Lee S. Hillman (Chair), Andrew B. Albert, Bianca A. Rhodes and Robert S. Zamarripa. Each member of the Audit Committee satisfies the independence requirements of The Nasdaq Stock Market and the SEC and satisfies the financial sophistication requirements of The Nasdaq Stock Market.

The Board of Directors has determined that Lee Hillman, member of the Audit Committee of the Board of Directors, qualifies as an "audit committee financial expert" as defined in Item 407(d)(5)(ii) of Regulation S-K, and that Mr. Hillman is "independent" as the term is defined in the listing standards of the NASDAQ Stock Market.

The Compensation Committee

The Compensation Committee discharges the responsibilities of the Board of Directors relating to compensation of the CEO and establishes compensation for all other executive officers of the operating companies and the named executive officers of the Company. The Compensation Committee is responsible for (i) reviewing and approving corporate goals and objectives relevant to the compensation for executive officers; (ii) evaluating the performance of executive officers in light of those goals and objectives; and (iii) setting the compensation level of executive officers based on this evaluation. The Compensation Committee also administers incentive compensation plans and equity-based plans established or maintained by the Company from time to time; makes recommendations to the Board of Directors with respect to the adoption, amendment, termination or replacement of the plans; and recommends to the Board of Directors the compensation for members of the Board of Directors. The Compensation Committee reviews and approves the compensation programs for the CEO and other executive officers whose compensation is included in this report. The CEO makes recommendations on compensation to the Compensation

Committee for all executive officers except himself or herself. The CEO may not be present in any meeting of the Compensation Committee in which his or her compensation is discussed.

The Compensation Committee consists of Lee S. Hillman (Chair), I. Steven Edelson, Mark F. Moon and Robert S. Zamarripa. Each member of the Compensation Committee has satisfied the independence requirements of The Nasdaq Stock Market (including the enhanced independence requirements for Compensation Committee members) and is an “outside director” as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”).

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies and nominates potential directors to the Board of Directors and otherwise takes a leadership role in shaping the corporate governance of the Company.

The Nominating and Corporate Governance Committee consists of Andrew B. Albert (Chair), I. Steven Edelson, Mark F. Moon and Bianca A. Rhodes. Each member of the Nominating and Corporate Governance Committee has satisfied the independence requirements of The Nasdaq Stock Market.

Director Nominations

The Nominating and Corporate Governance Committee will consider Board of Director nominees recommended by stockholders. Those recommendations should be sent to the Chairman of the Nominating and Corporate Governance Committee, c/o Corporate Secretary of Distribution Solutions Group, Inc., 301 Commerce Street, Suite 1700, Fort Worth, Texas, 76102.

The Nominating and Corporate Governance Committee will follow procedures which the Nominating and Governance Committee deems reasonable and appropriate in the identification of candidates for election to the Board of Directors and evaluating the background and qualifications of those candidates. Those processes include consideration of nominees suggested by an outside search firm, by incumbent members of the Board of Directors and by stockholders. The manner in which the Nominating and Corporate Governance Committee evaluates nominees for director is the same regardless of whether the nominee is recommended by a security holder.

The Nominating and Corporate Governance Committee will seek candidates having experience and abilities relevant to serving as a director of the Company and who represent the best interests of stockholders as a whole and not any specific interest group or constituency. The Board and Nominating and Corporate Governance Committee has a policy with regard to consideration of diversity in identifying director nominees as set forth under “Board Diversity Policy” on page 21. The Nominating and Corporate Governance Committee will consider a candidate’s qualifications and background including, but not limited to, responsibility for operating a public company or a division of a public company, other relevant business experience, a candidate’s technical background or professional qualifications and other public company boards of directors on which the candidate serves. The Nominating and Corporate Governance Committee will also consider whether the candidate would be “independent” for purposes of The Nasdaq Stock Market and the rules and regulations of the SEC. The Nominating and Corporate Governance Committee may, from time to time, engage the service of a professional search firm to identify and evaluate potential nominees. Mr. Wallace was referred by Andrew B. Albert as a board prospect to the Nominating and Governance Committee, which then conducted a thorough background check prior to nominating him to the Board of Directors.

Determination of Independence

The Company’s Board of Directors has determined that directors Andrew B. Albert, I. Steven Edelson, Lee S. Hillman, Mark F. Moon, Bianca A. Rhodes and Robert S. Zamarripa, are independent within the meaning of the rules of The Nasdaq Stock Market. In determining independence, the Board of Directors considered the specific criteria for independence under The Nasdaq Stock Market rules and also the facts and circumstances of any other relationships of individual directors with the Company. Mr. King, our Chairman of the Board, President and CEO, and Mr. Wallace are not considered independent directors.

The independent directors and the committees of the Board of Directors regularly meet in executive session without the presence of any management directors or representatives.

Code of Conduct

The Company, and its operating companies, has adopted a Code of Conduct applicable to all employees and sales representatives. The Company's Code of Conduct is applicable to senior financial executives including the principal executive officer, principal financial officer and principal accounting officer of the Company. The Company's Code of Conduct is available on the Corporate Governance page in the Investor Relations section of the Company's website at www.distributionsolutionsgroup.com. The Company intends to post on its website any amendments to, or waivers from its Code of Conduct applicable to senior financial executives. The Company will provide any persons with a copy of its Code of Conduct without charge upon written request directed to the Company's Secretary at the Company's address listed in this proxy statement.

The Board of Directors Role in Risk Oversight and Assessment

The Board is responsible for overseeing the most significant risks facing the Company and for determining whether management is responding appropriately to those risks. The Board implements its risk oversight function both as a whole and through committees. The Board has formalized much of its risk management oversight function through the Audit Committee.

The Board committees have significant roles in carrying out the risk oversight function which include, but are not limited to, the following:

- The Audit Committee provides oversight of the Company's Enterprise Risk Management program related to the Company's financial statements, the financial reporting process, accounting and legal matters and oversees the internal audit function; and
- The Compensation Committee oversees the Company's compensation programs from the perspective of whether they encourage individuals to take unreasonable risks that could result in having a materially adverse effect on the Company.

While the Board oversees risk management, Company management is charged with managing risk. Management is responsible for establishing and maintaining an adequate system of internal controls over financial reporting and establishing controls to prevent or detect any unauthorized acquisition, use or disposition of the Company's assets.

The Company has retained a consulting firm to serve as its internal audit department to monitor and test the adequacy of the internal controls and report the results of this oversight function to the Audit Committee on a regular basis. Part of the internal audit department's mission, as described in its charter, is to bring a "systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes." One way which the internal audit department carries this out is by evaluating the Company's network of risk management programs and reporting the results to the Audit Committee.

Management conducts detailed periodic business reviews of the Company's business. These reviews include discussions of future risks faced by various departments and functional areas across the organization. An example of our commitment to risk management is our adherence to the ISO 9001:2015 Standards ("ISO Standards") which is a quality management system that encompasses the supply chain and distribution centers. ISO standards require that we identify risks in the quality management system, plan actions to address the risk, and evaluate the effectiveness of those plans. We are audited by a third-party ISO certifier, and as part of this audit, we must demonstrate and show evidence of three items; the risks, the plan to address the risks, and the monitoring of the effectiveness of our internal controls.

The Company has also established a Disclosure Committee which is comprised of senior management from various functional areas. The Disclosure Committee meets at least quarterly to review all disclosures and forward-looking statements made by DSG to its security holders and ensures they are accurate and complete and fairly present DSG's financial condition and results of operations in all material respects.

Additionally, the Company has established and communicated to its employees a Code of Business Conduct, as mentioned previously, and maintains an ethics helpline where employees can confidentially and anonymously express any concerns they may have of any suspected ethics violations either through a dedicated website or through a toll-free telephone number. The Company requires various forms of annual compliance training of all employees.

Cybersecurity

Our Board, in coordination with the Audit Committee, oversees the management of risks from cybersecurity threats, including the policies, standards, processes and practices that the Company's management implements to address risks from cybersecurity threats. The Audit Committee reports to the Board on our cybersecurity risk management practices and performance, generally on a quarterly basis. The Audit Committee receives reports from senior members of management, including from each of our Chief Information Officers ("CIOs") (which include the CIO of each of our principal operating companies: Lawson Products, TestEquity and Gexpro Services), and the internal audit department regarding the cybersecurity risk management program. We have also established a governance structure under each of the CIOs that oversee investments in systems, resources, and processes as part of the continued maturity of our cybersecurity posture.

Our cybersecurity risk management program is part of our overall enterprise risk management program, and is focused on identifying, assessing, managing, and remediating material risks from cybersecurity incidents. We rely on risk-based security controls, including access limitations and contractual requirements on third-party service providers, as part of our overall approach of protecting the integrity, availability and confidentiality of our important systems and information. We have an established cyber incident response plan to respond to cyber incidents. Additional information relating to cybersecurity is contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

Human Capital Resources

Our organization supports a culture of continuous improvement and emphasizes the importance of addressing the needs of our customers. We require our employees to act with integrity in every aspect of our business while encouraging them to be results driven, team oriented and progressive.

As of December 31, 2023, our combined workforce included approximately 3,700 individuals, comprised of approximately 1,662 in sales and marketing, approximately 1,465 in operation and distribution and approximately 585 in management and administration. Approximately 1,685 individuals are within Lawson, 1,160 are within TestEquity, 712 are within Gexpro Services, with the remaining in corporate or other non-reportable segments. For more information with respect to Human Capital Resources, please refer to the Company's Annual Report on Form 10-K for the year ended December 31, 2023.

Board Diversity Policy

The Board believes that a board made up of highly qualified directors from diverse backgrounds and who reflect the changing population demographics of the markets in which the Company operates, the talent available with the required expertise, and the Company's evolving customer and employee base, promotes better corporate governance. To support this, the Nominating and Corporate Governance Committee will, when identifying candidates to recommend for appointment/election to the Board:

- consider only candidates who are highly qualified based on their experience, functional expertise, and personal skills and qualities;
- consider diversity criteria including gender, age, ethnicity and geographic background; and
- in addition to its own search, may engage qualified independent external advisors to conduct a search for candidates that meet the Board's skills and diversity criteria to help achieve its diversity aspirations.

Board appointments will be based on merit and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board, including race, ethnicity and gender. In furtherance of this commitment, the Nominating and Corporate Governance Committee shall require that the list of candidates to be considered by the Nominating and Corporate Governance Committee and/or the Board for nomination to our Board include candidates with diversity of race, ethnicity, and gender.

Social and Environmental Responsibility Policy

DSG is committed to understanding, monitoring and managing our social and environmental impact, and we recognize the importance of this responsibility as a discipline that helps us manage risks. In alignment with our Code of Business Conduct and our Corporate Governance Principles, we aim to ensure that matters of social and environmental responsibility are considered and supported in our operations and administrative matters and are consistent with DSG stakeholders' best interests.

This policy applies to activities undertaken by or on behalf of DSG and sets out the framework for managing our social and environmental commitment, for which our Board has responsibility for the overall strategy. In addition, the Board has delegated the day-to-day responsibility of implementation and adherence to this policy to various DSG leaders within the Company whose primary goal is to ensure that appropriate organizational structures are in place to effectively identify, monitor, and manage social and environmental responsibility issues and performance relevant to our business. This policy is built on the following areas that reflect existing and emerging standards of social and environmental responsibility. We will:

- **Stakeholder Engagement:** engage our key stakeholders including employees, customers, stockholders and suppliers, to ensure their needs and concerns are heard and addressed, and if appropriate, incorporated into our strategy;
- **Decision Making:** integrate social and environmental considerations in our decision-making processes;
- **Compliance with Laws and Regulations:** meet or exceed all legal and regulatory requirements, including social and environmental requirements, which are applicable to our business operations;
- **Workplace:** create a safe, healthy, fair and enriching working environment where all employees are treated with respect and are able to achieve their full potential;
- **Environment:** identify and minimize potential negative environmental impacts of our operations where possible;
- **Supply Chain:** work with vendors to strengthen the social and environmental aspects of products and services we deliver to our customers; and
- **Supplier Code of Conduct:** we are committed to the highest ethical standards in the conduct of our business affairs and in our relationships with suppliers and customers. The purpose of this policy is to communicate the policy we have in place for our employees regarding their receipt of business gifts, meals and entertainment.

Compensation Risk Assessment

The Compensation Committee has reviewed the compensation programs of the Company to determine if they encourage individuals to take unreasonable risks and has determined that any risks arising from these compensation programs are not reasonably likely to have a material adverse effect on the Company. The Compensation Committee reviewed the Company's existing compensation, with particular attention to the performance metrics, programs and practices that mitigate risk (e.g., clawback policies), and the mix of short-term and long-term compensation, and the Compensation Committee determined that these features promoted a responsible mix of compensation and risk.

Clawback Policy

In 2023, the Board of Directors timely approved an amended policy for recoupment of incentive compensation received by current or former executive officers on or after October 2, 2023 (the "Clawback Policy"). The Board of Directors adopted the updated terms of the Clawback Policy to meet the requirements of the final Nasdaq listing standards implementing Exchange Act Rule 10D-1. The Clawback Policy provides that following an accounting restatement, the Compensation Committee must assess whether any incentive amounts paid to current and former executive officers were in excess of what should have been paid based on the revised financials, and thus should be subject to recovery. The policy has a three-year look-back and applies to both current and former executives, regardless of such executive's fault, misconduct or involvement in causing the restatement. The Company's prior clawback policy will continue to cover compensation earned or received prior to October 2, 2023.

Anti-Hedging Policy

Under the Anti-Hedging Policy, the Company prohibits any executive officer of the Company or member of the Company's Board of Directors (or any designee of such executive officer or director) from purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds) that are designed to hedge or offset any decrease in the market value of Company common stock (a) granted to the executive officer or director by the Company as part of the compensation of the executive officer or director; or (b) held, directly or indirectly, by the executive officer or director.

Corporate Governance Principles (Guidelines)

The Corporate Governance Principles and the charters of the three standing committees of the Board of Directors describe our governance framework. The Corporate Governance Principles and charters are intended to ensure our Board has the necessary authority and practices in place to review and evaluate our business operations and to make decisions that are independent of management. Our Corporate Governance Principles also are intended to align the interests of directors and management with those of our stockholders and comply with or exceed the requirements of the Nasdaq Stock Market and applicable law. They establish the practices our Board follows with respect to:

- Responsibilities of directors
- Board size
- Director independence
- Attendance at meetings
- Access to senior management

Copies of these Corporate Governance Principles are available through our website at www.distributionsolutionsgroup.com. The Company will also provide a copy of the Code of Business Conduct without charge upon written request directed to the Company at c/o Corporate Secretary, Distribution Solutions Group, Inc., 301 Commerce Street, Suite 1700, Fort Worth, Texas, 76102.

Stockholder Communications with the Board of Directors

Stockholders may send communications to members of the Board of Directors by either sending a communication to the Board of Directors or a committee thereof and/or a particular member c/o Corporate Secretary, Distribution Solutions Group, Inc., 301 Commerce Street, Suite 1700, Fort Worth, Texas, 76102. All such communications will be reviewed promptly and, as appropriate, forwarded to the Board of Directors or the relevant committee or individual member of the Board of Directors or committee based on the subject matter of the communication. With respect to other correspondence received by the Company that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, product and services complaints, product and services inquiries, resumes and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations and advertisements.

REMUNERATION OF EXECUTIVE OFFICERS

COMPENSATION OVERVIEW

We continue to qualify as a “smaller reporting company,” as defined in Item 10(f)(1) of Regulation S-K promulgated under the Exchange Act, for purposes of this proxy statement. We have elected to provide in this proxy statement certain scaled disclosures as permitted under the Exchange Act for smaller reporting companies. Therefore, we do not provide in this proxy statement a compensation discussion and analysis or a compensation committee report, compensation and risk and compensation ratio disclosures, among other disclosures.

This section of the proxy statement explains how our executive compensation programs are designed and operate in practice with respect to our executives and specifically the following persons who constitute the Company’s NEOs.

Named Executive Officer	Title
J. Bryan King	Chairman, President and Chief Executive Officer
Ronald J. Knutson	Executive Vice President, Chief Financial Officer and Treasurer
Cesar A. Lanuza	President and Chief Executive Officer, Lawson Products, Inc.

DSG NEO Business Overview and Management Structure

DSG has three principal operating companies: Lawson Products, Inc., an Illinois corporation (“Lawson”), TestEquity Acquisition, LLC, a Delaware limited liability company (“TestEquity”), and 301 HW Opus Holdings, Inc., a Delaware corporation conducting business as Gexpro Services (“Gexpro Services”). The complementary distribution operations of Lawson, TestEquity and Gexpro Services were combined on April 1, 2022, to create a global specialty distribution company. With that said, there are three distinct senior management teams, including chief executive officers and chief financial officers, who have duties and responsibilities primarily at the operating company level, including certain executives, who have a significant portion of their duties and responsibilities at the DSG/holding company level as well.

Compensation Practices, Philosophy and Objectives

Our Compensation Committee has oversight for the executive compensation programs for the three operating companies’ NEOs and executive officers. The Company’s combined executive compensation programs reward executives for the development and execution of successful business strategies that lead to profitable growth. To deliver the appropriate mix of compensation for each NEO, we provided annual cash compensation, which included a base salary and an annual incentive opportunity based on pre-established performance goals related to each operating company’s performance relative to their annual budget, and a long-term incentive opportunity, which is largely based on increases to share price of the Company’s common stock from the date of grant. We believe the mix of these forms of compensation, in the aggregate, balances the reward for each NEOs’ and other executive’s contributions to our Company. Combining salary and our equity award program, we strive to offer a total level of compensation that is competitive within specific roles and geographical markets. Additionally, our compensation programs are designed to encourage and reward the creation of long-term stockholder value. Lastly, Executives, who have duties and responsibilities at both the operating company as well as the DSG/holding company levels will generally be tied to annual incentive plan performance goals of the operating company he or she is aligned with for the plan year.

Furthermore, we believe that compensation for individuals who are responsible for DSG’s strategic direction and operations should be motivated to achieve sustainable stockholder value and/or tangible milestones rather than to simply remain at DSG or maintain the status quo. Therefore, we are increasingly emphasizing for our executive officers the grant of above-market stock option awards, which have zero initial value and accumulate value, only to the extent that our stock price significantly increases following their grant, through the applicable vesting dates and until such stock options are ultimately exercised and the underlying shares are sold. Our Chairman, CEO and President, Mr. King, does not accept any form of compensation from the Company in connection with his role with the Company.

The Company guides its executive compensation programs with a compensation philosophy expressed in these three principles:

- (1) *Talent Acquisition & Retention.* We believe that having qualified people at every level of our Company is critical to our success. Our compensation programs are designed to encourage talented executives to join and continue their careers as part of our senior management team.

(2) *Accountability for DSG's Business Performance.* To achieve alignment between the interests of our executives and our stockholders, we used short-term and long-term incentive awards. Our NEOs' compensation increased or decreased based on how well they achieved the established performance goals and the increase in stockholder value.

(3) *Accountability for Individual Performance.* We believe teams and individuals should be rewarded when their contributions are exemplary and significantly support Company performance and value creation.

When making compensation decisions, the various elements of compensation were evaluated together, and the level of compensation opportunity provided for one element may have impacted the level and design of other elements. We attempted to balance our NEO total compensation program to promote the achievement of both current and long-term performance goals. Lastly, we evaluate our compensation philosophy and programs regularly and evolve them as circumstances merit with oversight by the Compensation Committee, particularly with respect to executive and director compensation.

Key Factors in Determining Executive Compensation

Role of Compensation Committee in Executive Compensation

The Compensation Committee has overall responsibility for recommending to the Board the compensation of our CEO & President and reviewing and determining the compensation of our other executive officers. Members of the Compensation Committee are appointed by the Board. Currently, the Compensation Committee consists of four members of the Board: Lee Hillman (Chair), I. Steven Edelson, Mark Moon and Robert Zamarripa, none of whom is an executive officer of DSG, and each of whom qualifies as (i) an "independent director" under the NASDAQ Stock Market Rules and (ii) an "outside director" under Section 162(m) of the Code. See "Corporate Governance—Board Meetings and Committees—Compensation Committee".

Determination of Competitive Practices

Peer Group for Compensation Benchmarking

Prior to the 2022 merger, for the Lawson operating company we maintained two peer groups of public companies - a "core" and a "supplemental" group of companies - to assist the Company, the Compensation Committee and the Board to understand the current competitiveness of the total direct compensation ("TDC") of its NEOs as compared to market practices. The Company used the data from the peer groups to benchmark TDC, which includes the level of base salaries and the mix, form and size of annual and long-term incentives provided to executives of similar companies to Lawson in terms of industry and size. However, as a result of the Company's merger in 2022, the size of the Company in terms of revenue, profit and market cap increased substantially. Additionally, as a result of the merger, we have executives who may be employed as an officer in DSG, or in one of the Company's operating companies – Lawson, Gexpro Services or TestEquity – for which it may be more appropriate to use a different peer benchmark than that used for a DSG executive. In addition, the Board of Directors is responsible for governance oversight over DSG, as well as the operating companies. In order to maintain appropriate market benchmarks for our executives and Directors, the Compensation Committee engaged FGМК, LLC ("FGМК"), an independent advisory firm, to review the peer groups to determine their continued relevance for helping make sound compensation decisions.

First, as a result of this review, we established a peer group of 13 companies aligned with the size and industry classification of DSG. The DSG peer group had a median revenue of approximately \$1.469 billion and a market capitalization of \$1.499 billion for 2023 compared to DSG's 2023 revenue of \$1.570 billion and market capitalization of \$1.478 billion.

Distribution Solutions Group, Inc. Peer Group

Applied Industrial Technologies, Inc.	Kadant Inc.
Barnes Group Inc.	MRC Global Inc.
DXP Enterprises, Inc.	DNOW Inc.
Global Industrial Company	Park-Ohio Holdings Corp.
H&E Equipment Services, Inc.	Tennant Company
Helios Technologies, Inc.	TriMas Corporation
Herc Holdings Inc.	

Second, the industry and size of the core and supplemental peer groups remained aligned with the three operating companies, accordingly we intended to continue to utilize a core and supplemental peer group at the operating company level. However, due to industry consolidation and a significantly reduced number of companies in the core peer group in 2023, we combined various companies from our previous core peer group utilized with selected companies from the supplemental peer group to create a new operating company peer group (“the OPG”). The OPG consists of 14 companies with similar industry classification and revenues to that of the operating companies. The OPG companies had 2023 median revenue of approximately \$452 million as compared to the operating companies’ 2023 revenue of \$525 million for Lawson, \$406 million for Gexpro and \$642 million for TestEquity.

The OPG includes the following companies:

Operating Company (Lawson, TestEquity or Gexpro Services) Peer Group	
AMPCO-Pittsburgh Corp.	Hurco Companies, Inc.
Ascent Industries Co.	Insteel Industries, Inc.
Columbus McKinnon Corporation	NN, Inc.
The Eastern Company	Perma-Pipe International Holdings, Inc.
L.B. Foster Company	The L.S. Starrett Company
The Gorman-Rupp Company	Twin Disc, Incorporated
Haynes International, Inc.	Trex Company, Inc.

The Compensation Committee believes that the proxy peer group benchmarking provides an accurate indicator of total compensation paid by companies with executives that have skills and responsibilities similar to the Company’s executives. Compensation for the Company’s executives is generally managed within the ranges of compensation paid by companies in their applicable peer group.

NEO Compensation Competitiveness Compared to the Peer Group

Annually, as part of our determination of the competitiveness of our executive officers' TDC to market practices, we have analyzed and reported on each NEO’s actual TDC (current base salary, three-year average AIP bonus payout and the three-year average LTI grant value) compared to the peer groups’ median and 75th percentiles. Since Mr. King does not receive compensation for his services to the Company, a benchmarking is not necessary. Accordingly, we are providing our benchmark analysis for only two of our three current NEOs, Messrs. Lanuza and Knutson. Mr. Knutson has the dual role of CFO of DSG and Lawson. Accordingly, we are providing a comparison of his TDC to CFOs of the DSG peer group. Since Mr. Lanuza serves as an executive of Lawson and not DSG, we compared his TDC to CEOs of the OPG.

Role of Executives in Setting Compensation

Executive officers will generally make compensation recommendations to the operating companies' chief executive officers regarding employees who report to them. Executives are not involved in decisions regarding their own compensation. The Compensation Committee has overall responsibility for the compensation programs for the CEO and other NEOs, as well as the executive officers at the three operating companies, as described in the Corporate Governance section under “The Compensation Committee”. The CEO may not be present in any meeting of the Compensation Committee in which his compensation is discussed.

Role of the Independent Compensation Consultant

The Compensation Committee has the authority to engage and has from time to time engaged the services of outside consultants to assist in making decisions regarding the establishment of DSG's compensation philosophy and programs, including for executives and directors. In 2023, the Compensation Committee engaged FGМК to perform benchmarking analyses of executive officer and director compensation and make recommendations on peer group determination, performance metrics and incentive opportunity levels for the NEOs, as well as for independent members of the Board of Directors. FGМК was asked to make recommendations related to equity award incentives, including plan design, performance metrics and goals, and related incentive opportunities and estimated plan costs. FGМК performs no other services for the Company. The Compensation Committee has reviewed the independence of FGМК in light of SEC rules and Nasdaq listing standards regarding compensation consultants and has concluded that FGМК's work for the Compensation Committee does not raise any conflict of interest. All work performed by FGМК is subject to review and approval of the Compensation Committee who has the right to terminate FGМК at any time.

Response to Say-On-Pay Vote

The advisory stockholder vote on the executive compensation for the Company's NEOs Say-on-Pay Proposal is non-binding. However, the Compensation Committee has considered, and will continue to consider, the outcome of this vote each year such a vote is taken when making compensation decisions for our CEO and other NEOs. At our annual meeting of stockholders held on May 19, 2023, our Say-on-Pay Proposal received 99.96% support from our stockholders (excluding broker non-votes and abstentions). The Compensation Committee believes that this stockholder vote strongly endorsed the compensation philosophy of the Company. Accordingly, the Compensation Committee did not take any specific actions with respect to its executive compensation programs as a direct result of the 2023 Say-on-Pay Proposal. The Compensation Committee will continue to consider the outcome of the Company's Say-on-Pay votes when making future compensation decisions for the NEOs. In 2023, the stockholders favored an annual frequency for the Say-on-Pay Proposal; therefore, the Compensation Committee implemented a stockholder vote on executive compensation on an annual basis.

Current Elements of Named Executive Officer Compensation

Overview and 2023 Company Highlights

Our current executive compensation programs, which were developed and approved by the Compensation Committee, generally consists of base salary, an annual incentive, and equity-based incentives, as well as other broad-based health & welfare benefits generally available to employees. We combine these elements in order to formulate compensation packages with the goal of providing, on a total basis, competitive pay and alignment of our NEOs' interests with long-term stockholder interests. This alignment is achieved by tying the value of the NEOs' compensation to our long-term stock price and/or the achievement of financial, operational and strategic objectives. In 2023, the Company's full-year accomplishments under our executive leadership included the following:

- The annual stock price appreciation from fiscal year-ending 2022 to 2023 was 71.2%.
- Revenue was \$1.57 billion, an increase of \$419.0 million or 36.4% compared to 2022. On a comparable basis (including 12 months of Lawson in 2022), pro forma revenue grew 23.7%. Organic revenue grew 2.9% for 2023 versus 2022 with the remaining increase driven by acquisitions.
- Operating income increased \$1.2 million from the prior year to \$43.0 million, after the effect of non-cash acquired intangible amortization and \$50.5 million of non-recurring acquisition related severance and retention costs, stock-based compensation and other non-recurring items. Adjusted operating income, excluding these non-cash and non-recurring items, grew 27.0% to \$93.4 million compared to \$73.6 million in 2022.
- Non-GAAP adjusted EBITDA grew to \$157.0 million in 2023, or 10.0% of revenue, compared to \$123.0 million or 9.7% of comparable revenue inclusive of Lawson for 12 months in 2022.
- GAAP Diluted loss per share was \$0.20 for the year compared to earnings per diluted share of \$0.21 in the year-ago period. Non-GAAP adjusted diluted earnings per share was \$1.42 compared to \$1.47 in the prior year on higher weighted average shares of 44.9 million in 2023 versus 35.1 million in 2022.

- The Company ended 2023 with total liquidity of \$298 million, consisting of \$99.6 million of cash (restricted and unrestricted) and \$198.3 million of availability under its credit facility with net debt leverage of 2.9x. Uses of cash for 2023 included net capital expenditures of \$18.7 million and share repurchases of \$3.6 million at an average price of \$26.09.

For additional information, please see the reconciliation of GAAP Revenue to Non-GAAP Adjusted Revenue and GAAP Operating Income to Non-GAAP Adjusted EBITDA table in Appendix A.

Elements of Total Compensation

In determining the type and amount of compensation for each eligible executive at our operating companies, other than our Chairman, President and CEO, we have used both annual cash compensation, which includes a base salary and an annual incentive award, as well as a long-term incentive opportunity, which is equity based. Our compensation programs have been designed to encourage and reward the creation of long-term stockholder value, while at the same time avoiding the encouragement of unnecessary or excessive risk-takings. The Compensation Committee believes the mix of these forms of compensation, in the aggregate, supported the Company's overall compensation objectives of attracting top talent for executive positions, incentivizing such executive officers, motivating and rewarding the achievement of individual and company goals and aligning the interests of executive officers with those of our stockholders. Our annual and long-term incentive plans provided for additional compensation for achievement above set performance targets such that an executive's compensation may reach the 75th percentile of market levels based upon performance. Going forward, the Compensation Committee intends to evaluate the elements of the total compensation opportunities available to executives in light of the relatively new corporate structure of DSG.

The following table describes each executive compensation element utilized in 2023 for our NEOs based on the philosophy and objectives described above as well as each element's link to our compensation philosophy.

Compensation Element	Philosophy Statement	Talent Acquisition and Retention	Accountability for Business Performance (Align to Stockholder Interests)	Accountability for Individual Performance (Support Company Performance and Value Creation)
Base Salary	We intend to provide base pay competitive to the market of industry peers across other industries where appropriate. Our goal is to strike a balance between attracting and retaining talent, expecting superior results and finding individuals who can focus on transforming our business. Base salary maintains a standard of living, is used to compete in the market for talent and forms the foundation for other reward vehicles.	X		
(1) Annual Incentive Plan	The 2023 AIP, as defined in the Annual Incentive Plan section, was designed to reward specific annual performance against business measures, such as Sales Revenue, Adjusted EBITDA, Working Capital and Enterprise Value, set by the Board at the start of the plan year. The amount of the 2023 AIP reward was determined by formula and can vary from 0% to 150% of an individual executive's original target incentive.	X	X	X
Long-Term Incentive Plan ("LTIP")	The LTIP was designed to align NEOs with the long-term interests of stockholders. Starting in 2022, the primary focus of the long-term incentive program transitioned to equity awards primarily granted in the form of non-qualified stock options that are significantly "out of the money" and will only realize value in the event of significant appreciation in the Company's stock price. RSUs were granted as a retention incentive aligned with future changes to share price.	X	X	X
Other Compensation and Benefit Programs	DSG's operating companies offer employee benefits programs that provide protections for health, welfare and retirement. These programs are standard within the United States and include healthcare, life, disability, dental and vision benefits, as well as a 401(k) program and other federally provided programs outside of the United States. A deferred compensation program is also provided to a select group of our management, including our NEOs, to provide for tax-advantaged savings beyond the limits of qualified plans.	X		

(1) Messrs. Lanuza and Knutson are participants in the Lawson operating company annual incentive plan.

Base Salary

The Compensation Committee is responsible for reviewing our Chief Executive Officer's and other executive officers' base salaries. The base salaries of all executive officers are reviewed and adjusted when necessary to reflect individual roles, performance and the competitive market. Except for Mr. King, annual base salary and cash bonuses are the primary cash-based element of our executive officers' compensation structure.

We provide NEOs and other employees, except for Mr. King, who does not receive any compensation from the Company in connection with his roles of Chairman, President & CEO, with a base salary to compensate them for services rendered during the fiscal year. Base salary represents the only fixed component of the three elements of our executive compensation program and is intended to provide a baseline minimum amount of annual compensation for our NEOs. Our base salary philosophy is intended to keep our fixed costs at an appropriate level for each role. In setting base salaries for the CEO and other executives, the Compensation Committee considers:

- Competitive market data based upon peer group benchmarking;
- The experience, skills and competencies of the individual;
- The duties and responsibilities of the respective executive;
- The ability of the individual to effectively transform our company and culture; and
- The individual's ability to achieve superior results.

We typically consider adjustments to NEO base salaries on an annual basis as part of our review process, as well as upon a promotion.

The following table sets forth information regarding the annualized base salary rates at the end of 2022 and 2023 for our NEOs:

Executive Name	2022 Base Salary ⁽¹⁾	2023 Base Salary ⁽²⁾
J. Bryan King	\$ —	\$ —
Ronald J. Knutson ⁽³⁾	435,000	480,000
Cesar A. Lanuza ⁽⁴⁾	600,000	600,000

(1) 2022 base salaries were effective March 16, 2022.

(2) 2023 base salaries were effective March 16, 2023.

(3) Mr. Knutson's base salary increase was determined based on his expanded scope, duties and responsibilities in connection with his being named to the dual role of CFO of DSG and Lawson.

(4) Mr. Lanuza joined as President and Chief Executive Officer of Lawson on April 4, 2022.

Annual Incentive Plan

We require our NEOs to be focused on achievement of the critical, strategic and tactical objectives that lead to annual success. Mr. Lanuza, as CEO of Lawson, and Mr. Knutson, in his dual role as CFO of DSG and CFO of Lawson, participated in the 2023 Lawson AIP ("AIP"). As mentioned above, executives, who have duties and responsibilities at both the operating company as well as the DSG/holding company levels will generally be tied to annual incentive plan performance goals of the operating company he or she is aligned with for the plan year. Therefore, Mr. Knutson's performance goals and associated incentive compensation opportunity is aligned with the AIP. Mr. King, does not receive any compensation from the Company in connection with his roles of Chairman, CEO & President, therefore did not participate in the AIP.

2023 AIP

Pursuant to the terms of the 2023 AIP, each NEO was granted a threshold, target and maximum bonus award opportunity expressed as a percentage of base salary. These bonus award opportunities range from 0% to 150% of the target AIP opportunity for our NEOs, with the exception of the DSG Enterprise Value performance goal which opportunity ranges from 0% to 125% of the target AIP opportunity.

At the beginning of each year, the Compensation Committee approves the assignment of a threshold, target and maximum objective for each financial performance measure. The target objectives for each performance goal for our NEOs, other than DSG Enterprise Value, are established based upon the operating budget approved by the Board. Actual year-end financial results for such measures are compared to plan objectives in order to determine the amount of any AIP bonus. If actual financial results fall between the threshold and target or the target and maximum objectives, bonuses are proportionately increased as a result of the threshold or target objective being exceeded. Notwithstanding the other provisions of the AIP, the Committee may reduce or eliminate any bonus payable to a NEO based upon the Committee's determination of individual performance or other factors it deems relevant. The Compensation Committee may not increase any bonus payable to a NEO.

Compensation Performance Metrics, Targets & Weighting

The DSG operating companies, including the NEOs aligned with Lawson, utilized pre-established performance criteria for their respective annual incentive plans that are intended to align executive compensation with its 2023 business objectives. The Adjusted EBITDA, Adjusted Net Sales and Working Capital metrics and results described below are based on the Lawson operating company.

- **Adjusted EBITDA**
 - The Adjusted EBITDA target of \$60.4 million was established based on planned 2023 Adjusted EBITDA. Actual 2023 Adjusted EBITDA, including stock-based compensation, acquisition related costs and severance, was \$71.9 million. This amount was adjusted for foreign exchange rate changes, unallocated DSG holding company costs that are not directly attributable to the ongoing operating activities of our reportable segments and executive recruiting fees, which were not included in the established target. The aggregate amount of all approved adjustments was an increase of \$0.4 million resulting in an Adjusted EBITDA of approximately \$71.9 million for 2023.
- **Adjusted Net Sales**
 - Adjusted Net Sales consisted of Net Sales, increased for the net effect of foreign exchange rate changes which were not included in the established target. The aggregate amount of all approved adjustments was an increase of \$1.2 million.
- **Working Capital**
 - Working capital target as a percent of sales of 22.70% was established based on the 2023 operating plan. Actual working capital as a percentage of sales achieved was 22.78%. Working capital is defined as trade accounts receivable plus inventory less trade accounts payable.
- **DSG Enterprise Value**
 - DSG Enterprise Value appreciation target of 25.0% was established for 2023. For this portion of the AIP, the Company defined DSG Enterprise Value using a multiple of 12 on pro-forma Adjusted EBITDA basis less net debt. For the 2023 measurement period, the equity proceeds from the \$100M rights offering were excluded from net debt in the enterprise value appreciation calculation. DSG Enterprise Value is intended to measure the appreciation in the underlying value of the Company and how well the NEOs increased earning and managed the Company's net debt/cash position.

The 2023 AIP financial performance targets, which were set at levels in excess of the actual 2022 results, were as follows (dollars in thousands):

	AIP Performance Targets		
	Threshold	Target	Maximum
Adjusted EBITDA	\$ 51,345	\$ 60,406	\$ 66,447
Payout percentage	50 %	100 %	150 %
Adjusted Net Sales	\$ 522,740	\$ 544,521	\$ 560,857
Payout percentage	50 %	100 %	150 %

Payout percentage	50 %	100 %	150 %
DSG Enterprise Value	20.00 %	25.00 %	35.00 %
Payout percentage	50 %	100 %	125 %

Under the 2023 AIP, target opportunities as a percent of each NEO's salary were set as follows:

Cesar A. Lanuza	600,000	100%	30%	30%	20%	20%

The 2023 AIP financial performance measure targets and payout percentages were as follows (dollars in thousands):

		Threshold	Target	Maximum
Adjusted EBITDA		\$ 51,345	\$ 60,406	\$ 66,447
Payout percentage	150.0 %	50 %	100 %	150 %
Adjusted Net Sales		\$ 522,740	\$ 544,521	\$ 560,857

2023 AIP – Performance Results and Bonus Payments

The actual financial results finished above stretch objective for Adjusted EBITDA, between threshold and target objectives for Adjusted Net Sales and Working Capital and between target and stretch objective for DSG Enterprise Value. This resulted in 2023 AIP payouts equal to 102.5% of the aggregate target award opportunity for our NEOs.

	2023 AIP Payout	
	Target Payout	Actual Payout
J. Bryan King ⁽¹⁾	\$ —	\$ —
Ronald J. Knutson	384,000	393,446
Cesar A. Lanuza	600,000	614,760

(1) Mr. King is not an active participant in the AIP plan and does not accept cash incentives based on performance.

Equity-Based Incentives/Long-Term Incentive Plan ("LTIP")

Equity-Based Incentives

In 2023, the primary focus of the long-term incentive program transitioned to equity awards primarily granted in the form of non-qualified stock options that were significantly "out of the money" at grant and will only realize value in the event of significant appreciation in the Company's stock price. We also continue to utilize RSUs as a retention tool as appropriate. Senior executives leading the other operating companies prior to the merger date are entitled to equity-based incentives that are separate and apart from the equity awards described herein.

Our equity award program is the primary vehicle for offering long-term incentives to our NEOs and other eligible executives. We grant incentive equity awards pursuant to the Distribution Solutions Group, Inc. Equity Compensation Plan, as amended, which was last approved by our stockholders in 2022. Historically, we have awarded MSUs, SPRs, RSUs, PAs, RSAs and non-qualified stock option awards. We are increasingly emphasizing for our NEOs, and other eligible executives, the grant of non-qualified stock option awards, which have value only to the extent, if any, that our stock price increases following their grant. Accordingly, all equity awards granted to our NEOs after the strategic combination of DSG were in the form of non-qualified stock option awards, with the exception of a RSU grant to Mr. Knutson described below. As a result, a significant portion of our NEOs' total compensation is entirely at risk, depending on long-term stock price performance.

Stock Split

On August 15, 2023, DSG announced that its Board of Directors approved and declared a two-for-one stock split (the "Stock Split") which entitled each stockholder of record as of the close of business on August 25, 2023 to receive one additional share of DSG common stock for each share of DSG common stock then-held. The additional shares were distributed after the close of trading on August 31, 2023, and shares of DSG common stock began trading at the split-adjusted basis on September 1, 2023. Accordingly, all share and per share amounts have been retroactively adjusted to reflect the impact of the Stock Split for all periods presented herein.

For illustrative purposes, with respect to any references to DSG's stock price and awards granted to our NEOs prior to the Stock Split, we have adjusted these to reflect the post-Stock Split price and award level.

Background - LTIP

The Compensation Committee directly engaged independent compensation consultant FGMK to make LTIP recommendations intended to be competitive with market practices, aligned with the Company's business goals, supportive of the Company's strategy for retaining and motivating leadership talent, and to reward superior performance. The LTIP design process allows the Committee to evaluate and consider the specific plan components each year. The LTIP is designed to incentivize financial performance over a longer time period than the AIP. The LTIP opportunity is formulated to be competitive with market practices and aligned with our compensation philosophy and objectives.

January 27th Grant

In 2022, the Committee reviewed the historical practice of granting annual LTIP awards and made the decision to make grants intended to cover participants LTIP opportunity for a longer performance cycle. This grant was granted to participants, including Mr. Knutson, on January 27, 2023 consisting of non-qualified stock options. One-fifth of the award shall vest on each of January 27, 2024, April 1, 2024, April 1, 2025, April 1, 2026 and April 1, 2027 contingent upon Mr. Knutson's continued employment through such date. The non-qualified stock options were granted to align participants with stockholders to drive Company enterprise value and growth in stock price, with exercise prices that were above the fair market value of DSG as of the grant date. For additional details on Mr. Knutson's grant, please see the Outstanding Equity Awards on December 31, 2023, table on page 45.

In addition to the non-qualified stock options, Mr. Knutson was granted 20,000 RSUs. One-fifth of the award shall vest on each of January 27, 2024, April 1, 2024, April 1, 2025, April 1, 2026 and April 1, 2027 contingent upon Mr. Knutson's continued employment through such date. RSUs were granted to Mr. Knutson as a retention incentive which are aligned to the long-term interests of stockholders by rewarding him for Lawson's share price change.

2021-2023 LTIP

In 2021, long-term incentive awards were granted to the NEOs using three LTI award opportunities: twenty percent (20%) of the total target opportunity was granted in the form of RSUs, forty percent (40%) in PAs, and forty percent (40%) in MSUs. The target value on the grant date of each award and the total 2021-2023 LTIP opportunity to each NEO is as follows:

Executive	RSU Target Award ⁽¹⁾	PA Target Award ⁽¹⁾	MSU Target Award ⁽¹⁾	Total 2021-2023 Opportunity
J. Bryan King ⁽²⁾	\$ —	\$ —	\$ —	\$ —
Ronald J. Knutson	61,108	122,216	122,216	305,540
Cesar A. Lanuza ⁽²⁾	—	—	—	—

(1) Additional shares are granted to Mr. Knutson in consideration for the two-year post-vest holding period applicable to vested shares. The additional shares are based on a two-year discount of 17.0%, as determined by an independent valuation. The additional shares over his Target award granted were as follows: 490 RSUs, 980 PAs and 1,234 MSUs.

(2) Messrs. King and Lanuza were not participants in the 2021 - 2023 LTIP.

- The RSUs vested in full upon the completion of the three-year performance cycle on December 31, 2023, as Mr. Knutson remained continuously employed by Lawson and the Company through such date. Mr. Knutson is subject to a two-year post-vest holding requirement on shares received from RSUs settled as part of the 2021-2023 LTIP. He cannot transfer or otherwise dispose of one-hundred percent (100%) of these shares until January 1, 2026.
- The PAs vested at 108.8% of the Target award based on Lawson's ROIC performance against annual ROIC targets set in conjunction with the approved Lawson operating plan, see details below. The PA payout was calculated based on Lawson's 3-year cumulative average ROIC results of 26.8% relative to the cumulative 3-year average ROIC Target performance goal of 26.1%. PAs vested as Company common stock. Mr. Knutson is subject to a two-year post-vest holding requirement on PAs awarded as part of the 2021-2023 LTIP. He cannot transfer or otherwise dispose of one-hundred percent (100%) of these awards until January 1, 2026.

	Threshold	Target	Maximum
3-Year Average ROIC Performance	22.2 %	26.1 %	30.0 %
% of Target PAs Vested	50 %	100 %	150 %

- The Company's trailing weighted average 60-trading day closing stock price as of December 31, 2023 was \$28.25. The MSU award was not awarded, as the 60-trading day weighted average closing stock price did not exceed the threshold of \$30.75.

	Threshold	Target	Maximum
Weighted Average Closing Stock Price (as of December 31, 2023)	\$ 30.75	\$ 35.75	\$ 40.50
% of Target MSUs Vested	50 %	100 %	150 %

Benefits and Retirement Plans

The NEOs are eligible for both “standard” and “non-qualified” benefits. Standard benefits are generally available to all of our employees and in some cases are subject to favorable tax treatment. Our standard benefit plans cover such items as health insurance, life insurance, vacation, profit sharing and 401(k) retirement savings. NEOs and employees are required to contribute to offset a portion of the cost of certain plans. In contrast to our standard benefits plans, non-qualified plans are not generally available to all employees and are not subject to favorable tax treatment under the Code.

Non-qualified benefits available to executives include the opportunity to receive profit sharing and 401(k) matching contributions in excess of the 2023 IRS annual compensation limit of \$330,000, but not to exceed their current base salary, as well as the opportunity to defer compensation in a deferred compensation plan. The deferred compensation plan allows participants to defer the receipt of compensation arising from cash or vested stock-based compensation until a later year from the year earned and, therefore, defer payment of income taxes into retirement years when their personal income and tax levels are generally lower. A feature of the deferred compensation plan allows participants to select a set of mutual funds for cash compensation deferrals, which are then tracked for growth. Lawson purchases life insurance policies which have been deposited into a rabbi trust to offset Lawson's deferred compensation liability. Executives in the plan are unsecured creditors of the Company.

Lawson has broad-based, qualified profit-sharing and 401(k) plans available to the NEOs, along with other employees, to facilitate retirement savings. Along with other employees, Lawson matches 100% of the first 3% and 50% of the next 2% of NEO contributions to the 401(k) plan. The Company does not offer any other post-retirement benefits to the CEO or other NEOs. For 2023, Lawson made a profit-sharing contribution of 0.50% of eligible earnings, which was allocated among participants, pro-rata, according to their compensation.

Perquisites

Generally, we do not provide any perquisites or other personal benefits to our named executive officers; however, each NEO is eligible to receive up to \$1,000 annually for services incurred during the year for financial planning.

Chief Executive Officer Compensation

Overview

Historically, in developing compensation recommendations for our Chief Executive Officer, the Compensation Committee has sought both to appropriately reward our Chief Executive Officer's previous and current contributions and to create incentives for our Chief Executive Officer to continue to contribute significantly to successful results in the future.

Mr. King has served as Chairman since March 18, 2019 and was elected President & CEO effective May 1, 2022. In conjunction to serving as our Chairman, Mr. King has contributed significantly and actively to the Company as a stockholder and board member since May 16, 2017.

Cash Compensation

Mr. King did not receive any base salary or non-equity incentive compensation for his services as President & CEO of the Company because he elected not to receive any form of cash compensation for his services.

Historical Equity Compensation

Mr. King did not receive any equity compensation for his services as President & CEO of the Company because he elected not to receive any form of equity compensation for his services.

Pay vs. Performance Table

The goal of the Pay Versus Performance (“PVP”) disclosure is to report the Compensation Actually Paid (“CAP”) to our proxy officers as of FYE as compared to the Company's Performance. Company performance is defined as cumulative total shareholder return (“TSR”) for the company and the peer group for the same period as under S-K, Item 201(e) (i.e., the performance graph).

As required by Item 402(v) of Regulation S-K, we are providing the following information regarding the relationship between executive compensation and our financial performance for each of the last three completed calendar years. In determining the “compensation actually paid” to our NEOs, we are required to make various adjustments to amounts that have been previously reported in the Summary Compensation Table (“SCT”) in previous years, as the SEC’s valuation methods for this section differ from those required in the SCT. The table below summarizes compensation values both previously reported in our SCT, as well as the adjusted values required in this section for the 2021, 2022 and 2023 calendar years.

Our NEOs during the 2021 - 2023 period were all Lawson employees.

PEO Summary Compensation Table Total to Compensation Actually Paid Reconciliation

As discussed, Mr. King does not receive any compensation from the Company in his role as President & CEO. As such, there is not a reconciliation to compensation actually paid.

Average Non-PEO Summary Compensation Table Total to Compensation Actually Paid Reconciliation

Year	Salary	Bonus and Non-Equity Incentive Compensation	Other Compensation ⁽¹⁾	SCT Table Total	Deductions from SCT Total ⁽²⁾	Additions to SCT Total ⁽³⁾	Compensation Actually Paid to Non-PEO NEOs

- (1) This column reflects “All Other Compensation” reported in the SCT for each year shown.
- (2) This column reflects the aggregate grant date fair value of equity-based awards granted each year as reported in the Stock Awards and SPR/Option Awards columns of the SCT for the applicable year, calculated in accordance with FASB ASC Topic 718. We do not sponsor or maintain any defined benefit pension plans and therefore, no deduction was made related to pension value.
- (3) This column reflects the value of equity-based awards calculated in accordance with Item 402(v) of Regulation S-K as required pursuant to SEC rules and based on the Company’s closing stock price on December 29, 2023 (the last trading day of the year) of \$31.56. Compensation actually paid is determined by taking the “Total Compensation” column amount from the SCT for each covered fiscal year and adjusting as follows for our PEO and Non-PEO Named Executive Officers, respectively. No adjustments are provided for Mr. King as PEO since he does not receive any compensation with respect to his service to the Company.

Total Adjustments	\$ 4,474,898

(1) We do not sponsor or maintain any defined benefit pension plans and therefore, so no adjustments were made related to pension value.

(2) The fair value or incremental fair value of all incentive equity awards is determined in accordance with ASC 718, "Compensation – Stock Compensation." The assumptions used for the fair value valuations in this table were completed using assumptions that did not differ materially from those assumptions used to determine the grant date fair value of our equity awards reflected in the Summary Compensation Table. In order to properly value the option awards using the Black-Scholes model we use for such grant date fair value, we made appropriate adjustments to the grant date assumptions to reflect changes in the historical and implied stock price volatility, expected life (including remaining vesting periods, remaining expiration periods and option gain levels), dividend yield and risk-free interest rates as of each measurement date. The value of outstanding performance-based awards in the covered fiscal year is based upon the probable outcome of the performance conditions as of the last day of the fiscal year.

As shown in the tables above, changes in the market price of our granted equity awards following the date of the grant impacts the level of compensation that is actually paid to our NEOs. To assist in understanding the changes in value of the equity awards reflected above, the following table reflects the value of one share of our common stock as of each of the following dates. If that date reflects a non-business day, the value reported is the last trading date of the applicable calendar year. As shown, the annual stock price appreciation from year-ending 2022 to 2023 is 71.2%.

- (1) Stock price reflects the post-Stock Split adjusted price level.
- (2) Stock price reflects the Lawson year-end stock price prior to the DSG merger date.
- (3) Stock price reflects the merger date of the operating companies that comprise DSG.

Relationship between CAP and the Company's Cumulative TSR

Relationship between CAP and the Company's Net Income over FY 2021 – 2023

The following graph depicts the relationship of the CAP received by our PEO and other NEOs in 2021, 2022 and 2023 to the Company's Net Income.

All information provided above under the "Pay vs. Performance Table" heading will not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended (the "Securities Act") or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing, except to the extent the Company specifically incorporates such information by reference.

Other NEOs Compensation Aligns With Performance

The total compensation cost for our other NEOs, Messrs. Lanuza and Knutson, continues to be aligned with Lawson's business results and the market value of the Company. A meaningful portion of the total compensation of these NEOs is provided in the form of non-qualified stock options of the Company, as well as MSUs and PAs, that are related to historical long-term incentive plans, with the actual value of these awards tied 100% to the Company's performance. For the 2021-2023 performance cycle, we are disclosing the granted pay opportunity, realizable and realized compensation for each NEO:

- Mr. Lanuza was awarded an above-market grant of 450,000 non-qualified stock options in 2022, with the entire award "out-of-the-money". As of grant date, the Company's stock price was \$17.69 per share.
- Mr. Knutson's 2021 and 2023 LTI opportunities are described above and in the "Elements of Total Compensation" section.

The chart below illustrates the aggregate realizable and aggregate realized compensation for the NEOs over the three-year performance period. Realizable compensation is lower than the granted pay opportunity due to a majority of the granted and outstanding awards consisting of non-qualified stock options that are "out of the money" and will only realize value in the event of further appreciation in the Company's stock price.

(1) The 2021-2023 aggregate granted pay opportunity, realizable and realized compensation for Messrs. Knutson covers the entire performance cycle for Mr. Knutson, as well as from Mr. Lanuza's hire date of April 4, 2022 through December 31, 2023.

(2) In the chart above, "Granted Pay Opportunity" equals the sum of the three prior years (i.e., 2021-2023): (i) salary (as reported in the SCT on page 43), (ii) target award opportunity of AIP, and (iii) the grant date fair-value of LTIP awards as reported in the SCT.

(3) In the chart above, "Realizable Pay" equals the sum of the three prior years: (i) salary earned, (ii) AIP earned, and (iii) the value of all earned long-term incentive awards for the completed performance cycle, as well as unvested LTIP awards for the ongoing performance cycle. All unvested long-term incentive awards are valued based on our stock price as of December 29, 2023 (the last trading day of the year) of \$31.56. The Company's trailing weighted average 60-trading day closing stock price as of December 31, 2023 was \$28.25, therefore the 2021-2023 MSU award was not awarded, as the 60-trading day weighted average closing stock price did not exceed \$35.75.

(4) In the chart above, "Realized Pay" equals the sum of the three prior years: (i) salary earned, (ii) AIP earned, and (iii) the value of all earned LTIP awards for the completed performance cycle.

Corporate Governance Practices Impacting Executive Compensation

The continued focus on our overall pay-for-performance philosophy is supported by the Company's compensation governance framework, which is demonstrated by the following policies:

- Anti-Hedging Policy - Our Anti-Hedging policy prohibits our directors, NEOs and other key executive officers from hedging the economic interest in the Company securities that they hold (as described in more detail under "Anti-Hedging Policy" on page 22).
- Clawback Policy - Our Clawback Policy protects the Company in the event that the Company is required to prepare an accounting restatement (as described in more detail under "Clawback Policy" on page 22).
- Gross-Up on Change-in-Control Payments - We do not pay tax gross-ups for change in control ("CIC") payments under Code Section 280G.

- Independent Compensation Consultant - The Compensation Committee's engagement of an independent compensation consultant that does not provide any services to management and that had no prior relationship with management prior to the engagement.
- Compensation Practices Not Permitted:
 - A supplemental executive retirement plan (SERP);
 - Single-trigger golden parachute payments;
 - Perquisites for former or retired executives;
 - Personal use of corporate aircraft, personal security systems maintenance and/or installation, car allowance, or executive life insurance; and
 - Payments for cause terminations or resignations other than for good reason following a change-in-control.

Separation and Change-in-Control

Employment and Change-in-Control Agreements

Messrs. Lanuza and Knutson have employment agreements with Lawson as further described in the "Compensation Agreements" section on page 41. Employment and change-in-control contracts help attract executives to work for the Company and its subsidiaries by protecting them from certain risks, such as position elimination in the event of a business reorganization or a change-in-control or sale of the Company or any of its subsidiaries. The executives or their heirs may receive benefits per the terms of their employment agreement in case of the executive's disability or death.

Tax & Accounting Considerations

Policy with Respect to Code Section 162(m)

Code Section 162(m) limits the Company's ability to deduct compensation paid in any given year to our "covered employees" (as defined by Section 162(m), generally, our current and former named executive officers) in excess of \$1.0 million. Prior to the enactment of legislation commonly referred to as the Tax Cuts and Jobs Act (the "TCJA"), Section 162(m) provided an exception from this deduction limit for certain forms of "performance-based compensation," which included the gain recognized by covered employees upon the exercise of compensatory stock options and on the vesting of performance share awards. The TCJA repealed the performance-based compensation exemption under Section 162(m), effective for taxable years beginning after December 31, 2017, subject to certain transition relief. This repeal means that compensation paid to our covered employees in excess of the \$1.0 million compensation limitation under Code Section 162(m) will not be deductible unless it qualifies for the limited transition relief applicable to certain arrangements in place as of November 2, 2017, commonly referred to as grandfathered amounts. While our Compensation Committee will continue to consider tax deductibility in determining executive compensation, the Compensation Committee will use its business judgment (as done from time to time in the past) when it is in our best interest to provide for compensation that may not be deductible.

Impact of Accounting Treatment

The Compensation Committee also considers the accounting treatment of the cash and equity awards in making decisions about the awards that the Company grants and maintains. The fair value of stock-based compensation, which includes equity incentives such as stock options, RSAs, RSUs and MSUs as well as cash-based SPRs, is measured in accordance with GAAP and is expensed over the applicable vesting period.

Code Sections 280G and 4999

Code Sections 280G and 4999 relate to a 20% excise tax that may be levied on a payment made to an executive as a result of a change-in-control ("CIC") if the payment exceeds three times the executive's base earnings (as defined by Code Section 280G). The Company seeks to minimize the tax consequences that might arise under a potential CIC of DSG by limiting the amount of compensation that may be paid to an executive in such a circumstance. In the event the excise tax is triggered, the existing CIC agreements provide that the Company will reduce the CIC payment by the amount necessary so that the payment will not be subject to the excise tax, if this would result in the most beneficial outcome for the executive, net of all federal state and excise taxes. Should the Company not reduce the payment as noted, the existing agreements do not provide for any gross-up payment related to potential Code Section 280G excise taxes, which are the sole responsibility of the executive.

COMPENSATION AGREEMENTS

Key terms of compensation agreements currently in effect between Lawson and the Company's NEOs are summarized below.

Mr. Cesar A. Lanuza

Mr. Lanuza is employed under an employment agreement dated as of April 4, 2022, as the President and Chief Executive Officer of Lawson. Pursuant to the agreement, Mr. Lanuza's base salary was set at \$600,000. The base salary will be subject to periodic review by the Compensation Committee of the Company's Board of Directors and may be increased by the Compensation Committee at any time. Mr. Lanuza is employed on an "at will" basis, and his employment may be terminated at any time at the option of Lawson or Mr. Lanuza, on the terms and subject to the conditions set forth in the agreement. Pursuant to this agreement, Mr. Lanuza is eligible for a performance-based annual incentive opportunity as determined each year by the Company's Board under the Company's Annual Incentive Plan, and he was awarded a grant of non-qualified stock options in connection with his employment.

In the event Lawson terminates Mr. Lanuza without Cause, or he terminates his employment for Good Reason (each as defined in the Employment Agreement), Mr. Lanuza will receive his then current base salary for two years and coverage under Lawson's health benefit plans for an additional two years following termination.

In the event of a Change in Control (as such term is defined in the Equity Plan), then (i) all outstanding unvested stock options shall vest 10 days prior to such Change in Control, (ii) all vested stock options shall become fully exercisable 10 days prior to such Change in Control, and (iii) if at the time of a Change in Control there are unexercised vested stock options, and the exercise price of the vested stock option is less than the price paid for a share of common stock in connection with the Change in Control, such stock options shall be cancelled, and Mr. Lanuza will receive the value of such stock option between the exercise price and the per-share price received by other shareholders at the time of forfeiture. If at the time of a Change in Control the exercise price of a vested stock option equals or exceeds the price paid for a share of common stock in connection with the Change in Control, and Mr. Lanuza has not exercised such vested stock option on or prior to the date of the Change in Control, such stock option shall be cancelled without the payment of consideration therefor.

In the event Mr. Lanuza's employment is terminated due to his death or if Lawson terminates his employment due to his Disability (as defined in the Employment Agreement) Lawson shall have no obligation to Mr. Lanuza except that Lawson shall pay him any accrued compensation.

Mr. Lanuza has agreed not to compete with the Company, its subsidiaries and other entities in which the Company and its subsidiaries have an ownership interest during the period of employment and for a period of eighteen months after the effective date of his termination.

Mr. Ronald J. Knutson

Mr. Knutson is employed under an employment agreement dated as of January 27, 2023, as the Executive Vice President and Chief Financial Officer of the Company and of Lawson. Pursuant to the agreement, Mr. Knutson was entitled to receive a base salary of \$435,000 per annum and is eligible for future merit increases as appropriate. The base salary may be increased by the Compensation Committee of the Company's Board of Directors. Mr. Knutson will be employed on an "at will" basis, and his employment may be terminated at any time at the option of the Company or Mr. Knutson, on the terms and subject to the conditions set forth in the agreement. The agreement provides that he will be eligible for a base salary, a performance-based annual incentive bonus, and he was granted equity-based compensation awards in 2023, including stock options and RSUs.

In the event the Company terminates Mr. Knutson without Cause, or if his employment is terminated due to his death or Disability, or if he terminates his employment for Good Reason (each as defined in the employment agreement), Mr. Knutson (or if Mr. Knutson dies while employed by the Company and prior to his attainment of age 65, his designated beneficiaries) will receive his then current base salary for two years and coverage under the Company's health benefit plans for an additional two years following termination, at his or the beneficiaries' cost.

In the event of a Change in Control (as such term is defined in the Equity Plan), then (i) all outstanding unvested stock options granted to Mr. Knutson shall vest 10 days prior to such Change in Control, (ii) all vested stock options shall become fully exercisable 10 days prior to such Change in Control, and (iii) if at the time of a Change in Control there are unexercised vested stock options, and the exercise price of the vested stock option is less than the price paid for a share of common stock in connection with the Change in Control, such stock options shall be cancelled, and Mr. Knutson will receive the value of such stock option between the exercise price and the per-share price received by other shareholders at the time of forfeiture. If at the time of a Change in Control the exercise price of a vested stock option equals or exceeds the price paid for a share of common stock in connection with the Change in Control, and Mr. Knutson has not exercised such vested stock option on or prior to the date of the Change in Control, such stock option shall be cancelled without the payment of consideration therefor.

Mr. Knutson has agreed not to compete with the Company, its subsidiaries and other entities in which the Company and its subsidiaries have an ownership interest during the period of his employment and for a period of eighteen months thereafter.

NON-QUALIFIED DEFERRED COMPENSATION

Under the executive deferral plan, certain executives, including NEOs, may defer portions of their base salary, bonus, and LTIP award amounts. Deferral elections are made by eligible executives by the end of the year proceeding the plan year for which the election is made. An executive may defer a minimum of \$2,000 aggregate of base salary, bonus and/or LTIP award. The maximum deferral amount for any plan year is 80% of base salary, 100% of bonus and 100% of LTIP amounts. Lawson also makes a contribution to the 2004 Deferral Plan equal to the amount the executives, including NEOs, would have received under the applicable tax-qualified 401(k) plan, but for Internal Revenue Code limits.

The investment options available to an executive include funds generally similar to or as available through its qualified retirement plan. Lawson does not provide for any above market return for participants in the 2004 Executive Deferral Plan.

An executive may elect to receive distributions under three scenarios, receiving benefits in either a lump sum or in annual installments up to five years in the event of termination and up to fifteen years in the event of death or disability. Upon demonstrating an unforeseeable financial emergency and receipt of approval from the Compensation Committee, an executive may interrupt deferral or be allowed to access funds in his deferred compensation account.

DIRECTOR COMPENSATION IN 2023

Director Compensation

The Compensation Committee is responsible for reviewing director compensation and making adjustments to the structure when necessary to reflect material changes to the complexity of the Company. The Board's governance responsibility significantly expanded and increased in complexity as a result of the transition from overseeing the former Lawson operating company to DSG. As a result, the Board requested an updated peer group benchmarking analysis from FGMK and then approved changes to director compensation during its July 22, 2022 meeting which was approved and went into effect January 1, 2023.

The prior director compensation program was aligned with Lawson only, whereas DSG is a significantly larger and more complex entity. Therefore, starting in 2023, the Company's non-employee directors were eligible to receive an annual cash retainer of \$75,000 (paid on a quarterly basis) for participating in the Board and Board committee meetings. Our non-employee directors also received a regular cycle annual RSU grant with a grant date fair value of \$125,000 that cliff-vests upon the one-year anniversary of the date of grant. Directors' travel expenses for attending meetings are reimbursed by the Company. The Compensation Committee meets annually to review and approve director compensation. Director fees are pro-rated for periods of service less than a full year.

The independent Lead Director and the Chairpersons of the respective Board committees are also eligible for cash retainers as follows:

Committee Chairperson	Additional Cash Retainer (\$)
Independent Lead Director	50,000
Audit	25,000
Compensation	20,000
Nominating and Corporate Governance	10,000

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company's policy regarding related party transactions is outlined in the Code of Business Conduct which is applicable to all employees and sales representatives and is available on our website at www.distributionsolutionsgroup.com in the investor relations corporate governance section. Additionally, all directors and senior officers of the Company must complete an annual questionnaire in which they are required to disclose in writing any related party transactions.

The Company's policy is for all transactions between the Company and any related person to be promptly reported to the Company's Secretary and General Counsel who will gather the relevant information about the transaction and present the information to the Audit Committee. The Audit Committee then determines whether the transaction is a material related party transaction to be presented to the Board of Directors. The Board of Directors then approves, ratifies, or rejects the transaction. A majority of the members of the Company's Board of Directors and a majority of independent and disinterested directors must approve the transaction for it to be ratified. The Board of Directors only approves those proposed transactions that are in, or not inconsistent with, the best interests of the Company and its stockholders.

Audit Fees

Amounts identified as audit fees in the tables above include fees for the annual audit of the Company’s financial statements, review of the Company’s Quarterly Reports on Form 10-Q each year, statutory audits and fees related to GT’s respective audit of the Company’s effectiveness of internal control over financial reporting as required by Section 404 of the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The Company did not pay to GT any audit-related fees in 2023 or 2022. The term “audit-related fees” means fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements and not reported above under “Audit Fees.”

Tax Fees

Amounts identified as tax fees consist of fees for professional services rendered for tax compliance, tax advice and tax planning. Such fees of BDO were comprised of fees for domestic and international income tax compliance and tax consulting services. There were no tax fees paid to GT.

All Other Fees

The Company did not pay any other fees to GT in 2023 and 2022.

Pre-Approval of Services by Independent Auditor

The Audit Committee has adopted policies and procedures for the pre-approval of the audit and non-audit services performed by the Company’s independent auditor to assure that the provision of such services does not impair the auditor’s independence. The Audit Committee approves all audit fees and terms for all services provided by the Company’s independent auditor and considers whether these services are compatible with the auditor’s independence. The Chairman of the Audit Committee may approve additional proposed services that arise between Audit Committee meetings provided that the decision to approve the service is presented at the next scheduled Audit Committee meeting. All non-audit services provided by the Company’s independent auditor must be pre-approved by the Audit Committee Chairman prior to the engagement and ratified by the Audit Committee. The Audit Committee pre-approved all audit and permitted non-audit services performed by the Company’s independent auditors for 2023 and 2022.

Any proposed engagement that does not fit within the definition of a pre-approved service may be presented to the Audit Committee for consideration at its next regular meeting or, if earlier consideration is required, to the Audit Committee or one or more of its members. The member or members to whom such authority is delegated shall report any specific approval of services at the Audit Committee’s next regular meeting. The Audit Committee will regularly review summary reports detailing all services being provided to the Company by its independent auditor.

Report of the Audit Committee of the Board of Directors

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors in 2023, include providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors and management to review accounting, auditing, internal controls, and financial reporting matters. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent auditors.

With regard to the 2023 audit, the Audit Committee discussed with the Company's independent auditors the scope, extent and procedures for their audit. Following the completion of the audit, the Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, the cooperation received by the auditors during the audit examination, their evaluation of the Company's internal control over financial reporting and the overall quality of the Company's financial reporting.

The Audit Committee reviewed and discussed the audited financial statements included in the 2023 Annual Report on Form 10-K with management. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and are the responsibility of management and (ii) have been prepared in conformity with accounting principles generally accepted in the United States.

We have discussed with Grant Thornton, LLP, our independent auditors, the matters required to be discussed under Auditing Standard No. 16, Communication with Audit Committees ("AS 16"), issued by the Public Company Accounting Oversight Board ("PCAOB"). AS 16, as amended, requires our independent auditors to provide us with additional information regarding the scope and results of their audit of the Company's financial statements with respect to (i) their responsibility under auditing standards of the PCAOB (United States), (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from Grant Thornton, LLP a letter providing the disclosures required by the PCAOB Rule 3526 (Independence Discussions with Audit Committees) with respect to any relationships between Grant Thornton, LLP and the Company that, in its professional judgment, may reasonably be thought to bear on independence. Grant Thornton, LLP has discussed its independence with us. Grant Thornton, LLP confirmed in its letter that, in its professional judgment, it is independent of the Company.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2023 Annual Report on Form 10-K, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K.

The Audit Committee has reviewed management's process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002 and received periodic updates regarding management's progress.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States. That is the responsibility of management and the Company's independent auditors. In giving our recommendation to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and (ii) the report of the Company's independent auditors with respect to such financial statements.

Respectfully submitted by the Audit Committee:

Lee S. Hillman (Chairman)
Andrew B. Albert
Bianca A. Rhodes
Robert S. Zamarripa

DISTRIBUTION SOLUTIONS GROUP, INC.
SEC REGULATION G GAAP RECONCILIATIONS

The Company reports its financial results in accordance with U.S. generally accepted accounting principles (GAAP). However, the Company's management believes that certain non-GAAP financial measures may provide users of this financial information with additional meaningful comparisons between current results and results in prior operating periods. Management believes that these non-GAAP financial measures can provide additional meaningful reflections of underlying trends of the business because they provide a comparison of historical information that includes for the year ended December 31, 2022 certain results of pre-merger Lawson and excludes for all periods certain non-operational or non-cash items that impact the overall comparability. See Tables below for supplemental financial data and corresponding reconciliations to GAAP financial measures for the years ended December 31, 2023 and 2022. Non-GAAP financial measures should be viewed in addition to, and not as an alternative for, the Company's reported results prepared in accordance with GAAP.
